NOTES  
ON  
THE HEBREW TEXT  
OF THE  
BOOK OF GENESIS

WITH TWO APPENDICES  
BY  
G. J. SPURRELL, M. A.  
LATE SCHOLAR OF BALLIOL COLLEGE, OXFORD

Oxford  
AT THE CLARENDON PRESS  
MDCCC LXXXVII

[*All rights reserved*]

## PREFACE.

THE present volume of notes was undertaken at the suggestion of Prof. Driver, and is mainly intended for students beginning the Hebrew language. The notes are taken chiefly from the best German commentaries, and do not aim at originality. The Versions have also been used, and references are given to various grammars, the writer's object being to adapt the book to the wants of students using different grammars. The Commentaries used are those by Tuch<sup>1</sup>, Delitzsch<sup>2</sup>, and Dillmann<sup>3</sup>, to whom the writer is chiefly indebted; reference is also made to Mr. Wright's<sup>4</sup> Notes on Genesis, and (occasionally) to the commentary by the late Dr. Kalisch<sup>5</sup>. The Versions are quoted partly from the London Polyglot, and partly from separate editions.

---

<sup>1</sup> The 2nd edition, by Arnold and Merx, Halle, 1871.

<sup>2</sup> The 4th edition, Leipzig, 1872.

<sup>3</sup> The references to Dillmann are to the 4th edition of his *Genesis*, in the *Kurzgefasstes Exeg. Handbuch zum alten Test.*, Leipzig, 1882. A 5th edition appeared in 1886, but as some of the sheets had already been printed off, the references to the 4th edition have been kept, and any changes in the 5th edition noted on the margin.

<sup>4</sup> *The Book of Genesis in Hebrew*, by C. H. H. Wright, London, 1859.

<sup>5</sup> *Historical and Critical Commentary on the Old Test., Genesis*, London, 1858.

For the LXX, Lagarde's text has been used<sup>1</sup>, reference being occasionally made to the text contained in the London Polyglot, and to Tischendorf's edition. The Targum of Onqelos, or Babylonian Targum, has been taken from the edition by Dr. Berliner<sup>2</sup>, the text in the London Polyglot being compared, while the Targum of Pseudo-Jonathan and the Jerusalem Targum are quoted from the London Polyglot<sup>3</sup>. For the Peshittā (Syriac) version the Polyglot and the edition by Lee<sup>4</sup>, which is based on the text in the London Polyglot, have been used, while the Vulgate has been taken from a Paris edition<sup>5</sup> and the Polyglot. The other Greek versions (Aquila, Symmachus, and Theodotion) are usually cited second-hand, reference being also made to Field's edition of Origen's Hexapla<sup>6</sup>. The Arabic version of Saadiah has been quoted from the Polyglot: the Hebrew-Samaritan text and the Samaritan version are also cited from the same source<sup>7</sup>. The Grammars to which reference has been made are those of Gesenius, Davidson, Stade,

---

<sup>1</sup> *Genesis Graece*, edidit P. A. de Lagarde, Leipzig, 1868.

<sup>2</sup> In two parts, Berlin, 1884. The first part containing the text after the 'editio Sabioneta' of 1557, and the second part, the notes, introduction, and indices.

<sup>3</sup> The Targum of Pseudo-Jonathan and the Jerusalem Targum (which only exists in a fragmentary form) are really two recensions of one and the same Targum, the Jerusalem Targum; see Bleek's *Einleitung*, ed. Wellhausen, p. 606 f.; Eng. trans., ed. Venables, vol. ii. p. 439 f.

<sup>4</sup> London, 1823.

<sup>5</sup> Published by Garnier Brothers, without date.

<sup>6</sup> Oxford, 1875.

<sup>7</sup> The reader should consult the various 'Introductions' to the Old Testament on these versions (especially that of Wellhausen-Bleek, 1878 or 1886), or read the articles in Smith's *Dictionary of the Bible*.

---

Ewald, Olshausen, Böttcher (occasionally), Müller (for the Syntax only), and the treatise on the Tenses by Prof. Driver<sup>1</sup>.

The text of Genesis that has been followed in compiling the notes is that of Baer (with a preface by Delitzsch), and the same text has been used in quoting passages from other books, the edition of Theile<sup>2</sup> being only cited in those portions of the Old Testament that have not yet been edited by Baer<sup>3</sup>.

Two appendices have been added to the book: one on the structure of Genesis, as it was deemed necessary that the student should have some information about the modern views as to the criticism of the Pentateuch; and the other on the names of God, which could not be adequately discussed within the limits of a note.

The writer has to acknowledge the great obligations he is under to Prof. Driver for the valuable help he has rendered

---

<sup>1</sup> Gesenius' *Grammar*, translated by Davies, and edited by Mitchell, London, 1880 (since reprinted). Davidson's *Grammar*, Edinburgh, 8th edition, 1887. Stade, *Lehrbuch der hebräischen Grammatik*, Leipzig, 1879. Ewald, *Lehrbuch der hebräischen Sprache*, 8te Ausgabe, Göttingen, 1870: the Syntax (the third part of the Lehrbuch) has been translated by Kennedy, Edinburgh, 1879. Olshausen, *Lehrbuch der hebräisch. Sprache*, Braunschweig, 1861. Böttcher, *Lehrbuch der hebräisch. Sprache*, Leipzig, 1868. Aug. Müller, *Outlines of Hebrew Syntax*, translated by Robertson (being a translation of the third part of Müller's *Hebräische Schulgrammatik*, Halle, 1878), 1st edition, 1882; 2nd edition, 1887. Driver, *Hebrew Tenses*, 2nd edition, Oxford, 1881.

<sup>2</sup> 3rd edition, Leipzig, 1867.

<sup>3</sup> The following portions of the Bible have been published by Baer: *Genesis*, Leipzig, 1869; *Isaiah*, ib., 1872; *Job*, ib., 1875; *Minor Prophets*, ib., 1878; *The Psalms*, ib., 1880; *Proverbs*, ib., 1880; *Daniel*, *Ezra*, *Nehemiah*, ib., 1882; *Ezekiel*, ib., 1884; and *Canticles*, *Ruth*, *Lamentations*, *Ecclesiastes*, *Esther*, ib., 1886.

him in preparing these notes, and for kindly revising the proof-sheets. His thanks are also due to the Delegates of the Clarendon Press for their assistance in publishing the book, and to Mr. Pembrey, their Oriental reader, for the care which he has taken in passing the sheets through the press.

G. J. SPURRELL.

OXFORD, July, 1887.

APPENDIX I . . . . .	363
APPENDIX II . . . . .	371
CORRIGENDA . . . . .	379

## ABBREVIATIONS USED<sup>1</sup>.

A. V. = The Authorized Version of 1611.	Di. = Dillmann.
A. V. R. = The Authorized Version Revised, 1885.	Ecclus. = Ecclesiasticus.
Aq. = Aquila's Greek Version.	Eich. = Eichhorn.
Aram. = Aramaic.	Einl. = <i>Einleitung</i> .
B. and D. = Baer and Delitzsch.	Ewald, J. B. = <i>Jahrbücher der biblischen Wissenschaft</i> , Göttingen, 1848 and following years.
B. Jubil. = <i>The Book of Jubilees</i> (Ethiopic), ed. Dillmann, Kiel, 1859.	Ewald, Komp. der Gen. = <i>Die Komposition der Genesis</i> , by G. H. A. Ewald, Brunswick, 1823.
Baumg. = Baumgarten.	Frankel, <i>Vorstudien</i> = <i>Vorstudien zu der Septuaginta</i> , Leipzig, 1841.
Ber. Rabb. = Bereshith Rabba.	Frankel, <i>Einfluss</i> or <i>Einfl.</i> = <i>Über den Einfluss der palästin. Exegese auf die Alexand. Hermeneutik</i> , by Z. Frankel, Leipzig, 1851.
Berl. Ak. M. B. = <i>Monatsberichte der König. Preuss. Akad. der Wissenschaften zu Berlin</i> .	Ges. = Gesenius' <i>Hebrew Grammar</i> (vide Preface).
Bernst. = Bernstein.	Ges., Th. or Thes. = Gesenius' <i>Thesaurus</i> , Leipzig, 1829-58.
Bib. Sam. = <i>Bibliotheca Samaritana</i> , ed. Heidenheim, Heft i, Leipzig, 1884.	Gesch. = <i>Geschichte</i> .
Boch. = Bochart.	Gr. Ven. = <i>Versio Veneta</i> (see Bleek's <i>Introduction</i> (Eng. trans.), vol. ii. p. 430).
Boh. = von Bohlen.	H. W. B. = Gesenius' <i>Handwörterbuch über das alte Test.</i> , ed. Mühlau and Volck, 9th ed., Leipzig, 1883; 10th ed., ib., 1886 <sup>3</sup> .
Bött. = Böttcher.	Hier. or Hieron. = Hieronymus (Jerome).
Böttcher, Neue Aehr. = <i>Neue Hebräische Aehrenlese</i> (in 3 vols.), by Böttcher, Leipzig, 1849-65.	Hieron., Quaest. = Hieronymus'
Burck. = Burckhardt.	
Chald. = Chaldee <sup>2</sup> .	
Dav. = Davidson.	
Del. = Delitzsch.	
Del., Par. = <i>Wo lag das Paradies?</i> by Friedrich Delitzsch, Leipzig, 1881.	

<sup>1</sup> Most of the commoner abbreviations, with which the student will be familiar, are not given here.

<sup>2</sup> It should be pointed out that the languages usually called Chaldee, Syriac, and Samaritan are really three dialects of the Aramaic, and should be embraced under the term Aramaic.

<sup>3</sup> The 10th edition of the *H. W. B.* is in the main a reprint of the 9th, but is augmented by the addition of much illustrative matter derived from Inscriptions, and contributed by Prof. D. H. Müller.

<i>Quaestiones Hebraicae in libro Geneseos</i> , at the end of Lagarde's <i>Genesis Graece</i> , Leipzig, 1868.	Roed.=Roediger.
Jos.=Josephus.	s. p.=small print.
Kal.=Kalisch.	Saad.=Saadiah's Arabic Version.
Ke.=Keil.	Sam.=The Samaritan Version, and the Hebrew Text in Samaritan characters when both agree; the former is also cited as Sam.Ver., and the latter as Heb.-Sam.
Kn.=Knobel.	Sch. or Schr.=Schrader.
Lag.=Lagarde.	Schrader, K. G. F.= <i>Keilinschriften und Geschichtsforschung</i> .
Lenor.=Lenormant.	Schrader, K. A. T. <sup>2</sup> = <i>Die Keilinschriften und das alte Testament</i> , 2nd ed., Giessen, 1883. (The first volume of an English translation, with the pages of the original on the margin, has been published by the Rev. O. Whitehouse, London, 1885: Williams and Norgate. The references in the notes are to the German edition.)
Levy, Chald. W. B.=Levy, <i>Chaldaïsches Wörterbuch</i> (2 vols. in one, Leipzig, 1881).	Symm.=Symmachus' Greek Version.
Luth.=Luther.	Targ.=Targum.
Luzz.=Luzzatto.	Targ. Jer.=Jerusalem Targum.
M. R.= <i>Outlines of Hebrew Syntax</i> , by Aug. Müller, translated by Robertson (vide Preface).	Targ. Ps.-Jon. or Jon.=The Targum of Pseudo-Jonathan.
M. and V.=Mühlau and Volck.	Targg.=Targums.
Mid. Bem.=Midrash Bemidbar, i. e. Midrash on the book of Numbers.	Th. or Theod.=Theodotion's Greek Version.
Nöld.=Nöldeke.	Tisch.=Tischendorf.
Nöld., Unters. or Untersuch.= <i>Untersuchungen zur Kritik des alten Test.</i> , by Th. Nöldeke, Kiel, 1869.	Vss.=Versions.
Oehl.=Oehler.	Vulg.=Vulgate.
Ols.=Olshausen.	Wel. or Well.=Wellhausen.
Onom. or Onomas.=Onomasticon.	Winer, R. W. B.= <i>Biblisch. Real-Wörterbuch</i> , Leipzig, 1847-48, 3rd ed.
Onq.=Onqelos.	Z. D. M. G.= <i>Zeitschrift der Deutschen Morgenländischen Gesellschaft</i> .
Pesh.=Peshitta Version, also quoted as Syriac.	"גְּנָזֶר" i.e. et cetera.
Proleg. or Prol. Crit.= <i>Prolegomena Critica in Vet. Test. Hebr.</i> , by H. L. Strack, Leipzig, 1873.	
Rawl.=Rawlinson.	
Riehm, H. W. B.=Riehm's <i>Handwörterbuch des Biblischen Alterthums</i> , Bielefeld and Leipzig, 1875 and following years.	
Rob., Pal.=Robinson's <i>Palestine</i> (1st ed.), London, 1841.	

## NOTES ON GENESIS.

### 1.

1. **בראשית**. ‘*In the beginning*,’ as **ἐν ἀρχῇ**, in John 1, 1; not **ἐν τῇ ἀρχῇ**. **בראשית** is without the article, like **בְּאַחֲרֵי**, Prov. 29, 21; **בְּיֹם**, Is. 28, 2; **בְּקָרִים**, Lev. 26, 27.

The Vss. and most commentators render, ‘*In the beginning God created*,’ etc.: the same rendering is perhaps indicated by the accents, **בראשית** being marked off by *Tifcha* from what follows<sup>1</sup>. If this rendering be adopted, **בראשית** must not be taken relatively, i. e. ‘*first of all*,’ in opposition to a second or third, which might follow; for this is against the sense, as heaven and earth include all; and we should rather expect **בראשנה**; but it must be taken absolutely, ‘*at first*’ (‘*urang-fänglich*’): hence the choice of the expression **בראשית**, which does not occur elsewhere.

**ראשית** = the beginning of a series, always relative to a genitive either expressed or (as here, Is. 46, 10. Deut. 33, 21) understood. As **ראשית** everywhere else (except in these two passages) is followed by a genitive, Ewald, Bunsen, and others follow Rashi and Ibn Ezra, and render, ‘*At first, when God created, etc. . . . (ver. 3) then God said, Let there be light.*’ A similar construction to Ex. 6, 28, **בַּיּוֹם דִּבֶּר יְהוָה**, where

<sup>1</sup> In 3, 1<sup>b</sup> and 5<sup>b</sup>. Deut. 28, 47<sup>b</sup> (**בְּקָרְבָּן**). 61<sup>a</sup> (**בְּקָרְבָּן הַתּוֹךְנָה**). Ex. 9, 24<sup>b</sup> (**מִאָנוּ הַיְתָה לְגַזּוֹת**), we find *Tifcha*, the word so accented being closely connected in sense with the next following word. From these and similar passages it seems that the argument from the accents ought not to be pressed in this verse.

וָיֻם in the construct state is followed by a sentence as its genitive; so in Gen. 39, 20<sup>b</sup>. Num. 3, 1. Deut. 4, 15. Hos. 1, 2. Ps. 90, 15<sup>b</sup>, etc.; see Ewald, § 332 d. וַיֹּאמֶר, in ver. 3, would then be the imperfect with waw conv. in answer to בְּרִאָתָּה; cf. 19, 15 (כָּמוֹ precedes). 27, 34 . . . וַיַּצְعַק עֲשֵׂוּ . . . Is. 6, 1 . . . וְאַרְחָה מָות הַמְלָקֶה . . . and see Ewald, § 344 a; Driver, § 127 β. (Boettcher (*Neue Aehr.* 1. 2-9) and others prefer to read בְּרָא as in 5, 1, which would be the more common construction; but this is not necessary.) According to this interpretation verse 2 becomes a parenthesis, which is unnatural, as a long and heavy sentence at the beginning of the book would hardly be expected; cf. also Ryssel, *De Elohistae Pentateuchi sermone* (Lipsiae, 1878), p. 76. On the reading of the LXX, cf. Geiger, *Urschrift*, etc., pp. 344, 439, 444, who, following the tradition that this was one of the thirteen places that were altered for Ptolemy, considers that Rashi's construction was the traditional one, that of the LXX being an innovation.

**ברא** 'created,' the common word in P (see Appendix I) in this connection, is restricted to the divine workmanship, and always implies the production of something new (in matter or form, as ver. 21), being used literally and metaphorically (e.g. Ps. 51, 12). It is never followed by an accusative of the material used, and thus implies the unconditioned operation (absolute causality) of the agent. Its original meaning is generally given as 'to cut' (cf. the Pi'el in Josh. 17, 15. 18, and Ges. in *Thes.* sub voce), then 'to shape,' 'form,' and so 'create,' but it does not in itself express the idea of creation out of nothing; cf. the Arabic خلق, prop. 'to smooth,' 'polish,' then 'to create,' the word used by Saadiah here. In the Pi'el it is used of man, 'to cut with effort:' contrast the intensive stem with Qal, the simple stem, used of

the free-creating of God without any effort; cf. Ew., § 126 a. The Samaritan renders בָּרָא by פְּשַׁבֵּעַ, which Del. explains as equivalent to ἐθεμελίωσε; see Heidenheim, *Bib. Sam.*, Heft i. p. 70, who mentions other explanations that have been suggested.

**אֱלֹהִים**, plural of אֱלֹהָה. The derivation of אֱלֹהָה is disputed; see Appendix II. The plural אֱלֹהִים *pluralis excellentiae*, with a singular verb; see Ges., § 108. 2 b; M. R., § 64. So we find בְּעָלִים and אֲדָנִים, used in a similar way, of human superiors; and Is. (19, 4) says אֲדָנִים קָשָׁה, singular and plural as here. אֱלֹהִים is only joined with a plural verb in special cases; cf. the note on 20, 13, and Ewald, § 318 a.

**את** or **את** הַשְׁמִים, the sign of the acc. when defined (Ges., § 117. 2; M. R., § 32). It corresponds to the Phoenician אֵית, which was probably the original form of אַת (a noun substantive from אֶוָה; cf. Schröder, *Phoen. Gram.*, § 123); cf. the Arabic بَعْلٌ, Chaldee תִּתְ, Syriac לְ (found twelve times in the Syriac O. T.). It is usually explained as meaning ‘essence,’ or ‘existence,’ but according to usage has so little emphasis, that it is merely inserted to mark the definite object; cf. further, Ges., *Thes.*, p. 169 a, where its etymology is discussed.

**שְׁמִים**, found only in the plural (unless we regard the form as a dual) in Hebrew.

2. **תָהָה וּבָהָר**. =תָהָה ‘wasteness,’ or ‘bareness.’ Sometimes the word is used metaphorically, e. g. of idols, as vain, unrewarding, 1 Sam. 12, 21. Is. 44, 9. In Hebrew the root תָהָה is not found.

**בָּהָר** =‘emptiness,’ ‘desolation.’ This word is always found in immediate or parallel connection with תָהָה; it only occurs twice again, viz. Jer. 4, 23. Is. 34, 11 (possibly borrowed from

this passage). A root בָּהָה is not found in Hebrew. In Arabic we find بَهْيٰ = 'vacua et inanis fuit' domus.

תַּהֲוָה = תַּהְוָה and בַּהֲוָה = בַּהְוָה, like קָרְשׁ from קָרֵשׁ, are both segholates, from verbs הָלַל, properly לְלַל. On the segholates (so called from the helping vowel seghol, which replaces the shewa under the second consonant), see Ges., § 93; on תַּהְוָה and בַּהְוָה in particular, § 85, V; Stade, § 198 a; also Dav., §§ 29 and 45.

The ה before בַּהְוָה has a pretonic qameç, joining together the two nouns, which are closely connected, so 2, 9. 8, 22 יֹם וְלִילָה; see Ges., § 104. 2, N. B. e; Dav., § 15 d; cf. especially Rem. with Ges., § 104. 2, N. B. e.

**רוֹחַ אֱלֹהִים.** 'The Spirit of God,' the life-giving and life-preserving power (Ps. 104, 29), not a 'wind sent by God,' as apparently Onqelos, וְרוֹיחָא כְּן קָרֵם, and others (e. g. Ephrem and Saadiah), for מְרֻחֶת does not suit this rendering, and the dividing of the waters in ver. 7, which separated the earth from the water, forbids us to think of a wind sent by God to dry up the earth.

**מְרֻחֶת.** The usual fem. form with the participle, cf. Ges., § 94. 2. Observe that this fem. form is accented, like the segholates, on the penult. The word occurs again in Deut. 32, 11, of an eagle brooding over its young. The original meaning of the root is 'to be loose' or 'slack,' and so 'to hover with loose wing,' the figure here being that of a bird hovering over its young. The root is more widely used in Syriac, the Pa'el ܣܾܾܾ being equivalent to the Heb. root in Deut. 1. c., which the Pesh. renders as here with ܾܾܾܾܾ; cf. Bernstein, *Syr. Chrest.*, p. 173. 4, and *Lex.*, p. 480, the Syriac word having also the notion of fructifying and fertilizing. The Talmud, *Tract. Chag.*, c. 2, fol. 15, refers thus to this

passage, בְּיוֹנָה מַרְחֵפֶת עַל בְּנָיה וְאִינָה נָגָעָת 'as a dove hovering over its young without touching them;' cf. also Matt. 3, 16, and the paraphrase of Milton, *Par. Lost*, Bk. 7, 235:—

‘*His brooding wings the Spirit of God outspread,  
And vital virtue infused, and vital warmth  
Throughout the fluid mass.*’

**יְדִי.** 3. imperf. apoc. from יְהִי, for יְהִי weakened from יְהִי (like פְּרִי from פָּרִי, weakened from פָּרִי, Ges., § 24, 1 b; so דְמַכְם thinned from דְמַכְם, see Ges., § 27. 3. Rem. 3), cf. Ges., § 75. Rem. 3 e and § 93. Rem. 6; Dav., § 45. On the thinning of י into י, see Wright, *Arab. Gram.*, i. § 90. Rem. ad fin.

**וַיְהִי.** The grave Metheg before the half-open syllable (see Dav., foot-note, p. 16) only with וַיְהִי and וַיְהִי ‘when they stand before Metheg [? *Magqeph*] or with the accent *Pashta*,’ Ges., § 16. 2; Stade, § 54 c.

**וַיַּרְא.** 4. Imperf. with waw conv. On the apocopated form וַיַּרְא out of יְרָא, see Ges., § 75. Rem. 3 c; Dav., § 45. The so-called waw conversive or consecutive is confined to the language of the ancient Hebrews and their neighbours the Moabites, whose language, as we now know, was so closely allied to their own. Besides the O. T. it occurs on the Siloam inscription, first deciphered by Prof. Sayce, and is frequent on the inscription of Mesha, commonly called the Moabite stone: it is also found in later Hebrew writings composed in imitation of Biblical Hebrew. If we remember that the tenses in Hebrew do not indicate the *date*, but the *state* of an action, i. e. whether it be *complete* or *incomplete*, the explanation of this peculiar Hebrew construction will not be far to seek. The imperf. denotes an action as entering on completion. When we have a series of events, each single event need not necessarily be regarded as completed

and independent, but each may be regarded as related to the preceding one, one event stepping into its place after the other, the date at which each successive event comes in being determined by the ו, which connects the new event with a point previously marked in the narrative. Thus here ברא, ver. 1, is the starting-point in the narrative, to which ויאמר first and then ויהי are related: and the narrative develops itself, each fresh event stepping into the place prepared for it by its predecessor. This construction begins to fall into disuse in later Hebrew. It should be remembered that an imperf. with waw conv. never refers to the future unless its preceding perfect to which it is related is the so-called prophetic perfect, which describes future events which are certain to take place as already accomplished, and so regarded as past, e.g. Is. 9, 5. See further, Prof. Driver, *Heb. Tenses*, c. vi, 2nd ed.; also Ges., §§ 49, 129; M. R., § 16 f.; Dav., § 23. Ewald aptly terms this construction the *relatively-progressive imperfect*.

**וירא . . . כי טוב**. Hebrew says, ‘*And He saw the light, that it was good:*’ English more tersely, ‘*He saw that the light was good;*’ so 6, 2. 12, 14. 49, 15. See Ewald, § 336 a, 2.

**בֵין . . . בֵין**, in ver. 6 ל . . . בֵין: the former scheme (בֵין . . . בֵין) is by far the most common, the latter (ל . . . בֵין) only occurs twice again in the Pentateuch, viz. Lev. 27, 33. 20, 25, being rare, and generally confined to late writers; cf. however 2 Sam. 19, 36 לְרֹעַ בֵין.

5. **קָרָא לִילָה**, the tone is here thrown back to avoid the concurrence of two tone syllables; so 3, 19 תְּאַכֵּל לְקַחַם, 4, 17 בְּנֵה עָיר, and often; see Ges., § 29. 3 b, and the note on 4, 17.

**יֹם אֶחָד.** ‘*One day*,’ so A. V. R., not as the A. V., ‘*the first day*.’ אֶחָד has not, strictly speaking, a corresponding ordinal, though it is possible to use רָאשׁוֹן as such. Here אֶחָד may stand, as at the head of a series the ordinal is not needed; see Ewald, § 269 a. So 2, 11. 4, 19. 2 Sam. 4, 2.

6. **וַיְהִי** for **וַיְהִי**, by Ges., § 24. 1 a: on the pointing of waw, cf. § 104. 2 a; Dav., § 15 d. Rem.

**וַיְהִי מְבָדֵיל.** When any special stress is laid upon the continuance of the action, the participle with הִיא is used by the best writers, but is more frequently affected by later writers (e. g. 2 Kings 17 it occurs nine times), and is exceedingly common in the Mishna. So in 4, 12, 1, 37, 2. הִיא רֻעה; cf. Ges., § 134. 2 c; M. R., § 14. 2 a; Driver, § 135. 5. Ryssel, *De Elohistae Pentateuchi sermone*, p. 58. For the Mishna usage, see *Lehrb. der Neuhebräisch. Sprache*, § 96 b, by Strack and Siegfried.

**לְבַין מִים לְכִים** with pretonic qameç; so לְשָׁבֵת, לְבַזָּא, לְקָצָה, etc.; cf. Ges., § 102. 2 c; Dav., § 14. 1 d.

**רַקְיעַ** from **רַקֵּעַ**, Qal=‘*to strike*, ‘*stamp*, ‘*make firm*;’ Pi’el, ‘*to spread out by striking*:’ according to LXX, Aq., Symm., Theod. στρέψωμα, Vulg. ‘*firmamentum*.’

7. **וַיַּעֲשֵׂה**. The form is (1) עָשָׂה, then (2) by apocopation like a segholate, e. g. נָעַר, then (3) with a helping vowel (here pathach on account of the guttural y) עָשָׂה (like נָעַר), the y preserving the original pathach with the prefix ל, as in the Arabic; cf. يَقْتَلُ (the regular form=the Heb. יִקְטַל), see Wright, *Arab. Gram.*, i. p. 62; cf. further, Ges., § 75. Rem. 3 d; Dav., § 45; Driver, § 46, foot-note 2.

7b. At the end of ver. 6 the LXX read καὶ ἐγένετο οὐτῶς instead of at the end of ver. 7, which suits ver. 6b better than ver. 7b; as elsewhere, e.g. vers. 9. 11. 15. 24. 30,

וַיְהִי כֵן immediately follows what God says. Possibly it has been misplaced in the Mass. text, and the LXX preserve it in the original position.

8<sup>a</sup>. **שָׁמִים**. After this word the LXX have in their text *καὶ εἰδεν δὲ Θεὸς ὅτι καλόν*, which is wanting in the Mass. text, but would be expected here (as in vers. 3. 10) at the end of the second day's work. In the account of the third day's work it occurs twice, in LXX and Mass. text, ver. 10 and ver. 12. Possibly the addition in the LXX text is, as Frankel, *Einfluss*, p. 60, points out, due to a reviser who wished to make 8<sup>a</sup> parallel with 3. 10. 12. The Mass. text may have again omitted the formula of divine approval here, as the complete division of the waters was not made until the third day.

9. **וְתֹרֶאָה**, jussive, although the shortened form is not used; cf. 41, 34. Ruth 1, 8 Ktb. Job 3, 9. In the regular verb, with the exception of the Hifil stem, the ordinary imperfect must serve as jussive, there being only one form for both tenses; see Ges., § 48, especially 2 and 4; Dav., § 23. On the syntax of the jussive, see Driver, c. iv, and M. R., § 8.

11. **נְדָשָׁה**=‘grass’ or ‘grasslike plants,’ the first verdure that covered the earth young and fresh, appearing after rain, 2 Sam. 23, 4. Job 38, 27, or after the old grass had gone, Prov. 27, 25.

**עַשְׂבָּה**. A wider term including herbs useful for men, Ps. 104, 14. Gen. 3, 18.

**חַדְשָׁה**, a Hifil denominative from **נְדַשָּׁה**=‘to make or produce’; so **דְּשָׁא** ‘rain,’ ‘הַמְּטִיר מַטֵּר’ **שְׁرַשְׁתָּה** ‘a root,’ ‘הַשְּׁרִישָׁה’ ‘to send out roots.’ Hifil the causative stem, expressing with denominatives the idea of producing or

putting forth that of which the original noun is the name, Ges., § 53. 2. Rem. 2. So **זרע זרע**.

The construction of a verb with a cognate accusative is common in Hebrew, so in 27, 34 **ויצעק צעקה**, Zech. 1, 14 **קנאתה קנאתי** . . . , and often; see Ges., § 138. Rem. 1; M. R., § 36; the same construction occurs again in ver. 20.

Render, ‘*Let the earth bring forth young grass, herbs yielding seed,*’ with the accents, **עשֶׁב** being in apposition to **דְשָׂא**; see Ges., § 113; M. R., § 71. 2; not as the LXX, **βοτάνην χόρτου** (also Aq. and Th.), Vulg. ‘*herbam virentem,*’ connecting **דְשָׂא** in the cstr. state with **עשֶׁב**. But **דְשָׂא** is never used thus in the O. T., it may be preceded by **ירק** ‘*greenness,*’ ‘*viror,*’ 2 Kings 19, 26. Ps. 37, 2. Is. 37, 27, but cannot be followed by **עשֶׁב** as genitive.

**עֵץ פַרִי** ‘*fruit trees,*’ **עֵץ** being used collectively, lit. ‘*trees of fruit.*’ The use of words in the singular to denote collective ideas is especially frequent in Hebrew; cf. **אָדָם**, coll. ‘*man-kind*’ (without a plural), **אוֹיב** = ‘*enemies,*’ **נַפְשׁ** ‘*living beings.*’ Often the fem. ending is employed to express a collective idea, so **עֲנָנוֹת** ‘*clouds,*’ **אַרְחָה** ‘*caravan,*’ **גָּוְלָה** ‘*captives.*’ The same principle is implied in the use of **כָל** before a following genitive singular, e. g. **כָל־עֵץ**, in Eng. ‘*every tree,*’ lit. ‘*the whole of trees;*’ see Ges., § 108. 1 c; M. R., § 61.

**עֵץ פַרִי**. On the cstr. state with a following gen., where in English we find an adj., cf. Ges., § 106. 1; M. R., § 79. 3.

**לְמִינּוֹ** ‘*after its kind.*’ Emphasis is laid on the fact that each was adapted for continuance; the **שֶׁבֶן** flowered and so produced its seed; the **עֵץ** bore fruit containing seed or stones necessary for reproduction. **מִין** is a common word in P (see Appendix I).

**בָּו אֲשֶׁר זָרַע** ‘*in which is its seed,*’ i.e. for propagation (Di.).

12. **וַתֹּצֶא**. Hif'il, imperf. apoc. with waw conv. from **אָצַא**, a verb פְּיַצֵּא, properly פְּיַצֵּא. The form is יָצַא = יָצִיא, cf. **יָקְטִיל**.

**לִמְינוֹה** for **לִמְינָה**. The suffix for **וְ**—except in words that are derived from verbs **לְ**, such as **שְׁדָה**, **מַעֲשָׂה**, etc.—outside this word (where it is found fourteen times), only occurs in **אָזְרָה** for **אָזְרָה**, Job 25, 3; **פִּילְגָּשָׁה** for **פִּילְגָּשׁ**, Judg. 19, 24; **מוֹתָה** for **מוֹתָה**, Nah. 1, 13; see Ges., § 91. 1, note b; Ewald, § 247 d; Stade, § 345 c, who remarks that the è of these forms is to be explained as an extension of a short e,—which has arisen out of short a (cf. § 84. 4),—which is still preserved before the suffix of the second pers. masc. sing. in pause, e. g. **שְׁמָךְ**, **נְפָשָׁה**.

14. **יְהִי מָאוֹרָה**. On the construction here, see Ges., § 147 a, d; M. R., § 133.

**מָאוֹר**. Nouns formed by prefixing **מְ** denote often instruments or places, e. g. **מְרֻעָה** ‘*a key*,’ **מְפַתֵּח** ‘*a fork*,’ **מְזִלֵּג** ‘*a pasture*,’ **מְאָרֶב** ‘*a lurking-place*;’ see further, Ges., § 84. 14; Ewald, § 160 b; and Stade, § 268 ff. Render, ‘*luminaries*’

**וְהִיוֹ**. The perf. with waw conv. in continuation of the jussive נִכְרַתָּה 28, 3, 44, so in 3, 7; **יִבְרֹךְ אֶתְךָ . . . וְהִיּוּ**, Ex. 5, 7; cf. Ges., § 126. 6; M. R., § 24. 1 a; Driver, § 113. 2 a.

**לְאוֹחוֹת וּנוֹרָה** may be rendered in three different ways: I. As a *ēn dīā ḥvōiv*, ‘*for signs of seasons, and for days and for years*;’ see Ges., § 155. 1 a, and cf. 3, 16. II. ‘*For signs and for set times, and for days and for years*.’ III. ‘*For signs, as well for times, as also for days and years*.’ Against III. Del. remarks that the correlatives ‘*as well*,’ ‘*as also*’ are not sufficiently clearly expressed by **וְ** . . . **וְ**, as, for example, in Ps. 76, 7; nor is this rendering suitable to the simplicity

of the narrative. On I. it may be remarked that though the hendiadys may be possible in 3, 16, it is by no means necessary there, and Job 10, 17. 2 Chron. 16, 14 (cited by Ges. l. c.) are not parallel. II. is the simplest and best rendering, and is adopted by the Vss., Del., Di., Kn., and others.

**אותות.** ‘The luminaries were to be אותות, i.e. signs, partly in an ordinary way as marks of the different regions of heaven, of the weather, and partly in an extraordinary way, e.g. through eclipses of the sun and moon, the appearances of comets, etc., which were regarded by the ancients as foreshadowing extraordinary events (Joel 3, 3 f. Jer. 10, 2. Matt. 24, 29).’ Knobel in Di.

**מועדדים** from יעד (**מועד**) ‘to fix,’ denotes any ‘stated place,’ as in the phrase אהל מועד ‘tent of meeting,’ or as here, ‘any fixed, stated time;’ cf. 17, 21. The מועדים here mean set times or seasons, in particular, stated annual feasts, also periods in animal (cf. Jer. 8, 7, of the stork) and vegetable life, and the seasons suitable to the various occupations and employments of man.

**ולימים ושנים**. On the pointing ג, cf. Ges., § 104. 2 c; Dav., § 15. 1 c. ‘For days and for years,’ i.e. for distinguishing and counting the days, some being short, others long, according to the season of the year: the years also being long and short, according as they are reckoned by the sun or moon. The מאורות had a threefold aim: (1) to divide the day and night; (2) to fix the calendar; (3) to give light on the earth.

16. The lights more exactly defined. On the various ways in which the numerals may be connected with substantives, see Ges., § 120. 1; M. R., § 96. 1 b. On the article with גורלים, see Ges., § 111. 2; M. R., § 85.

**את המאור הגדול**. On this method of expressing the comparative, cf. Ges., § 119. 1; M. R., § 86.

**וְאֶת הַמְּאוֹר . . . הַכּוֹכְבִים**. ‘*And the lesser light with the stars to govern the night.*’ **וְאֶת הַכּוֹכְבִים** is closely attached to **את המאור הקטן**; see 2, 9. 12, 17. 34, 29.

18. **וְלַהֲבֵדִיל**, the **ל** is pointed with **־** by Ges., § 10. 2. Rem.; see also Stade, § 105.

20. **נַפְשׁ חַיָּה**, ‘*living beings*,’ an explanatory apposition to **שְׁרֵץ**; so the Syriac: not as the LXX, Vulg., etc., as a genitive after **שְׁרֵץ**; see on ver. 11. **דְּשָׂא עַשְׂבִּים** and **שְׁרֵץ** are frequently found in P.

**יעופת**. Pilel from **עֹוף**, a denom. from **עֹזֶף**; on this form of the intensive stem, cf. Ges., §§ 72. 7 and 55. 2; Dav., § 40. 6. Pilel, because a great number of birds is meant; at the same time expressing the idea of ‘up and down,’ ‘to and fro;’ cf. Di. in loc.

**עַל פְנֵי רְקִיעַ** ‘*in front of*,’ on the side turned towards the earth, i. e. in the air, for which Hebrew has no special expression (Del., Di.).

21. **תְּנִינִים**. LXX, *κύτη*; Syr. *أَنْسَلٌ*; Vulg. ‘*cete.*’ From **חַנֵּן** ‘*to stretch out*,’ and used Ex. 7, 9. Deut. 32, 33, for a serpent, but more frequently for the crocodile, see Is. 27, 1. 51, 9; and also for other marine animals, Job 7, 12. Ps. 148, 7. Render, ‘*sea monsters.*’

**כָל נַפְשׁ הַחַיָּה**. **חַיָּה** is an adj., not a substantive (its use as a substantive is only poetical, being then equivalent to the prose **חַיִם**). **נַפְשׁ** is practically limited and determined by **כָל**, hence the adj. has the article, though it is absent with the noun: so again in 9, 10. This usage is rare, but is met with occasionally at all periods of the language; see Ges., § 111. 2 a; M. R., § 85. Rem. c; Ewald, § 293 a; and

*Journal of Phil.*, xi. 229 (where nearly all the examples are collected).

אֲשֶׁר שְׁרַצּוּ הַמִּזְרָחִים ‘*wherewith the waters swarm.*’ אֲשֶׁר is the acc. after שְׁרֵץ. Verbs of *abounding in*, and *wanting*, govern the acc.; see Ges., § 138. 3; M. R., § 35; and 9, 2.

לְמִינְגָּהֶם *scriptio defectiva*, for לְמִינְגָּהֶם; cf. 4, 4 חַלְבָּתָן.

עֹופָכָנֶת ‘*birds (coll.) of wing.*’ On the construction of a subs., where in English an adj. is used, see Ges., § 106. 1; M. R., § 79.

לְמִינְהָוּ. See on ver. 12.

22. **וַיַּבְרֹךְ**. On the position of the tone, cf. the note on ver. 7.

24. **וְהִיְתָוּ**. *Chitō* with the old, so-called case ending ִ. Probably the ending ִ was that of the nominative; compare the Arabic nominative ending *u*, but in Hebrew its distinctive use as a mark of the nom. was lost. These terminations ִ or ֵ, also the ending ֻ, have no meaning in Hebrew, and are retained as mere binding vowels in particular phrases (e.g. especially in participles before a preposition) as archaisms, or in imitation of archaisms; see Ges., § 90. 3 b; Dav., § 17; Stade, § 344; and cf. בָּנָנוּ בָּעָרָם in Num. 24, 3. 15, and מְעַנְּנוּ מִים in Ps. 114, 8.

**חַיְתָה אָרֶץ** is one of the characteristic expressions of P.

26. **נִعְשֵׂה** ‘*let us make.*’ The voluntative is hardly ever found with ה cohortative in verbs לְהַ and לְאַ; cf. Ges., §§ 75. 6 and 128; M. R., § 8; and Driver, c. iv, esp. § 47.

We have the plural again in 11, 7 and Is. 6, 8, and it has been explained in various ways.

I. The Fathers here see a reference to the Trinity, and many moderns have followed them; but as Del. (*Comm.*, 4th ed., p. 101) and Oehl. (*Theol. of O. T.*, § 36) remark, the

*mysterium Trinitatis* is not sufficiently manifest in the O. T. to warrant this interpretation. II. Tuch and others account for the plural on the ground that in a case of reflection or self-consultation, the subject stands as the object, in antithesis to itself, the speaker conceiving himself as addressing himself; cf. Del. on Is. 6, 8; Tuch, *Comm.*, 2nd ed., p. 23. But as Del. and Di. point out, there is no proof of the existence of such a plural. III. Kn. and others explain the plural from the custom which monarchs have of using the first person plural in decrees, etc.; but though this occurs continually in the Qoran, and is found in the Bible, Ezr. 4, 18. 1 Macc. 10, 19. 11, 31. 15, 9 (of Persian and Greek rulers), it was never used in this way by the Hebrews. IV. Di., *Comm.*, p. 29, proposes a new explanation; his words are, 'We should rather remember that the Hebrew who speaks of God as אלְהִים in the plural, regarded Him as the living, personal conception of a fullness of power and might; God could thus, differently from men, speak of Himself in the plural.' A plausible explanation, but perhaps hardly so natural as the one Del. adopts. V. Del. and others seem to be right when they refer the plural, as in Is. 6, 8, to the angels. God announces to them His resolve to create man, without however allowing them to participate in His creation: cf. Del. here, and for the idea 1 Kings 22, 19–22. Dan. 4, 14. 7, 10. Job 1. Luke 2, 9. This is an old interpretation, and is the one adopted by Philo (*διαλέγεται ὁ τῶν οὐλων πατὴρ ταῖς ἑαυτοῦ δυνάμεσιν*, quoted by Del., p. 101), Targ. Jon., which has "וְאַמְرָר יְהוָה אֲלֵיכֶם דְּמִשְׁפֹּעַן קָמֹת וְנוּ" ('*Y. spoke to His angels who minister before Him*', etc.), Rashi, Ibn Ezra. Is. 40, 13. 14 and 44, 24 are cited against this view, but are not conclusive: for as Del. on this passage remarks, 'A co-ordinate sharing in the act of *creation* He does not grant them, any more than

in Is. 6, 8 in the act of *sending*: but He invites their participation or interest in what He is doing, as the creating of a being, who although of the earth, yet stands in a close relation to them and to Him, is the point now in question.'

**אָדָם** 'mankind,' collective, as the pl. יִרְדוּ shows.

**אָדָם**, so called, according to one view, as belonging to the earth (**הָרָקֶב**), 'the earth-born,' γηγενής, γῆνος. Another derivation is from **אָדַם** 'to be red;' cf. Joseph., *Ant.*, i. 1. 2 ("Αδαμος σημαίνει πυρρὸς ἐπειδήπερ ἀπὸ τῆς πυρρᾶς γῆς φυραθείσης ἔγεγόνει"); so many moderns, e. g. Ges., Tuch. Another derivation is from the meaning of the root preserved in Arabic, 'to attach oneself to,' so **אָדָם**= 'animal sociabile.' All these are uncertain. 'It is obvious that the derivation from **אָדָמָה** cannot be philologically defended, but any certain etymology for **אָדָם** has not as yet been found, any more than one for the Latin *homo*;' cf. Di., p. 52; Del., p. 117.

**בָּצָלְמָנוּ וּגְנוּ**. **דָמוֹת** צָלֵם= 'figure,' 'image,' εἰκών. **דָמוֹת** is more abstract= 'likeness,' ὁμοίωσις. 'The Greek and Latin Fathers make a distinction between **צָלֵם** and **דָמוֹת**, referring **צָלֵם** to the physical or inborn, **דָמוֹת** to the ethical or receptive side of the Divine image (Ebenbild),' Di. But the absence of **וּ** between the two words (only the LXX have *kai*), and a comparison of ver. 27, where only the one, with 5, 1, where only the other occurs, do not favour this view. The two words are almost synonymous, the second being added to emphasize the first (Di.).

**דְגַנָּה**, collective, 'fishes'= דְגַי הַיּוֹם, 9, 2. Ps. 8, 9.

27. **בָּרָא אֲתֶךָ** אָדָם 'made He him,' i. e. mankind. **אָדָם** conceived as collective, mankind in general being spoken of.

**זָכָר וּנְקָبָה בָּרָא אֲתֶךָ** 'male and female made He them,' the two sexes are mentioned, hence the plural אֲתֶךָם.

28. **פָּרֹה וְרַבּוֹ** joined with **רֶבֶת** is characteristic of P. **הַרְמִשָּׁת**. The art. supplies the place of the relative in English; see Ges., § 109. R.; M. R., § 92. Rem. a; Ewald, § 335 a.

29. **נְתַתִּי** for **נְתַתִּי**; see Ges., § 66. 2. Rem. 3. ‘*I give*,’ the prophetic perf., ‘the event being regarded as so certain, it is already conceived of as actually come to pass;’ cf. Ges., § 126. 4; M. R. 3. 1 a; more fully, Driver, §§ 13, 14. See 9, 13. 15, 18. 17, 20. 23, 11. 13. 41, 41.

**בָּרוֹ**, lit. ‘*which is in it*,’ i.e. ‘*wherein*,’ see Ges., § 123. 1.

30. **אַתָּה כָּל יַרְקֵן וְנוּגָן**. The verb **נְתַתִּי** here seems to have dropped out. To make the acc. dependent on the **בָּרוֹ** in ver. 29 is difficult, as **לִכְמַד יְהִי** intervenes. The Vulg. paraphrases ‘*ut habeant ad vescendum*.’ The Arab. adds **جَعَلْتُ**. ‘*I have appointed it*’ or ‘*set it*.’

**וְלֹא כָּל יַרְקֵן עַשְׂבָּה** = ‘*all verdure of herbs*;’ cf. Ex. 10, 15  
**נוֹתֵר כָּל יַרְקֵן בְּעֵץ**.

**עַשְׂבָּה** = ‘*herb*,’ in its widest sense, the green of it being emphasized as that which animals commonly live on.

31. **יּוֹם הַשְׁבֵעַ**. Common words like **יּוֹם** are sometimes treated as definite in themselves, and may then dispense with the article; cf. 2, 3 **יּוֹם הַשְׁבֵעַ** (also Ex. 20, 10). 1 Kings 7, 12 **חַצֵּר הַאֲחֻרֶת**, also ver. 8, Ez. 40, 28. 31. 2 Chron. 23, 20 **שַׁעַר הַלְּיוֹן**, Neh. 3, 6, also *Journ. Phil.*, xi. 229 f. On the relation in which the Cosmogony of Genesis stands to modern science, comp. Prof. Driver in the *Expositor*, Jan. 1886, pp. 23–45.

## 2.

**הַשְׁמִים וְהָאָרֶץ צְבָאָם**. The phrase ‘*host of heaven*’ is common in the O. T., e. g. 1 Kings

22, 19 (=‘*the angel hosts*’). Josh. 5, 14 f. (=‘*army or host of God*’). Ps. 103, 21 (of the elements). The phrase ‘*host of the earth*,’ here due to the word צָבָא הַשְׁמִים, is not common elsewhere, we find instead מֶלֶא הָרִץ, Is. 34, 1.

**וַיּוֹכַל.** ‘*And God ended*,’ not as a pluperfect as some render. It is very doubtful whether an imperf. with waw conv. can stand for a pluperfect, if no perfect in a pluperfect sense precedes, and is scarcely consistent with the meaning of the idiom; cf. on 1, 4. When a writer wishes to mark that a pluperfect sense is necessary, he usually separates the ו from the verb, which then naturally passes over into the perfect (וְאֱלֹהִים בְּלָה). For a full discussion of the question and an examination of the instances in which waw conv. with the imperfect has been supposed to be equivalent to a pluperfect, see Driver, § 76. Obs.

**כָּלָה**=here ‘*to bring to an end*,’ ‘*to leave off*;’ cf. Ex. 34, 33. 1 Sam. 10, 13. Ez. 43, 23 (where בָּלָה occurs with מֵן). This ‘*leaving off or resting*’ fills up the seventh day, just as the work of creation the six preceding days. ‘God did not create anything on the seventh day,’ Kn. The Sam., LXX, Syr., Ber. Rab. read שְׁבִיעִי for שְׁנִי; an intentional alteration to avoid the idea that God created anything on the seventh day.

**מֶלֶאכָה** from **מֶלֶאכָתּוֹ**, which has arisen out of מֶלֶאכָה, the weak letter נ surrendering its vowel to the preceding vowelless consonant, and the pathach under the prefix ט disappearing and its place being taken by shewa vocal; cf. Stade, § 110 c and § 112 b; Ges., § 23. 2 and § 95. iii. In the form with the suffix וּ, the pathach under the ל is due to the syllable being short and unaccented.

**וַיְבָרֶךְ.** If the penult. is an open syllable waw conv. frequently draws back the tone on to it, leaving the last

syllable a short unaccented syllable; see Dav., § 23. 3 b; Driver, § 69; Ges., § 49. 2 b. Cf. 1, 11. 22, and often.

את יום השבעה. Cf. on 1, 31.

**אֲשֶׁר בָּרָא אֱלֹהִים לְעֹשָׂת**. Two renderings are possible, (I) ‘which God created in respect of making,’ quae creaverat Deus faciendo. The inf. cstr. being used to define a preceding verb, as in Judg. 9, 56 . . . . . להרג אֲשֶׁר עָשָׂה ; 2 Kings 19, 20 . . . . . להחרים אֲשֶׁר עָשָׂו ; Ps. 103, 20 . . . . . cf. Ges., § 45. 2; Ewald, § 280 d; M. R., § 113 ad fin. But as בָּרָא in this construction would be followed by אֲשֶׁר (= מלאכה), which is against the usage of the language, and for which עָשָׂה מלאכה would stand, Di. (II) prefers rendering with Ewald, § 285 a, ‘in making which he created,’ i. e. ‘which he made creating,’ אֲשֶׁר being acc. after לְעֹשָׂת, and the latter word being defined by בָּרָא; cf. הַנְּדִיל לְעֹשָׂת, הַפְּלִיא לְהֻזָּר, a paraphrase. The Syriac קָדוֹם כָּבוֹד, as the Hebrew, so Onq. יְבָרָא, Vulg. ‘quod creavit Deus ut ficeret.’

4: **אלֹהִים תּוֹלְדוֹת.** ‘*These are the generations of the heavens and the earth when they were created?*’ **חולדות**,—which only occurs in the pl. cstr. state,—when it stands before a proper name signifies ‘generations,’ not as a *nom. act.*, but in the sense ‘*those who are brought forth,*’ so = *family*, ‘*the details about those who spring from any one;*’ hence in the title of a book or chapter, ‘*the history of the families springing from any one.*’ LXX, γένεσις; in this passage βίβλος γενέσεως. Here **חולדות** = the ‘creatures,’ i. e. ‘*the things brought into existence when heaven and earth were created.*’ Elsewhere **חולדות** always refers to what follows, e. g. 5, 1. 6, 9. 10, 1, but in this chap. no history of the heavens and the earth follows, so Schrader and others suppose that this half verse properly

ought to precede 1, 1, its present position being perhaps due to the compiler of the book, who inserted it here in order to form a transition to 2, 4 b, ff. The אלה (as it stands now) points backwards, and may be rendered, ‘*Such then are the generations:*’ so Job 18, 21. Ps. 73, 12. Gen. 10, 21. 31, 32. Cf. further, Del., *Comm.*, p. 111; Di., p. 37; Tuch, p. 49. The heading אלה תולדות is peculiar to P: so 5, 1. 6, 9. 10, 1, etc.

**יְהוָה אֱלֹהִים**, the combined name ‘*Yahweh Elohim*,’ is only found once again in the Pent. (viz. Ex. 9, 30) outside Genesis, but occurs in Joshua. On the Tetragrammaton, cf. Appendix II. P uses אלהים till Ex. 6, 3.

**אָרֶץ וּשְׁמִים**. Only once again, in Ps. 148, 13.

**בְּהַברָּם**. Inf. Nif‘. with ב prefixed, and the suff. of the third pers. pl. masc., from בָּרָא. The ה is written smaller than the other letters, and is marked by the Massoretes ה”ה, i. e. *He small*. Tuch remarks on this: ‘The ה minusc. in בְּהַברָּם (cf. 5, 2) has a critical significance, and points to a variant reading, Qal (viz. בְּבָרָם), not Hof‘, as Rosenmüller thinks. Similarly Lev. 1, 1.’ Cf. Di., p. 38, who apparently endorses this view. Other instances of letters written smaller or larger than the other letters will be found in Strack, *Prolegomena critica*, p. 92, e.g. litterae majusculae in Lev. 11, 42, פְּחוֹת, with waw larger than the other three letters; in Num. 14, 17, י in יְהֹוָה; in Deut. 34, 12, ל in יְשָׁרָאֵל; and litterae minusculae in Deut. 32, 18, י in פְּתַשְׁתַּחַת; Esth. 9, 9, ש in פְּרַמְשְׁתַּחַת: see also Bleek (*Introduction*, § 357 f.) [Eng. transl.], or Keil (*Introduction*, § 205) [Eng. transl.]. A list of the ‘litterae majusculae et minusculae’ will be found in *Ochla we Ochla* (ed. Frensdorff), Nos. 82–84; Buxtorf, *Tiberias* (1665 ed.). They are not expressly mentioned in the Talmud, and probably in

the course of time became more numerous. Buxtorf, l. c., enumerates thirty-one instances of the *lit. majusc.*, and thirty-two of the *lit. minusc.* The Jews give fanciful explanations. The two following — viz. on this passage, and 23, 2 — are cited from the *Tiberias*, p. 147 ff. ‘ה in voce בְּהַבְּרָאָם “quando creata fuerant illa,” nempe, coelum et terra, Gen. 2, 4. Ad indicandum, fore ut omnia creata minuantur et intereant: et ut littera ה constat ex lineis dissolutis et ab invicem separatis, sic creata cuncta dissolventur, sicut scriptum est: “*Coeli velut fumus evanescunt, et terra ut pannus veterascet, et habitatores ejus similiter morientur,*” Is. 51, 6. Hebraei litterarum mysteria sectantes, notant innui transpositionem hujus litterae, ut ex בְּאַבְרָהָם fiat propter Abraham,” i. e. propter fideles creatum esse mundum: illi enim soli Deum propter admiranda creationis opera laudant.’ And on the small ב in 23, 2 (p. 152): ‘ad indicandum, planctum et luctum propter mortuos, viris minuendum esse, ne modum excedat, quod et Abraham fecisse, externo litterae signo indicatum fuit.’ See another Jewish explanation of Gen. 2, 4, from the Talmud, *Tract. Menachoth*, fol. 29, col. 2, in Hershon, *The Pentateuch according to the Talmud*, p. 92 (Eng. transl.).

Render, ‘When they were created,’ lit. ‘in their being created;’ a common use of the inf. cstr., like the Greek construction ἐν τῷ, with the inf.; see Ges., § 132. 1, 2, 3; M. R., § 111 b.

4<sup>b</sup>. The narrative begins here. ‘In the day of God’s making,’ i. e. ‘when God made,’ etc. On the construction, see Ges., § 133. 2, 3; M. R., § 111 a, § 118.

**בַּיּוֹם**, =lit. ‘in the day of,’ is freely used for ‘at the time of;’ so בַּיּוֹם עַלְתוֹן Is. 11, 16; בַּיּוֹם אֲכִלֵּם Jer. 11, 7; בַּיּוֹם עֲשָׂוָת הָעַלְתִּי. بְּרָא=עֲשָׂות in P.

The apodosis to 4<sup>b</sup>, בַּיּוֹם עֲשָׂות, may be either ver. 7 or ver. 5.

If we take ver. 7 as the apodosis, then vers. 5, 6 will be a parenthesis descriptive of the earth's condition before God created mankind, and we should have to render it as follows:—  
*'When Yahweh Elohim made earth and heaven (now no shrub of the field was yet on the earth, and no herb of the field had yet sprung up; for Yahweh Elohim had not sent rain upon the earth, and there was no man to till the ground; and a mist used to go up and water all the surface of the ground), then Yahweh Elohim formed,'* etc. So Di.

If we make ver. 5 the apodosis, then the rendering would be,  
*'When Yahweh Elohim made earth and heaven, then there was no shrub of the field,'* etc. So Tuch.

Against the first rendering it may be urged that the construction is too involved, and seems to identify a *period* (ver. 6), with a *point* (ver. 7) of time. To make **וְכֹל שִׁיחָה** the apodosis to 4<sup>b</sup> is against the division of the verses and the syntax (Del.); cf., however, on the latter point, Driver, §§ 123 and 124, who cites Ex. 25, 9. Josh. 3, 3, and other instances of the imperf. separated from 1, after a time determination, and treats this passage similarly. The argument, too, from the division of the verses is hardly conclusive. Del. takes apparently 4<sup>b</sup> and 4<sup>a</sup>, after the analogy of 5, 1, as belonging together, and regards vers. 5 and 6 as independent sentences introductory to ver. 7, which beginning with **וַיֶּצֶר** ('so he formed') expresses the main point, viz. the creation of man.

5. On the imperf. after **תִּרְמָם**, cf. Ges., § 127. 4 a; M. R., § 6. 1; Ewald, § 337 c; Driver, § 27 b. Ewald, l. c., remarks that **טרם** for the most part stands in circumstantial clauses, preceded by the subject.

**כֹּל** indefinite, and with the negative = 'none,' Germ. *kein*: cf. Ges., § 152. 1; M. R., § 142; Ewald, § 323 b. On **וְנִשְׁתַּחֲווּ**, see Ges., § 152. 1; Ewald, § 321 a; M. R., § 140.

On the position of זָה in the sentence, cf. Num. 20, 5 וְמִם אֵין, M. R., § 79. 6 b. Rem. a.

6. **יעלה**. The imperf. used in a frequentative sense, and followed by a perfect with waw conv. והשָׁקָה. The companion construction to the imperf. with waw conv. is that of the perfect with waw conv. According to Ewald, § 234 a, b, this construction was originally due to the opposite construction of the perfect, followed by an imperfect with waw conv.; just as the two tenses are in many aspects opposite one to the other, so the peculiar idiomatic use of the one, generated a corresponding idiomatic use of the other as its counterpart. Ols., cited by Professor Driver, *Tenses*, p. 141, remarks that this use of the perfect rests originally on a 'play of the imagination,' in virtue of which an action when brought into relation with a preceding occurrence as its *consequence*, from the character of inevitability it then assumes, is contemplated as actually completed. In this construction 'the nascent action (i. e. the action of the imperf.) is conceived of as advancing to completion (the action of the perfect with waw conv.), as no longer remaining in suspension, but as being (so to say) precipitated.' Driver, *Tenses*, p. 141. Compare c. viii, where a full discussion of this idiom will be found, and the rules concerning the shifting of the tone one place forward with the waw conv. are noted. When the waw and the verb are separated, the imperf. reappears. Cf. also Ewald, § 136 b and § 342 b, 1; M. R., §§ 23 and 25; Ges., § 126. 6 d. Other instances of the imperf. as a frequentative, followed by a perf. with waw conv., are 6, 4. 29, 2. 3 . . . . . והשָׁקוּ . . . . . ונאספוּ . . . . . גַּלְלוּ . . . . . ישְׁקוּ . . . . . ישְׁאוּם . . . . . והשִׁבּוּם . . . . . והשִׁבּוּ . . . . . 1 Kings 14, 28; 2 Kings 3, 25 ישְׁלִיכוּ . . . . . ומלאה . . . . . etc.

**נַּעֲמָה** only occurs in this passage and Job 36, 27. The LXX render here by πηγή, and in Job, i. c., by νεφέλη, which is also Onqelos' rendering here (עַנְנָא). Syr. and Vulg. have respectively حَمْهَدَةٌ and 'sons.' Saadiah agrees with the ordinary rendering 'mist,' 'vapour,' بُخَازٌ. The word **אֵרֶב** appears to be confined to Hebrew. Ges. in the *Thesaurus*, p. 35 (as Professor Driver has pointed out to me), is in error when he says that the word **אֵרֶב** is used in the Targ., Job 3, 5. Prov. 23, 33. He has accidentally written 'Targum' for 'the Commentary of Rabbi Levi ben Gerson' (of Provence, died 1370), cited by Buxtorf, *Lexicon. Chald. Talm. et Rabb.*, p. 69. The mistake is repeated in the 9th ed. of the *H.W.B.* of Gesenius, p. 10 b.

7. **וַיַּצֵּר**. On the form of this פְּ verb, see Ges., § 70. 1; Dav., § 39. 2.

**הָאָדָם**. On the derivation of **אָדָם**, compare the note on 1, 26. The author connects **אָדָם** with **אָדָמָה**, as though he would imply that man bore in his name a mark of his earthly origin. On the article with **אָדָם**, cf. Ges., § 109. 2; Ewald, 277 c; M. R., § 66. Rem. a.

**עַפְרָה** is a second accusative, specifying or defining the material used in the operation; see Ewald, § 284 a. 1; M.R., § 45. 5; Driver, § 195. 1 (Tertiary predicate). Cf. Ex. 20, 25.

**חַיִּים**. The masc. plural used to form an abstract noun. 'The plural may serve to collect together the scattered items into a higher idea, so as to form the signification of an abstract,' Ewald, § 179, who gives as other instances נְדָרִים 'flittings,' Job 7, 4; עֹוֹזִים 'perverseness;' סְנוּרִים 'blindness;' cf. also Stade, § 324 b, who remarks 'that **חַיִּים** is the only word of this sort in general use, the other instances that occur being archaisms, and belonging to the conventional

language of the Law, or of Poets or Prophets.' See also Ges., § 108. 2 a.

**וַיְהִי . . . לְנֶפֶשׁ**. In the sense of 'become,' cf. 17, 4. 18, 18, etc., is more frequent than היה, followed by the simple subst., as in 4, 20. 21. 19, 26.

**נֶפֶשׁ** in Heb. = the breath of life that is in every individual being. Man derives this breath of life from God immediately (Job 27, 3. Is. 42, 5), animals from the earth (1, 20. 24), and so only mediately from God, yet participating in God's spirit (Job 34, 14 f. Ps. 104, 30). In this direct inspiration lies man's pre-eminence over the animal world, stress being laid on the manner in which man 'became a living soul.' He comes into existence as a personal being in a personal relation with God. Cf. Oehl., § 70. Onq. renders **רֹוחַ מִצְלָלָא נֶפֶשׁ חַיה** by 'a talking spirit.'

8. **גַן בָּעֵדָן**. 'A garden in Eden.' **עֵדָן** as an appellative means 'loveliness,' 'delight,' but is here clearly the name of the place where the garden was situated. The LXX render here παράδεισον ἐν Ἐδέμ; ver. 15 (incorrectly) παραδείσῳ τῆς τρυφῆς, so 3, 24, and Vulg. 'Paradisum voluptatis.' Syr. has **كَهْمُصَا دَحْمَنَا**, Saadiyah. **جِنَانًا فِي عَدْنٍ**. Schr., K.A.T., 2nd ed., p. 26f., says 'Eden,' Heb. **עֵדָן**, has originally nothing to do with **עֵדָן**, pl. **עֲדָנִים**, 'loveliness,' but is a word that came over to the Hebrews from the Babylonians, meaning properly 'field,' 'plain,' in Assyrian *i-di-nu*. **עֵדָן**, pointed with **וּ**, to distinguish it perhaps from **עֵדָן** with **וְ**, is a pr. n., the name of a district in Mesopotamia, or Assyria, which, according to 2 Kings 19, 12. Is. 37, 12, came under the rule of Assyria. **עֵדָן** has not yet been identified; cf. further, Di., p. 51; Del., p. 120.

**מִקְדָּם** is local, not temporal (for **וַיַּטְהַ** is against this), = 'eastwards,' 'on the east of' (a further definition of the position

of Eden; cf. 3, 24. 11, 2. 13, 11), i. e. from the standpoint of the narrator in Palestine.

9. **וַיִּצְמַח**. The shortened form of the Hif'. imperf.; see Ges., § 65. 1 c. Rem.; Dav., § 37. 1, 2.

**וְעֵץ הַדּוֹעַת טֹב וָרָע** = ‘*and the tree of knowledge of (lit. of the knowing) good and evil;*’ i.e. the tree, the partaking of the fruit of which would cause persons to know good and evil.

**טֹב וָרָע** cannot be genitive after **דַּעַת**, as a word defined by being in the construct state does not take the article, but must be regarded as the accusative; cf. Jer. 22, 16 **הֲלֹא הִיא** ‘*was not that the knowing me?*’ see Ewald, § 236 a; M. R., § 110. Rem.; Ges., § 133. 1. The article prefixed to an inf. cstr. is very rare.

**טֹב וָרָע**. On the pointing of 1 with —, see on 1, 2.

10. ‘*And a river was going out of Eden, to water the garden; and from thence it separated itself, and became four branches.*’

**וַיָּצֹא**. The part. denoting continuous, unintermittent action; see Driver, § 21; M. R., § 14. 2 a.

**וַיִּפְרֹד**. On the imperf. as a freq. in past time, see Driver, § 30 a; M. R., § 6. 2 a.

**וְהַיָּה**; cf. on **וְהַשְׁקָה**, ver. 6.

11. **פִּישְׁׁוֹן** =, according to Gesenius, ‘*streaming*,’ or ‘*stream*,’ from a root **פָּשׁ** ‘*to burst forth*.’ It is not found again in the Canonical books of the Old Testament, but is mentioned in Ecclesiasticus 24, 25, together with the Tigris. The Arabic of Saadiah has **النيل** ‘*the Nile*.’ The other versions follow the Heb. text. Its position is more closely defined by the mention of the land (**חוּלָה**) round which it flows. Joseph. (*Ant.* i. 1. 3), the Fathers (Euseb., Aug., Hier.),

and others identify it with the Ganges; Feland and others consider it is the Phasis; Del. and the moderns, the Indus. **החוילה** occurs only here with the art.; in 10, 7. 29, it is mentioned partly among the Cushites, and partly among the sons of Joqtan, together with Ophir. It also occurs in the phrase (25, 18) **מחוילה עד שור**; cf. 1 Sam. 15, 7.

Havila in 25, 18 and 1 Sam. 15, 7 seems to have been the eastern frontier of the Ishmaelites and Amalekites on the Persian gulf. The moderns identify the Havila of this verse with India; according to their view is the Indus. That one of the rivers here mentioned was an Indian one, was the view prevalent among the ancients; and the identification of **חוילה** with India, and **פישון** with the Indus, is strengthened by the fact that the products of the land of **חוילה**, viz., **זהב, ברדלח, חווילה, שחם**, are mentioned by ancient writers as being found in India; the gold of the Indus district being celebrated among classical writers, as that of Ophir was among biblical: cf. Her., iii. 106; Diod. Sic., ii. 36; Curt., viii. 9. 18. Cf. 1 Kings 10, 11. Ps. 45, 10. Job 22, 24: see further, Del., p. 123; Di., p. 59<sup>1</sup>. **חוילה** has the article by Ewald, § 277 c; cf. ver. 7. It seems to indicate, as Di. remarks, that the Hebrews had not then forgotten the original meaning of the word, '*the sand land*' *par excellence*. The **חוילה** mentioned in 10, 7 (cf. 1 Chron. 1, 9) among the sons of Cush seems to denote a place distinct from those intended here, and in 25, 18. 1 Sam. 15, 7, which is perhaps to be identified with the modern Zeila on the Abyssinian coast, south of Bab-el-Mandeb. Cf. the note on 10, 7.

**הוּא הַסְבָּב** = '*that is the one encompassing the whole land of Havila.*' The article with the predicate by Ges., § 110. 4,

<sup>1</sup> The name may possibly = 'Sandland,' or 'Land of golden sand,' connected with 'sand.'

note; Driver, § 135. 7. סְבִב without the article would = ‘is encompassing.’ The word סְבִב does not of necessity imply a complete surrounding; cf. Num. 21, 4. Judg. 11, 18. Ps. 26, 6.

On the relative construction אֲשֶׁר שָׂם, cf. Ges., § 123. 1; M. R., § 156 d.

**12. הוֹבֵב.** The ה is pointed נ by Ges., § 104. 2 c. On the under the ה, to emphasize the sibilant, see Ges., § 10. 2. Rem. b; Stade, § 105. Cf. 3, 17 (**הַאֲכִלָּה**). 25, 22. 27, 26. 29, 3. 8 (**הַלְּלָה**). נ is marked with metheg, as in Judg. 5, 12, **וְשָׁבַת**: see Ges., § 16. 2, 1 a; Stade, § 52 d.

**הַוָּא** in the Pent., with the exception of eleven places, is of common gender. The punctuators, however, by pointing it נַוָּה, indicate that they meant it to be read as נִוָּה, the usual form of the fem.: cf. Ewald, § 184 c; Ges., § 32. iii. 6; Stade, § 171 c. 2. This has usually been explained as an archaism, but Nöld., *Z. D. M. G.*, xx. (1866), p. 458, has pointed out that this cannot be philologically sustained, if we compare the other Semitic languages, all of which exhibit a fem. נִוָּה. He, shewing that the double form must have existed *before* the different branches of the Semitic race had parted from their common home, rejects the supposition that the fem. נִוָּה was at an early date lost, and again introduced into the language at a later period from the Aramaic, but admits that he has no plausible solution of the anomaly to offer. Only he is convinced ‘that it cannot be explained as an archaism (dass es mit dem Archaismus nichts ist); at the most it might be an artificial archaism.’ Stade, § 171 c. 2, regards it as ‘a mistake of tradition,’ and adds, ‘probably the use of נַוָּה for both genders arose from a MS., which both for נִוָּה and נַוָּה wrote defectively נָה, as it is found on the Moabite stone and

Phoenician inscriptions. This **הָא** was thoughtlessly always miswritten **הָוֹא**.<sup>1</sup> Del., in the ‘*Zeitschrift für Kirchliche Wissenschaft und Kirchliches Leben*,’ i. p. 393 ff., has accepted Nöldeke’s statement that it cannot be an archaism, and accounts for the fem. as follows: ‘Though through all Hebrew, even in the post-biblical literature (cf. p. 395 of his article), the distinction of gender was not sharply defined; yet at the time of the revision of the text, the use of **הָוֹא** for the fem. was regarded as a mistake (for outside the Pentateuch it is unheard of, and not found in the Hebrew-Samaritan Pentateuch). In the recension of the text however it was presupposed that in the language at the time of Moses, although it possessed for the fem. the form **הִיא**, the use of **הָוֹא** as of double gender prevailed, and the distinction of gender was at the lowest stage of its development.’

Stade’s view, which is adopted by Kautzsch (cf. *Ges.*, *Gram.*, l. c., foot-note), that **הִיא** and **הָוֹא** were both originally written **הָא**, and that the last redactors of the text have almost everywhere written this **הָוֹא** without regard to gender, is borne out by the **הָא** on the Moabite stone, line 6, =**וַיֹּאמֶר** **נָם** **הָא**, and line 27, **בֵּית** **בְּמֹת** **כִּי** **הָרָם** **הָא**, **וַיֹּאמֶר** **גָּסְדֵּה** **הִיא** (*cf. Mic. 5, 1, masculine*); and the Phoenician inscription of Ešmunazar, king of Sidon, line 22, **הַמֶּלֶךְ** **הָא** in Heb.; cf. Schröd., *Phoen. Gram.*, pp. 144, 225. This is probably the best explanation of the anomaly<sup>1</sup>. The art. is pointed according to *Ges.*, § 35. 2 A; *Dav.*, § 11 b. **הָוֹא** is here defined by the art. by *Ges.*, § 111. 2; *M. R.*, § 85.

<sup>1</sup> It is not certain that **הִיא**=**הָוֹא** is confined to the Pentateuch. It seems to be found in the *Codex Petropolitanus* (916 A.D.), edited by Dr. Strack, 1876. Delitzsch denies this (see p. 394 of his article), but admits that the distinction between 1 and ' is very slight.

**הבדלה.** ‘*Bdellium*,’ a transparent kind of gum, with a pleasant smell, and of wax-like appearance; found, according to Pliny, in India, Arabia, Media, and Babylonia: so Jos., Aq., Symm., Theod., and Vulg. In Greek the by-forms βδέλλα, μάδελκον occur. The LXX have ἄνθραξ here, but in Num. 11, 7 (the only other passage where the word occurs) κρύσταλλος, regarding בְּדָלָח as a stone, but this would have required בְּדָלָה before it. The Syriac has **תַּכְמִינָה** (reading ר for ד), which apparently can be used of pearls or crystals. Saad. and others render *pearls* (so also Ges. in *Th.*), which meaning would be suitable here—between זהב and שחם—but hardly in Num. 11, 7 (Del.), and according to Tuch was first derived from this passage in order that some object of equal value with זהב and שחם might be mentioned; but cf. 1 Kings 10, 2. 10. The etymology is doubtful.

**השָׁהֵם.** The art. as in זהב, according to Ges., § 109. 3. Rem. 1 b; M. R., § 68. The LXX here give δ λίθος δ πράσινος, perhaps meaning the beryl, Vulg. ‘*lapis onychinus*,’ Syr. **בְּגָתָה**, Onq. **בְּגָתָה**. Elsewhere variously rendered, onyx, sardonyx, sardius, which all belong to the same species (chalcedony), or beryl (more correctly chrysopras): cf. *H. W. B.*, 9th ed., Di. in loco. The etymology is doubtful.

**גִּיחוֹן.** A similar formation to פִּישָׁן. From גִּיחַ ‘to burst forth.’ This river flowed round the land of כּוֹשׁ, and is quite distinct from the נִיחָן mentioned in 2 Chron. 32, 30. 1 Kings 1, 33. 38. 45. 2 Chron. 33, 14. The LXX have here Γεῶν, Vulg. ‘*Gehon*,’ so the other Vss. The LXX in Jer. 2, 18 translate the Heb. שְׁיִחוֹר, Nile, by Γεῶν; cf. Ecclesiasticus 24, 27. Josephus and the Fathers also consider the Nile the river here meant, so many moderns. כּוֹשׁ is Ethiopia. Thus if נִיחָן is the Nile, we have a river, taking its source in Asia, flowing round the African כּוֹשׁ! Others consider כּוֹשׁ as representing

only the Asiatic Cushites, and identify נִיחָן with either the Ganges or Oxus. Reland identifies it with the Araxes. Del. and Di. decide for the Nile, explaining the anomaly above noted, as having arisen through the ignorance of the ancients of geography; see their commentaries in loco.

14. **חֲדָקֶל**, = 'the Tigris,' occurs again Dan. 10, 4. The Heb. name agrees with the Sumerian *Idigna*, and the Bab.-Assyr. *Idiglat* (Schr., *K. A. T.*, 2nd ed., 32 f.; Del., *Par.*, 170). In Aramaic the name is **Դինլա** (so Onq. here); the Pesh. has **مَكْلُوٰة**, Arab. **دِجَلَة**. 'The Aryan name (Old Persian *Tigra*, Pahlawi *دَرَاهَ*, Greek *Τίγρης, Τίγρις*), according to the express tradition of the ancients (Strabo, xi. 14, 8; Pliny, vi. 31; Curt., iv. 9), designates the river as "the arrow-swift," Old Baktrian *tighra* = "pointed," *tighri* = "arrow." Dillmann.

**קָדְמַת**. Render, 'in front of Assyria,' i. e. from the standpoint of the narrator; so LXX *κατέναυτι*, Pesh. **בְּמִקְדֵּשׁ**. Others (the Targg., Aq., Tuch) render 'east of,' thus including Mesopotamia in the term **אַשְׁוֹר**; but then the narrator could not have spoken of the Tigris as being east of Assyria, for he must have known that Assyria extended far east of the Tigris. Mesopotamia, too, is called **אֶרְם נְהָרִים** in 24, 10; for this meaning of **קָרְמִת**, cf. 4, 16.

**פְּرָת**. 'The Euphrates,' not further defined, as being familiar to every Hebrew reader. It is often mentioned in O. T. as 'the great river,' or 'the river' *κατ'* ἐξοχήν. Together with the Heb.-Aramaic name, we have now the Old Persian '*Ufratu*,' and the Babylonian-Assyrian '*Buratluv*,' '*Purātu*.' A Semitic etymology is still unknown; see Di. in loc., and M. and V. in *H. W. B.*, 9th ed., p. 692 b.

15. **וַיַּנְחָהּ**. The Hif'. imperf. with waw conv. from

**נוֹת**: see Ges., § 72. Rem. 9; Dav., § 40, esp. Rem. c. N. B. **הַנִּיחָה**=‘to cause to rest,’ ‘to place,’ ‘set,’ ‘lay down.’

**לְעֵבֶד וְלִשְׁמָרָה**. The inf. cstr. with suffixes follows the analogy of the segholate nouns: see Ges., § 61. 1; Dav., § 31. 4.

16. **וַיִּצְרֹא עַל**, ‘laid a command on him.’ More usually, = ‘to command,’ is followed by an acc., or the prep. **ל**, or **לְ** (cf. 28, 6), the words of the command being introduced by **לֹאמֶר**.

**אָכְלָה תְּאָכֵל**. ‘Thou mayest indeed eat.’ The inf. abs. being prefixed to the verb. ‘The inf. abs. expresses the idea of the verb simply, without conditions of person, mood, etc.; hence, when it precedes the finite verb, there is first the idea bare, and then the idea modified; and the effect of the whole is to express with some variety of emphasis the *fact* (not the *quality*) of the action as now predicated in the finite verb.’ Dav., § 27, rule at end. See also Ewald, § 312 a; Ges., § 131. 3 a.

On the potential use of the imperf., see Driver, § 38 a; Ges., § 127. 3 d; M. R., § 7. 2 b.

**אָכֵל** is one of the five verbs that form their imperf. with holem in the first syllable: see Ges., § 68. 1; Dav., § 35.

17. ‘But from the tree of knowledge of good and evil, thou shalt not eat of it.’ On the preposition with the suffix, repeating the substantive (a use allied to that of the *casus pendens*), see Driver, § 197. 6. Obs. 1; Ewald, § 309 a, ad fin.

**אָכְלָה** is an instance of an inf. cstr. with the suffix departing from the analogy of segholate nouns: cf. ver. 15, and see Ges., § 61. 1. Rem. 2.

18. **לֹא טוֹב הַיּוֹת**. The inf. cstr. as the subject to a sentence: cf. Ges., § 132. 1 a; M. R., §§ 112 b and 115.

**אָעַשֵּׂה לֹו**. The **ל** of **לו** has a *dag. forte conjunctivum* or *euphonicum*: see Ges., § 20. 2; Dav., § 7. 4, foot-note; cf. ver. 28. The LXX and Vulg. here have read the plural, to bring the text into conformity with 1, 26.

19. **עֹזֶר כְּנַגְדוֹ**, lit. ‘*a help as before him*,’ i.e. ‘*a help corresponding to him*,’ ‘*meet for him*,’ A.V. LXX have here *κατ’ αὐτόν*, in ver. 20 ὅμοιος αὐτῷ; so the Syr. and Vulg. In Rabbinic, **עֹזֶר = כְּנַגְדָּה**, ‘*corresponding to*:’ see Ges., *Thes.*, p. 847. **עֹזֶר** is used concretely, as in Ps. 70, 6: cf. Nah. 3, 9.

19. **וַיִּצְרַא** is written defectively for **וַיִּיצַּר**, which occurs in ver. 7. The verb must not be rendered as a pluperfect. It appears that the narrator conceived the formation of animals as posterior to that of man. For the question of the use of the imperf. with waw conv. as a pluperfect, cf. the note on ver. 2.

**כָּל חַיָּת הָרֶץ** P, (1, 25. 30; cf. 2, 10).

**מָה**. On the punctuation of **מָה**, see Ges., § 37. 1; Dav., § 13. ‘The punctuation is quite like that of the article.’

**מָה יִקְרָא** ‘*what he would call them*;’ cf. Driver, § 39 b.

**וְכָל אֲשֶׁר יִקְרָא**. The imperf. according to Driver, § 38 a, ‘*all whatever he called them*.’

**נַפְשׁ חִיה** appears to be added very abnormally, in explanation of **לו**. Possibly these words are a gloss, as they read very harshly. Such a redundancy as we find in the text here is common in Aramaic, which would say **לְנַפְשָׁא חִיתָא**; and there are genuine examples of it in the O. T., e.g. Ex. 2, 6. 1 Sam. 21, 14 (see Ges., § 121. 6. Rem. 3; M. R., § 72. Rem. a), but none so harsh as this (note especially the masc. **לו**). In late Hebrew this redundancy might be an Aramaism,

but that can hardly be the case in this passage. **נַפְשׁ חַיה** = ‘*living creatures*,’ **נַפְשׁ** being collective. **חַיה** is a fem. adj. (**חַיה** = ‘*life*’ is only poetical; see on 1, 21). As the text stands we have **לוֹ** masc. followed by **נַפְשׁ חַיה** fem., which is difficult. Del. supposes that **נַפְשׁ חַיה** in 46, 27. Num. 31, 28) was construed *ad sensum* as a masc.; but these passages are scarcely parallel.

20. **וְלֹא אָדָם**, so pointed by Ols. The word is not used as a proper name until 4, 25. In these three chapters (1-3) it is, with the exception of this verse and 3, 17. 21, always pointed with the article. Cf., however, M. R., § 66. Rem. a.

**לֹא**. I. Impersonally, ‘*One did not find for mankind*.’ II. ‘*For himself (לְנַפְשׁוֹ=לְאָדָם) he (man) did not find*.’ III. ‘*For mankind (God) did not find*.’ III. is not probable, as we have already **הָאָדָם** as subj. at the beginning of the verse. If I. be adopted, **מֵצָא** would be impers. by Ges., § 137. 2; M. R., § 123. 2, and **לְאָדָם** could stand without the art., as in 1, 26. Tuch adopts II. Del. and Di. propose a rendering that differs slightly from any of these: ‘*He (man) did not find for man*,’ i. e. ‘*for a human being, like himself*,’ etc.; almost the same as II, though they do not take **לְאָדָם** as directly equivalent to **לְנַפְשׁוֹ**.

21. ‘**תִּחְתַּנֶּה**’ ‘*in its place*;’ the suffix is a verbal one, cf. Ges., § 103. 1. Rem. 3; Stade, § 347 c. 3: with the nominal suffix it would be **תִּחְתַּנְתֵּה**.

23. ‘*This now is . . . this shall be called woman.*’ The connection of **אֲשֶׁר** with **אִישׁ** is preserved by the Vulg., which renders them by ‘*virago*’ and ‘*vir*,’ respectively, probably following Symm., who has ἀνδρίς and ἀνήρ; so Luther, *Männin*.

**לְקָחָה**. The form is made more distinct by the fuller shewa; see Ges., § 10. 2, and § 52. 1, s. p. The dag. in the פ

has fallen away in accordance with the rule, that any doubled letter pointed with shewa, if it be not one of the aspirates (*בְּגַדְכָּפָת*), may drop its doubling; see Dav., § 7. 4, foot-note a; Ges., § 20. 3 b, where the letters that commonly admit of this loss of the dag. are mentioned. Hence the Raphe.

24. ‘*Therefore doth a man leave his father and his mother and cleave unto his wife, and they become one flesh.*’ The imperf. as freq. followed by the perf. with waw conv., in present time, as before (ver. 6) in past time; so Ps. 17, 14. 49, 11. 73, 10–11; Driver, § 113. 4 a. These words are the narrator’s comment, as in 26, 33. 32, 33, as they would be unnatural if assigned to the man, who had no knowledge of a father or mother.

The LXX, Pesh., Vulg., and Sam. insert שְׁנֵיהֶם ‘and they two become;’ and the text is quoted thus in the N. T., Matt. 19, 5. Mark 10, 7; cf. 1 Cor. 6, 16. Eph. 5, 31. It may have fallen out of the Heb. text through the שְׁנֵיהֶם of ver. 25.

25. מ’ בְּדִגְשׁ עֲרוֹמִים marked by the Massoretes, *mem with dagesh.* On the apparent anomaly of a long vowel in a toneless syllable, see Dav., p. 8; Stade, § 327 a. This word occurs again, with the same points, in Job 22, 6.

וַיַּתְבַּשֵּׂל. Hithpolel of בָּוֹשׁ; see Ges., § 72. 7; Dav., § 26. 3 c. Render, ‘*were not ashamed*,’ i. e. ‘*not in the habit of being ashamed*.’ The imperf. according to Driver, § 30 a; Ewald, § 136 c.

### 3.

וְהַנְּחֵשׁ הָיָה עֻרֹם מִכָּל חַיִת. ‘*Now the serpent was more cunning than all the beasts of the field,*’ etc. On the use of מִן in expressing the comparative, see Ges., § 119. 1; M. R., § 49. 2.

**כִּי נַפְךָ**, lit. = 'and that . . . !' is placed first in the sentence to denote astonishment, which may be expressed by a note of interrogation. Render, 'And (is it really the case) that?' cf. Ewald, § 354 c; M. R., § 143 b. There is no necessity to suppose that the **נַ** interrog. has fallen out.

<sup>142</sup> . . . נֹל = 'not any,' see Ges., § 152. 1 ad fin.; M. R., cf. 2, 5.

3. תְמוֹתָן. This form of the plural of the imperfect in גַן, which always in Hebrew has the tone, is the common ending in the pl. imperf. 3rd pers. masc. and 2nd masc. in classical Arabic (the abbreviated form being reserved for the subj. and jussive moods), and in Aramaic, but is not found in Ethiopic in the written language. It is tolerably common in Hebrew, and is probably not to be regarded as a mark of antiquity, but as a weightier form, being especially frequent in the elevated prose style and in poetry. I. It is found in various cases of pause, as here, and Ex. 1, 22 תְחִזּוּן. II. As an emphatic form, e.g. in Deut. 1, 29 לֹא תַעֲצֵז; Josh. 4, 6 כִּי יִשְׁאַלְנָן; וְלֹא תִּרְאֵן: especially after particles or nouns, which expect a verb after them, e.g. בֶּלֶם אֲשֶׁר, בְּהָלְמָד, לְמַעַן, לֹא, לְמַתָּה, הַדְבֵּר אֲשֶׁר. III. As a rhythmical form to ensure a fuller sound for the word, Hab. 3, 7 יְרִגּוֹן; Ps. 4, 3 תְּהִבּוֹן. IV. As an audible connecting link, similar to the -εν, -σιν before ἀ, ἡ in Greek: so 32, 20 תְּדִבְּרוֹן before אַתָּה, 1 תְּחִשְׁיוֹן before אַתָּה: most commonly before אָ, but also before עָ, חָ, וָ, and מָ. Many common verbs, as אמר, יָדַע, נָשַׂבֵּע, דָּבַר, etc., have preserved the זָן; while others, as נתָן, יָשַׁב, נָתַן, etc., do not receive it any longer. It is found in all classes of verbs, with the single exception of verbs יְיַעַד, and is very frequent in verbs לְיַהַה and יְעַזֵּעַ. Qal, as a light form, has it more frequently than the heavier reflexive forms. It occurs more commonly in the 3rd pers. than the 2nd pers. pl.,

as this form is far more frequent, but is by no means uncommon in the 2nd pers. pl. in certain verbs, e. g. אמר, עשה, שמע, דבר, שמר. It is found in the oldest prose, e. g. in Gen. (twelve times), Ex. (twenty-eight times), Num. (seven times), Josh. (nine times), Judg. (eight times), 1 Sam. (eight times); being especially frequent in Exodus, which contains many old pieces; also in old poetry, e. g. Ex. 15. 2 Sam. 22 (once), and some Psalms and old prophets, e. g. Is., Mic., Joel, Hos., Amos. In Job, Deut., Is. 24–27, 40 ff., Ps. 58, 89, 104, etc., it is more artificial (a revived archaism). In the gnomic poetry (Prov.) it is rare, and does not occur in the erotic and purely elegiac (Song of Songs, Lam.). Leviticus has it very rarely, Ezekiel never. More modern prose writings (Ruth, Kings) have it only in colloquial passages. The books of Chronicles have preserved it in some passages from more ancient sources, while it rejects it in others. In Ezra, Neh., Esther, Dan. (Heb.), Eccles. there are no examples of י. See further, Böttcher, *Lehrbuch*, ii. § 930 (from whom the above paragraph slightly abbreviated is borrowed), where a full list of the passages, where the ending י occurs, is given; and cf. Wright, *Arab. Gram.*, i. p. 63; Ges., § 72. 7. Rem. 4 and § 47. 3. Rem. 4; Dav., § 21. Rem. a. It may be observed that some of Böttcher's distinctions seem doubtful and arbitrary.

**לא מות תמותון**. 4. The negative should stand between the inf. and the verb; see Ges., § 131. 3. Rem. 1; Ewald, § 312 b. 1; who cite Amos 9, 8. Ps. 49, 8 as parallel to this passage. Its unusual position here is probably due to a desire to keep the formula from 2, 17 unchanged. Render, 'Ye shall by no means die.'

**כִּי יַדְעָ**. 5. The participle as a true present, so 19, 13 כִּי המכסה אני 18, 17 משחיתים אנחנו (the subject does not

precede, as a slight emphasis is laid on the verb; cf. Driver, § 135. 4), Driver, § 135. 2 and Obs.; cf. Ges., § 134. 2 a.

**בַּיּוֹם אֲכָלְכֶם... וְנִפְקַחְתֶּה**. ‘*In the day ye eat . . . your eyes shall be opened.*’ The perf. with waw conv. after a time determination; see Driver, § 123 β; M. R., § 132 b; cf. § 26. Waw in this usage is to be noticed. It assumes a stronger demonstrative force than it has in the ordinary cases of the perf. with waw conv. (cf. Driver, § 119), when used to introduce the predicate or the apodosis; so in Ex. 16, 6 עָרֵב וַיַּדְעֶתְם ‘at evening, (then) ye shall know.’ 1 Kings 13, 31 בְּמוֹתִי וְקִבְרָתִמְתֶּה אַתֶּה Ez. 24, 24 b בְּבָאָה וַיַּדְעֶתְם ‘when it comes, (then) ye shall know.’

**כְּאֱלֹהִים** ‘as gods.’ Targ. Onq. ‘**בְּרִבְרִיבִין**’ ‘as princes,’ perhaps intentionally to avoid an anthropomorphic idea. Targ. Jon. ‘**בְּמָלְאָכִין רְבִרְבִּין דְּחַכְמִין**’ ‘as mighty princes who know,’ connecting with יְדֻעַי אֱלֹהִים which is grammatically possible. The Samaritan has פְּשָׁעָתָא צָהָז ‘like angels.’

**לְהַשְׁכִּיל**. 6. The LXX, Syr., Vulg., and some moderns render, ‘to lock at,’ or ‘regard,’ a meaning which never has. Render, ‘to become wise,’ lit. ‘to gain insight,’ Del. ‘um einsichtig zu werden.’ Rashi’s note here is כַּאֲשֶׁר שָׁמַר רַ� ‘compare his saying to her, “knowing good and evil.”’

**וַיַּאֲכַל**. Pausal form of **אֲכַל**; cf. Ges., § 29. 4 c, note, with § 68. 1. The LXX and Sam. read וַיַּאֲכַלוּ (plural), the waw might have arisen out of the following waw in וְתִפְקַחְתֶּה. The plural is not necessary.

**כִּי עִירּוּם הַם**. 7. The pronoun stands here by Ges., § 121. 1; M. R., § 125; cf. ver. 11.

**עלְתָאנה**, lit. ‘leaf of a fig,’ i.e. ‘fig-leaf,’ here collective, ‘fig-leaves.’

**וַיַּעֲשׂוּ לְהֶם** ‘and they made themselves.’ The personal pronoun is used for the reflexive, as often with this verb; cf. Ges., § 124. 1 b; M. R., § 89 a.

8. **קֹול**, not ‘the voice,’ but ‘the sound,’ as in 2 Sam. 5, 24. 1 Kings 19, 12.

**לְרוּחַ הַיּוֹם**. ‘About the cool of the day,’ so 8, 11 ‘about eventide;’ 17, 21 **לִמְעוֹד הַזֹּה** ‘about this date;’ also Is. 7, 15 **לְדַעַת** ‘about (the time of) his knowing,’ cf. Ges., § 154. 3 e; M. R., § 51. 2. In the East, towards evening a cool breeze springs up (cf. Song of Songs 2, 17. 4, 6) and the Oriental goes out; so 24, 63 **לְפָנֹת הַעֲרָבָה**. The LXX render well τὸ δειλινόν. In 18, 1 the noontide is called **חֵם הַיּוֹם** ‘the heat of the day’ (LXX, excellently, μεσημβρίας); Abraham being described as sitting in the door of his tent.

9. **אַיִּכָּה**. The suffix (as it is pointed) is a verbal one; cf. Ges., § 100. 5; M. R., § 39; **אַיִּכָּה** standing for **אַיִּינְכָּה**; cf. Prov. 2, 11 **תַּנְצַרְבָּה**, and with the nun, Jer. 22, 24 **אַתְּקַנְנָה**; see Ges., § 58. 4; Dav., § 31. 5. Stade, § 355 b. 3, remarks that ‘It is due to false analogy if the Pausal suffix **הָ** is transferred from the verb to a noun,’ and cites with this passage, Prov. 25, 16 **דִּין**, and other instances. It is possible, however, that the vowel points in these cases are not to be trusted as they stand in our texts.

The **ה** at the end of **אַיִּכָּה** is merely a *scriptio plena* (found both in obj. and subj. suffixes),—as Prov. 2, 11; **תַּנְצַרְבָּה** etc.; ver. 12 **נַחַת**. Ex. 15, 11 **כִּמְכָה** (twice). 1 Sam. 1, 26 **עַמְכָה**—and in no way affects the sense.

10. **אָנֹכִי**. The Mass. note here is **לְעִלּוֹת**, i.e. the word is, contrary to rule, accented on the penult.; cf. Ges., § 29. 4 c;

Dav., § 10. 5 b. As a rule the vowel in pause is lengthened, this cannot take place here as the vowel is already long. The accents :—, —, and (sometimes) — usually effect this lengthening, when it is possible, in pause. Here the minor distinctive accent — (*Tifcha*) exercises a pausal influence, there being a sufficient break in the sense for the voice naturally to rest; cf. Driver, § 103, and 15, 14 עָבֵדִי (the tone drawn back and the vowel lengthened), which the Massoretes have not noticed. **אתה** and **עתה**, like **אנבי**, transfer the accent to the penult. in pause.

11. **מי הניד כי עירם אתה** is really the object to **כִּי** see M. R., § 161 b, where it is designated ‘an object sentence’; cf. 1, 4.

**לבלתי וגנו**” is used regularly to negative the inf. cstr. after **ל**; cf. Ges., § 152. 1; M. R., § 140. Rem. a.

**המן**. On the pointing of **ה** interrog., see Ges., § 100. 4, s. p.; Dav., § 49. 2. Here **ה** introduces a simple interrogative sentence (cf. Ges., § 153. 2; M. R., § 143), the answer being uncertain (affirmative or negative). **הלא**=Latin *nonne*, the answer expected being in the affirmative.

12. **האשה . . . עטדי**, a *casus pendens*. ‘*The woman which etc. . . . she gave me.*’ **הוא** is resumptive and is inserted for emphasis; see Driver, § 123. Obs.; cf. 15, 4 **כִּי אִם אֲשֶׁר יֵצֵא** 24, 7; **מִמְעַד הָוֹא יַרְשֵׁךְ** . . . **יהוה . . . הַזֹּאת הָוֹא יַשְׁלַח** The *casus pendens* is often used to relieve a long and unwieldy sentence.

**וְאָכַל**. The pausal form of the 1st person. In ver. 6 we have **וְיִאָכַל** and **וְתִאָכַל** as the pausal forms of the 3rd pers. fem. sing. and 3rd pers. masc. sing. respectively; see Ges., § 68. 1.

13. **מה זאת עשית**: cf. 12, 18. M. R., § 93. Rem. c, renders, ‘*What, this, hast thou done?*’=what hast thou done

*there?*' taking זאת in opposition to מה. The A. V. and Syr. render it as a relative sentence, '*what is this thou hast done?*' Del. adopts the former rendering, remarking that the corresponding question in Arabic, whether the demonstrative belongs to the interrogative, or whether it should be rendered as our Eng. Ver. does, was a subject of dispute among the Arabic grammarians. He points out that the Massoretic punctuation favours the first rendering. LXX render slightly differently, τι τοῦτο ἐποίησας; so Vulg. *quare hoc fecisti?* On the dag. in the 1 of זאת, see on 2, 18.

14. אָרוֹר אַתָּה מִכֶּל וְגוּ". LXX, ἐπικατάραπος σὺ ἀπὸ πάντων κ.τ.λ. Vulg. *maledictus es inter omnia*, etc. Render as the Vulg. '*Cursed art thou among all beasts*,' i. e. '*marked out by a curse from*,' etc. The other renderings, '*cursed by all beasts*,' i. e. '*these shall hate and abhor the serpent*,' or '*more cursed than*,' as apparently A. V., are untenable: for, as Knobel points out, the curse comes from God, not from the beasts, who had no reason to curse, and is aimed at the serpent only; not at the other beasts, as there is no ground assigned for cursing these. For this use of נָמָן, cf. Ex. 19, 5. Deut. 14, 2. Judg. 5, 24.

כָּל יְמֵי חַיֶּךְ, acc. of time; cf. Ges., § 118. 2; M. R., § 42.

15. הַוָּא יְשֻׁוֹפֵךְ רָאשׁ וְגוּ". עֲקָב and רָאשׁ are accusatives of limitation; cf. Ges., § 139. 2, s. p.; M. R., § 44 and Rem. a; Ewald, § 281 c; so 37, 21; לא נָכַנוּ נְפָשׁ; Deut. 33, 11 מְחִין מְתָנִים 1; קְרָדֵךְ קְמִיוֹ; Jer. 2, 16 יְרֻעֹךְ קְרָדֵךְ. Hebrew in this respect is analogous to Greek; cf. τυφλὸς τά τ' ὅτα τόν τε νοῦν τά τ' ὄμματ' εἰ, 'blind both in ears and mind and eyes art thou'; βλέπω κολοιὸν τῶμματ' ἐκκεκομμένον, 'I see a jackdaw pecked out as to his eyes.' שׁוֹפֵךְ occurs again Job 9, 17. Ps. 139, 11. The only meaning which can be philologically defended is '*crush*'.

This meaning suits Job 9, 17, but not Ps. 139, 11. The alternative rendering is, ‘lie in wait for,’ a kindred form with שָׁאַף ‘to pant after;’ it suits Ps. 139, 11 (cf. Del. in loc.) better than ‘crush,’ but a word = ‘cover’ is required: hence some read there יִשְׁבֶּןִ, so Ew., Ges. in *Th.* שׁוֹפֵף = ‘to crush’ is justified by the Aramaic usage of שְׁזַפֵּךְ and שְׁזַפֵּה or שְׁזַפֵּת, e.g. in Onq., Deut. 9, 21 וַיַּשְׁבַּחֲתִי יְתִיר ‘and I crushed it,’ i.e. the calf; Targ. on Job 14, 19 אָבְנֵי שִׁקְפָּא מִיא ‘the water crushes the stones.’ And in Syriac, Ex. 32, 20 (Pesh.) (=Heb. וַיַּמְתַחֵן) ‘and crushed (better scraped) it with a file.’ [It should be remarked that in Syriac the roots שְׁמַעַת and שְׁמַעַת are confounded one with the other, as Bernstein points out l. c.] Cf. Levy, *Chald. Wörterb.*; Bernst., *Lex. Syr.* sub voc. Di. admits that the meaning ‘crush’ suits the first part of the clause, i.e. the man’s crushing the serpent’s head, but denies its application to the serpent, and adopts the rendering ‘lie in wait for,’ which he attempts to justify by appealing to שָׁאַף; but this meaning is not so certain as the meaning ‘crush,’ and the double acc. after the rendering ‘lie in wait for’ is difficult. שָׁאַף is applied to the serpent in the second half of the verse by a kind of zeugma, the same verb being used to express the mutual nature of the enmity (Kal.); compare Del., and Tuch, 2nd ed., who compares ‘feriri a serpente,’ Pliny, xxix. 4. 22. The Vss. render variously. In the LXX the reading varies, both τηρήσει . . . τηρήσεις and τειρήσει . . . τειρήσεις occurring. The Vulg. has ‘ipsa conteret caput tuum, et tu insidiaberis calcaneo ejus;’ but שׁוֹפֵף cannot have a different meaning in each half of the sentence. Syriac has حَمَعَهُ بَلْ وَ فَمُقْبَلٌ أَيْمَنٌ بِأَسْتَوْبَهُ حَمَعَهُ, using different words in the two parts of the clause, but giving שׁוֹפֵף a similar sense in each half. Onq. paraphrases הִיא יְהָא רְבִיר [לְזָה] כִּיה דְּעָבְרָתְּ לִיה מַלְקָרְטִין וְאַתְּ תְּהִי נְטָר לִיה לְסֻפָּא:

'he will remember against thee what thou hast done to him from the beginning, and thou wilt guard against him to the end.' Targg. Jon. and Jer. paraphrase widely, but seem to have rendered שׁזַף 'crush.'

16. **הָרְבָה אֶרְבָּה** 'with a multiplying, I will multiply,' i. e. 'I will greatly multiply;' cf. the rule on 2, 16. **רְבָה** has two forms for the inf. abs. Hif'il: (1) הִרְבֵּה (which would be the regular form) used as an adverb; (2) הִרְבָּה, see Ges., § 75. iv. Rem. 15: only here and 16, 10. 22, 17.

**עַצְבּוֹנֵךְ וְהַרְוֹנֵךְ**. Not a hendiadys, 'the pain of thy conception,' Ges., § 155. 1 a, but 'thy pain and (especially) thy conception:' waw attaching the *particular* **הַרְוֹנֵךְ** to the *general* **עַצְבּוֹנֵךְ**; cf. Ps. 18, 1. Is. 2, 1. **הַרְוֹן** is an abnormal formation, which occurs nowhere else in the O. T. The abs. state is **הַרְיוֹן** (Hos. 9, 11. Ruth 4, 13), cstr. **הַרְיוֹןָה**; with suffix **הַרְיוֹנָה** and shortened **הַרְיוֹנָה**; see Stade, § 297.

**תְּשֻׁקְתָּךְ**. The LXX here, and 4, 17, render with ἀποστροφή, possibly reading **תְּשֻׁבְתָּךְ**; cf. their rendering in 1 Sam. 7, 17. Frankel, *Einfluss*, p. 10, suggests that the LXX rendering is a free euphemistic translation of the Heb. word. The word **תְּשֻׁקָה** is only found once again outside the book of Genesis, viz. in the Song of Songs 7, 11 **תְּשֻׁקָתוֹ** ; and LXX, ἐγὼ τῷ ἀδελφιδῷ μου, καὶ ἐπ' ἐμὲ ἡ ἐπιστροφὴ αὐτοῦ.

17. **וְלֹאָדָם**. On the pointing **וְלֹאָדָם**, adopted by some, see the note on 2, 20. The punctuators, excepting here, ver. 21 and 2, 20, always point **אָדָם** with the article up to 4, 25, where it is first used as a proper name.

**בְּעֵבּוֹרֶךְ**. The LXX (*ἐν τοῖς ἔργοις*) and Vulg. ('in opere tuo') seem to have read **עֵבּוֹרֶךְ**, which they apparently took as **עֵבּוֹרֶךְ**. Tuch considers the variant as perhaps due to the parallel passage 4, 12.

18. **קוֹץ וְדָרְדָר**. Cf. Hos. 10, 8. Only in Isaiah do we find the phrase **שְׁמִיר וְשִׁתָּה**, e.g. Is. 5, 6. **דָרְדָר** occurs but once again in Hos. 1. c.

**וְאַכְלָתָה**. Notice the place of the tone, which has been thrown forward one place by waw conv. with the perfect; see for details, Driver, § 110: cf. also Ges., § 49. 3; Dav., § 23. 3.

19. **תַּאֲכֵל לְחַם**. The tone is drawn back on to the penult., to avoid the concurrence of two tone syllables; see Ges., § 29. 3 b.

**עַד שׁוֹבֵךְ אֶל הָאָדָمָה**. On the construction, see Ges., §§ 132. 1, 133; M. R., § 111 b; and above 2, 4. Render, ‘until thou return;’ (as Arabic shews; see Wright, *Arab. Gram.*, i. p. 311) is to be regarded as the genitive after **עַד**, taken as a subst.

**כִּי מִמְנָה**. Some render, ‘from which thou wast taken,’ lit. ‘which from it thou wast taken;’ **כִּי** being regarded as equivalent to the relative **אֲשֶׁר**; so in 4, 25; cf. Ges., § 123. 1; M. R., § 156: so all the Vss. here and in 4, 25, except the Sam., which has **אַזְכָּר** here and **אַזְכָּר** in 4, 25. But as the passages cited in defence of this are not conclusive, it is better to render ‘for’ here and in 4, 25. ‘Until thou returnest unto the ground; for thou wast taken from it’ (pause, this half of the verse being marked off from the second half by *Athnach* [—], the second strongest prose accent): ‘for dust thou art,’ etc.

20. **חַוָּה** = ‘*Life*’ or ‘*Living*,’ not ‘*Life-giver*.’ It is equivalent to **חַיָּה**, the form used here being antiquated in Heb., but preserved in Phoenician (Di.). LXX here **ζωή**, in the other passage where it occurs (4, 1) **Εὕα**. **ζωή** is probably intentionally used by the LXX, being occasioned by the explanatory addition **כִּי הוּא הַיִתָּה וְנוּ**”

22. ‘*And Yahweh Elohim said, Behold the man hath become*

*as one of us, so as to know . . . and now that he may not stretch forth his hand and take,' etc.*

**כְּאֶחָד מִמְנוּ**. On the construct state before the preposition, see Ges., § 116. 1; M. R., § 73. Rem. a. It is especially frequent with **אֶחָד** and **מִן**, Lev. 13, 2. Num. 16, 15. 1 Sam. 9, 3. 1 Kings 19, 2, etc.

**לְשֹׁאֵל לְכֶם לְדַעַת וְגַם** "so as to know:" cf. 1 Sam. 12, 17. **בְּצִפּוֹר לְנוֹר כְּדֻרוֹר לְעוֹפָה מֶלֶךְ**. On this usage of the inf. with **ל**, see Driver, § 205; Ewald, § 280 d.

**פָּנִים** is used here independently, as in Ex. 13, 17; cf. Ewald, § 337 b; M. R., § 164 b; 'without indicating that the sentence which it introduces is dependent on another.' The formula, '*For he said . . . lest*', occurs frequently, and always implies that some precaution is taken by the speaker to prevent what he fears happening; e.g. Ps. 38, 17 (compare Del., *Die Psalmen*, p. 323, 4th ed.). Gen. 38, 11. 42, 4. Ex. 13, 17, etc.

**וְלָקַח**. The perfect with waw conv. after the imperfect with **בָּן**: so 19, 19; **פָּנִים תְּדַבְּקַנִּי . . . וְמַתִּי** Ex. 1, 19. Three times (Ps. 2, 12. Jer. 51, 46. Prov. 31, 5) we find the imperfect repeated after **פָּנִים**, instead of a perf. with waw conv.; see Driver, § 115 end, and § 116.

**וְתַּחֲזִיקִי**. Perf. with waw conv. pointed with pretonic qameç; so 19, 19 **וְתַּחֲזִיקִי** (notice the tone; cf. the note there); 44, 22 **וְמַתִּים**: see on 1, 2.

**חַי** is perf. from **חַיָּה**: see Ges., § 67; Dav., § 42.

24. **אֶת הַכְּרֽוּבִים** 'the cherubim.' These appear in the Old Testament always in connection with God's manifesting himself to the world. In the tabernacle they hovered over the ark (Ex. 25, 18 ff.). In Solomon's temple they are represented as stationed on the floor of the Holy of Holies, spreading out their wings from one side to the other (1 Kings 6, 23).

1 Chron. 28, 18). In Ez. 1 and 10 they form God's living chariot, in which he appears to the prophet; and in Ps. 18, 11. 2 Sam. 22, 11 God is represented as riding on a cherub to judgment: cf. Ps. 80, 2. 1 Sam. 4, 4. 2 Sam. 6, 2, where God is described as יְשָׁב הַכְבִּד. From 1 Kings, l. c., we find that the cherub had an upright form, partly human, with one face (Ex. 25, 20), two wings (1 Kings 6, 24), and possibly hands. In Ez. 1 and 10 a somewhat fuller and different description of the cherubim is given: 'with the similitude of a man, four wings' (Ez. 1, 11. 23), two of which served to cover their bodies, and with two of which they flew; and under their wings human hands (Ez. 1, 8. 10, 7. 8, 21), with four faces (Ez. 1, 10. 10, 14), one human, one that of a lion, one that of an ox, and one that of an eagle, and the soles of their feet like those of a calf (Ez. 1, 7). Lastly (Ez. 1, 18. 10, 12; cf. Rev. 4, 6), their whole body was studded with eyes. It is uncertain whence the Hebrews derived their idea of the cherubim; possibly the winged forms on the Assyrio-Babylonian and Egyptian monuments exercised some influence on their conception of the cherub, but it is doubtful whether they borrowed the idea from either the Egyptians or Assyrians (cf. the authorities cited below).

The etymology of the word is uncertain. (i) Some connect it with the Aramaic **כָּרֵב**, **כָּרֵב** = *aravot*; so **כָּרֵב** = *arator*, *bos*: cf. Ez. 10, 14 with 1, 10. (ii) Another view is that **כָּרֵב** is transposed for **כָּרְבָּב** = 'chariot,' i. e. '*the divine chariot*': cf. 1 Chron. 28, 18, where the **כָּרְבִּים** are explained by **הַמְרֻכֶּה**; so Rödig. in Ges., *Thes.*; M. and V., *H.W.B.*, 9th ed. (iii) Hyde (quoted by Ges., *Thes.*, p. 710) considers that **כָּרֵב**, i.e. '*he who is near God*,' '*his servant*' (iv) Maurer on Is. 6, 2 explains **כָּרֵב** as from **כָּרֵם** = *nobilis*, **כָּרֵם**, **כָּרֵם**.

*fuit.* (v) Another view is that כָּרֹב is to be connected with the Arab. كَرْب ‘adstringere,’ so כָּרֹב ‘a strong being’ (Rosenmüller); cf. viii. (vi) Ges. in the *Thes.* proposes a derivation from כָּרֹב=כָּרְבָּה, Arab. حَرَم ‘prohibuit a communi usu.’ = ‘custos,’ ‘satelles,’ i.e. Dei, ‘qui profanos arcet.’ All these are most precarious and improbable. (vii) Vatke, see Ges., *Thes.*, 711, assigned a Persian origin to the word, regarding it as the same as the Greek γρύψ, γρυπός, ‘quod a Pers. گرفتن (greifen) prehendere, tenere, derivabat Chr. Th. Tychsen (Heeren’s *Ideen*, i. p. 386), vel idem esse volunt atque γρυπός naso adunco nostrove praeditus.’ (viii) Del., *Par.*, 154, connects it with an Assyrian root ‘karābu’ (from which an adj. ‘karābu’ is derived)=‘to be great, powerful;’ cf. Schr., *K. A. T.*<sup>2</sup>, p. 39. The word reads like a foreign one, but it seems that nothing can be affirmed as to its meaning with certainty. See further, Di. in *Schenkel’s Bibel Lex.*, 1. 509 ff.; Keil., *Bib. Arch.*, 2nd ed., i. 92 ff.; Winer, *R. W. B.*; Riehm, *H. W. B.*, art. *Cherubim*; Del. *Comm.* and Di. *Comm.* on this passage; also Cheyne, art. *Cherub*, in *Ency. Brit.*

**וְאַתָּה לְהֹט הַחֲרֵב** ‘and the blade of the waving sword.’

**הַחֲרֵב.** The article is pointed according to Ges., § 35. 2 A; Dav., § 11 b; and is placed before the genitive, and *not* before the cstr. state, by Ges., §§ 110. 2, 111. 1; M.R., § 76. II. a.

**הַמִּתְהַפֵּכְת**, lit.=‘the one turning itself about:’ cf. on 2, 11; also M. R., § 92. Rem. a. The form is a participle fem. sing. Hithpa’el of הַפֵּךְ, being formed as a segholate noun, and so accented on the penult.: see Ges., § 95. Rem. 2. 3. 4; Dav., p. 196, esp. 2.

**אֶת דֶּרֶךְ עַץ הַחַיִם** ‘the way to the tree of life:’ so 16, 7  
**דֶּרֶךְ תְּמִנָּה** 14 ‘the way to Shur;’ 38, 14 ‘the way to Timnah;’ 48, 7 ‘בְּדֶרֶךְ אֶפְרַת’ ‘on the way to Ephrath.’ Hebrew

uses the cstr. state (implying belonging) to denote ideas which are made clearer in English by the use of a preposition.

4

1. יְדַי 'to get to know,' 'make the acquaintance of,' so euphemistically = 'concubuit cum ea;' used again in this sense vers. 17. 25. 24, 16, and often. This meaning has passed over into Hellenistic Greek; cf. γιγνώσκειν, often used by the LXX for the Hebrew יְדַי, e.g. here. Cf. also in the New Testament, Luke 1, 34 ἐπεὶ ἀνδρα οὐ γιγνώσκω. The Pesh. has يَعْلَمُ, which is again used in the same sense in their version of Matt. 1, 25 οὐκ ἐγίνωσκεν αὐτήν = ~~אָמַדָּה~~ <sup>אָמַדָּה</sup> לֹא.

**קַיִן** ‘*Kain*,’ elsewhere a nom. app.=‘*spear*,’ 2 Sam. 21, 16, or a nom. prop. of a people, Num. 24, 22. Judg. 4, 11. The text here seems to connect קַיִן with the root קָנָה ‘to gain,’ ‘acquire;’ but this explanation must not be regarded as an etymology. The name was given, not because it was derived from קָנָה, but as recalling to mind this word: compare such proper names as נוֹחַ, שְׁמוֹאֵל (not *derived from*, but *recalling to mind* *mashah*). Gesenius derives קַיִן=‘*to forge*,’ Arab. قَيْنَ, قَانَ, ‘*a smith*,’ Syr. گَمْلُنْ; and supposes that קַיִן in this passage means ‘*spear*,’ as in 2 Sam. 21, 16.

**את יהוה.** LXX, διὰ τοῦ Θεοῦ. Syr. **כָּמֹל**, 'for the Lord.' Onq. **מִן קֶרֶם**, 'from before Yahweh.' Vulg. 'per Deum.' The Targ. of Ps.-Jon. has **יְהִי לְנַבָּרָא יְתִימָלָכָה דָּי**, 'I have gotten as man the angel of the Lord,' possibly meaning the Messiah. The **תָּה** has been variously explained. I. Di. and others render 'with Yahweh,' i. e. through his assistance, with his help; so LXX, though it is uncertain whether διά is a free rendering, or whether they had **מִתְּה** for **תָּה** in their text, and similarly the Vulg. and Onkelos. Elsewhere, to be sure,

we find **עם** used in this sense, and not **את**; cf., for example, I Sam. 14, 45 כִּי עַם אֱלֹהִים עָשָׂה; still **את** may be regarded as synonymous with **עם**, as may be inferred from its alternative usage with **עם** in the phrase ‘*to be with one*,’ i.e. help him; cf. 26, 3 עַמְךָ with 21, 28, 15. 31, 3 עַמְךָ, but 26, 24. 39, 2 **את**. II. a. Others (Luther, etc.) render, ‘*I have gained a man, the Lord;*’ **את יְהוָה** being a second acc. of nearer definition, so 6, 10 **בְּנֵים אַת שֵׁם**; 26, 34; Judg. 3, 15; Eve supposing she had given birth to the Messiah; see Ps.-Jon., above. b. Or as Umbreit, ‘*I possess as a man, Yahweh*’ **אִישׁ** acc. of the predicate. But against a it may be urged that there is nothing in the text to justify the idea that Eve thought she had given birth to the Messiah (cf. also 3, 15); and against b that it gives no explanation of the name of the child.

2. **וַתִּסְפַּח לְלֹדֶת**, ‘*and she bare again;*’ cf. ver. 12. The finite verb in Hebrew corresponds to the adverb in our idiom. We find other verbs used in Hebrew to express adverbs, e.g. מַהֲרָה ‘*to hasten;*’ cf. Ges., § 142. 1. 2; M. R., § 114 a.

**וַיְהִי הַבָּל רְעוֹה צָאן וְקִין**. is placed before the verb to which it belongs in order to slightly emphasize the contrast between the occupations of Kain and Abel. M. R., § 131. 1 b. Rem. c, compares μὲν . . . δέ in Greek. **הַבָּל** has been explained as meaning ‘*a breath*,’ ‘*nothing*,’ possibly with reference to his short life; but it is doubtful if the name can be brought into connection with this meaning. In Assyrian ‘*Habal*’ is a common word for son.

**רְעוֹה** is a participle in the cstr. state, ‘*a shepherd of;*’ **רְעוֹה** would be the abs. state, and **צָאן** would then be in the acc. case. Both constructions are possible, cf. 22, 12 יָרָא אֶלְהִים with Ex. 9, 20; פִּירָא אֶת־דִּבֶּר יְהוָה; see other examples in Ges., § 135. 1; M. R., § 121.

3. **מִפְרֵי**. The prep. **מִן** must be taken here in a partitive sense, ‘*some of*,’ cf. 8, 20; וַיָּקֶח מִכָּל־הַבְּהָמָה 27, 28; מִטְלָה Ex. 12, 7. Ges., § 154. 3 c; M. R., § 94 a.

**מִנְחָה**. 1. ‘*a gift*’ 2. ‘*an offering (to God)*’ but not to be taken in this passage in its more restricted sense ‘*the meal offering*,’ as opposed to זְבֹחַ, ‘*the meat offering*.’ The LXX render it here by θυσίαν.

4. ‘*And Abel too brought.*’ נִמְצָא with the pronoun repeated is emphatic; cf. ver. 26 נִמְצָא הוּא. וְלֹשֶׁת נִמְצָא.

וּמְחַלְבָהָן, *scriptio defectiva*, for **ומְחַלְבֵיהָן**. The sing. would be חַלְבָהָן. Other instances of *scriptio defectiva* are, 1, 21 לְמִינֵיהם. Job 42, 10 for רְעֵיָהוּ. Ex. 33, 13 for דְרֵכֵיכֶם. see Ges., § 91. 2. Rem. 1. ‘The singular would be permissible here (Lev. 8, 16. 25), but would not express the plurality of animals so distinctly’ (Di.). The plural here, as in Lev. 6, 5, =‘*fat pieces*.’ In the Levitical service the offering of the first-born of the flock and their fat portions is enjoined; cf. Num. 18, 17.

**וַיַּשְׂעִיר**. Impf. Qal from שָׂעֵה, apocopated from שָׂעָה, יְשַׂעַר=שְׂעָר; cf. Ges., § 75. Rem. 1. 3 a, b, c; so יְשַׂר from יְחַר. in ver. 5. The verb שָׂעָה is rare in prose.

5. **וַיָּהַר לְקַיּוֹן**. So 18, 30. 32. 31, 36, and often. I. Either אֲף may be understood, ‘*it (anger) was hot for Kain*,’ or II. חָרָה may be taken impersonally, ‘*it was hot to Kain*.’ On this impersonal use of the 3rd perf. sing., cf. Ges., § 137. 2; M. R., § 124.

7. Render, ‘*Is there not, if thou doest well, lifting up? and if thou doest not well, at the door sin croucheth; and towards thee is its desire, but thou oughtest to rule over it?*’ שְׁאַת (for שְׁאָת inf. cstr. of נִשְׁאָת, cf. Ges., § 76. 2 a) must be explained from the phrase פָנִים נִשְׁאָת=‘*to lift up (one’s own) face*,’ the

opposite of נָפְלוּ פְנִים in verse 6; so Tuch, Ke., Del., and Di.: compare also the usage of language in Job 10, 15. 11, 15. 22, 26. Lifting up of the face=‘cheerfulness, joy;’ falling of the face, ‘sadness or moroseness.’ The Vss. render variously. LXX has οὐκ ἐὰν ὁρθῶς προσενέγκης, ὁρθῶς δὲ μὴ διεληγεῖς, ἡμαρτεῖς ἡσύχασσον, possibly connecting שֵׁאת with מִשְׁאַת 43, 34, and taking פָתָח in the sense of dividing, and perhaps reading חַטָּאת רַבֵּץ; cf. their rendering of רַבֵּץ in Job 11, 19. Frankel, *Einf.*, p. 67, considers that this translation refers to some proverb current at the time the translation was made. Pesh. has, הִנֵּה תְּמֻכָּה וְלֹא תְּמֻכָּה כַּאֲזָמֵן וְכַאֲזָמֵן ‘Behold if thou doest well thou receivest; and if thou doest not well, at the door sin croucheth,’ taking שֵׁאת in the sense of receiving; so Vulg. ‘Nonne si bene egeris recipies, sin autem male, statim in foribus peccatum aderit,’ but this is not in keeping with the context. Onq. has, הַלֵּא אֶסְתֹּוּתִיב עַזְרָךְ יְשַׁתְּבֵיכְךָ לַיּוֹם דִּינָא חַטָּאה נְטוּר עַתִּיד לְאִתְפְּרֹעָא לְהָזֵם וְאִם לֹא חַטָּאב עַזְרָךְ לַיּוֹם דִּינָא חַטָּאה נְטוּר עַתִּיד לְאִתְפְּרֹעָא כִּי־בְּקָה אֶסְתֹּוּתִיב וְאֶסְתֹּוּתִיב יְשַׁתְּבֵיכְךָ לְהָזֵם If thou doest thy work well thou wilt be pardoned; but if thou doest not thy work well, for the day of judgment thy sin is laid up, ready to take vengeance upon thee, if thou dost not repent; but if thou repentest thou shalt be forgiven,’ paraphrasing, but taking שֵׁאת in the sense ‘forgive:’ this rendering of Onqelos’ is also out of harmony with the context.

**חַטָּאת רַבֵּץ.** ‘Sin is at the door (cf. Prov. 9, 14) a lurker.’ Sin is compared to a ravenous beast lying in wait for its prey; perhaps a lion is here intended (cf. the Arabic name for the lion أَلْرَابِضُ ‘the lier in wait’); cf. 1 Pet. 5, 8. Sin being personified is viewed as masc., so we have רַבֵּץ, and the masc. suffixes in השׁוֹקֵחַ and בּוֹ; cf. Ges., § 147. Rem. 2; M. R., § 135. 4 a; Ewald, § 318 a. See also Kalisch, *Heb. Gram.*, I. § 77. 13.

8. **וַיֹּאמֶר קִין וְגֹן**. LXX, Itala, Pesh., Vulg., Sam., Targ. Jer. have given in their translations נָלְכָה הַשְׁדָה, which does not stand in the Mass. text. Frankel, *Einfl.*, p. 55, objects to נָלְכָה on the ground that a Hebrew would say נִצְאָה, not נָלְכָה, and regards the addition in the LXX as a gloss; but though this is the more usual phrase, yet we have 27, 5 אלְכָה נָא הַשְׁדָה; Ruth 2, 2 וַיַּלֵּךְ עֲשֹׂו הַשְׁדָה בְּלֹא (**פְּסָקָא**, Wright); and according to Del. it is doubtful whether the **פְּסָקָא** is found in the best authorities. Some (Bött., Kn.), unwilling to accept a lacuna, read וַיִּשְׁמַר, cf. 2 Sam. 11, 16 ‘he laid in wait for.’ Tuch, comparing Ex. 19, 25, where he takes וַיֹּאמֶר אֲלֵיכֶם (as is always followed by what is said) in the sense ‘Moses spake to the people what God had said to him,’ ver. 27 (cf. Ewald, § 303 b, 2), renders, ‘And Kain said it,’ viz. what God had said to him. This is, according to Di., ‘something psychologically quite improbable.’

”**בְּהַיוֹתָם וְגֹן**” lit. ‘In their being in the field,’ i. e. ‘when they were in the field.’ LXX, ἐν τῷ εἶναι αὐτοὺς κ.τ.λ., cf. 2, 4 **בְּהַבְּרָאָם** and the note there.

10. **מַה עֲשִׂית מָה**. pointed with  $\overline{\text{פ}}$  before the guttural with  $\overline{\text{ט}}$ , according to Ges., § 37. 1; Dav., § 13, ‘**מָה**’ assumes a pointing quite like the article.’

**קָול דָּמִי**. I. ‘Hark, thy brother’s blood crying!’ **קָול** is used as an interjection, as in Jer. 10, 22. Is. 13, 4; cf. Ges., § 148. 1: **צַעֲקִים** being in apposition to **דָמִים**, Ewald, § 317 c. II. M. R., § 135. 3 c, takes it apparently as an instance of the predicate agreeing with the genitive instead of the cstr. state, as is always the case, for example, with **כָל**; M. R. renders, ‘The voice of thy brother’s blood-drops cry.’ The Sam. reads **צַעֲקָה**. **דָמִים** = blood violently shed.

**אָרוּר אַתָּה מִן הָאָדָמָה.** Cf. 3, 14. I. ‘Cursed art thou away from the ground,’ or II. ‘Cursed art thou from,’ etc., i. e. the curse shall strike thee from the ground, cf. ver. 12. I. is adopted by Tuch and Del., II. by Ibn Ezra, Keil, Kn. The rendering ‘Cursed art thou by’ is untenable, as curses are represented in the Old Testament as coming from God or man, never from the ground. The rendering ‘More cursed art thou than’—though 3, 17. 8, 21 may be cited in its favour—does not suit the context here; cf. ver. 14, which favours I, more stress being laid in the narrative on Kain’s banishment than on the unfruitfulness of the soil, or on the difference in the curses laid on Kain and the ground.

**לְכָن הַרְחִיבָה שָׁאֵל נֶפֶשָׁה 14 אֲשֶׁר פְּצַתֵּה אֶת פִּיהָ וּפְעֻרָה פִּיהָ לְבָלִי חַק.**

**לֹא תִסְף תֵת.** The jussive with **לֹא** is rare, cf. 24, 8. Joel 2, 2. Ez. 48, 14. Ewald, § 320 a. 1; Driver, § 50. Obs.

**אֵם כְּחָה אֲכַלְתִּי.** Cf. Job 31, 39.

**נָגֵן וְנָדֵד.** The LXX paraphrased to reproduce the paronomasia, στένων καὶ τρέμων; Hier., ‘vagus et profugus.’

**גָדוֹל עוֹנוֹי מִנְשָׁא 13.** lit. ‘Greater is my punishment than bearing,’ i. e. ‘my punishment is too great to bear.’ **מִן** before the inf. cstr., as in Ps. 40, 6. **עַצְמוֹ מִסְפֵּר 6**. 1 Kings 8, 64. **קְטֹן מִהְכִּיל**.

**עֹונָה** = ‘sin,’ including its consequence, punishment, which is represented as a burden heavy to bear; cf. Is. 24, 20. Ps. 38, 5.

**נְשׂוֹא**, inf. cstr. with the **נ** retained, Ges., § 76. 2 a; cf. Num. 20, 21 and Gen. 38, 9 **נְחֹזֶן**, by the side of the more usual form **נְתַתֶּן**. The Vss. mostly render, ‘My transgression is greater than forgiving,’ i. e. ‘too great to be forgiven,’ which is grammatically possible, but not so suitable here, as in ver. 14, Kain speaks of his punishment, not with a view to its removal

through the forgiveness of his offence, but with a desire that it should be mitigated.

14. **כל מצאי** = **כָל מִצְאֵי** = ‘every one that findeth me,’ lit. ‘my finder.’

The participle may either govern its case like the verb, or may stand as a substantive in the cstr. state followed (as here) by a suffix or a genitive; cf. Ges., § 135. 1; M. R., § 121; cf. also § 80. 2 a and Gen. 32, 12, ‘<sup>וַיַּגַּד אֲתֹה</sup> timens eum,’ 23, 10. 18; Ex. 1, 4; ‘<sup>בָּאֵי שָׁעַר עִירֹו</sup> יְרַק יְעַקֵּב’ Comp. note on 4, 2.

15. **כל הרג קין**, **כָל הַרְגֵּן קִין**, *casus absolutus*, ‘Every one that slayeth Kain, he (Kain) shall be avenged’ (cf. ver. 24); or ‘vengeance shall be taken,’ so Kn.; and this is perhaps preferable, the change of subject involved in the first way being a little harsh, though perhaps supported by ver. 24. **כל הרג קין** = **כָל הַרְגֵּן קִין** = ‘every one, or any one, that killeth,’ is virtually a hypothetical sentence, ‘if any one kills Kain;’ cf. Ges., § 145. 2. Rem.; Ewald, § 357 c (Prov. 23, 24. 1 Sam. 2, 13, cited by Gesenius, are somewhat different, the apodosis being introduced by 1. Job 41, 18 is a better parallel).

**שבעתים** = **שְׁבֻעַתִּים** = ‘sevenfold,’ so Arv., 2 Sam. 12, 6, ‘fourfold;’ see Ges., § 97. Rem. 1. It may be interpreted, with Tuch, as meaning, Kain’s murder shall be avenged with a vengeance seven times greater than the vengeance taken on Abel’s; sevenfold meaning, as in Prov. 24, 16, ‘manifold,’ ‘many times.’

**יקם** does not mean ‘shall be punished, shall suffer punishment,’ so perhaps LXX, ἐπτὰ ἑκδικούμενα παραλύσει, but ‘shall be avenged;’ cf. Ex. 21, 21.

**וישם ויהוה לך זאת**. The **אות** was given to Kain for his protection, and not as a token of the truth of what God had said, for Kain did not express any doubt as to the truth of what he had been told, and stress is rather laid in the

narrative on Kain's immunity from death in the event of any one attacking him.

**וַיְשַׁם לְקַיִן.** ‘*And gave him a sign.*’ **לְקַיִן**=‘*for Kain’s protection*,’ rather than ‘*on Kain*,’ which would require **לְ** or **בְּ**, cf. Ex. 10, 2. Is. 66, 19. · What this **אֹת** was, cannot be determined; some have conjectured that Kain had a mark set on his forehead, perhaps a horn; others (Haitsma quoted by Di., p. 95) an inscription set somewhere on his person, commencing with **כָּל**, and ending with **יִקְמֶם**; but there is nothing in the narrative to throw any light on the nature of the **אֹת** given to Kain. The LXX have *εθέτο Κύριος ὁ Θεὸς σημεῖον τῷ Καίνῳ*; Pesh. **וְשִׂיא יְהִי לְקַיִן חֲמָס**; Onq. **וְשִׂיא יְהִי לְקַיִן חֲמָס אַתָּה וָנוּ**.

**לְבָلְתֵי הַכּוֹת אֲתָּה**, not **לְבָלְתֵי הַכּוֹת**, because that might mean ‘*that he might not smite;*’ cf. Ges., § 121. 4. Rem. The usual order is here departed from, and the object coming after the infinitive precedes the subject; cf. Ges., § 133. 3; Ewald, § 307 b: see also Is. 20, 5; Prov. 25, 8. **בְּשַׁלֵּחַ אֲתָּה סְרֻגֵּן** i. **לְבָלְתֵי . . . כָּל**. **בְּהַכְלִים אַתָּךְ רָעֵן**, ‘*that no one,’ just as **לֹא חָאכַל מִכְלָעֵין** i. **לֹא כָּל**, ‘*no one;*’ cf. 3, 1, 16. **לֹא תְאַכֵּל כָּל**, ‘*thou shalt eat of no tree.’**

16. **נוֹד** must be the name of a place, as we may infer from **וַיֵּשֶׁב**, and its position after **אָרֶץ** and before **קָרְמָת**; not as the Vulg. ‘*profugus in terra*,’ connecting with **נוֹד** ‘*to wander:*’ so also Onq., who renders **גָּלִיל וּמִטְּלָטָל**. The position of **נוֹד** is as uncertain as that of the garden of Eden. The narrative gives us no real ground for assuming that it was eastwards of Eden, for this can neither be inferred from **קָרְמָת** (LXX, *κατέναυτι*; cf. 2, 14) nor from 3, 24 (Di.). **נוֹד**=‘*banishment:*’

17. **חַנּוֹךְ**=‘*dedication*,’ from **חַנֵּךְ** ‘*to dedicate*,’ prob. a denom. from the root of **חַךְ** ‘*a gum*’ (for **חַמֵּךְ**), prop. ‘*to rub*

*the gums;*’ so in Arabic; it being customary to rub the gums of new-born children with date syrup, which was regarded as an act of dedication or initiation into life; cf. Del., p. 171. Prov. 22, 6.

וַיְהִי בָנָה עִיר ‘and he was building a city,’ i.e. at the time when חָנוֹן was born, the city was not completed, otherwise the narrator had written בָנָה (perf.) or נִבְנֵן (impf. with waw consec.). Other instances where the subst. verb is added to the participle to mark more prominently the duration of the action (i. e. that it is incomplete) are to be found in 37, 2 חָזָה הִיא עַשֶּׂה ‘was shepherding;’ 39, 22 הָיָה רָעָה ‘was shepherding;’ Driver, § 135. 5; M. R., § 14. 2 a; Ges., § 134. 2 c. Ryssel, however, *De Elohistae Pentateuchi sermone*, p. 59, takes this passage differently, his words are ‘Prorsus aliter res se habet Gen. 4, 17, ubi participium loco nominis ponitur [“Städtebauer”].’ This, however, seems harsh and unnatural. For conjectures as to the city חָנוֹן, see Di., p. 96, who says, ‘We are not in a position to identify it geographically.’

**בָנָה עִיר**. The retrogression of the tone in בָנָה is due to the following tone-syllable in עִיר. Two tone-syllables usually do not come together, either the first word is accented on the penult., or deprived of all accent by being connected with the second by Maqqef; cf. Ges., § 29. 3 b; Driver, § 100: so 1, 5 לְגַזְחַק בָנָו 19, 21, 5 כָאַכְלַל קָמָם 21, 5 בְהַולְדַל לוֹ 39, 14 קָרָא לְלִילָה.

**18. וַיּוֹלֶד . . . עִירָד**. The passive verb is followed by the acc. case, as in 17, 5. 21, 5. 27, 42. 40, 20, and often; cf. Ges., § 143. 1 a; Ewald, § 295 b; M. R., § 47.

The meanings of some of the *nomina propria* which follow are very obscure.

**עִירָד** may mean ‘he who flees,’ or ‘the one who flees,’ from עָרֵד, Arab. عَرَد ‘to flee.’ LXX give it by Γαιδάδ, which is inter-

esting as throwing light on their pronunciation of the Heb. **ע**; cf. Γόμορρα; οὐοή, Γάζα; οὐθλία, Γοθολία; רְעוּאָל, *Payouneh*; עֲתַנִּיאָל, Γοθουνήλ; see Frankel, *Vorstudien*, p. 112.

**מְחֹיוֹאָל**, of which **מְחַיְּאָל** is another form, perhaps means ‘blotted out by God,’ or ‘stricken of God,’ = אלְמֻחָה. LXX, Μαλελεήλ. **מְתֻחָשָׁאָל** may mean ‘man that is of God,’ being composed of מֶתֶה, i.e. מֵת with the old case ending אָל, which is found again in פָנוֹאָל and **מְתֻחָשָׁלָח** and פָנוֹאָל; cf. Ges., § 90. 3 b; Stade, § 344 a: of שָׁ, possibly the abbreviated form of the relative pronoun אֲשֶׁר: and of אל ‘God.’ מֵת is preserved in Ethiopic, where it often has the meaning ‘husband,’ as Is. 54, 1. Luke 2, 36. Gen. 2, 23, in the Ethiopic version; see Di., *Ethiop. Lex.*, p. 183. The abbreviated form שָׁ is not found in the Pentateuch, unless we adopt the view of some interpreters who consider נִמְמָה in 6, 3 to consist of בָּבָשׁ, שָׁ, and נִמְמָה; and שָׁלה in 49, 10 to be equivalent to שָׁלָה, i.e. אֲשֶׁר לֹא. It is found in Judg. 5, 7. 6, 17, where it may be due to a north Palestinian dialect, and in the Song of Songs; also in later writings, e.g. Eccles., Lam., late Pss.; while in Phoenician (see Schröder, *Phön. Gram.*, pp. 162–166, and the inscriptions cited by him, note 2, p. 162) שָׁ is the common form, אֲשֶׁר, the full form, being never used. This explanation of the name **מְתֻחָשָׁאָל** is corroborated by the Assyrian; compare Hommel, *Z. D. M. G.*, xxxii. 714, and Lenormant, *Les Origines de l’Histoire* (1880), i. p. 263. A less probable explanation is ‘*Man of Entreaty*’ (‘Bittmann’), from מֵת and שָׁאל. The LXX have Μαθουσάλα.

**וְעִירָד וְילָד**. **וְעִירָד** is generally used of the mother, and the Hif. **וְהַולָּד** of the father; cf. 10, 8 ff. 22, 23.

**לְמַקְמָךְ** cannot be explained from the Hebrew. In Arabic يَلْمَكَ = ‘*a strong young man*;’ possibly **לְמַקְמָךְ** is to be connected with this.

19. Lamech was the first to introduce polygamy, in opposition to the divine injunction in 2, 24.

The names of the wives are given here because it is necessary for the understanding of the song.

**עֲדָה** = 'adornment'; 'אַלְּהָ' shade:' but these two meanings are not quite certain.

**שִׁתִּים** constr. of **שִׁתֵּי**. According to Ges., § 97. I. Rem. 1, the dag. lene after a vocal shewa is due to the fact that the full form of word was **אַשְׁתִּים**. According to Stade, p. 216, **שִׁתִּים** is formed after the analogy of **שְׁנִים** from **שְׁנִי**.

20. The names in this verse are very obscure; cf. Di. for explanations that have been attempted.

**יוֹשֵׁב אֹהֶל וּמִקְנָה**. Jabal was the father of those who dwelt (the sing. taken collectively) in tents, and had cattle, i. e. the first to introduce nomad life. **יוֹשֵׁב** is connected by zeugma with **מִקְנָה**; cf. Hos. 2, 20. Is. 42, 5. Josh. 4, 10. with the acc. or gen. of the place that is dwelt in, so Ps. 22, 4 **יוֹשֵׁב תְּהִלּוֹת יִשְׂרָאֵל**; cf. Is. 33, 14, where **ינּוּר** is construed with an acc. of the place dwelt in.

**מִקְנָה** 'possession,' then 'possession of cattle,' a wider idea than **צָאן**; it comprehends also (e. g. 26, 14. 47, 17) larger cattle, sometimes camels and asses; cf. Ex. 9, 3. Job 1, 3.

21. **אָבִי כָּל תְּפִשְׁתְּ כְּנוּר וּגּוֹ'**. 'The father of all those who handle harp and pipe.' LXX somewhat freely, ὁ καταδείξας ψαλτήριον καὶ κιθάραν. **בְּכֻנּוֹר**, according to Ewald (*Lehrbuch*, § 79 d, § 118 a), who seeks to connect it with **κιθάρα**, is abbreviated from **בְּנִתְר** or **בְּנִתְרָה**. According to *H. W. B.*, 9th ed., it is from **כְּפֵר** **כְּפֵרָה**, Arab. **كَنَّارَة**, Aramaic **כְּנָרָא**, **כְּנָרָא**; from **כְּנָר** 'an assumed onomatopoetic root. Josephus, *Arch.*, vii. 12. 3, describes it as being ten-stringed, and says that it was touched with the plectrum, but cf. 1 Sam.

16, 23. 18, 10. 19, 9. where David is said to touch it with his hand.

עוגב occurs only four times in the Old Testament; here, Job 21, 12. 30, 31 (see Baer in loco, p. 50). Ps. 150, 4; and is taken by the LXX (*κιθάραν*) and Pesh. (קִתְרָה) as a string-instrument; it is better to take it with Targ. Jer., LXX in Ps. 150, and Rabb. as = 'pipe,' perhaps 'a shepherd's pipe.' In the Hebrew translation of the Aramaic parts of Daniel it is used in 3, 5. 10, 15 for סומפוניה.

22. **לֶטֶשׁ כָּל חֲרֵשׁ.** 'A sharpener of every kind of instrument of brass and iron.' The A. V. takes לֶטֶשׁ in a metaphorical sense 'a sharpener,' i. e. 'instructor of every worker in brass,' etc.; A. V. R. 'forger;' Marg. 'an instructor.' חֲרֵשׁ = 'an instrument' does not occur again in the O. T.; the passage (1 Kings 7, 14) cited in *H. W. B.*, 9th ed., being an instance of its ordinary meaning, 'workman.'

The rendering above given is that of Tuch, Del., and most moderns. Dillmann, however, in his note on the passage remarks: 'This explanation, which since Tuch is the one usually adopted, is hardly the meaning of the Massoretes, who—judging from the accent on לֶטֶשׁ and the pronunciation חֲרֵשׁ (where one would rather expect חַרְשׁ)—perhaps supplied (cf. Targ.?) אָבִי from ver. 21, 'a hammerer, (father) of every brass and iron smith.' The falling out of אָבִי must have been very old, as the Vss. do not give it. The LXX have σφυροκόπος χαλκεύς χαλκοῦ καὶ σιδήρου, taking חֲרֵשׁ as a masculine, so Vulg. 'malleator et faber in cuncta opera aeris et ferri,' supporting to some extent Dillmann's view. Onq. paraphrases רְבָהּוּ דְכָל־יְרֻעִי עִבְרִית נְחַשָּׁא וּבְרַזְלָא, but apparently did not view חֲרֵשׁ as = 'an instrument.' Ps.-Jon. has much the same as Onq., רב לְכָל־אֹזְנוֹן דַּידְעַ בְּעַבְדִּית, 'the master of every workman'

*who understands the working in'* etc.; also taking חַרְשׁ as a participle. If חַרְשׁ be taken as a subst. it is a participle neuter; cf. יָוֹתֶר 'that which remains over,' 'that which is gained,' so 'an advantage, benefit, gain,' נְבָלָה; in Isa. 28, 4 נְעִמָה = 'die Liebliche, the amiable, lovely one.'

23, 24. Lamech's Song. It consists of three verses, each containing two lines. It may be rendered thus:

23 (a). 'Ada and Zillah hear my voice ;'

(β). 'Ye wives of Lamech, give ear unto my speech :'

(α). 'Surely a man have I slain for wounding me,'

(β). 'And a young man for bruising me :'

24 (a). 'If Kain shall be avenged sevenfold,'

(β). 'Then Lamech seven and seventyfold.'

With ver. 23, cf. Isa. 28, 23. 32, 9.

23. שְׁמַעַנָה פְּתַעֲנָן for שְׁמַעַנָה; cf. קְרָאֵנָה, Ex. 2, 20, and Ges., § 46. Rem. 3; Stade, p. 334, § 612 a.

כִי not 'for,' nor=the ὅτι *recitativum*, of the N. T., introducing the words of the speaker (as e. g. 21, 30); but= 'certainly, surely'; cf. Ex. 4, 25.

לְפִצְעֵי . . . לְחַבְרָתִי. The suffixes are *objective*; cf. Ges., § 114. 2; M. R., § 78. Cf. LXX, εἰς τραῦμα ἔμοι . . . εἰς μώλωπα ἔμοι. So Vulg.

לְ = 'on account of;' cf. M. R., § 51. 4; Ges., § 154. 3 e; see Num. 16, 34 לְקֹלָם.

The perfects may best be taken, with the Vss., as real perfects, and not as perfects of certainty. Lamech has killed men and will not, should necessity occasion it, hesitate to kill others. Jewish fancy narrates that Lamech killed Kain (עֵשָׂה) and Tubal Kain (לְבָדָה). But only one act is intended, the repetition being due to the parallelism common in Hebrew poetry.

The song is probably a triumphal song on the invention of war weapons. Lamech boasts that if Kain would be avenged sevenfold, surely he, with his instruments, would be able to take a far greater vengeance (seventy-sevenfold). For a mere wound inflicted on him, he has punished the inflicter with death; and in the possession of his weapons he feels himself superior to his ancestors, and able to dispense with divine protection. The poetical words **הָאֵין** and **אָמַרְתָּ** and the parallelism which is observed throughout the three verses are noticeable.

25. **שֶׁת**=*Satz, Setzling*, and then *Ersatz*, ‘substitute.’

**כִּי שֶׁת-לִי**. Qameç remains, notwithstanding the Maqqef, and is on this account marked with Metheg; see Ges., § 16. 2 b; cf. § 9, p. 44. 1 d. **כִּי הָרְנוּ קַיִן**; cf. on 3, 19.

26. **וּלְשֹׁת גַּם הַוָּא**. The pronoun is repeated separately, to emphasize the noun; cf. Ges., § 121. 3; Ewald, § 311 a; M. R., § 72. 1. Rem. a; so 10, 21, 2. **וּלְשָׁם יָלֹד נִמְהָוָא**.

**אָנָּוֶת**=‘man,’ from ‘**אָנָּשׁ**’ to be weak,’ or from ‘**אָנָּוֶת**’=the Arabic **أَنْسَى**, ‘to attach oneself to,’ so *animal sociabile*.

**אוֹ הַוּחָלָל**. The indeterminate 3rd pers. sing.; see Ges., § 137. 3 d; M. R., § 124: cf. Lam. 5, 5 5. **לֹא הָנוֹחַ לְנוּ** **לֹא**. The LXX have *οὐτος ἡλπισεν*, perhaps reading **הַחַלָּל** and **בִּיה**; cf. Frankel, *Einfluss*, p. 41, on their reading. Onq. has **בֵּין** **בֵּין** **בְּיוֹמֹתֵךְ** **בְּנֵי אֲנָשָׁא מִלְּצָלָא בְּשַׁחַא דְּךָ**, ‘thus in his days the children of men ceased praying in the name of the Lord;’ so Ps.-Jon., taking **הַוּחָלָל** as=‘profanari,’ and paraphrasing to avoid the idea of profaning Y.’s name, so that the commencement of idolatry is here mentioned. This, however, is not probable. Aq. has correctly *τότε ἥρχθη*, also Symmachus *ἀρχὴ ἐγένετο*. Di. remarks on this verse: ‘It is a question whether the reading **הַחַלָּל** (=**בִּיה**) is, i.e. “This one

*began*,” which is expressed by the Vulg. (“*iste coepit*”), and B. Jubil., and probably by the LXX, was not the original one, and אָז הַחֲלֵל (so, read as a passive, already in Aquila and Symmachus, but with the meaning ἀρχῆ) stood in connection with the view taken by the Targum.’

**לִקְרָא בְּשָׁם**. Not merely ‘to call with Yahweh’s name,’ ‘to mention Him;’ but ‘to worship Him.’

### 5.

A short notice of the generations from Adam to Noah, connecting the history of the creation, the first chief event, with that of the flood, the second important event in the narrative. The number of generations from Adam to Noah is ten. In the accounts of the first nine generations, the name of the first-born is always given, the age of the father at the time of his birth, the number of years which the father lived after the birth of his first-born, and the total length of his life. In the case of each, mention is made that he begat sons and daughters (וַיֹּולֶד בָּנִים וּבָנֹות). In the notice of Noah however, no mention is made of the number of years he lived after the birth of his three sons, nor of the total number of his years when he died, this being narrated, chaps. 7, 11, 9, 28. On the deviations in the chronology followed by the Hebrew text, the LXX, and the Samaritan, cf. Di., p. 105, and the authorities cited by him, p. 107; Del., *Comm.*, p. 182, and more especially for the LXX chronology; Frankel, *Einfluss*, p. 70. The following table, taken from Di., p. 105, gives the variations in the chronology of the Hebrew, LXX, and Samaritan texts.

In each of the three tables marked Heb. Text, Sam. Ver., Septuagint, the first column gives the years each patriarch lived until he begat children; the second, the number of years

in each life after the birth of the first child; and the third, the total number of years each individual lived.

	HEB. TEXT.			SAM. VER.			SEPTUAGINT.		
Adam ... ...	130	800	930	130	800	930	230	700	930
Seth ... ...	105	807	912	105	807	912	205	707	912
Enos ... ...	90	815	905	90	815	905	190	715	905
Kenan ... ...	70	840	910	70	840	910	170	740	910
Mahalalel ... ...	65	830	895	65	830	895	165	730	895
Jared ... ...	162	800	962	62	785	847	162	800	962
Henoch ... ...	65	300	365	65	300	365	165	200	365
Methusalah ...	187	782	969	67	653	720	167	802	969
Lamech ... ...	182	595	777	53	600	653	188	565	753
Noah ... ...	500	...	...	500	...	...	500	...	...
Up to the flood .	100	...	(950)	100	...	(950)	100	...	(950)

<sup>1</sup> **חולדות** only here: elsewhere in P alone; cf. 2, 4, 6, 9. Num. 3, 1.

3. **מֵאַת שָׁנָה**. **וַיְהִי אָדָם שֶׁלְשִׁים** is equally common with **מֵאַת שָׁנָה**; cf. Ges., § 120. 1, note; M. R., § 98. The acc. is acc. of time, in answer to the question ‘*how long?*’ cf. M. R., § 42 a; Ges., § 118. 2 b.

**וַיּוֹלֶד**, viz. a son or child. Olshausen proposes to insert בָּן here, but unnecessarily, the object being contained in the verb, as in 6, 4 חִמֵּר לְבָנָם; 16, 1 וַיְלַدֵּה לְזָקֵן.

5. **כָּל יְמֵי אָדָם וְגֹ"ה**. The predicate always, in the case of **כָּל**, agrees with the genitive, and not with the noun in the construct state: cf. Ges., § 148. 1, note; M. R., § 135. 3 a.

**תְּשׁׁׁעׁ מֵאָתׁ שָׁנָה וּשְׁלֹשִׁים שָׁנָה**. The noun repeated with the ten; cf. Ges., § 120. 3; M. R., § 97. Rem. c. חַי is perf. from חָיָה, as in 3, 22.

6. חמֵשׁ שָׁנִים וּמֵאת שָׁנָה. The noun repeated with

the lesser number (from 3-9 inclusive) in the pl., and with the greater in the singular; Ges., § 120. 3; M. R., § 97. Rem. c.

22. **וַיֵּתְהַלֵּךְ חָנָן אֶת** ; so Noah, 6, 9, walked with God; cf. a similar use of the Qal in Mic. 6, 8. Mal. 2, 6. **הַתְּהַלֵּךְ אֶת** is used of confidential intercourse with God, a closer relationship to God than is implied in ‘*walking before God*’ (17, 1), or, ‘*walking after God*’ (Deut. 13. 5); cf. 1 Sam. 25, 15 of the intercourse between David’s followers and Nabal’s servants. The LXX have here Εὐηρέστησε δὲ Ἐνώχ τῷ Θεῷ, perhaps to avoid an anthropomorphic idea; cf. Eccl. 44, 16. 49, 14, and Heb. 11, 5 πίστει Ἐνώχ. Onq. paraphrases חָנָן בְּרִיחַתָּא חָנָן בְּרִיחַתָּא ‘Enoch walked in the fear of Yahweh.’ The Pesh. renders as the LXX, مُكْفَلٌ مُكْفَلٌ إِنْجُونْ ‘Enoch pleased God.’

24. **וְאַיִן־נוּ כִּי לְקֹח אֲתָּו**. ‘*And he was not, for Elohim took him;*’ cf. the usage of אָמֵן in Is. 17, 14. Ps. 103, 16. 1 Kings 20, 40, of sudden disappearance. On its use in the narrative style, cf. Ewald, § 321 a; M. R., § 128, 2 a. **כִּי לְקֹח אֲתָּו אֲתָּו וְיִמְתַּח :** that is, without dying, otherwise we should expect כִּי לְקֹח אֲתָּו : cf. 2 Kings 2 (Elijah’s removal from earth to heaven, without tasting death). The reason for **כִּי לְקֹח אֲתָּו** is to be found in the first half of the verse, viz. his piety; cf. Heb. 11, 5, and Onq.; not, as some suppose, the danger of his relapsing into sin: so Ber. Rabb. c. 24. Frankel, *Einfluss*, p. 43, cites this passage as one of the places where the LXX translators had the Haggada in view. LXX have καὶ οὐχ εὑρίσκετο, ὅτι μετέθηκεν αὐτὸν ὁ Θεός. So Vulg. Onq. תְּלִיחָה אֲבִי (לֹא) אֲמִית יִתְּמַתֵּח (cf. Frankel, p. 44, note d, who omits לֹא, so Berliner in his edition of Onqelos [ed. 1884, Berlin], p. 5; cf. part 2, p. 3)=‘*And he was not, for Yahweh did (not) slay him.*’ The Pesh. follows the Heb. text. In Eccl. 44, 16 Enoch is called

*παράδειγμα μετανοίας ταῖς γενεαῖς*, and in the book of Enoch (translated by Dillmann) and the N. T. book of Jude, 14 et seq., he is described as a seer and prophet, who announced the coming of God, to punish the world for its sin.

"ממעשנו ומעצבון וגנו". From our work and labour (arising) from the ground; better than 'מן-האדמה' because of the ground,' as A.V.; for the curse comes to man from the ground, which brought forth קץ ודרדר when it was tilled (3, 18).

6.

1. **לָרֶב** is inf. cstr. of 'רַבְבָּה' 'to be many,' 'gross sein;' = 'to become many,' 'gross werden.' The apodosis of the sentence begins with 2<sup>b</sup>, at וַיַּקְחֵוּ.

2. **טבות** is used in a physical sense here=‘comely;’ cf. Ex. 2, 2.

**מכל אשר בחרו** **כז**. is used to particularise the idea as in 7, 22. 9, 10; cf. Ewald, § 278 c.

**בני האללים.** This phrase, elsewhere in the O. T., always means ‘the angels,’ with reference to their nature as beings of a higher, diviner type (being called **מלאכים**, with regard to their office as messengers executing the divine commands); so Job 1, 6. 2, 1. 38, 7. Dan. 3, 25 (‘*a son of the gods*’), but never **בני יהוה**. The same meaning is usually assigned to it here by ancient interpreters, e. g. Philo, *Book of Enoch*, etc.; cf. Jude 6. 2 Peter 2, 4; the moderns also mostly explain it in the same way; so Del., Di., Tuch, Knobel, Schrader, etc. As, however, the idea of a carnal connection between the angels and daughters of men was very repugnant to a refined mode of thought, and especially objectionable to the Christian mind (cf. Matt. 22, 30), many attempts were made to explain these words in a way that would not cause offence. Thus, Targg., Onq. and Ps.-Jon. both render **בני רַבְבִיא** ‘sons of nobles,’ from the use of **אלים** in Ex. 21, 6; 22, 7 (which, however, are very different passages from this). Rashi has **בני הַשָּׂרִים** ‘*the sons of princes and judges*;’ others explain **בני האללים** similarly as the sons of those of higher rank, opposed to **בנות האדם** the daughters of those of lower rank. In favour of this interpretation, Pss. 82, 6. 49, 3 are quoted. But in the first of these passages the expression is not the same, and the application evidently different; in the second, the opposite to **האדם** is **איש**, not **אללים**; further, in vers. 1 and 4 (=‘*the human race*’), is against this view. Another explanation is that adopted by the Fathers, e. g. Ephrem Syrus, Theodoret (cf. Del., p. 191), who interpret the

sons of God in a spiritual sense as the pious ones, those who lead the lives of angels; viewing these as the descendants of Seth, and regarding the בָנֹת הָאָדָם as the daughters of the wicked, the offspring of the line of Kain. But there is nothing in either chap. 4 or 5 to bear out this view, and the expression ‘sons of God’ as a name for pious men is not usual in the O. T.; and it is scarcely conceivable that הָאָדָם in ver. 2<sup>b</sup> is to be taken in a different sense from the הָאָדָם in ver. 1<sup>a</sup>, which would be required if this view were adopted. The Vss. render variously. The reading of the LXX is uncertain, *vioὶ τοῦ Θεοῦ* is found, and also ἄγγελοι τοῦ Θεοῦ; cf. Lagarde, *Genesis Graece*, p. 20. The Pesh. has here נַפְשׁוֹת־מֵתִים merely transliterating the Heb. words; so in Job 1, 6. 2, 1; Aquila, *vioὶ τῶν Θεῶν*, on which Hieron., *Quaest. ed. Lagarde*, p. 11, says, ‘*Deos intelligens sanctos sive angelos;*’ Symm., *oi vioὶ τῶν δυναστευόντων* (agreeing with the old Jewish view); Itala (from LXX), ‘*angeli Dei;*’ Vulgate, ‘*filii Dei;*’

3. **לֹא יִדּוֹן רוחִי.** *רוחִי* is rather the breath of life which Yahweh Elohim (2, 7) breathed into man’s nostrils when he created him (‘the principle of physical and spiritual life,’ Di.), than the Holy Spirit (as the Targg. of Ps.-Jon., Jer.; Symm., etc.) working in man, and judging him; for the determination on Yahweh’s part to deprive man of His spirit, as the latter half of the verse shows, really means depriving him of life.

(בִּיאָ not בִּזָּא) is not jussive, but (as in יִבּוֹא from) has the intransitive punctuation of the imperf.; cf. Ew., § 138 b; Stade, § 490 c. The Vss. (LXX, Pesh., Onq., Vulg.) either read יִדּוֹר, or according to others יִלּוֹן, or guessed at the meaning of the word, rendering it ‘*abide*’ or ‘*remain*.’ It is now generally rendered either ‘*be abased*,’ so Dillmann, from the Arabic; or ‘*rule*,’ Del.; נִזְנִית being = נִזְנִית, whose primary

meaning is ‘rule’ and then ‘judge;’ cf. Nif. (cf. אָדוֹן, from which is derived אֲדוֹן ‘ruler,’ ‘lord’). The latter meaning is perhaps better supported than the former, as the meaning ‘be abased’ ascribes to the word a signification which it has ceased to have in Hebrew. The Targg. (Ps.-Jon., Jer.) and others take it as synonymous with יְדֵי, and render ‘judge,’ but this does not suit the context so well as ‘be abased,’ or ‘rule.’ The A. V. renders ‘my spirit shall not strive,’ so Joseph Kimchi and Rashi, regarding דַוִי as equivalent to יְדֵי, and giving it the meaning of the Nif'al נִשְׁפַט (cf. נִשְׁפָט), a meaning which in Nifal depends on the reciprocal signification of the conjugation, and so cannot be assigned to Qal.

**בְּשֶׁגֶם הָוֶה בָשָׂר.** The best attested reading is that adopted by Baer and Del. in their edit. of *Genesis*, Leipz., 1869, בְּשֶׁגֶם with pathach. The reading in the ordinary editions is בְּשֶׁגֶם with qameç. The meaning of these words is disputed. There are two general explanations. That adopted by Delitzsch, ‘*For that he too is flesh*,’ or ‘*For that he indeed is flesh*,’ being treated as compounded of בְּ the prep., שׁ<sup>1</sup> a fragment of אֲשֶׁר (cf. on 4, 18), and the particle מְ also; cf. בְּאֲשֶׁר, 39, 9. But against this it may be urged that (a) the abbreviation of the relative אֲשֶׁר never

<sup>1</sup> It should be mentioned that Fritz Hommel and others consider that the fragment ו has nothing to do with the rel. אֲשֶׁר, but that ו, פ, originally ת, is only another form of the Aramaic relative conjunction ?, ؟ . See *Z.D.M.G.* xxxii. 711 ff., and a note in the American Journal, *Hebraica*, April, 1885, p. 249, where a third view of the relation between ו and אֲשֶׁר is mentioned, which makes ו the original relative, and derives אֲשֶׁר from it by prefixing an independent pronominal stem ؤ, and affixing لָ (which appears also in the Arabic relative *allađi* (الذى), ئ being then hardened to ئ; cf. Sperling, *Die nota relationis im Hebräischen*, Jena, 1876.

occurs in the Pentateuch, though defended by some by an appeal to the pr. n. מִתְשָׁאֵל, Ex. 6, 22. Lev. 10, 4; which are not, however, of any weight for prose usage, and both of which may be explained otherwise: and that נִמְנָה is here superfluous. The second explanation is that adopted by Di., who reads בְּשֶׂגֶם, and takes it as inf. cstr. from שָׁנָה, with the affix of the third pers. m. pl. (cf. Ges., § 67, note 3; Ewald, § 238 b), and renders, ‘*On account of their error or transgression he (mankind) is flesh.*’ Against this it may be urged (a) that הַיָּה is masc. sing., while שָׁנָם has the third pl. m. affix; cf., however, Ewald, § 319 a, where other instances of a similar *Enallage numeri* are to be found: (b) that שָׁנָה is scarcely the word that would be expected in this connection, and it is here hardly general enough: (c) that the reading with qameç is not so well attested as that with pathach; cf. Del., p. 195. The text is probably corrupt: but the emendations that have been proposed are not satisfactory: e.g. נִמְנָה, or בְּנֶפֶלְמָה, or בְּאַשְׁר נִמְנָה. The Vss. give—LXX., διὰ τὸ εἶναι αὐτοὺς σάρκας; Pesh. טֹו ?חֲמֵן ?חֲמֵן ; Onq. בְּרִיל הָאִין בְּשָׁרָא; Vulg. ‘*quia caro est*,’ all expressing the sense ‘*For that.*’

“וְהִיוּ יְמֵיכֶם מֵאָה וָנוּ” ‘*So his days shall be*,’ or ‘*so let his days be*,’ etc., i.e. he shall have a respite of a hundred and twenty years. This seems better than the other explanation, that human life should be limited to a hundred and twenty years; for many post-diluvian Patriarchs reached a far higher age, e.g. Abraham, 25, 7; and it cannot be regarded as a general statement to which there might be exceptions, as the exceptions are too numerous (all the post-diluvian Fathers, from Shem to Terach, reach a higher age than the limit here assigned; cf. 11, 10 et seq.).

4. **הַנְּפִילִים**. According to the ancients (LXX, Pesh.,

Onq., Sam., Saad.), a name for giants; cf. Num. 13, 33 וַיְשִׁמְךָ רְאֵינוּ הַנְּפִילִים בְּנֵי עֶنֶק. No clear etymology can be found in Hebrew; perhaps the word was derived from a Canaanitish dialect. It has been connected with the root נִפְלָל 'to fall:' thus many of the Fathers consider these נְפִילִים to have been fallen angels; but there is nothing in the narrative to justify this, and the narrator appears to distinguish the נְפִילִים from the בְּנֵי האֱלֹהִים. Others render 'Robbers, Tyrants,' lit. those who fall upon others; so Aq. οἱ ἐπιπίπτοντες; Symm. οἱ βίαιοι; but נִפְלָל only means 'to fall upon,' 'attack' in certain connections; cf. Josh. 11, 7. Job 1, 15. Gen. 43, 18. Others (Tuch, Knobel) connect the word with a root נִפְלָא, supposed to possess the sense of פָּلָא, and consider it to allude to their extraordinary size, but this is precarious. Other conjectures will be found in Lenormant, *Les Origines de l'histoire*, etc. (1880), I. chap. vii.

**הַהֲמָם** is always pointed with ת, although ת would be expected here; cf. ver. 19 **הַחַי**; and Ges., § 35. 2 A. The article stands with **הָם**, because the noun which it qualifies is defined; cf. Ges., § 122. 1; Dav., § 13. Rule 1.

**אֲשֶׁר יִבָּאוּ . . . וַיָּלֹדוּ**. Render, 'When the sons of God went in . . . and they bare.' **אֲשֶׁר**, connecting the new sentence with a preceding particle of time (**אַחֲרֵי כֵן**), may be rendered 'when;' cf. 45, 6. 1 Sam. 20, 31. 2 Sam. 19, 25 after יּוֹם; Deut. 4, 10. Ps. 95, 9<sup>a</sup> and b. The imperf. as a frequentative past, followed by the perf. with waw consec.; cf. Driver, § 113. 4 a: cf. 2, 6. 29, 2. Ex. 33, 7–11. The subject to **וַיָּלֹדוּ** is the **בְּנוֹת האָדָם**: cf. for the change of subject, 9, 27. 15, 13.

**הַמָּה** refers to the **נְפִילִים** in the first half of the verse, not to an object to **וַיָּלֹדוּ**, which has been left out, as this would be very forced.

אֲנָשִׁים הַשֵּׁם is co-ordinate with מְעוֹלָם. ‘*The men of repute;*’ cf. Num. 16, 2 אֲנָשִׁים שֶׁם. A word in the construct state cannot take the article, so it is defined by the article being attached to the following genitive, Ges., § 111. 1; M. R., § 76. N. B. Whether such a combination as אֲנָשִׁים הַשֵּׁם means I. ‘*The men of repute;*’ or II. ‘*Men of the repute;*’ or III. ‘*The men of the repute;*’ can only be decided by the context. Hebrew has only one way of defining the first, or the second, or both parts of a construct state, and following genitive combination.

5. רַבָּה is accented *milra'*, and so is an adj., and not the perfect fem., from רַבְבָּה, which would be *mil'el*.

כָּל יִצְרָא מִחְשְׁבוֹת לְבָוֹן. ‘*Every form of the thoughts of his heart;*’ I. ‘*form, shape;*’ physically; II. tropically applied to what is fashioned in the mind, imagination; cf. 8, 21. Is. 26, 3. The LXX paraphrase πᾶς τις διανοεῖται ἐν τῇ καρδίᾳ, on which cf. Frankel, *Einfluss*, p. 10.

רַק רָע ‘*only evil;*’ i. e. ‘*utterly, hopelessly, nothing but evil;*’ cf. a similar use of רַק in Deut. 28, 33 רַק עַשְׂךָ וּרְצָוָה; Is. 28, 19. וְהִיא רַק זֹועַה.

וַיַּתְעַצֵּב אָלָּה לְבָוֹן. ‘*And was pained in his heart;*’ וַיֹּאמֶר [בְּמִימְרָה] לְמִתְּבָרְתִּקְפָּהָן בְּרֻעִיתִיהָ Onq. καὶ διενοήθη. ‘*And spake by his Word, to break their strength according to his will;*’ Ps.-Jon. ‘*וְאִירְזֹן עֲלֵיכֶם בְּמִימְרָה And disputed with his Word concerning them;*’ so Sam. and Targ. Jer. All intentional, in order to avoid an anthropomorphic idea.

7. בָּהָמָה = usually ‘*tame,’ ‘domestic animals;*’ here used of ‘*tame and wild animals;*’ as in ver. 20; 7, 23. 8, 17.

9. אֱלֹהִתּוֹת. Cf. on 2, 4.

נוֹחַ אִישׁ צְדִיק חַمִּים. Render, ‘*Noah was an upright*

*man, perfect among his contemporaries;*' according to the accents and the order of the words.

10. **שֶׁלּוּשָׁה בְּנִים**. Masc. nouns take the numeral in the fem. form, and vice versa; see Ges., § 97; Dav., § 48. The number 2 *agrees* in gender with the word which it enumerates, and is an exception to this rule. The numerals from 2-10 are substantive, **אֶחָד**, fem. **אֶחָת**, *one* is an adj.

11. **וַתִּמְלֹא הָרֶץ חַמֵּס**. Verbs of *abounding* and *wanting* take in Hebrew the accusative, Ges., § 138. 3 b; M. R., § 35; cf. ver. 13 **מַלְאָה הָרֶץ חַמֵּס**.

✓ 13. **קַצְכָּל בָּשָׂר בָּא לְפָנֵי**. 'The end (i.e. the destruction) of all flesh (man and beast) has come before me.' Not 'The end of all flesh has come to my knowledge,' which would rather be **בָּא אֲלֵי** (cf. 18, 21. Ex. 3, 9), but 'has come before my mind, is determined on by me' (cf. Job 10, 13. 23, 14).

**כָּל-בָּשָׂר** is characteristic of P.

14. **מִפְנִיהם** 'from before them,' i.e. 'because of them, through their influence'; cf. Ex. 8, 20 **תִּשְׁחַת הָרֶץ מִפְנֵי הָעָרָב**. The pl. suffix is used because **בָּשָׂר** must be taken collectively.

15. **אֶת הָרֶץ** 'with the earth.' So LXX, Onq., Vulg. Pesh. has **לְעַלְלָה** 'on the earth;' Sam. **אֶלְעַלְלָה** 'from the earth,' perhaps reading (wrongly) **מִאֶת** by repeating the final **ת** of **מִשְׁחִיתָם**.

14. **תְּבַת עַצְיָגָר** only occurs in Gen., chaps. 6-9, and Ex. 2, 3. 5; it is most probably an Egyptian word; see Gesenius, *Th. sub voce*, and M. V., *H. W. B.*, p. 875. The Semitic etymologies given by Del., *Comm.*, p. 206 (from **חוּב**, a secondary formation of **אָב** 'to be hollow'), and Dietrich, *Abhandl. zur Semit. Wortforschung*, p. 33 (who regards the word as Semitic, and as standing 'in lebendigem zusammen-

hange' (in actual connection) with אָבָה 'a reed;' comparing the derivation of תְּבַה from אָבָה with those of חֶלְלָה, אֲלָא, from אָבָל; תּוֹם, from חָתָם; in all of which the א is suppressed), are untenable. The LXX here have κιβωτόν; in Exodus θίβην; the Vulg. has 'arcani' here, and in Exodus 'fiscellam;' Targg. תִּיבּוֹתָא, Syr. مَلَكَهْمَان, which is the Greek κιβωτός.

עַץ גֵּפֶר only occurs here. עַצים = 'wood' when cut down, 'logs,' as opposed to עַץ, 'trees' growing; so חַטָּה, and חַטִּים, sing. 'wheat' growing, and pl. 'wheat' when cut down, 'grain;' בְּסֻףִים 'silver' in general, 'pieces of silver,' Ges., § 108. 4. Rem. 1; Stade, § 311 c.

גֵּפֶר, connected with גְּפִירָה sulphur and pitch, is a resinous coniferous tree (Nadelbaum), perhaps the old name for the cypress, which was used by the Phoenicians for ship-building, and is elsewhere called ברוש. גֵּפֶר only occurs here. The LXX, Itala, and Vulg. did not understand the meaning of the word, and resorted to conjecture. The LXX have ἔγκλωπον τετραγώνων; the Itala, 'ligna quadrata;' the Vulg. 'ligna laevigata.' Onq. and Ps.-Jon. render 'cedar trees;' the Syriac has מְמֻחָה ? קְמֻחָה, which Walton renders 'de ligno viminis,' but this is doubtful. Possibly it should be rendered 'juniper wood;' see Löw, Aram. Pflanzennamen, s. v.

קְנִים. 'In cells shalt thou make the ark;' קְנִים being acc. of manner, after a verb of making; cf. Ex. 38, 3 עָשָׂה נְחַשָּׁת 'all its vessels he made brass,' i.e. so that they consisted of brass; Deut. 27, 6 אָבְנִים שְׁלָמוֹת תְּבִנָה אֶת מִזְבֵּחַ יְהוָה; cf. Ewald, § 284. 1 b; Ges., § 139. 2 end; M. R., § 45. 5 b.

וְעָשָׂה . . . וְכִפְרָת. The perf. with waw conv. in continuation of an imperative; cf. Driver, § 112 (1); M. R., § 24. 1 a; cf. 8, 17. Lev. 24, 14 וְסִמְכָו . . . וְהַזֵּא אֶת הַמְּקָלֵל . . . 2 Sam.

וְכִפְרַת has the tone thrown forward on to the last syllable, after the waw conv.; cf. Driver, §§ 106 and 110; Dav., § 23. 3 b; M. R., § 23. כְּפָר is a denominative from בְּכֶפֶר. See Ges., § 52. 2; Dav., § 26. 3. Rem. a.

**בְּכֶפֶר.** The article is used here with a material which was well known; cf. Ges., § 109. Rem. 1 b; M. R., § 68.

15. **וְזֹה אֲשֶׁר תַּעֲשֶׂה**, lit. ‘this is what thou shalt make it;’ i.e. ‘this is how thou shalt make it.’

16. **צָהָר**, prop. = ‘light,’ and then ‘an inlet for light,’ so ‘window.’ So all Vss. except the LXX, and most moderns. צָהָר is regarded as a feminine, so חַלּוֹן, Ez. 41, 16. 26; cf. Ges., § 107. 4 a or c; Ewald, § 174 d (γ), who classes, as fem., among the nouns denoting places in which man is wont to move, or things which man uses, comparing חַצֵּר ‘a court,’ Ez. 10, 4. 5; מְחֻנָּה ‘camp,’ in Gen. 32, 9; רְחוֹב ‘a street,’ Dan. 9, 25. It is not necessary to render צָהָר collectively ‘windows;’ cf. 8, 6; צָהָר as opposed to חַלּוֹן is merely an opening for light, חַלּוֹן being a lattice-work window, which could be opened or shut at will.

**וְאֶל אַמְة תִּכְלֹנָה מִלְמָעָלה**, either I. ‘Up to a cubit (not further) shalt thou complete it from above:’ so Kn., Del.; or II. ‘Up to a cubit above (upwards) shalt thou complete it,’ Di.; both being grammatically possible, as מִלְמָעָלה may either mean ‘above,’ or ‘from above.’ According to I. the window in the side of the ark would have the space of a cubit between it and the roof. Dillmann considers the opening to have been a cubit high, and to have run round the four sides of the ark, being interrupted merely by the beams supporting the roof; so that there was really a continuous row of צָהָר; and claims בָּלָה as suiting this meaning. Delitzsch’s view is

open to the objection that it leaves the size of the ark undefined, and one window in one side would scarcely suffice for the lighting of the whole ark. Dillmann's view is possibly less objectionable, but it is questionable whether the Hebrew text can bear the meaning he puts upon it. The text seems merely to say that a window or opening was to be made in the ark, its place being left undefined, and this opening was to be continued until it reached a distance of a cubit from the roof (*מלמעלה from above*), or to the height of a cubit (*מלמעלה above, upwards*). The opening may have been in the roof, for the absence of a notice about the covering of such a light-hole may be explained on the ground that the narrative says very little about the construction of the window. Tuch's explanation that the window was intended for Noah's cell, while the animals were in darkness, cannot be derived from the text as it stands, nor his view that the window was a cubit square.

17. **וְאַנִי הָנַנִי מִבֵּיא**. The participle as future (*futurum instans*), which it represents as already 'beginning;' frequently with **הַנֶּה** preceding it; cf. Ges., § 134. 2 b. cf. Rem. 1; M. R., § 14. Rem. a; Driver, § 135. 3.

**אֲתָה הַמְבוֹל מִים**. Not 'the flood of waters,' but in app. 'the flood [even] waters.' So Ps. 60, 5 **יְיָ תְּרֻלָּה**, lit. 'wine, reeling.'

**מִים**. On the subst. in apposition, cf. Ges., § 118. 3; M. R., § 76. Rem. b; Ewald, § 287 h; Driver, § 188. The emendation **מִים** is unnecessary and unsuitable.

**גּוֹעַ** in the Pent. and Josh. is peculiar to P.

18. **נָתַן בְּרִית הַקִּים בְּרִית וְהַקִּימָתִי**. 9, 12 are marks of P.

19. **הַחַי**; cf. on ver. 4.

**זָכָר וּנְקָבָה**, characteristic of P.

20. **לְמִינָהוּ**. See on 1, 20. **רֶמֶשׁ** and **רֶמֶשׁ** belong to the language of P.

21. **קַהֲלֵךְ . . . וְאַסְפָתְךָ**; cf. on ver. 14. **אָכְלָה** is another characteristic of P.

22. **כִּנְעָשָׂה** is rare outside P.

## 7.

1. **וְכָל בֵּיתָךְ**. Cf. the fuller description of Noah's family in P, 6, 18. 7, 7. 13. 8, 16. 18.

2. **שְׁבֻעָה שְׁבֻעָה**. 'Seven by seven,' i.e. 'by sevens;' see Ges., §§ 108. 4, 120. 5; M. R., § 72. 2; Ewald, § 313 a; cf. Zech. 4, 2. Num. 3, 47. 17, 17, 17, 'rod, rod,' 'a rod each;' 2 Kings 17, 29 'נוֹנוֹ' 'nation, nation,' i.e. 'every single nation.' cf. also Mark 6, 39 συμπόσια συμπόσια; 40 πρασιὰ πρασιὰ. The repetition of a noun indicates that the action expressed in the sentence is performed on different individuals of the class denoted by the noun; thus the repetition serves to express the *distributive* relation. Some think that seven individuals of each kind were to be selected, the seventh possibly being intended for sacrifice (Del.). But the addition of **אִישׁ וְאֶשְׁתּוֹ** seems to indicate that 'seven pairs' were intended. In the case of the unclean animals we have **שְׁנִים** once, i.e. 'one pair,' and we may reasonably presume that had the narrator intended seven individual animals here, we should have had **שְׁבֻעָה** once. This also suits ver. 9 better (the animals went in **שְׁנִים** **שְׁנִים** by twos). **שְׁבֻעָה שְׁבֻעָה** in the next verse is to be taken in the same way.

4. **כִּי לִימִם עוֹד שְׁבֻעָה**. 'For after yet seven days.'

וַיְהִי שֶׁלָמֵד לְמַחר יְהִי הַוֹתָה הַזֶּה ; Ex. 8, 19 ; M. R., § 51. 2.

**אֲרַבָּעִים יוֹם**. Certain nouns are used after the numerals in the singular; cf. Ges., § 120. 2. Rem.; M. R., § 97.

**וּמְחִיתִי**. P uses **שְׁחִיתָה** or **שְׁחִיתִתָה**; cf. 6, 13. 17.

**כָל הַיקּוּם**. הַיקּוּם, which always has the ' without a dagesh, is a subst. formed from the analogy of the imperfect; cf. **מִתְהַקֵּם**, in Syriac, by transposition, from **תַּהַקֵּם**. Render, 'Every existing thing.'

**בֶן שְׁשׁ מֵאוֹת שָׁנָה**. 6. The adj. is expressed by joining to a subst., denoting a reference or relationship, a genitive expressing the attribute or thing; cf. Ges., § 106. 2 a; M. R., § 79. 6 d.

**וְהַמְבּוּל הַיְהִי מִים**. 'When the flood was, waters,' etc. is an explanatory apposition to **הַמְבּוּל**; cf. Ewald, § 287 h; Driver, § 188; M. R., § 76. Rem. b. **הַיְהִי** = 'accidit,' 'came;' LXX, *ἐγένετο*. The second half of the verse is a circ. clause; see Ewald, § 341 d; Driver, § 169: cf. 19, 4. 24, 45. The A. V. R. keeps the old rendering, 'the flood of waters,' which is a paraphrase adopted for the sake of English idiom.

**וַיָּבֹא נָח וּבָנָיו**. 7. 'And Noah came in and his sons,' etc. When the predicate precedes a compound subj., it frequently stands in the sing.; Ges., § 148. 2; M. R., § 138.

**בָשְׁנַת שְׁשׁ מֵאוֹת ... לְחֵי**. 11. lit. 'in the year of six hundred years to the life of N.' i.e. 'in the six hundredth year of N.'s life.' The cardinals, for numbers beyond ten, are used for the ordinals; cf. Ges., § 120. 4; M. R., § 100 a; Ewald, § 287 k.

**לְחֵי נָח**. The genitive is often expressed thus by **ל**, when a writer wishes to avoid a string of construct states, or—

as here—when any word intervenes between the construct state and the genitive. Cf. Ges., § 115. 2; M. R., § 83.

**וְאַרְבָּות** = lit. ‘*the latticed windows*,’ from **אָרֵב** ‘to intertwine.’ The LXX have *αι καταρράκται*, Vulg. ‘*cataractae*,’ Aq. and Symm. *ai θυρίδες*: cf. **אַרְבָּת מִמְרוֹם**, Is. 24, 18; also Job 38, 16. Prov. 8, 28 on the whole verse.

**בְּעַצְם הַיּוֹם הַזֶּה**. 13. ‘*On this very day*;’ see Ges., § 124. 2. Rem. 3; M. R., § 90; Ewald, § 286 f; and cf. 17, 23; Ex. 24, 10 ‘*בְּעַצְם הַשְׁמִים*’ as the very heavens;’ Josh. 10, 27 ‘*עַד עַצְם הַיּוֹם הַזֶּה*’ ‘until this very day.’

**בָּא.** It is not necessary to take this in a pluperfect sense, the rendering ‘came’ is quite suitable.

**שֶׁלֶשׁ.** Here the numeral very exceptionally *agrees* in gender with its substantive; cf. Ges., § 97. 1, note, p. 250; Ewald, § 267 c: other instances are Ez. 7, 2 Ktb.; Zech. 3, 9. 4, 2. Job 1, 4.

**כָּל צְפּוֹר כָּל כְּנַפְתָּן**. 14. The same phrase occurs in Ez. 17, 23; cf. also 39, 4. Ps. 148, 10. Lit. ‘*every bird of every wing*,’ i.e. ‘*all sorts of birds*,’ ‘*every species of birds*.’ **צְפּוֹר** is properly ‘*a small bird*,’ so called from its twittering or chirping.

**הַבָּאִים** = 16. ‘*those that came*,’ lit. ‘*the ones coming*:’ see Ges., § 109, note; M. R., § 92. Rem. a. The article is equivalent to the rel. pronoun: cf. Neh. 4, 12 ‘*those that built*;’ Ex. 1, 1 ‘*הַבָּאִים מִצְרַיָּה*’ ‘*those who came to Egypt*’.

**מִאֵד מִאֵד** 19. (cf. 1, 2. 6. 20) is repeated to imply intensity; cf. Ges., § 151. 2; M. R., § 72. 1. This is peculiar to P; so 17 l. c., Num. 14, 7.

**חֲמַשׁ עֲשָׂרֶה אַמְתָּה** 20. is acc. of measure, answering to the question ‘*how far?*’ Ges., § 118. 1; M. R., § 41 c.

21. **בְּבָהָמָה בָּעָוֹת**. **בָּ** is used to specify the whole according to its contents; cf. M. R., § 52. 1; cf. 8, 17. 9, 2. 23, 18. This construction of **בָּ** is a mark of P.

22. **חַרְבָּה**, with firm  $\overline{\text{נ}}$  under **נ**, the noun being of the form **יְבָשָׁה**.

23. **וַיִּמְחַט**. The better-attested reading has no dag. in the **מ**; so the form would be apoc. impf. Qal from **מַחַט**, and would mean ‘*He (God), or it (the flood) blotted out*,’ the first rendering being the best. The reading with dag. in the **מ** would be imperf. apoc. Nif‘., for which we should rather expect **וַיִּמְחַטֵּה** with  $\overline{\text{ה}}$ , but cf. Ewald, § 224 c and Ps. 109, 13. 14: the acc. could stand after a passive, as in 4, 18; but a passive would hardly be expected with **וַיִּמְחַטֵּה** following in the same verse. The accent on the penult. points to the imperf. Qal: in the imperf. Nif‘. it could not be drawn back, as the penult. would be a closed syllable.

**וְאַשְׁר אַתָּה = אַשְׁר = ii qui**, containing in itself the demonstrative pronoun, Ges., § 123. 2; cf. M. R., § 158. 2.

## 8.

3. **וַיִּשְׁבוּ הַמִּים . . . הַלֹּוֹךְ וְשׁוֹבֵן**. The inf. abs. is added to **שׁוֹבֵן** to emphasize the continuance of the abating of the waters, just as in vers. 5. 7; 12, 9: cf. Ges., § 131. 3, note 3; Ewald, § 280 b; M. R., § 37 b.

4. **וַתַּחַנֵּחַ** is impf. Qal with waw conv. from **נַחַת**, like **זָרַע** from **זָרַע**, **זָרַע** from **זָרַע**, **סִירַע** from **סִירַע**: cf. Ges., § 72. Rem. 4; Stade, § 484 d.

**אֶרְרָתָה עַל הָרִי אֶרְרָתָה** is in the O. T., 2 Kings 19, 37 = Is. 37, 38 and Jer. 51, 27 (together with **מַנִּי** and **אֲשָׁכְנָה**), the

name of a land. In the passage in Isaiah, the LXX translate אַרְדָת by Ἀρμενία, and acc. to Schrader, *K. A. T.*<sup>2</sup>, p. 52 ff., Armenia is called in Assyrian *U-ra-ar-ti*. Hieron., on Is. 37, 38, describes Ararat more closely as the fruitful plain lying at the foot of mount Taurus, through which the Araxes flows; and Moses of Chorene calls this part of Armenia *Ajrarat*. Kiepert (*Berl. Ak. M. B.*, 1869, 228 A; *Geogr.* 75) connects the Ἀλαρόδιοι of Herodotus, iii. 94, vii. 79, with this name (Di.). The hills of Ararat mentioned in this verse are usually identified with the highest of the mountains in the land of Ararat, which rises on the right bank of the Araxes to a considerable height, and is always covered with snow. This mountain is named Masis, and is situated twelve hours south-west of the town of Eriwan: see further, Di., p. 138 and the works cited there.

5. **הִיּוֹ הַלּוֹק וְחָסּוֹר**. The more usual cstr. with to emphasize the continuance of the action would be the participle: cf. on 1, 6; see Ewald, § 280 b.

6. **בְּאֶחָד לְחַדֵּשׁ**. יּוֹם is omitted by Ges., § 120. 4. Rem. 2; M. R., § 100 a. Rem. a.

7. **הַעֲרֵב**. The article is generic. The individual as representative of its species is distinguished from the animals belonging to other species; cf. Ges., § 109. 3. Rem. 1 c; Ewald, § 277 a; M. R., § 68; 1 Sam. 17, 34; וּבְאַהֲרִי and **הַכָּנֵךְ** **הַאֲרֵה**. Others explain the article on the ground that Noah had only one raven with him in the ark, which is somewhat difficult to prove, or had merely a male raven; but עֲרֵב is used of both the male and female bird, and does not admit of a distinction of gender: cf. יְוָנָה used of both sexes; so **דְּבוּרָה** ‘bee;’ cf. Ewald, § 175 b; Ges., § 107. 1 c, d.

**יְבָשָׂת** is inf. cstr. with the fem. ending, like **יְכָלָת**, Num.

14, 16. This ending is usual only with verbs פְּנִים and פְּנֵי; cf. Ges., § 83. 1; Stade, §§ 199 c. 2, 208 c, 619 g; Ewald, § 239. 2 (who classes these instances as abstract formations with an inf. force).

8. **הַקָּלוֹ**. On the pointing of ה interrog., see Ges., § 100. 4; Dav., p. 122. The indirect question is here identical in form with the direct; cf. Ges., § 153. 2 s. p.; M. R., § 146; Ewald, § 324 c (a).

9. **מִנוּחָה** ‘*a resting-place*.’ Cf. the note on 1, 14.

10. **וַיַּחַל** is, according to form, Qal or Hif‘. imperf. (of חָל or חִיל); according to usage, Hif‘. Only one other instance is cited in Ges., *H. W. B.*, 9th ed., viz. Judg. 3, 25. Di. wishes to emend after Ols. to וַיַּחֲלָל; cf. ver. 12, as the meaning ‘*wait*’ elsewhere is expressed by the Pi‘el or Hif‘il of חָל, or (ver. 12) by the Nif‘.; but he apparently overlooks Judg. 3, 25.

**וַיַּסֶּף שְׁלָחָן**. In the combination of a verb and inf. construct, two constructions are possible: (α) The verb governs the inf. cstr. as an acc., as here and ver. 12; (β) ל the prep. is prefixed to the inf. cstr., as in 11, 8; וַיַּחֲלָל לְבָנוֹת; cf. M. R., §§ 112 a, 113; Ges., § 142. 1, 2.

11. **עַלְהָ זִית טְרֵפָה** ‘*a fresh olive leaf*.’ طְרֵפָה, prop.= ‘*a plucked (leaf)*,’ from طְרֵף ‘*carpere*;’ cf. طְרֵפָה ‘*to be fresh, new*,’ prop. ‘*to be freshly plucked*’.

‘That the olive tree is found in Armenia, Strabo shows, xi. 14. 4: and that it also thrives under water is attested by Theophr., *Hist. pl.* iv. 8; Plin., *N. H.*, xiii. 50.’ Tuch in Di.

12. **וַיַּחֲלָל** is impf. Nif‘. from חָל. In Ez. 19, 5 (the only other example of a Nif‘al form of this verb) we have נַזְחָלָה. Ges., § 69. Rem. 5, explains it as an instance of the Nif‘al of a verb פְּנִים, written with פ instead of נ; cf. יִנְחָלָה, Ex. 19, 13.

1 Sam. 13, 8 וַיַּחַל Ktb.; so Ewald, § 140 b. Stade possibly is right in emending to וַיִּחְלֶל; see §§ 115 note, and 504 a.

13. **בראשׁוֹן**. See on ver. 5 (**בַּאֲחָد**); cf. Ges., § 120. 4 and the note on 7, 21.

16. Render, ‘*Go thou forth from the ark with thy wife*,’ etc. Notice the difference between the English and Hebrew idiom. English says, ‘*Go forth with*,’ Heb. ‘*Go forth, thou and thy wife*’.

17. **בעופּת**. Cf. the note on 7, 21.

**הוֹצֵא . . . וּשְׁרַצּוּ**. Cf. the note on 6, 14. The Ktb. is **הוֹצֵא** . . . **וּשְׁרַצּוּ**. The regular imper. Hifl. from **הוֹצֵא**, **צֵא** arising out of **צָא**; see Ges., § 24. 2 b; Dav., § 9. Rem. b. One fails to see why the Massoretes should prefer the irregular Kri **הִצְאָה** to the regular Ktb. Other instances of the Hifil of verbs פְּנַי retaining their פְּנַי as a consonant when we should expect פְּנַי or פְּנַי, are Hos. 7, 12; Prov. 4, 25; 1 Chr. 12, 2 מִטְמַנִּים; cf. Ges., § 70, 2. Stade, § 120, considers all the instances cited (except 1 Chr. 12, 2) suspicious. Cf. Ps. 5, 9 where, as here, for the Ktb. the Kri הִשְׁרָאֵל is substituted.

21. **וַיַּרְחַ יְהֹוָה אֶת רִיחַ הַנִּיחַח**. **וַיַּרְחַ** is impf. Hifl. from **רִיחַ**, shortened from **רִיחַת**, after the waw conv.; cf. Ges., § 72. Rem. 7; Stade, § 499 f.

**רִיחַ הַנִּיחַח**. ‘*The odour of satisfaction*’ is a similar formation to **נִצְוֹעַ**, the only other instance of this formation of nouns; Stade, § 233. Ewald, § 156 b, forms **נִיחַח** from the verbal stem **נוֹחַח**, and cites as a third instance of the same formation **כִּירֹז**, Job 15, 24, which Stade has apparently overlooked (see § 216, however). The **רִיחַ נִיחַח** is the pleasant odour which rose up from the sacrifice. In the technical language of the sacrifice (Opfersprache) it is the common expression used for the favourable acceptance of an offering,

or rather of the sentiments and wishes to which the sacrifice gives expression (Di.).

**אַל־לְבָו** = ‘*to himself*,’ thus a paraphrase for the reflexive pronoun: for other methods of supplying the reflexive pr. in Heb., see Ges., § 124. 1; M. R., § 89 b. The LXX paraphrase here with διανοηθεῖς, Symm. has εἰπε Κύριος πρὸς ἑαυτόν, Onq. has וְאָמַר ייְהוָה בְּמֹלֵךְ, ‘*Y. spake by his Word*,’ so Ps.-Jon. The Pesh. follows the Heb. text with כִּי־לְבָו. The same idiom recurs 24, 45. 27, 41.

22. The composite subject when *followed* by its predicate, takes the latter in the plural; when the predicate precedes, it may stand in the sing.; cf. the note on 7, 7.

**זָרָע וְקֶצֶיר** are ‘*the seed time and harvest*,’ dividing the year into two halves, which are described as ‘*seed time and harvest*,’ also ‘*cold and heat*,’ which roughly correspond to the **זָרָע** and **קֶצֶיר** respectively. ‘*The summer and winter*’ again correspond to the **חָמֵם** and **קָרֵץ**. The season or half-year, which is called **זָרָע**, **קֶצֶיר**, and **חָרָף**, began possibly with the fifteenth of Tisri, and ended on the fifteenth of Nisan; while the other half of the year, called **קֶצֶיר**, **קִיץ**, and **חָמֵם**, extended from the fifteenth of Nisan to the fifteenth of Tisri. The Jewish expositors, following Rashi, consider the seasons mentioned here as six, each of two months’ duration. The punctuation is noticeable: **יּוֹם וְלִילָה**, **קִיץ וְחָרָף**, in pairs, the second member of each pair being connected by ו with pretonic qameç.

## 9.

2. **וְמֹרְאָכֶם וְחַתְכֶם**. Render, ‘*And the fear of you, and the dread of you*.’ The suffixes are objective. The genitive in Heb. may be either subjective or objective, the latter embracing

many different shades of meaning, often being represented in English by a preposition, e. g. 3, 24 **דרך עין החיים**, see the note there, and cf. Ges., § 121. 5; M. R., § 78; Ewald, § 286 b; 16, 5. 27, 13. 50, 4. Previous to the flood, the beasts lived at peace with man, and without fear, now they must fear and dread him (Di.). **ובכל אשר וגנו** = ‘with all where-with the ground swarms, and with all the fishes of the sea, into your hand they are given.’ The **ב** of ‘concomitance,’ as in Ex. 10, 9. 15, 19. 1 Kings 10, 2. Jer. 11, 19, and often.

**ובכל אשר חרמש** **אשר** (acc., see on 6, 11), as in Lev. 20, 25 **הארמה**.

**אחים** out of **אחי** (cf. **אחי** for **אחים**, from **ירקם** **ירקם** **בידכם**. Stade, § 81 b; Ges., § 27. Rem. 2 a. ‘*Into your power they are given,*’ a power even over their lives; cf. Lev. 26, 25. Deut. 1, 27, etc. [misquoted 1, 57, Kn. in Di.].

3. **אשר הוא חי**, lit. ‘which, it is alive.’ **הוא** does not take the place of the copula ‘is,’ but resumes the relative **אשר**. Compare ver. 18 2, 14. 19. Cf. Driver, § 199 end, with Ges., § 121. 2; M. R., § 156 a, where **אשר** is described as the link connecting the two sentences, ‘*every creeping thing*’ and ‘*it is alive;*’ so Num. 9, 13. 14, 8. 27. 35, 31. 1 Sam. 10, 19.

**לأكلת** **אכלת**. **לأكلת** always occurs in this particular phrase, and always with another dative (except Jer. 12, 9). **אכלת** (as distinguished from **מאכל**, **אכל**) = **אכילה** generalized; a thing that is given on a particular occasion **לأكلת**, is given for a continuance **לأكلת**; see Prof. Driver, *Journ. of Phil.*, No. 22, p. 217.

4. **בנפשו דמו** = **ב**. **בנפשו** ‘with my staff;’ Ps. 42, 11 ‘*with crushing in my bones.*’ **דמות** is an explanatory app. to **נפשו**, defining it more closely,

M. R., § 71. 2 a. The LXX with their πλὴν κρέας ἐν αἷματι ψυχῆς seem to have transposed the words, and read בָּרֶם נֶפֶשׁ. Frankel, *Einfluss*, p. 53 note, explains it by the Halacha, which refers the command forbidding the ‘*Blutgenuss*’ chiefly to the blood that flows out and causes death (*Kerithoth*, 20 b דם שְׁהַנֶּפֶשׁ יוֹצֵא בּוֹ ‘the blood wherein the life goes out’). The blood is not actually the life itself, but through the blood the life becomes apparent to the senses, and is conceived as existing; cf. Lev. 17, 11. 14. Deut. 12, 23.

**5. את דמכם ל nephshitem.** ‘But the blood of your lives (i. e. belonging to) will I require; from the hand of every living creature will I require it: and from the hand of man, from the hand of each one’s brother will I require the life of man.’ Tuch and others render, ‘your blood for your lives,’ i. e. ‘for their protection;’ ל nephshitem being dat. *commodi*; so Deut. 4, 15 וְנִשְׁמַרְתֶּם מֵאָדָם ל nephshitem; but this is not suitable to the context: in 4 the דם and nephshitem are practically identical. Better ל nephshitem = ‘belonging to your souls;’ so the LXX, τὸ ὑμέτερον αἷμα τῶν ψυχῶν ὑμῶν, Vulg. ‘sanguinem enim animarum vestrarum,’ Pesh. סְכָךְ ? מְחַטֵּה ; cf. Ges., § 115. 2. Other renderings, which are not so good, are Del.’s, ‘according to your souls,’ as ver. 10, defining distributively the whole to which the part belongs; or ‘whoever’s soul it is, to whom it belongs;’ or ‘your blood as your souls,’ i. e. ‘so far as your souls are contained in it,’ according to vers. 4. 5<sup>b</sup>, ל as in Job 39, 16 (as though not her own); Ewald, § 217 d. דםכם is thinned from בְּמִקְבֵּם, Ges., § 93. 2. Rem. 3.

**מִיד כָּל חַיָּה.** ‘From the hand of every beast.’ According to Ex. 21, 28 f., the ox that gored any one, so that he or she died, was to be stoned to death (סְקָול יִסְקָל).

**מִיד אֶイְשׁ אָחִיו** = *from the hand of each one's brother.* Inverted for the more usual **אֶיְשׁ מִיד אָחִיו**, as Zech. 7, 10 וּרְעַת אֶיְשׁ אָחִיו; cf. **תְּבִיעָה** in Aramaic, and **ἀλλήλων** in Greek, and contrast Zech. 11, 7 where the usual order is observed (**אֶיְשׁ בֵּיד רָעוֹת**); cf. Ewald, § 301 b; Ges., § 124. 2. Rem. 1. 4; M. R., § 94. Rem. a; 15, 10. 42, 25. 35. Pesh., Vulg., Sam. apparently corrected the text with **אֶיְשׁ וְאָחִיו**. **מִיד אֶיְשׁ** is co-ordinate with **אָחִיו**.

**6. בָּאָדָם**. The LXX **ἀντὶ τοῦ αἰματοῦ αὐτοῦ**, either reading **בָּאָדָם** or confusing in sound **בָּדָם**; compare their rendering of **לֹא כֵן** = *lēn*, viz. 4, 15. 30, 15.

**בָּאָדָם**. The **בָּ** must be regarded as **בְּ** of instrument; cf. Hos. 1, 7. 1 Sam. 28, 6. Ps. 18, 3, but this is not usual; passives in Heb. are generally construed with **מִן** = *of* the agent, as in ver. 14, **בָּרוּךְ לְאָלָל עֲלֵינוּ** or **לְ**, as in 14, **יִכְרַת . . . מִמְּנִי**; cf. Ges., § 143. 2; M. R., § 49. 4 and § 51. 3. Rem. a.

**צָלָם אֱלֹהִים** is an expression characteristic of P.

**9. וְאַנִּי הַנִּי מַקִּים**. When the pronoun precedes, **הַנִּי**, is the form used; when it follows, **אַנְכִּי**, is preferred; see *Journ. Phil.*, No. 22, p. 226.

**הַקִּים בְּרִית**. The **הַקִּים**, when used with **ברִית**, always has a suffix; the phrase **הַקִּים בְּרִית** denotes the perpetuation of a covenant already, at least in idea, existing, rather than the formation of one altogether new, which is expressed by **כְּרֻת בְּרִית**; see *Journ. Phil.*, l.c.

**10. אַתָּה כָּל נֶפֶשׁ הַחַיָּה**. The adj. alone defined, the noun being regarded as sufficiently definite through the preceding **כָּל**; cf. on 1, 21.

13. **מְכֹל יוֹצָאִי**, 'all whatever'; מִן' denoting the genus *ex quo*, the general to which the particular partitively belongs, as in 6, 2. 7, 22; Ewald, § 278 c. ל, as in 23, 10, =לְכֹל בַּאֲיָוֹת, 'with respect to,' etc.; cf. Lev. 16, 21. 11, 42; Ewald, § 310 a (ל with a generalizing and particularizing force).

13. **נָתַתִּי I.** 'I set,' as in 1, 29; cf. Driver, § 14 a; Ewald, § 135 c.

14. **בְּעֵנֶנִּי עָנָן**. Inf. Pi'el with the prep. ב, and suffix of the 1st pers. sing. נ is pointed with —, as the doubling of the letter has fallen away; cf. Ges., § 10. 2. Rem.; the more regular form of the inf. Pi'el would be **בְּעֵנֶנִּי :**

**עָנָן** is a denom. of **עָנָן**. Render, 'when I cloud my clouds;' the apodosis begins with ver. 15, וְנִרְאָתָה being a continuation of the inf.; see Ges., § 132. 3. Rem. 2; Driver, § 118.

18. **הַיְצָאִים.** Here the participle must be rendered as past, 'those who went out,' equivalent to אֲשֶׁר יִצְאֻוּ, but neater; cf. Ges., § 134. 2 c; Driver, § 135. 1; so 13, 7; 19, 1 אֲזַי שָׁב 'sat,' or 'was sitting;' 37, 7. 41, 1-3. 42, 23.

19.. **וּמְאַלֵּה נִפְצָחָה כָּל הָאָרֶץ**. 'And out of these was the whole earth overspread.' נִפְצָחָה is a lightened form of the 3rd pers. fem. perf. Nif'. sing. of פָּצַץ=פָּצִץ (נִפְצָא); Ewald, § 193 c (who compares נִסְבָּה from קָטָט; קָטָט from נִקְטָה; סְבָבָה from בְּקָקָק); Ges., § 67, note 11.

20. **וַיְחַלֵּן חָנָח . . . וַיִּטְعַ**. Render, 'And Noah the husbandman began and planted.' So most moderns; cf. Ges., § 142. 4 with 3 a. Some, however (Tuch, Kn.), appealing to Ewald, § 298 b (cf. M. R., § 43 a) and 1 Sam. 3, 2—which is scarcely parallel—render, 'And Noah began to be a husbandman, and planted;' but this would require אִישׁ אָדָמָה instead of אִישׁ אָדָמָה שֶׁרֶה; cf. 25, 27 אִישׁ אָדָמָה (for M. R.'s explanation, § 76 b. Rem. a, is hardly satisfactory), and what is noticeable

in the narrative is, not that Noah began to be a husbandman, but that he began the cultivation of the vine.

21. **וַיֵּשֶׁת**. The imperf. apoc. Qal of שָׁתַּח without a helping vowel; see Ges., § 75. Rem. 3 c and § 28. 4; Stade, §§ 70 a. 2. 2, 101 c, 489 b.

**אֲהַלָּה** is the older form for **אֲהַלּוֹ**. The ה is preserved in Arabic, and on the Moabite stone, e. g. l. 5 =  
בְּהָ וּבְאֶרֶץ =  
בְּזַה וּבְבִתְּזַה =  
בְּזַה וּבְאֶרֶץ ; other examples in lines  
9. 10. 19. 25. **אֲהַלָּה** always has a Kri, אֲהַלּוֹ; cf. Ges., § 91. 1. Rem. 2. -**הָ** for **צָ** occurs, however, elsewhere in the O. T., and is by no means confined to the oldest books.

22. **חָם** may be called the father of Canaan here with reference to ver. 25.

**וַיַּגֵּד**, sc. ‘it;’ see Ges., § 121. 6. Rem. 2; cf. 38, 17.

23. **הַשְׁמֶלֶת**. ‘The upper garment,’ also used (e. g. by the poor) as a covering by night; cf. Ex. 22, 26. Deut. 24, 13.

24. **מִיָּנוֹ**, ‘from his wine,’ i. e. his intoxication which the wine had caused, as in 1 Sam. 1, 14. 25, 37.

**בָּנָו הַקְטָן**, i. e. ‘his younger son,’ not ‘his youngest,’ as Japhet was the youngest of the three; cf. 5, 32. 10, 1. 2. 6.

21. **הַקְטָן** grammatically can be either comparative or superlative; cf. 1, 16 and the note there.

25. **עָבֵד עֲבָדִים** = ‘servant of servants,’ i. e. ‘meanest servant;’ cf. ‘**שִׁיר הַשִׁירִים**,’ ‘song of songs,’ ‘choicest song;’ see Ges., § 119. 2. Rem.; M. R., § 81 a. Canaan is made Shem and Japhet’s servant. As Noah’s son Ham sinned against him, so shall he (Ham) be punished through his own son Canaan, by the curse laid upon him by Noah. The settlements of Canaan on the islands and coasts of Asia Minor were at an early date overcome by the Japhetic races (Di.).

26. **לְמֹר** is poetical for **לְקֹם**, as often; cf. Stade, § 345 c,

note 1; Ges., § 103.2, foot-note 2. Shem is not blessed directly, but the God of Shem (Deut. 33, 20), i.e. Shem is blessed through his God, the highest possible form of blessing. If God is to be blessed for His goodness, which is implied in blessing Him, how great must be the happiness of those who are under His protection and enjoy His favour.

27. '*May God spread out Japhet far, and may he dwell in the tents of Shem.*' Onq. and others (Baumg., etc.) take God as the subject to ישבן; but the change of subject is awkward, and we should in this case rather expect וְהוּא ישבן. Some again (Ges., Schr.) take שם as meaning 'repute;' cf. 6, 4 אֲנָשִׁים שֵׁם; but this is not suitable to the context, and Japhet could not at that date have had any opportunity of acquiring fame. Dwelling in the tents of Shem does not mean conquest, but points to the friendly relations that should exist between the Semitic and Japhetic races; the latter participating in the honour paid the former, and sharing the religious privileges enjoyed by them.

## 10.

In chapter 5 we had a list of the descendants of Adam, containing ten generations, and ending with Noah. In chapter 10 we have a continuation of the list found in chapter 5, viz. a genealogical table of the sons of Noah, and the various peoples that sprang from them. In the first verse we find the sons of Noah given in the same order as in 5, 32; but in verse 2—in accordance with the custom observed in the book of Genesis, to first notice the side branches of the family tree, in order to prepare the way for mentioning the chief line—we have the order, Japhet, Ham, Shem; Ham standing next to Shem, being, through Canaan, Mizraim, and Cush, more closely allied to him than Japhet was. It should

be observed in these תולדות that the list of nations is by no means complete. We find no mention made of nations of a more modern origin, such as Moabites, Edomites, Ishmaelites, Keturaeans, nor of some nations, such as the Rephaim and Amalekites, who were of very ancient descent; also we find no allusion to the Chinese and the other Mongolian races of Eastern Asia, to the Indians or Eranians, probably because they were entirely unknown in Palestine at the time of the narrator. ‘In general the notice embraces the peoples who were grouped round the basin of the Mediterranean and its vicinity, the peoples of the so-called Caucasian race’ (Di.). The nations mentioned in this table are regarded as the individuals of a large family, as sons, grandsons, and great-grandsons, of a common father, e.g. just as Shem, Ham, and Japhet are Noah’s sons, so the Chittim and Dodanim in ver. 4 are the grandsons of Japhet; cf. ver. 6, Mizraim as the son of Ham; ver. 13, Ludim as the son of Mizraim; and (ver. 16) the similar use of the patronymics (the Amorite and Jebusite being spoken of as the children of Canaan; compare vers. 17. 18).

The table falls into three chief divisions, viz. I. 2–5. The Descendants of Japhet, the Northern Races. II. 6–20. The Descendants of Ham, the Southern Races. III. 21–31. The Descendants of Shem, the Central Races. The list is repeated with some variations in 1 Chr. 1, 4–23. For a list of works bearing on this chapter, see Dillmann’s *Commentary*. p. 161. In the following notes—which are not intended to form a complete commentary on the chapter—Dillmann has been chiefly followed, and for fuller information his notes and the works there cited should be consulted.

1. **תולדות.** Cf. the note on 2, 4.

2. **וַיְפַת.** ו with pretonic qameç, see on 1, 2.

## 2-5. THE DESCENDANTS OF JAPHET.

2. גָּמֵר. LXX, Γαμέρ, mentioned again in Ez. 38, 6 (LXX, Γομέρ), as an ally of Gog of Magog. ‘Usually, since the time of Calmet, supposed to be the *Cimmerii* (Κιμμέριοι, Hom. *Od.*, xi. 14), who inhabited the Tauric Chersonese, were driven out in the seventh century by the Scythians, and overran the Lydian kingdom in Asia Minor; finally they disappeared, but traces of their existence are still extant in names of places.’ Others (Kiepert, Lagarde) consider that גָּמֵר is Cappadocia, called by the Armenians *Gamir* (Pl.). Josephus, *Ant.*, i. 6. 1, considers that גָּמֵר = the Γαλάται, who were formerly called Γομαρεῖς, in Northern Phrygia. Bochart also decides for Phrygia. Saadiyah explains גָּמֵר by ‘الترك,’ ‘the Turks.’ The name is found in the Assyrian inscriptions, ‘*Gimirrai*=those who belong to the people (Ass. land) of *Gimir*;’ see Schr., *K.A.T.*<sup>2</sup>, p. 80:

מְגֹג. ‘The second son of Japhet must be sought for between Gomer and Media. In Ez. 38, 2. 6. 15. 39, 2 Magog appears as a remote and warlike people in the far North, having Tubal and Meschek under them, and to whom Gomer and the House of Togarma have attached themselves.’ Josephus l. c. and Hieron., *Quaest. ed.* Lagarde, p. 14, explain מְגֹג as ‘the Scythians,’ the people of lake Maeotis and the Caucasus, and this view is the one commonly adopted since the time of Bochart.

מְדֵי. ‘*The Medes*,’ elsewhere mentioned in the O. T., viz. 2 Kings 17, 6. 18, 11. Jer. 25, 25. 51, 11. 28. Is. 13, 17 f. 21, 2. The name is found on the Assyrian inscriptions, ‘*Madai*’ (‘*Ma-da-ai*’); see Schrader, *K.A.T.*<sup>2</sup>, p. 80.

יוֹן. ‘*The Ionians*’ (‘Ιάονες, Ιάνονες), in the whole of the

East, up to India, the name for the Greeks; also found on the Assyrian inscriptions of Sargon II and Sanherib ‘*Javnai*’ (‘*Ja-av-naai*’), Schr., *K.A.T.<sup>2</sup>*, p. 81. They are frequently mentioned in the O. T., e.g. Joel 4, 6. Ez. 27, 13. Is. 66, 19. Dan. 8, 21. 10, 20. 11, 2.

**חוּבֵל וְמִשְׁקָה**. ‘Always (except Is. 66, 19, Mass. text, and Ps. 120, 5) joined together. In Ez. 32, 26 they are mentioned as having suffered severe reverses, in Ez. 27, 13 (together with Javan, possibly from Gen. 10, 2) as connected by trade with the Tyrians, whom they supplied with slaves and vessels of brass. In Ez. 38, 2 f. 39, 1 they are spoken of as forming the flower of the army of the Scythian king Gog, in Is. 66, 19, LXX, as distant peoples. They are usually identified with the *Tibareni* and *Moschi*, who inhabited the hill country on the south-east of the Black Sea, the *Moschi* between the sources of the Phasis and Cyrus, the *Tibareni* east of the Thermelon, in Pontus. In the Assyrian inscriptions (see Schrader, *K.A.T.<sup>2</sup>*, p. 82 ff.) their territory extended further south, the “*Tabali*” (“*Tibareni*”) up to Cilicia and the “*Muski*” (“*Moschi*”) north-eastwards of the *Tabali*. Josephus, *Ant. l.c.*, explains **חוּבֵל** as the *Iberians* in the Caucasus land, and **מִשְׁקָה** as *Mázaka* in Cappadocia (being deceived by the similarity in sound).’

**תִּירָם** is mentioned nowhere else, but must, according to its position, be looked for either east of **מִשְׁקָה**, or in the west, and more towards the south than **מִשְׁקָה**. Since Josephus **תִּירָם** has been usually identified with the *Thracians*, but Di. questions the suitability of this identification, as **תִּירָם**=the *Thracians* would be already included in the Gomer group. Other conjectures are *Tύρης*, *Tύρας*, i. e. the Dniester with the people dwelling on it, the *Tυρῆται* (Her. iv. 51); the *Tυρσηνοί* (Tuch, Nöld., Di.), who belonged to the *Pelasgi*, and who made

themselves by their acts of piracy a terror to the islands and coasts of the Aegean Sea between Greece and Asia Minor (Her. i. 57. 94; Thuc. iv. 109); see Tuch, p. 171.

### 3. The sons of Gomer.

**אַשְׁכָנָנוּ**, ‘the first son of Gomer, is mentioned in Jer. 51, 27 together with Ararat and Minni, i.e. with North-eastern and South-eastern Armenia.’ Josephus explains by ‘Ρηγίνες, who are otherwise unknown. The Ber. Rabba gives Asia; and the Jews of the Middle Ages, Germany. ‘As the ending *az* in (phryg.) Armenian forms patronymics, and as *Askanians*, according to several authorities, settled in Mysia, Bithynia, and Phrygia, whose name at a later date still attached to a lake, river, and village [Jl. ii. 862 ff., xiii. 793, etc.], this old Askanian people must be understood,’ Di. In Jeremiah the Western Armenians are intended, i.e. the *Askanians*, who had emigrated from Phrygia into Western Armenia, and Tuch, Ges., and Schr. consider this to be the case in the present passage.

**רִיפָת**, in 1 Chr. 1, 6 **רִיפָת**. Josephus explains by *Ripheans*, i.e. *Paphlagonians*, which Bochart seeks to support by comparing *Rhebas*, a river of Bithynia, which falls into the Black Sea near Paphlagonia; so Lag., Di. Kn., however, prefers the view that **רִיפָת**=the fabulous ὄρη ‘Πιπαῖα, which were regarded by the ancients as the boundary of the northern side of the earth. Del. regards the name ‘as not yet deciphered with certainty.’ Saadiah and the modern Jews apply **רִיפָת** fancifully to France. The LXX have ‘Ριφάθ here and in 1 Chr. l.c.

**תְּגִרְמֵה**, mentioned in Ez. 38, 6 together with Gomer, in the army of Gog; and in Ez. 27, 14 after Javan, Tubal, and Meshek, as supplying horses and mules for the Tyrian traders: both times called in Ez. **בֵּית תְּגִרְמֵה**. Josephus

understood תְּגַרְמָה to mean the *Phrygians*. But as the *Phrygians* are already included in אֲשָׁכְנֵא, the view that “תְּגַרְמָה = the Armenians, is to be preferred; ‘according to the oldest sense of the word, Western Armenia,’ Di. With this identification, Phrygia, Paphlagonia, and Western Armenia naturally follow one another in the direction from west to east. The LXX have the name slightly altered, Θοργαμά; Codex A, Θεργαμά; cf. Lagarde, *Gen. Graece*, p. 34.

#### 4. The sons of Javan.

**אלישָׁה**, mentioned in Ez. 27, 7, ‘*the coastlands of Elishah*,’ whence purple was obtained. Josephus thinks that אלישָׁה means the *Aeolians*. The Targ. of Jonathan here takes it to = *Hellas*. Others, *Elis* (Boch.). But Di. objects, firstly, that תְּשָׁה—for the Greek nom. ending σ—is inconceivable, and secondly, that Greece and the Greeks are already included in Javan. He suggests *Italy* and *Sicily*, citing the Targ. to Ez. l.c. מִרְגִּית אִטְלִיאָה. If we take Javan as the *Ionian* Greeks (esp. in Asia Minor), Elishah might well denote some branch of *Dorian* or *Achaean* Greeks. Upon this view, however, what the name corresponds to, remains to be explained.

**תְּרַשְׁׁוֹשָׁה** is frequently mentioned in the O. T. Josephus thinks *Tarsus* in Cilicia is intended, but the more generally accepted view is that *Tartessus* in Spain is meant, which was celebrated in the east for its abundance of silver, and carried on an extensive trade with Tyre (cf. Herod. i. 163, iv. 152; Is. 23). ‘Not the town as a Phoenician colony (Stade), but the land and people is intended,’ Di. *Tartessus* embraced the coastland from Gibraltar to the mouth of the Baetis or Guadalquivir. The Tarshish navy, mentioned in the book of Kings (1 Kings 10, 22. 22, 49), was not a navy that was intended to traffic with Tarshish, but is a term for large

vessels, just as we speak of East or West-Indiamen; cf. Ges., *Thes.*, p. 1315.

**כְּתִים**. *Cyprus* and its inhabitants, where was an old town *Kírrion*, the modern Larnaka (Schrader), which Josephus mentions in his explanation of the name. The Assyrian name of the island was ‘*Jatnána*’ or ‘*Atnána*;’ see Schr., *K. A. T.*<sup>2</sup>, p. 85 f. The name seems at a later date to have included other islands and coastlands; cf. Jer. 2, 10. Ez. 27, 6. אֵי כְּתִים 6. Dan. 11, 30.

**רְדָנִים**. So the Targ., Pesh., and Vulg.; but the LXX and Sam. give רְדָנִים, as 1 Chr. 1, 7. The reading is generally accepted as the correct one, as רְדָנִים cannot be suitably explained. Conjectural explanations that have been offered are *Dodona*, the seat of the famous oracle in Epirus, which would be unsuitable here; or רְדָנִים = the Δάρδανοι; Targ. Jon. דְּרוֹנִיא, Jer. Targ. דְּרוֹנִיא, i.e. the *Trojans*. With the other reading Bochart explains the word as meaning the *Rhone*, and the people dwelling near it: more probable, however, is the explanation by which רְדָנִים = *Rhodes*, or in a more general sense the *Rhodian Islands*, i.e. the islands of the Aegean Sea. In Ez. 27, 15 the LXX give for רְדָנִים, ‘*Póδιοι*.

5. ‘In ver. 20 and ver. 31 we find at the conclusion of the list אלה בְּנֵי חַם and אלה בְּנֵי שָׁמֶן respectively; and we should expect here בְּנֵי יְפַת. אלה בְּנֵי יְפַת cannot refer to in ver. 2, but to in ver. 4 (since Magog, Media, etc. cannot be spoken of as populating the sea coasts), and as, moreover, these three words אלה בְּנֵי יְפַת does not agree with אלה בְּנֵי חַם, these three words אלה בְּנֵי יְפַת must be inserted before אלה בְּנֵי חַם, without its being, on account of this, necessary to strike out . . . אלה בְּנֵי חַם as a gloss,’ Di. This emendation, proposed by Ilgen, is adopted also by Ewald, and apparently accepted by Del.

Render, ‘*From these have the sea-lands of the peoples separated themselves. (These are the sons of Japhet) in their lands, each according to his language, according to their families, by their peoples.*’ מִינָא denotes regularly ‘the islands and coastlands’ of the Mediterranean.

On בְ = ‘*by, according to,*’ see on 7, 21; and cf. ver. 20 and ver. 31 of this chapter.

#### 6-20. THE DESCENDANTS OF HAM.

6. כּוֹשׁ, ‘called by the ancient Egyptians “*Kas, Kis, Kes, Kesi,*” and used as the name of a people of a reddish-brown colour, between Egypt and Abyssinia, viz. in the East between the Nile and the sea.’ In the O. T. Cush seems to have had a wider and narrower signification. In 2, 13 and here it has a wider meaning, and is used to denote the southern limit of the known world, including the inhabitants of the coastland of Southern Arabia. From Isaiah’s time and onwards it was used with a more limited signification, as the special name of the state situated at the foot of mount *Barkal*, viz. *Ethiopia*. כּוֹשׁ is found on the Assyrian inscriptions (‘*Kusi*’) as the name of Ethiopia; see Schr., *K.A.T.<sup>2</sup>*, p. 86. ‘It is uncertain whether the “*Kassi*” of the inscriptions, the Κοσσαῖοι in Susania, and to the north of Susania, the Κισσίων χώρη, represent the same name of a people as *Kus, Kes*, and thus bear testimony to an extension and emigration on the part of the Cushites,’ Di.

מִצְרִים. *Egypt.* Assyr. ‘*Muṣur, Muṣru, Miṣir,*’ Schr., *K.A.T.<sup>2</sup>*, p. 89. The dual form of the word in Hebrew probably is used with reference to the two parts of Egypt, upper and lower, which are always mentioned on the oldest Egyptian monuments when the whole of Egypt is spoken of.

It is, however, used in Hebrew where Lower Egypt is meant, Upper Egypt being expressly excluded, e.g. Is. 11, 11. Jer. 44, 1. 15. Various etymologies have been suggested for the name. Bochart thinks that מצר = 'walling in,' and Egypt would then = the land *that is shut off or walled in*; but this opinion of Bochart's rests on the use of the name in Is. 37, 35. 19, 6. Another derivation (Ges. in the *Thes.*, p. 815) is from מצר which occurs in Aram., Assyr., and Arab. = 'a limit, province,' so מצרים = 'the two lands.'

**פּוֹת.** This name occurs frequently in the O. T. In Nah. 3, 9 פּוֹת is mentioned with Cush, Mizraim, and Lubim; in Jer. 46, 9 in the Egyptian army, together with Cush and Ludim; cf. Ez. 30, 5. In Ez. 27, 10 the soldiers of פּוֹת are found among the Tyrian soldiers, together with those of Persia and Lud; and again in Ez. 38, 5 occurs with Persia and Cush in Gog's army. In the LXX, Is. 66, 19 (Mass. text פְּלִיל), it is spoken of as a distant nation of the west. The LXX in Jer. and Ez. translate it by Αἰθύες, so Josephus: and this is the view generally adopted. Knobel (*Völkertafel*, p. 296) points out that the Coptic name for Libya was *Phaiat*. Ptol. iv. 1. 3, Pliny v. 1 mention a river Φθούθ or *Fut* in Libya.

**כָּנָעַן** (from כָּנָע 'to be low, depressed') = 'the low land' as opposed to the high lands of Aramea. This, however, Di. disputes, and regards כָּנָעַן as the original name of the low land by the sea and the Jordan, which was afterwards extended to all the country west of the Jordan. Canaan embraced all this district, exclusive of Philistia, but inclusive of Phoenicia. It is remarkable that כָּנָעַן — though the language of the land was Semitic — should be found among the sons of Ham. Perhaps this was due to a sense of their

different origin; it being more or less certain that they were emigrants from the south, from the neighbourhood of the Persian Gulf (see Di., p. 170, and the authorities he cites in favour of the view of the southern origin of the Canaanites, viz. Her. i. 1, vii. 89; Justin. xviii. 3; Strabo i. 2. 35, xvi. 3. 4; Dion. per. 906; compare *The Book of Jubilees*, c. 10; see also Schröder, *Phoen. Gram.*, p. 4). The Assyrians do not seem to have been acquainted with the name Canaan, their name for the land being usually ‘*mat Aharri*,’ ‘*the Westland*;’ see Schrader, *K.A.T.*<sup>2</sup>, p. 90 ff.

### 7. The sons of Cush.

**סְבָא** is mentioned in Ps. 72, 10 together with שׁבָא, as a distant land in the south. In Is. 43, 3. 45, 14 it is spoken of together with Egypt and Cush; and in 45, 14 the סְבָאים are described as being very tall. Since Josephus (*Ant.*, ii. 10. 2), סְבָא has usually been identified with *Meroë*; and possibly this identification is supported by a comparison of Is. 45, 14 with 18, 2. 7 (Her. iii. 20. 114). Di., however, prefers to identify סְבָא with a branch of the Cushites, dwelling on the Arabian sea, on the east of Napata; and he supposes that remains of this proper name are to be found in *Asta-soba* and *Soba*, the capital of the Christian kingdom of *Senaar* in the Middle Ages. His reason for objecting to the identification given by Josephus is that the kingdom of Cush, which reached to the southern island of Meroë, was neither known to the Egyptians, nor called in the O. T. סְבָא.

**חוֹילָה.** Cf. on 2, 11. Di. supposes that a trace of this people is to be found in the name Κόλπος Αὐαλίτης or Ἀβαλίτης, and the people Ἀβαλίται, on the African coast near the Straits of Bab-el-Mandeb. This would suit the order of the enumeration. In ver. 29 חֹוִילָה is mentioned among the sons of

Joqtan on the Persian Gulf; and we must either suppose that there was more than one חוילה, or that a great Cushite people were scattered over the east and south coast of Arabia, who also had penetrated to the west coast of north-eastern Africa, and there left traces of their name. Possibly, as Tuch suggests, the difference is due to two different accounts.

**וּסְבָתָה.** Josephus, *Ant.*, i. 6. 2, explains by Ἀστάβαροι, i.e. the inhabitants of *Astaboras*, now *Atbara*, in Abyssinia, which Gesenius in the *Thes.* approves. More general is the view held by Tuch and Del., and accepted by Di., that סְבָתָה is to be connected with the old Arabian town Σάβαθα or *Sabota*, the capital of the *Chatramotitae*, which had sixty temples, and was a great emporium of the frankincense trade.

**רֻעִמָה**, LXX, ‘Ρεγμά, cf. on 4, 18, is mentioned in Ez. 27, 22 in connection with שְׁבָא, as a trading people, who supplied the Tyrians with spices, precious stones, and gold. Tuch and others identify רֻעִמָה with Ρῆγμα or Ρέγμα, mentioned by Ptolemy and Steph. Byz., a town with a harbour on the Arabian side of the Persian Gulf. Di. prefers to identify it with the רֻעִמָה of the Sabean inscriptions, in the neighbourhood of מען *Méin*, north of *Marib*.

**וּסְבָתָכָא** is unknown. Those who consider that רֻעִמָה is situated on the Persian Gulf compare Σαμνδάκη, a seaport town and river in Carmania; so Bochart. The Targ. of Jon. here, and the Targ. to Chron., give זִינְגִיס, i.e. *Zingis*, on the east coast of Africa.

The sons of Ra'ma.

**שְׁבָא.** ‘*The Sabeans*,’ often mentioned in the O. T. as a distant land and people, whose great wealth in gold, precious stones, frankincense, and cassia, was brought, partly by them-

selves, and partly by others, to the north. They dwelt in southern Arabia, the capital of their empire being *Mariaba* or *Saba*.

**דְּדָן**, mentioned in 25, 3 among the descendants of Keturah. Possibly there were two different accounts of their origin, both of which have been employed by the narrator. In Ez. 38, 13 **דְּדָן** is mentioned together with **שְׁבָא**, as a most important trading nation, and in Ez. 27, 20 as supplying Tyre with costly carpets. In Is. 21, 13 the caravans of Dedan are mentioned, and in Jer. 25, 23. 49, 8 it is spoken of together with the Edomites and other desert tribes of Arabia. In Ez. 25, 13 **דְּדָן** is the tribe on the frontier of Edom. ‘Since Bochart, the Cushite **דְּדָן** has usually been placed on the Persian Gulf, and a trace of the name is supposed to have been found in *Daden* (دادن, Syr. دَدَنْ; see Ges., *Thes.*), one of the Bahrein Islands, and the Keturaean Dedanites are distinguished from those of Cush; traces of the former being perhaps extant in the ruins of *Daidán*, west of *Têmâ*, south-east of Aila, in northern *Hiḡâz*’ Di. **דְּדָן** occurs in Halevy’s *Sab. Inscriptions*, and Di. remarks that the original Dedan must be sought for further south than on the Persian Gulf. After the exile the Dedanites disappeared, their place being taken by the Gerrheans (on the west of the Persian Gulf). On this word and **שְׁבָא** in the Assyrian inscr., see Schrader, *K. A. T.*<sup>2</sup>, pp. 92, 145 ff.

8. **יָלֵד**. P would use **הַוְלֹּד**; so in 6, 10.

**נִמְרָד**. LXX, Νεβρώδ. Found once again in Micah 5, 5. Its derivation is uncertain; some derive it from **מִרְד** ‘to revolt;’ so **נִמְרָד**, ‘rebeller,’ *H. W. B.*, 9th ed. The name has not yet been discovered in the Assyrian inscriptions. The Assyriologists identify the Nimrod of the Bible with the Babylonian hero *Iṣṭubar*; see Schrader, *K. A. T.*<sup>2</sup>,

p. 92; and Haupt quoted by Schrader, l. c., believes that the name can mean, as an old Babylonian gentilic, ‘he who is of Marad,’ *Marad* (also *Amarad*) being a town of central Babylonia.

**גָּבֹור** = ‘*a mighty man*,’ cf. Ps. 52, 3; a powerful ruler, who, by his courage, activity, and the terror he inspired, reduced all around him, either voluntarily or involuntarily, to submission, ‘*Del.*;’ cf. ver. 10.

9. Nimrod was also distinguished as a mighty huntsman. **נָבוּר צִיד** = ‘*a hero in (lit. of) the chase*.’

**לְפָנֵי יְהוָה** (cf. Jon. 3, 3 **לְאֱלֹהִים**; τῷ Θεῷ, Acts 7, 20). The expression is doubtless taken from the mouth of the people, and denotes that he was exceptionally mighty, a person whom God himself must regard as *sui generis*. Onq. has **גָּבֶר תְּקִיף** = ‘*a mighty hero*;’ LXX, γίγας κυνηγὸς ἐναντίον Κυρίου τοῦ Θεοῦ.

**עַל כֵּן יֹאמֶר**. This formula is also used elsewhere in citing what was well known as a proverb, e. g. Num. 21, 14; cf. 1 Sam. 10, 12 with 19, 24, also Gen. 22, 14.

**בָּבֶל**. Cf. 11, 9.

**אֲרָךְ**. LXX, ὄρεχ. The Targg. of Jon. and Jer., also Ephrem Syrus and Jerome, take this to be *Edessa* (in Syriac אֲرָךְ), but incorrectly, as Edessa is a Mesopotamian, not a Babylonian town. Bochart and others identify it with *Arecca*, on the lower Tigris, on the frontier of Susania. More probably it is ὄρχον, mentioned by Ptol. v. 20. 7; the modern *Warka*, on the left bank of the lower Euphrates, south-east of Babylon. Its name on the inscriptions is ‘*Arku*’ or ‘*Urku*’ interpreted by Oppert as meaning ‘*Moon-town*;’ see Schrader, *K.A.T.*<sup>2</sup>, p. 94 f.

**אַכְדָּה**. LXX, Ἀρχάδ. The site of **אַכְדָּה** is unknown. Knobel

explains it by Ἀκκίτη, a district north of Babylon. Akkad occurs frequently in the inscriptions as the name of a Babylonian people and land, but its position cannot be determined; all that can be said is that it must be sought for in northern Babylonia; see Schrader, *K.A.T.*<sup>2</sup>, p. 95. The Targg. of Jon. and Jer. explain it as *Nisibis*, and this explanation is adopted for the Pesh. מִצְבֵּה here, by Ephrem Syrus and Bar Hebraeus.

**כָּלְנָה.** LXX, Χαλάννη. In Amos 6, 2 it has the form בָּלְנָה, and in Is. 10, 9 בָּלְנוֹ. It has not yet been found in the Assyrian inscriptions. The Targ. Ps.-Jon. and Targ. Jer., also Ephrem, Jerome, etc., identify it with *Ctesiphon Seleucia*, on the Tigris. G. Rawlinson (*Anc. Mon.*, i. p. 20), cited by Di., thinks it is *Nippur* (Niffer), following the Talmud.

**בָּאָרֶץ שְׁנָעָר.** *Shin'ar* is Babylonia proper, exclusive of Mesopotamia, the Bab. *Irāq* of the Arabs. *Shin'ar* is now commonly understood to be a dialectic variation of the Bab. Assyrian ‘*Sumer*;’ ‘*Sumer*’ being the name of the southern portion of Babylonia, the northern part being *Akkad*. The Hebrews would then have applied the original name of south Babylonia to all Babylonia; see Schrader, *K.A.T.*<sup>2</sup>, p. 118. Onq. has בָּאָרֶץ רַבָּל ‘*in the land of Babel*.’ The word occurs besides in Josh. 7, 21. Is. 11, 11. Dan. 1, 2. Zech. 5, 11.

11. Render, ‘*From that land he went forth to Asshur*,’ etc. This translation is not only demanded by ver. 22, where Asshur is enumerated among the sons of Shem, but by ver. 10, אֲשֹׁור here, being opposed to Shinar in that verse. The versions, however, except Targ. Jon., take אֲשֹׁור as subject, as though it were the name of a person, which is never the case in the O. T. אֲשֹׁור is here taken in its geographical sense, and denotes the district on the east bank of the Tigris, as the site of the cities assigned to it shews; cf. 2, 14.

**אַשּׁוֹר** is the acc. of motion towards, without the ending **ה**—; cf. 35, 1. 3. 43, 15. Ex. 4, 19, and constantly; see Ges., § 118. 1; M. R., § 41 a.

**נִינְוָה**. LXX, Νινεύι, Assyrian ‘*Ninua*,’ also ‘*Nina*,’ on the east bank of the Tigris, now Kujundschik.

**רְחַבֶּת עִיר** = lit. ‘streets of a city,’ or ‘wide places of a city;’ unless it be preferred to regard the two words as in apposition. The LXX have τὴν Ῥωβάθ πόλιν. Probably **רְחַבֶּת הַנָּהָר** in 36, 37, though it has been conjectured that the two are identical, and that it is *Rahaba* on the Euphrates; see Tuch, p. 189. Di. supposes that, according to its name, it formed the suburb to some larger city whose position is unknown; so Del. in his *Paradies*, p. 261, comparing ‘*Ri(rē)-bit ir Ni-na-a*’ in the inscription of Asarhaddon (i. 53), etc.; see Schrader, *K. A. T.<sup>2</sup>*, p. 101, who agrees with the view held by Di.

**כָּלָח** was formerly identified with Καλαχηνή of Strabo, חַלָּח, whither (according to 2 Kings 17, 6. 18, 11) a portion of the ten tribes was carried away captive by Shalmaneser. More probably it is the same as *Kalhu* of the inscriptions, built about 1300 by Shalmaneser I, and refounded by Asurnâşirhabal (883–859), and raised to the position of a royal residence (see Schrader, *K. A. T.<sup>2</sup>*, p. 98). *Kalhu* occupied the site of the present village and hill of *Nimrud*, in the most southern angle of the triangle formed by the Tigris and Zâb; see Di., p. 176. It is distinct from חַלָּח mentioned above.

12. **רְכֵן**, LXX, Δασή, cf. Lag., *Gen. Graece*, p. 36, is only mentioned here, and is not found on the inscriptions; but as it lies between Nineveh and Kelach, it is to be sought for between *Kujundschik* and *Nimrud*. Prof. Sayce identifies it

with *Rēš-ēni*, i. e. רֵשׁ עַזִּים; see *Academy*, May 1, 1880, and Schrader, *K.A.T.*<sup>2</sup>, p. 100.

הוּא הָעִיר הַגְדוֹלָה cannot refer to Resen alone, as nothing further is known of the large city of Resen; and from its position between Nineveh and Kelach, it must be regarded as insignificant. We must therefore refer it either to the four cities, or to Nineveh, together with the other three; Nineveh being regarded as forming with the other three a great city; cf. Jon. 1, 2. 3, 2. 4, 11.

### 13. The sons of Mizraim.

לוֹדִים, 1 Chron. 1, 11 Ktb. We find the לוֹדִים (in Jer. 46, 10. Ez. 27, 10. 30, 5) mentioned as bow men in the army of the Egyptians, or Tyrians; in Jer. and Ez. 30, 5, with Cush and Phut; in Ez. 27, 10, with Persia and Phut; and in Is. 66, 19, among the most distant people. In Is. 1. c. and the two passages in Ez., the sing. form לוֹד is used. They are identified by Hitzig with the *Libyans*; by Movers (*Phoen.*, ii. 1. 377 ff.) with the Berber tribe of *Lewādā* dwelling on the Syrtes; by Knobel with the Egyptised portion of the Semitic לוֹד (cf. ver. 22), who had settled in north-eastern Egypt. All these identifications are precarious. A people of western lower Egypt, or on its borders, seems to be required to explain לוֹד. לוֹד in ver. 22 is different from the לוֹדִים here mentioned; cf. further, Di. and Tuch on this verse.

עֲנָמִים. LXX, Ἐνεμετείημ, uncertain. Pesh. has محتم, which Tuch emends to حدעם. Kn. and Bunsen connect it with ‘emhit,’ i. e. ‘north,’ and explain it as North Egypt. Ebers explains עֲנָמִים as = ‘an-aamu,’ the wandering herdsmen who had settled on the Bucolic or Phatmetic arm of the Nile, where there was pasture for their cattle.

לוֹבִים. LXX, Λαβιείημ—probably identical with the in Nah. 3, 9. 2 Chron. 12, 3. 16, 8. Dan. 11, 43—are the

*Libyans*, old Egyptian ‘*Tahennu*’ (‘*Thihenu*’), also ‘*Lebu*’ or ‘*Rebu*.’ Wright compares for the interchange of ה and ל, **לֹודִים**, Sam. **בּוֹשׁ**; **לְהָדִים**, Syr. **لَهَدِيمْ**; **רוֹזִין**, Syr. **رَوْزِينْ**. ‘The name here is to be understood of the Libyans on the borders of Egypt,’ Di.

**נֶפְתָחִים**. LXX (Tisch. and Lag.) omit, but Walton’s text has **Νεφθαλείμ**. Pesh. **נֶפְתָחִים**, for **נֶפְתָחִים**. Bochart identifies **נֶפְתָחִים** with **Νέφθυς**, in Plut. *de Isid.*, p. 96, the most northern portion of Egypt on the sea-shore. More probable is the identification proposed by Ebers, ‘*na-ptah*; =οἱ τὸν Φθᾶ, i.e. those belonging to Ptah or Hephaestus, the Memphitic Egyptians.

**פָתְרִים**, 14. **פָתְרִים**, derived from **פָתַר**, which (see Is. 11, 11. Jer. 44, 1. 15. Ez. 29, 14. 30, 14) signifies Upper Egypt (Thebais).

**כְּסֻלְחִים**. LXX, **Χασμωνεῖμ**; cf. Lag., *Gen. Graece*, p. 36. Since Bochart’s time, usually identified with the *Colchians* on the Black Sea, because these (according to Herodotus, Strabo, and others) were descendants of the Egyptians. Knobel thinks that the dry and salty strip of land stretching from the eastern mouth of the Nile along the sea up to the southern frontier of Palestine, with lake Sirbonis and mount Casius, is intended. But this identification is doubtful; see Di. here.

**אֲשֶׁר יִצְאֵו מֵשָׁם פָּלֶשְׁתִּים**. If **כְּסֻלְחִים** are the *Colchians*, this notice is senseless, and then we must assume that here and in 1 Chron. 1, 12 the words are out of place, and should come after **כְּפָתִירִים**. Del. keeps the present order of the text, and distinguishes between Philistines who came from the **כְּסֻלְחִים**, and Philistines who came from **כְּפָתִיר**; but in Deut. 2, 23. Amos 9, 7. Jer. 47, 4, the Philistines are spoken of as coming from **כְּפָתִיר**, and no mention is made of any such

double origin. Di. prefers to assume that the immigration of the Philistines was not made directly from Crete, but came by the way of the Egyptian sea coast; see on **כָּלְחִים**. The versions follow the order of the Mass. text. פָּלְשָׁתִים = probably ‘emigrants’ or ‘strangers,’ from פָּלַשׁ, Eth. *falasa*, ‘to wander.’ **פָּלְשָׁת**, *Philistia*, is called Παλαιστίνη by Josephus, and this name afterwards was used as the name of the whole land of Canaan. In Assyrian it is ‘*Palaštav*’ or ‘*Pilišta*;’ see Schrader, *K. A. T.*<sup>2</sup>, p. 102 f.

**כְּפָתְרִים.** Not the *Cappadocians*, as LXX in Deut. 2, 23. Amos 9, 7; Vulg. (everywhere else, but here ‘*Capthorim*’), Targg. Onq., Ps.-Jon., and Jer., and Pesh.; but more probably *Crete*; not only because such an important island would scarcely be omitted in this table of nations, but also because *Kaftor* in Jer. 47, 4 is expressly mentioned as an ‘אֶן’, and the Philistines in 1 Sam. 30, 14. Zeph. 2, 5. Ez. 25, 16, etc. are called בָּרְתִּים: cf. Tac., *Hist.* v. 2, who indirectly testifies to the origin of the Philistines from Crete; see Del., p. 248 f.

### 15. The descendants of Canaan.

**צִידּוֹן**, the first-born, prop. ‘*the fisher-town*’ (from צִידּ), the oldest settlement of the Canaanites, and the only one of all the Phoenician towns known to Homer. In Josh. 11, 8. 19, 28 it is called רְבָה. Even when Tyre had gained a reputation, the Phoenicians were still called Sidonians; Josh. 13, 6. 1 Kings 11, 5. 16, 31. The absence of any mention of Tyre in the table is noticeable.

**חָתָה**. ‘The form חָתָה (without ‘—’, although elsewhere is common) points to the name of a people of wide range,’ Di. חָתָה = the ‘*Cheta*’ of the Egyptian monuments and ‘*Hatti*’ of the Assyrian inscriptions, the chief people in Syria

between the middle Euphrates and Orontes, who were gradually forced back by the Arameans or absorbed by them. Their chief city was Kadesh on the Orontes. In 1 Kings 10, 29. 2 Kings 7, 6 Hittite kings are mentioned in Syria; see further, Di.; Sayce in the *Trans. of the Soc. of Bib. Arch.*, vii. 2. 248 ff.; Cheyne, *Enc. Brit.* s.v.; Wright, *Empire of the Hittites*.

16. **הַיְבוֹסִי**. ‘*The Jebusites*,’ who dwelt in and around Jebus, afterwards called Jerusalem.

**הָאָמֹרִי**. ‘*The Amorites*,’ who dwelt in the hill country of Ephraim and Judah, and spread out far into the south; the most powerful and warlike of all the Canaanitish tribes. The Canaanites in general are sometimes called Amorites. Deut. 3, 9 is cited by Di. as ‘*eine Probe ihrer Sprache*,’ ‘a sample of their language.’ The name may possibly = ‘those who dwell on high ground,’ from אֶמְרָר = אֶמְרֵר, Is. 17, 9, ‘top,’ ‘height.’

**גִּרגָּשִׁי**. ‘*The Gergashites*,’ their position is uncertain, possibly they must be sought for in the west Jordan land; cf. Josh. 24, 11. They are mentioned again in 15, 21.

17. **הַחֲוִי**. ‘*The Hivites*.’ חֲוִי possibly = ‘those who live in town-communities (*Stadtgemeinden*), חָוָת,’ Di.; cf. 34, 2. Josh. 9. Later they are found in the Lebanon and Hermon district, perhaps driven thither by the Israelites; Josh. 11, 3. Judg. 3, 3. 2 Sam. 24, 7.

The פְּרִזִּי, i.e. ‘*Perizzites*,’ ‘those who dwell in open villages,’ בְּרוֹזָת, who are mentioned in 13, 7. 15, 20, are not found in this table; see Di., p. 180.

**אֲרָקִים דְּלָבָנָן** are the Phoenicians of “Αρκη (Talm. Del.), at the foot of mount Lebanon, about five hours north of Tripolis, the birth-place of the emperor Alexander Severus.

"Αρκη has been rediscovered in the modern *Tell Arqa* and village *Arqa*. LXX, 'Αρουκαῖος. In Assyrian 'Ar-kā;' see Schrader, *K.A.T.*<sup>2</sup>, p. 104.

**הסינים.** 'The Phoenicians of Sin.' Hieron., *Quaest. ed. Lag.*, p. 17, mentions a town *Sin*, not far from *Arqa*. Breydenbach (see Di., p. 181) in 1483 found a village *Syn*, half a mile from the river *Arqa*.

18. **הארודים.** LXX, 'Αράδιοι. 'The Aradians,' mentioned in Ez. 27, 8. 11 as the sailors and warriors of the Tyrians, are the inhabitants of *Ἄραδος*, a Phoenician city built on a rocky island north of Tripolis, according to Strabo, by exiles from Sidon. Arvad is frequently found on the Assyrian inscriptions 'Ar-va-da ;' see Schrader, *K.A.T.*<sup>2</sup>, p. 104 f.

**הצמרי.** 'The Phoenicians of Simyra,' south of Aradus, north of Tripolis, mentioned by Strabo. In Assyrian 'Si-mir-ra ;' see Schrader, *K.A.T.*<sup>2</sup>, p. 105.

**החמתים.** 'The inhabitants of Hamath,' later name 'Epi-phania,' on the Orontes, often mentioned in the O. T., and Assyrian inscriptions up to Sargon's time, 'mat Hamatti ;' see Schrader, *K.A.T.*<sup>2</sup>, p. 105 f.

נִפְזֵר is Nif'. of פָזֵר; there is no necessity to take it with Ewald from פָצֵץ.

**הכנענים.** used here and ver. 19 in its narrower sense, excluding the Phoenicians and Syrians.

20. **בַּאֲכָה scriptio plena**, for בַּאֲכָה here, ver. 30, 13, 10. 25, 18, is to be taken as an adv. acc. for the fuller עד בַּאֲכָה 19, 22, lit. 'as thou comest ;' cf. on 13, 10.

**גֶּרְרָה.** 'Gerar,' in Philistia, it was more towards the south than Gaza. On the ה of motion towards, see Ges., § 90. 2; Dav., § 17. 3.

**עֹזה.** 'Gaza,' the southernmost frontier stronghold in

Philistia. In Assyrian (*ir*) *Ha-zi-ti*; Schr., *K.A.T.*<sup>2</sup>, p. 107. On the *u* = *g*, see 4, 18.

**סְדָמָה וּעֲמָרָה וְאֶדְמָה וְצָבִים**, the four cities of the plain, mentioned with Bela in 14, 2. They probably occupied the ground now covered by the southern portion of the Dead Sea; see Di., p. 222.

**לְשָׁלֵחַ**. Hieron. and Targ. Jer. identify it with *Callirrhoe*, on the east side of the Dead Sea, in the *Wady Zerqa Ma'in*, celebrated afterwards for its hot springs. But Di. objects to this identification, as *Callirrhoe* lies too far north; and points out, that according to the analogy of the preceding verse, a town on this side of the Dead Sea or of the Ghor is required.

#### 21-31. THE DESCENDANTS OF SHEM.

**וְלֹשֶׁם . . . גַם הוּא**; see the note on 4, 26.

**עַבְרָה**; see the note on 14, 13.

**אָחִי יְפַת הַגְדוֹלֵה**. Render, ‘*The elder brother of Japhet*.’ The rendering ‘*Brother of Japhet, the elder*,’ adopted by the LXX, Symm., Massoretes, Rashi, and others, is refuted by the fact that the limitation of **גדול** to the age would only then be sufficiently indicated if the text ran (9, 24. 27, 1. 15. 42). **בן נח הַגְדוֹל** without **אָחִי** or **בֶן** cannot = ‘*natus major*.’ On **הַגְדוֹל**, as comparative (or superlative), see on 9, 24. Shem was the eldest son, Ham the second (cf. vers. 1. 6. 21), and Japhet the youngest; cf. 9, 24.

**עַילְם** = ‘*Elam*’ and ‘*the Elamites*,’ the land and people on the east of the lower Tigris, south of Assyria and Media, north of the Persian Gulf; nearly corresponding to the more modern *Susiana* and *Elymais*. ‘**עַילְם** neither here nor elsewhere in the O. T. included Persia or all the land up

to India,' Di. In Assyrian '*Ilam*' or '*Ilamti* ;' see Schrader, *K. A. T.<sup>2</sup>*, p. 111 f.

**אַשּׁוֹר.** '*Assyria and the Assyrians*,' 'for the most part on the eastern side of the central Tigris, between Armenia, Susiana, and Media; its extent cannot be accurately defined; so called after its old capital and deity *Aşur* ;' see Schrader, *K. A. T.<sup>2</sup>*, p. 112 f., also p. 35. The Assyrians (as their inscriptions testify) spoke a Semitic language.

**אַרְפָּכֶשֶׁד**, since Bochart's time usually explained by 'Αρραπαχίτις (Ptol. vi. 1. 2), the hill country of the upper Zab (east of Carduchia or Gordyene). Neuville cited by Di., p. 183, understands by **אַרְפָּכֶשֶׁד** '*the Accadians* ;' and Del. *the Babylonians* (*Par.* 255 f.) : both very doubtful. Schrader, *K. A. T.<sup>2</sup>*, p. 112 f., rejects the identification with 'Αρραπαχίτις, Assyrian '*Arbaha*,' and thinks that the land of the Chaldees (in the O. T. *Kasdim*), i. e. Babylonia, is most probably intended. Di., p. 184, thinks that the view that **כִּשְׁדִים** = **כִּשְׁדָךְ**, and that **אַרְפָּ** is a word = 'boundary, province' (Arab.) is more suitable. 'That the Hebrews were acquainted with Chaldeans outside Babylonia is certain from 22, 22. Job 1, 17' (Di.).

**לוֹד.** '*The Lydians*' and '*Lydia* ;' probably the Lydians of Asia Minor; but Di. rejects this limitation, and remarks that 'a more eastern position must be accepted; or the territory between Lydia and the eastern Semitic land (Caria, Lycia, Pamphylia, and Cilicia)—in so far as it is not included in **אַרְם**—must be regarded as embraced in the term **לוֹד**, as the coast lands of Asia Minor within the Taurus naturally belong to Shem.'

**אַרְם.** 'Rather the name of a people than a land, and with a wider meaning than Syria, so that when it is more accurately spoken of, some addition is made to the name, as

**ארם נהרים** = the peoples of Syria and Mesopotamia, up to the upper plains of the Tigris and the valley-land within the Taurus, which was at a later date considered as belonging to Armenia. The expl. of the name as ‘*Highland*’ is very doubtful. In Assyrian ‘*Aramu*,’ ‘*Arumu*,’ and ‘*Arimu*;’ see Schrader, *K. A. T.*<sup>2</sup>, p. 115 f.

23. The sons of Aram<sup>1</sup>.

**עוֹז** is mentioned in 22, 21 as the first son of Nahor; in 36, 28 as a son of Dishan (דִישָׁן); in Job 1, 1 as a people north-east of Edom. In Jer. 25, 20 kings of the land of Uz are spoken of, and in Lam. 4, 21 Edomites are mentioned as dwelling in the land of Uz. According to Josephus, *Ant.*, i. 6. 4, Uz founded Trachonitis and Damascus. ‘All this points to a people who were widely scattered in southern Syria and the Wilderness, viz. in the neighbourhood of Hauran and Damascus,’ Di.

**חוֹל** is uncertain. Josephus, *Ant.*, i. 6. 4, gives חול as the founder of Armenia. Bochart refers it to Χολοβοτήνη in Armenia. It is usually identified (see Di., p. 185) with Hule (الحولة); a name that still attaches itself to lake Merom in Galilee and the marshy land around it, but also to a district between Emesa and Tripolis. A district ‘*Huli(j)a*’ near mount Masius is mentioned in the Assyrian inscriptions; see Del., *Par.*, p. 259.

**גַתְר** is unknown. Josephus l.c. mentions גתְר as the founder of the Bactrians. Jerome supposes גתְר to be *the Carians*. Clericus takes it to be ‘*Karthara*’ on the Tigris; see Tuch, p. 204.

**מַשְׁ**. Heb.-Sam. מַשְׁא; LXX, Μωσόχ, 1 Chron. 1, 17 מַשְׁק; cf. Ps. 120, 5. Josephus l.c. explains by Μησαβαῖοι, at the mouths

<sup>1</sup> These words are wanting in 1 Chron. 1, 17.

of the Euphrates and Tigris (Syr. **مَصْفُ**). More probable is Bochart's identification with Mons Masius, north of Nisibis.

24. The descendants of Arpachshad.

**שָׁלַח** and **עֵבֶר** the son of **שָׁלַח**, also found in 11, 12, 14.

25. **יָלֹד**. On the passive, see 4, 18.

**פָּלָג**, the same individual is mentioned in 11, 18.

**נִפְלָגָה הָאָרֶץ**. ‘*The earth was divided*,’ i.e. the population of the earth; possibly to be referred to 11, 1-9; cf. Ps. 55, 10; or it may refer to some partition of the soil amongst distinct nations, in which case we should expect to find **פָּלָג**. **חָלֵק**. **פָּלָג** may have been used here on account of the proper name **פָּלָג**.

**יָקְטָן**. ‘*Joqtan*.’ ‘*Joqtan*, from the notices in the Bible, was regarded by the Arab genealogists under the name “*Qahtān*,” as the ancestor of the genuine Arabs in Arabia proper, from whom the old prehistoric inhabitants, as *Ad*, *Thamud*, *Gadis*, etc. on the one hand, and the Ishmaelites of the north (Gen. 25, 12 ff.) on the other, were distinguished,’ Di. The name ‘*Qahtān*’ is still preserved as the name of a district in northern Yemen, and as the name of a tribe.

26. **אַלְמֹודָ**. ‘With the Arabic article *al*, the oldest testimony to which is this word,’ Di.; cf. Josh. 15, 30 **אַלְחוֹלָד**. According to *H. W. B.*, 9th ed., p. 40, **אַלְנָבִישׁ**, **אַלְקוּם**, **אַלְמָנִים** are other instances of the Arabic article in Hebrew words<sup>1</sup>. The identification of this name is uncertain. Bochart connects it with the *'Αλλονμαῖωται* of Ptolemy in the midst of Yemen. Tuch corrects it into

<sup>1</sup> D. H. Müller, cited *H. W. B.*, p. 975, denies that **אַלְמֹודָ** is the Arabic article, as the southern Arabians did not know of this article; he also thinks that **'א** has nothing to do with *Murād*, but is either = ‘*God (is) a loving one*;’ or = **אַלְכָם + וָדָר** ‘*Il loves*.’ Cf. also Di., *Comm.*, 5th ed., p. 196, who has somewhat modified his former view.

**אלמורד**, i.e. מָרָאֵד, grandson of Sabas, who, with his tribe, inhabited the hill country of Yemen, near نَيْدَه. Welsted (see Di., p. 186) mentions a town *Mādudi* in Ḥadramaut.

**שלף** is uncertain. ‘Bochart compares the Σαλαπηνοί of Ptolemy, vi. 7. 23; Knobel, a district *Salfie* (سلفية in Niebuhr, Arab., p. 247), south-westward of Ṣan'ā; Osiander, *Sulaf* or *Salif*, the name of a tribe in Yemen,’ Di., p. 186.

**חצריםות**, rediscovered on the Sabeian inscriptions as חצרים, the Ἀδραμῖται or Χατραμωτῖται of Ptolemy, the inhabitants of Ḥadramaut (حَضْرَمُوت), the name of a district east of Yemen on the sea coast. The name is preserved at the present day.

**ירח** is uncertain. ‘As the word means “moon” in Heb., Sab., and Geez, Bochart conjectured the بنى هلال “sons of the new moon” or *Alilaei* in northern Yemen; Michaelis, the moon-coast and moon-mountain, غَبَّ القَمَر or جَبَلٌ القَمَر in eastern Hadramaut,’ Di.

27. **הדורם**, Heb.-Sam., אֲדוֹרֶם, is unknown. The Ἀδραμῖται of Ptolemy, or the *Atramitae* of Pliny, have been suggested, but they belong to חצריםות.

**אוול**, אַזְוֵל, LXX, Αἰζήλ (Lagarde, Αἰβήλ, so Tisch.'s text), according to Arab tradition, was the old name of the capital of Yemen, called, since the Ethiopic occupation in the fifth century A. D., Ṣan'ā (صنعاء).

**דקלה** is unknown. Perhaps=‘*a palm-bearing district*’ (Arab. دَقْلَة, ‘*a palm tree*’). Bochart identified it with the *Minaei* of Pliny and Strabo.

28. **עובל**, עִבֵּל, 1 Chron. 1, 22, so Heb.-Sam., Vulg. ‘*Ebal*,’ LXX, Γεβάλ and Εὐάλ, is unknown.

**אבימאל** is unknown.

**שבא**, see ver. 7. ‘*The Sabeans*,’ here as the descendants

of Joqtan, among the Arabs; in 25, 3, among the descendants of Abraham, as the son of קְשֵׁן. ‘In this verse the people and land of this name in south-western Arabia are intended, with the capital *Mariaba* or *Saba*,’ Schrader, *K. A. T.*<sup>2</sup>, p. 118.

29. אָוֶר is mentioned, from Solomon’s time onwards, as the land whence the fleet of Hiram and Solomon, after a three years’ voyage, brought gold, precious stones, sandal-wood, silver, ivory, apes, and peacocks (1 Kings 9, 28. 10, 11. 22. 2 Chron. 8, 18. 9, 10), and whose gold became proverbial as fine gold (Ps. 45, 10. Job 22, 24. 28, 16. Is. 13, 12. 1 Chron. 29, 4). Its position has been disputed, but as it is mentioned among the sons of Joqtan it must be sought for in Arabia. Thus the identifications with *Supara* on the coast of Malabar, *Sofala* on the east coast of Africa, opposite Madagascar, and *Abhīra* on the coast east of the Indus Delta, are untenable. On the Arabian coast, however, no suitable place with which Ophir can be identified is at present known; see Di., p. 187.

חוּילָה. Cf. ver. 7. ‘It seems probable from 25, 18. 1 Sam. 15, 7, cf. Gen. 2, 11, that there was a חֻוִילָה in north-west Arabia, on the Persian Gulf. The Χαυλοταῖοι of Strabo would suit this, and a *Huwaila* in Bahrein on the coast is mentioned by Niebuhr, *Arab.*, p. 342,’ Di.

יַוְבֵב is unknown. Bochart compares the ’Ιωβαρῖται of Ptol. vi. 7. 24 (which he emends to ’Ιωβαβῖται) on the coast of the Indian Ocean.

30. מִישָׁא is uncertain. Bochart, *Moīṣā*, a seaport town within the Bab-el-Mandeb; Knobel, *Bischa*, in northern Yemen; Tuch and others, *Mesene*, a district at the head of the Persian Gulf.

**ספרה הר הַקָּדָם.** Render, ‘*Towards Sephar, towards the mountain of the east.*’ **הר הַקָּרֵם** cannot be predicate of the sentence on account of its position, nor in apposition to **ספרה**, because nothing is known of a mountain bearing this name. **ספר** ‘*book*’ is usually taken for Σάπφαρα, *Saphar*, capital of the king of the Sabaites and Homerites, in the south-western corner of Arabia, which is well known to Arabic writers as an old and important town (ظفار); to be distinguished from *Saphar* (ظفار), a town of the same name,—also of great age and importance,—situated in eastern Hadramaut on the sea coast,’ Di.

**הר הַקָּדָם** is the Arabian hill country (*Negd*), which extends from the foregoing limit far towards the east. According to Knobel, the mountain range between Hadramaut and Mahra.

## 11.

1. **וַיֹּהִי.** The imperf. with waw conv. commencing the narrative, the chapter being loosely connected with the preceding one; cf. Ges., § 129. 1.

**כָּל הָאָרֶץ שְׁפָה וּגּוֹן**. ‘*The whole earth was one tongue.*’ The predicate in Hebrew, as in Arabic, is often a substantive, where in our idiom an adj. is used, or some such phrase as ‘*consists of*,’ ‘*contains*.’ This construction is commonly used in designating the material out of which an object is made, and in specifying weights or measures, etc.; but an extension of this usage is also often found in Hebrew, ‘when terms other than material attributes are treated similarly;’ Driver, § 189; Ewald, § 296 b; Ges., § 106. 1. Rem. 2; cf. 2 Sam. 17, 3; **כָּל הָעָם יְהִי חַשֵּׁךְ** Job 3, 4; **שְׁפָתָן** Is. 19, 11, and often.

**שְׁפָתָן** = **שְׁפָה** = lit. ‘*lip*,’ then ‘*language*;’ so in Is. 19, 18;

33, 19 עַמְקִי שָׁפָה; cf. Ez. 3, 5. P uses **לְשׁוֹן** in this sense, 10, 5. 20. 31; cf. Deut. 28, 49.

**דְּבָרִים אֲחֵרִים** = lit. ‘single words,’ i. e. ‘the same’ or ‘similar words.’ The use of **אֲחֵרִים** in the phrase 27, 44. 29, 20. Dan. 11, 20, meaning ‘single,’ i. e. ‘a few days,’ is different from its use here.

2. **נִסְעַ** does not only mean ‘to break up the camp,’ but ‘to strike the tents and move onward on the journey.’

**מִקְדָּם**. Not ‘from the east,’ but as 13, 11 ‘eastwards’ (cf. M. R., § 49. Rem. d. 12, 8), i. e. ‘from the standpoint of the author, who was in Palestine, and to whom the Mesopotamians were קָדָם’ (29, 1), Di.

**בְּקֻעה**, prop. ‘a split’ or ‘cleft,’ but according to the usage of the language, ‘a plain lying in a broad valley,’ ‘a valley plain,’ cf. the Syriac **فَمَدْأَلًا** ‘campus patens.’ The distinction between geographical synonyms should be noted; see Stanley, *Sinai and Palestine*, App., § 5, where the בְּקֻעות mentioned in the Old Testament are enumerated.

**בָּאָרֶץ שְׁנָعֶר**. Cf. on 10, 10.

3. **אִישׁ אֶל רֶעוּהוּ**. ‘One to the other.’ On this mode of expressing the reciprocal relation, see Ges., § 124. 2. Rem. 4; M. R., § 72. 3. Rem. a; cf. § 94 c. Rem. a.

**הַבָּה** is properly imper. with ה cohort. (Ges., § 48. 5; Stade, § 592 c) from the root יְהַב ‘to give,’ which, though common in Aramaic and Arabic (وَهَبَ), is confined in Heb. to the imper. sing. and plural. **הַבָּה** sing. sometimes has the force of an interjection, so here, ‘up,’ ‘come on;’ A. V. ‘go to,’ so vers. 4. 7. Ex. 1, 10. For the form, cf. Ges., § 69. 2. Rem. 2. Other verbal forms used as interjections are **רָאָה** ‘see!’ **לְכָה** ‘come!’ cf. Stade, § 380.

**נְלַבְּנָה**. ‘Let us bake;’ the imperf. with ה cohort., to

express the intention with greater energy; cf. Ges., §§ 48. 3, 128. 1; Dav., § 23. 1, 2; M. R., § 9; Driver, § 49 β. The verb **לְבָנָה** is a denominative from **לְבָנָה**.

**לְבָנִים** ‘*bricks*,’ perhaps so called as being baked white by the heat of the sun. The word occurs in Assyr. under the form *libittu*, cstr. state *libnat*, Schrader, *K. A. T.*<sup>2</sup>, p. 121.

**לְשַׁרְפָּה**. Dat. of the product; cf. 2, 22. Amos 5, 8, lit. ‘*into what is burnt*,’ i.e. ‘*bricks*.’ Render, ‘*And let us burn them into bricks*.’ The bricks here mentioned were different from those made of a mixture of straw and clay, Ex. 1, 14. 5, 7.

4. **וְרָאֵשׁ בְּשָׁמִים**. Render, ‘*With its top in the heavens*.’ The clause is a simple circumstantial one; cf. Driver, § 159; Ewald, § 341 a; so Is. 6, 6; **וּבְיוֹדוֹ רָצֶף** 6; Zech. 2, 5 מִרְחָה. In Deut. 1, 28 we have the word **עָרִים** qualified by **בְּצִורוֹת בְּשָׁמִים** ‘*fortified in the heavens*,’ i.e. ‘*with high and lofty fortifications*;’ cf. Dan. 4, 8. 17.

**בְּעֵשֶׂה לְנוּ שָׁם**, lit. ‘*let us make us a name*,’ i.e. ‘*let us gain an honourable name*,’ so Is. 63, 12. Jer. 32, 20. פְּנֵי נְפּוּזׁ refers to both halves of the first part of the verse. They had a double object in view, to found a city, and gain for themselves an honourable name; the city being a common place of assembly for all, and so a means of keeping them together and preventing their being scattered over the earth. Others connect פְּנֵי נְפּוּזׁ closely with שָׁם, and take that word in the sense of ‘*monument*=Arab. سَمْكَة, as in 2 Sam. 8, 13. This however is doubtful, and here unsuitable.

**בְּן נְפּוּזׁ**. LXX, πρὸ τοῦ διασπαρῆναι ἡμᾶς, so Vulg. ‘*antequam dividamur*,’ apparently taking פְּנֵי as though it were **לְפָנֵי**. Frankel, *Einf.*, p. 47, sees here a reference to the Haggada, which narrates that the descendants of Noah frequently dis-

regarded the warning given them to send out colonies; cf. Josephus, *Ant.*, i. c. 4, §§ 1-3.

6. ‘Behold one people (are they), and one language have they all.’ The A.V. ‘The people is one,’ is scarcely correct, as that would be rather אחד העם. The A.V. R. renders, ‘Behold they are one people,’ etc.

**הַחֲלָם** is inf. cstr. Hifil of חָלַל, with the ה pointed with pathach instead of a composite sheva, on account of the following guttural ח; cf. Stade, § 80. 2 b; Ges., § 67. Rem. 6; Ewald, § 199 a. So Esth. 6, 13; הַחֲלוֹת; Is. 9, 13 הַחֲלָתָה.

**וְזֹה הַחֲלָם וּגְנוּ**=lit. ‘and this is their beginning to do,’ i.e. ‘merely the commencement of their plan?’

**יִבֶּצֶר**=lit. ‘will be cut off,’ i.e. ‘they will not be debarred from it;’ so once besides, Job 42, 2 לא יִבֶּצֶר מִמֶּה.

**יַזְמֵן** is a lightened form of יַזְמִין from זָמֵן; so נַבְלָה, ver. 7, for נַבְלָה; cf. 9, 19, and Ges., § 67. Rem. 11; Stade, § 521 a, β, who explains the form in question as formed after the analogy of the third pers. pl. perf., instead of יַזְמִין or יַזְמֵן; cf. Ewald, § 193 c.

7. **נַבְלָה.** See note on ver. 6; and on the first pers. pl., see on 1, 26. The word was probably chosen with reference to the name בְּנֵל.

**אֲשֶׁר**, expressing the result rather than the aim,=‘so that,’ not ‘that;’ cf. Ex. 20, 26. Deut. 4, 10. 40; contrast Gen. 3, 22, where we have אֲשֶׁר introducing the negative final clause; see M. R., § 164 b; Ewald, § 337 b. 2.

**אִישׁ שְׁפַת רְעוֹה**. Cf. on ver. 3. שְׁמַע=not merely ‘to hear,’ but ‘to understand,’ as in Is. 33, 19. Deut. 28, 49.

8. **וַיְחַדְלוּ לְבָנָת**. After verbs of ‘ceasing,’ ‘hastening,’

etc., two constructions are usually possible; either the inf. cstr. with **ל** as here, or the inf. cstr. alone; cf. Ges., § 142. 2; Ewald, § 285. 1. With **מִן חֶדְלָה** may be used, see Ex. 23, 5. I Kings 15, 21.

9. **עַל כֵּן קָרָא.** ‘Therefore they called its name Babel,’ i.e. ‘they, people called.’ On the impersonal use of the third pers. perf. masc. sing. (= lit. ‘one called’), cf. Ges., § 137. 3 a; M. R., § 123. 2.

**בָּבֶל**, according to the etymology given in the text, is from **בָּבֶל** must then be regarded as contracted from **בָּבֶל בָּבֶל**; cf. **בָּבֶלְבָּל** from **קִילְקָלָן**; **עֹזָיאֵל** for **עֹזָיאֵלָן**; see Ewald, § 158 c; Stade, § 124 a; cf. also the Syriac **حُدْلَل** ‘confusion of speech;’ Arab. **بَلْبَل**. This is the Hebrew explanation of the name. For the Babylonian it had another meaning, which is probably the correct one. Some (Eich., Winer) derive it from *Bāb Bel*, ‘gate,’ i.e. ‘court of Bel;’ following the ancients, see Steph. of Byzant.; compare the Aramaic and Talmudic **בָּבָא** = ‘gate,’ also the names of the Talmud Tracts **בָּבָא בָּתְרָא** ‘the front gate;’ **בָּבָא קְמִינָא** ‘the back gate;’ **בָּבָא בָּל** = ‘gate,’ so Tuch, comparing for the contraction **בָּבָא בָּשְׁתָּרָה**, Josh. 21, 27 = **בָּת עַתְּרָה** ‘Temple of Ashtoreth,’ and the Phoen. *Inscr. Melitensis*, 5, l. 4; Schrōd., *Phoen. Gramm.*, p. 235; cf. p. 108; and the Syriac **حَمَّة ؟ وَهِيَ دَلِيل**; see further, Tuch, p. 221. The name as given on the Assyrian inscriptions is *Bāb-Il* = ‘Gate of God,’ which is certainly the most probable meaning; cf. Schr., *K. A. T.* 2, p. 127 ff.; Del., *Par.*, p. 212 ff.; so most moderns.

In the following verses, 10–32, we have a genealogical table carrying on the history of the patriarchs from Shem to Abram—the founder of the house of Israel—and his

two brothers, Nahor and Haran. This table is in many respects very similar to the one found in chap. 5. In both ten generations are given, Abram closing the list here, and Noah in chap. 5. In both lists the ages of the persons mentioned are considerably higher than those usually reached. Here, as well as chap. 5, we find the length of each person's life reckoned, both from his own birth to the birth of his first son, and from that event to his death. The LXX and the Samaritan deviate in their methods of reckoning the years here, as well as in the earlier chapter, as may be seen from the following table taken from Dillmann, p. 196.

	HEBREW TEXT.			LXX TEXT.			SAMARITAN TEXT.		
	The years before the birth of the first son.	The remaining years of the life.	Total years of life.	The years before the birth of the first son.	The remaining years of the life.	Total years of life.	The years before the birth of the first son.	The remaining years of the life.	Total years of life.
Shem ...	100	500	600	100	500 (430)	600	100	500	600
Arpachshad	35	403	438	135	400 (565)	535	135	303	438
Kainan ...	...	...	...	130	330	460	...	...	...
Shelach ...	30	403	433	130	330	460	130	303	433
Eber ...	34	430	464	134	270 (504)	404	134	270	404
Peleg ...	30	209	239	130	209	339	130	109	239
Reu ...	32	207	239	132	207	339	132	107	239
Serug ...	30	200	230	130	200 (129)	330 (208)	130	100	230
Nahor ...	29	119	148	179	125	304	79	69	148
Terach ...	70	(135) (205)	70	(135) (205)	70	(75) (145)	70	70	70

In both chapters the Hebrew text has most probably preserved the more correct lists, though the Samaritan is perhaps the most consistent of the three tables. The Samaritan list never allows the son to be older than the father; so the numbers, e. g. in the cases of Terach and Eber, have to be lowered in order to carry out this rule. With the single exception of Terach, the Sam. text increases the number of years before the birth of the first son, and in all cases, except that of Shem, decreases the number of years which each person lived after the birth of the first son. The Sam. text in the third column agrees with the Hebrew, with the exception of the cases of Eber and Terach. The LXX text, having a large number of variants, is more or less uncertain. Like the Sam. text, seventy years seem to have been the limit before which no children were begotten, and with the exception of Shem,—where all three texts are the same, and Nahor, where one hundred and fifty years are added, with a variant, seventy-nine,—the LXX add one hundred years to the number each person lived before the birth of the first son. In the second column the readings are uncertain, but sometimes the numbers are lower than the corresponding numbers in the Heb. text. In the third column, the LXX have always higher numbers than the Hebrew, except in the cases of Eber (reading doubtful, variant 504) and Terach; the LXX in the latter case agreeing with the Heb. text. The years of Kainan's life are only given in the LXX text.

The object of this table, as of that in chap. 5, was probably twofold, to give some account of the period from the flood to Abram's birth, a period treated as uneventful, and to draw attention to the gradual decline in the number of years reached by each patriarch.

10. **וַיּוֹלֶד** is the imperf. Hif'. with waw conv. from **לָדַעַת**.

28. **עַל פְנֵי תְרֵחַ**. ‘*Coram eo*,’ i.e. so that he witnessed it, ‘*during his life-time*;’ compare Num. 3, 4. Deut. 21, 16 (Dillmann).

**אָוֶר בְּשָׁדִים** occurs again ver. 31. 15, 7. Neh. 9, 7, but not elsewhere. The LXX have *χώρα τῶν Χαλδαίων* (Acts 7, 4 ἐκ γῆς Χαλδαίων), *χώρα* possibly having arisen from a reading *חוֹר* (but the article is against this), unless we suppose that the reading *χώρα* has arisen out of *χωρ*, and was then supplied with the article, and so ἐν τῇ χώρᾳ. Kn. takes as = **אָוֶר** ‘mountain,’ but this is very doubtful. Oppert in the *Hist. des Emp. de Chaldée*, etc., explains **אָוֶר בְּשָׁדִים** as meaning ‘*Land (Ur) of the two (Kas) waters (Dim)*,’ i.e. Mesopotamia, the name being old Turanian. Since J. D. Michaelis, **אָוֶר** has usually been identified with the castle of Ur, lying within the Persian frontier, and six days’ journey north of Hatra, mentioned by Amm. Marc. xxv. 8. But the Ur mentioned by Marcellinus was first founded by the Persians or Parthians (Del.), and being in an unfruitful and barren district would hardly be a suitable place for Abram, the shepherd-prince. Besides, **בְּשָׁדִים** points rather to the land about the lower Euphrates than to Mesopotamia, and most of the ancients (e.g. Eupolemus in Euseb., *praep. evang.*, Del., p. 275) presuppose that Ur was in Babylonia (Chaldea or Shinar). Another identification is that proposed by Sir Henry and Prof. George Rawlinson, Ur being **אַרְקָה** (which occurs only in 10, 10), i.e. the present Warka, on the left bank of the lower Euphrates; the name being explained by them as meaning ‘*the moon city*,’ after the Arab. **قُمَر**. This view has been adopted by Loftus, *Trav.*, p. 126. The view most current among modern expositors is that **אָוֶר** is El-Mugheir, a little

south of Warka, on the right bank of the Euphrates, where ruins are still to be found. The name אָוֶר is found on the inscriptions in the form *Uru* (i. e. 'town,' viz. 'moon-town'), one of the oldest of the Babylonian royal towns in Sumer; see Schrader, *K. A. T.*<sup>2</sup>, p. 129 ff.; Del., *Par.*, pp. 200, 226. בְּשִׁירִם would then be an addition due to the Jews, and not part of the native name (Di.).

30. **רִלְדָּה**, only here and as Ktib in 2 Sam. 6, 23 for **רַלְדָּה**.

the original י of the root, which still exists in Arabic **وَلَدَ**, **وَلَدَّ**, and reappears in the Hif<sup>c</sup>. and Nif<sup>c</sup>. of the verb in Hebrew, is here preserved.

31. **וַיֵּצְאִי אֶתְּמָם**. ‘They went out with them,’ i. e. perhaps ‘They (the other members of the family) went out with them (Terach,’ etc.). אֶתְּמָם cannot be rendered ‘with one another,’ as this is against grammar, the suffix never being reciprocal. To make Terach and Abraham the subject to **וַיֵּצֵא**, and understand Lot and Sarai, under **מֹתָן** (Rashi, Del.), is very harsh, and there is nothing in the Heb. text to support it. Ewald (J. B., x. 28) supposes that some words designating the other members of the family have fallen out. The LXX read the text **מֹתָן אֲנַצֵּא עִזִּים**, ἐξῆγαγεν αὐτούς, i.e. Terach, perhaps to avoid the difficulty; so Sam., Vulg., Luth. The Syr. reads **מֹתָן אֲנַצֵּא עִזִּים**, Terach being again the subject, **וְהַמְּלֵךְ קָמַת** (so Ilgen, Vater, Ols.).

**חֶרְן**, Assyr. *Harran*, Syr. **شُّرْ**, Arab. حَرَان, Gk. Καρραί, Lat. *Carrae*, was situated in north-west Mesopotamia, south-east of Edessa, about twenty-six Roman miles distant from it.

## 12.

1. **וַיֹּאמֶר**. A. V. wrongly, ‘Now the Lord had said,’ more correctly A. V. R., ‘Now the Lord said,’ the passage being like Judg. 17, 1. 1 Sam. 9, 1; a new narrative is commenced, amplifying the preceding one which is regarded as a whole, the association of the two being in *thought*, not in *time*. Whether the imperf. with waw conv. can denote a pluperfect is very doubtful; the question is fully discussed, Driver, § 76. Obs., where it is pointed out that there is not sufficient evidence to justify the adoption of a pluperfect rendering in the place of the simple past.

**לְךָ לְךָ** ‘get thee,’ the dat. adds an element of feeling to the bald **לְךָ**, implying a reference to, or a regard for, the person addressed. The dative is often found similarly after verbs of motion, e. g. Deut. 1, 7. 40. 5, 27, etc.; see Ges., § 154. 3 e; Ewald, § 315 a.

**מִארֶץ**, probably Haran; cf. ver. 4 with 24, 4. 7. 38. In Acts 7, 2 is taken as Ur-Casdim; so Hupfeld.

**אָרַצְךָ** for **אָרַצְנֶךָ**. Impf. Hif. of **רָאָה** with **נ** *demons.*; the verb **רָאָה** and other verbs **חָלָל** frequently use the strengthened form of the suffix; cf. Stade, §§ 576 c, 127 b; Ges., § 58. 4; Dav., § 31. 5.

2. **וְאִעֲשֵׂנִי** is imperf. with weak waw. The imperf. in this case is jussive, so **וְאִעֲשֵׂנִי**=lit. ‘and let me make,’ but as this is dependent on the command, ‘get thee out,’ in ver. 1, it comes to mean, ‘that I may make.’ Thus the impf. with weak waw is often used to express the *purpose* or *design* of a preceding act, which it does more neatly than when **לְמַעַן** or **בְּעֵבֶר** followed by the imperf. is used; cf. Driver, § 60; Ges., § 128. 1 c; M. R., § 10; Ewald, § 347 a. The other two verbs **וְאִבְרָכֵךְ** and **וְאִנְדְּלָה** (note the voluntative form used here; in the case of the two first verbs it could not be employed) fall under the same rule.

**וְהִיה**, pointed according to Ges., § 63. Rem. 5; Stade, § 592 d. Here the imperative with waw is used where a voluntative with weak waw would be expected, to express the intention or purpose with greater energy; cf. 20, 7; 2 Sam. 21, 3 **וְבָרְכוּ**; Driver, § 65; Ges., § 130. 2; M. R., § 10; Ewald, § 347 a.

**בָּרָכָה**. ‘And be a blessing,’ LXX, καὶ ἔσῃ εὐλογημένος (cf. Ps. 21, 7. Is. 19, 24), God will bless him, and men will bless him, in that they will use his name as a formula of blessing, cf. 3, Zech. 8, 13; he himself too will be a source of blessing to others; cf. ver. 3 a.

3. **וּמְكֻלָּל**. LXX, Pesh., Vulg., Sam., read the pl. **וּמְקֻלָּלִים**. The Mass. reading is the better one, ‘God does not expect that *many* will so far forget themselves as to curse him’ (Di.).

**וּנְבָרְכוּ**. LXX, ἐνευλογηθήσονται ἐν σοί; Sir. 44, 21. Acts 3, 25. Gal. 3, 8; so Onq. and Vulg., rendering as a passive, ‘*shall be blessed*:’ it is interpreted in the N. T. as meaning that in Christ all the nations should be blessed. The Nif‘. would then be passive, as in 18, 18. 28, 14. But in 22, 18. 26, 4, we find the reflex. Hithp‘. **וַחֲתַברְכּוּ**, which can scarcely be taken as passive, but must = ‘*all peoples shall bless themselves with thy seed*,’ i. e. wish that they may be as blessed as Israel; cf. 48, 20. Jer. 29, 22. Is. 65, 16; the Nif‘al is also taken as a reflexive here by Del., Di., and most moderns, after Rashi. Di. remarks that it would not be unreasonable to expect the Pu‘al in these passages if the passive sense were intended. Tuch slightly alters the meaning, and renders both Hithp‘. and Nif‘. ‘*to call oneself happy*,’ i. e. ‘*to regard oneself as blessed*,’ which is perhaps not impossible, but at least for the Hithp‘. improbable.

5. **רְכֹוֹת** = ‘*moveable property*.’ LXX, τὰ ὑπάρχοντα.

**הַנֶּפֶשׁ אֲשֶׁר עָשׂוּ**. ‘*The souls which they had gotten in H.*’ **הַנֶּפֶשׁ** is used collectively. The meaning of these words is not the persons whom they had begotten (Luth.), but the slaves they had acquired during their sojourn in Harran. **עָשׂוּ** occurs again in this sense in 31, 1. Deut. 8, 18. **נֶפֶשׁ** as in 36, 6; **נֶפֶשׁ אָדָם**, Ez. 27, 13, etc.; cf. a similar use of ψυχή, 1 Macc. 10, 33. Rev. 18, 13. **רְכֹשׁ** and **רְכֹשֶׁת** are characteristic of P, **נֶפֶשׁ** in this sense is also common in P, so 17, 14. 36, 6. 46, 15. 18. 22. 25, and often. Onq. renders, **וְאַף נֶפֶשׁ תָּאַשְׁרֵבְיוֹ לְאוֹרִיתָא בְּחַרְןָא**. ‘*And also the souls which*

*they had subjected to the law in Harran;*' possibly, as Tuch suggests, to avoid the suspicion that strangers accompanied Abram to Canaan; cf. also Frankel, *Einf.*, p. 48, who traces in the rendering of the LXX the influence of the Midrash.

6. **מִקְוָם שְׁכֶם**. 'To the district of Shechem.' as in Ex. 3, 8. **אַל מִקְוָם הַכְּנֻעַנִי** 8 (**نَابُلُس**), one of the best known towns of Mid-Canaan, in the hill country of Ephraim, situated between mount Ephraim and mount Gerizim. Its Roman name was Flavia Neapolis.

**עַד אַלְוֹן מוֹרֶה**. 'To the terebinth of Moreh.' Di. 'The terebinth of the teacher.' **אַלְוֹן מָרָה** is probably to be explained, according to Deut. 11, 30, **אַלְוֹנוֹ מָרָה**, as a terebinth grove, where in ancient times the priests who were seers or prophets had their dwelling, and gave instruction and information to those who resorted to them. The fact that Jacob (35, 4) buried the idols and amulets at Shechem, and that Joshua—after the address to the tribes at Shechem, previous to his death, wherein the covenant between them and God was renewed—raised a stone there as a testimony (Josh. 24, 26), is not without significance, as pointing to the religious character belonging to the locality. Perhaps, as Di. suggests, this grove at Shechem is the same as the terebinth of the Wizards, Judg. 9, 37.

**אַלְוֹן**, to which **אֵילָה** and **אֵיל** belong, was probably '*the terebinth*', while **אַלְתָּה**, and prob. also **אַלְפָה** (Josh. 24, 26), was '*the oak*'. The terebinth, being less common than the oak, was more suitable for marking out any spot (Di.). The LXX translate **אַלְוֹן**, and (sometimes) **אַלְתָּה**, by  $\delta\rho\nu s$ , and the Massoretic pointing varies, e. g. cf. Josh. 19, 33 and Judg. 4, 11. In Aramaic **אַלְוֹן** means a tree in general (cf.  $\delta\rho\nu s$  and *tree*),

and it is possible that אֵיל and אַלְוֹן might be used of other great trees (Ges., *Th.*, 51 a). The Targg. of Onq. and Ps.-Jon. render אַלְוֹן by מִישָׁרְיָה 'plain,' which the Vulg. 'convallis illustris' and A. V. follow (A. V. R. has 'oak,' marg. *terebinth*). From this, perhaps, we may infer that they were acquainted with the idolatrous sense of אַלְוֹן, for they often render בָּעֵל in the same way. Syr. has בְּמַרְמֵרָה מִקְדָּשׁ 'at the oak of Mamre,' so also Saadiah.

**מִורָה.** LXX render by ὑψηλός, Vulg. 'illistris,' prob. taking מִורָה as though it were מִרְאָה (a confusion between the sound of the two words).

**אֲנָה הַכְנָעָנִי אָז בָּאָרֶץ.** אֲנָה points to a time when the Canaanites should not be in the land as rulers of the same, this notice was perhaps inserted with reference to the promise made in ver. 7.

**הַכְנָעָנִי** has the article, 'a generic word being used collectively to denote all the individuals belonging to it,' Ges., § 109. 1; Ewald, § 277 c.

**וַיָּמָת אֲהָלָה.** הֲ אֲהָלָה for אֲהָלָה, the older and original form of the suffix, is found sporadically throughout the O. T. The ה arose by contraction from *ahu*, *au*, but the ה was retained in writing, and is constantly found on the Moabite stone; cf. Stade, § 345 b; Ges., § 91. 1. Rem. 2; and the note on 9, 21.

**מִים** 'on the west,' the Mediterranean sea forming the western boundary of Palestine. This use of מ (cf. נִבְבָּה in ver. 9) as marking a point of the compass is purely Palestinian.

**בֵּית אֵל . . . מִקְדָּם** is a simple circ. clause, without any connecting particle; cf. 1 Sam. 26, 13. Gen. 32, 12; Driver, § 161.

**הַיּוֹן.** 'Ai,' lit. 'the stone heap,' par excellence; cf. for the

article thus used with a pr. name, Ges., § 109. 3; M. R., § 66. Rem. a.

9. **הַלֹּוֹךְ וְנָסֹעַ**, cf. on 8, 3.

**דָּגְנָבָה**. Cf. ver. 8. ‘*Towards the south.*’ LXX, ἐν τῇ ἐρήμῳ; Aq. better, νότονδε; Symm. εἰς νότον. נֶגֶב = ‘dryness, dry land,’ with the art., is the name of the southern portion of the territory of the Hebrews. Frankel, *Zinf.*, p. 5, alters the LXX reading into εἰς τὴν ἐρημὸν, as in 13, 1, and cites this passage as an instance of good rendering on the part of the LXX translators, the desert forming the boundary between Egypt and Canaan.

10. **וַיַּרֵד**. **וַיַּרְדֵּן** is the usual word in the O. T. for a journey from the high land of Canaan into the valley of the Nile, e. g. Is. 31, 1; עַלְהָ for the journey from Egypt to Palestine; cf. 13, 1. 44, 23. 24. 46, 4.

11. **הַקָּרֵב לִבּוֹא**. lit. ‘*drew near to come,*’ i. e. ‘*came near;*’ cf. Ges., § 142. 2; cf. on 11, 8.

**וַיְפַת מְرָאָה**. The adj. in the cstr. state is defined by a following genitive; cf. נְקִי כְּפִים ‘*with clean hands,*’ lit. ‘*clean of hands;*’ אֲנָמִי נְפָשׁ ‘*sorrowful in spirit;*’ עַרְלֵ שְׁפָחִים ‘*uncircumcised of lips,*’ Ges., § 112. 2; M. R., § 80. 2 b; Ewald, § 288 c. 3. Render, ‘*That thou art fair to look at.*’

12. **וְאַתָּךְ יַחַזֵּק**. **וְאַתָּךְ**, by being placed first, varies the two clauses, and is more emphatic.

13. **אָמַרְתִּי נָא אֲהַתִּי אֶת־כָּי**. is omitted in the *oratio indirecta*, as in 41, 15. Is. 48, 8. Hos. 7, 2; Ges., § 155. 4 c; Ewald, § 338 a; M. R., § 162.

**לִמְעֵן יוֹטֵב . . . וְחִיתָה**. The perfect with waw conv., after an imperf. with לִמְעֵן; cf. 18, 19 וְשָׁמַרְתָּ . . . אֲשֶׁר יִצְוֹה . . . לִמְעֵן, Is. 28, 13 לִמְעֵן יָלְכוּ וְכָשְׁלֻ, cf. Driver, § 115 (p. 160); M. R., § 24. 2 a.

15. **וַיַּהֲלֹל** is pointed with a comp. shewa, the dagesh in the first **ל** being omitted, by Ges., § 10. 2. Rem.; Stade, § 136. 2 (who cites **ל** as one of the consonants that frequently give up their doubling when pointed with shewa). The shewa is here composite instead of simple, by Stade, § 105, i. e. **ḥāṭēph-pathach** is used instead of a simple shewa after a vowel with Metheg, when two similar sounds follow one another, so **צָבְרִים** **נוֹתִיןָה** Ps. 8, 3, Is. 53, 7, **הַרְרִי** Ps. 87, 1.

**בֵּית פְּרֻעָה** is acc. of place, in answer to the question ‘*whither?*’ see Ges., § 118. 1; M. R., § 41 a; Ewald, § 281 d.

**פְּרֻעָה**, formerly explained (e.g. Ges. in *Thes.*, p. 1129) from Josephus, *Ant.*, viii. 6. 2, as a Hebraised form of the Coptic word π-օϣpo *pi-ouro* (*phouro*), ‘*the king*’ (Del.), is now generally explained (by Lauth, Brugsch, etc.) from a notice in Horapollo, i. 62 (*oīkos μέγας*), as *per-aa* or *pher-ao*=‘*the great house*.’ It remained the usual title of the Egyptian kings up to the time of the Persian conquest. Ebers, *Egypt. und die B.M.*, p. 263, compares the modern title of the Turkish government, ‘*The Sublime Porte*.’ The title **פְּרֻעָה** is often found on the oldest monuments, Ebers, p. 264. Ebers (p. 262), after remarking that the courtiers of the Egyptian king appeared to have shewn great zeal in procuring beautiful women for the harem of their master, narrates, from the *Papyrus d’Orbigny*, that a lock of hair belonging to a beautiful woman was found in Pharaoh’s linen, and shewn to his lettered men, who brought it to their master, saying, ‘*This is a lock of hair of a daughter (of the god) Ra-Harmachu. The sap of that god is in it.*’ Pharaoh gave himself no rest until he had discovered this beauty, who at once received the name of ‘*Favourite*.’

16. The presents Abram received from Pharaoh are else-

where mentioned as forming the riches of a nomad prince ; cf. 24, 35. 32, 15. Job 1, 3. 42, 12.

**רוֹיְהִי לֹרֶ**, lit. ‘and there was to him,’ i. e. he had; for the singular, cf. Ges., § 147.

**רָוַנֵּגֶע . . . פָּרָעָה נְגָעִים** 17. **רָוַנֵּגֶע**, Qal=‘to touch,’ Pi’el, intens. ‘to touch heavily,’ ‘smite.’ A verb in Hebrew is frequently followed by a noun, derived from it, in the acc. ; cf. Ges., § 138. Rem. 1; M. R., § 36. **נְגָעַ** and **נְגָעָה** are often used in this connection, e. g. 2 Kings 15, 5. 1 Sam. 6, 9. Job 19, 21 (both with **יד**). Ex. 11, 1.

**לִמְהָ** 18. On the pointing here and ver. 19, cf. Ges., § 102. 2 d; Stade, § 372 b.

19. Render, ‘*Why didst thou say, She is my sister, so that I took her to be my wife (i. e. and so lead me to take her?)?*’ The second idea being really a consequence of the first, the waw conv. may be rendered, ‘so that or and so ;’ see Driver, § 74 a, and cf. 20, 12. 23, 20.

20. **וַיַּצְרֹר עַלְיוֹן**, ‘commanded concerning him ;’ cf. Num. 8, 22. 2 Sam. 14, 8.

**וַיִּשְׁלַח** 21. ‘*and they brought him on his way ;*’ cf. the N. T. προπέμπειν, Acts 15, 3. 21, 5.

### 13.

2. **בְּמִקְנָה בְּכֻסֶּף וּבְזָהָב**. The article is generic, being used with different materials which are generally known ; cf. Ges., § 109. 3 b; M. R., § 68. Di. suggests that the Masoretes possibly had the particular wealth acquired by Abram in Egypt in their mind, and so inserted the article.

3. **לִמְפָעָיו** ‘*by his stations*’ (stationenweise), implying that he proceeded gradually, adapting his speed to the requirements of the flocks and herds he had with him ; cf.

Ex. 17, 1, where LXX render κατὰ παρεμβολὰς αὐτῶν, Ex. 40, 36. Num. 33, 2. The מִסְעִים are the مُرَاحَل 'day-journeys,' by which they still reckon at the present time in the east (Tuch). The LXX (καὶ ἐπορεύθη ὅθεν ἡλθεν) and Vulg. (*reversus est per iter, quo venerat*) take the מִסְעִים as the places Abram had halted at on his journey down to Egypt, but this is not so suitable. ל with the pl. is used distributively here, as in Ps. 73, 14 לְבָקָרִים 'morning-wise;' Job 7, 18; see Ewald, § 217 d, a; M. R., § 51. 5, who explains the usage somewhat differently from Ewald.

**וְעַד בֵּית הַאֲלֹהִים.** When the two prepositions 'from . . . to' are both expressed, a ו 'and' is generally inserted before the second. 'From the south to Bethel,' lit. 'from the south and (then further) to Bethel;' cf. M. R., § 49. 1 b.

5. **אֲחֶלִים** for אֲחָלִים, explained by Ges., § 23. 3, 2; § 93. 1. Rem. 3, as a Syriasm. Stade, § 109, cf. § 327 b. 3, explains the lengthening of the hâṭéph qameç into holem before the guttural ה as due to the influence of the counter-tone (Gengenton): other instances are פְּעַלְוָי instead of פְּעַלְוִי; אֲחָלִי. The change is less frequent with hâṭéph qameç than qameç hâṭûph.

6. **וְלَا נִשְׁאָתָם** נִשְׁאָתָם. Cf. 36, 7 לְשָׁאת מִגְוִירָה. The verb comes first, and is put in the nearer gender, the masc., though the subj. הָאָרֶץ is fem.; cf. Ges., § 147 a; M. R., § 133; Ewald, § 339 c. 1.

**לִשְׁבַּת.** يִשְׁבַּת in this connection is characteristic of P, so ver. 12. 36, 7. 37, 1, also נִשְׁאָתָם.

7. **רַשְׁבָּת.** Cf. 9, 18. The plural is more usual when the predicate follows a compound subject; cf. on 8, 22 and Prov. 27, 9. 2 Sam. 20, 10. Neh. 6, 12; Ewald, § 339 c. 2; Ges., § 148. 2; M. R., § 138. The second noun holds a more

subordinate position than the first, the waw being almost ‘with’ (waw of association), ‘*the Canaanite with the P.*’ On פָּרֹזִי, cf. 10, 17.

8. **אֲנָשִׁים אֶחָדִים**, in apposition; cf. 9, 5, and the note there. Num. 32, 14. 2 Sam. 4, 2. **אֶחָדִים**=‘relatives,’ not to be taken strictly in the sense ‘brothers;’ cf. 29, 12. 14, 16.

9. ‘*Is not all the land before thee? pray separate thyself from me, if towards the left, then I will go to the right, and if towards the right, then I will go to the left.*’ The hyp. sentence is similar in form to לְךָ, 2 Sam. 12, 8. The simple waw introducing the apod. is very rare; cf. Driver, § 136 β\*; M. R., § 165. הַשְׂמָאל and הַיָּמִין are acc. of place; cf. on 12, 15; תְּפִירֵד being understood with each.

**שְׂמָאל** and **הַיָּמִין** are denominatives from and respectively; on the quad. form of the latter, see Ges., § 56; Stade, § 627. Onq. renders **שְׂמָאל** by **לְצִיפּוֹנָה** ‘to the north,’ and **הַיָּמִין** by **לְדָרוֹתָם** ‘to the south.’ In Arabic أَشْمَاءُ, IV conj., = ‘to go to Syria’ (الشَّامُ), and أَيْمَانُ, IV conj., = ‘to go to Yemen’ (اليَمَنُ), lit. ‘to go to the left and right,’ respectively; see other similar instances in Wright, *Arab. Gram.*, i. p. 36.

**מַעַלְיָה** ‘from my presence,’ 25, 6. Ex. 10, 28.

10. **כְּכָר הַוְרָדָן** recurs 1 Kings 7, 46. Cf. in the N. T. Matt. 3, 5. Luke 3, 3 ἡ περίχωρος τοῦ Ἰορδάνου; more frequently we find merely **הַכְּכָר** 19, 17. 25. 28. Deut. 34, 3. 2 Sam. 18, 23. The district (prop. circle) of the Jordan was the land on both sides of the Jordan, from lake Tiberias to the Dead Sea, called by Josephus τὸ μέγα πεδίον, *Bell. Jud.*, iv. 8. 2. The valley of Siddim, 14, 3, also belonged to the **כְּכָר**.

**מִשְׁקָה**=‘well watered,’ lit. ‘a well-watered place.’ It occurs again Ez. 45, 15; **מִשְׁקָה יִשְׂרָאֵל** 15. Cf. Is. 58, 11. **בְּנֵי רֹהֶה** 11.

**כָּנָן יְהוָה**, probably referring to the garden of Eden, 2, 8. LXX, ὁς ὁ παράδεισος τοῦ Θεοῦ; Pesh. **אַזְכֵּר מִשְׁׂה בְּאַזְכֵּר**. Del. and Schumann, however, regard **יְהוָה** as used in a superlative sense, and render, ‘as a beautiful garden,’ cf. 10, 9 and the note there, 1, 2. This rendering, however, is not so natural as the other. In Is. 51, 3 we have **גַּן יְהוָה**, and in Ez. 36, 35 **גַּן עָרֵן**, used in comparisons.

**בַּאֲכָה** is added to tone down the previous **גַּן עָרֵן**, the comparison with the garden of Eden being a somewhat too lofty conception.

**בַּאֲכָה.** ‘On the way to,’ lit. ‘as thou comest,’ for the second pers. sing. used impersonally, cf. Ges., § 137. 3 c; M. R., § 123. 4. The second pers. thus used occurs chiefly in this phrase. The form of the suff. **-כה** is merely an orthographic variation for the more usual **ה-**, e. g. 19, 22.

**צָעַר.** LXX, *zóyopat*, also called **פְּלֻעַ**, 14, 2. A small town, generally regarded as situated on the south-east end of the Dead Sea. Tristram, however (*Land of Moab*), and Grove (*Bible Dict.*, Smith) adduce reasons for thinking it was on the north of the Dead Sea; cp. Cheyne on Is. 15, 5. Wetzstein in Del., *Comm.*, p. 564, adopts the first view, and places Zoar in the *Gôr es Sâfia*, on the south-east of the Dead Sea. Pesh. reads **צָעַן**, **חַדְקַדְקָנוּ**, which Ebers, p. 272, accepts as the real reading. With this reading, which however is not necessary, **בַּאֲכָה צָעַר** would refer to **ארֵץ מצרים** alone, and not to the whole sentence.

**וַיֹּאֶחָל** 12. This verb is a denom. from **אֶהָל**, ‘*a tent*,’ = ‘to tent,’ i.e. ‘to wander about nomad fashion,’ hence, perhaps, the pl. **בָּעָרִי**. Render, ‘Moved with his tents towards Sodom.’

**חַטָּאִים** 13. ‘*sinners*,’ i. e. ‘*habitual sinners*,’ different from **חַטָּאִם**, ‘*people sinning*,’ not necessarily as a habit; cf. Ges., § 84. 6; also Ryssel, *De Elohi Pent. sermone*, p. 40.

לִיהוָה 'towards,' i. e. 'against Yahweh.' Cf. 20, 6. 39, 9.  
14<sup>b</sup>. Cf. 28, 14 יְמֵה וּקְרֵבָה וַצְפֵּנָה וּנְגֵבָה.

**15.** is impf. Qal of **נָתַן**, with the suffix strengthened by **כִּי** demonstrativum; see note on 12, 1. אֶרְאָה, notice the *casus pendens*, here marked as the acc. by **כָל הָאָרֶץ**, **אֹת**. 'For all the land . . . I will give it;' cf. Driver, § 197. 6 and 21, 13.

**16.** **אֲשֶׁר אָמַם וּכְלָל**, either I. 'so that, if any one can number,' etc.; cf. 11, 7. 22, 14. 24, 3, so Syr. **لِكِنْ**, Del.; or II. Tuch, 'quem [pulverem] si, quis,' referring to **אֲשֶׁר** in the first half of the verse, and **עַפְרָה** being repeated in the second half, where we would rather expect **אָתוֹ**. Tuch compares 50, 13 (= 49, 30), (where, however, **אֶת** rather means 'with'), and Ewald, § 331 c. 3, cites Jer. 31, 32. Num. 26, 64, which are apparently quite regular. The LXX have simply **εἰ δύναται** **τις**, not translating **אֲשֶׁר**. Perhaps, however, it is simplest to regard **אֲשֶׁר** as in Deut. 3, 24. 1 Kings 3, 12. 13, as a link which cannot be literally translated.

#### 14.

**בִּימֵי אָמְרָפָל וּנוּ**. 1. The four kings' names are all genitives after the construct state before each genitive; cf. Ges., § 114. 1; M. R., § 75 c; Ryssel (*De Elo. Pent. sermone*, p. 61). The four kings, the subject to **עָשָׂה** in ver. 2, are not given again, as they can easily be inferred from ver. 1; cf. Ewald, § 303 b. 1; 9, 6 בְּצִלְמָם אֱלֹהִים עָשָׂה 'For in God's image, He (God),' etc., Esth. 2, 21. The renderings of the LXX, ἐν τῷ βασιλείᾳ τῷ Ἀμαρφάλ βασιλέως Σεναάρ, and Vulg. 'factum est in illo tempore ut,' are probably merely intended to explain the meaning of the verse, and do not of necessity presuppose any variant. Clericus' emendation,

inserting before אָבְרָם אַמְרָפֵל, adopted by Ewald in his *Komp. der Gen.*, p. 221, is not necessary.

The meanings of the names in this verse are obscure. אַמְרָפֵל, cf. Schrader, *K. A. T.*<sup>2</sup>, p. 135, has not yet been discovered on the inscriptions. Bohlen explains it from the Sansk. *amarapāla* (*guardian of the immortal*), which is doubtful (Di. hat hier keine Stelle). אֲרִיוֹךְ is perhaps the Akkadian *Êri-aku*, ‘*Servant of the moon-god*’ (*aku*). Cf. Del., *Par.*, p. 224. Formerly it was explained from the Sansk. *āryaka*, *venerabilis*, so Ges., Boh.; cf. Judith 1, 6 Εἰριώχ ὁ βασιλεὺς Ἐλυμαίων; Dan. 2, 14 אֲרִיוֹךְ רַב טְבַחִיא, ‘*A. chief of the executioners*.’ אלסר is identified with תְּלַשֶּׁר, Is. 37, 12, by Targ. Ps.-Jon.; with Pontus, by Symm. and Vulg.; with Artemita, in south Assyria, by Kn.; with Kal'ah Sirbat, by Sayce. More recently (e. g. by Rawl., Del., Sch.) with the old Babylonian town Larsam, south-east of Uruk. All very doubtful. בְּדָרְלָעֵמֶר, LXX Χοδολλογομόρ (notice the γ=y, and cf. on 4, 18). On the Assyr. inscriptions several kings of Elam have names compounded with *Kudur*. In the inscriptions the name of a deity *Lagamar* has been found. The name would perhaps = *Crown of Lagamar*; cf. Schr., *K. A. T.*<sup>2</sup>, p. 136 ff. חָדָל, LXX Θαργάλ, uncertain. Lenor. makes it = Akk. *tar-gal*, ‘*great Son*.’ גּוּיִם, not a nom. appell. as A. V., ‘*King of nations*,’ so Onq., for this rendering is too indefinite, and gives no suitable sense without some further name to define it; but a proper name, compared variously with the ‘*circuit (“Galil”) of the nations*’ (Is. 8, 23), Pamphylia (Symm.), and אֵי הָנוּיִם 10, 5 (Ges., Nöld.). Others, as Lenor., connect it with the *Guti*, *Kuti* that are frequently found in the inscriptions; cf. Lenor., *La lang. prim.*, p. 361; Di., p. 222. A. V. R. has ‘*Goiim*,’ marg. ‘*nations*.’

2. The proper names in this verse are even more uncertain than those in ver. 1, the readings being possibly corrupt;

cf. the LXX text with the Hebrew. These five towns were, with the exception of Zoar, according to the narrative in chap. 19, destroyed.

3. **חֶבְרוֹ אֶל.** A pregnant construction; cf. ver. 15. Render, ‘Came allied to the valley of Siddim;’ cf. Josh. 10, 6 בַּי נִקְבְּצָו אֲלֵינוּ ‘for they have gathered together [and come] unto us.’ Other instances of preg. cstr. are to be found in Ewald, § 282 c; Ges., § 141.

**עַמְקַת הַשְׁדָּרִים.** ‘Valley of Siddim,’ i. e. ‘Valley of the level fields,’ so Onq. טִישָׁר חִקְלִיאָ; Aq., Symm., Theod. κοιλὰς τῶν ἀλσῶν, so Vulg. The Pesh. takes הַשְׁדָּרִים, as = ‘the inhabitants of Sodom,’ and renders בְּדַבְּרֵת כְּפָרָה ? שְׂכָנָה ? Others connect it with the Arabic سُدْ ‘stony ground.’ LXX have here φάραγξ ἡ ἀλυκή, and in ver. 9 κοιλὰς ἡ ἀλυκή. On עַמְקַת, see Stanley, *Sinai and Palestine*, App., § 1.

**יַם הַמֶּלֶחֶת.** יַם with qameç is the construct state. H. W. B., 9th ed., has ‘יַם m. cstr. יַם, more rarely יַם,’ which requires qualification. יַם, with pathach and maqqeph, occurs as cstr. state twenty-three times, and always of the Red Sea (יַם-סִינָה). יַם with qameç occurs as construct state twenty-four times, seventeen times without maqqeph, and seven times with maqqeph, but never of the Red Sea.

4. **שְׁתִים עַשְׂרָה שָׁנָה**, acc. of time, in answer to the question ‘*how long?*’

**וּשְׁלַשׁ עַשְׂרָה**, acc. of time, in answer to the question ‘*when?*’ cf. Ges., § 118. 2 a and b; M. R., § 42 a and b; Ewald, § 300 a. When a *particular* point of time is mentioned, the preps. בְּ, לְ, or כְּ are used; so Ols. and Nöld. prefer the reading of the Sam. here, viz. וּבְשְׁלַשׁ —cf. M. R., § 42 b—as being more correct; see the next verse.

5. **הַרְפָּאִים.** ‘The *Resa’im*,’ or ‘sons of the *Rafa*,’ i. e.

'Giants,' so LXX and Syr. here. Partly the name of the original inhabitants of Canaan, in the western and eastern Jordan-land, whose territory was promised Abram's descendants, 15, 20; partly a special name of the giants in Bashan, as here and Deut. 3, 11. Josh. 13, 12. The last traces of them in the O. T. are in 2 Sam. 21, 15 ff. יְלִידֵי הַרְפָּה, where they are spoken of among the Philistines at the time of David.

**עַשְׁתָּרָת קְרֻנִים**, also simply עַשְׁתָּרָה, Deut. 1, 4, and **בֵּית עַשְׁתָּרָה=בְּעַשְׁתָּרָה**, Josh. 21, 27, was one of the principal towns of Bashan, identified with the present Tel 'Aṣṭerā, two and a half hours from Nawâ, nearly between Nawâ and M'zârîb; it is situated on a hill in a rich meadow-land, well watered, and many ruins are still to be found (Ritter in Di., p. 223). Wetzstein, however, prefers to identify it with Bosra, one hour and three quarters from Edrei, where ruins have been found. The name means '*The two-horned Ashtoreth*', who, as the goddess of the moon, was represented with two horns. The name occurs frequently in Phoenician inscriptions, e. g. Eşmunazar inscription, line 17, בַּת לִבְאֵל, and בַּת עַשְׁתָּרָה (cf. Schröder, *Phoen. Gramm.*, p. 225) 'a house for the Baal of Sidon, and a house for Astarte.' The town was probably so called as being devoted to the worship of Ashtoreth.

**וְאֶת הַזּוֹזִים בְּהָם**, possibly identical, as Ges. supposed, with the **זָמְזִים**, Deut. 2, 20, the name given by the Ammonites to the who formerly dwelt in their land. LXX have here, ἔθνη οἰσχυρὰ ἄμα αὐτοῖς, reading **בְּהָם** (?) and **עֲזִיזִים** (?); so Syr. Onq. has, and gives for **תְּקִיפִיא**, **בְּהָם**, 'who were in Hamta(?).' It is quite uncertain where **הָם** was. Tuch conjectures that Ham was perhaps the old name of the capital Rabbath Ammon.

**הַאִימִים**, perhaps '*the terrible ones*.' The giant abori-

gines of the land of Moab; cf. Deut. 2, 10. 11, where they are expressly mentioned as the original inhabitants of Moab.

**שׁוֹהָה קְרִיתִים** =**בְּשָׁוָה קְרִיתִים** =‘in the plain (of) Kiryathaim.’ is found only once again, in ver. 17, both vowels being unchangeable. In Num. 32, 37. Josh. 13, 19 the town Kiryathaim is mentioned as belonging to the Reubenites; in Jer. 48, 23. Ezek. 25, 9 to the Moabites; it was situated, according to the Onomas., four hours south-west of Medeba. The ruins are called at the present day Karêyât (south-west of Makaur (Machaerus) and south of mount Attârûs). **קְרִיתִים** =‘double town.’

6. **וְאַתָּה הַחֲרֵי.** The original inhabitants of Edom, Deut. 2, 12. 22.

**בְּהֶרְם** ‘on their mountain,’ for **בְּהֶרְם**. LXX, ἐν τοῖς ὄψεσι; so Sam. reading **בְּהֶרְיִ**, cstr. pl. On the pointing, compare on 12, 15 (and add to the instances there, **אַלְלָה** and **אַלְלָה**); **הֶרְיִ** and the other forms of **הָר**, which resolve the doubled letter, and write it instead twice, are found in poetry and higher prose, as Deut. 8, 9: other instances of a doubled letter being written twice, instead of having a dagesh, are **חַנְנָכִים**, inf. cstr. of **מַדְךָ** for **מַדְךָ**, from **חַנְנָ**; **מַדְךָ** 18; Ez. 43, 10; Neh. 9, 22. 24 [cf. the regular emph. pl. in Chaldee **עַמְּפִים** =**עַמְּפִים**]; and in poetry, Judg. 5, 14.

**אַיִל פָּארָן** =**עַד אַיִל פָּארָן** =‘to the terebinth of P.;’ cf. on 12, 6. **פָּארָן** is possibly identical with the well-known port Elath, on the Elanitic gulf, variously called **אַיִלָּה**, **אַיִלָּת**, or **אַיִלָּות**, in the O. T., which were perhaps abbreviated names of more modern origin, for the full name **אַיִל פָּארָן**.

7. **עַזְן מִשְׁפָט**. ‘Well of judgment,’ i. e. a place where decisions were given to disputants, perhaps the seat of a temple or oracle; cf. the other name **קָרְשָׁ**. The position of *Qadesh*, so often mentioned in the Pentateuch, is still un-

certain. Three identifications are given by Di., p. 225: I. that it is to be sought for in 'Ain el Weibeh, near the Araba,  $30^{\circ} 42'$  lat. (Robinson). II. Identified by Prof. E. H. Palmer and others with *Ain Qudeis*, south of Elusa, four and a half hours east-south-east of the Well of Hagar. See also Trumbull (*Kadesh Barnea*, 1884). III. Identical with *Qádús*, about eleven kilometers north of mount Mâdara, in the neighbourhood of the Wady-el-Yemen, one day's journey from Hebron (Wetzstein, in Del., *Gen.*<sup>4</sup>, p. 574).

**חצין תמר.** Cf. 2 Chron. 20, 2, where it is explained by 'היא עין גדי' 'En-gedi,' on the west side of the Dead Sea, noted for its palm trees. Knobel prefers to identify it with עיר התמירים, Judg. 1, 16, or תְּמִיר, Ez. 47, 19. 48, 28 (as Engedi lay too far north), on the south-east border of the Holy Land, the modern Kurnub (Di.). The name perhaps means 'Palm rows,' or 'cutting of Palms,' but this is not certain.

**10. בָּאָרֶת בָּאָרֶת חַמֵּר.** lit. 'pits, pits of asphalt,' i.e. 'full of asphalt pits.' On the repetition of the noun to express plurality, cf. Ges., § 108. 4; Ewald, § 313 a; M. R., § 72. 2. **בָּאָרֶת בָּאָרֶת חַמֵּר.** The first two nouns are both construct states to the genitive ; the first of the two being an instance of the so-called *suspended construct state*, cf. Ps. 78, 9, נֹשְׁקֵי רֹומֵי קָשֶׁת, the second noun explaining the first, which is in the construct state, its proper genitive being נהרי נחלי דְבַשׂ; so Job 20, 17, explaining קָשֶׁת, the נהרי being really cstr. state before the genitive ; cf. Ewald, § 289 c; M. R., § 73, note a. 4; Ges., § 116. 5.

**וְעַמְקַדְּסִים בָּאָרֶת וְגֹו.** Note the form of the predicate in Hebrew. In English we say, 'The valley of Siddim was full of slime pits,' i.e. we have to use some term such as, *consist of*, *contains*, or the like, to express the relation between the subject and the predicate. In Hebrew the pre-

dicate is expressed by the simple noun. ‘*The valley of Siddim was slime pits.*’ Cf. Ex. 9, 31 והפְּתַת אָבִיךְ וְהַשְׁעָרָה; Ps. 23, 5 כּוֹסֵי רְיוָה נֶבֶעֶל; Ges., § 106. 1. Rem. 2; Ewald, § 296 b.

**חָמֵר** is ‘*asphalt*’ or ‘*bitumen*,’ found in the neighbourhood of the Dead Sea and of Babylon. The Babylonians used it as mortar; cf. 11, 3.

**מֶלֶךְ סָדָם וְעַמְרָה.** LXX, βασιλεὺς Σοδόμων καὶ βασιλεὺς Γομόρρας, so Syriac and Sam., reading מלך סדם וממלך עמרה, which would be the more correct expression; cf. on ver. 1. The second מלך might have slipped out by homoioteleuton.

**וַיַּפְלֹא שְׁמָה.** Rather the followers of the kings, for the king of Sodom (ver. 17) at least escaped.

**הַר.** הַר, with the acc. ending **ה**, implying motion towards, ‘*mountainwards*.’ The form is pointed with **ׁ** instead of **ׂ**, because the short a (pathach) before a guttural with long a (qameç) is changed into é (seghol); cf. הַחֲבָם for הַחֲבָם, Ewald, §§ 70 a, 71. הַר, however, seems to be the only instance of this with **ר**. Delitzsch compares סַלְהָ פַּלְהָ for סַלְהָ, the doubling being resolved, and the **ׂ** changed into **ׁ**; cf. his *Commentary on the Psalms*, 4th ed., p. 83.

**רְכַשׁ.** LXX, τὴν ἵππον, reading the word as though it were רְכַשׁ.

**וַיָּבֹא הַפְּלִיט.** ‘*And the fugitive came*,’ i.e. ‘the fugitive or escaped one, who in such cases is wont to come,’ see esp. Ez. 24, 26. 33, 21. 22. Or it may be taken as a collective. On the article with **פְּלִיט**, cf. Ewald, § 277 a; Ges., § 109. Rem. 1 c; M. R., § 68; cf. המניר, 2 Sam. 15, 13.

**הָעֵבֶרְיִ**. ‘*The Hebrew*’ עֵבֶרְיִ means ‘one who has come from the other side of) a river.’ This name was given to the Israelites by the Canaanites; the name being Hebrew,

the people who gave it them must have spoken the same language as they did. It is only used in O. T. to or by foreigners, or when the Hebrews are mentioned in opposition to other nations. The name Israelite was, on the other hand, a patronymic, and the national name used by the people themselves. The river from beyond which the Hebrews came is, according to some, the Euphrates; so most commentators. Reuss and Stade prefer the Jordan, on the ground that the Hebrews on their return from Egypt spent some time in the land east of Jordan, leaving the Canaanites in possession of that on the west, which, however, does not seem very conclusive against the general view. LXX render it here *τῷ περάτῃ*, Vulg. ‘*Transeuphratensis*.’ Another explanation is that עברִי is a patronymic from עברּ, mentioned as an ancestor of Abram, 10, 24. 11, 14. 15. Num. 24, 24.

**בְּאַלְנֵי מָמָרָא.** Cf. on 12, 6. The terebinth grove being named after the Amorite Mamre, who possibly owned or planted it.

**וְהַם בָּעֵלִי בְּרִית אֶבְרָם.** ‘*They being confederates of Abram’s*,’ notice the circ. clause. The text literally translated is, ‘*And they (were) owners of a covenant with A.*;’ בָּעֵל being used to form an adjective here, as in 37, 19 חֲלֹמוֹת; 49, 23 חַצִּים; ‘*dreamer*;’ 2 Kings 1, 8; בָּעֵל כָּנֶף; ‘*bow-men* (lit. *arrow-men*);’ בָּעֵל שָׂעֵר; ‘*hairy*,’ Prov. 1, 17, etc. Cf. Ges., § 106. 2 a; M. R., § 79. 6 d. We have a similar expression to בָּעֵל in Neh. 6, 18, viz. בָּעֵל שְׁבִיעָה. The phrase בָּעֵל בְּרִית occurs nowhere else. In Judg. 8, 33. 9, 4 it is a proper name.

**וַיַּרְקַּח** 14. is the imperf. apoc. Hif. of רָקַח = ‘*to empty out*,’ e.g. arrows from a quiver, or a sword from the sheath, Ex. 15, 9. Lev. 26, 33. Ps. 35, 3; but only in this passage and Ps. 18,

43 with a personal object. Render, ‘*Let loose.*’ LXX have ἡριθμησε, ‘mustered,’ reading as though it were וַיָּרֶק, which the Heb.-Sam. has, and which seems to have been the reading of the Sam. text, which has מִשְׁׂאָג ‘recensuit,’ and the Vulg. ‘numeravit.’

**חֲנִיכֵי יְלִידֵי בֵּיתוֹ** = חֲנִיכֵי = ‘*his tried ones;*’ cf. the Arab. حَنِيْكَ = ‘*experienced.*’ LXX, τοὺς ἀδίοντας, who were 17, מִקְנָת כָּסֶף ‘*home-born slaves,*’ as opposed to 12, 23, who were purchased slaves (or פָּז, Ex. 23, 12); cf. the similar phrases, בָּנָה אֶת, Ex. 23, 12; בָּנָה בֵּית, 15, 3.

**חָנִיד** only occurs here.

**דָן**, i. e. Laish, on the north-east frontier of Canaan, which in the time of the Judges received the name of Dan, Josh. 19, 47. Judg. 18, 29.

15. **וַיַּחֲלַק עַלְיָהֶם**, lit. ‘*he divided himself against them,*’ i. e. ‘*he divided his forces and came against them;*’ cf. Job 1, 17. 1 Sam. 11, 11, for a similar manœuvre. For the *cstr. praegnans* cf. on ver. 3.

**חוּבָה** is on the left, i. e. north of Damascus, identified by Wetzstein with Ḥoba, twenty hours north of Damascus, in the neighbourhood of Ḥims and Tadmor; cf. Del., *Gen.*<sup>4</sup>, p. 561.

17. **עַמְקָ שָׂוָה הָוָא עַמְקָ וָגוּ**—mentioned again 2 Sam. 18, 18, as the place where Absalom set up his monument—is hardly identical with קְרִיתִים ver. 5, as it is now mentioned as though it were not previously known, and its position not far from Salem is against this identification, cf. ver. 18. It is usually—following Josephus, notice *Ani.*, vii. 10. 3, that Absalom’s pillar was two stadia distant from Jerusalem—supposed to be in the neighbourhood of Jerusalem.

18. **שָׁלָם**. Generally taken as Jerusalem, so Del., Kn.,

Targg., Hieron. (*Quaest.*), Joseph., etc. Others, Roed. in Ges., *Thes.*, and Tuch, identify it with the Σαλείμ of John 3, 23, cf. Judith 4, 4, which, according to Eusebius and Jerome, was eight Roman miles south of Scythopolis. In Ps. 76, 3 Salem is certainly Jerusalem. The objections to its being Jerusalem are : I. That this city lay too far south. II. That its old name was Jebus ; cf. Judg. 19, 10. III. That Ps. 76, 3 is late, and the שֶׁלֶם there is a late poetical abbreviation of יְרוּשָׁלָם. But as Del., p. 306, shews, Jerusalem would not necessarily be too far out of the way—whether Abram returned down the Jordan valley to Sodom, or took his way home through Samaria to Hebron—for the king of Sodom to come and meet him from the south-east, and Melchisedek out of Jerusalem. Further, the facts (I) that in Josh. 10, 1 there is a king of Jerusalem bearing the name אֲדֹנִי צַדְקָה, which is very similar to מֶלֶכְיָצֵדָק, and (II) that the comparison of David, Ps. 110, 4, with Melchisedek would be far more suitable if he were king of Jerusalem, favour the identification with Jerusalem. The other two objections are not conclusive ; it is quite uncertain that שֶׁלֶם is a poetical abbreviation of יְרוּשָׁלָם, and that the old name of Jerusalem was Jebus is not of necessity fatal, as the name שֶׁלֶם might have been intentionally chosen with some hidden significance, just like כוֹרֵה 22, 2.

**כָּהֵן לְאֱלֹהִים**=not ‘*the priest*,’ as A.V., but ‘*a priest of God most high*,’ so A. V. R.; see Ges., § 115. 2 a. “**עַל כָּהֵן** (which, as a proper name (cf. אֱלֹהִים שְׁדֵי), has no article) might mean ‘*the priest*,’ or ‘*a priest*;’ but to avoid this ambiguity of meaning, the construction with the prep. **ל**, instead of the construct state, is chosen ; cf. M. R., § 76 b ; Ewald, § 292 a. 2. **עַל יְהוָה** in the O. T. when joined with **יְהוָה**, or **אֱלֹהִים**, never has the article.

19. בָּרוֹךְ . . . לְאֵל עַלְיוֹן 'blessed by God,' נ after the passive denotes the agent; cf. 25, 21. Ex. 12, 16. Ges., § 143. 2; Ewald, § 295 c; M. R., § 51. 3. Rem. a.

**קֶנוֹת** combines the double idea of *creating* and *possessing*.  
קֶנוֹת is cstr. state, followed by two genitives; cf. M. R., § 75 c.  
Rem. a. Possibly the two words, heaven and earth, were  
conceived of as really forming one idea=‘*the world*,’ and so  
construed as though one word stood; cf. on ver. 1.

The phrase קנה שמים וארץ is only found in this chapter.

<sup>19<sup>b</sup></sup> to <sup>20<sup>a</sup></sup> are poetical in form. Notice בָּרָא for קָנַה for or אִבְּרֵח for מָנַע, and עֲשֵׂה for צָרֵיךְ, which occurs twice again, Hos. 11, 8. Prov. 4, 9; all poetical words, though צְרוּם is also found in prose writings; also the poetical sounding אֶל עַלְיוֹן.

22. **הַרְמָתִי יְדִי**, ‘*I lift up my hand*,’ i. e. ‘*I have, just at the moment of speaking, lifted up;*’ the perfect is used for the immediate past; cf. Driver, § 10; M. R., § 2. 1; the meaning being, I swear by Yahweh, etc.; cf. Ex. 6, 8. Num. 14, 30. Deut. 32, 40 (בַּי אָשָׁא אֶל שְׁמָיו יְדִי, נְשָׂא יְדִי of God, always, Del.); Dan. 12, 7; see also Ex. 17, 16.

23. **םָנָה**. The negative particle **םָנָה** is often used in the oath-formulae. The oath-formula would run in full somewhat as follows: '*I swear, if I do so and so, may God*', etc.; then the second portion being omitted, the first part came to have a negative force, so **םָנָה**=*I will not*, and **נְאָה** **םָנָה**=*I will* (Num. 14, 28). Render, '*I lift up my hand . . . that I will not take from a thread even to a shoe latchet, of all which is thine*', i.e. '*I will not even take the most trifling thing for myself*'. On this use of **םָנָה**, see Ges., § 155. 2 f. N. B.; Ewald, § 356 a; M. R., § 168 β.

24. Render, 'Nought for me, only that which the young men have eaten, and the portion of the men who went

with me: 'Aner, 'Eschol, and Mamre, let them take their portion.' Note the *casus pendens* עַנְר אַשְׁכָל וּמִמְרָא: cf. 3, 12.

## 15.

1. **שֶׁכְרֵךְ הַרְבָה מְאֹד** = 'Thy reward shall be very great.' אֲנָכִי שֶׁכְרֵךְ וָנו" can scarcely be taken as a second predicate to 'rewards,' as this would rather require 1, and God cannot be regarded as Himself the reward.

**הַרְבָה**, inf. abs. Hif. of **רַבָה**, see on 3, 16. This inf. (properly a subst.), which is generally used as an adverb, is here regarded as an adj., and used as a predicate; cf. מַעַט, used quite similarly in 47, 9; שְׁנֵי חֵי 9; פָּמוֹל מַעַט וּרְעִים הֵוּ יְמִי; and כִּי חַמּוֹל אֲנָחָנוּ 9. Ewald, § 296 d; Ges., § 131. 2. The Sam. has a correction אַרְבָּה, which is easier.

2. **וְאַנְכִי הַולֵּךְ עַרְיוֹרִי**. Circ. clause. Render, 'Seeing that I am going to die childless.' הַלֵּךְ 'e vita decedere;' cf. 25, 32. Ps. 39, 14. 2 Chron. 21, 20.

**עַרְיוֹרִי**, lit. = 'bare, naked,' but restricted by usage to one who has no children; cf. Jer. 22, 30. Lev. 20, 20. 21 (all).

**וּבָן מִשְׁק בֵּיתִי** = 'and the son of the possession of my household,' = 'my heir.' מִשְׁק from מִשְׁק = 'to draw, to hold, grasp' (the form being perhaps chosen on account of its similarity in sound to דְמִשְׁק) = 'possession;' cf. מִמְשָׁק, Zeph. 2, 9.

**יְוָשָׁךְ בָּן** in ver. 3, the construction being the same as in בָּנָל בְּרִית 14, 13, which compare. Theod., Vulg. render 'son of the manager,' i. e. 'of the steward,' מִשְׁק being from שְׁקָק, with the meaning, 'to go about busily,' cf. מַרְדָּך from מַרְדָּך; which is possible, but forced and unsuitable. The other VSS. vary. The LXX have ὁ δὲ νιὸς Μασὴκ τῆς οἰκογενοῦς μου (their rendering of בָּן בֵּיתִי in the next verse is ὁ δὲ οἰκογενῆς μου), τῆς οἰκογενοῦς being either a mistake

for *oikias*, or *viōs* is a gloss, and the word should be *oikoyenjs*; יבר פָּרְנַסָּא הַבָּצֵן וְבָבִיתִי see Frankel, *Einf.*, p. 17. Onq. has רְמִיסָּקָה אֶלְיֹוּזֵר הַדָּמָסִכָּן, ‘this nourisher who is in my house, he is the Damascene, Eliezer.’ The Syriac has אֶלְיֹוּזֵר דָּמָסְקָה חַמְלָא, ‘Eliezer the Damascene, the child of my house, he will be my heir.’ Aq. has ὁ νιὸς τοῦ ποτίζοντος οἰκιάν μον, connecting משָׁק with מְשָׁקָה, ‘a cup-bearer.’

הַוָּא דְמִשָּׁק אֶלְיֹוּזֵר cannot be rendered with the Syriac אֶלְיֹוּזֵר דָּמָסְקָה, ‘Eliezer the Damascene’ (so A. V., but A. V. R. ‘Dammesek Eliezer’), for this would either be אֶלְיֹוּזֵר בֶּן דְמִשָּׁק, or אֶלְיֹוּזֵר אִישׁ דְמִשָּׁק, or, the ḥadashki, אֶלְיֹוּזֵר בֶּן דְמִשָּׁק אֶלְיֹוּזֵר אישׁ דְמִשָּׁק, Hos. 12, 8, which Gesenius cites in favour of this rendering, is not conclusive, the more correct rendering there being ‘Canaan! in his hand are deceitful balances;’ see Dr. Cheyne’s *Hosea*, Cambridge, 1884, p. 115. Besides, בֶּן בֵּיתִי in the next verse is not compatible with this explanation, see on 14, 14. Ewald, § 286 c, renders דְמִשָּׁק אֶלְיֹוּזֵר ‘Damascus of Eliezer,’ i. e. the city of Damascus, regarded as a community with which Eliezer was associated; cf. נְבֻעַת שָׁאֹול. A view which is possible, but somewhat forced; Eliezer himself might be called בֶּן מְשָׁק, but hardly Damascus. The LXX and Vulg. translate the two words as one proper name, ‘Dammesek Eliezer,’ which is contrary to usage, men never having double names. Del. considers אֶלְיֹוּזֵר as in apposition to דְמִשָּׁק, but one would hardly explain the name of a town by that of a person. Hitzig and Tuch reject הַוָּא דְמִשָּׁק as a gloss; but this weakens the sentence, and, as Di. remarks, leaves the choice of the rare word מְשָׁק unexplained. Di., adopting Ewald’s construction, explains as follows: ‘These words could be well explained if Eliezer not only had a prominent position in Abram’s household, but also was closely connected with Damascus;

then we might expect, failing other heirs, that Abram's property would in time fall to him, and return with him to Damascus when he went back thither. We certainly do not read of any such relationship between Damascus and Eliezer, but then this is the only passage where Eliezer is mentioned, and the Damascenes still in Greek times boasted of their connection with Abram' (cf. Del., p. 311).

3. **הַנִּי לֹא נָתַתָּה**. Observe the emphatic position of **לֹא**.

4. **הַוְאָ נָתַנָּה לֵי** **הַוְאָ** is inserted for emphasis, as in 3, 12, which compare.

6. **וְהַאֲמַן בִּיהוָה**. The perf. with waw conv. would here be quite out of place. It could hardly be frequentative, as believing in a person cannot be conceived of as a frequentative act. Like the other instances in 21, 25. 28, 6. 38, 5—cf. Driver, § 133. (2)—this is probably not a perfect with waw conv., but a case of the perfect with simple waw, where an imperf. with waw conversive would be expected.

7. **וַיַּחַשֵּׁב הַלּוּ וּגְנוּ**. Verbs of *considering* are either construed as here, with two accusatives, or with one acc. and the prep. **לְ**; see M. R., § 45. 5 with § 51. 1 end; cf. 38, 15. 50, 20. In Ps. 106, 31 we have **לְצַדְקָה** **לְ**; and the LXX of this passage, *καὶ ἐλογίσθη αὐτῷ εἰς δικαιοσύνην* (as though they read **לְ** here), is quoted three times in the N. T., Rom. 4, 3. Gal. 3, 6. James 2, 23.

8. **בְּפִתְחָה**. The pathach is not the article, but the preps. **בְּ**, **בְּ**, **לְ** before many short pronouns are pointed with long *a* (cf. Ewald, § 243 b; Ges., § 102. 2 d), but with **מָה** the union is still closer, the vowel being doubled and the long *a* shortened into short *a*; see also Stade, § 134 f.; cf. **בְּפִתְחָה**.

9. **מֶלֶט מֶלֶט**, not 'threefold,' i. e. 'three of each kind,' as Onq. and Rashi, but 'three years old.' This is the only passage

where it occurs in this sense, but doubtless the LXX are right in reading it in 1 Sam. 1, 24 (בְּפָרִים שֶׁלֶשׁ for בְּפָרִים מִשְׁלֵשׁ).

10. **אִישׁ בַּתְּרוֹ לְקַרְאַת רָעָהוּ** = ‘each piece over against the other;’ cf. on 9, 5 אִישׁ אֲחֵי, and the use of אָשָׁה of inanimate things in Ex. 26, 3. 5. Ez. 1, 9. 3, 13.

11. **וְאֶת הַצְּפָר לֹא בָּתַר** ‘But the birds he did not divide.’ צְפָר is collective, as in Ps. 8, 9.

12. **הַעַיט**. The generic use of the article, as in 14, 13, which compare.

13. **הַפְּגָרִים** ‘the carcases,’ always used of dead bodies in Hebrew. In Syriac **ܩܻܻܻ** is used of a body, whether living or dead; cf. Bernstein, *Lex. Syr.*, p. 390 b. So פְּנָר in Chaldee; cf. Levy, *Chald. W. B.*, p. 254 b sub voce.

14. **וַיַּשְׁבַּת אֶתְםָ** Hif. of נִשְׁבַּת. ‘And he scared them away,’ lit. ‘blew them away.’ The LXX read the consonants as **וַיַּשְׁבַּת συνεκάθισεν αὐτοῖς**.

15. **וַיְהִי הַשְׁמֵשׁ לְבוֹא**. Render, ‘And it came to pass, when the sun was about to set.’ The וַיְהִי does not here, combined with לְבָא, form the predicate to השמש, but stands alone. השמש being a complete sentence in itself; לְבָא, the inf. cstr. with ל, being used as a periphrastic future; cf. Hos. 9, 13 ‘וְאֶפְרַיִם לְהֹצִיא לְהֹרֶן’ etc., Is. 10, 32 ‘בְּנוֹב לְעַמְדָה’ in Nob is he for tarrying;’ Josh. 2, 5 ‘וַיְהִי הַשְׁעָר לְסָגֵן’ ‘and it came to pass, the gate being about to be shut;’ cf. Driver, § 204 [cf. also § 165], where numerous instances are cited, and Ewald, § 217 d. b. Ges., § 132. note 1, and M. R., § 113, combine the היה with the inf. cstr., which, here at any rate, is quite unnecessary.

**תרדמה** ‘*a deep sleep.*’ LXX here, and 2, 21, ἔκστασις, ‘*a trance.*’

**וננה אימה חשכה גדלה**. Render, ‘*And a very terrible darkness,*’ lit. ‘*a terror, great darkness.*’ חשכה גדלה being an explanatory apposition to אימה.

**נפלת**. The participle is more graphic than the perfect נפל would be.

**בארץ לא להם**. 13. ‘*In a land not theirs;*’ cf. Hab. 1, 6 ריב לא לו לרשת משבנות לא לו על. The relative, which here would stand in the nominative, being omitted, the antecedent being indefinite; M. R., § 159 a; Ges., § 123. 3 a; Ewald, § 332 a. 1; see also Wright, *Arab. Gram.*, ii. p. 343, the construction in Arabic being the same as in Hebrew.

**ועבדום**. ‘*And they (the Hebrews) shall serve them (the strangers=the Egyptians).*’ LXX, καὶ δουλώσονται αὐτούς, cited Acts 7, 7, ‘*and they shall enslave them,*’ which would require מעבדו בם; cf. Ex. 1, 14. Jer. 22, 13. עבר with the acc. is δουλεύω; in Hif., or Qal with ב, δουλόω.

14. ‘*The nation which they shall serve am I judging,*’ Driver, § 135. 3. The participle as *futurum instans*; cf. on 6, 17.

**ורדור רביעי**. ‘*In the fourth generation.*’ LXX freely, τετάρτη δὲ γενέā. The construction strictly is (Ewald, § 279 d), ‘*And as a fourth generation, they shall return;*’ as in Deut. 4, 27. Zech. 2, 8. Jer. 31, 8; acc. of the complement.

17. ‘*And it came to pass, the sun having gone down.*’ **השְׁמִיט** **בָּאָה**, being a circ. clause, by Driver, § 165, וַיְהִי does not belong to **בָּאָה**, which is accented on the penult., and is thus *perfect* (see Driver, foot-note, p. 21), and so incapable of being combined with וַיְהִי as predicate. Ryssel, *De Elo. Pent. sermone*, p. 59, is surely in error when he speaks of **בָּאָה** as

participle ('ubi in participio נihil nisi notio diurnitatis inest'). The ordinary editions and that of Baer have the accent on the penult.

**וְעַלְתָה הִיא.** The subject in the feminine is followed by the predicate in the masculine. Perhaps, as Müller suggests (M. R., § 39. Rem. a), עַלְתָה was regarded as acc. after היה, 'and there became darkness (i.e. it turned to a darkness);' see also Ges., § 147. Rem. 2.

18. **ברית . . . כְרֵת**, lit. 'to cut a covenant' = ὅρκια τέμνειν, foedera icere; on the difference between ברית and הקים see on 9, 9.

'I give,' lit. 'I have given;' the act is regarded as so certain of its fulfilment that it is looked upon as already accomplished; hence the use of the perfect in promises, contracts, etc.; see M. R., § 3. 1 a; Ges., § 126. 4; Dav., § 46. 2. 3; Driver, § 14; cf. 1, 29. 9, 2. 3.

**מִנְהָר מִצְרָיִם.** The southern boundary of the promised land is elsewhere (Num. 34, 5. Josh. 15, 4. Is. 27, 12) the נחל מצרים, the modern Wady el-Arish, and this has led Knobel to identify the נهر מצרים of this verse with the נחל מצרים. But even if נهر can be used of smaller rivers and canals (2 Kings 5, 12. Job 14, 11. 28, 11. Ez. 1, 3. 3, 15), it seems more natural to identify the נهر מצרים here with the Nile or eastern arm of the Nile. In the time of David and Solomon (1 Kings 5, 1. 8, 65) the kingdom under their rule reached from the Euphrates to the Egyptian frontier.

**עד . . . נֹהֶר פְּرָת.** Cf. Ex. 23, 31. Deut. 1, 7. Josh. 1, 4. Is. 27, 12. Notice the difference of idiom. In English we say 'the river Euphrates,' while in Hebrew we find 'the river of Euphrates;' cf. M. R., § 79. 1; Ewald, § 287 e. b, who compares the German 'Rheinfluss.'

## 16.

1. **הָגָר**, probably a Semitic name = ‘flight’ (Arabic **مُحْرِر** ‘to flee,’ **هَجَرَ** ‘flight’), and scarcely, as she was an Egyptian, her real name. Perhaps, as Del. suggests, she was given to Sarai by Pharaoh, cf. 12, 16; and according to this the Midrash explains the name fancifully, as = ‘**בְּחֵדֶל**, behold, a reward.’ The Arab nomad tribe **הַגְּרִים**, Ps. 83, 7, derive their name from **הָגָר**.

2. **מִלְדָת**, lit. ‘away from bearing,’ i.e. ‘so that I cannot bring forth;’ cf. 18, 25; **מִעֲשָׂת** מותך 6; 27; **מִקְבָּר** מותך 1; etc.

**אָבְנָה** as in 30, 3; cf. Ruth 4, 11. Ex. 1, 21. Deut. 25, 9, etc.

3. **עַשֵּׂר שָׁנִים לְשֶׁבֶת**. **ל** in the place of the genitive, as in 7, 11 (and regularly in dates, Ex. 16, 1. 19, 1, etc.) **שָׁנָה** **מֵאוֹת שָׁנָה לְחֵי נָחָר**; cf. the note there.

4. **וְתַקְלִיל**, cf. 1 Sam. 1, 6 f., is the imperf. Qal (intrans.) of a verb **y'**<sup>u</sup> with —; cf. **יָמַר**, **יָגַע**, etc.; Ges., § 67. Rem. 3; Stade, § 510 g. The two forms of the imperf. are, I. **יָסַב**, with the **ב** doubled when it ceases to be final. II. **יָסַב** trans. (intrans. **יָסַב**), with the **ב** doubled. In **תַּקְלִיל** the doubling has been given up, and compensation made by lengthening the — into —, as is usual with gutturals; cf. **תַּרְעַת**, **יְתַחַת**, **יְתַם**.

5. **חַמְסִיר**. ‘The wrong done to me.’ Obj. genitive; cf. on 9, 2. LXX, **ἀδικοῦμαί ἐκ σοῦ**; Vulg. ‘*inique agis contra me.*’

6. **וּבִינִין**. The point over the second yod (Mass. note, **point on the last yod**) probably marks it as superfluous, because the form elsewhere is **בִּינָה**, in pause **בִּינָה**; cf. 17, 2. 7. The other passages where points are found over words in Genesis are, 18, 9. 19, 33. 33, 4. 37, 12.

7. וַיִּמְצָא (cf. 1 Chron. 20, 2) is the companion form of וַיִּמְצָא, which, however, does not occur in this verb; cf. וַיִּבְרֹא, 37, 33; וַתִּתְגַּדֵּל, 2 Chron. 20, 7; the imperf. taking the affix of the third pers. fem. sing. either in the form וְ or וְ.

על עין המים, probably the well-known fountain on the way to שׂור; hence the article.

דרך שׂור. 'On the way to Shur;' cf. 3, 24 הח'ם.

שׂור must have been somewhere on the frontier between Palestine and Egypt. Josephus, *Ant.*, vi. 7, 3, erroneously supposed that שׂור was Pelusium, which is פֶּלְעִים. Saadiah holds that שׂור was Gifâr, جفار. 'The Arab. geographers understand by the wilderness of Gifâr (as distinct from the wilderness of the children of Israel, or Paran), the desert strip of land—which required five or six days' journey to traverse—bounded on the east by the desert of Paran, between Rafia in Philistia, up to lake Tennis (Menzaleh), and from thence to Qulzum or Suez; in a word, the western declivity of the desert of Paran towards Egypt' (Dillmann). The name probably means 'wall.'

8. אֵי מֻזָּה בָּאת, more frequently the imperfect was used in questions after לְמַה, מַאיִן, etc., as being less outspoken and more courteous than the perfect. The perfect would= 'Whence hast thou come?' the imperf. 'Whence art thou coming?' or 'Whence mayest thou be coming?' Cf. Driver, § 39 γ; 42. 7.

אֵי מֻזָּה. Cf. Ges., § 150. Rem. 5; Ewald, § 326 a. =simply 'whence,' with a verb or substantive, see Gen. 42, 7. Num. 11, 13. אֵי מֻזָּה is used similarly, but admits of being joined with a substantive, as 2 Sam. 15, 2 עִיר אַתָּה; Jon. 1, 8 וְאֵי מֻזָּה עִם אַתָּה; but this is not frequent.

הָרָה = 'where,' but is used rather of things (e. g. with מקום, דרך, בית) than persons; for which אַיִלָה is the common word, as in 37, 16.

11. הָרָה is a fem. adj.; cf. 2 Sam. 11, 5; the masc. would be הָרָה, יְפֵה (fem. pl. בְּלוֹת, Deut. 28, 32).

**יְלָדֶת**. The participle fem. We have here the ground form of יְלָדָה, which has remained unchanged, and not passed over into the segholate form יְלָדָה. This ground form reappears before the suffixes, e. g. יְלָדֶתְךָ, etc.; cf. Dav., § 29, esp. p. 73. 2; Ges., § 94. 2. Ewald, § 188 b, supposes that as this form is only found when the second pers. is spoken about, the word was so pointed on account of its similarity with the second pers. fem. sing. It occurs again Judg. 13, 5. 7, but in Is. 7, 14, with the third pers., the pointing is יְלָדָת.

**וּקְרָאת**. Here the mother names the child, as in 4, 1. 25. 19, 37 f., etc.; in P the father, so 5, 3. 16, 15. 17, 19, etc. וּקְרָאת is pointed in Baer and Del. edition קְרָאתִ, in the common editions קְרָאתִ. The second pers. sing. fem. is, in verbs נָלַךְ, usually pointed *without* the shewa; cf. Ewald, § 195 b, who mentions the two ways of pointing, and cites קְרָאתִ as well.

12. פָּרָא אֲדָם. '*A wild ass of a man*,' i. e. a man like the wild ass, who lives in the desert, wanders about at will, and cannot be tamed; cf. Job 39, 5. פָּרָא is the onager, Arab. فَرَّأْ, *asinus ferus*; Assyr. *purivu*. The construction is the same as in Prov. 21, 20; Is. 29, 19; אָבִינוּ אֲדָם; כְּסִיל אֲדָם; פָּלָא יְעַזֵּן, 'the subordinated noun describing merely the relation of the individual [part] to the whole [genus]; the figurative to the actual,' Ewald, § 287 g; cf. M. R., § 79. 2. Rem. a; Ges., § 113.

**עַל פָנֵי** Tuch renders ‘east of,’ referring to Ishmael’s geographical position; cf. 25, 18. 23, 19, but this is unnatural and forced. The text apparently means, Ishmael shall live close to his brethren, before their face, but shall not be on friendly terms with them. This meaning seems to suit יְהוּ בְכָל וִיד כָל בָו better.

**13. רָאֵי = אַתָּה אֶל** ‘*thou art the God of seeing*,’ i. e. ‘*the all-seeing God*.’ Tuch explains, ‘*the God who appears, manifests himself*;’ but this does not suit the explanation which follows in the second half of the verse.

**כִּי אָמַרְתָּה וְגֹ** ‘*For she said, Have I even here looked after Him that seeth me?*’ i. e. Have I even here in the wilderness, where I should not expect to see God, seen Him. *He* saw her, but *she* did not see Him; but after He had gone, she perceived that He had been there.

**רָאֵי** is a substantive; out of pause pointed רָאֵי, in pause בָּרָאֵי; cf. Job 33, 21; מִרָאֵי Nah. 3, 6 (both Baer and Del.); 1 Sam. 16, 12 = רָאֵי ‘*vision*, ‘*seeing*.’ Cf. צָרֵי, pausal form of צָרֵי, Ez. 27, 17; חֲלֵי, pausal form of חֲלֵי, Deut. 7, 15. רָאֵי at the end of the verse, pointed רָאֵי, and Job 7, 8 (both Baer and Del.; ordinary editions have רָאֵי; cf. Del., *Gen.*, p. 321), is the participle act. of רָאָה, with the suffix of the noun = *my seer*, just as בְּרֵי = *my word*, differing from רָאֵני, where the suffix is a verbal one and would = ‘*he who or one who sees me*.’ The LXX erroneously take אֶל-רָאֵי as אֶל-רָאֵי, and render ὁ Θεὸς ὁ ἐπιδών με, and paraphrase the second half of the verse with καὶ γὰρ ἐνώπιον εἶδον ὀφθέντα μοι. Syr. has, حَلَّا وَهُوَ حَلَّهُ حَسْدًا حَلَّهُ حَسْدًا مَلَكَتْهُ حَلَّهُ حَسْدًا = ‘*thou art God in a vision, for she said, Lo, indeed a vision I have seen, after that He hath seen me*;’ taking

רָאִי in *a* as a substantive, and paraphrasing *b*. Onq. has a paraphrase, אַתְּ הֵא אֶלְקָחָה חַיִּי כֹּלָא אָרִי אֲמִרָת אֶפְּ אָנָּא שְׁרִיתִי, ' thou art God, seeing everything; for she said, Here indeed I begin seeing (=living, so some moderns, Tuch, etc., a sense רָאָה does not bear), after He revealed Himself to me.' The Vulg., with 'Profecto hic vidi posteriora videntis me,' takes אֶלְקָחָה, like in Ex. 33, 23; cf. 2 Sam. 2, 23 בְּאַחֲרֵי הַחֲנִית.

14. 'Therefore they called the well, well of the Living one, who sees me' (lit. my seer, see above). קָרָא is third pers. used impersonally (cf. 11, 9)= 'Man nannte den Brunnen.' The rend. 'Well of the living-one-of seeing,' רָאִי as pausal form of (see above), i. e. 'where one sees God and remains alive,' requires a reading לְחַיִּ רָאִי, which is unnecessary, and presupposes a compound (Wortcomposition), which is impossible in Hebrew (Di.). Wellhausen, *Hist. of Israel*, Eng. transl., p. 326, proposes to emend the text thus, הנם אֶלְהִים רָאִיתִי וְאַחֲרֵי רָאִי 'have I seen [God and remained alive] after [my] vision?' cf. for the popular belief that one who sees God died, 19, 17. Ex. 3, 6. 19, 21. Mich. emends בָּאָר לְחַיִּ רָאִי 'well of the jawbone (i. e. rock? Judg. 15, 19) of vision.' With the naming of the well, cf. 22, 14. 28, 19. 32, 31.

The position of the Hagar-well is uncertain, see some identifications that have been proposed in Del., *Gen.*<sup>4</sup>, p. 321 f., who decides for its position on the road from Beer-sheba, along the 'Gebel-es-Sûr, which stretches from north to south.

ברֶד, position unknown.

### 17.

אֱלֹהִים. The oldest and most general name of God, and restricted as a rule to Yahweh, but occasionally

used of other gods. The word is most common in poetry, elsewhere always with some qualifying word, such as עליון, וָר, or as here שְׁדֵי: it only takes the suffix of the first person אָלִי. On אל, see Appendix II.

שְׁדֵי, according to P the name of God revealed to the Patriarchs (see Di., *Exodus*, p. 54), 28, 3. 35, 11 (cf. 43, 14). 48, 3 (cf. 49, 25). Ex. 6, 3 (in all these passages, except 49, 25, with אל). In poetry and the poetical style (Ruth 1, 21) we find שְׁדֵי alone, it is very often found in Job. Explained by the Rabbins as = פַּי · שַׁדְּיָה 'he who is sufficient,' 'the all-sufficient,' but such compounded names are not found in Hebrew; so Aq., Symm., and Theod. Roediger in Ges., *Thes.*, supposes that שְׁדֵי, which never has the article, is a plural form with the suffix of the first pers., like אֲדוֹנִי, Ges., § 121. 6. Rem. 4; but אֲדוֹנִי is the only clear instance of this. Del. supposes the ending '—' is an adjectival ending, as in οὐρανός (*Zakχaῖος*), ιστισί, Χνί; but this would presuppose a noun שֶׁדֶר 'power,' which does not exist: and the adjectival suffix '—' is only found in a few proper names, and may admit of another explanation. Gesenius took it to be a *pluralis majest.*, but it is doubtful whether a plural ending '—' exists. Most moderns take it as an intensive adjective formed from שְׁדָה = שְׁדֵה, with the pathach preserved, as in שְׁדֵה, and the proper name שְׁדֵי, Ewald, § 155 c. The form is thus similar to the nominal formation קְפָלָה; cf. דְּבָרָה, חְלָשָׁה, with — instead of —; possibly, as Wright suggests, pointed thus by the Massoretes in accordance with the Rabbinical etymology of the word. The LXX render it always in Genesis by a pronoun, here ὁ Θεός σου; cf. 49, 25 and Ex. 6, 3 (*αὐτῶν*), but elsewhere (often in Job) they have sometimes παντοκράτωρ, sometimes ἰκανός. The Vulg. has 'omnipotens' here.

**לפנִי** = 'before me,' i. e. under my eyes, in consciousness of my presence, 24, 40. Is. 38, 3; different from **התהלך אַת**, 5, 22. 6, 9.

2. **בְּמַאֲד מָאֵד**. Cf. on 7, 19.

4. 'As for me, behold my covenant is with thee, and thou shalt become a father of a multitude of nations.' **אַנְּכִי** is prefixed, as in 6, 17. 9, 9, for emphasis; it is opposed to **אַתָּה**, in ver. 9.

**וְהִיָּת לֶאֱבֶן**. **וְהִיָּת**, perf. with waw conv., though no imperfect precedes; compare the companion construction of waw conv. with the imperf. when no perfect precedes. So 26, 22; **וְהַזְּאתִי** 6; **וְפָרַינוּ**; Ex. 6, 6; Driver, § 119 a.

**אָב**, cstr. state for **אָבִי**, is chosen on account of the name Abraham. This form is also found in proper names, e. g. **אָבִי אַבְשָׁלוֹם**, but not so frequently as the longer form **אָבִי אַבְשָׁלָם**.

**הַמּוֹן גּוֹיִם**. **הַמּוֹן** is used here instead of the more usual **אָבְרָהָם**, 28, 3. 35, 11, on account of the etymology of **קָהָל**, suggested by the writer in ver. 5.

5. **וְלֹא יִקְרָא . . . אַת שְׁמָךְ**. The acc. after the passive verb as in 4, 18, which compare.

**אָבָרָם, אָבְרָהָם** = 'exalted father;' not identical with **אָבִירָם**, where the ' is the suffix of the first person, the name meaning, 'my father is high.' Di. offers an alternative explanation, 'Father of Raham or Ram,' i. e. 'the Height.' The etymology of the second name given in the text is really no etymology, but merely a play on the words; cf. the etymologies given for **נוֹחַ**, **קָנָע**; the name being changed into Abraham, because thus pronounced, an assonance was produced between the **הַמּוֹן** of **הַמּוֹן** and **אָבְרָהָם**. **אָבְרָהָם** does not = *Father of a multitude*. The etymology is quite unknown. Di. suggests that it may

be a different—perhaps older—perhaps more Aramaic pronunciation of אֶבְרָם, since with רָם, רֹם and רָהָם could be interchanged. A word רָהָם, = 'multitude,' does not exist; the connection with the Arabic word رَهَام, mentioned by the Arabic lexicographers, being very precarious.

7. **אָב הַמּוֹן . . . נָתַתִּיךְ**, with two accusatives, in the sense 'to make any one anything,' Ges., § 139. 2; M. R., § 45, 5; so 1 Kings 14, 7. 16, 2. Jer. 1, 5. The other construction with ל in place of the second acc. is equally common; cf. ver. 6. 48, 4. Is. 49, 6, etc.

7. **לְדָرְתָם** = 'throughout their generations' (successively); the plural suffix is used, וְעַד being taken collectively. **לְמִשְׁפָחוֹתָם** would be 'throughout their families' (contemporaneously). Formulae of this kind are common in P; so 8, 19. 10, 5. 20. 31. 32. 13, 3.

8. **לְהִיּוֹת לְךָ . . . אַחֲרֵיךְ**, i. e. Abraham's descendants will stand in a close relationship to God as His servants, and be under His protection. He will protect and specially favour them, they will serve and worship Him as their God, Ex. 6, 7. Deut. 26, 17.

8. **אָרֶץ כְּנֻעַן, מְגֻרוֹים, אֲחֹזָה** are all marks of P. Also the phrase, 'Thou and thy seed after thee,' vers. 7-10.

10. **מְלָלָל לְכֶם כָּל זָכָר**. **הַפּוֹל** is inf. abs. Nif. of מְלָל or מְלָל; cf. Ges., § 67. Rem. 5. The infinitive abs. being emphatically prefixed to indicate a command; cf. Ewald, § 328 c; M. R., § 106. 1 c; cf. Ex. 20, 8. Render, 'Every male to be circumcised,' i. e. 'let every male be circumcised.' Ges., § 131. 4 b. γ, prefers taking the inf. abs. as an imperative.

11. **נִמְלֹאת** is Nif. of מְלָל; a root נִמְלֹאת does not exist; cf. פְּטַנוּ, Num. 17, 28, for הַטְּלִתָּה, where one

would expect **הַטִּילָה**, Ewald, § 234 e; Ges., § 67. Rem. 11; cf. on 11, 6. The perf. with waw consec. is in continuation of the imperative, which is implied in the last verse in the inf. abs. **הַפּוֹל**, Driver, § 112 (cf., however, § 113. 1, where it is explained on the analogy of Is. 5, 5).

**בָּשָׂר** is acc. of respect, as in 3, 15, which compare. See also 1 Kings 15, 23.

12. יָמֹל is imperf. Nif. of מִלְל (for יָמַל, the regular form, Job 14, 2); cf. תְּדַפֵּי, Jer. 48, 2, as though they were from verbs יָמַל; cf. Ges., § 67. Rem. 5; Stade, § 504 e, who apparently regards יָמֹל as from a verb מָל.

כִּי הַנֶּעֶר בֶּן הָרָאֵישׁוֹן אֲדָם תֹּולֵד 7; cf. Driver, § 161. 3.

**בָּן נְכָר**, a mark of P; so ver. 27. Ex. 12, 43. Lev. 22, 25. **כָּל וְכָר מִקְנָה** and **כָּל וְכָר** are also characteristic of P.

13. The repetition after ver. 12 is in the legal style of this writer (P); cf. 26 f.

14. ‘The uncircumcised male who shall not be circumcised as to the flesh of his foreskin—that soul shall be cut off from his people, my covenant he has violated.’ The subject is placed first for emphasis, as a *casus pendens*, and taken up by **הנֶפֶשׁ הַחֹא**, instead of by a pronoun; cf. M. R., § 132 a; Driver, § 197. Obs. 2; Ex. 12, 15 and 17, 12.

**עַמִּים** = 'fellow-tribesmen.' A peculiar use, found chiefly in one or two stereotyped phrases.

**ונכרתת**. Being cut off from one's fellow-tribesmen is probably to be explained of sudden removal by God, rather than death inflicted by man; cf. Di., p. 245 et sq.; Del.,

p. 326. Tuch explains it as = מות יומת, but if this were here intended, it would probably have been added; cf. Ex. 31, 14.

וְנִכְרַתָּה is perf. with waw consec., after a *casus pendens*; cf. Ex. 12, 12, 15 . . . Deut. 17, 12; כִּי כָל אֶכְלָה . . . וְנִכְרַתָּה; cf. Driver, § 123 a. וְנִכְרַתָּה הַנֶּפֶשׁ . . . וְמֵת הָאִישׁ הַהוּא is a phrase characteristic of P; so Ex. 12, 15. 19. Lev. 7, 20 ff. Num. 9, 13.

**הַבְּפָר.** Pausal form for הַבְּפָר, so הַתֹּו, Is. 18, 5; Ewald, § 93 a. 2; Stade, § 393 b. β; Ges., § 29. 4, c. note.

**שְׂרִי** 15. The name שְׂרָה, = 'princess,' being the feminine form of שָׁרֵךְ. The meaning of שְׂרֵךְ is not so clear; the LXX have Σάρπα; so סְרֵעִי so סְרֵעָה. Possibly the name שְׂרֵךְ was an older form of the name שָׂרָה (with קְ fem.=הָ), (Di.). The ending 'ה' is hardly an adjectival ending; cf. on שְׂרֵךְ, ver. 1. Another explanation is that שְׂרֵךְ is from שְׂרָה, 32, 29; and so = 'the contentious, disputing one'; cf. שְׂרֵה=שְׂרֵעִי, which is quite possible, but cannot be regarded as certain. Other explanations are that שְׂרֵךְ = 'the merry one,' 'שָׂרָה, one that makes merry, delights (erfreuende),' from سְرֵךְ, which Di. says violates both the laws of sound and form; or from the Arabic سَرْوَ سَرِي سَرَا 'generosus fuit,' so 'the liberal, generous one.'

**הַלְּבָן.** ה interrog. pointed with dag., acc. to Ges., § 100. 4; Dav., § 49. 2.

**וְאָם שָׂרָה הַבָּת**. The repetition of the interrog. ה of the first member, after the וְאָם of the second member of a double interrogative clause, is uncommon [this seems to be the only instance]; cf. M. R., § 145; Ewald, § 324 c.

**18. לֹא יִשְׁמְעוּאָל יְחִיָּה** = 'if Ishmael may live before thee,' and as no apodosis follows, 'would that Ishmael might live,' cf. Driver, § 142; M. R., § 147; Ewald, § 329 b; Ges., § 136. 2.

לוּ is also followed (exceptionally) by the imperative, 23, 13, or jussive, 30, 34.

19. **ילְדָת . . . וּקְרָאת**. The participle used as future, followed by the perf. with waw consecutive; so 6, 17. 48, 4; Driver, § 113. 1. The accent on וּקְרָאת is not thrown forward on to the last syllable by the waw conv., in accordance with the rule, that in the perfect Qal of verbs לְהִיאָ and לְהַיִתִּי the waw conv. does not cause the accent to move forward, Driver, § 110. 4; cf. הַיִתִּי, ver. 4.

20. **וְלֹישֵׁם עַמָּל**. ‘And with regard to I.;’ cf. 19, 21 אֲשֶׁר חָלַם ‘also with regard to this matter;’ 42, 9 נִמְלָא לְדִבָּר הַזֶּה ‘which he dreamt about them;’ cf. M. R., § 51. 5. Rem. b; Ges., § 154. 3 e.

21. **בָּרְכָתִי . . . וּהְפָרוּתִי**, the perfect with waw conv., after a prophetic perfect; so Deut. 15, 6 וְהֻבְתָּה . . . ; Num. 24, 11 דָּרְךָ כּוֹכֶבֶן . . . וּקְמַת ad fin.; M. R., § 24. 2 b. Rem. b; Ewald, § 342 b. 2.

22. **נְשִׂיאָם**. **נְשִׂיאָ** is almost confined to P in the Pent. and Josh.

וְנִתְחַנֵּךְ לְקֹהֶל עַמִּים 4; **וְנִתְהַתֵּוּ לְגֹנוֹ גָדוֹל**

23. **וַיָּמָלֶל** is imperf. Qal of מָלַל or מָלַל, the form with waw conv. and retrogression of the tone being the same in both verbs.

**בְּעַצְמַת הַיּוֹם הַזֶּה**. Cf. on 7, 13.

24. **בְּהַמְלֹל** is either reflexive, ‘in his circumcising himself,’ i.e. ‘when he circumcised himself,’ or better passive (see ver. 25, where Ishmael could hardly circumcise himself), ‘in his being circumcised,’ i.e. ‘when he was circumcised.’

25. **נִמְולָ** is the Nif. of מָלַל, formed from the form מָלַל; Ewald, § 140 a; see also Ges., § 72. Rem. 9; Stade, § 397 b, γ;

cf. חָרַר from נִחר, חָתַת from נִחְתָּה. Stade and Ges. both regard it, however, as the Nif'al proper of מָלֵל, comparing גַּעֲלָה from עָלָה.

## 18.

1. **וְהַوָּא יָשַׁב פֶּתַח וְגוּ**. Circ. clause, ‘*While he was sitting at the door of the tent.*’ LXX excellently, καθημένον αὐτοῦ. “**פֶּתַח וְנוּ**” is acc. of place, in answer to the question ‘*where?*’ Ges., § 118. 1 b; M. R., § 41 b.

**בַּחַם הַשְׁמַשׁ**, LXX μεσημβρίας; cf. 1 Sam. 11, 9 Neh. 7, 3 עַד חַם הַשְׁמַשׁ = לְרוֹחַ הַיּוֹם = ‘*at even.*’ **חַם הַיּוֹם** = ‘*the heat of the day,*’ i. e. noon.

2. **וַיָּשַׁתַּחַוו**, in pause **וַיָּשַׁתַּחַוו**, is the apocopated imperf. of **הַשְׁתַּחַוו**, a rare Hithpalel form, from **שַׁחַח** ‘*to bow,*’ formed by a repetition of the third radical; cf. in 21, 16. **וַיָּשַׁתַּחַוו** is for **וַיָּשַׁתַּחַן**, analogous to the segholate form **שַׁחַן** for **שַׁחַן**; cf. Ges., § 75. Rem. 18; Stade, § 502 a.

**אֶרְצָה** = ‘*to the ground,*’ lit. ‘*earthwards,*’ ה (as the position of the tone shews) being the ה of motion.

3. **אֲדֹנִי** is marked by the Massoretes קדש ‘*holy,*’ i. e. that God is here intended; cf. the Mass. note on 19, 2, and Ges., § 121. 6. Rem. 4; Stade, § 359 e. The Sam. read the word אֲדֹנִי ‘*my lords,*’ as is clear from the use of the plural suffixes in בְּעִינֵיכֶם for **בְּעִינֵךְ** and עֲבָדֵיכֶם for **עֲבָדֶךְ**, and the plural תְּעַבֵּר for **תְּעַבֵּר**. Dathe and Tiele correct the text into אֲדֹנִי; so Di., who points out that in this verse Abraham addresses one of the three men whom he, possibly, recognised as the leader of the party (contrast ver. 4, where all are addressed). Di. further considers that Abraham, in the course of the conversation, first discovers the divine character of his guests (13), for if he had perceived it at once, the honour he paid them would really be no honour, and the offering of food

and drink without meaning; further, it would have been no trial of Abraham's faith, had he known that it was Yahweh who conversed with him. Tuch, Knobel, and Del. follow the Massoretic punctuation.

**אָמַן נָא מִצְאָתִי.** **נָא** is added to shew the precative nature of the entire sentence; cf. 30, 27. 33, 10. So Ges. in *Th.*, p. 834 b, 'si—quod opto magis quam sumere audeo—gratiam inveni.'

4. '*Let there be taken a little water, and wash your feet, and rest yourself under the tree.*' The feet were washed before every meal; cf. 19, 2. 24, 32, Luke 7, 44.

**תְּחִתַּת הַעַץ** 'under the tree.' It is not necessary to take **הַעַץ** collectively, as three people could very well sit down under one tree.

5. **וְאֶקְחָה.** The doubling may fall away from a letter pointed with sheva, provided it be not one of the aspirates ב, ד, ג, פ, כ, ת, in which case the doubling is usually (but not always) retained; cf. Ges., § 20. 3 b; Dav., § 7. 4, foot-note. Accurate texts mark the omission by placing Raphe (־) over the letter whose doubling is given up; cf. Stade, § 41. Render, '*And let me take a morsel of bread.*' **פָת לְחֵם** 'a morsel of bread;' cf. Judg. 19, 5; a modest way of describing the rich meal he will set before them (Di.).

**כִּי עַל כֵּן** = 'quandoquidem,' Ewald, § 353 a; 'for as much as,' the reason being adduced the second time by the demonstrative 'therefore' after the relative [conjunction]; cf. Ges., § 155. 2 d.

6. **הַאֲהַלָּה** is accented on the penult., as the locative **ה** does not take the accent, and **אֲהַל** is a seg. noun: cf. Ges., § 90. 2 a; Dav., § 17, 3. In B. and D. there is a misprint here (see *Jesaias*, p. v, note): read **הַאֲהַלָּה**. So **חַרְשָׁה**, **נְגַבָּה** (13, 14).

**בִּיהְרֵי שָׁלַשׁ וּגְרוֹ** ‘Bring quickly three measures of meal,’ מְהֻרִי, lit. ‘hasten.’ with the acc. is rare, so 1 Kings 22, 9. Is. 5, 19.

**קְמַח** is the acc., ‘three measures in meal,’ or ‘as to meal,’ the acc. perhaps being an acc. of respect; cf. Ges., § 118. 3. M. R., § 71. 4, regards קְמַח as in apposition, so apparently Ewald, § 287 i; cf. Ex. 9, 8; מֶלֶא חֲפָנִיכֶם פִּיחַ; Ruth 2, 17 אִיפָּה שְׁעָוָרִים.

**סְלַת** is in apposition to קְמַח, defining it more ‘closely, meal, fine flour.’ Three seahs of meal made an ephah, something over an English bushel. The large quantity was probably intended as a mark of distinction; cf. 43, 34. 1 Sam. 9, 22 f.

**עֲגֹת.** ג without dagesh; cf. B. and D., *Gen.*, p. 77. The cakes were small round cakes, baked in the hot ashes, so called from their round form. Greek ἐγκρυφίαι, which word the LXX use here.

9. **אַלְזֹז**, the points above the word probably point to a various reading לוֹ; cf. on 16, 5.

10. **כָּעַת חִיה** = ‘next spring;’ explained, ver. 14, by לְמוּעֵד; in 2 Kings 4, 16. 17 we have the fuller phrase הַזֹּה כָּעַת חִיה. LXX have κατὰ τὸν καιρὸν τοῦτον (from ver. 14) εἰς ὥρας, i. e. ‘about this time next year.’ The phrase literally translated = ‘about the time when it revives,’ i. e. ‘when this time lives again;’ cf. Ges. in *Th.*, p. 470. **חִיה** does not qualify עַת, which has the article, but is predicate; cf. Ex. 9, 18 בָּעַת כָּחֵר ‘about the time when it is to-morrow.’ In 17, 21 we have the time stated more clearly, בָּשָׁנָה הַאֲחֶرֶת; לְמַעַד הַזֹּה בָּשָׁנָה הַאֲחֶרֶת, the years; cf. 1 Sam. 1, 20 לְתִקְופּוֹת הַיָּמִים.

**וְהִוא אַחֲרֵיו.** ‘It (the door) being behind him (the speaker);’ so the Massoretic text. The LXX, οὗσα ὅπισθεν αὐτοῦ, took הִיא here as הִיא, cf. on 2, 12, and referred it to Sarah.

**בָּיִמִים** = ‘well on in days.’ So 24, 1; Josh. 13, 1, etc.; cf. προβεβηκότες ἐν ταῖς ἡμέραις in Luke 1, 7.

**חַדֵּל**, as ver. 11 is a circumstantial sentence, explanatory of what takes place in ver. 12, חַדֵּל must be translated ‘*there had ceased*.’

12. ‘*And Sarah laughed within herself, saying, After I have grown old, shall I have pleasure, my lord being old?*’ LXX, ἐγέλασε δὲ Σάρρα ἐν ἑαυτῇ, λέγουσα, Οὕπω μέν μοι γέγονεν ἔως τοῦ νῦν. ὁ δὲ κύριός μου πρεσβύτερος; leaving אחריו untranslated, and apparently taking בְּלֹתִי = עָרֶב = בְּלֹתִי, and בְּלֹתִי = עָרֶב = בְּלֹתִי.

Contrast the explanation of P in 17, 17.

14. **הַיְפָלָא מִיהוָה דָבָר**. ‘*Is anything too hard* (lit. wonderful, extraordinary) *for Yahweh?*’ cf. Jer. 32, 17, וְלֹא יְפָלָא כָל דָבָר, and ver. 27; המני יפלא כל דבר ממן כל דבר כִּי יפלא ממן דבר 17, 8.

**מִיהוָה** pointed with shewa: so B. and D. Ordinary texts have **מִיהָה**, without shewa. The shewa is inserted according to the Massoretic note, quoted by Del. in his *Commentary*, p. 55, i.e. ‘*Moses leads (Israel) out, and Caleb leads them in*,’ which is the Massoretic way of saying that the letters ח, ש, make the א of —יְהוָה the vowels of which are always in the text placed under heard; while after the letters א, ל, ב, the א is not sounded as a consonant, e.g. בְּאֶדְנִי for בָּאֶדְנִי = בְּיְהוָה; the latter part of the rule holds good for נ. So בְּאֶדְנִי for בָּאֶדְנִי = יְהוָה; cf. Ges., § 23. 2; Stade, § 112 b. note (who gives instances, e.g. Mic. 4, 13. Neh. 8, 10. Gen. 40, 1 (cf. B. and D.’s editions here), where — does not become —).

15. **לَا כִּי צְחַקְתָּ**, ‘*nay, for (i.e. but) thou didst laugh,*’ as in 19, 2. 42, 12.

16. **וְאֶבְרָהָם הַלְךָ עִם לְשָׁלָחָם**, ‘*while Abraham*

went with them to bring them on their way,' circ. clause, as in vers. 12 and 18; cf. Driver, § 159; M. R., § 152.

**לְשַׁלְחוֹם.** Cf. on 12, 20.

17-19. 'And Yahweh said (i.e. to Himself), Shall I hide from Abraham what I am going to do, (18) seeing that Abraham will surely become a great and powerful nation, and all the nations of the earth will bless themselves in him? (19) For I have chosen him, to the end that he may charge his sons, and his house after him, and that they may observe Yahweh's way, by doing righteousness and right; so that Yahweh may bring upon Abraham that which He hath promised concerning him.'

17. **הַמְכֻסָה**, the participle preceding the subject, as in Num. 11, 29. Ez. 9, 8; see Driver, § 135. 4.

18. **הִיּוּ יְהִי** is for **הִיּוּ**, the Holem quiescing in a Waw, instead of a He; cf. 26, 28; Is. 22, 13; see Ges., § 75. Rem. 2; Stade, § 623 a.

**וּנְבָרְכוּ.** Cf. on 12, 3.

19. **יָדַעֲתִיו.** Cf. Amos 3, 2. Hos. 13, 5, **יָדַע** here, and in the two passages cited, = 'to know a person thoroughly,' and so, after becoming well acquainted with him, 'to choose or select him,' almost = **בָּחרָה**; cf. a similar use of **προγνώσκειν**, Rom. 8, 29.

**לְמַעַן אֲשֶׁר**, stronger than **כִּי**, = 'eo consilio ut,' 'with the intention of,' 'to the end that,' A.V.R., always introduces the intention; so Lev. 17, 5. Deut. 3, 4. Jer. 42, 6; Ewald, § 337 b; Ges., § 155. 2 e. A. V. is incorrect, **לְמַעַן** always = *ut*.

**לְמַעַן אֲשֶׁר יִשְׂהָר . . . וְשִׁמְרוּ**. Cf. on 12, 13.

The LXX have **ηθειν γὰρ ὅτι συντάξει**, misunderstanding the text; so Syriac and Vulg.

20. ‘And Yahweh said, The cry concerning Sodom and Gomorrha, it is indeed great; and their sin, it is indeed very heavy.’

זעקה is gen. object., as in 9, 2. 16, 5, which compare.

זעקה and חטאיהם are casus abs. רְבָה has the accent on the penult., and so is third pers. perf. from רַבֵּב. Wellhausen renders, ‘It is a report about Sodom and Gomorrha, that their sin is great, that it is very heavy;’ ו before חטאיהם being struck out; which Di. rejects on the grounds that זעקה does not mean ‘a report,’ and that God would not listen to a report.

כִּי = ‘indeed’ or ‘it is the case that,’ as in Is. 7, 9. Ps. 118, 10; cf. Ewald, § 330 b; unless it is assumed, with Lagarde and Olshausen, that שְׁמֻעָתִי has fallen out at the beginning of the sentence. The LXX omit בִּי.

21. ‘I will indeed go down, that I may see whether they have altogether done according to the cry concerning them, that has come up to me.’

דָּבָאָה is pointed by the Massoretes as perfect, with the article; cf. Ewald, § 331 b; Ges., § 109. Rem. As this usage is rare outside the later books of the Bible, Ewald, l. c., and Di. reject it here, and point as a participle. M. R., § 92. Rem. a, points out (citing cases, e.g. 1 Kings 11, 9 and Gen. 12, 7) that the Massora itself varies in this point. The participle here is more natural, and only involves a change in the position of the accent, from the penult. to the last syllable; so 46, 27.

עֲשֹׂו כָּלָה, separated by the accents, so to be taken alone, כְּשַׁלְחוּ כָּלָה נֶרְשׁ אַתֶּם 1, as = omnino,’ as in Ex. 11, 1. In other passages עֲשֹׂה כָּלָה means ‘to utterly destroy;’ cf. Nah. 1, 8. Zeph. 1, 18.

22. **וְאַבְרָהָם עֹדֵנוּ עָמַד לִפְנֵי יְהוָה**. According to a tradition found as early as the Mechilta (on Ex. 15, 7) and often repeated, this verse originally ran **וְיְהוָה עֹדֵנוּ עָמַד לִפְנֵי אֶבְרָהָם**, but was altered as too anthropomorphic; **עָמַד לִפְנֵי יְהוָה**, having the notion of serving. But 19, 27 is against this, and all the versions follow the text as we now have it, and read **לִפְנֵי יְהוָה**. This and similar corrections, called *Tiqqune Sopherim*, are not to be regarded as real various readings, but merely as changes proposed by the Massoretes, to avoid expressing anything in the text that was repugnant to them; cf. Strack, *Proleg. Crit.*, p. 87. Geiger, *Urschrift*, p. 331, considers that **יְהוָה עֹדֵנוּ עָמַד לִפְנֵי אֶבְרָהָם** is the real reading, citing the Talmud and Midrash in support of his view. There are eighteen such passages in the O. T., but only this one in Genesis. Cf. further, Strack, l.c., who cites authorities; also Bleek's *Introduction*, 4th ed. [Wellhausen], p. 624. The eighteen instances are given in Levy's *Chald. W. B. über die Targ.*, ii. p. 553 b; the larger Massora, on Num. 1, 1; and in the *Dikduke Ha-t'amim*, edit. Baer and Strack, Leipzig, 1879, § 57.

24. **וְلَا תַשְׁאַל מִקּוּם נְשָׁאָל עַז** or **פְשֻׁעָה** = 'to take away the sin for any one,' so 'to forgive.'

25. 'Far be it from Thee to do according to this thing, to slay the righteous with the wicked, and that the righteous should be as the wicked, far be it from Thee; shall the Judge of all the earth not execute judgment?'

**לְהַמִּית . . . וְהִיָּה**, the cstr. inf. breaking off into a perfect with waw conv.: the perfect is used here, as a possible case is stated, and not a fact; in which case we should find the imperf. with waw conv., as in 39, 18 **וְאֶקְרָא . . . כְּהִרְמִי . . .**; cf. Driver, § 118 (see the preceding section); Ges., § 132.

בַּלְדָּכִן . . . עַד שׁוֹב . . . וְשַׁכַּח Rem. 2 : so 27, 45 . . . Ex. 1, 16 . . . כְּטוֹב . . . וְאָמַרְתִּי 2 Sam. 13, 28 . . . וְרָאֵיתִי.

**חֲלָלָה** = ‘*profanum* (lit. *in profanum*), *nefas tibi sit.*’ Del. compares the Targ.-Talmud **לְ** ‘*ḥalîn* **הָוֹא לְ** ‘*it is unholy for thee.*’ The **ה** is not the feminine ending, as the word is accented on the penult.; cf. 44, 7. **חָלִילָה לְעֶבֶדִיךְ**

מן, מעשֶׂת as in 16, 2, which compare.

**תְּהִוֵּה עַפֵּר וְאַפֵּר** 27. Notice the alliteration, and cf. 2. 1, 2, 2. 4, 14. **הָוֹד וְהָדָר**, Ps. 21, 6. **וּבְהָוֹד**

28. **יְחִסְרוֹן**, with the fuller ending **ן-**, preserved in Aramaic, and in classical Arabic (as the ordinary form); but only occasionally found in Hebrew; cf. Ges., § 47. 3. Rem. 4; Stade, § 521 a, a. See on 3, 3.

**חָסָר** being one of the verbs of *abounding* and *wanting*, takes the acc.; cf. Ges., § 138. 3 b; Ewald, § 283 b.

30. **אַל נָא יִחָר לְאָדָנִי וְגֹרָה**. ‘*O let not my Lord be angry, and let me speak.*’ **גֹרָה** is apoc. from **גֹרָה**; the jussive is here used in asking permission; cf. M. R., § 8. 2; Ges., § 127. 3 b; Driver, § 49 β; so the cohortative **וְאָדְבָרָה**: cf. 33, 14. 50, 5.

## 19.

i. **שְׁנֵי הַמֶּלֶאכִים** = not as A. V. ‘*two angels*,’ but ‘*two of the angels*,’ i.e. two of the three mentioned in 18, 2. On the construction, cf. Ges., § 120. 1 a; M. R., § 96 b.

**וּלּוֹט יִשְׁבֶּן**. Circ. clause, as in 18, 1; cf. also on 9, 18. Render, ‘*While Lot was sitting in the gate.*’ The city gate in the east was usually a vaulted entrance, with large recesses on either side; here business matters were settled, and the affairs of the town and all public matters discussed and arranged; cf. 23, 10. 13. 34, 20. Deut. 21, 19.

2. **הַנְּקָדֵת נִזְבֵּחַ**, with short *e* (Seghol) (only here; cf. Ewald, § 91 d) and *dagesh forte conj.*, is unique.

**אֲדֹנִי** is marked by the Massoretes נ" בפתח חול (i.e. 'pointed with pathach and profane,' i.e. 'not used of God').

**סָרוּ נָא וְגֹרֶ**. It was regarded as a neglect of the duties of hospitality to allow strangers to spend the night in the street; cf. Judg. 19, 15, and contrast with this inhospitality, 24, 25. Ex. 2, 20. Judg. 13, 15. 'The modern Arabs consider it a privilege to lodge strangers who may come to them, and often disputes arise as to who shall have this honour.' Kn. cited by Di.

**וְהַשְׁכָמָת** **הַשְׁכִים** prop.= 'to shoulder or place on the shoulders,' i.e. to put one's baggage on the beasts of burden, which was done early in the morning, so 'to rise early, to resume the journey.' The verb is a denom. from **שְׁכָם** 'a shoulder,' or rather 'the portion of the back between the shoulders,' where any burden would be carried.

**לֹא**, with emphatic or euphonic dagesh; an unusual use of dagesh, generally considered to be for the purpose of securing a clear and distinct pronunciation of the consonant: cf. Stade, § 40 b, c; Ges., § 20. 2 a. Rem. 2; so **קוֹמוֹ צָאוֹ לֹא**, ver. 14; **וַיַּאֲטַרְוּ לֹא**, I Sam. 8, 19; cf. Ex. 12, 31. Deut. 2, 24. It is only found in accurate editions and MSS. See also Del., *Commentary on Ps. 94, 12*, 4th ed.

3. **מִשְׁתָּחָה**, prop. 'a drinking feast,' then generally 'a meal or banquet'; cf. 21, 8. 26, 30.

**מִצְוֹת** = 'sweet or unsoured,' i.e. 'unleavened cakes' (from **מִצְרֵי** 'to lap, suck'), and so more quickly prepared.

4. **טָרֵם וְגֹרֶ**; cf. on 2, 5. Render, 'They had not yet gone to sleep, when the men of the city, the men of Sodom, surrounded the house, both young and old, all the people in a body.'

**נִסְבֵּי** = סָבֵב is third perf. pl. Nif'. of **סָבֵב** = **נִסְבֵּי**. Nif'al being originally Naf'al; the pathach being thinned down into hireq; cf. Dav., § 25. Rem. a; Ges., § 51. 1; and compare the Arabic vii form **إِنْقَتَلَ** (in-qatala) and such Heb. forms as **נוֹשֵׁב**, **נוֹשַׁבֵּה** (Dav., § 9. 1. Rem. b; Ges., § 24. 2 b); Wright, *Gram. Arab.*, i. p. 42. **נִסְבֵּב** becomes **נִסְבֵּב**, and the pathach under the nun, standing in an open syllable before the tone, becomes tone-long qameç: cf. Stade, § 86. 3; Dav., § 6. 2 b; see also Ges., § 27. 2 a.

**מִקֶּצֶת** = lit. ‘from the end,’ i.e. including the whole, so in Jer. 51, 31. Cf. Judg. 18, 2. 1 Kings 12, 31 (not ‘of the lowest,’ but ‘of the whole body of the people’).

5. **הַלִילָה** = ‘to-night,’ ‘this night,’ the article, as in **הַשְׁנָה**, **הַיּוֹם**, has a demonstrative force: Ges., § 109. Rem.; Ewald, § 277 a. 3. So in 30, 15.

6. **פַתַח דַלָת** = ‘*the door of the house.*’ **פַתַח** = ‘*the entrance (gate).*’

7. **אֲחֵי** = ‘*my friends;*’ cf. 29, 4. Judg. 19, 23.

8. **אֶל** for **אֱלֹה** is found eight times in the Pentateuch and once besides (1 Chron. 20, 8), and always (except Chron. l. c.) with the article; see Ges., § 34; Dav., § 13. Rem. a; Stade, § 171 b. It is commonly explained as an archaism, but this is very doubtful.

9. **גַּשְׁתָּהֲלָאָה**. So in correct editions; the ordinary editions have **הַלָּאָה**, with metheg, which is wrongly placed, as the tone is on the penult. LXX, Ἀπόστα ἐκεῖ. Vulg. ‘recede illuc;’ cf. Is. 49, 20 ‘**גַּשְׁתָּהֲלִי**’ ‘stand away.’ Render, ‘Stand back.’

10. **וַיֹּאמְרוּ הַאֲחָד . . . שִׁפּוֹת** **וַיִּאֶכְלֶנּוּ** **אֶת כְּסֵפָנוּ** 15 ‘This one came in to sojourn and goes on playing the judge;’ cf. 31, 15

'and goes on to eat up our silver ;' Job 10, 8 וְתַבְלִעַנִי, 'and yet thou goest on to swallow me up ;' cf. Driver, § 79, 'The action or its results continuing into the writer's present ;' also Ewald, §§ 231 b, 342 a. 1 a.

**שָׁבּוֹת**. When the inf. abs. follows the finite verb, it generally denotes a continued or lasting action ; cf. Ges., § 131. 3 b; Ewald, § 280 b.

**הַאֲחֶר**. The הַ is the article, not the ה interrogative.

11. **בְּסֻנְרוּם** 'with blindness ;' not absolute blindness, but temporary loss of sight ; the word only occurs once again, 2 Kings 6, 18. Elsewhere we find עֵזֶר, Zech. 12, 4. Deut. 28, 28. סְנוּרִים [Safel of סְנָרָה] נָוֶר = 'to make blind,' which occurs in Aramaic ; cited by Levy, Chald. W. B. sub voce, as occurring in Num. 16, 14 Targ. Ps.-Jon. (חַסְנוּר). The article is according to Ges., § 109. 3. Rem. 1 c. LXX, ἀσπασία ; Onq. שְׁבָרְרִיא 'fatuitas ;' Syr. حَسْنَتْلَمْ 'illusions.'

**מִקְטָן וְעַד גָּדוֹל**. Cf. 1 Sam. 5, 9. 30, 2 ; lit. = 'from a little one even unto a great one,' i.e. 'all,' every one being regarded as either small or great, so the two extremes would embrace all persons. Cf. further, Dietrich, Abhand. zur hebr. Gram., p. 206, who gives a list of other expressions for 'all,' 'nobody ;' cf. Ex. 11, 5.

**וְעַד . . . טָן**, as in 14, 23, and often.

12. **מַי לְךָ פָּה = עַד מַי** 'Who hast thou still here ?' i.e. 'hast thou any more belonging to thee in Sodom besides those in thy house ?'

**חַתִּין**, perhaps collective = 'sons-in-law ;' but the singular without the suffix is strange, as one would expect חַתִּינִיךְ, which the Syr. has, سَلَّمَتْ. Di. conjectures that was

inserted between חַתֵּן יְהֹוָה and, as no mention is made elsewhere of sons which Lot had before the destruction.

13. כִּי מִשְׁחַתִּים אַנְחָנוּ. The participle is used of future time, with the subject following, as in 3, 5, which compare.

**צַעֲקָתָם** = 'the cry concerning them;' cf. on 18, 20.

אֶת פָּנֵי יְהֹוָה as in ver. 27. 33, 18. Ex. 34, 23. 1 Sam. 1, 22. Ps. 16, 10.

14. לְקַחַי 'who were to take,' 'the takers of his daughters;' so Ewald, § 335 b, better than (LXX, Targ. Ps.-Jon., Kimchi, Del.) 'who had taken,' which would be more naturally expressed by אשר and the perf.; and Lot would scarcely leave his married daughters in Sodom without calling them away.

קוֹמוֹ צָאוֹ. צ with emphatic dag. (see on ver. 2), to ensure the clear pronunciation of the צ between the two u-sounds.

הָיוּ כֵּן . . . = 'to appear as,' for which there is no proper word in Hebrew; cf. 27, 12. 40, 10.

15. Render, 'And when the morning dawned, the angels urged Lot, saying, Take thy wife and thy two daughters that are with thee, lest thou be swept away in the punishment of the city.'

וכמו הדשָׁר עלה is rare and poetical, Is. 26, 18. Ps. 58, 8; cf. M. R., § 60; Ewald, § 337 c.

וַיַּאַצֵּז is imperf. Hif. of אָזַן. The waw conv. is used after a time determination: so 22, 4 אֶבְרָהָם; בַּיּוֹם הַשְׁלִישִׁי וַיַּעֲשֵׂה אֶבְרָהָם; 1 Sam. 21, 6 בְּצָאתִי וַיְהִי; כִּי נִשְׁלַחַם . . . וַיַּכְרְבֵנִם 7; Josh. 22, 1 etc.; cf. Driver, § 127 b.

הַנְמִצָּאת, lit. 'who are found,' i.e. who are with thee in thy house; cf. 1 Sam. 13, 15. 21, 4. The participle may often be rendered by the present, as in 4, 10. 16, 8. 37, 16, etc. את אשׁך הנְמִצָּאת probably refers to את אשׁך as well as to ואת שְׁתֵי בְּנוֹתֶיךָ.

**פָּנִ חַסְפָּה** = סְפָה = ‘*to be snatched off, carried away;*’ so 1 Sam. 12, 25. Num. 16, 26.

**עֹונָ** = ‘*punishment;*’ cf. 4, 13.

16. **וַיַּתְמַרֵּם** מֵהֶם, imperf. Hithpalpal of; cf. from מָרַר, Dan. 8, 7; Stade, § 503.

**בְּחַמְלַת יְהוָה** = ‘*through Yahweh’s sparing him;*’ i.e. ‘*because Yahweh spared him;*’ the subject of the inf. construct following in the genitive; cf. M. R., § 117; Ges., § 133. 2: also Ps. 133, 1, שְׁבַת אֲחִים 1, בְּעִצְמַת חֶבְרֹן 9. The inf. cstr. has the fem. cstr. ending; here intentionally, as **בְּחַמְלַת** could not be taken as construct state with a following genitive. The inf. with fem. ending הָ is common, especially in particular words, viz. יְרָאָה, אֶחָדָה, שְׁנִינָה, occasionally we find חִזְקָה, קָרְבָּה, קָרְבָּה, קָרְבָּה; cf. Stade, p. 339; Ges., § 45. 1. Rem. b.

17. **אֶל תְּבִיט**. The jussive form **תְּבִיט** would rather be expected after **אֶל**, but cf. Ps. 121, 3 וְאֶלְיָנָים 3, 1 Sam. 25, 25 וְאֶל יְשִׁים; cf. Driver, § 47; Ges., § 127. 3 c.

18. **אֲדָנִי**, noted by the Massoretes קָדוֹשׁ אלָהִם; does not of necessity imply that Lot did not recognise that Yahweh was speaking with him, and that **אֲדָנִי** = ‘*my lords;*’ pausal form of **אֲדָנִי**; as in ver. 19 we find singular suffixes. The Syr. and Saadiah regard **אֲדָנִי** as **חֹול**, but the LXX, Onq., Vulg., and Sam. follow the Massoretes; so Del.

19. **פָּנִ תְּדַבְּנִי**. Imperf. with the so-called union vowel pathach instead of tsere; cf. 29, 32 יְאַהֲבָנִי; see Ges., § 60. Rem. 2; Stade, § 636 b, who cites 1 Kings 2, 24 Kri, Is. 56, 3 יְשִׁיבָנִי, Job 9, 18 יְבָדִילִי.

1. **וְמַתִּי**. with pretonic qameç, the tone is not thrown forward, because the word is in pause; see Driver, § 110, 2. **מַתִּי** = **מַתִּי**. The perf. with waw conv., as in 3, 22, which compare.

22. צוֹעַר, probably one hour south-east of the Dead Sea, in that portion of the Araba which is now called Ghor es Şâfia. In 14, 2. 8 its older name is given, בְּלֻעַ; cf. Wetz. in Del. *Gen.*, p. 564, and Di., p. 256, who remarks that the name was still in existence at the time of the Crusades (Segor; cf. LXX, Σηγώρ); the Arab geographers call it Soghar or Zoghar, and the Dead Sea, the Sea of Zoghar. Grove, however, in Smith's *Dict. of the Bible*, art. *Zoar*, brings forward evidence in favour of a site for Zoar on the north of the Dead Sea.

23. השָׁמֶשׁ...צָעַרְה<sup>1</sup>. ‘The sun had risen over the earth when Lot came to Zoar;’ cf. 44, 3. 4 . . . הִם יֵצֵא הַעִיר וַיַּסֶּף אָמָר, Judg. 3, 24; also 38, 25. Judg. 18, 3. Time or place determinations are generally subordinated to the main clause in a sentence; here and in the other instances cited, the time determination is co-ordinate, and placed first for emphasis; cf. Driver, § 169.

24. מְאֹת יְהוָה מִן הַשְׁמִים, the fire and brimstone are described as proceeding both from *Yahweh* and *out of heaven*, מְאֹת יְהוָה and מִן הַשְׁמִים; cf. 2 Kings 1, 12. Job 1, 16. Di. comparing Mic. 5, 6 supposes that מְאֹת יְהוָה, like the Greek ἐκ Διός, was an archaic expression, similar in meaning to מִן הַשְׁמִים, by which it is explained; cf. Ewald, *Hist. of Israel (Eng. Trans.)*, ii. p. 157.

מְאֹת = παρά with the genitive. מִן = ἐκ.

25. מִיהְפָּךְ. וַיַּחֲפַךְ is a technical word, always used of the destruction of Sodom and Gomorrha (to which there is at least an allusion even in Is. 1, 7), just as מִפְבָּל is always used of the great Deluge.

<sup>1</sup> Baer and Delitzsch's reading צָעַרְה should be corrected into צָעַרְה: see *Jesaias*, p. v, note.

26. **מַאֲחָרָיו** ‘from behind him,’ i.e. Lot; she was following Lot, and out of curiosity turned her face away from him.

28. **עָלָה** is pluperfect, ‘The smoke had begun to ascend before Abraham looked.’

29. **כְּקִיטֵּר הַכְּבֵשׂ**. Cf. Ex. 19, 18: ‘*Like the smoke of a smelting furnace.*’ כְּבֵשׂ = **כְּבֵשׂ** ‘a smelting oven.’ **תְּנוּר** ‘a baking oven.’

29. **בְּהַפְּךְ אֶת הָעָרִים**. The inf. cstr. always governs its object in the accusative; cf. M. R., § 116; Ges., § 133. 1.

30. **בְּמַעֲרָה**. ‘*In the cave;*’ either the generic article, as in 14, 13. 15, 11, or possibly a particular cave was meant, which the narrator could speak of as ‘*the cave;*’ cf. 16, 7.

33. **תְּשַׁקְּרֵין**. *Scriptio defectiva* for **תְּשַׁקְּרִינָה**; cf. Ges., § 47. Rem. 3. This defective form is found occasionally, but by no means uniformly, in the Pent. It occurs also elsewhere, e.g. in Ezekiel **תְּהִיאֵן** four times, with the full form also four times.

**בְּלִילָה הוּא**. **הוּא** without the article—which would be expected, as **לִילָה** is defined—as being in itself definite; cf. 30, 16. 32, 23. 1 Sam. 19, 10 (all): see Ges., § 111. 2 b; M. R., § 85. Rem. c. This is a very rare variation for the more usual **בְּלִילָה הַוּא**.

**וְבָקָרֶת** with a point on the 1; cf. ver. 35 **בָּקָרֶת**. Possibly the point refers to a various reading **בָּקָרֶת**, as in ver. 35. Hieron., *Quaest.*, ed. Lag., p. 30 (Appendix to the *Genesis Graece*), says: ‘Denique Hebraei quod sequitur et nesciuit cum dormisset cum ea et cum surrexisset ab eo adpungunt desuper quasi incredibile et quod rerum natura non capiat coire quempiam nescientem;’ cf. Strack, p. 88.

34. **מִמְחָרֶת**. The ending **תְּ**, in this word is quite unique, and apparently without analogy; cf. Stade, § 308 d; Ges., § 80. Rem. 2 b, classes it among nouns with the bare fem.

ending **תַ**, e.g. Canaanitish names of towns, cf. **בָּעֵלֶת אֲפָרָת**, the **הַמִּתְ**, and other names such as **תְּמִנְתָּ**, prob. abbreviated for **תְּמִנְתָּה**, also **נִחְלָתִי**, prob. for **תְּמִנְתָּה**; cf. Stade, l. c. Olshausen, *Grammar*, § 38 c, explains the form by contraction out of **כִּיאָחָרָת**. Another explanation (cf. Levy, *Chald. W. B.*, i. p. 330) is that it is contracted out of **יֹם אַחֲרָ**; cf. the Aramaic word **תְּרָא=יֻמְחָרָא**.

36. **מִאֲבִידָן**. **מִן** is used intentionally instead of **ל** (38, 18 b), on account of the etymology in ver. 37; cf. vers. 32, 34.

37. **מוֹאָב**. LXX add the explanation, *λέγουσα, Ἐκ τοῦ πατρός μου*, i.e. **מִאָב**, ‘from the father’ (like **קִין**, not a strict etymology): another explanation is that the word is compounded of **מֵי** for **מֵי** ‘water,’ in Aramaic (cf. Is. 25, 10, and the prop. name, **מֵה דָבָא**, Moab. Stone, l. 8=Biblical **מֵי דָבָא**, see Schlottmann, *Siegessäule Mesa's*, Halle, 1870, p. 41; and Ktb., Jer. 48, 21; Kri, (cf. 1 Chron. 6, 64), a town of the Levites, in the territory of Reuben, which afterwards belonged to Moab), and **אָבָ**, the meaning being then ‘*semen patris*’.

38. **בָּן־עֲמֵי**=**בָּן־עֲמֵי** ‘son of my people,’ after which the LXX insert, *λέγουσα, Υἱὸς γένους μου*. **עַמּוֹן**=‘belonging to the people’ (abs. then concrete) bears the same relation to **עַם** as **אָגָמָן** to **אָגָם** (Del.).

## 20.

1. **אָרֶץ הַנֶּגֶב**. ‘To the land of the south.’ **ה** locative and the construct state; cf. Ges., § 90. 2 a; Stade, § 342 d: so Ex. 4, 20; **בֵּיתָה יוֹסֵף** 17; **אָרֶץ מִצְרָיִם** 24; Deut. 4, 41; **מִזְרָחָה שָׁמֶשׁ**; other instances in Genesis are (?) 24, 67. 28, 2. 46, 1.

**גַּרְ**, probably three hours south-east of Gaza, where

Rowlands found ruins bearing the name Chirbet-el-Gerâr; on a broad and deep torrent, Gurf-el-Gerar, flowing from the south-east; cf. Del., p. 344; Di., p. 262.

2. אמרְ לִי = אל-שרה = 'concerning Sarah:' so ver. 13 32, 30; cf. Ob. 1, 1. Ps. 3, 3; see Ewald, § 217 c; Ges., § 154. 3 e.

3. 2. וְהוּא בָּעֵלֶת בָּעֵל 'she being married;' so Deut. 22, 22; cf. Is. 62, 5. אֲשֶׁר בָּעֵל בָּעֵל

4. 4. הַגּוֹרִי גַם צְדִיק = (צדיק) וְהִיא נִמְמָוֹס; cf. Ewald, § 354 a; Ges., § 155. 2 a: so ver. 5 וְאַחֲשֵׁךְ נִמְמָנִי, ver. 6 נִמְמָה הוּא.

5. 6. מְחֻטָּא for מהטה, written according to the sound. Cf. 2 Kings 13, 6; Jer. 32, 35. The Kri gives the ordinary form מהטה. Cf. Stade, § 143 e. 2, who regards it as a mistake, like יָצַתִּי for רָאָה for יָצַתִּי, both written according to their pronunciation. Ges., § 75. 21 c, takes התו as an instance of a verb לְאַתְּ following the form of a verb בטוח, which is hardly correct, as then the form would be לְאַתְּ.

6. לא נתתי לך = 'I did not allow thee' etc. 'To let,' or 'allow,' is always expressed thus in Heb.; so 31, 7; אליהם להרע; Judg. 1, 34; נִי לא נתנו לרדה; see Ges., § 142. 2. foot-note 1.

7. נְבִיא, as under God's protection; cf. Ps. 105, 15. נְבִיא possibly comes from a root נְבָא = 'to express,' 'announce' (so quite commonly in Assyrian). The original meaning of נְבִיא is active, not passive, 'the announcer, speaker,' i. e. of God, or of divine mysteries: the form being an intensive form of the part. act.; cf. the Arabic نَبِيٌّ or كَبِيٌّ, a noun of the form نَعِيلٌ, with an active meaning like the Heb. חֲסִיל. Cf. Wright, Arab. Gram., i. p. 151, and Fleischer in Del., Gen.<sup>4</sup>, p. 551. Bleek (*Einleitung*<sup>4</sup>, p. 306) thinks that נְבָא may be connected

with נֶבֶע = 'ebullire,' and so 'to pour forth words,' 'to speak,' נְבָא = 'speaker.' This however is doubtful, as נֶבֶע does not actually occur with the meaning 'gush up.' See a good note on נֶבֶע in Robertson Smith (*Prophets*, p. 389 f.).

**וְחִיה.** Cf. on 12, 2.

**וְאֵם אַינְךָ מַשְׁיב** 'And if thou art not going to restore;' the affirmative form would be אֵם יִשְׁךְ מַשְׁיב בּוֹ; cf. 43, 5 אֵם אַינְךָ מַשְׁלָח, neg.; and ver. 4 אֵם יִשְׁךְ מַשְׁלָח אַינְךָ מַשְׁלָח, affirmative. אֵין and שׁ are often used thus in hypothetical sentences.

**9. מְעוּשִׁים אֲשֶׁר לֹא יִعָשׂוּ** = 'deeds which ought not to be done;' cf. 4, 2 וְאַתָּה תִּמְשַׁל בּוֹ 'thou shouldest rule over him;' מה 34, 7 so it should not be done; Ex. 10, 26 וְכֹן לֹא יִעָשֶׂה 7 how we ought to serve; see Driver, § 39 a; M.R., 7. 2 b.

**10. מַה רָאִית?** 'what hadst thou in view?' in Ps. 66, 18 אָנוּ אֵם רָאִיתִי.

**11. כִּי אָמַרְתִּי?** supply from in ver. 10 'I did it) because I thought;' cf. 27, 20. 31, 31. Ex. 1, 19.

**רַק.** Knobel and Del. render (I) 'surely;' cf. Num. 20, 19 רַק לְשֻׁטָּף מִים רְבִים; (II) Di. prefers to translate 'only,' 'at least,' not considering the two passages above cited decisive.

**12. אֵין יְרָאת . . . וְהַרגְנָנוּ** 'There is no fear of God in this place, and they will kill me;' cf. 2 Sam. 14, 7 and they will quench; Gen. 34, 30 וְאַנְיִ מַתִּי כּוֹסְפָר וּנְאַסְפָּו עַלִי.

12. 'And she is also really my sister, the daughter of my father, only not the daughter of my mother, so she became my wife;' cf. on 12, 19. Such marriages, though prevalent among other nations, e. g. in Canaan, Assyria, Persia, Egypt, Arabia, were forbidden in the Levitical law, Lev. 18, 9. 11. 20, 17. Deut. 27, 22. From this passage it would seem that they were customary also among the Hebrews in pre-Mosaic times.

**13. הַתְּעֹרֶךְ אֱלֹהִים . . .** marked by the Massoretes קדש, to shew that the true God is meant, although the verb is plural; possibly the plural here is used because Abraham was conversing with a heathen. Cf. 35, 7, where probably the angels are included under אֱלֹהִים; see Ewald, § 318 a; Ges., § 146. 2. note. The Heb.-Samaritan text here, and 35, 7, read the singular. The later books of the Bible also avoid the plural; cf. Neh. 9, 18 with Ex. 32, 4.

**16. אֶלֶף כּׁסֶף** = ‘*a thousand shekels of silver.*’ לְקָשׁ omitted (cf. 8, 5) by Ges., § 120. 4, 2.

The thousand shekels of silver could hardly be the value of the presents given to Abraham, ver. 14, for such a valuation of these gifts is here quite out of place; besides the present here mentioned is given to Abraham for Sarah, and on account of the insult she had suffered; whilst the one in ver. 14 was for Abraham himself.

**הַוָּא** refers to the gift, not to Abraham; as in the latter case, no reason would be assigned for giving the thousand shekels.

**לְכָל אֲשֶׁר אַתָּךְ**. The simplest way of taking these words seems to be Dillmann’s. ‘*It is for thee, a covering of the eyes for all those who are with thee.*’ לְכָל, introducing those whose eyes are to be covered, and לְ being dat. comm. Del. renders, ‘*See, this may be unto thee a covering of the eyes (i.e. a propitiation which makes thee blind to what has happened, and this as though it had not happened; cf. 32, 21) to all who are in thy neighbourhood* (a propitiation, in regard to their mistress who had been insulted).’ The propitiation being made first to Sarah, and then to those who were with her. But this would rather require וְלְכָל, which LXX read καὶ πάσας. Knobel and Tuch adopt another rendering,

'With regard to all that which has befallen thee;' which is forced and unnatural.

**וְאַתָּה כָל וְאַתָּה אֶת** is separated from **אתך** by the accents, and connected with **ונכחת**. Render, 'And among all (or "in the judgment of all," cf. Is. 59, 12) so art thou justified.' **וְאַתָּה כָל** is taken by Tuch in close connection with **אתך**, 'for all which has happened (with) unto thee and (with) unto all.' But **וְאַתָּה כָל** can hardly mean this, and nothing had happened **אֶת כָל** 'with all.'

**וְנִכְחַת** probably ought to be pointed **וְנִכְחַת**, which is the usual form of the second pers. fem. perf. in a **ל** guttural verb, as the **ו** is difficult before anything but a second perf. To take the form **nicחת** as second perf., comparing **לִקְחַת**, 30, 15, is unsafe, as there is probably infinitive. Del. takes **nicחת** as participle fem. standing for **את**, and renders, 'and with all justified,' viz. 'thou standest justified.' The Mass. points seem to intend **nicחת** as perf. third pers. fem., which is pointed without shewa under the **ת**, to distinguish it from the second pers. fem. perf., which has shewa. The rendering would then be, 'And with regard to all—so it is settled;' but then the feminine would not be necessary.

**חֻכְמָה** = **חֻכְמָה** 'to procure right for any one,' so 'to justify, set right;' cf. Is. 11, 3. 4. **nicחת** may here be either pass. of **חֻכְמָה**, with an acc. of the thing, Job 13, 15. 19, 5 = 'to represent as right;' or passive of **ל**, **חֻכְמָה ל**, Job 16, 21 'to procure right for.' Ges. renders **וְנִכְחַת** 'and she stood reproved,' which is possible, but unsuitable, as Abimelech is not reproaching Sarah. It is possible that the sentence is corrupt.

**בְּנֵי שְׁפָטִיה** in 32, 21. Job 9, 24 **כְּפָר בְּנִים**; cf. **כְּסֹות עִנּוּם** **כְּפָר** **בְּנִים**; cf. **כְּסֹות עִנּוּם** in 32, 21. Job 9, 24 **כְּפָר** **בְּנִים**; cf. **כְּסֹות**, and **כְּסֹה**, Ps. 85, 3, of covering sin; **כְּסֹה**, Jer. 18, 23, of atoning, lit. covering, guilt; cf. also 1 Sam. 12, 3 **וְעַלְיִם** **עַנְיִן בָו** (if the Mass. text is correct here, but see LXX, and

Thenius in loc.). The rendering of בְּסָות by 'veil' is unsuitable, and not supported by 12, 14. 24, 16. 29, 16. 17, compared with 24, 65; as it is not certain from these passages that women wore veils first when they were engaged (Tuch). Besides, a thousand shekels would be rather a high price to give for a veil, about £100. LXX have ταῦτα ἔσται σοι εἰς τιμὴν τοῦ προσώπου σου, καὶ πάσας ταῖς μετὰ σοῦ, καὶ πάντα ἀλήθευσον: πάντα ἀλήθευσον being, perhaps, a guess on the part of the translator, who misunderstood the original. Onq. has: הִא הוּא לִי בְּסָות דִּיקָר חַלֵּף דְּשֶׁלֶχֶת דִּבְרַתִּיךְ וְחַיָּתְךָ וְיתָךְ 'Behold, it is unto thee for a covering of glory, because I sent (and) took thee, and saw thee, and all that is with thee, and concerning all that thou hast spoken, thou hast proved thyself right.' The Syriac has: مَلِكَ مُحَمَّدَ اَنْذَلَهُ ظَاهِرَةً لِلْمَسْكَنَةِ اَنْذَلَهُ مِنْهُ يَمِيَّزُ كُلَّهُ مُكْلِفٌ ؟ مُعَذَّبَانِ خَتَّلَهُ ؟ مُكْسَهُ مَكَّلَهُ بَعْدَهُ مَلِكٌ 'Behold, I give a thousand of silver to thy brother, and behold it is also given to thee, because thou hast covered the eyes of all those who are with me, and concerning everything, thou hast reproved me.' Vulg. 'Ecce mille argenteos dedi fratri tuo; hoc erit tibi in velamen oculorum ad omnes qui tecum sunt, et quo cumque perrexeris: mementoque te deprehensam.'

וְאַמְתָּיו ١٧. שֶׁפְחָה possibly = 'concubines;' then being maid-servants.'

**יָלְדוּ** = *'they bare,'* masc. for fem.; cf. 30, 39; or as **יָלֵד** is also used of the male, e. g. Zech. 13, 3. Hos. 9, 16 *'they begat,'* Abimelech being included in the subject.

21.

1. פְּקָד . P uses זָכֵר , not פְּקָד ; so 8, 1. 19, 29.
  2. זָקָנִי = 'old age.' So—always in the plural—חַיִם

‘life;’ ‘youth’ (all nouns denoting space of time); cf. שָׁמִים, nouns denoting extension of space; see Ges., § 108. 2 a; Ewald, § 179 a; cf. § 178 a, b; Stade, § 324 b.

3. **הַנּוֹלֶד־לוֹ.** Participle Nif. of **ילָד**, with the qameç shortened into pathach, on account of the following maqqef. Others take it as perf. Nif. with the article נֹלֵד = **הַנּוֹלֶד**; cf. on 18, 21.

**רִצְחָק.** Other nouns (mostly proper names) formed after the analogy of the imperfect Qal are יִדְלָפַ, יַעֲקֹב, 22, 22, יִהְוָה = יְהָוָה, according to the pointing usually adopted by modern scholars (see App. II). יִשְׂמָה and יִקְיָם (in בֵּית הַיְשִׁמּוֹת) are abstract nouns of this form; cf. also יִזְנָה = ‘*a dove*,’ יִחְמֹאָר = ‘*a stag*;’ see Stade, § 259 a.

5. **בְּהַלְּדָלְדָלְ לֹזֶ.** On the construction, cf. on 4, 18. בְּהַלְּדָלְדָלְ is accented on the penult. to avoid the concurrence of two tone-syllables, this shortens the tsere in the last syllable into seghol; see Ges., § 29. 3 b; cf. on 4, 17. Two tone-syllables may however come together, if the first word is separated from the second, by a distinctive accent.

6. ‘*And Sarah said, Laughter hath God prepared for me, every one who hears will laugh at me.*’

**לִי רִצְחָק צָחַק.** with ל = ‘to laugh at’ (as is clearly shown by Job 5, 22. 39, 7. 18. 22. Ps. 59, 9), here rather in astonishment than in derision. A.V. ‘will laugh with me;’ so VSS., but incorrectly.

**רִצְחָק,** with shewa resolved into hataeph pathach; so even where no guttural follows, as Jer. 22, 15 **הַחֲטֹאָה**; Gen. 2, 12. 23.

7. **מַי מָלֵל וְגֹוּ?** Render, ‘Who could have said to Abraham?’ ‘The perfect is used in questions to express astonish-

ment at what appears to the speaker in the highest degree improbable,' Driver, § 19; cf. 1 Sam. 26, 9 . . . ; מִי שָׁלַח . . . וְנִקֵּה . . . ; Num. 23, 12; Gen. 18, 12; see also Ges., § 126. 5 a; M. R., § 3. 2. note a. LXX have ἀναγγελεῖ, 'who shall say.' Tuch renders, 'who says,' which would rather be יְמִילֶל or יְמִילָּה, admitting, however, that the perfect in interrogative sentences usually refers to a past act.

**מָלֵל** is only found in Hebrew three times again, viz. in Ps. 106, 2. Job 8, 2 and 33, 3. It is a common word in Aramaic for the Heb. בְּגָר.

**הַנִּיקָה** בְּנִים 'Sarah will suckle children:' is prophetic perfect, Driver, § 14; Ges., § 126. 4; M. R., § 3. 1 b; cf. Num. 24, 13; Is. 5, 13; Jer. 2, 26; כָּן הַוֹּבֵשׂ בֵּית יִשְׂרָאֵל and often.

**כִּי יִצְאֵוּ אֲנָשִׁים . . . בְּנִים** is generic plural, as in Ex. 21, 22 . . . כִּי בָּאוּ בְּנִים וְנוּ' ; Is. 37, 3. וַיַּעֲזֹאֵוּ יְלִדָּה

8. **וַיּוּגַם לָ**, pausal form, Ges., § 51. Rem. 2; Stade, § 504 b, who gives other instances, viz. וַיִּתְּנַפֵּשׁ, וַיִּתְּאַמֵּר, וַיִּתְּאַנְשֵׁה, and others.

9. **מִצְחָק**. So Baer and Delitzsch, who compare Ex. 32, 6, לִצְחָק, Deut. 32, 11, יִרְחָף, where the ordinary editions point (as they do here) with tsere; see Stade, § 88. 3 a. מצח (LXX παιζοντα, with the gloss μετὰ Ἰσαὰκ τοῦ νιοῦ αὐτῆς; so Vulg. 'ludentem cum Isaac filio suo') = 'playing, sporting;' cf. Ex. 32, 6. Judg. 16, 25: צח in the Pi'el being always used in a good sense. A.V. here and 39, 14 render קָח by 'to mock;' so Kimchi and some moderns, e. g. Baumgarten, Keil. Cf. Gal. 4, 29, where the apostle speaks of Isaac and Ishmael, ὁ κατὰ σάρκα γεννηθεὶς ἐδίωκε τὸν κατὰ πνεῦμα.

11. **עַל אָוֶת** = lit. 'on account of the circumstances,' then simply, 'on account of;' 'a rare and antiquated form of expression' (Di.).

12. **וַיִּקְרָא** **לְךָ**; cf. 48, 16. Render, ‘*In (or through) Isaac will a seed be called for thee*,’ i.e. ‘in the line of Isaac will those descendants from thee come, who shall bear thy name, and as such be heirs of the divine promise, viz. the Israelites, who were the offspring of Abraham, chosen by God,’ Kn. in Dillmann; cf. Rom. 9, 7. Heb. 11, 18; see also 17, 21.

13. Construction as in 47, 21. 13, 15; cf. note on 13, 15, also Ges., § 145. 2.

14. **וְחִמְתָּ מֵימֶנִּים**. **חִמְתָּ**, cstr. state of **חִמְתָּה**, a word which only occurs in this chapter, perhaps so pointed (Tuch) to distinguish it from **חִמְתָּה** ‘anger.’

**שָׁם** is perfect, ‘*he placed it*,’ i.e. the skin of water. The clause is a circumstantial clause, appended without any connecting particle; cf. 44, 12; 48, 14 **הַחֲלָל**; 48, 14 **שְׁכָל**; Judg. 6, 19 **שָׁם**; Driver, § 163; Ewald, § 346 a; M. R., § 153.

**וְאַתָּ הַיְלֹד** is acc. after **וַיִּתְן**, not **שָׁם**, which at any rate would not suit the present narrative. LXX seem to have read **וְיִשְׂמַח עַל שְׁכָמָה אֶת הַיְלֹד**, *kai ἐπέθηκεν ἐπὶ τὸν ὀμον αὐτῆς τὸ παιδίον*, but badly, as Ishmael, cf. 17, 25, would be about fourteen years old. Vulg. better, ‘*tollens panem et utrem aquae, imposuit scapulae ejus, tradiditque puerum*.’

**וְתִתְחַתָּ** is imperf. Qal apoc. from **תִּתְחַתָּה** = **תִּתְחַתָּה**, then with a helping vowel **תִּתְחַתָּ**, and lengthening hireq into tsere, **תִּתְחַתָּ**; cf. Ges., § 75. Rem. 3; Driver, p. 60. foot-note 2 (where the analogy between the apocopated forms of verbs **לְהַ** and the segholate nouns is noticed); Stade, § 545 d; cf. § 489 b.

**בָּمִדְבָּר בָּאָר שְׁבֻעָה**, i.e. the southern frontier of Canaan.

16. **לְהָ** is ethic dative; common with verbs of motion, esp. in the imperative; cf. **לְךָ**, 12, 1. 22, 2; **לְכוּ לְכֶם**, Josh. 22, 4; see M. R., § 51. 3. Rem. a. 3; Ewald, § 315 a.

"הַרְחָק וּגֹר" = 'about a bow-shot off,' lit. 'distant like the shooters with the bow.' הרחק is inf. abs. = 'making far;' cf. Ex. 33, 7. Josh. 3, 16; see Ewald, § 280 a; used here as an adverb (Ges., § 100. 2 d) = 'at a distance.'

**מִתְחָווִי** is participle plural, cstr. state, Pilel from טחה; cf. Ges., § 75. Rem. 18; Stade, § 155 b; also § 279, the word only occurs here.

**אָרָא בְּמִזְוֹת** with ב, as in 44, 34; see Ges., § 154. 3 a. ad fin.

**בְּמִקְוֹם אָשֶׁר = בְּאָשֶׁר הוּא** 17. 2 Sam. 15, 21. Jer. 22, 12, and often.

**הַחֲזִיקֵי אֶת יָדֶךָ בָּרוּךְ בָּו** 18. lit. = 'make fast thy hand on him,' i.e. 'take hold of him,' which is more commonly expressed without ב, יָד. הַחֲזִיקָה בָּרוּךְ בָּו

**בָּאָר מִים** 19. 'a spring of water.' = בָּאָר 'a spring,' 'a cistern for rain-water.'

**וְתַשְּׁקָה** is apoc. imperf. Hif'. of שקה, without a helping vowel; cf. on ver. 15: so וְתַבְּנָה, ver. 16, apoc. imperf. Qal of בְּנָה.

**וַיְהִי רַבָּה קָשָׁת** 20. Three renderings are given: (I) 'And he became, as he grew up, an archer;' cf. Job 39, 4 וַיְהִי כַּמָּו רַבָּו (N. B. רבָה = 'to become great,' 'gross werden;') so Hieron., which is not necessarily excluded by וַיְגַדֵּל. (II) Del. renders, 'And he became a shooter, (viz.) a bow-man,' קָשָׁת being a closer definition of רבָה, and רבָה = רבָה (cf. 49, 23) and רַמָּה (cf. Jer. 4, 29. Ps. 78, 9); cf. 1 Kings 1, 1; see Ges., § 113. (III) 'And he was growing up an archer,' i.e. became every day a more skilful bow-man; cf. on 4, 17, which perhaps is not quite so natural as I or II. LXX render ἐγένετο δὲ τοξότης, but whether they read the text

רְבָה קָשַׁת or רְבָה, passing over קָשַׁת, is quite uncertain. The Vulg. takes רְבָה=‘*juvenis*, ‘*factusque est juvenis sagittarius*.’ Onq. has וַיְהִי רְבִיא קָשְׁתָא, which probably ought to be rendered, ‘*And the youth became an archer*’ (רְבִיא being Onqelos’ translation of הַלֵּד *the youth* or הַנֶּעֶר *in vers. 8, 14, 15, 16, 17*); cf. Levy, *Chald. W. B.*, ii. pp. 395, 400. Di. adopts the reading of Kn. תְּבִיה קָשַׁת ‘*a shooter of the bow*, ‘*a bow-man*;’ cf. the rendering of the LXX: but there seems to be no real reason for altering the text. A passage somewhat similar to this is 1 Kings 5, 29 נְשָׂא סְבֵל. The Itureans and Kedarenes, both descendants of Ishmael, cf. 25, 13. 15, were celebrated as bow-men; cf. Is. 21, 17.

**21. בָּמִדְבָּר פָּארָן.** The desert-plateau lying between the Sinaitic peninsula, Idumea, and Canaan, bounded on the south by Gebel-el-Fêh, west and north-west by Shur, north by the wilderness of Sin, on the east by the Arâbah and the Elanitic Gulf.

## 22-34.

**22.** LXX have here and ver. 32, καὶ Ὁχοζάθ ὁ νυμφαγωγὸς αὐτοῦ, probably a gloss which has crept in from 26, 26.

**23.** ‘*And now swear unto me by God here, that thou wilt not lie unto me or my offspring or offshoot.*’

הַנָּה is not ‘*these things*,’ but ‘*here*;’ cf. 15, 16: properly ‘*hither*’ (German, *hier*, *hierher*).

**24. וְלֹנְנִי וְלֹנְכָדִי**, only Job 18, 19. Is. 14, 22: notice the alliteration, and cf. on 18, 27. The two words always stand together=‘*proles et soboles*.’

**25. וְהַוְכָחָה.** Di. explains this on the ground that this conversation took place before the actual swearing, but one does not quite see why the writer should have used a perfect

with waw (apparently weak waw, as waw consecutive seems quite out of place here) to express this, and not the perfect separated from the waw by some intervening word; Driver, § 76. Obs. The perfect here seems to be the same as וְהִאמֵּן in 15, 6; cf. the note there.

**בָּאָרֶת הַמִּים**, on the article, cf. on 16, 7.

26. וְגַם . . . לֹא . . . וְגַם . . . לֹא = *neither . . . nor;* cf. Num. 23, 25 נִמְ קָבָל אֲתָקְבָנָנוּ גַם בְּرַךְ לֹא תִּבְרַכְנוּ.

29. **לְבִדְנָה** (for the form **לְבִדְנָה** = **לְבִדְנָה**; cf. the rare forms **בִּלְנָה**, 42, 36; Prov. 31, 29, and **בִּלְנָה** I Kings 7, 37; **הַנָּה**, which as a separate pronoun is pointed **הַנָּה**, being affixed; cf. Ges., § 91. 1. Rem. 2; Stade, § 352 b.

30. **הַנָּה**, not ‘here,’ but as in 25, 16. Zech. 1, 9. 4, 5; cf. Driver, § 201. 3; Ges., § 121. 2, where the pronoun is described as a sort of substitute for the copula.

30. **כִּי** **אַתָּה שְׁבֻעַ**. **כִּי**, like the *στι* *recitantis* in Greek, introduces the words of the speaker.

**כְּבָשָׂות לְיִלְעָדָה**. **תְּהִיָּה** does not refer to, but to the whole transaction, ‘it shall be for a witness;’ cf. Job 4, 5. Mic. 1, 9.

The number seven had for the ancients a special significance as the sacred number; cf. Ex. 37, 23. Lev. 4, 6; so solemn oaths were attested, either by the presence of seven witnesses (Her. iii. 8) or by the slaughter of seven animals, as here; cf. the word **נִשְׁבַּע**, ‘to swear,’ probably a denom. from **שְׁבַע** ‘seven’ = ‘to use or call seven’ (*sich besiebenen*), so the name **שְׁבַע** may mean ‘well of seven,’ or ‘well of an oath,’ **שְׁבַע** = **שְׁבֻעָה**; cf. the proper names **יְהוָשֻׁבָע**, **אַלְישֻׁבָע**.

**بَيْر السَّبْع** (Bir-es-Seba') is the modern Bir-es-Seba', twelve hours distant from Hebron. Ruins are still to be seen

there, in the neighbourhood of which are two cisterns of excellent water.

33. **אַשְׁלֵנָה**=‘tamarisk,’ Arab. **أَشْلَنْ**. The renderings of the VSS., LXX *ἀροντα*, Aq. *δευδρών*, Sym. *φυτεία*, Onq. **נִצְבָּא**, were perhaps intentionally adopted for the same reason as **מִישָׁרָא** in 12, 6 for **אַלְוָן**; see the note there, ad fin.

## 22.

2. **אַתְּ יְהִידָךְ** ‘thine only one.’ LXX *τὸν ἀγαπητόν*; cf. Prov. 4, 3, LXX. According to Frankel, *Einfluss*, p. 7, the rendering of the LXX was intentional, as Abraham had another son Ishmael. Isaac is called a **בֶּן יְהִידָךְ**, as the son of Abraham by his own wife Sarah, not as the only remaining son after Ishmael was sent away; all through the narrative Isaac and Ishmael are regarded by the writer as standing in a different relation to Abraham; cf. chap. 21 with chap. 16.

**אָרֶץ הַמְרִירָה**. ‘*To the district of Moriah;*’ cf. Num. 32, 1. Josh. 8, 1. 10, 41, where **אָרֶץ** occurs again in the sense of ‘district.’ **מְרִירָה** with the article (*cf. העי ‘Ai,’ הירדן ‘Jordan,’ הלבנון ‘Lebanon’*) is the name of the hill on which in later times the temple stood, 2 Chron. 3, 1. Jos., *Ant.*, i. 13. 1 f. This is the view usually adopted by modern expositors, as Del., Di., but is not without difficulties; Moriah was the later name for the Temple hill; the common name in use at an earlier period being Sion, and the whole district around the hill being called ‘the district of Moriah,’ would presuppose that it was a well-known name. Tuch prefers the view that here=the **מֹרֶה** in 12, 6, near Shechem, called Judg. 7, 1, **גָּבֻעַ הַמֹּרֶה**, on the ground of the LXX reading *εἰς τὴν γῆν τὴν ἴψηλήν*, and in 12, 6 *τὴν δρῦν τὴν ἴψηλήν*. But this Moreh was a place of no significance in the history

of Israel, and too far from Beersheba to be reached in three days. Further, no great stress can be laid on the reading of the LXX either here or in 12, 6, their translation being probably a mere guess, as it can hardly be a rendering of the Hebrew text. The VSS. render variously, and throw no light on the question. Vulg. has ‘*terram visionis.*’ Onq. לְאָרֶץ פּוֹלְחָנָא ‘*land of worship.*’ Syr. אַרְצֵה אֲמֹרִי = לְעָמָדָה וְכֵן, cf. their rendering of 2 Chron. 3, 1, ‘*land of the Amorites;*’ also Geiger, *Urschrift*, p. 278.

**הַמְרִירָה.** The derivation is unknown, but seems to have been connected by a *play* with רָאָה; cf. vers. 8 and 14. For derivations of the word that have been suggested, cf. Ges., *Thes.*, p. 819, also a note by Prof. Cheyne in the American Journal, *Hebraica*, April, 1885, p. 252. It cannot mean ‘*shown of Jah*,’ which would be מִרְאֵתָיה (cf. בְּמִיעָשָׂה).

4. **בַּיּוֹם הַשְׁלִישִׁי** is connected by the LXX with וַיַּלֵּךְ in ver. 3, but incorrectly.

**וַיֵּשֶׁן** is the imperf. with waw consec. after a time determination; cf. on 19, 15.

5. **נָלַכָּה.** Cohortative, expressing the intention more strongly than the simple imperf.; cf. Driver, § 49 a.

**כִּה** has here a local force, as Gen. 31, 37 (rare).

7. **הַגִּנְעָנִי**, also pointed הַגִּנְעֵנִי, and in pause הַגִּנְעָנִי; cf. Dav., § 49; Ges., § 100. 5; Stade, § 380. The suffix is a verbal suffix here with the nun demonstrative; cf. Stade, § 359 b. 4.

8. **אֱלֹהִים יְרָאָה לוֹ** = ‘*God will provide him*’ etc.; cf. 17, 2, כִּי רָאִיתִי בְּבָנָיו לִי וְוַעֲתָה יְרָא פְּרֻעָה 1, 33; 1 Sam. 16, 1; וְעַתָּה יְרָא פְּרֻעָה 1, 41. رָאוּ נָא לִי אִישׁ.

12. ‘*And He said, Stretch not forth thine hand to the boy, and do not do anything to him; for now I know that thou art*

a fearer of God (cf. note on 4, 14); for thou hast not withheld thy son, thine only one, from me.'

**וְלֹא חַשְׁכָת** is almost = **כִּי לֹא** **חַשְׁכָת**, which would be more emphatic: **וְ** here expresses a consequence; see M.R., § 148 c; cf. its use in the waw conv. in 20, 12, 'and so she became my wife;' 23, 20; Driver, § 74.

**מֵאוֹמָה** from **מָאוֹם** 'a spot,' 'a dot,' then 'anything'; cf. the French *point*.

13. **אֶחָד**. Sam., LXX, Targums, Pesh., forty-two Codices (Tuch and Wright) read **אֶחָד**, i.e. 'a single ram,' rams in ordinary cases going about in flocks (Tuch), which is preferred by some, e.g. Ewald, but which is not so probable, for **אֶחָד** looks like an emendation of **אֶחָר**, and **אֶחָר** explains how it was that Abraham did not see the ram before. Geiger, *Urschrift*, p. 244, reads **אֶחָר**, regarding Isaac as the one lamb (das Opferlamm), and the ram caught in the thicket as '*the other*:' and thinks, that as this view was objectionable, the reading was corrected into **אֶחָד**, which was again changed into **אֶחָר**. This however is improbable. **אֶחָר** is not *temporal*, but *local* = 'behind;' cf. Ps. 68, 26; so **תְּחִתָּה**, as an adv., 49, 25, and a prep.: **לְ**, as an adv., 2 Sam. 23, 1, and a prep.

**נִצְחָן**. Perf., so Baer and Del., 'it was caught;' another reading is **נִצְחָן**, participle, 'caught;' so Theile.

**בְּסֻבָּק**. So Baer and Del.; cf. **זִיהָב**, 2, 12. Ordinary editions point **בְּסֻבָּק**. Render, 'In a thicket.'

14. **יְהֹוָה יָרָא** = 'Yahweh sees,' i.e. 'provides;' cf. ver. 8; so LXX, **Kύπιος εἰδειν**.

"**אֲשֶׁר וְגֹרֶ**. 'So that (cf. 13, 16) it is said (i. e. "people are in the habit of saying"), In the mountain of the Lord provision shall be made.'

**יראה**, = 'provision shall be made,' suits the context best; although the Nif'al has not elsewhere this meaning. Some render, 'On the mountain of Yahweh He (Yahweh) appears;' but this is very awkward, and the point to be explained is not so much Yahweh's appearance (there was no real vision, only a voice from heaven) as the providing of a substitute, ver. 8. Di. renders according to Ewald (§ 332 d), 'On the mountain where Yahweh is seen,' lit. 'On the mountain of Yahweh's appearing;' cf. Hos. 1, 2. Ps. 4, 8, which however gives no suitable sense; as one cannot regard it as a proverb to say, 'On the mountain where Yahweh appeared,' we should rather expect **הר יי' יראה** 'the mountain where Yahweh appeared:' in either case the sentence is very incomplete. The sense 'provision shall be made' seems least objectionable; as the Qal clearly means 'to provide,' the Nif'al may be regarded as its passive, though no other instance of this use can be cited. The LXX, ἐν τῷ ὅρει Κύριος ἀφθη, would require בְּהָר יְהוָה יִרְאָה בָּהּ. The text would be easier of explanation if יִרְאָה at the end of the verse were pointed יִרְאָה; so Vulgate.

16. **כִּי** introduces the contents of the oath; cf. 2 Sam. 3, 35. Jer. 22, 24.

17. **וַיַּרְשֵׁ**. The imperf. with simple waw used as a jussive, 'And may thy seed possess the gate of thy enemies;' cf. 27, 29. 9, 27. 17, 2; Driver, § 134: the ordinary construction would be the perfect with waw consec. **וַיַּרְשֵׁ**; cf. ver. 18, here possibly the imperf. with simple waw was chosen intentionally. **וַיַּרְשֵׁ** would = 'and thy seed shall,' in continuation of **אֶרְבָּה**.

20-24. A short notice of the families of Abraham's relatives in Mesopotamia, Nahor and Bethuel. It is probably inserted here, as Ribqah, Isaac's wife, was the daughter of Bethuel,

Nahor's son, Ribqah being specially noticed in ver. 23. The families here mentioned can only be partially identified.

21. **עוֹז**. Cf. 10, 23, probably to be taken in a more limited sense here (Di.).

**בוֹ** is mentioned in Jer. 25, 23, together with Dedân and Têma, and so must be sought for in the neighbourhood of Edom. Elihu, Job's fourth adversary, was a Buzite, Job 32, 2. Del., *Par.*, p. 307, compares the land *Bâzu* mentioned in Asarhaddon's inscriptions.

**קְמוֹאֵל אָבִי אֶרְם**. **קְמוֹאֵל** is otherwise unknown. In 10, 22 **אֶרְם** is the son of Shem. Perhaps **אֶרְם** here, as Di. suggests, was the name of a single people, **אֶרְם** in 10, 22 being the name of a nation in a wider sense.

22. **כָּשָׂד**. It is uncertain whether **כָּשָׂד** is to be considered as the ancestor of the whole family of the **כָּשָׂדִים**, or of one tribe of the same, perhaps those who robbed Job of his camels, Job 1, 17 (Kn.).

**חָזוֹ** is very uncertain; the Arab geographers (cf. Di., p. 278) mention a **خَزَّة** in Mesopotamia, between Nisibis and Râs 'Ain. An Assyrian *Chazu* is found on the inscriptions (cf. Del., *Par.*, p. 306 f.), but its position is uncertain.

**בְּתוֹאֵל פָּלְדָּשׁ** is unknown; **יַדְלָתָ** is also unknown; **בְּתוֹאֵל** is unknown as the name of a place; in 25, 20. 28, 5 it is the proper name of a person.

24. **וּפִילְגְּשׁוֹ**, *casus pendens*, the narrative being resumed by waw conv., 'And his concubine, whose name was *R'uma*, she bare;' cf. 30, 30. Is. 44, 12. Jer. 6, 19. Job 36, 7; Ewald, § 334 b; Driver, § 127 a; M. R., § 132 c.

**פִּילְגְּשׁוֹ**. **פִּילְגְּשׁוֹ**, also **פִּלְגְּשָׁתָ**, perhaps from **פְּלִגָּגָת** 'to divide;' the concubine dividing the married pair; for the **שׁ** added, cf.

the word חֶרְמֵשׁ from חֶרְם: the word has passed over from the Semitic into Greek and Latin, πάλλαξ, *pellex*.

**מעכה** תַּחַט, גַּחַב, טַבָּה are all equally unknown; a town and district at the foot of mount Hermon, not far from Geshur; cf. Deut. 3, 14. Josh. 12, 5. 2 Sam. 10, 6.

## 23.

1. **שְׁנִי חַי פ'** is only found (in the Pent.) in P; so 25, 7. 47, 9. 28.

2. **קריות ארבע**. ‘*Arba city*,’ so called perhaps from Arba, one of the giants who formed the original inhabitants of the land; cf. Josh. 14, 15. 15, 13. 21, 11. Others (Ewald, etc.) explain it as=‘*Four town*,’ which is improbable, and contrary to Josh. 14, 15. 15, 13. In ver. 19 Mamre is identified with Hebron, and in 35, 27 the town is thrice named, Mamre, Kiryath Arba, and Hebron; so that Mamre was either another name of Hebron, or must have formed a portion of it, or have belonged to it. The LXX have an addition in their text, ἦ ἐστιν ἐν τῷ κοιλώματι, perhaps a marginal gloss, occasioned by 37, 14. The Sam. also insert עַמְקָה אל אַרְבָּע between הַוָּא and אַרְבָּע.

**לְבָכְתָה**, with כֹּפֶר וְעִירָא, ‘*small Caph*:’ there seems to be no reason for כ being written smaller than the other letters here, see another instance 2, 4, and the note there; cf. Strack, *Proleg.*, p. 92, who does not, however, mention this passage or 2, 4.

3. ‘*his dead*:’ of common gender here, as in Lev. 21, 11. Num. 6, 6; contrast Zech. 11, 9 ‘*the dying one*.’ The distinction of gender in the case of a dead person being less regarded than in that of a living person (Del.); cf. Ges., § 107. 1. note; M. R., § 62.

**אל בני חת** is only found in P: in 14, 13 they are called Amorites, and in Judg. 1, 10 Canaanites.

4. Family graves were not uncommon among the people of high rank; cf. Judg. 8, 32. 2 Sam. 2, 32. 1 Kings 13, 30, and Is. 22, 16, where Shebna the scribe hews out of the rock a sepulchre for himself.

**התושב** is characteristic of P.

6. As **לאמך לו** is a very unusual phrase (לאמך אליהם) is found once, Lev. 11, 1), Hitzig's conjecture **לו שמענו**—which is adopted by most commentators, and brings the text here in accordance with ver. 13—seems preferable. So in ver. 15 we must read **לו אדרוני** **לו** then, here and ver. 13, will be followed by the imperative (cf. 17, 18 with the imperf.; 30, 34 with the jussive); cf. Ges., § 136. 2, 'Pray hear us.' 'In accordance with the politeness which both parties endeavour to shew (Di.).' LXX and Sam. understand **לו** as = **לא**; then the text ought to be inverted, as in ver. 11.

**נשׁיא אלֹהִים** = 'a prince of God,' i. e. belonging to God, under God's protection, and blessed by Him, or 'a mighty prince,' cf. Ps. 36, 7. 80, 11.

**במבחר קברינו**, lit. = 'in the choice of our sepulchres,' i. e. 'in our choicest sepulchre,' cf. Is. 22, 7. מבחר עמקיך **ל'** following the conjugation of a verb **ל'**; cf. Ges., § 75. Rem. 21 c; Stade, § 143 e, note 1 a.

**מילדת מתק**; cf. on 16, 2.

8. **אם יש את נפשכם**, lit. = 'if it is with your soul,' i. e. 'if it be your intention;' cf. 2 Kings 10, 15. Job 10, 13. 23, 14.

9. **המְכַפֵּלה**. LXX, τὸ σπήλαιον τὸ διπλοῦν, Vulg. ‘*speluncam duplarem*,’ i.e. a cave with two entrances or two compartments, from the root בָּפְלָל; but—as may be seen from vers. 17. 19 and 49, 30—**המְכַפֵּלה**—is a proper name.

**בְּכֹסֶף מְלָא** = ‘*for full money*,’ i.e. for its full value in money; cf. 1 Chron. 21, 22 . . . **בְּכֹסֶף מְלָא** . . . **לֹא כִּי קָנָה אֲקָנָה בְּכֹסֶף מְלָא**.

10. **לְכָל בְּאֵי שַׁעַר וְגוּ**. Cf. on 9, 10 and Ewald, § 310 a. **בְּאִים וּוֹצָאים** is the shorter form for **בְּאֵי וּנוּ**. Render, ‘*With regard to all those entering the gate of his city*,’ i.e. ‘*his fellow-citizens*.’

11. **לֹא אָדָנִי שְׁמֻעָנִי**. ‘*Nay, my lord, hear me*.’ Hitzig and Maurer read **לֹא** as **לֹא=לוֹא**; cf. vers. 13. 15, and see 1 Sam. 14, 30. 2 Sam. 18, 12, which is unnecessary, as **לֹא** suits the context better, Ephron refusing at first to receive anything for the field till Abraham presses it upon him. The same politeness and apparent unwillingness to sell anything, but rather to give it, still prevails in the east; cf. Del., *Com.*, 4th ed., p. 553.

**נְתַתִּי** is perfect of certitude, often used in contracts or promises; cf. Ruth 4, 3 ‘*מִכְרָה נָעֵמִי* is selling,’ 1 Kings 3, 13 ‘*בְּנֵדֶבֶר*’ ; **גַם אֲשֶׁר לֹא שָׁאַלְתִּי נְתַתִּי** 13; Is. 43, 20 ‘*בְּנֵדֶבֶר*’ ; cf. Driver, § 13; M. R., § 3. 1 a; Dav., § 46. 2. 3.

13. ‘*And he spake unto Ephron in the ears of the people of the land, saying, If only thou—pray hear me—I give the money for the field, take it from me, that I may bury my dead there.*’ The optative sentence beginning with **אִם** is broken off, and continued with **לֹן** and the imperative. Olshausen supposes that some words have dropped out of the text after **אַתָּה**. Hitzig ingeniously renders **אִם לְתַתִּה** **אַתָּה**, as perfect Qal of ‘*if thou art willing*,’ which is quite suitable; but the Qal of

**את** occurs nowhere else, the verb being only found in the Nif'al; cf. 34, 15. LXX have ἐπειδὴ πρὸς ἐμοῦ εἰ, i. e. probably לְ for לִ; comp. 29, 34. 31, 5 (Driver).

15. Cf. on ver. 6. The LXX and Sam. have also read נָל here.

16.  **עבר לסהר.** ‘*Current with the merchants;*’ the art. is according to Ges., § 109. 1; M. R., § 68; cf. the shorter phrase in 2 Kings 12, 5 כֹּסֶף עַבְר ‘*current money,*’ i.e. such as the merchants would accept. ‘People had at that time no coins stamped by the State, but only bits of metal—which came into use through the requirements of trade—of a fixed weight, and possibly with the weight marked on them; these pieces were weighed to avoid any fraud,’ Knobel, cited by Di., p. 281.

17.  **יְקֻם.** ‘*So the field was ensured to Abraham;*’ cf. Driver, § 74 a; M. R., § 18. Rem. a. קומ in this sense occurs again in Lev. 25, 30. 27, 14. 17. 19. This use of קומ is peculiar to P.

**לפני מمرا** = **על פנֵי** ‘*before,*’ i.e. ‘*east of;*’ so in ver. 19; cf. 16, 12.

18.  **בְּכָל בַּאי וְגֹר.** ב corresponds to ל in ver. 10; it is distributive here, as in 7, 21, which compare.

19.  **שָׂדָה הַמִּכְפֶּלה.** מכפלة is only found in P; so again 25, 9. 49, 30. 50, 13.

**מִמְרָא הֽוּא חֶבְרוֹן.** Observe that P never mentions the אַלְנוּי מִמְרָא (13, 18. 14, 13. 18, 1), but calls the place מִמְרָא; so 25, 9. 35, 27. 49, 30. 50, 13.

## 24.

2.  **זָקֵן בֵּיתו.** = **זָקֵן בֵּיתו.** ‘*the old one of his house,*’ i.e. ‘*the oldest;*’ so 42, 13 הַקָּטָן ‘*the young one,*’ i.e. ‘*the youngest one;*’ 2 Chron. 21, 17 קָטָן בְּנֵיו ‘*his youngest son;*’ cf. M. R.,

§ 81 b; Ges., § 119. 2. Probably Eliezer is the servant here intended. The Targ. Ps.-Jon. mentions him here expressly by name. Each large household had a servant of this sort; cf. Joseph in 39, 4. 22, also 43, 16. 44, אֲשֶׁר I עַל בַּיִתוֹ. At a later period the office was one of the important posts at court; cf. 1 Kings 4, 6. Is. 22, 15.

**נָא יָדְךָ תַחַת יָדֵיכִי** = ‘place thy hand under my thigh,’ i.e. swear to me; cf. 47, 29, which is the only other passage where this mode of swearing is mentioned. Some (Tuch, Del.) see a reference to circumcision in these words. Others (Di.) explain—from 46, 25. Ex. 1, 5. Judg. 8, 30—the words symbolically, as invoking his descendants to maintain the oath and avenge any infraction of it; cf. Di., p. 284, who cites an instance of a similar form of oath among the Bedouins in Egypt; also the following extract from the *Journals of Expeditions in North-west and West Australia*, by George Grey, vol. ii, p. 342, London, 1841: ‘Genesis, chap. 24, ver. 9,’ after quoting the verse from the A.V. the writer continues, ‘this is exactly the form that is observed in south-western Australia, when the natives swear amity to one another, or pledge themselves to aid one another in avenging a death. One native remains seated on the ground with his heels tucked under him in the eastern manner; the one who is about to narrate a death to him approaches slowly and with averted face, and seats himself cross-legged upon the thighs of the other; they are thus placed thigh to thigh, and squeezing their bodies together they place breast to breast—both then avert their faces, their eyes frequently fill with tears—no single word is spoken, and the one who is seated uppermost places his hands under the thighs of his friend; having remained thus seated for a minute or two, he rises up and withdraws to a little distance without speaking, but an

inviolate pledge to avenge the death has by this ceremony passed between the two<sup>1</sup>? Ibn Ezra in his commentary on the passage has the following: **יש שם נא ירך تحت ירכיו.** אמר רמו למלילה ואילו היה כן היה נשבע בברית המילה לא בשם והקרוב אליו שהיה מושפט בימים ההם לשום אדם ידו תחת ירך מי שהוא ברשותו והטעם אם אתה ברשותי שם נא ירך תחת ירכיו והארון יושב והירך על היד כתעטם הנה ידי תחת רשותך לעשות רצונך 'זה המשפט עדין הוא באין הודיע Some say this refers to circumcision; but if this were so, he would have sworn by the covenant of circumcision, and not by Jehovah. What appears most probable to me, is that it was a custom in those days for a man to place his hand under the thigh of him in whose service he was: the meaning would then be, "if thou art in my service, place thy hand, I pray, under my thigh;" the master would thus be sitting with his thigh on the (servant's) hand; the meaning being, "behold, my hand is under thy authority to do thy will;" and this custom still exists in India.'

4. **כִּי** = 'but,' after the negative; cf. Is. 48, 2; see Ewald, § 354 a (who compares the German *sondern* (not *aber*) after *nicht*), Ges., § 155. 1 e, ad fin. Fifteen MSS. and the Heb.-Sam. Codex read **כִּי-אָם**.

**לְבָנֵי לִיצָחָק**. When the pr. name follows, the preposition must be repeated; when it precedes, it only stands with the pr. name; cf. 22, 20 **לְנַחֲרֹ אֶחָיךְ**; see M. R., § 71. 1. Rem. a.

5. **הַחֲשַׁב**. **ה** pointed with seghol before the guttural with qameç, Ges., § 100. 4; Dav., § 49. 2 d.

7. 'The God of the heavens who took me . . . may He (emphatic) send His angel before thee, and mayest thou,' etc.

<sup>1</sup> For this reference I am indebted to Prof. Driver, who kindly sent me a note he had received on this verse from Dr. Tylor, the Reader in Anthropology at Oxford.

**וַיְשַׁלֵּחַ . . . וְלֹקַחַת**. The perfect with waw conv. after the imperfect as a jussive; cf. 1, 14. 28, 3. 43, 14. 47, 29, and often; see Driver, § 113. 2 a, cf. § 111; M. R., § 24 b.

8. **וְאִם לَا תָּהֲבָה . . . וְנִקְיָת**. ‘*But if she does not consent, then thou art free.*’ נִקְיָת for נִקְיָת, Ges., § 75. Rem. 7: the tone does not advance with ו conv. as the verb is a הַ verb; cf. Stade, § 470 b. note.

**מִשְׁבָּעָתִי זֹאת**. without the article as regularly after a word with a pronom. affix; see Ewald, § 293 a; Ges., § 111. 2 b.

**לَا תַּשְׁבַּ**. Cf. the note on 4, 12.

9. **אֶדְנָיו** is *pluralis excellentiae*, referring to Abraham; see Ewald, § 178 b; Ges., § 108. 2 b; cf. Stade, § 324 a; so 40, אֶדְנוֹתָם לְמֶלֶךְ, of Pharaoh; 42, 30, אֶדְנוֹתָהּ אֶרְצָם, of Joseph.

10. **כָּל טוֹב אֶדְנָיו**. LXX, ἀπὸ πάντων τῶν ἀγαθῶν; so 45, אֶת טוֹב דְּמִשְׁקָן מִצְרָיִם 18. **וְכָל טוֹב דְּמִשְׁקָן**.

**אַרְם נְהָרוֹם**. ‘*Aram of the two rivers*,’ i.e. Mesopotamia; Deut. 23, 5. Judg. 3, 8. The two rivers are usually identified with the Euphrates and Tigris. Halévy, cited by Di., p. 285, takes them to be the Euphrates and Chrysorrhoas. Di. himself thinks that the Euphrates and Chaboras (**חַבּוֹר**) are the two rivers intended.

11. **אַל בָּאָר הַמִּים**. i.e. the fountain that is usually to be found near a town; cf. Ex. 2, 15; see Ewald, § 277 a.

12. **הַקְרָה נָא**. ‘*Pray cause it to meet me;*’ cf. 9, 22 for the omission of the acc., and the note there; see also 27, כִּי הַקְרָה יְהוָה אֱלֹהֵיךְ לִפְנֵי 20.

14. ‘*May it be that the damsel to whom I shall say, Pray*

*let down thy pitcher that I may drink, and she answer, Drink, and I will also water thy camels; (may it be that) her thou hast adjudged to thy servant Isaac, and thereby I shall know that thou hast shewn my master kindness.'*

**וְהִיא** is the perf. with waw conv., where no imperf. precedes, used as a precative or mild imperative; cf. 47, 23 וּרְעָתֶם אֶת הָאַדְמָה; Deut. 7, 9 וּדְעַת; Driver, § 119 d.

**אֲשֶׁר אָמַר . . . וְאָמַרְתָּ** is perf. with waw conv. after an imperf. with **אֲשֶׁר**; cf. ver. 43, where the relative is avoided; so Lev. 21, 10 וּמְלֹא . . . אֲשֶׁר יַזְכֵּךְ; Is. 56, 4 אֲשֶׁר יִשְׁמְרוּ וּבְחֻרְנוּ; Judg. 1, 12. 1 Sam. 17, 26; see Driver, § 115.

**הַנֶּעֶר . . . אַשְׁקָה** is a *casus pendens*, resumed in **אַתָּה**, which stands before its verb for emphasis; cf. 28, 13. 26, 15; Driver, § 197. 1. The text is to be pointed **הַנֶּעֶר**, this word being of common gender in the Pentateuch, also in Ruth 2, 21; cf. Ges., § 107. 1. note; Ewald, § 175 b; Stade, § 309 d, who regards **נֶעֶר** as 'a remnant of an older period of the language, when the feminine ending did not exist.' The Kri directs the ordinary form to be read.

**בָּתָה** is not 'through her,' Ribqah, but 'thereby;' cf. 15, 8.

15. 'And it came to pass before he had done speaking, that, behold, R. was coming out,' etc. **טרם בָּלָה**, the perf. after **טרם** is very rare (Driver, p. 38. foot-note), contrast ver. 45 **טרם אָכְלָה**. The perfect after **טרם** is found again, 1 Sam. 3, 7 " **טרם יַדַּע אֶת יְיָ**" (if the punctuation is right), but immediately afterwards **וּטְרַם יַגְלֵה**; cf. **בְּטְרַם יַלְדוּ**, Ps. 90, 2; **בְּטְרַם יַגְלֵה**; Prov. 8, 25 **בְּטְרַם הַרְבְּעוּ**; see Ewald, § 337. 3 c.

**וְנֶדֶה עַל שְׂכָמָה**. 'With her pitcher on her shoulder,' circ. clause.

16. **טְבַת מִרְאָה**. Cf. מִרְאָה 12, 1, יִפְתַּח מִרְאָה, and the note there. **בְּתַל בָּתָלָה** = 'a virgin,' from 'בְּתַל' 'secludere,' the maiden who

lives in seclusion in her parents' home. **עלמה** from **עלם**, Arab. **غَلَمَ**, 'to be strong,' 'fully ripe,'=the maiden who had reached a marriageable age, *puella nubilis*. In **עלמה** stress is laid on the fact that the maiden is of a marriageable age, in **בתולה** that she is a virgin; so here we have the addition **ואיש לא ידעת**.

19. **עד אם כלו לשחתת.** 'Until they shall have finished drinking,' being a future perfect; so **כלו**, ver. 33. Is. 30, 17; **עד אם נותרתם כתרן**; and with the fuller phrase, **עד אשר אם עשית** Is. 28, 15; **עד אשר אם עשית** Num. 32, 17; see Driver, § 17; M. R., § 3. 2; Ges., § 126. 5c.

21. **והאיש משתאה לה מהריש.** 'And the man was watching her in silence.'

**משתאה** is the construct state before the preposition **לה**; cf. **משחריו לטרף**, Ps. 2, 12; Is. 9, 1; **יושבי בארץ**, Job 24, 5; see Ewald, § 289 b; Ges., § 116. 1.

**מִיחרֵישׁ** defines more clearly; cf. Num. 16, 27; **בְּהֻנֹת יָדָם וּגְלַיָם מִקְצִים הֵוּ מֶלֶכִים** 7, 1; Judg. 1, 1; **יִצְאֵנוּ נְצִיבִים** Jer. 41, 6 . . . **וַיֵּצֵא . . . הַלְךָ . . . וּבְכָה** . . . cf. Ewald, § 341 b. 3.

22. **על אפה נזם** is 'a nose ring;' cf. ver. 47, where **וַיִּשְׂמַח** is added; here the Sam. have **על אפה** after **משקלו**, which Di. considers the original reading.

**בקע** is 'a half-shekel,' it occurs once again, Ex. 38, 26.

**עשרה** **שקל** must be understood here, as in 20, 16.

23. **בֵית אֲבִיךָ** is acc. of place, as in 12, 15, which compare.

27. **אנכי בדרכ נחני וגנו**. 'As for me, in the way hath Y. guided me.' **אנכי**, *casus pendens*; cf. 17, 4; see Driver, § 197. 4; M. R., § 129.

**ברך**, i. e. without any mistakes, straight to the house of Bethuel; cf. ver. 48 בָּרוּךְ אֶתְתָּה.

28. **לִבְית אֶمֶת**, i. e. to the female members of Bethuel's family. Ribqah, as a **בַּתּוֹלָה**, would live apart from the men, among the females of the family.

29<sup>b</sup>. **וַיַּרְא לְבָנָן . . . אֶל הַעֵין**. Di. regards this half-verse as out of place here [er greift in unerträglicher (durch ver. 10 nicht zu rechtfertigender) Weise dem ver. 30 vor], having been placed here, instead of after ver. 30<sup>a</sup> (before וַיַּבָּא), by a copyist's mistake. Knobel regards it as a duplette (i. e. the same thing narrated twice over); or in ver. 30, וַיַּבָּא may be explained by Driver, § 76 γ, as giving a more detailed account of Laban's running.

30. **כָּרְאת אֶת הַנּוּם**. On the inf. cstr. without a subject, cf. M. R., §§ 111 b, 117; Ewald, § 304 a; 25, 26 בְּעֵת תֵּת אֶת מְרֻב אֶתְתָּם 1; Sam. 18, 19; 2 Sam. 17, 19 בְּלֹדֶת אֶתְתָּם 1. The Sam. read the more correct form ‘*כָּרְאתִי*’ when he saw.’

31. ‘*And he said, Come in, blessed of the Lord, why dost thou stand without, seeing I have prepared my house, and a place for the camels?*’ cf. ver. 56; Josh. 17, 14 וְאַנְתִּי עִם רַב 14 וְהַנָּה אֲכַל 24; Is. 29, 8; ‘*and I am a great people;*’ Judg. 3, 26 ‘*he having passed;*’ see Driver, § 160; M. R., § 152.

32. Laban is probably the subject to and וְיִתְחַנֵּן, as one can hardly suppose that Abraham's servant would be so inhospitably treated that he had to unsaddle his own camels. It would be easier if the text ran וַיַּבָּא (instead of

(וַיְבָא), which Dathe and Olsh. prefer, but this again would require instead of **הָאִישׁ**.

33. The Ktb. is **וַיִּשֶּׂם** ‘*he (Laban) set*,’ imperf. Qal of **שָׂם**; cf. 50, 26 without Kri. The Kri here reads **וַיִּשְׂם** ‘*and there was placed*,’ impf. Hof’al of **שָׂם**, with pathach not qameç; see Baer and Del., *Genesis*, p. 77; Stade, § 500 γ, reads here **וַיִּשְׂם**, the ordinary imperf. Qal of **שָׂם**. Ewald, § 131 d, considers that the ū of the passive here, 50, 26 and Ex. 30, 32 (**סֻקֵּן** from **יִסַּךְ**), has been sharpened into ī.

38. **אֲםָלָא**, prop.=‘*if not*,’ after a negative ‘*but*;’ cf. (possibly) Ez. 3, 6; **אֲמָלָא אֲלֵיכֶם שְׁלֹחַתִּיךְ**; cf. Ges., § 155. 2 f.

**אֲמָלָא . . . תְּלַךְ . . . וְלִקְחַת** . . . , so Ez. 20, 33 f. **אֲמָלָא . . . אָמָלָא . . . וְהַזְּאתִי . . . וּכְבָצָתִי**. see Driver, § 115.

**אֲמָלָא יָשַׁךְ . . . מְצֻלִּיהָ . . . וְהִיא**. 42-43; cf. Lev. 3, 7 **אֲמָלָא מוֹשִׁיעַ . . . כִּשְׁבַּה הוּא מִקְרֵיבַ . . . וְיִדְעָתִי**; Judg. 6, 36 f. . . hypothetical sentences with a participle, with or without **יָשַׁךְ** or **אִין** in the protasis, and the perfect with waw conv. in the apodosis; see Driver, § 137 a; Ewald, § 355 b. 1; M. R., § 166. 2; cf. ver. 49, where an imperative takes the place of the perfect with waw conv. in the apodosis.

46. **וְאִשְׁתַּחַתְּ**. The short form of the first pers. sing. imperf. in **לְהַ** verbs is not quite so frequent as the long. Böttcher, cited by Prof. Driver (*Tenses*, p. 89. note), mentions forty-nine instances of the short form, and fifty-three of the long. In the other persons, on the contrary, the full form is very exceptional.

48. **וְאִשְׁתַּחַווּ** here, and **וְאִצְׁבַּחַתְּ**, Deut. 1, 16. 18, are the only instances of the first pers. with **הַ** in the Pentateuch; cf. Driver, p. 89. foot-note.

49. ‘*And now, if ye are going to deal kindly and straight-*

*forwardly with my master, tell me; and if not, tell me; that I may turn to the right hand, or the left;*' cf. ver. 42 f. and the authorities there cited.

55. **וַיְמִים אָרֶב עֲשֹׂר**. lit.=‘*days or ten*,’ i.e. ‘*a week or ten days*;’ cf. 4, 3; וְהִי מִקֵּן יְמִים 3 LXX, ἡμέρας ὀσεὶ δέκα. The Syr. has או חֶדֶשׁ ‘*a month in days*,’ Sam. יְמִים או חֶדֶשׁ; possibly, as Di. suggests, חֶדֶשׁ has fallen out before יְמִים; cf. 29, 14. **עֲשֹׂר**=*decas*, ‘*a space of ten days*.’

56. **וַיְהִי הַצְלִיחַ דְּרָכִי**. ‘*Seeing Yahweh hath prospered my way*;’ cf. ver. 31.

57. **וַנִּשְׁאַלְהָ אֶת פִּיהָ**. ‘*And let us ask her, herself*;’ lit. ‘*ask her mouth*,’ i.e. let her speak for herself; cf. Josh. 9, 14. **וַיְפִי לֹא שָׁאַלְוּ** 2 Is. 30, 2 **וְוַתֵּה פִי יְהֹוָה לֹא שָׁאַלְוּ** 14.

62. ‘*Now Isaac had come*;’ is pluperf., accounting for Isaac’s presence when Ribqah arrived; cf. Driver, § 76. Obs.

**בָּא מִבּוֹא בָּאָר** usually would mean, ‘*had come from coming to the well*,’ etc., i.e. had returned from a journey thither. But **לִבְכַּת** is the more suitable word for a journey, and what one would rather expect to find noticed is, where he had come to, or where he was. Del. takes **מִבּוֹא** as a correlative of **לִבְכַּת**, 35, 16, or **לִבְכָּא**, Num. 13, 21 and often, and says says more than **בָּא מִבּוֹא** (Lagarde’s emendation for **בָּא מִבּוֹא בָּאָר**), that he had come to the well, but was not settled there, and now had come back from his journey thither,’ which is much the same as the view first mentioned. Houbigant reads **מִעַם** for **מִבּוֹא**, Lagarde **מִבּוֹאָר**; but one does not see why the place where he came from should be noted. Ewald, § 136 h, renders, ‘*er war eben gekommen nach*’ (*he had just come to*), but how this can be got out of the Heb. text is not quite clear. Di. offers two

solutions of the question; either (I) to strike out or מבוא or (II) to read מדבר from the Samaritan and LXX; the meaning being in the second case, '*Isaac had come to the wilderness of Beer-lahayroi, for he lived in the south*' (circ. clause, as in 19, 1).

63. **לשוח** variously rendered: I. 'To meditate,' either over his approaching marriage (Del.), or on matters connected with his flocks (Tuch); so LXX, ἀδολεσχῆσαι, Vulg. 'ad meditandum in agro;' לְשִׁיחַת=לְשִׁיחָה in Ps. 119, 148; cf. 77, 4. 7. II. The Targg. Sam. etc. render, 'to pray;' cf. Ps. 102, 1 שיחו, with חפלה in the parallel member of the verse. III. Aq. ὄμιλησαι and Sym. λαλῆσαι take לשוח as = 'to talk.' IV. Knobel and Ewald render, 'to wail or lament,' comparing שׁוֹת in Ps. 55, 3. 18. Job 7, 11, etc. (see ver. 67). V. Bött., *Neue Heb. Aehr.*, renders, 'to fetch brushwood:' the verb being a denom. from שׁוֹת, but this denom. cannot be proved to exist from other passages; cf. Ibn Ezra, בֵּין הַשְׁחִים 'לְלַכֵּת בֵּין הַשְׁחִים' to walk between the shrubs.' VI. Ges. reads לְשִׁוָּט; cf. the Syr., which has חַלֵּךְ בְּשָׂדָה 'to walk,' and ver. 65 חַלֵּךְ קָמָת 'to walk,' and ver. 65 חַלֵּךְ בְּשָׂדָה. The renderings I and IV seem better than the others, perhaps IV (cf. ver. 67) fitting into the context a little better than I.

**לפנות ערב** i.e. when the Oriental used to go out; cf. 3, 8 לrhoת היום.

64. **וַתַּפְלִל מַעַל הַגֶּמֶל** so 2 Kings 5, 21. In Judg. 1, 14 (=Josh. 15, 18) we find צנָה 'to spring quickly from the camel.' LXX here κατεπήδησεν.

65. **מי האיש הלוֹה**. 'Who is yonder man?' cf. Ges., § 34. Rem. 2; Dav., § 13; Stade, § 172 b. הלוֹה=the Arabic **الذى**=who, which; it occurs again, 37, 19.

67. **האֲהֻלָה שָׁרָה**. אֲהֻל with the article and ה of motion. The presence of the article before the noun, which

should be in the construct state, is explained by Ewald, § 290 d, Ges., § 110. 2 b, as a loose co-ordination of the two words, instead of the second being subordinate to the first; cf. Josh. 7, 21. Di. regards שָׁרָה אַשְׁתָּה as inexplicable, and considers that they are a gloss to bring about a closer connection with chap. 23.

## 25.

1. **אִשְׂתָּה**, not in the sense Sarah was, but a concubine; cf. ver. 6, where she is called a פָּלֶשֶׁת, and 1 Chron. 1, 32.

**קָטוֹרָה**, pr. name = ‘incense.’

2. Many of the following tribes cannot be identified with certainty, as they have either disappeared at an early date, or become merged into other tribes. The genealogy occurs again in 1 Chron. 1, 32 ff. in an abbreviated form.

Keturah bare Abraham six sons (five if we regard מִדֵּן and מִדֵּין as one and the same).

**זָמָרָן**, perhaps from זָמָר, a species of ‘antelope.’ Knobel compares with Ζαβράμ, the royal town of the Κιναιδοκολπῖται, on the west of Mecca, on the Red Sea, mentioned in Ptol. vi. 7, 5, but whether they are identical is uncertain. Grotius and Del. consider the Zamareni of Pliny vi. 32 as more probable.

**יַקְנָן** is identified by Tuch with יַקְנָן (10, 26); by Ewald with פְּנַשֵּׁן, Hab. 3, 7; by Knobel with the Κασσανῖται of Ptol. vi. 7, 6, south of the Kinaedokolpites, on the Red Sea, but these are the Gassanides (cf. Del. here and Di.).

**מִדֵּן** and **מִדֵּין**, the best known of the sons of Keturah. **מִדֵּנים** and **מִדֵּינִים** occur again in 37, 28. 36 as names of the same people, so that probably מִדֵּן and מִדֵּין are but different forms of the same name. The Midianites are often

mentioned in the O. T.; in 37, 28, 36 they are spoken of as carrying on trade with Egypt. In Ex. 2 and 18 we find them dwelling in the Sinaitic peninsula, and in Num. 22, 4. 7. 25, 6. 17 f. 31, 1 ff. they are mentioned among Israel's enemies in the land east of the Jordan. In the time of the Judges (cf. Judg. 6 ff.) hordes of Midianites overran Palestine. They are also mentioned in Is. 60, 6 as a trading people. Their territory on the east of the Elanitic Gulf stretched from the neighbourhood of Sinai northwards to the territory of the Moabites; see further, Di., p. 291 f.

**ישבך** is unknown.

**שׂוֹחֵת** is mentioned in Job 2, 11 as a tribe in the neighbourhood of the land of **צָיִן**, but otherwise unknown. Del., *Par.*, p. 297 f., compares the Assyrian *Suchu*, on the right bank of the Euphrates, between the mouth of the Belih and Chabor; Di., the **Σαύη** of Ptol. v. 19; cf. Di., l. c. Others (*H. W. B.*, 9th ed.) connect it with the Arab tribe سَيَابِحَة, east of Aila.

3. On **שְׁבָא** and **דְּדַן**, see 10, 7. Probably the northern branches of these two great Arab tribes are here meant, the genealogy in these verses being more limited in range than that in chap. 10 (Di.). Of the sons of Dedan nothing further is known; see conjectures in Di., p. 292; Del., p. 372.

4. **עִיפָּה** occurs again in Is. 60, 6, mentioned with Midian as rich in camels, and as bringing gold and incense from Sheba. Del., *Par.*, p. 304, compares the *Hajápá* of the inscriptions. The other names do not occur elsewhere; see Di. l. c. for conjectures about them.

8. **וַיֵּשֶׁבּוּ יְמִים** as in 35, 29.

**וַיָּאֱסַף אֶל עַמּוֹ**. ‘And was gathered to his people;’ cf.

נִאָסְפָ אֶל, בּוֹא אֶל אַבּוֹתִיךְ 15, 15; נִאָסְפָ אֶל עַמּוֹי, שָׁכֵב עַמּוֹ אַבּוֹתִיךְ 10, 16; and נִאָסְפָ אֶל עַמּוֹי, Deut. 31, 16. The phrase נִאָסְפָ אֶל עַמּוֹי is peculiar to P; so in 35, 29, 49, 33, etc.

**השְׁדָה** 10. is in apposition to שְׂרָה עַפְרוֹן in ver. 9.

**שְׁמָה**=not ‘*thither*,’ but, in a weaker sense, ‘*there*;’ so Jer. 18, 2; וְשְׁמָה אֲשֻׁמֵּעַ אֶת דְּבָרֵי 2 Kings 23, 8; שְׁמָה הַכֹּהֲנִים; see Ges., § 90. 2 b.

**בְּשְׁמָתֶם לְתוּלָדָתֶם** 13. ‘*With their names, according to their genealogies.*’ The two words are to be taken closely together.

**נְבִית** the best known and most important of the descendants of Ishmael, ‘*the Nabatheans.*’ The Nabatheans dwelt in Arabia Petrea. In Is. 60, 7 they are mentioned with Kedar; the two names also being found together on the Assyrian inscriptions of Assurbanipal (Schr., *K. A. T.*², p. 147). Probably they are identical with the Nabataei and Cedrei, mentioned together by Pliny, v. 12. The only other notices about **נְבִית** in the O. T. are that Esau (28, 9. 36, 3) married Mahalath (called, 36, 3, Basemath), the sister of Nebayoth, and Is. l. c., that they were rich in cattle; see further, Di., p. 294.

**קָדָר.** ‘*The Kedarenes.*’ A nomad tribe in the Syro-Arabian desert; they are frequently mentioned in the O. T. in the time of the kings. In Is. 21, 16 f. Jer. 49, 28 they are mentioned as skilled bow-men; Song of Songs 1, 5, as dwelling in black tents, but Is. 42, 11. Jer. 49, 31, in open villages. In Is. 60, 7. Jer. 49, 32 they are spoken of as rich in camels and flocks; and in Ez. 27, 21 as trading with Tyre. The Rabbis use the name קָדָר for Arabia in general, לְשׁוֹן קָדָר being the Arabic language.

**אַדְבָּאֵל** מִבְשָׁס and are unknown names.

14. מִשְׁמָעַ is unknown.

**דָוָמָה** is probably different from the Duma of Is. 21, 11 and Josh. 15, 52. Wetzstein identifies here with the Duma in East Haurân. Di. and Del. consider it to be the *Δούμαθα* of Steph. Byz., Domata of Pliny, vi. 32, the modern دومة لبندل = ‘the rocky Duma,’ in the lowest-lying district of the Syrian Nuffûd land; the so-called Gôf (Del.), on the borders of Syria and Arabia.

**מִשְׁאָ**, usually connected with the *Maσavoi* of Ptol. v. 19. 2, north-east of Duma. In Asurbanipal’s inscriptions, *Mas’u* is found together with *Nabaitai* and *Kidri* (Schr., *K. G. F.*, p. 102; *K. A. T.*<sup>2</sup>, p. 148 f.).

15. **חֲדָד** is unknown. Baer and Del. read **חֶדֶר**, Theile **חֶדֶר**, with the marg. note, **בְּכֶפְרִים אַחֲרִים חֶדֶר**, i. e. ‘in other copies **חֲדָד**;’ so 1 Chron. 1, 30, Sam., Joseph. The Massora mentions the reading here as being **חֶדֶר**, not **חֲדָד**; cf. Baer and Del., *Gen.*, p. 77 f.

**תִּימָא** is identified by Wetzstein with Taimâ, three-quarters of an hour from Duma, in the Haurân; by Knobel with Θαροι, Ptol. vi. 7. 17, on the Persian Gulf, or the Banu Taim (بنو تم) also on the Persian Gulf; by Di. and Del. with **חִימָא**, a tribe mentioned in Jer. 25, 23. Job 6, 19, as traders (cf. Is. 21, 14) = **תֵּימָא**, on the border of the Negd and the Syrian wilderness; also found on the inscriptions, together with the *Mas’ai* (Schr., *K. G. F.*, p. 262 f.).

**נְפִישׁ** and **יִתּוֹר** are mentioned (1 Chron. 5, 18 ff.) as neighbours of the tribes east of the Jordan, who made war against them and partially subdued them; **נְפִישׁ** is otherwise unknown. **יִתּוֹר**, ‘the Itureans,’ dwelt in the hill country of Lebanon and Haurân, according to Strabo; cf. Luke 3, 1.

**קְרָמָה**, not mentioned elsewhere.

16. **בְּחֶרְיִים וּבְטִירָתָם**. ‘*In their villages, and in their encampments;*’ i. e. who dwelt partly in unwalled villages (Lev. 25, 31. Is. 42, 11) and partly in moveable camps (Num. 31, 10. Ez. 25, 4). **טֹרֶה** is from **טוֹר**, and means ‘*a camp*,’ the tents being pitched in the form of a circle; cf. the modern **دُوَّار** (Burckh., *Bed.* 26, cited by Di., p. 297). LXX, **ἐν ταῖς σκηναῖς αὐτῶν, καὶ ἐν ταῖς ἐπαύλεσιν αὐτῶν.**

**לְאַמָּתָם.** ‘*According to their tribes.*’ **אַמָּה** occurs again in Num. 25, 15, and—as here—is used of an Arab tribe: the word is more an Arabic than a Hebrew word, and its use here and Num. 25, 15 is perhaps, as Di. suggests, intentional. Ryssel, *De Eloh. Pent. sermone*, p. 71, says of **אַמָּה**, ‘quae vox ad sermonem populi Midianitici spectat (eodem sensu dictum atque apud Scotos *clan*, apud Arabes *gum*=**قَنْ**).’

18. **חוֹוֵלה.** See 10, 29. It is not the Indian Havila, but the land of the **Χαυλοραιοί** (cf. **خَوَلَةٌ** in Niebuhr, *Beschreibung von Arabien*, p. 342: Del.) of Strabo, xvi. 4. 2, between the Nabatheans and the Agroceans. Thus the Ishmaelites spread themselves over the country between the Persian Gulf to the wilderness of Shur, on the confines of Egypt.

**שׁוֹר . . . עַל פְנֵי מִצְרָיִם**. See on 16, 7.

**בְּאַכָּה אֲשֻׁורָה.** ‘*In the direction of Ashur.*’ **בְּאַכָּה**, cf. on 13, 10. **אֲשֻׁורָה** is explained by Del. as meaning ‘up to the lands under the Assyrian rule (bis nach den Länden assyrischer Herrschaft).’ Nöldeke (*Unters.*, p. 26) considers that **אֲשֻׁורָה** is the name of an Egyptian place, which has been corrupted in the Heb. text. According to Hupfeld it has arisen out of **שׁוֹרָה** (1 Sam. 15, 7) by corruption. Wel. and Del. (*Par.*, p. 131) think that it is an instance of ditto-graphy for **עַד שׁוֹר**.

**עַל פְנֵי** = 'east of;' cf. 16, 12.

**נִפְלָא** = 'settled;' in 16, 12 שָׁכַן is used of Ishmael; cf. Judg. 7, 12 וְכֹל בְּנֵי קָרְם נִפְלָא בְעַמְקָה.

19-34.

20. **שָׂדָה אֶרְם = פְדוֹן אֶרְם** in Hos. 12, 13, 'Mesopotamia.' **פְדוֹן** in Aramaic = "a yoke," and in Arabic (where it is a Nabathean foreign word, *Gawaliqi*, 112. 2) = "ploughing oxen," and then their "plough," so a fixed measure of land, like *jugum*, *jugerum* (Lane, p. 2353), and is regarded by Lagarde (*Proph. Chald.*, p. xliii) as Persian. But H. Raw., 62. 33, *pādanu* (which as *pādānu* means elsewhere, according to Schrader, *K. A. T.*<sup>2</sup>, p. 612, "way, path") is equivalent to *ginū* (garden) and *iklu* (field), (compare Del., *Par.*, p. 135), and so it might have meant "field" or "plain" in Assyrian (cf. **תְּמִתָּן** "depression, plain," Ges., *Thes.*, p. 1092),<sup>1</sup> Di. It is most probable that **שָׂדָה אֶרְם** in Hos. l. c. is the Hebrew translation of the word. In 24, 10 we have **אֶרְם** **נֶהֱרִים** for **פְדוֹן אֶרְם** (P). The LXX and Vulg. render it *Mesopotamia Syriae* or *Mesopotamia*; cf. the *campos Mesopotamiae* in Curt. iii. 2. 3; v. 1. 15. From this it by no means follows that the two ideas are completely identical, still less that Paddan Aram was the district round Harran. Still it is worth noticing that the name **פְדוֹן** (cf. 48, 7) attaches to a place *Faddān*, and a *Tell Faddān*, in the neighbourhood of Harran, which Jāqût still knows of (Chwolsohn, *Ssab.*, i. 304; *Marāṣ.*, ii. 337). That the neighbourhood of Edessa and Harran is a plain surrounded by mountains is evident from Edrisi p. Jaub. ii. 153; Wilh. of Tyrus, 10. 29. Buck, *Mesopotamia*, 111,<sup>2</sup> (Kn. in Di.) **פְדוֹן אֶרְם** is only found in P as the name of Mesopotamia; so 28, 2. 6f. 31, 18. 33, 18. 35, 9. 26. 46, 15.

21. **וַיּוּתַר לֹא יְהוָה**, lit. ‘*suffered himself to be prayed to*,’ i.e. ‘*hearkened to him*.’ The Nifal *tolerativum*; cf. Is. 53, 7 and **וְהִוא נָעֵנָה**; and Cheyne’s crit. note, ad loc.

22. **וַיַּתְרַצֵּחַ** is imperfect. Hithpo<sup>3</sup>. of **רָצַץ**; see Ges., § 55. 1; Stade, § 532 a. γ; cf. **יְתַגְּדַרְוּ**, **גָּדַר** from **יְתַהֲלָלְוּ**, **תַּהֲלֵל** from **תַּהֲלֵל**.

“**אָמַן כִּי לְמַה זֶה וְגוּ**” = ‘*if thus, why am I?*’ i.e. ‘*if it be thus, why do I live?*’ cf. 27, 46; so the Syriac. The LXX, **εἰ οὖτω [μοι μέλλει γίνεσθαι]**, **ἴνα τι μοι τοῦτο**; and so Vulg.; hence it has been rendered, ‘*if it be so, why am I thus?*’ i.e. pregnant; but **זֶה** cannot be predicate, as the LXX have taken it; **זה** merely strengthens the **לְמַה**, as in 18, 13.

23. (a) ‘*Two nations are in thy womb,*

(β) ‘*And two peoples shall separate themselves from thy lap:*

(α) ‘*And one people shall overpower the other,*

(β) ‘*And the elder shall serve the younger.*’

The answer given to Ribqah’s prayer is poetical in form. **רַב** and **צָעֵר** in prose would require the article; cf. Ewald, § 294 a.

**לְאַם מַלְאָם**. On **מִן** used in comparison, cf. Ges., § 119. 1; M. R., § 49. 2.

24. **וּמָלְאוּ יְמִיה**. ‘*And her days were full;*’ so 29, 21. 50, 3.

**תְּוֻמָּם** is contracted from **תְּאַטְּמָם**.

25. **אַדְמֹנוֹן**, probably referring to the colour of his skin, rather than the hair; cf. David in 1 Sam. 16, 12. 17, 42. 19, 13.

**עַשְׂוֵה**. ‘*Esau*’ = ‘*hairy one*.’

26. **יְעַקֹּב** the author takes from **עַקְבָּה**, a denom. of **עַקְבָּה** = ‘*heel-holder*;’ cf. Hos. 12, 4. Reuss, *Gesch. des A. T.*, p. 52, explains Jacob as = ‘*successor*.’ In 27, 36 another explanation is given; see the note there.

**בלרת אתם**; cf. on 24, 30.

27. **ידע ציד**. ‘*ידע ציד*’ is acc. after **ידע**, not gen., for then **ידע** would be necessary,’ Wright: the form **ידע**, however, does not occur in the O. T. Cf. 2 Chron. 2, 11 **ידע שבל** לְבָתָר; Ps. 44, 22 **ידע תִּלְוֹמֶת לְבָתָר**, which are parallel to this passage. The pl. cstr. is used in 1 Kings 9, 27. Amos 5, 16.

**איש שדה**=‘*a field man*,’ one who spends his time in the fields hunting; but **איש הארץ** 9, 20, =‘*an agriculturist*.’

**איש חם**. ‘*A quiet, domestic man*’ ‘*An upright man*’ does not suit the context here, and hardly fits in with the later accounts of Jacob’s dealings with his brother. Elsewhere **חם** always=‘*upright*,’ except Ex. 26, 24. **חם** is here the German ‘*fromm*,’ which also means *ruhig* (*quiet*), thus ‘*ein frommes Pferd*,’ *a quiet horse*.

**אֲהַלִּים** for **אֲהַלִּים**; see Ges., § 23. 3. Rem. 2; Stade, § 109.

28. **כִּי צִד בְּפִיו**. ‘*For venison was in his mouth*,’ i.e. was according to his taste; cf. 27, 5. 7.

30. **מִן הָאָדָם הָאָדָם** **זהו**. ‘*From the red (stuff), this red stuff*;’ the words **הָאָדָם** **זהו** being epexegetical; cf. M. R., § 72. 3.

**מִכְרָה כִּיּוֹם** 31. ‘*Sell now first of all*’ etc.; see M. R., § 56. 2. Rem. a, who points out the different shades of meaning in **כִּיּוֹם** and **בְּכִיּוֹם**.

32. **הִנֵּה אַנְכִּי הוֹלֵךְ לְמוֹת**. ‘*Behold, I am going to die*,’ i.e. Esau’s life was a dangerous one, and he might meet his death at any moment. Tuch prefers the rendering, ‘*I am at the point of death*,’ i.e. from hunger, which is not so natural (so A. V. and A. V. R.), and would be better expressed by **הִנֵּה מֵת**.

## 26.

3. **את כל הארץ האל**, i.e. Canaan and the adjoining districts, **ארץ** being used of the different portions of what was afterwards the land of Israel, as in 1 Chron. 13, 2. 2 Chron. 11, 23. **האל**, cf. note on 19, 8.

**למה זה לאשתו** 7. = ‘concerning his wife;’ cf. 32, 30 **חַשְׁאֵל לִשְׁמִי**, ‘why dost thou then ask about my name?’ 43, 7 **שָׁאֵל שָׁאֵל הָאִישׁ לָנוּ וְלִמְוֹלְדָתֵנוּ**, ‘the man asked indeed about us and about our birth-place?’

8. **מצחק את רבקה**. ‘Sporting with R.’ **צַחַק אֶת** = **צַחַק עִם**, of mutual playing or caressing, and so distinct from **צַחַק בָּ**, where the action is not mutual; see 39, 14 (Luzz. cited by Del.).

10. **כמעט שכב אחד העם וגוי**. ‘One of the people might have lain with her, and so thou hadst brought’ etc., lit. ‘almost had one of the people;’ cf. Ps. 119, 87 **כָּמַעַט כָּלֹונִי בָּאָרֶץ** and **הַבָּאת**. **כָּמַעַט הִיִּתִי** 14 is the perf. with waw conv., after **כָּמַעַט**; cf. Driver, § 115, p. 160: the tone being thrown forward on to the last syllable. Del., p. 385, explains the position of the tone on **הַבָּאת** as due to the **y** following, which would otherwise be scarcely audible, comparing Is. 11, 2 **וְנִנְחַת** (where, however, the tone on the last syllable may be due to the waw conv.; cf. Driver, § 110. 5). See also ver. 22 **רָבוֹ עַלְיהָ**, and cf. Ewald, §§ 63 c, 193 b.

12. **מאה שערים**. ‘A hundred measures,’ ‘a hundred-fold.’ **שָׁעֵר** in Biblical Hebrew does not occur again in this sense. In Aramaic and the language of the Mishna, **שְׁעֵר**, Pa’el of **שָׁעַר** = ‘to reckon, estimate’ (cf. Targ. Onq. here,

עַל חֶדְמָה בְּרִשְׁעָרוֹתִי = ‘*the hundredfold of that which they had estimated it (the field);*’ cf. Levy, *Chald. W. B.*, ii. p. 504), and שְׂעָרָא subst. = ‘*interest, price;*’ see Levy, l. c., and cf. the Arabic سُعْرٌ ‘*pratum annonae.*’ LXX and Syr. incorrectly read شَعْرٍ ‘*barley.*’ ‘A hundred measures’ would imply that the harvest was very abundant. The neighbourhood of Gerar was very fruitful, and at the present day the Arabs have grain magazines at Nuttâr Abu Sumâr, a little north-west of Elusa; Rob., *Pal.*, i. p. 562.

13. **הַלּוֹךְ וּגְדֵלְ**. Cf. the note on 8, 3. גְּדֵל, the participle, here takes the place of the more common inf. abs.; so Judg. 4, 24 וּלְךָ יָד בְּנֵי יִשְׂרָאֵל הַלּוֹךְ וּקְשָׁחָה 16, 5. 18, 25 וּתְלַךְ יָד; 2 Sam. 13, 24 חַלְךְ וּקְרַבְ

בּוֹ; cf. Ewald, § 280 b; M. R., § 108. גְּדֵל, however, may be perfect, cf. Josh. 6, 13. Is. 31, 5; see Ges., § 131. 3. Rem. 3.

14. **עֲבָדָה** occurs once again in Job 1, 3; cf. the N. T. θεραπεία, Matt. 24, 45, and see Ges., *Thes.*, sub voce.

15. **סְתֻמּוֹם . . . וּמְלָאוֹם**. Notice the masc. suffixes referring to feminine nouns; so ver. 18. 31, 9. 32, 16. 33, 13. 41, 23; see Ewald, § 249 b; Ges., § 121. 6. Rem. 1.

**וּמְלָאוֹם** with double acc., according to Ges., § 139. 2; M. R., § 45. 2.

18. **בִּימֵי אַבְרָהָם**. LXX, *οἱ παῖδες*; so Sam. and Vulg., reading עַבְדֵי יִצְחָק in ver. 19.

**וַיִּשְׁתַּבּוּם** is imperf. with waw conv. in continuation of חִפּוּ.

19. **מִים חַיִּים**. ‘*Living, i.e. flowing water,*’ as contrasted with still water; so Lev. 14, 5. Jer. 2, 13.

20. **עַשְׂק** = ‘*strife;*’ the word only occurs here.

21. **שְׁטָנָה** = ‘*hostility.*’

22. **רְחָבוֹת** = ‘wide spaces.’ Probably the modern Ruhaibe, about three hours south-east of Elusa, eight hours south of Beersheba, where remains of fountains are still to be found: cf. Robins, i. p. 289 ff.

**כִּי**, not = *ōtē recitativum*, but as in 29, 32. 33. Ex. 3, 12, affirmative, ‘surely,’ ‘indeed.’

**וּפְרִינוּ** is perf. with waw conv. without a preceding imperf.; cf. 17, 4; Driver, § 119 a; M. R., § 24. 2 b.

26. **מַרְעָהוּ**. **וְאַחֲזָה** is a pr. n. with the fem. ending *-ת*, like **גָּלִית**, **בְּשֶׁמֶת**, ver. 34; **מִתְחָלָת**, 28, 9: so LXX, Syr., Vulg., Saad. Onq., who renders **רְחָמֹתִי**, Berl. (some texts **מְרְחָמֹתִי**), seems to have taken **אַחֲזָה** as fem. cons. state of **אַחֲזָה**, in the sense of ‘a troop,’ ‘crowd,’ a meaning **אַחֲזָה** never has: and as compounded of **מַרְעָה** and **מַן** (if we follow the reading **מְרְחָמֹתִי**, and not Berliner’s **רְחָמֹתִי**). **מַרְעָה**, only here in the Pentateuch, = ‘friend,’ ‘confidant,’ one who advised him, and rendered him other services; cf. 1 Kings 4, 5. 1 Chron. 27, 33. **מַרְעָה** has a firm unchangeable tsere in the first syllable. The LXX translate **מַרְעָה** by *νυμφαγωγός*; supposing that to be the capacity in which he acted as his ‘friend;’ cf. Judg. 14, 20, LXX. Translate, ‘With Ahuzzath, his counsellor.’

27. “**וְאַתֶּם וּגְרוּ**. Render, ‘*Seeing that (or since) ye hated me, and sent me away from you.*’

28. **רָאָר**, inf. abs. Qal of **רָאָה** for **רָאָה**; so **שָׁתוֹ**, Is. 22, 13; and see Ges., § 75. Rem. 2.

**אֱלֹהָא** = here a compact ratified by a solemn oath; so Deut. 29, 11. Ez. 16, 59.

29. **תְּעֵשָׂה** is pointed with tsere, instead of seghol, under

the ה; so in three other places, Josh. 7, 9. 2 Sam. 13, 12. Jer. 40, 16 (Kri). In the last two instances and here, 'in order to avoid, by emphasizing the final sound of the first word, any confusion in sound with the initial sound of the next' (Del.). Cf. also Ges., § 75. Rem. 17; Stade, § 143 e. Rem. 3, who gives other instances, e.g. Josh. 9, 24; וְפָעֵשָׂה; Lev. 5, 9 יִפְצַח; Nah. 1, 3 יִנְקַח (but not Baer and Del. in their edition, who point יִנְקַח with seghol).

**רָקֶתֶב.** 'Only good,' 'nothing but good;' cf. 6, 5 רָקֶתֶב; Deut. 28, 33 רָקֶתֶב וּרְצִין.

31. **אִישׁ לְאַחֲיוֹ.** Cf. the note on 13, 11.

33. **שְׁבֻעָה** = 'oath.' The author takes it as equivalent to שְׁבֻעָה. The word is a ἄπαξ λεγόμ. In 21, 31 another account of the origin of the name Beersheba is given.

34. Cf. 36, 2 foll.

35. **וְתִהְיוּן**, *scriptio defectiva*, for וְתִהְיֶנּוּ; cf. 19, 33 וְתִהְיֶנּוּ; 27, 1 וְתִהְיֶנּוּ.

36. **מִרְתַּת רֹוח**, cf. Prov. 14, 10, = 'bitterness of spirit.' LXX, ἡσταν ἐριζονσα, but incorrectly; so Onq. וְהַוְאָה = מִפְרַבְנוּ וּמִבְרַבְנוּ = 'they were disobedient and provoking to anger' etc.; taking it from מִרְתַּה = 'to rebel.'

## 27.

1. **מִרְאַת** = lit. 'away from seeing,' i.e. 'so that he could not see,' cf. 23, 6 and the note on 16, 2.

3. **תְּלִיךְ**. **תְּלִיכִי**, a ἄπαξ λεγόμ., is from תְּלִיכָה 'to hang;' just as is from תְּלִיכָה דְלִיכָה, בְּלִיכָה from בְּלִיכָה. The LXX, Vulg., Targ. Ps.-Jon., Ibn Ezra, etc. render 'quiver.' Onq., Pesh., Rashi, 'sword.' The former rendering is preferable, being more in

accordance with the context (bow and quiver are more naturally mentioned together than bow and sword); cf. Is. 7, 24. 2 Kings 13, 15: and the root חלה, ‘to hang,’ suits the rendering ‘quiver’ better than ‘sword;’ as a sword would be girded on, while a quiver was hung on the shoulders. חליך = the later word אַשְׁפָה, which occurs first in Is. 22, 6.

**צִידָה.** The Ktb. is צִידָה, feminine of צִיד; being what is called by the Arab grammarians a *nomen unitatis*, meaning ‘*a single head of game*;’ while צִיד would be ‘*game*’ in general; cf. Wright, *Arab. Gram.*, i. § 246; see also Ges., § 107. 3 e; Ewald, § 176 a. The Kri is הַיְתֵר הַצִּיד (is redundant), which was probably chosen by the Massoretes, as צִיד usually means ‘*provisions for a journey*,’ e.g. 42, 25. 45, 21; or they might have pointed it צִיד here, as this word stands again so pointed in vers. 5, 7, 33. צִיד, ‘*a single head of game*,’ is quite suitable here—as Isaac would not require more—and is in no wise against vers. 5, 7, 33.

4. **וְהַבִּיאָה לִי וְאֶכְלָה.** ‘*And bring it to me, and let me eat;*’ i.e. ‘*and bring it to me that I may eat;*’ see Driver, § 60; Dav., § 23, p. 61; Ges., § 128. 1 c.

5. **לְהַבִּיאָה.** LXX read λαβει φετα, λαβει πατρι αυτον; but λהביא is justified by vers. 4 and 7.

6. **אֶל יַעֲקֹב בָּנָה.** ‘*To Jacob her son,*’ i.e. her favourite child, Esau being the father’s favourite; cf. 25, 28. The LXX, however, have τὸν νιὸν αὐτῆς τὸν ἐλάσσω, reading בָּנָה הקטן, cf. vers. 15, 42, perhaps on account of Esau’s being called בָּנָו הנוריל in ver. 1; cf. ver. 42.

8. **לְאֲשֶׁר אַנְיִ מְצֻהָה אֶתְךָ** = ‘*in regard to that which I am charging thee;*’ so 17, 20 ‘*וְלִישְׁמַעְאל*’ ‘*and with regard to Ishmael;*’ cf. M. R., § 51. 5. Rem. b. אֲשֶׁר includes the demonstrative pronoun; cf. Ges., § 123. 2.

9. **לְחִיּוֹת גָּדוֹלָה.** So the pretonic **לְ** in the construct state is unusual; cf. Stade, § 332 d. 2; Ewald, § 212 b.

**וַאֲعַשֶּׂה אֶתְכֶם מִטְעָמִים**. ‘*That I may make them [into] dainty dishes.*’ **עֲשֵׂה** with a double acc., according to Ges., § 139. 2; M. R., § 45. 5.

12. ‘*Perchance my father will feel me, and I shall be as one that mocks in his sight,*’ etc.; cf. Driver, § 115.

**מִתְעַתָּע** is part. Pilpel, from **יִתְעַתָּע**; cf. Ges., § 55. 4; Stade, § 281. **יִתְעַתָּע**, like the Arab. **كَعْتَعَ**, means ‘to stammer,’ ‘stutter,’ and then ‘to mock;’ cf. **לִזְבַּח** and **לִזְבַּח**.

13. **קָלְלָתְךָ.** ‘*Thy curse,*’ i. e. the curse that shall come upon thee; cf. the note on 9, 2.

15. **הַחֲמָרָת**=lit. ‘costlinesses,’ ‘costly things,’ ‘desiderabilia,’ so **בְּנֵדִי** must be understood before it. Esau’s best clothes are intended, which he wore on any festive occasions; cf. Judg. 14, 12 ff.

20. **מָה זֶה מְהֻרָת לְמַצֵּא.** ‘*How then hast thou found it so quickly?*’ lit. ‘*how then hast thou made haste to find it?*’ cf. Ges., § 142. 2; M. R., § 113. **מְהֻרָת** corresponds to the adverb ‘in English.’

24. **וַיֹּאמֶר** is really in point of time before ver. 23. In ver. 23 the transaction is briefly described by the single word **וַיִּבְרְכֵהוּ**, the particulars of the blessing being added by 1 conv.; cf. Driver, § 75 β; so in 37, 6. 42, 21 ff. 45, 21–24. 48, 17.

**אַתָּה זֶה בְּנֵי עָשָׂו.** ‘*Thou art then my son Esau,*’=‘art thou then my son Esau?’ An interrogative sentence without the interrogative particle **הָ**; cf. 2 Kings 20, 9. Job 38, 18; Ewald, § 324 a; Ges., § 153. 1. **זֶה** is added to give emphasis to the question.

26. **וַיִּשְׁקַח.** Cf. on 2, 12.

27<sup>b</sup>-29 are the words of the blessing. The blessing is poetical in form: observe the parallelism in the verses, and the poetical words and forms, e.g. הָנִי for הָנָה, שְׁפֵנִי הַאֲרִין, הַפֶּה for רְאָה, לְאַפִּים, בְּבִיר.

27<sup>b</sup>. ‘Behold, the smell of my son is as the smell of a field which Yahweh has blessed:

28. (a) And may God give thee of the dew of the heavens, and of the fatnesses of the earth,

(β) And abundance of corn and wine.

29. (a) May nations serve thee, and peoples bow down to thee; Be a prince over thy brethren, and may thy mother’s sons bow down to thee:

(β) Cursed be those that curse thee,  
And blessed be those that bless thee.’

28. מִשְׁמָנִי, the שׁ is undageshed (cf. משִׁתִּים, Jon. 4, 11; משִׁבְרָתִים, Ez. 32, 30), as it is pointed with shewa. The word is compounded of מִן partitive, and שְׁמָנִי, corresponding to קְטָבִים just before. שְׁמָנִי is plural cstr. from שְׁמֹן, like מְתֻלָּם from בְּמַלְלִים, קְטֹן from בְּמַלְלָה, not from שְׁמֹן. The A. V. takes it as pl. of שְׁמָן, but the sense and the parallelism are against this. On בְּן part., see on 4, 3, and cf. 28, 11. 30, 14. Cf. the rendering of the A. V. R. in these verses. On the great fertility of the land of Canaan, cf. Ex. 3, 8. The dew is here mentioned instead of the rain; as in summer, in Palestine, there is very little rain, and the dew takes its place; cf. 49, 25. Deut. 33, 13. Hos. 14, 6. Zech. 8, 12.

29. תִּרְשַׁׁח from יָרַשׁ ‘to take possession;’ so called as taking possession of the head or mind; cf. Hos. 4, 11.

29. וַיַּשְׂתַּחַוו. Kri is preferable, as the plural precedes (עַבְרוֹת). The Ktb. is possibly—as in 43, 28—an incorrect way of writing the word. The sing. might perhaps stand by Ewald, § 316 a; Ges., § 147 a.

הַיְהָ for הָיָה. The verb הַיְהָ is North Palestinian and late; cf. the Aramaic הָיָה and יְהִיא. The imper. occurs again in Is. 16, 4 and Job 37, 6 (with נ for ה).

**לְאַחִיךְ . . . בְּנֵי אַמְקָדָךְ**; cf. Ps. 50, 20, where they are again rhythmically interchanged.

**אֲרוֹר . . . בָּרוֹךְ**. The singular for plural; cf. Ex. 31, 14; וְאֶכְלָיו עָנוּ יְשָׁאָה; Num. 24, 9 מְחֻלְלָה מוֹת יוֹמָת; see Ewald, § 319 a; Ges., § 146. 4; M. R., § 135. 4 b.

**אֶלְךָ יִצָּא יִצְאָה יַעֲקֹב**. 30. ‘Jacob having only just gone out,’ circ. clause; cf. Josh. 4, 18 נָתָקוּ כְּפֹתְרָן רְגֵלֵי הַכֹּהֲנִים ‘the soles of the feet of the priest having been withdrawn;’ 2 Kings 12, 7 לֹא חִזְקָוּ הַכֹּהֲנִים אֶת בָּרֶךְ הַבַּיִת ‘the priests not having repaired the breach in the house;’ see Driver, § 165; Ewald, § 341 c.

**וַיַּאֲכַל** 31. is imperf. with weak waw in a jussive sense; so, ver. 29; see Driver, § 134.

**וַיַּצְעַק צַעַק וְנוּ** 33. ‘חרדה וגנו’ so ver. 34; the verb being followed by a substantive derived from it in the acc.; cf. Matt. 2, 10, and see Ges., § 138. 1. Rem. 1.

**מַי אֲפֹא הָוָא הַצְדָּקָה** = ‘who then is he, the one that hunted?’ cf. Ps. 24, 10 ‘מי הוא זה מלך הַכְּבֹוד?’ Zech. 1, 9 ‘what are they—these?’ anticipating the subject; see Driver, § 201. 2; Ewald, § 325 a.

**וַיָּבֹא הַצְדָּקָה צִיד וַיָּבֹא**. ‘Who hunted game and brought it;’ cf. 35, 3 ‘וַיָּבֹא הַעֲנָה אֶתְיָה . . . וַיָּבֹא הַנְּשָׁקָה . . . וַיָּבֹא’ 49. The participle breaks off into the *imperf.* with *waw consec.*; a fact being stated, not a possibility, in which case we should find the *perf.* with *waw consec.*; cf. Driver, § 117; M. R., § 15; Ges., § 134. 2. Rem. 2.

34. **כִּשְׁמָע . . . וַיֵּצֶק** is either to be explained as 19, 15 by Driver, § 127 b, the imperf. with waw conv. after a time-determination, or the word **וַיְהִי** must be supplied with the LXX, Sam.; so Tuch, Di. **וַיְהִי** might easily have fallen out after **וַיְהִי** at the end of ver. 33. Hitzig emends as follows (his emendation being accepted by Geiger, *Urschrift*, p. 377), **וְאַבְרָכָהוּ נִם בָּרוֹךְ : וְיִהִי**.

**לְשָׁת** **גַּם** **הָוָה**. Cf. 4, 26 **בָּרְכָנִי** **גַּם** **אָנִי**; Num. 14, 32 **וּפְנִירָכֶם** **אַתֶּם**; see Ges., § 121. 3; Ewald, § 311 a; M. R., § 72. 1 and Rem. a.

36. ‘*Is it that they have called his name Jacob? for he hath supplanted me now twice,*’ etc.; cf. 29, 15 LXX, **δικαίως ἐκλήθη**; Vulg. ‘*juste vocatum est nomen ejus;*’ cf. M. R., § 143. Rem. b; Ewald, § 324 b, who remarks that ‘**הַבִּי**’ ‘is used when the reason is unknown’=the Lat. *numquid*, Ger. *etwa.* In 25, 26 another explanation of the name is given.

**זֶה** **פָּעִים**; cf. Ges., § 122. 2. note; M. R., § 91.

37. **וּרְוח** **סְמֻכָּתוֹ**, with a double acc.; see Ps. 51, 14 **סְמֻכָּתוֹ**; **סָעַד** **לְבָךְ** **פָּת** **לְחַם** so; **סָעַד**, Judg. 19, 5; **נְדִיבָה** **הַסְּמֻכָּנוּ**; Ewald, § 283 b (2).

**לִכְהָ**, *scriptio plena* for **לְקָה**, only occurs here in the Pentateuch; cf. in 3, 9 for **אִיכָּה**.

38. **הַבָּרְכָה**, see on 34, 31.

39. **מִשְׁמָנִי**, not **מִן** partitive as the A. V. margin, nor cstr. plural of **מִשְׁמָן** as A. V. and M. R., § 136. Rem. a; cf. ver. 28, because **מִטְלָל** in the second half of the verse is against this, but privative (so most modern scholars). ‘*Away from the fatnesses;*’ cf. vers. 37, 40. Render,

‘*Far from the fatnesses of the earth be thy dwelling-place,  
And far from the dew of heaven from above.*’

**טוּעַנִי** **הַעֲדָה** **מִן** privative are Num. 15, 24

'out of sight of the congregation ;' Prov. 20, 3 מִרְיב 'away from strife ;' Job 11, 15 מַטָּמָם 'without blemish.'

The sterility of Edom is here contrasted with the fertility of Palestine ; so ver. 40,

'And by thy sword shalt thou live, and thy brother shalt thou serve ;'

*And it will be, when thou rebellest, that thou wilt break his yoke from off thy neck.*

40. **על חרבך**, i. e. the sword is conceived of as the means of procuring the necessities of life, or as the basis on which Esau's life will rest ; cf. לְי in Deut. 8, 3 עַל הַלְחֵם לְבָבוֹ ; Is. 38, 16 עַל יְהִים יְחִי.

**תְּرִיד.** The root רָוֶד occurs four times in the Old Test., twice in Qal, Jer. 2, 31. Hos. 12, 1, and twice in Hif., here and Ps. 55, 3. רָוֶד is the Arab. *إِد*, conj. I. 'to go to and fro ;' II. 'to desire, long for ;' III. 'to strive after, wish.' In Hebrew the root means 'to wander about unrestrained,' a meaning which suits Hos. and Jer., loc. cit.; Judah being described (Hos. 12, 1) as still wandering about with regard to God, i. e. independently, of his own free will, withdrawing himself from God; so Jer. 2, 3 'רָדָנוּ וְאָשָׁר' (where the Hif'il is used) 'we have wandered about,' i. e. abandoned God. In Ps. 55, 3 (אריך בשיחי) the meaning is slightly different, 'I wander to and fro in my meditation,' 'I am tossed about by anxiety and care.' Del. and Kn. render here, 'when thou roamest about,' but this is unsuitable, as a yoke would not be broken by roaming about, nor could a person under a yoke be well conceived of as roaming about at will. **כַּאֲשֶׁר** in this case would be like Num. 27, 14. Tuch renders, 'when thou rebellest' (cf. Jer. and Hos., l. c.), to which Di. objects that every one who is under a yoke rebels, but does not get free ; but this is not

conclusive against Tuch's rendering. Di. prefers the rendering, 'when thou strivest;' cf. אָדָם, IV, the meaning being, 'when thou, though in bondage, strivest to become free, thou shalt break off the yoke from thy neck, and attain thy desire.' The A.V. renders, 'when thou shalt have dominion' (so Kimchi; cf. Ges., *Thes.*, p. 1269 a), as though חַרֵד were from רְדָה, but this is tautological. Other renderings are, 'when thou shalt wish;' 'when thou shalt bewail,' both extremely doubtful. The Versions seem to have misunderstood the word. Onq. renders it by בְּרִיךְ בְּנֹתֶךְ וּנוּ 'when his sons transgress' etc., probably a paraphrase. Syr. has ḥālāt 55 'and if thou repentest;' but how they get this out of חַרֵד is not clear. LXX have ἡνίκα ἐὰν καθέλης, probably connecting it with יְרֵד, Hif'. The Vulg. has a free paraphrase, 'tempusque veniet cum executias, et solvas jugum ejus,' etc. The Heb.-Sam. has תָּאַדֵּר, Nif'. of אָדָר ('when thou becomest great'), for חַרֵד, so the Book of Jubilees (Di.). The best rendering seems to be either Tuch's or Dillmann's. The A.V.R. renders, 'break loose.' For the fulfilment of the blessing, cf. 2 Kings 8, 20 ff. 16, 6.

41. **אָבִי יְמִינְךָ יָקְרָבְוּ**. Render, 'The days of mourning for my father,' etc., i. e. Isaac would soon die; cf. ver. 4 and ver. 7, and then Esau contemplated taking vengeance on Jacob; אָבִי being obj. genit. Others, e. g. Luther, Kalisch, render as genit. of the subject, 'days of grief for my father,' i. e. Isaac would grieve when he heard of Jacob's death. But the genitive after אָבִל is always obj. genit.

42. 'And they told (lit. it was told) Ribqah the words of Esau;' on the construction, cf. the note on 4, 18.

**מִתְנַחַם**. 'Will revenge himself upon thee,' lit. 'procure for himself satisfaction, or ease (viz. by taking revenge);' cf. the Nif'. אֲנַחַם in Is. 1, 24.

44. **ימים אחדים**. ‘*A few days*,’ lit. ‘*some days*;’ cf. 29, 20; **ובימים אחדים** Dan. 11, 20; **כימים אחדים** 20 mentions a short time in order to persuade Jacob more easily,’ Di.

45. **עד שוב . . . ושבח**. ‘*Until thy brother’s anger turn . . . and he forget;*’ cf. 18, 25 **להמתה . . . והיה**, and the note there.

**גם שנייכם** cf. Prov. 17, 15. They would both perish, as the murderer would (9, 6) be put to death.

## 28.

2. **פָרְנָה אֲרֵם**. The construct state with **ה** local; cf. on 20, 1. The syllable **ה** is pointed with orthophonic Ga’ya (cf. Ges., § 16, 3), so that its sound may be kept distinct from that of the following **א** in **אֲרֵם**; cf. 44, 2; 11, 25; **פָבִיעַ הַפְּסָף** (Baer and Del. ed.); see also Stade, § 56. **פָרְנָה** = **תִשְׁעָעָשֶׂרָה** (Baer and Del. ed.); cf. 4th ed., p. 83.

3. **יִבְרֹךְ אֶתְךָ . . . וְהִיָּתָ**. The perf. with waw consecutive, after the imperf. as a jussive; cf. on 1, 14.

**וַיִּבְרֹךְ יַעֲקֹב שָׂרָה אֲרֵם 12, 13.**

6. **וַיִּשְׁלַח**. We should expect here **וַיִּשְׁלַח**; no adequate reason can be given for the use of the perfect with waw here, where the imperf. with waw cons. would be expected: possibly the present reading has arisen through having dropped out between **ו** and **ש**. See Driver, § 133. Di. explains it on account of its being dependent on **כ**, but this would require the waw conv. with the imperf. when another perfect had preceded, as already **וַיִּשְׁמַע** in ver. 7.

**בָּבְרַכֹּו . . . וַיֵּצֵו.** The imperf. with waw conv. continuing an inf. cstr., a fact being stated; cf. Driver, § 118 ad fin. So 39, 18 וְאֶקְרָא . . . כְּהִרְמִי . . . ; see also Ges., § 132. 3. Rem. 2.

**מְחַלֵּת.** In 36, 3 בְּשִׁמְתָּה (cf. the note there) is the name of the daughter of Ishmael whom Esau married.

**עַל נְשָׂיו = 'in addition to his wives,'** i.e. the wives mentioned 26, 34; so 31, 50 נְשִׁים עַל בְּנוֹתֵי.

Verse 9 forms the apodosis to ver. 6; וַיִּשְׁמַע, ver. 7, being dependent on וַיַּרְא, ver. 6, and וַיַּרְא, ver. 8, resuming the וַיַּרְא of ver. 6.

**וַיִּפְגַּע בְּמָקוֹם 11.** with the article = 'the place,' i.e. the place that was suitable for passing the night.

**מְאַבְנֵי הַמָּקוֹם 12.** 'Some of the stones;' partitive as in 4, 3.

**מִרְאָשׁוֹתָיו = מִרְאָשׁוֹתָיו** 'at his head' for מִרְאָשׁוֹתָיו; cf. מִלְּתָעוֹתָיו for מִתְּלָעוֹתָיו. The plural is the plural used to mark extension of space (as here) or time; see Ges., § 108. 2 a; Stade, § 313 b. The feminine plural being used, according to Stade, § 322 c ('single things in which a definite quality appears') = 'that which is at the head,' just as מִרְאָשׁוֹת = 'that which is at the feet'; cf. מִרְגָּלוֹת מִתְּעֻמּוֹת and מִרְגָּלוֹת 'dainties;' נְפָלוֹת 'wondrous deeds.'

**סָלָם 12.** from סָלַל, with the ending אַיִלָּם from אַיִל, 'goat,' as in בְּנֵי אַיִל; cf. Stade, § 293; Ges., § 87. 1 d. This ending is more frequent in proper names, e.g. אַחֲרָם, מִרְיָם, עֲדָלָם, בְּלָעָם, עַמְרָם. סָלָם is a ἄπαξ λεγόμ. **עַמְרָם**.

**וְרָאָשׁוֹן הַשְׁמִימָה 13.** 'With its top reaching heavenwards;' cf. 11, 4, and see Driver, § 159.

**נִצְבֵּעַלְיוֹן 13.** 'Standing on it' (the ladder). LXX, ἐπ' αὐτῆς; so Vulg., Syriac, Del. Tuch and Di. render, 'standing

*by him*' (Jacob), which perhaps is better (cf. 18, 2), as one does not see why it should be said that Yahweh stood on the ladder, while the thought, 'Yahweh stood by Jacob,' is more natural; and if **עליו** referred to **סלם**, we should expect **לו**, or **ויאמר ליעקב**.

14. **וְקָרְמָה . . . וּנְגַבָּהּ**; cf. on 1, 2.

15. **עַד אֲשֶׁר אִمְתֵּן וּגֹן**. 'Until that I shall have done,' lit. 'until that when'; cf. on 24, 19 and Num. 32, 17; **עַד אֲשֶׁר אִמְתֵּן עָרִים וְהַבְיאָנִים**; Is. 6, 11; cf. Driver, § 160; see on 24, 31.

16. **וְאַנְכִּי לَا יָדַעְתִּי** = 'without my knowing it,' circ. cl.; cf. Driver, § 160; see on 24, 31.

17. **מָה נֹרָא**. 'How dreadful!' cf. Ps. 8, 2 'how glorious!' Num. 24, 5 'how goodly are thy tents,' etc.; see M. R., § 93. Rem. c.

20-22. The apodosis commences with **וְהִי־ּה יְהוָה לִי** at the end of ver. 21. Render, 'If God be with me, and keep me on this journey which I am going, and give me bread to eat, and raiment to wear, and I return safe and sound to my father's house, then shall Yahweh be my God, and this stone,' etc.; so LXX, Pesh., Vulg., Di., Del.; and this division is more natural than that proposed by Tuch, who commences the apodosis with ver. 22. Cf. Driver, § 115, on the perfect with waw conv. after an imperf. with **מִנּוּן**.

## 29.

1. The LXX add after **בְּנֵי קָרֵם**, *πρὸς Λάβαν τὸν νῖὸν Βαθουὴλ τοῦ Σύρου*, ἀδελφὸν δέ 'Ρεβέκκας, μητρὸς Ἰακὼβ καὶ Ἡσαῦ, probably a gloss to harmonise this passage with 28, 5; the expression **ארצה בני קرم** for Mesopotamia—which is only found here—being in itself more or less indefinite.

2. ‘And he looked up, and behold a well in the field, and behold there, three flocks of sheep were lying by it; for out of that well they used to water the flocks,’ etc. 3. ‘And all the flocks used to be gathered thither, and they used to roll away the stone from off the mouth of the well, and water the sheep, and bring back the stone upon the mouth of the well to its place.’

Observe the tenses, which are instructive. The participle **רְבָצִים**, ‘were lying,’ describing the condition at the particular occasion, the frequentative imperfect **יָשַׁקּוּ**, and this followed by four perfects with waw conversive, **וְנִלְלָוּ**, **וְנִאַסְפּוּ**, **וְהַשְׁקָוּ**, **וְהַשְׁבִּבוּ**, describing what used habitually to be done; cf. Driver, §§ 31; 113. 4 β; M. R., § 25; Ges., §§ 127. 4 b; 126. 6 d.

2. **וְהַאֲבָן גְּדוֹלָה**. ‘And the stone on the mouth of the well was great,’ lit. ‘and the stone was great on the mouth of the well;’ without the article, and therefore predicate; so in ver. 7 **הַזֶּעֶד הַיּוֹם גְּדוֹלָה**; cf. Ges., § 110. 3 (misprinted 4 in the 1880 ed.); Dav., § 11. Rule 2; M. R., § 125.

**וְהַאֲבָן גְּדוֹלָה עַל פִּי הַבָּאָר**, i.e. ‘the stone on the mouth of the well,’ etc., which in the more common construction would be **וְגְדוֹלָה הַאֲבָן אֲשֶׁר עַל פִּי הַבָּאָר**; cf. Mic. 6, 12 **וְלֹשׁוֹנָם רְמֵיה בְּפִיהם**.

With these two verses cf. 24, 11 ff. Ex. 2, 16 ff. (where, however, the tenses are different, a *single* occasion only being described).

4. **אֲחֵי** = ‘*my friends!*’ cf. 19, 7.

6. **בָּאֵהֶה** = ‘*is coming*’ participle not perfect; in ver. 9 **בָּאֵה** is accented on the penult., and is therefore the perfect.

7. **לֹא עַת הַאֲסֵף הַמִּקְנָה**. ‘It is not time for the cattle to be gathered together,’ lit. ‘it is not the time of the being gathered together of the cattle,’ i.e. for the cattle to be collected and put up for the night. On the construction of the inf.

estr. with a subj. following and a construct state preceding, cf. Ges., §§ 132. 1 b; 133. 2; M. R., §§ 111, 118.

8. **כָּל הַדְּרִים**. The LXX have *πάντας τοὺς ποιμένας*, reading *בְּלַהֲרֹעִים*, an easier reading than that of the text; so the Sam. here and ver. 3.

**עַד אֲשֶׁר יַאֲסִפּוּ . . . וְגַלְלוּ . . . וְהַשְׁקִינוּ**. The impf. continued by the pft. with waw conv., as in Ex. 23, 30 continued by the pft. with waw conv., as in Ex. 23, 30; **עַד אֲשֶׁר יִאֲשֻׂמוּ וּבְקַשׁוּ פְנֵי ۱۵**; **אֲשֶׁר חָפְרָה וְנָחַלָת אֶת הָאָרֶץ**, and often; cf. Driver, p. 161.

9. **עוֹדָנוּ מִדְבָּר . . . וּרְחַל בָּאָה**. Cf. on 38, 25.

10. **אֲשֶׁר לְאָבִיה**. to express the genitive, as in 40, 5 **לְצַאן אֲשֶׁר לְעַבְדֵּךְ ۴۷, ۴**; **הַמְשָׁקָה וְהַאֲפָה אֲשֶׁר לְמֶלֶךְ מִזְרָחִים**; see Ges., § 115. 1; M. R., § 83.

11. **וַיּוֹשַׁק יַעֲקֹב** (ver. 13) *Piel* = ‘to kiss fondly,’ or ‘cover with kisses,’ as distinguished from the Qal **נִשְׁקָה** (here) ‘to kiss;’ cf. *φιλέω* and *καταφιλέω* in Greek.

12. **אֶת שְׁמָעֵי יַעֲקֹב**. LXX, *τὸν ὄνομα Ιακώβ*; so LXX in Num. 14, 15. 1 Kings 10, 1, possibly confusing with **שֵׁם שְׁמָעֵי**, which was very similar in sound.

13. **חֲדַשׁ יְמִים**. ‘A month, days,’ i. e. a whole month; cf. **יְמִים**: **חֲדַשׁ יְמִים ۲۰** ‘two years;’ Num. 11, 20 **שְׁנָתִים יְמִים ۱**, being loosely subordinated to **חֲדַשׁ**; see Driver, § 192. 1; Ewald, § 287 h; Ges., § 118. 3; M. R., § 71. 4.

14. **הֲבִי אָחִי וְנוּ**. Cf. 27, 36. ‘Art thou, as a brother, to serve me for nothing?’ lit. ‘is it the case that thou art my brother, and shouldest serve me for nothing?’ cf. the Vulg. ‘num quia frater meus es, gratis servies mihi?’ On, perf. with waw conv. after **כִּי**, without an imperf. preceding, cf. Driver, § 123 γ.

15. **וַיַּעֲנִי לֹאָה רְכוּת**. The predicate in the plural with the subject in the dual, as the dual in Hebrew only occurs in

a few nouns, never in the verb or adj. (contrast the Arabic); see M. R., § 134; Ges., § 146. 5.

**רכות.** ‘*Weak*,’ lit. ‘*tender*,’ neither bright nor clear. So LXX and Syr. But Onq. and Saadiah take רכחות as meaning ‘*beautiful*,’ as though Leah had fine eyes, but otherwise was not so handsome as Rachel. Good eyes were considered by the Orientals one of the essentials of beauty; cf. Song of Songs 4, 1. 1 Sam. 16, 12.

18. **שבע שנים.** Jacob wished to purchase his wife by seven years’ service without hire, the seven years’ service taking the place of the ordinary price (*מהר*) paid the wife’s relatives before marriage; cf. 24, 53. 34, 12. Hos. 3, 2. 1 Sam. 18, 23 ff.

19. **טוב תתִּי וגו'.** ‘*It is better for me to give her to thee, than for me to give her to another man;*’ cf. Ex. 21, 12, 14, 12. טוב לנו פנאת נג' *and* עבד את מצרים ממתנו במדבר so ver. 19.

**לאיש אחר**, i.e. a stranger; cf. Jer. 6, 12. 8, 10. At the present day in Arabia the cousin is preferred as a husband to a stranger; cf. Lane, *Manners and Customs*, vol. i, p. 167.

21. **הבה את אשתי.** *הבה* is accented on the last syllable, on account of the light consonant א in *את*, that both ה and א may have their full sound.

22. **מישתת**, i.e. the wedding banquet; cf. Judg. 14, 12. Tobit 11, 19.

23. The bride was brought to her husband veiled (cf. 24, 65), and so the deception practised by Laban could easily be accomplished.

26. **לא יעשה וגו'.** ‘*it is not customary in our land,*’ lit. ‘*it is not wont thus to be done;*’ cf. 34, 7 *וְבָן לֹא יַעֲשֶׂה*; 2 Sam. 13, 12 *כִּי לֹא יַעֲשֶׂה כֵן בִּיִּשְׂרָאֵל*.

27. **שבע זאת.** The wedding festivities usually lasted a week; cf. Judg. and Tobit, l. c.

28. **וּנְתָנָה**, i. e. Laban and his relatives; cf. 24, 50. The LXX and Sam. read **וְאַתָּן**.

29. **גַם אֶל רָחֵל**. **גַם** in **גַם אֶל** = 'also;' the second **רָחֵל** may either emphasize Rachel only (see Ges., § 155. 2 a), or may be taken with **מִן** = 'etiam,' 'still more than,' which is perhaps a little forced. Di. condemns both ways as against the usage of the language, and following the LXX and Vulg., rejects the second **גַם**. Knobel takes the second **גַם** with **וַיַּאֲהַב**, i. e. did not only go in to her, but also loved her: but this would require **וַיַּאֲהַב גַם אֶחָב**; cf. 31, 15. 46, 4.

**וַיַּאֲהַב . . . מְלָאָה**. On the comparative, cf. M. R., § 49. 2; Ges., § 119. 1.

31. **שְׁנוֹאָה**, not absolutely 'hated,' but relatively 'less loved'; cf. Deut. 21, 15. Matt. 6, 24.

32. **אָמְרָה כִּי**. **אָמְרָה** as in 26, 22; cf. the note there; so ver. 33.

33. **רָאָה . . . בְּעֻנִּי** = 'to look upon with compassion;' so Sam. 1, 2; Ps. 106, 44. **וַיַּרְאָ בָּצֶר לְהֶם**

**יְאַחֲנִי**; cf. 19, 19 and the note there.

33. **שְׁמַעַן** = 'hearing.'

34. **וַיְלֹה . . . אֲלִי**. 'Will become attached to me;' cf. Num. 18, 2. 4. **לִי** as though = 'attachment' or 'dependent.'

**קָרָא.** As the mother in the case of the other three sons, Simeon, Reuben, and Judah, gives them their names, so probably the reading of the LXX, *ἐκάλεσε* (not *ἐκλήθη*), Syr. *لَمْ* = **קָרָא**, is correct. **קָרָא** would = 'one called him,' 'people called him.'

35. **יְהוֹדָה** = 'praise,' 'a subject of praise.' A Hof'al derivative; cf. Ps. 28, 7. 45, 18. Neh. 11, 17, where the ה of the Hif'. of יְהִדָה (וּדָה) is irregularly retained.

30.

(cf. Is. 65, 11, where it is the Babylonian god of good fortune, identified with Bel, and later with the planet Jupiter) was the name of an old Phoenician and Canaanitish god. Traces of the name are still preserved in the proper name בָּעֵל נֶד, Josh. 11, 17, and the Phoenician proper names נְדַעַת, נְדַעַם; see Euting, *Sechs Phönizische Inschriften aus Idalion*, p. 14 (1875). The Ktb. might be read בְּנֶד, and explained by Ges., § 102. 2 c, the ב being pointed with pretonic qameç; the meaning being, as above, ‘*I am in luck.*’ But this is improbable.

The A.V. (but not the A.V. R., see Prof. Driver’s paper on the Revised Version in *The Expositor*, July, 1885) and Gr. Ven. (*ἥκει στράτευμα*) give the meaning of נֶד the meaning of נְדוֹד; cf. 49, 19. But נֶד never means ‘*a troop.*’ and 49, 19 is not decisive on the meaning here.

13. **בָּאֲשָׁרִי** = *In my prosperity!* i.e. I am in luck; cf. ver. 11.

**כִּי אֲשָׁרוֹנִי** ‘*For the daughters are sure to call me lucky;*’ cf. Is. 11, 9; **כִּי מְלֹאת הָרִין דָּעוֹת** ‘*For the daughters are sure to call me lucky;*’ cf. Jer. 25, 14; Driver, § 14β; M. R., § 3. 1; Ges., § 126. 4; Dav., § 46. 2. 3.

**אֲשָׁר** = ‘*the lucky one;*’ cf. ?**אֱשָׂרָה** = ‘*the goddess of good fortune.*’

14. **דָּודָאִים** is pl. of **דָּודִי**, **לְלָאוֹת** from an obsolete singular **לְלָלִי** of the singular being softened into in the plural; so **צָבָאִים** and **צָבָאות**; **חַלְאִים**, pl. **חַלְאוֹת**; **פְּתִי**; **פְּתִיאִים**, pl. **פְּתִיאֹת**; cf. Stade, §§ 122. 301 a. **דָּודָאִים** = ‘*love apples;*’ i.e. the fruit of the *Mandragora vernalis*, or mandrake, of a yellow colour, and similar in shape to an apple; found in Palestine, especially in Galilee. There seem to have been two kinds of **דָּודָאִים**, the *Mandragora vernalis* and *autumnalis* (Song of Songs 7, 14), unless we suppose with Tuch that in

<sup>1</sup> But cf. Baer and Del., *Liber Psalmorum*, Lipsiae, 1880, p. 115.

this passage the fruit is intended (at the time of the wheat harvest, i. e. May to June), while in Song of Songs the blossom is meant (cf. the LXX rendering in Song of Songs, *οἱ μανδραγόραι*, with their translation here, *μῆλα μανδραγορῶν*). On the supposed efficacy of the דָוָרָאִים as love potions, see Tuch, p. 385 f., and the authorities cited by him.

15. ‘*Is thy taking away my husband a little thing, and (art thou) for taking away the love apples of my son too?*’ cf. Esth. 7, 8 חַנְמָלֵךְ לְכֹבֶשׁ אֶת הַמְלָכָה; 2 Chron. 19, 2 הַלְּרָשָׁע לְעוֹז וְלִקְחָתָה is not perf. as Tuch, but inf. cstr. used as a periphrastic future; see Driver, § 204; also Ges., § 132. 3. Rem. 1. Di. remarks that ‘the inf. וְלִקְחָתָה (“and to take” = “and thou wilt take”?) expresses the intention more forcibly than the more natural construction with the perfect וְלִקְחָתָה; see 20, 16.’

16. שָׂכָר שְׁנָרְתִּיךְ, i. e. by giving Rachel some of the love apples.

**בְּלִילָה הוּא;** cf. 19, 33 and the note there.

18. **יִשְׂכָר.** The reading given in Baer and Del.’s edition is pointed יִשְׂכָר, with the Kri *perpetuum* יִשְׂכָר, i. e. wherever يִשְׂכָר occurs in the O. T. it is always pointed يִשְׂכָר, as though there were no second ש: this is the reading of Ben Asher (the Tiberian or Occidental punctuation). Ben Naftali reads يִשְׂכָר (the Babylonian or Oriental punctuation); cf. Baer and Del., *Gen.*, p. 84. On the readings of Ben Asher and Ben Naftali, see Bleek-Wellhausen, *Einl.*, pp. 563, 614 f.; Bleek, *Introduction*, Eng. trans., ii. p. 463; Strack, *Proleg.*, p. 36 f., *De codicibus Orient. et Occident.* Ben Asher’s reading נִפְנֵי is perhaps a derivative from the Nif’al of שָׂבָר = ‘got for hire’ (Wright); so apparently the LXX, Ἰσσάχαρ; Vulg. *Issachar*; Syr. نَسْخَار; Saad. بِسَحَّار; Josephus, ἐκ μίσθου γενόμενος. The reading of Ben Naftali, يִשְׂכָר, is the same as that of Ben Asher, but

written differently. Some think that Ben Naftali read יְשַׁבֵּר ('affert proemium') = יְשַׁבָּא שָׁבֵר; see Baer and Del., loc. cit., 'At certe de Ben Naf. falluntur.' Mose ben Mocha read יְשַׁבֵּר 'est proemium,' after Jer. 31, 16. 2 Chron. 15, 7.

20. זְבָלָנִי and יְזָבָלָנִי are both ἀπαξ λεγόμ.

זְבָלוֹן (of the same form as יְשֻׁרוֹן) = 'habitation.' In this verse two explanations of the name are given, (a) זְבָד ... זְבָד (presented me with a goodly present,) and (b) זְבָל (with the acc. like שָׁבֵן) נָגֵר שָׁבֵן, 'will dwell with me,' probably being derived from different documents; so ver. 24.

21. דִּינָה = 'vindication;' the daughter's name is here given, as necessary to explain chap. 34. Jacob's daughters are elsewhere presupposed (46, 7. 37, 35), but not mentioned by name.

24. יְוִסֶּף explained from ver. 23 אֲסֵף אֱלֹהִים אֶת חֶרְפָּתִי, as though it were יְאַסֵּף = 'taker away,' i. e. of my reproach of childlessness. In 24<sup>b</sup> the name is explained differently, אחר זְבָל (may Yahweh add to me another son,) so = 'multiplier'; see on ver. 20, and cf. 35, 18.

27. אִם נָא מִצְאָתִי וְגוּ. 'If now I have found favour in thine eyes,—I have observed the omens, and Yahweh has blessed me for thy sake.' The apodosis to אִם נָא מִצְאָתִי וְגוּ is suppressed; the apodosis would perhaps run אל נָא חָעֵב מְעַלִּי, as in 18, 3. The words cannot be translated 'Would that I had found favour in thy eyes' (Ges. in Thes.), as this would require the imperf., not the perfect; cf. Ps. 81, 9. 139, 19. נְחַשְׁתִּי; see on 44, 15. The LXX have οἰωνισάμην ἀν, making נְחַשְׁתִּי into the apodosis to אִם מִצְאָתִי. The A.V. renders, 'I have learned by experience,' following the Vulgate 'experimento didici.'

<sup>1</sup> In Assyrian the root *zabal* = 'to bear,' 'lift up;' it is possible, therefore, that it should be rendered, 'will lift me up,' i. e. 'honour me'; see Cheyne's crit. note on Is. 63, 15; Del., *Heb. Lang.*, p. 38 f.; and his *Prolegomena* (Leipzig, 1886), p. 62.

28. **עַלְיוֹ** = lit. ‘upon me.’ **לְ** because it will be as a burden to him; cf. 34, 12.

29. ‘Thou knowest how I have served thee, and what thy cattle has become with me?’ **וְאֵת אֲשֶׁר הָיָה** and **אֲתָה עֲבֹדָתִךְ** **וּנוּ** are both accusatives after **יָדַעַת**. **אֲתָה** is emphatic, ‘*thou with whom I have been in service shouldest know.*’ **אֲתָי** ‘with me,’ i. e. under my care.

30. **רוּפְרַץ**. Waw conv., as in Ex. 9, 21, which compare.

**לְרַגְלֵי**, lit. ‘at my steps,’ i. e. wherever I went; cf. Is. 41, 2 **צַדְקָה יָקְרָאָהוּ לְרַגְלָוּ** ‘whom righteousness meeteth wherever he goeth;’ Job 18, 11 **וְהַפִּיצָהוּ לְרַגְלֵיו**.

**גַם אָנֹכִי**. Emphatic, ‘I too.’ You have been prosperous, when shall I begin prospering?

31. **אָשָׂוֶה אֲרַיעָה**. ‘I will again feed;’ so 26, 18 **וַיֵּשֶׁב** and Isaac dug again.’ Two verbs to express one idea, where in English an adverb is used; so Ps. 7, 13 **וַיִּשְׁׁוֹב** ‘will again sharpen;’ see Ges., § 142. 3 b; M. R., § 30 a.

32-43. These twelve verses are very obscure, possibly corrupt. In ver. 31, Jacob, in answer to Laban’s request to tell him what reward he desires, replies that Laban is to give him nothing if he will accede to a proposal he has to make. In ver. 32, Jacob proposes to go through Laban’s flock, and separate the particoloured and black sheep, and all the particoloured goats. The normal colour of the goats is black, or at least dark-brown; that of the sheep, on the contrary, white; see Song of Songs 1, 2. 6, 6. Dan. 7, 9; cf. Song of Songs 1, 5. The greater number of the sheep and goats would naturally be of normal colour, white and black respectively. Jacob proposes that the abnormal cattle

shall be his hire. Laban, vers. 34–36, consents to Jacob's proposal, and separates the normal and abnormal coloured sheep and goats, and sends the latter off, under the charge of his sons, three days' journey distant from the remainder of his flock of normal coloured animals, left in Jacob's charge. Jacob, in order that the animals left with him may bring forth a greater number of abnormal coloured offspring than they would usually produce, has recourse to the stratagem of the peeled rods in the drinking-troughs (37–39). Ver. 40 seems to contain a second contrivance on the part of Jacob to increase his flock, but the text is very obscure and almost certainly corrupt (see the note there). Vers. 41, 42 either contain a third stratagem, or refer to the previous two (the frequentative tenses perhaps supporting the latter view), 41, 42 being a more detailed account of the contrivance practised in vers. 38, 39.

32. **היום** seems to imply that the cattle separated *that day*, if of abnormal colour, were to belong to Jacob; but against this is firstly ver. 31, where Jacob declines any hire, and secondly vers. 35, 36<sup>b</sup>, where Laban, not Jacob, separates and drives off the abnormal coloured cattle, which seem, according to ver. 32, to belong to Jacob, but here are apparently regarded as Laban's. To avoid this difficulty, some, e. g. Tuch, suppose that Jacob's hire is to be the abnormal coloured cattle that would be born, cf. ver. 37 ff.; but nothing is said of this in ver. 32, and it is questionable whether **והיה שכרי** would fit in with this view. Di. proposes to alter the accentuation of ver. 32, and point the first **טלוֹא** with *Athnach*; then the meaning would be '*every black sheep among the sheep, and spotted and patched among the goats, shall be my hire*', i. e. you are to give me nothing now, but the abnormal coloured cattle born after the division, in ver. 32, has taken place will be

mine; cf. מחר, ver. 33. This seems the simplest solution of the difficulties.

הסר is inf. abs. Others prefer taking the as imperative, addressed to לבן, which suits ver. 35, but not נך. עבר 'spotted and patched' טלוֹא is not found again outside this chapter, except in Ez. 16, 16, pl. fem. טלאות. והיה שכרי 'and (these) shall be my hire,' i.e. the sheep and goats of abnormal colour that shall be born after the division mentioned in this verse has been carried out; see above. שה is used here of both sheep and goats, being further defined by עזים and כשבים. Ver. 35 is a more minute description of this verse. The LXX have παρελθέτω, reading the easier reading עבר בכל; Vulg. 'gyra omnes greges tuos' (בעבר בכל), both regarding הסר as imper.

**כשבים.** A form peculiar to the Pent., for which we find elsewhere כבשים.

וענתה בי צדקתי. Mühlau and Volck (Ges., H.W.B., 9th ed.) render here and 1 Sam. 12, 3, 'bear witness for me;' but as ב...עננה always elsewhere means 'to bear witness against,' and as this meaning is not unsuitable in 1 Sam. 12, 3, it is preferable to follow Del. and render 'my righteousness shall testify against me,' i.e. I shall be self-condemned (Wright).

**בַּיּוֹם מִחר** = 'hereafter;' cf. Ex. 13, 14. Deut. 6, 20. Josh. 4, 6.

**כִּי תָבָא . . . לְפָנֵיךְ**. 'When thou comest about my hire, before thee,' i.e. when thou comest to inspect the cattle (my hire) which will be before thee; or לפניך may be connected with וענתה בי צדקתי, in the sense 'my righteousness will testify against me . . . before thee;' but the position of לפניך, at some distance from בי צדקתי, is against this.

**וְחֹם**, as the black sheep, being Jacob's hire, could not be regarded as stolen.

35. **יָסַר**, imperf. Hif<sup>c</sup>., not Qal, although the apocopated imperf. third pers. masc. sing. Qal and Hif<sup>c</sup>. are the same, the context alone deciding the conjugation intended. Laban is here the subject, as is clear from **בְּנֵינוּ** at the end of the verse, and **בּינוּ וּבּין יַעֲקֹב** in the next verse. The cattle left with Jacob were of normal colour, white sheep and dark-coloured goats.

36. **בּינוּ** 'between him.' LXX and Sam. **בּינֵים** (*be-*  
*tween them*,' i.e. his sons.

37. **מִקְלָה** doubtless collective, hence the fem. (as **בְּהָنָן**, cf. Jer. 4, 29<sup>b</sup>, shews); elsewhere it is masculine.

**לְבָנָה** = 'Styrax' (*Styrax officinalis*). Arabic **لْبَنَى**. The noun is of the same form as **פְּשַׁתָּה**, **אַשָּׁה**, **תְּ** = '— (cf. the Arabic name ending in **ى** = '—, and see Stade, § 301 b), from **לְבָן**, so called on account of the milk-like gum that flows from it when its bark is cut. Others, following the Vulg. here and the LXX in Hos. 4, 13, render '*poplar*'; so A.V. here.

**לוֹז** = 'almond.' Arabic **لُوز**, Aram. **חَوْزَةٌ**. Del. remarks that **לוֹז** is the more Aramaic-Arabic word for **שְׂקָד**.

**עַרְמוֹן** = 'plane tree' (*Platanus orientalis*), from **עַרְם** 'to strip,' so called because the bark peels off from year to year, and the tree becomes as it were naked.

**מְחַשֵּׁב** = **חַשְׁבָּ**, inf. abs. 'exposing the white;' one of the very few instances in Hebrew of an abstract form with the force of an infinitive; so **מְפֻעָה**, **מְקֻרָא** (as inf. cstr.) from **נְסָעָה**, **מְצֻוָּה** (Neh. 12, 45, with acc.); cf. Ewald, § 239 a. In Aramaic the inf. of the first conjugation (=Qal) is formed by prefixing **מְ**.

38. **רָהִטִּים**, rare and Aramaising, here explained by שְׁקָתֹות מֵיַם.

שְׁקָתֹות is pl. of שְׁקָתָה, like אֶמְרָתָה, Ps. 12, 7, from אָמֵר; cf. Stade, § 187 b; Ewald, § 212 b, who cites from סְבָבֵי from סְבָבָה, 'over against.'

וַתְּחַמֵּנָה from חַמֵּן, instead of חַמֵּם, as 1 Sam. 6, 12 נִשְׁרָנָה; Dan. 8, 22 יִעֲמֹדְנָה (all). In Arabic the third fem. pl. form is يَقْسُلْنَ, and in Aramaic يَكْتَلَنْ; see Ges., § 47. 3. Rem. 3; Stade, § 534. 1. *H. W. B.*, 9th ed., gives the root as יְחַמֵּן, not יְחַמֵּם = יְחַמֵּנָה, חַמֵּם = יְשַׁבֵּן; cf. יְשַׁבֵּן from יְשַׁבּ. If it is from חַמִּים it follows the analogy of يَرْكَ, يَمْرَ, يَرْكَ, يَمْرَ.

39. **וַיְחַמְּמוּ**, plural masc., because the male animals are included. יְחַמְּמָא = חַמָּם is either imperf. from יְחַמּוּ or imperf. Qal of אָחָרִי for יְחַמּוּ or יְחַמּוּ for יְחַמּוּ; cf. Judg. 5, 28 אָחָרִי for יְחַמּוּ; Ps. 51, 7 יְחַמְּתַנִּי for יְחַמְּתַנִּי; see Ges., §§ 64. 3. Rem. 3; 67. 5. Rem.; cf. Stade, § 523 d, who regards יְחַמּוּ as lightened from יְחַמּוּ, for יְחַמּוּ, after the analogy of verbs לְהַחֲמֵן, 'to heat,' after the analogy of verbs

**אֶל הַמְּקֻלּוֹת**. Cf. 24, 11, 'at the well of water.'

**עֲקָדִים** = 'striped.'

40. **וְהַכְשָׁבִים** are the particoloured animals, goats and sheep; these Jacob separated from the normally coloured animals in Laban's flock. He then turns Laban's normal coloured animals in the direction of the striped, so that they might have these before their eyes. But these abnormal coloured animals belong to Jacob, according to his agreement with Laban, and so cannot be spoken of as עֲקָר וְכָל חֹם בְּצָאן לְבָן. If the text were emended as follows, the difficulty would disappear, i. e. 'he set the face of Laban's flock towards what was striped and (towards) everything dark in his own flock.' לְבָן has fallen out

of its place after צאן, which then received the article, and the waw of בצאנו disappeared before the waw of יונשׁ. Knobel emends by reading כל עקר, with Onq., Ps.-Jon., and takes פְנִי for 'before,' as Ex. 23, 15. Ps. 42, 3; but then Jacob's dark and particoloured cattle are described as Laban's. Wright adopts Knobel's emendation, but avoids the above-mentioned difficulty by deleting לבן and reading בצאן. לבן might certainly have crept in, from the לבן in the next line. Del. retains the text, and supposes that after the first separation, ver. 32, the normal and abnormal coloured cattle were left together. But the abnormal cattle could hardly be called Laban's even in that case, and it seems scarcely possible that Laban, who apparently was anxious to prevent any duplicity on Jacob's part (cf. ver. 35, where *he*, not Jacob, separates the normal and abnormal coloured cattle), would passively submit to this second stratagem by leaving his own cattle (i. e. those that were sent away under his sons' care, cf. ver. 32) under Jacob's charge.

41, 42. The old translators explain these verses by the fact that the strong cattle bring forth their young in winter, and the weak cattle theirs in the spring: thus המקשנות would be the winter cattle, and העטפים the spring cattle.

41. ויהי . . . ושם, perfs. with waw conv. in a frequentative sense; see Driver, § 120. ליחמּפהּ is inf. Pi'el of יחם, with the third pl. fem. suffix נָהָה for נָהָת; cf. 41, 21 קָרְבָּנָה, and see Ges., § 91. 1. Rem. 2; Stade, § 352 b. 2, who remarks that the dagesh should be struck out.

43. רבות צאן, the collective being construed with a plural adjective; cf. 1 Sam. 13, 15, את העם הנמצאים עמו; 1 Sam. 17, 28, מעת הצאן ההנה; cf. Ges., § 112. 1. Rem. 3; M. R., § 85. Rem. b.

## 31.

1. **הכבד הזה** = ‘*this wealth*;’ cf. Is. 10, 3. Ps. 49, 17.

4. **השׁדה** is acc. of place; see M. R., § 41 a; Ges., § 118. 1.

5. **איןנו**, referring to **פָנִים**; cf. Lam. 4, 16, where **פָנִים** is followed by a singular verb.

6. **וְאַתְּנָה** for **אַתְּנָה**, also pointed **אתְנָה** (cf. the Arabic **أَنْتُنَّ**), is only found again in Ez. 13, 11. 20. 34, 17; see Ges., § 32. Rem. 5; Stade, § 178 c.

7. **הַתֵּל** for **הַתֵּל**, with retrogression of the tone by Ges., § 29. 3 b; Stade, § 88. 2 b. **הַתֵּל** is Hif. of **תֵּל**; cf. the Lexic. and Ewald, § 127 d. The **ה** of the Hif. is retained, as though it were a radical letter, in the forms **יְהַתֵּל** (notice the dag. in **ל**), Job. 13, 9; **יְהַתֵּל**, Jer. 9, 4; **וַיְהַתֵּל**, 1 Kings 18, 27: see Stade, § 145 e, and Wright, *Gram. Arab.*, i. p. 37.

**הַתֵּל . . . וְהַחֲלִיף**. I. Either like Num. 11, 8 . . . **וְלֹקְטוּ**, ‘the fact being stated summarily by the perfect, and this tense being followed by the perfect with waw conv.;’ see Driver, § 114 a. II. Or like Num. 21, 15 . . . **נָתָה . . . וְנִשְׁעַן**: **וְהַחֲלִיף** not being *subordinate* to **הַתֵּל** (the imperf. with waw conv. would be required then) but *co-ordinate*; see Driver, § 132.

**עֶשֶׂרֶת מְוּנִים**. ‘*Ten times*;’ LXX, δέκα ἀμυῶν, possibly corrupted out of a reading μυῶν. The translators, not understanding **מְוּנִים**, wrote the Hebrew word in Greek, and this passed over into ἀμυῶν; cf. Frankel, *Einf.*, p. 18, and ver. 41. The word **מְוּנִים** is peculiar to this chapter, elsewhere **פֻעַמִּים** is used, e. g. Num. 14, 22. Aq. has δέκα ἀριθμούς, Symm. δεκάκις ἀριθμῷ.

8. The account of the agreement made between Jacob

and Laban in this chapter differs from that in chap. 30, and appears to be derived from a different source.

**נִקְדִּים וַיְהִי.** *יהִי*, the singular is perhaps due to the following שָׁכֶרֶךְ; see Ges., § 147 d.

'If he were to say thus, *The spotted shall be thy hire*; then all the flock used to bring forth spotted: and if he were to say thus, *The striped shall be thy hire*; then all the flock used to bring forth striped.' Cf. Num. 9, 19-21. Ex. 40, 37 וְאַם לَا *יעַלְהַה הַעֲנָן וְלَا יִסְעוּ* (the apod. being in the imperf., as the waw is separated from the verb by לֹא); see Driver, § 136 δ. Obs., cf. § 123 β.

9. **אָבִיכֶם** for **אָבִיכֶן**; cf. on 26, 18.

10. **טָלָא** = **בָּרְדִים**, in 30, 32; it is found twice again in Zech. 6, 3. 6 (of horses), and = 'speckled' probably = 'covered as it were with hailstones' (*ברַד*), so 'white spots on a dark ground' (Tuch).

13. **בֵּיתָהָל**. **הָאֵל בֵּיתָהָל**. 'I am the God of Bethel.' Being loosely connected with **הָאֵל**, instead of being subordinated in the genitive; cf. 2 Kings 23, 17 (but cf. Driver, § 191. Obs.). Or **הָאֵל** may be regarded as construct state with the article, see Ewald, 290 d (3), who cites other instances, e.g. Jer. 48, 32, etc.; see also Is. 36, 8. 16; and cf. M. R., § 76 b; Ges., § 110. 2 b.

14. **וְתַעַזְ... וְתִאמְרָנָה**. On the first verb with a compound subject in the singular and the second in the plural, see Ges., § 148. 2; cf. also M. R., § 138.

15. **וַיֹּאֵכֵל גַּם אֲכֻלָּל**. 'And goes on to eat up;' cf. on 19, 9. **גַּם**, emphasizing the verb as in 46, 4. Num. 16, 13; cf. the note on 29, 30.

16. **כִּי**. 'So that;' so Del. and Kn., comparing Job 10, 6.

Deut. 14, 24. Di. prefers the rendering ‘rather,’ or ‘nay, rather;’ cf. Ps. 37, 20. 49, 11.

19. **הָלַךְ לֹגֶז**. In 38, 13 we find **לֹגֶז**, the shorter form; cf. **לִסְכֵב**, Num. 21, 4, and the short form **סָכַב**, Deut. 2, 3; see Stade, § 619 e; Ges., § 67. Rem. 10. **הָלַךְ** is pluperfect, ‘had gone.’

= **הַתְּרָפִים** = ‘*The Teraphim*,’ Laban’s household gods. LXX here *τὰ εἴδωλα*, but the word is variously rendered by them in the other passages where it occurs. The Teraphim were of human form (1 Sam. 19, 13), and were worshipped as gods (ver. 30. Judg. 18, 24). Their worship was not recognised as legitimate (see 2 Kings 23, 24; cf. Gen. 35, 4 and Hos. 3, 4), yet they were at all times regarded as household oracles (Judg. 18, 5. Zech. 10, 2. Ez. 21, 26), and (possibly) as bringing prosperity; therefore Rachel takes them with her, to avoid bringing misfortune or ill luck on her household; cf. Judg. 18, 17, where the Danites take Micha’s household gods. The pl. form may here only denote a single image, as in 1 Sam. 19, 13 (see Ges., § 108. 2 b); cf. **בָּעָלִים** and **אֲדָוִנִים**, both used as intensive plurals; the pl. suf. in ver. 34, and **אֱלֹהִי** in ver. 30, not being decisive in favour of taking **תְּרָפִים** as a real plural; cf. Ewald, § 318 a. No certain etymology has yet been found. The one most commonly given is from the Arabic **تَرَفَ** ‘*commode vivere*,’ which would agree with the idea that the **תְּרָפִים** were the gods who were supposed to bring good fortune to those who worshipped them; but it is not certain that **תְּרָפִים** does not rather mean ‘*to be soft*;’ cf. Tuch, p. 395; Del., p. 555, who also suggests a comparison with the Sanskrit *tarp*, ‘*to be full*.’ The **תְּרָפִים** stood in no connection with the **שׁׂׂדֵפִים**.

20. **וַיַּגְנֵב . . . אֶת לֶב** = ‘*deceived*;’ cf. 2 Sam. 15, 6

בְּנִינְגָּב אֶבְשָׁלֹם אַת לְבָ, but in the sense ‘to win over secretly;’ cf. κλέπτειν νόον and κλέπτειν τινά (Del.).

**לֹא = בְּלִי** is only found here. **לֹא = בְּלִי** with the finite verb, occurs in Job 41, 18. Hos. 8, 7. 9, 16 (Ktb.). Is. 14, 6; see Ewald, § 322 a. Render, ‘In that he did not tell.’ On **לְעַ**, cf. Ges., § 104. 1 c.

21. **הַבָּהָר.** ‘The river’ *par excellence*, i. e. the Euphrates; see Ges., § 109. 2. So often, e. g. Is. 27, 12. Ps. 72, 8.

23. **אֲתָּה אֶחָיו.** ‘His friends and fellow-tribesmen;’ cf. Lev. 10, 4. 2 Sam. 19, 13.

25. **בָּהָר . . . בָּהָר הַגְּלִיעָד.** From a comparison of vers. 21 and 23 with this verse, Jacob and Laban apparently encamped in the same place (so Vulg.); yet the narrative evidently implies that Laban encamped in one place and Jacob in another. Possibly in vers. 21, 23, and here, **הַר נְלָעֵד** may mean the hill country of Gilead in general, “גַּן” (like “ארץ גַּן”) in the O. T. being the name of the mountain range and country of Gilead, south of Jarmuk, up to the plain of Heshbon (Deut. 3, 12 f. Josh. 17, 1. 5. 2 Kings 10, 33, and often). In ver. 25, Jacob encamped **בָּהָר**, which seems to point to some special hill, possibly the hill called at the present time Gebel Gil‘âd, on the south bank of the Wâdy Jabbok (cf. ver. 54). Jacob’s camping ground would then be described as **בָּהָר** (a special hill, with which the reader would be familiar), while Laban’s is described as in the neighbourhood (cf. ver. 25, **וַיֵּשֶׁגֶג**), the actual spot not being indicated.

26. **עֲשִׂית וְתַגְנֵב.** The imperf. with waw conv. used to define **שְׁשָׁה**; so in 1 Sam. 8, 8. 1 Kings 2, 15; see Driver, § 76 a.

27. **למה נחבאת לברך?** ‘*Why didst thou fly in secret?*’ see 27, 20; and cf. Ges., § 142. 4. Rem. 1.

**וְאָשַׁלְחָךְ.** ‘*And so I could have sent thee away;*’ see Driver, § 74 a. On the ~~—~~ in **וְאָשַׁלְחָךְ**, see Ges., § 65. 2. note; also Stade, § 633 a.

28. **הֲסִכְלָת עֲשֹׂו** = **עֲשָׂו** ‘*thou hast acted foolishly.*’ for **עֲשָׂות**; cf. **רָאָה**, 48, 11; **עָשָׂה**, 50, 20; **עָשָׂה**, Ex. 18, 18; and see Ges., § 75. Rem. 2; Stade, § 619 k. In the **הֲסִכְלָת עֲשֹׂו** the construction is the same as in 8, 10 **שְׁלָחָנָה**.

29. **יָשׁ לְאָל יְהִי.** Cf. Mic. 2, 1. Prov. 3, 27; the neg. is **אֵין לְאָל יְדָךְ**, Deut. 28, 32. Neh. 5, 5. Hitzig explains the phrase as meaning ‘*My hand is for God,*’ which would be suitable if the meaning intended were, ‘*I am capable or able to do everything,*’ but scarcely suitable when the meaning is, as here, ‘*I have the power.*’ Schumann, quoted by Wright, p. 87, renders, ‘*My hand belongs to strength,*’ i.e. is strong, on which Maurer remarks that in prose this would require **יָשׁ אֶל לְיָדִי.** Del., Tuch, Ges., Di. render, ‘*It is in the power of my hand;*’ see Ges., § 152. 1.

**אָבִיכֶם.** The plural suffix refers to Jacob and those who were with him.

30. ‘*And now (when) thou art going right away, for thou longest sore for thy father’s house, why hast thou stolen my gods?*’ **הַלְךָ** and **נִכְסָף** are infs. abs., prefixed to the finite verb for emphasis; see Ges., § 131. 3 a; Dav., § 27. Rule; M. R., § 37 a. **נִכְסָף**, on the form, cf. Ges., § 51. Rem. 1.

31. **כִּי יְרָאָתִי.** Cf. the note on 20, 11.

32. **עִם אֲשֶׁר** ‘*with whomsoever,*’ for **עִם . . . אֲשֶׁר**; the phrase is unusual, yet imitated here by the Syriac, ? **حَمَّا مَّعَ**;

see Ewald, § 333 a; Ges., § 123. 2. foot-note; M. R., § 158. Rem. a. In 44, 9. 10 we have the regular construction **אֲשֶׁר . . . אָתָּה**.

33. **הַאֲמֵתָּה** is pl. of **אִמָּה**, with the insertion of a **ה**; see Stade, § 188; Ges., § 96; and cf. the Arabic **أَمَّةٌ**, pl. **أَمْوَاتٍ**, with, instead of the Heb. **ה**. The Aram. **אַמְּתָּה**, pl. **אַמְּתָּהִים**, and **אַמְּתָּהָתָּה**, pl. **אַמְּתָּהִתָּהִים**, have the **ה** as in Hebrew.

34. **כָּרְבָּן**. LXX, *εἰς τὰ σάγματα* = ‘saddle.’ **כָּרְבָּן**, so called from its round basket-shaped form (root **כָּרְדָּר**), was protected by a cover or tent, in which the women sat, something like a modern palanquin; see Di., p. 334.

35. **לְקֹום מִפְנִימִיךְ**. Cf. Lev. 19, 32. Rachel’s plan was ingenious, as any attempt to examine the camel’s saddle would involve contact with an unclean thing.

36. **דָּלְקַת אַחֲרֵי**. **דָּלְקַת** = ‘to burn after one,’ i.e. to hotly pursue one; so 1 Sam. 17, 53. **מְדָלֵק אַחֲרֵי פָּלָשִׁתִים**

39. **טְרִפָּה לֹא הַבָּאתִי**. Cf. Ex. 22, 12.

**לְהַבְּתִי יּוֹם** with the old binding vowel **וּ—**; cf. on 1, 24. It always has the tone with the exception of two places, Lam. 1, 1 and Hos. 10, 11, in the former of which the accent is on the penult., on account of a word of one syllable following; cf. Ges., § 90. 3 a; Stade, § 343 d. The two imperfs. **תַּבְקַשְׁנָה אַחֲתָנָה** are frequentative.

40. Cf. Jer. 36, 30. In the East the cold at night is quite as intense as the heat by day.

41. **עֶשֶׂרֶת כִּינִים**. Cf. ver. 7. Ten here, and ver. 7, is a round number = ‘often.’

42. **פְּחַד**. So ver. 53; cf. מָוֹרָא, Is. 8, 12. פְּחַד is abstract for concrete; cf. σέβασ = σέβασμα. The Pesh. uses פְּשָׁלָג here and Is. 8, 12 in a similar way. In the Jer.-Targ. on Deut. 32, 15, and the Targ. on Hos. 8, 6, and often elsewhere, we find לְחִלֵּא used, as פְּחַד here, and in Is., l. c.; compare also a similar use of יְרָאָה in the Talmud, *Sanh.*, 64 a ‘*he takes his god (i. e. idol) out of his bosom.*’ Render, ‘*If the God of my father . . . had been with me . . . for then;*’ an aposiopesis: or may be regarded as an apodosis and rendered, ‘*indeed then thou hadst,*’ etc.; cf. לוּ יְשַׁׁבְנָו 43; כִּי לְלוֹא הַתְמִימָה נָנוּ כִּי עֲתָה שְׁבַנָּו 29; Num. 22, 29; כִּי אָז (כִּי אָז) 2 Sam. 2, 27; חָרָב . . . כִּי עֲתָה 14. Cf. Ewald, § 358 a.

43. **מַה אָעַשְׂה לְאֱלֹהִים**. ‘*What am I going to do to these?*’ i. e. how am I going to harm them? For עֲשָׂה ל in a bad sense, see 22, 12. 27, 45. Ex. 14, 11.

44. **נִכְרַתָּה . . . וְהִיא**. Cf. on 1, 14. The subj. to היה cannot be ברית, as this is fem., and the action itself (the making a covenant) cannot be regarded as a witness, and so cannot be subject; Di. therefore deletes the ל before עד, which then becomes the subject, = ‘*and let there be a witness;*’ otherwise we must suppose with Olshausen that something has fallen out of the text.

45. **וַיַּרְיָמֶה מִצְבָּה**, lit. ‘*and he set it up (so that it became) a pillar;*’ cf. 1 Kings 18, 32; Gen. 28, 18; וַיַּשֵּׁם אַתָּה מִצְבָּה 18; see Ewald, § 284 a. 1; Ges., § 139. 2; M. R., § 45. 5.

47. **גָּלְעֵד = יִגְרֶר שְׁהָדוֹתָא** = Heb. גָּלְעֵד, the first occurrence of Aramaic words in the O. T. שְׁהָדוֹתָא, cf. Job 16, 19 = ‘*my witness,*’ after the form of the Aramaic participle. Del. remarks on this: ‘We have here a historical proof which

cannot be objected to, that the language which was spoken in the ancestral home of the Patriarchs was different from that spoken in Canaan,' i.e. Abraham spoke Aramaic, but when he came to Canaan adopted the language of that country, viz. Hebrew. The naming of the place with an Aramaic and Hebrew name was perhaps occasioned by its position on the frontier, between Aramaic and Hebrew-speaking people; see Di., p. 336.

49. As the text stands, ver. 49 must be closely connected with 48, '*and Mizpah (he called the place) because he said*,' etc.; so Kn., Del.; but וְהַמִּצְפָּה is strange, as nothing has been said about a Mizpah 'a look-out,' 'watch-tower.' Ewald emends, וְהַמִּצְבָּה הַמִּצְפָּה 'and the pillar (he called) Hammizpah' (*Komp. der Gen.*, p. 64), which is supported by Saadiah. The Vss. vary, and do not give any clue to solve the difficulty. Di. suggests that ver. 49 was first added by the redactor of the book, as at his time a Mizpah in Gilead was better known than a Maṣṣeba, but expresses some doubt as to whether all ver. 49 was added by the later editor, or only a portion. Del. remarks that 'The addition, vers. 49–50, says nothing more than that there was a tradition which referred back the name of Mizpah of Gilead to the scene between Laban and Jacob.'

50. סִנְא in an oath, as in 14, 23, which compare.

52. סִנְא with a following וְאֶם = *sive...sive*; so Del., who compares Ex. 19, 13 'אֵם בְּחַמָּה אֵם אֲיַשׁ לֹא יִהְיֶה whether beast or man, he shall not live.' Di. prefers to take them as the סִנְא in ver. 50, and renders, 'surely not I, I will not pass;' the סִנְא and then לֹא expressing a strong negative; but this seems unnecessary.

53. יְשֻׁפְטוּ. Perhaps the plural is used as the gods of

Nahor are mentioned, the narrator supposing that Nahor worshipped idols, as Laban did (cf. the תְּרֵפִים); cf. Josh. 24, 2. LXX, Pesh., Sam., Vulg. give the sing. יֹשֶׁפֶת.

54. Cf. 26, 30. 2 Sam. 3, 20.

## 32.

1. **אתהם** is rare (cf. Ex. 18, 20. Num. 21, 3, and אַתָּהם, Ez. 23, 45). The usual form is **אתם**. In the fem., on the contrary, the usual form is **אתהן** (אֲתָהן) only in Ez. 16, 54).

3. **מַחְנִים** = 'two camps.' LXX have παρεμβολαι', as though מ' were a plural from מַחְנֵי. The dual, however, suits vers. 8–11 better than a plural. The two camps were his own, and the angel host he had just met. **מחנים**, belonging to the tribe of Gad, was situated north of the Jabbok, and was one of the most important towns in Gilead. Some identify it with the ruins, still extant, called مكنة *Mahneh*, but Di. considers مكنة too far east and north for the **מחנים** of this verse.

5. **תָּאִמְרוֹן**. Cf. Ges., § 47. Rem. 4; Stade, § 520 a; see on 3, 4.

**וְאַחֲרָב** is imperf. Qal, by syncope, for **אַחֲרָב** so **וְאַחֲרָב** for **אַחֲרָב**, Prov. 8, 17: see Ges., § 68. 1. note; Stade, § 112 c.

6. **וְאַשְׁלָחָה**. Cf. on 41, 11.

7. **וְגַם הַלְךָ לְקַרְאָתֶךָ**. The participle without any subject expressed; so **חַבָּב** Deut. 33, 3; **אֵם מְשֻלְּחִים**; cf. Gen. 24, 30 (with **הַנִּהְתָּאַת**); 37, 15 (also with **הַנִּהְתָּאַת**): see Driver, § 135. 6. 2; Ewald, § 303 b.

8. **וְיִצְרָר** is imperf. Qal from **צְרַר**, Ewald, § 232 c; Stade, § 510 g. The — in the last syllable is due to the tone being drawn back to the penult., as in Job 20, 22 **יִצְרָר לוֹ**.

9. **אֶל המַחְנָה הַאֲחַת**. **מחנה**, usually masc., is here

fem., as in Ps. 27, 3; as the masc. immediately follows, the fem. is strange; the Heb.-Sam. reads **הַאֲחָר**.

**11. אֶם יְבוֹא . . . וְהַכֵּהוּ**. Cf. 18, 26. 24, 8, and ver. 18 of this chapter, where **כִּי** takes the place of **אֶם**; see Driver, § 136 a, and cf. § 115; M. R., § 24. 2 a.

**כְּלִיטָה** is abstract, ‘*escape*,’ and then concrete, ‘*escaped ones*.’

**11. קָטְנָתִי מְכֻלָּה**, render as a present, **קָטָן** being a *stative* verb, ‘*I am unworthy*,’ lit. ‘*too small*;’ see Driver, § 11; M. R., § 2. 1; Ges., § 126. 3.

**מִכְלָה**. On the (comparative) **מִן** here = the positive with ‘*too*,’ see M. R., § 49. 2. Rem. a; cf. 18, 14. 2. Rem. a; **הַיְפָלָא מִיהָה דָבָר** **מִכְלָה** **מִנְשָׁוֹא** 13, 4. **גָדוֹל עֲנוֹי מִנְשָׁוֹא** 13, 4.

**כִּי בְמַקְלֵי** **בְּ** is pointed with dag. lene, although the previous word ends in a vowel, and has a conjunctive accent, because the aspirate in the connected sounds is hardened (i.e. removed), just as in **כָּפֶר, כָּבֶד, כָּבֶשׂ, בָּבֶן**; see Ges., § 21. 1. Rem. 2, and Del., p. 416.

**12. הִיּוֹתִי לְשָׁנִי מִהְנוֹתָת**. ‘*I have become (and still am) two camps;*’ see Driver, § 8.

**12. יְרָא . . . אֶתְךָ**. Cf. on 22, 12 and 4, 14.

**12. אֶם עַל בְּנֵים**. The phrase occurs again in Hos. 10, 14 (cf. Deut. 22, 6), and is a proverbial expression. **לְעַל** depicts the mother hovering over her children, and vainly trying to defend them: or **עַל** may be taken as in Job 38, 32. Ex. 35, 22 **הָאֲנָשִׁים עַל הַנְּשָׁוֹת**, ‘*the men together with the women*.’ The first explanation is perhaps preferable.

**14. מִן הַבָּא בְּיָדָו**. ‘*of what he had*,’ lit. ‘*of that which had come into his hand*;’ cf. 35, 4. A.V. ‘*of that which came to his hand*;’ better rendered in the A.V. R. ‘*of that which he had with him*.’

16. **בְּנִיהם**. The masc. suf. for the fem., as in 31, 9; cf. 26, 18 and the note there.

17. **פָּרִים** = ‘*young bullocks*,’ standing in the same relation to **פָּרוֹת** as **עַירִים** ‘*foals*’ (here ‘*asses’ foals*’) to the **אֲחֻנוֹת**.

17. **לְבָדָר עַדֶּר**, lit. ‘*flock, flock alone*,’ i. e. ‘by herds or flocks,’ so that each flock had one servant; cf. Ges., § 108. 4; M. R., § 72. 2.

18. **יִפְגַּשְׁךָ**. So pointed in Baer and Del.’s edition, following Ben Asher’s reading. Ben Naftali reads, however, **יִפְגַּשְׁךָ**. Ben Asher’s reading was pronounced *yif-ghā-shācha*, Ben Naftali’s *yif-gosh-cha*; cf. Baer and Del., *Gen.*, p. 85. The imperf. **יִפְגַּשְׁתִּי** would be a by-form of **פָּגַשׁ**; cf. 1 Sam. 25, 20. On the Hatef-pathach under **ש**, cf. on 2, 12. **מִתְּהֵבָב**

20. **תְּדַבְּרוֹן**. Cf. on ver. 5. **חָמְרוֹן**.

20. **בְּמִצְאָכֶם**, for **בְּמִצְאָתֶם**, **הָעַלְהָ**, for **הָעַלְתָּה**. **בְּמִצְאָכֶם** = ‘*when you find*,’ lit. ‘*in your finding*’

23. **בְּלִילָה הָוֹא**. Cf. 19, 33 and the note there.

23. **יַבְקֵךְ** is the present Wady Zerqâ, which divides the districts of ‘Aglûn and Belqâ, and falls into the Jordan about midway between the Dead Sea and lake Tiberias. The modern name Zerka, = ‘*blue flood*,’ is derived from the clear blue colour of the water. The name **יַבְקֵךְ** is probably to be derived from **בָּקַק** ‘*to pour out*;’ here it is brought into connection with the root **אַבְקַ**, as though **יַבְקֵךְ** = **יַאֲבָקֵךְ** = ‘*striver*,’ ‘*wrestler*;’ cf. Ges., *Thes.*, p. 233 a.

25. **וַיַּאֲבַקֵּךְ** = ‘*he wrestled*,’ is found only here and ver. 26. **אַבְקַ** is connected with **חַבֵּק**, or perhaps is only a dialectic variation of the same; the word is perhaps chosen on account of the pr. n. **יַבְקֵךְ**. In Hos. 12, 11 **וַיַּאֲבַקֵּךְ** is explained by **שְׂנִי**. Tuch and *H. W. B.*, 9th ed., propose a derivation from

**אָבַד** ‘dust,’ i. e. ‘to scatter oneself with dust;’ as κονίεσθαι, from κόνις, the powder with which wrestlers were sprinkled after being oiled.

26. **וְתִקְעַ**, imperf. Qal from **קָעַ**.

29. **יִשְׂרָאֵל** = ‘God’s striver,’ ‘he who strives with God,’ in this passage and Hos. 12, 4 (hence the choice of the rare verb שָׁרֵה in both places), as though אֶשְׁר יִשְׁרָה עִם אֱלֹהִים = **יִשְׂרָאֵל** (Wright). The name perhaps really means—as distinct from the meaning given in the text—‘God strives,’ אֱלֹהִים שָׁרֵה; cf. **יִשְׁעָאֵל**. Ges. in *Thes.*, p. 1338 b, Tuch, Reuss, and others explain it as meaning ‘Soldier of God,’ i. e. he who fights for and with God’s help. In 35, 10 we have another account of the alteration of Jacob’s name.

30. Cf. Judg. 13, 17.  
**וְתִזְכַּל**, (I) an imperf. Hof. of **יכַל**, used as the imperf. of **יכַל** (Qal); so Ewald, § 127 b: (II) Stade, § 486, and Ges., § 69. 2. Rem. 3, regard it as an imperf. Qal = **יִזְכַּל** = **יִזְכְּלָ** = **יִזְכְּלָל** = **יִזְכְּלָלָ**; cf. the Arabic imperf. يَوْجِلُ from **وَجَلَ**, and Wright, *Arab. Gram.*, i. pp. 89–90.

30. Cf. Judg. 13, 17.

**לְשָׁמֵי**. ‘About my name;’ cf. 20, 2 and the note there.

31. **וְתִנְצַל נְפָשִׁי**. Cf. Ex. 33, 20; also Judg. 13, 22. Deut. 4, 33; and the note on 16, 14. ‘**וְ** = and yet.’

**פְנַיָּל** or **פְנַיָּל** in ver. 32, = ‘face of God;’ cf. on 4, 18 מִתְחַשָּׁל. In the **וְ** the **וְ** is the old binding vowel; see on 31, 39. The position of **פְנַיָּל** cannot be ascertained.

33. **אֶת גַּיד הַנְּשָׁה וְגוּ**” = **אֶת גַּיד הַנְּשָׁה** = ‘the hip-sinew, which is on the hollow of the thigh.’ **גַּיד הַנְּשָׁה** = the Arabic نَسَّا, the nerve or tendon which goes through the thigh and leg to the ankle, the *nervus ischiadicus*; see Ges., *Thes.*, p. 921 a. The law forbidding the children of Israel to eat the **גַּיד הַנְּשָׁה** is not

mentioned in the O. T. It is to be found in the Talmud,  
*Tract. Chullin*, chap. 7.

## 33.

3. וְהָוֹא is emphatic, *he*, Jacob, as opposed to the persons mentioned in ver. 2; see Driver, § 160. Obs.

4. גַּזְשָׁקָהוּ. Mas. note נְקֹד = ‘with points on every letter.’ The Mid. Bem., cited by Strack, *Prol. Crit.*, p. 89, has נְקֹד עַל־יְהִי עַל־שֶׁלֹּא נְשֻׁקָּו מִכֶּל לְבָו, וַיְשַׁקָּהוּ, i.e. ‘with points over it, because he did not kiss him with all his heart;’ cf. the Ber. Rab. in Strack, l. c., where Rabbi Yanai, answering Rabbi Simeon ben Eleazar, explains the points on וַיְשַׁקָּהוּ thus: ‘שֶׁלֹּא בָּא לְנְשֻׁקָּו אֶלָּא לְנִשְׁבּוּ: because he did not come to kiss him (*Jacob*), but to bite him,’ and goes on to say that Jacob’s neck was turned into marble; an account hardly in keeping with what we are told of Esau, who is never depicted in the O. T. as an inhuman person. The points probably here, as in the other cases where they occur, mark the word as suspicious; cf. Ewald, § 19 d. The translation of וַיְשַׁקָּהוּ is wanting in several MSS. of the LXX; cf. Lagarde, *Gen. Graece*, p. 134. The Targ. Ps.-Jon. explains that Jacob wept because his neck was painful, and Esau because the effort gave him the toothache!!

5. מֵאֱלֹהִים לְךָ. ‘Who are these to thee?’ לְךָ is an ethic. dat.; cf. Ewald, § 315 a; M. R., § 51. 3; and see Ex. 12, 26. Josh. 4, 6. 2 Sam. 16, 2.

חֲנַן with double acc.; see Ges., § 139. 2; M. R., § 45. 3.

6, 7. וְתַגְנִשֵּׂן, agreeing with the subj. immediately following; so וְתַגְנִשֵּׂ, ver. 7. On the gender and construction of the verbs in these verses, see M. R., § 138. Rem.; Ges., § 148. 2; Ewald, § 340 c.

8. **מי לך כל המנה**. ‘*What to thee is all this camp?*’ i.e. the cattle (32, 14–22) which Esau had already met; cf. מי שָׁמֵךְ לְךָ מַה, so Judg. 13, 17; אֲשֶׁר פָּנַתִּי; cf. 32, 28. Ewald, § 325 a, and Di. prefer the rendering, ‘*Who to thee is the camp?*’ i.e. ‘*what dost thou wish to do with them?*’. ‘because he brings the people into the fore-ground.’

10. **וְלֹקַחַת וְעִשְׂתָּה** = ‘*pray take;*’ cf. 40, 14 ‘*pray shew mercy;*’ Judg. 6, 17 ‘*pray give me a sign;*’ see Driver, § 119 δ; Ges., § 126. 6. Rem. 1.

**כָּרָאת פָּנֵי אֱלֹהִים**. ‘*As one sees the face of God,*’ i.e. Jacob sees that Esau’s face wears a friendly (lit. divine) aspect. ‘It is a divine friendliness with which he came to meet him,’ Di. **ראת**, the subject to the infinitive, is here indefinite, as Ex. 30, 12.

11. **הַבָּאתָה** is third pers. fem. sing. Hof. from **בוֹא**, with the old feminine ending ת (instead of ה), which is preserved as the usual ending of the third fem. perf. in Arabic, Aramaic, and Ethiopic, and appears in Hebrew before the suffixes, and sporadically elsewhere; cf. Wright, *Arab. Gram.*, i. p. 60; Ges., § 74. Rem. 1; Stade, § 407 b. Other instances of the fem. ending are קָרָאת, נְפָלָאת, שְׁבָת, אַזְלָת (the only case with the strong verb). LXX have here ἡ νεγκά σοι, = **הַבָּאתָה**, possibly not understanding the anomalous form.

**בְּרֻנְתִּי** = ‘*present;*’ so 1 Sam. 25, 27 = ‘*a present,*’ i.e. as a proof of favour, and often accompanied with a blessing. Knobel compares the presents paid the clergy in the middle ages, called *Benedictiones*.

**וְכִי יְשָׁלֵי כָּל**. ‘*And because I have everything.*’ as in Judg. 6, 30. 1 Sam. 19, 4. Is. 65, 16; see Ewald, § 353 a.

Esau has **רַב** ‘*an abundance*;’ Jacob, being under especial divine protection, can say he has **כָל** ‘*everything*.’

13. **עֲלֹת עַלְיִ** = ‘*lactantes*,’ i. e. ‘*with young*;’ so Is. 40, 11. **עַלְיִ** = ‘*upon me*;’ cf. 48, 7. 1 Sam. 21, 16; i. e. the cattle who were with young were a burden and responsibility to Jacob. The A.V. ‘*with me*’ does not sufficiently express the **לְy**.

**וְדַפְקּוּם . . . וְמַתָּהוּ**, lit. = ‘*and they over-drive them . . . and they die*,’ i. e. ‘*if they over-drive them . . . they will die*,’ the death of the cattle being conditional on their being over-driven; cf. 42, 38 **וְקָרָא הָאָסָון . . . וְהַוְרָתָם** = ‘*and if trouble befall him . . . ye will bring down*;’ 44, 22 **וְעֹזֵב אֶת אָבִיו וְמַתָּהוּ** = ‘*ye will bring down*;’ cf. 29. See, on two perfs. with waw conv. forming a conditional sentence, Driver, § 149; also Ges., § 155. 4 a; Ewald, § 357 a; M. R., § 28.

**וְדַפְקּוּם**, the masc. suffix for the fem.; cf. on 26, 15; and on the third pers. pl. used impersonally, see Ges., § 137. 3; M. R., § 123. 1.

14. **לְرָגֵל הַמֶּלֶאכָה** = ‘*according to the pace of the cattle*.’ **מֶלֶאכָה** = ‘*properly*’ (cf. **מִקְנָה**), here, from the context, including cattle; cf. Ex. 22, 7 with vers. 9 and 10; 1 Sam. 15, 9.

17. **בֵּית** = perhaps, as Del. suggests, ‘*a house*,’ i. e. not a tent, **אַهֲלָ** 27, 15, but ‘*a building*;’ here opposed to **סֻכּוֹת**, ‘*tents*.’ Hence the name of the place, **סֻכּת**.

**סֻכּות** was probably on the *eastern* side of Jordan, in a valley, a little further west than Peniel; cf. Judg. 8, 5. 8. Ps. 60, 8. Its exact position is uncertain. At the present day a Sâkût (سَاكُوت) exists, south of Bethshan, on the *western* side of Jordan, which is apparently distinct from the **סֻכּת** here mentioned; see Di., p. 348; Del., p. 421.

18. **שָׁלֹם** = **בְּשָׁלוֹם**, 28, 21, ‘safe and sound,’ after his late meeting with Esau, and the danger there might possibly have been in encountering him. The LXX, Syr., Hier. take **שָׁלֹם** as a proper name. The Heb.-Sam. reads **שָׁלוֹם** here; cf. 43, 27.

**שְׁכַנְתָּה**, afterwards one of the cities of refuge (Josh. 20, 7), in the hill country of Ephraim, called in the time of the Romans *Flavia Neapolis*, and at the present day by the Arabs *Nablous* (نابلس).

**פְּנֵי** = ‘before;’ cf. on 19, 13.

19. **מִיד** בְּנֵי **חָמוֹר** אֲבִי **שְׁכַנְתָּה**. ‘From the sons of Hamor, the father of S.,’ i. e. the father of Shechem (34, 2), after whom the city was called Shechem; cf. 4, 17. The LXX omit ‘**בְּנֵי**,’ in order to agree with 34, 1 ff., Di.

**קְשִׁיטָה**. LXX, Onq., Hier. render, ‘lambs;’ cf. Ber. Rabba, c. 79; Targg. Ps.-Jon. and Jer. ‘pearls.’ Rabbi Akiba, in the Talmud, *Tract. Rosh ha-shana*, 26 b, relates that in Africa he heard a coin (**מָעָה**) called **קְשִׁיטה**. Probably the word = ‘that which is weighed,’ from **קְשֻׁט** = Arab. **قَسْط** = ‘to divide,’ ‘fix;’ cf. **قِسْطَة** ‘a weight,’ ‘pair of scales,’ then ‘a fixed weight,’ equally used with the shekel by the patriarchs. From a comparison with 23, 15, 16 some have supposed the **ק** to be equivalent to four shekels, but this is quite uncertain. **קְשִׁיטה** occurs twice again, Josh. 24, 32. Job 42, 11, but neither passage throws any additional light on the word.

### 34.

1. **בַּת** לְאֶה אָשָׁר יָלְדָה לְיעָקֹב

(cf. 16, 15 f. 25, 12), an instance of P’s circumstantial style.

2. **וַיֵּשֶׁב** אֶתְּהָה **שְׁכַנְתָּה** with the acc., as in Lev. 15, 18.

24. Num. 5, 13. 19. 2 Sam. 13, 14. Deut. 28, 30. Kri; cf. **שָׁנְלָה**, which is construed with an acc. and always has a Kri **שָׁכֵב**. There is no need to emend the pointing to אֶתְתָּה (cf. 26, 10), as some desire.

3. **הַגְּעָרָה**. Cf. the note on 24, 14.

**וַיֹּאמֶר עַל לִבְנָה** = ‘and he spake kindly to the damsel,’ cf. 50, 21; **וַיֹּאמֶר עַל לִבְמָה** Is. 40, 2. Hos. 2, 16.

5. ‘Now Jacob had heard that he (Shechem) had defiled Dinah his daughter, while his sons were with his cattle in the field, and Jacob was silent until they came.’ וְהַחֲרֵשׁ probably, as in 37, 3, וְעַשֵּׂה לוּ כְתָנָת frequentative; cf. Driver, p. 190. foot-note 1.

7. **וַיַּחֲרֵשׁ לְהָם**. Cf. on 4, 5.

**כִּי נִבְלָה עָשָׂה בִּירוּשָׁלָם** = ‘for he had wrought folly in Israel.’ **עָשָׂה נִבְלָה** is the constant expression for any carnal offence; cf. Deut. 22, 21. Judg. 20, 6. 10.

**לִשְׁכֵב**. See Ges., § 45 a; Stade, § 619 a. Notice that with the prefix **ל** (but not **ב** and **ב**) the inf. cstr., if the second radical is one of the letters **ד, ב, פ, ת, ב, ג**, takes usually a *dag. lene*, e. g. **שָׁכֵב** with **ל** = (by Ges., § 28. 1; Dav., § 6. 2 d) **לִשְׁכֵב**, and with the *dag. lene* **לִשְׁכֵב**; cf. Dav., p. 16. foot-note (where a list of the so-called half-open syllables is given which is useful for reference), and Ges., § 45. 2. note.

**וְכַן לֹא יַעֲשֵׂה**. Cf. on 20, 9. 29, 26; and see Driver, § 39 a.

8. **שְׁכָם בְּנֵי חַשְׁקָה נִפְשֹׁרוּ**. ‘Shechem my son, his soul cleaves’ etc. **שְׁכָם בְּנֵי**, a *casus pendens*; cf. Deut. 32, 4 **הַצּוֹר** etc. **שְׁכָם נִיּוּם יְדֵרְשׁוּ** ... **אֶלְיוֹן יְשִׁי** ... **שְׁרָשָׁה**; see Driver, § 197. 2; Ges., § 145. 2; M. R., § 132.

**בְּבָתָּכֶם.** The pl. suffix includes the brothers with the father; cf. בָּתָּנוּ לְ ; 24, 59 f.

**אֲתַנְנִי 9. הַתְּחַתְּנוּ אֲתַנְנָו.** So Deut. 7, 3 = ‘*intermarry*.’ אֲתַנְנִי (cf. ver. 2) might possibly be pointed אֲתַנְנֵי; cf. the construction בְּהַתְּחַתְּן ; but the acc. is found again in 1 Kings 3, 1; cf. Ewald, § 124 b.

**10. וְסַחֲרוֹה סַחֲרָה.** is construed with an acc. like a verb = *going*; cf. 42, 34 וְאֵת הָאָרֶץ תַּסְחַרְוּ = ‘*traffic in the land*,’ i. e. go to and fro in the land for the purpose of trading.

**הָאָחָזׁוּ בָּהּ** = ‘*settle down therein*,’ lit. ‘*hold yourselves fast therein*.’ The word is peculiar to P; so again 47, 27.

**12. מָהָר וּמְתַן.** מָהָר = the price paid the parents for their daughter; cf. Ex. 22, 15. 1 Sam. 18, 25: מְתַן = the gifts given to the bride; cf. 24, 53, where a like distinction is made.

**13. וַיֹּדְבְּרוּ אֲשֶׁר טָמֵא.** LXX, καὶ ἐλάλησαν αὐτοῖς, ὅτι ἔμιαναν, which would mean, ‘*and spoke, because they had defiled*,’ or, (?) ‘*and said, that they had defiled*,’ which would be better expressed by **וַיֹּאמְרוּ כִּי טָמֵא**. The first meaning being very lame and the second doubtful, it has been conjectured that דָּבָר here must = the Arabic كَبْرَى, and mean, ‘*to act craftily behind one’s back*,’ ‘*lay snares for*;’ cf. 2 Chron. 22, 10 (but see Bertheau); so Ges. in *Thes.*, p. 315 a, Kn., Del. This, however, is not certain (see Di., p. 353); so perhaps it is simpler to read **בְּמִרְמָה וַיֹּדְבְּרוּ** instead of **בְּמִרְמָה קָהֵן חַלְלָה**. Kuenen emends, for **אֲחֹתָם אֲחֹתָנוּ**, **אֲחֹתָם אֲחֹתָנוּ**, but then would have to mean **וַיֹּדְבְּרוּ אֲלֹא אֲחִיו**.

**15. בְּזֹאת בְּ** = ‘*on this condition*,’ בְּ being the בְּ of price; cf. ver. 22. 1 Sam. 11, 2.

**נָאֹת**, imperf. Nif‘. of אָות ; it occurs again in vers. 22, 23, and 2 Kings 12, 9, but nowhere else. In Rabb. the part. Nif‘. נָאֹת is found, = ‘*suitable*.’ Hitzig and Stade, § 585 a, prefer

to take it as imperf. Qal, like יָבֹשׁ; cf. on 23, 13, where Hitzig reads אֲמָתָה as perf. Qal from אֶוֹת.

**להמל**. Cf. 17, 10 and the note there. This is a phrase characteristic of P; so 17, 10. Ex. 12, 48.

16. **וַנְתַנּוּ**. ‘*Then we will give.*’ The perf. with waw conv.; the apodosis to אִם תְּהִיוּ כְּמֵנוּ in ver. 15; cf. vers. 17, 18, 26, and often.

19. **אֶחָר** = **מַאֲזִין**, cf. פָּתָן, the vowel being lengthened by way of compensation for the non-doubling of ה; see Stade, § 386 d. 2; Ges., § 64. 3.

20. **אֶל שַׁעַר עִירָם**. Cf. 23, 4. 10. Is. 29, 21. Am. 5, 10. שער העיר was the oriental Forum (Del.).

21. ‘*These men, they are peaceably disposed towards us.*’ Casus pendens; cf. on ver. 8; see Driver, § 198. Cf. also 41, 25. 45, 20. 47, 6. 48, 5. לִי הַם (ם).

**שָׁלְמִים**, ‘*peaceable.*’ Geiger, *Urschrift*, p. 76, renders ‘*Salemites*,’ also taking שָׁלֵם, 33, 18, as the name of a city belonging to Shechem, which Di. describes as ‘*sonderbar*’ (strange).

**רְחַבְתָּה יָדִים**. ‘*Wide on both sides;*’ so Judg. 18, 10. Is. 22, 18; also Ps. 104, 25 (הַיּוּ ... רְחַב יָדִים).

**וַיִּשְׁבֹּו**. LXX, Sam., Pesh., Vulg. omit the ו and connect אתנו ישבו with.

24. **כָּל יִצְאֵי שַׁעַר**. Cf. 23, 10. 18, and the note on ver. 10. On the verbs יצא and בא with the accusative, and so capable of the genitive construction with the participle, see Ges., § 135. 1. note.

25. **בְּהִיוֹתָם כָּאָבִים**, i. e. when they were attacked with the fever that appears on the third day after circumcision in the case of adults. The third day was the most critical time for the circumcised person; cf. Tuch, p. 409.

**שְׁמַעֲוֹן וְלֵוִי**, i.e. Simeon and Levi with their fellow-tribesmen.

**אִישׁ חָרְבּוֹ**. ‘*Each one his sword;*’ see Ges., § 124. Rem. 1; M. R., § 72. 3. Rem. a; and cf. 42, 25.

**בְּתֵחַ**, elsewhere usually **לְבֶטֶחַ**, = ‘*in security*,’ a circumstantial accusative, as in Ez. 30, 9; cf. Ewald, § 287 c.

**לְפִי חָרֵב**, not ‘*with the edge*,’ but ‘*according to the mouth of*’ etc., i.e. according to its ability to devour; cf. 2 Sam. 2, 26. 11, 25. Usually **כִּי כֹה וּכֹה תִּאְכַּל הַחֶרֶב** is connected with **הַקְּפָה**, ‘*to smile*,’ but it is also found with other verbs, though only here with (Di.).

**בְּנֵי יַעֲקֹב**. LXX, Syr., Saadiah, Sam., and two MSS. (Wright) read **וּבְנֵי**, which is not so abrupt; possibly waw originally stood before **בְּנֵי**, and dropped out on account of the final ו of **וַיֵּצְא֨וּ וְיִצְא֨וּ**, ver. 26; or the Vss. might have added it, to remove the abrupt commencement of the verse. The **בְּנֵי** are probably only Simeon and Levi, not the other sons of Jacob; cf. ver. 30, where only Simeon and Levi are blamed.

**לְדַהֲבָאִישָׁנִי**, lit. ‘*by making me stink*,’ i.e. bringing me into evil repute; so Ex. 5, 21. 1 Sam. 13, 4. 2 Sam. 10, 6. Cf. the English phrase, ‘*To be in bad odour with any one*.’

**מִתְּהִי מִסְפָּר**, lit. ‘*men of number*,’ i.e. so few that they might easily be counted; cf. Ges., § 106. 1; M. R., § 79. 4. Rem. a: so Deut. 4, 27. Ps. 105, 12; cf. Is. 10, 19. For **מִתְּהִי**, see on 4, 18. It is only found in the plural; see Ewald, § 178 d; Stade, § 183.

**וְדַפְקּוּם וְמַתוּ 13 . . . וְהַכּוּנִי**. Cf. on 33, 13 . . .

**31. הַכּוֹנָה**, so Baer and Del., with ב aspirated; cf. 27, 38. Job 15, 8. 22, 13; and the metheg (Ga'ya) before the

pathach, to distinguish the ה interrog. from the ה of the article (Del.). The ordinary text has ה majusculum.

**וַעֲשֵׂה** אֶת דְּמֹוִי. Cf. Lev. 16, 15.

### 35.

1. **עָלָה בַּיּוֹתָאֵל.** Bethel was situated on a hill; cf. ver. 8 ; 1 Sam. 10, 3.

2. **אֶת אֱלֹהֵי הַגָּנָכֶר**, especially the Teraphim (31, 19) which Rachel had taken with her. אֱלֹהֵי נָכֶר = 'strange gods,' lit. 'gods of strangeness;' cf. Josh. 24, 23. Judg. 10, 16. So בֶן נָכֶר, 'son of strangeness' = 'stranger' (17, 10. Ex. 12, 43).

3. **הַעֲנָה אֶתְיוֹ . . . וַיַּהַי** for הַתְּטִירָה by Ges., § 54. 2 b; Dav., § 26. 3.

3. **הַעֲנָה אֶתְיוֹ . . . וַיַּהַי**. The participle continued by an imperf. with waw conv., a fact being stated; so 49, 17. Num. 22, 22, 11. Cf. on 27, 33.

4. **הַנּוּזִים**, i. e. the earrings that were worn as talismans and amulets, and so belonging to the heathen practices, which Jacob required them to give up.

5. **חַתָּה הַאֱלָהָה**. 'Under the terebinth,' i. e. the well-known terebinth, which would be familiar to the reader; hence the article; cf. 12, 6. Possibly, as Tuch suggests, the tree mentioned here is the same as the one in Judg. 9, 6, where Abimelech was made king.

The LXX have here the addition, καὶ ἀπώλεσεν αὐτὰ ἔως τῆς σήμερον ἡμέρας; which Frankel, *Einf.*, p. 56, explains as a marginal gloss, added by a pious reader who objected to וַיִּטְמֹן.

5. **חַתָּה אֱלֹהִים**, not 'a mighty terror,' but 'a terror of God,' i. e. one caused or sent by Him; cf. פָּחָר אֱלֹהִים, 2 Chron.

20, 29; 2 Chron. 14, 13. חַפְתָּ is a ἀπαξ λεγόμ. The genitive is an objective genitive; cf. on 9, 2.

**הָאֱלֹהִים נֶגֶלָו אֲלֵיכֶם** 7. plural, perhaps because here includes the angels; cf. 28, 12; see also 20, 13. Josh. 24, 19. Onq. here has 'מַלְאָכִיא רַי' 'angels of Y.,' but Berliner in his edition gives 'אִיתְּגָלֵל לִיהְ' i.e. 'Y. appeared to him;' cf. M. R., § 135. 2. Rem. a; Ges., § 146. 2. foot-note 2.

**אַלְוֹן בְּכוֹת** 8. probably identical with the palm tree of Deborah, Judg. 4, 5, and perhaps with the Terebinth of Tabor, mentioned in 1 Sam. 10, 3.

10. Cf. 32, 29.

**מְחַלְצֵיךְ** 11. In 46, 26 we have מִצְבָּה יְרֻכוֹ ; is never used in this connexion.

14. **מִצְבָּה אָבִן . . . מִצְבָּה . . . מִצְבָּה אָבִן**. In 46, 26 we have מִצְבָּה אָבִן. מִצְבָּה . . . מִצְבָּה אָבִן is epexegetical; cf. 15, 18. 25, 30; and see M. R., § 72. 3.

**וַיַּסַּךְ עַלְיהָ נֶסֶךְ** 12. Cf. 28, 18. וַיַּסַּךְ שָׁמֵן . . . שָׁמֵן was probably a libation of wine (Targ. Ps.-Jon., wine and water). Some (Kn., Wel.) take וַיַּסַּךְ שָׁמֵן . . . שָׁמֵן as epexegetical to וַיַּסַּךְ.

**אָשֶׁר דָּבַר אֶתְּנָם** 15. Contrast ver. 13 and ver. 14, where שָׁם is omitted, as no confusion can arise in the sentence through its absence; see M. R., § 157 c; Ewald, § 331 c. 3.

**כְּבָרַת הָאָרֶץ** 16. occurs again 48, 7 and 2 Kings 5, 19; but neither of these passages throws any light on the word כְּבָרַת; however, from 2 Kings, l. c., it could not have been a very great distance. LXX have here Χαβραθί, but in 48, 7 τὸν ἵπποδρομὸν Χαβραθά (a double translation), i. e. either a stadium, or like the Arabic شوط فرس (i. e. as far as a horse can run), a measure common among the Arabs; see H. W. B., 9th ed., p. 368. Syr. ﺔـ ﺢـ سـ, a 'parasang,' =

eighteen thousand paces or three German miles; cf. Bernst., *Syr. Lex.*, p. 408 b. Onq. has קָרוֹב אַרְעָא = 'about an acre,' etc.; cf. Levy, *Chald. W. B.*, i. 384 a. Del. and Tuch take it as = 'about an hour's journey.' Cf. Ges., *Thes.*, p. 658 b.

**כִּי גַם זֶה לְךָ בֵּן** 17. Cf. 30, 24, where Rachel wishes that she may have another son.

**בֵּן אָוֹנִי** 18. = 'son of my sorrow;' inasmuch as giving birth to him cost her her life. His father, however, instead of this ill-omened name, called him 'ben yamin' = 'son of the right hand,' i.e. son of good luck, the right side being considered by the ancients as the lucky side; cf. Ges. in *Thes.*, p. 599, and δέξιος and ἀριστερός in Greek. בֵּן is pointed with hireq like the pr. n. בֵּן יְקֻחָה in Prov. 30, 1; בֵּן נָתָן, Num. 11, 28, etc.; cf. בֵּן לִילָה, Jon. 4, 10. Del. gives two other explanations of the name 'son of good fortune.' I. He might have been so named because he was born when Jacob was free, his other children having been born when he was in Laban's service. II. Because he completed the lucky number (twelve) of his sons. In Ps. 89, 13 יְמִין = 'the south,' so Rashi explains the name as meaning the 'south son,' as opposed to the others, who were 'north sons,' being born in Aramea; but Canaan is nowhere called 'the south land.'

**אַפְרַתָּה הָוֹא בֵּית לְחֵם** 19. So 48, 7, i.e. Bethlehem, two hours south of Jerusalem; cf. Mic. 5, 1; 1 Chron. 4, 4. Matt. 2, 16-18. Di., Thenius, and others, from 1 Sam. 10, 2 ff. (cf. Jer. 31, 15), consider that Rachel's grave must be sought for much further north, in the territory of Benjamin, or on the boundary between Benjamin and Ephraim, on the way between Ramah of Samuel and Gibeath of Saul, not far from Bethel. Di. points out that this would be more natural, as Rachel was the mother of Joseph and

Benjamin ; here and 48, 7, therefore, is considered by them as a gloss, which was caused by the fact that Ephrath Bethlehem was better known than Ephrath near Bethel.

21. **מִהְלָאָה לְמַגְדָּל עֵדֶר**. ‘*On the other side of Migdal Eder;*’ so Amos 5, 27, ‘*מִהְלָאָה לְדָמָשָׁק*,’ *on the other side of Damascus;* beyond Damascus.

**מַגְדָּל עֵדֶר** = ‘*Herd’s tower;*’ cf. 2 Kings 17, 9. 18, 8. 2 Chron. 26, 10. It is placed by Di., who holds that there were two Ephraths, near Hebron. Knobel places it at Jerusalem (cf. Mic. 4, 8); so the LXX, who place ver. 21 after **מִבְּתַחַל** in ver. 16. Del. considers that it was near Bethlehem.

22. **בְּשַׁכְנָן** with **בְּ** with dag., an exception to the rule given in the note on 34, 7.

**וַיַּשְׁכַּב וְגוּ**. Cf. 2 Sam. 16, 22. 1 Kings 2, 22.

The Massoretes here have a note, **פְּסָקָא בְּאַמְצָעַ פְּסָקָה**, i. e. ‘*a gap in the middle of the verse.*’ There are three of these **פְּסָקָות** in the Pent., and twenty-eight in the books from Joshua to Ezekiel. They are not mentioned in the Talmud or Midrash (Del.). Verse 22 down to **יִשְׂרָאֵל** has a double accentuation, according as it is read as a complete verse or as a half-verse. Geiger, *Urschrift*, p. 373, points out that in the public reading of the text the two verses 22 and 23 were read as one, so that the passage might be passed over in reading as quickly as possible, and the attention of the audience diverted from the evil deed of Reuben. The correct accentuation makes ver. 22 end at **יִשְׂרָאֵל**, and ver. 23 begin at **וַיֹּהֲיוּ**, one section ending at ver. 22, and a fresh one beginning with ver. 23. The first way of accenting the verses here (viz. making 22 end at **יִשְׂרָאֵל**, and 23 begin with **וַיֹּהֲיוּ**)

is called טעם תחתון ('lower accentuation'); the second way (viz. making the two verses one), טעם עליון ('upper accentuation'). Cf. the double set of accents in the Decalogue in Exodus and Deut., and cf. Num. 25, 19 and Deut. 2, 8, where there is a gap in the middle of the verse. The LXX have the addition, *καὶ πονηρὸν ἐφάνη ἐναντίον αὐτοῦ* = *וירע בעינויו*, possibly added to avoid the abrupt ending, which is regarded by Di. as intentional, to draw attention to 49, 3 f.

**26. יְלָד.** Sam. and Heb. MSS. (Di.) **יְלָדִי**, as in 36, 5.

**אֶשְׁר** is acc. case by Ges., § 143. 1 b; M. R., § 47. 2; cf. 4, 18.

### 36.

The Toledoth Esau follow in this chapter, preceding those of Jacob, just as Ishmael's preceded Isaac's; the object of the chapter, and its position before the account of Jacob's family, being to dispose of Esau, and leave the course of the narrative entirely free for Jacob's history. The Edomites, Esau's descendants, first appear again in Num. 20, 14 ff. Such a detailed account of the history of Edom can be explained sufficiently from the fact that Edom always passed as Israel's brother (cf. Num., l. c.), and occupied an important position in the history of Israel. A partial list of the descendants of Esau is given in 1 Chron. 1, 35–54.

2. In 26, 34 Esau married Yehudith the daughter of Beeri the Hittite, and Basemath the daughter of Elon the Hittite. In 28, 9 he takes, in addition to his other wives (**על נשָׁיו**)—i. e. those of 26, 34—Mahalath, Ishmael's daughter. Thus, according to 26, 34. 28, 9, Esau's three wives were, 1. Yehudith, Beeri the Hittite's daughter; 2. Basemath, Elon the Hittite's daughter; and 3. Mahalath, Ishmael's daughter.

Here Esau's wives are given, 1. Adah the daughter of Elon the Hittite; 2. Oholibamah the daughter of Anah, the daughter of Tsibeon the Hivite; 3. Basemath the daughter of Ishmael, the sister of Nebayoth. There are three serious discrepancies in the two accounts. 1. The Basemath of 26, 34 is here called Adah; 2. the Oholibamah the daughter of Anah, the daughter of Tsibeon the Hivite (cf. below) = (apparently) Yehudith the daughter of Beeri the Hittite of 26, 34; and 3. Ishmael's daughter Mahalath, 28, 9, is here called Basemath. With regard to 2 we must read (i) for בַת צְבָעֵן הַחִי, חִי, as ver. 25 (cf. ver. 20) shews; and (ii) either render בַת 'granddaughter,' cf. ver. 39 (?) and 29, 5 (where בֶן must = 'grandson'); or emend and read בֶן, so Sam., LXX, Pesh.; cf. ver. 24. note, where Anah is Tsibeon's son, and ver. 25, where Oholibamah is Anah's daughter. Various hypotheses have been adopted to reconcile the different accounts of Esau's wives. Some have held that Esau had five wives; others (Hengst., Ros.) that the wives had two names, or had their names changed. Kn. and Ewald suppose that the names have been corrupted by copyists. If this is the case, the corruption must have been, as Di. points out, very great. Others (Del., Tuch, Nöld.) explain the difference in the two accounts as arising from two different traditions. This seems the most natural solution, this chapter (36) embodying one account, and 26, 34 f. 28, 9 another; see further, Del. and Di.

6. Esau takes his wives and children, and all his property, and leaves Canaan for the land of Seir, out of the way of his brother Jacob.

**אֲלֹא רָצֶן** as it stands yields no suitable sense. The Targums and Vulg. read **אֲלֹא רָצֶת**. Ges. renders the

text, ‘*to a land east of* (lit. *before*) *Jacob*;’ but can hardly mean this. LXX and Sam. read מִפְנֵי בָנָן, possibly a correction. The Syriac has لِأَفْحَادٍ وَمُهْدِيَّةٍ, cf. vers. 8, 9, which is probably the correct reading of the text; so Di., Tuch.

7. **מִשְׁבַת**. Cf. 4, 13. **מִנְשֹׁא**.

8. **שְׁعִיר**, embracing the hill country of Edom east of the Arabah, reached from the Dead Sea to the Elanitic Gulf. The northern half is at the present day called Gebâl, and the southern es-Serâh.

11. The Canaanitish line.

**תִּימָן** is the name of a district of Edom (Jer. 49, 20. Amos 1, 12. Hab. 3, 3) celebrated for its wise men (Jer. 49, 7. Bar. 3, 22 f.); the home of Eliphaz, Job 2, 11.

**אוֹטֶר**, **צְבוֹ**, **גַעַתְמָ**, and **קְנָה** are quite unknown.

**קְנָה**. Cf. 15, 19, where the Kenizites are mentioned among other tribes dwelling in the south of Canaan.

12. **עַמְלָק**, ‘not identical with the Amalekites of 14, 7, who dwelt in the south of Canaan; but probably only a portion of those, who attached themselves to the families of Eliphaz, or were subject to them’ (Di.); cf. ver. 22.

13. The Ishmaelitish line.

The names are not further known.

14. The Horite line.

Nothing further is known about the names here given.

15-19. The tribal princes of Edom.

15. **אֱלֹוף**, a denom. from אֲלָף ‘*a thousand*’ = *chiliarch* or *phylarch*, mostly used of the tribal princes of Edom, more rarely of those of Judah, Zech. 9, 7. 12, 5. 6; see Prof. Driver, *The Expositor*, July, 1885.

16. **אֱלֹוף קְרָחָ**, mentioned in ver. 18 as the son of Esau by Oholibamah, is wanting in the Sam. Codex and Vs.,

and one Heb. MS. (Wright), and is rejected as spurious by Tuch, Knobel, Del. Di. considers that it either crept in here by the oversight of a copyist from ver. 18, or is a gloss assigning Korah, according to another theory, to the family of Eliphaz.

**20–30.** The tribes of the Horites.

The inhabitants of the land, as opposed to the descendants of Esau, who took possession of it (Deut. 2, 12).

**20.** **הַחֲרִי** from חָרֵר, 'a hole,' so 'a dweller in a hole or cave.' 'The land of Edom abounds in holes or caves' (Di.). The identification of the names in the following verses is uncertain; cf. Di., p. 366 f.

**24.** **וְאֵיתָה**. Most commentators read אֵיתָה with 1 Chron. 1, 40, LXX, Syr., and Vulg.; the text as it stands yields no suitable sense.

**הַיּוֹם**. Targ. Jer., Saad., Kimchi, Luther, 'mules;' so the A.V.; more probably 'hot water springs' (A.V. R. 'the hot springs'), which Del. identifies with the hot springs of Kalirrhoë, beneath Zerka Maein, on the east side of the Dead Sea, about two hours distant from it; cf. Hieron., *Quaest. ed. Lag.*, p. 56. Onq. and Ps.-Jon. seem either to have read אֵיתָם, 'the giant race' mentioned in Deut. 2, 10, or to have taken הַיּוֹם as meaning this. Pesh. gives מִים, and one Heb. MS. (Wright).

**26.** **דִּישָׁן**. LXX, Pesh., Vulg., 1 Chron. 1, 41, and most commentators read דִּישָׁן.

**30.** **לְאַלְפִּיהֶם**. 'According to their tribal princes.' LXX, ἐν ταῖς ἡγεμονίαις, reading לְאַלְפִּיהֶם, possibly the correct reading, as this is the only place in this chapter where אלף is written without the ה. It is worthy of notice that many of the names in this list, vers. 20–30, are names of animals, e.g.

**שׁוֹבֵל** = in Arabic ‘*young lion*;’ **עַנְהָ** ‘*wild ass*;’ **דִּישָׁן**, a name of an animal in Deut. 14, 5; **צְבָעָן** = in Arabic ‘*hyena*,’ etc. Di. remarks, ‘that it is a natural thing for peoples amongst whom the arts and trades were not developed to be fond of choosing their family names from the names of animals.’ Cf. Rob. Smith, *Journ. Phil.*, ix. 75 ff.

31–39. The names of the kings who ruled in the land of Edom. The names in this list are also doubtful; cf. Di., p. 368 ff.

33. **מִבְצָרָה**, now a little village in Gebâl, El-Butseirah, four miles south of the south end of the Dead Sea.

37. **מִרְחָבוֹת הַנְּהָר**. Several places in the O. T. are called Rehoboth. The one mentioned here has been identified with **رَحْبَة**, Rah̄ba, on the Euphrates (**הַנְּהָר** elsewhere being the river *par excellence*, i.e. the Euphrates), south of Circesium. But this identification is not certain.

40–43. A brief review of the tribal princes of Esau. The list contains partly names of individuals, e.g. **קָמָ**, and partly names of districts, e.g. **אֲהַלְיָבָטָה**, **פִּינָּן**, **אֱלָה**. Most of the names of places in this list are uncertain.

**אֱלָה**, perhaps the seaport **אַילָּח**; cf. on 14, 6.

**פִּינָּן**, also called in Num. 33, 42, **פָּוֹנָן**, in Idumea, between Petra and Zoar, well known through its mines.

### 37.

2. ‘*Joseph, being seventeen years old, was tending the flock with his brethren, while yet a lad, with the sons of Bilhah, and with the sons of Zilpah, his father’s wives, and Joseph brought an evil report about them to their father.*’

**הִיה רָעָה**. Cf. the note on 4, 17.

**וְהוּא נֶעֱרָה.** LXX, Ἀλλα καὶ νέος. A. V. renders incorrectly, ‘and the lad was with the sons of Bilhah,’ for the clause is a circumstantial one; cf. Driver, § 160; M. R., § 152. Pesh. and Onq. seem to have misunderstood the words; the Syr. has **חַמֵּתְךָ עִמָּכֶם** ‘and he was growing up with;’ and Onq. **וְהוּא רֹבֵר עִם בָּנֶיךָ**, ‘and he was growing up with the sons of’ etc. **את בָּנֶיךָ** has been rendered variously. Knobel gives the following meaning to the words. Joseph was feeding the flock with his brethren, as servant to the sons of Bilhah, etc.; i. e. he was handed over to their charge to learn, or to help them in their business; comparing, for this use of **נֶעֱרָה**, Judg. 7, 11. 9, 54. 19, 13, but this is giving the words of the text a very forced meaning. Del. has also a far-fetched translation, ‘While yet a young man in comparison with the sons’ etc. The rendering of the LXX, ‘being yet a lad, with the sons’—**את** in the same sense as the **את** in **בְּצָאן**—is unobjectionable. **וְהוּא נֶעֱרָה** is perhaps a duplicate of **בְּנֶשֶׁר שְׁנָה** (Di.).

**דְּבַתְּמָם רָעָה.** ‘An evil report about them;’ is intentionally indefinite, **דְּבַתְּמָם הרעה** would mean, ‘their evil report;’ see Ges., § 111. 2 b. Possibly the words should be rendered, ‘the report of them (as) an evil one,’ a sort of tertiary predicate; cf. Num. 14, 37; **דְּבַת הָאָרֶץ רָעָה** 1 Sam. 2, 23; **את דְּבָרֵיכֶם רָעִים**.

**לֹא בְּן זָקְנִים הוּא לֹ.** Cf. 21, 2. 44, 20.

**וְעַשָּׂה לֹ.** Either a case of the perf. with simple waw; or, possibly, with waw conv. in a freq. sense (29, 3); cf. 1 Sam. 2, 19.

**כַּתְנָת פְּסִים** only in this chapter and 2 Sam. 13, 18 (of Tamar’s garment as the clothing of a king’s daughter). **פְּסִים** = ‘an end,’ ‘extremity,’ used of the hands and feet; so

כְתַנֵת פָסִים = ‘*a coat of extremities*,’ i.e. one reaching to the wrists and ankles; and, as is apparent from 2 Sam. l.c., worn by the upper classes. The ordinary כְתַנֵת only reached to the knees, and had no arm-holes. Cf. פָס in Aramaic (e.g. Dan. 5, 5. 24), of the extremities of the hand and foot, and קְשָׁאָר used in a similar way. This meaning is supported by the Pesh. here, and the Vulg., LXX, and Aquila in 2 Sam. l.c. The LXX and Vulg. here, and the Pesh. in 2 Sam., and A.V. here and 2 Sam., ‘*a coat of (many) colours*,’ margin (‘*pieces*’), but this meaning of פָס = ‘*a piece*’ or ‘*patch*,’ and so כְבָב ‘*a variegated garment*,’ is very doubtful. The A.V.R. retains the rendering, ‘*a coat of many colours*,’ but gives in the margin, ‘*a long garment with sleeves*.’

4. דָבַרו לְשָׁלָם. ‘*To speak peaceably to him*,’ or ‘*to address him in greeting*,’ i.e. to greet him and answer his inquiries after their health (Del.). There is only one other instance of דָבַר with the acc., viz. Num. 26, 3.

5. וַיּוֹסִפּוּ עוֹד שָׂנָא. Cf. on 8, 10.

7. ‘*And behold we were binding sheaves (partic.) in the midst of the field, and behold my sheaf rose, and also stood up; and behold your sheaves were moving round (imperf.), and bowed down (imperf. with waw conv., denoting a single action) to my sheaf.*’ מְאֻלְמִים ‘*were binding*,’ participle, as in 9, 18; cf. the note there. חַסְבִּינָה = ‘*began to move round*.’ ‘*Joseph represents the sheaves as being in motion*’ (Driver, § 27 γ).

וְהַשְׁתַחֲווֹן, *scriptio defectiva* for נָהַ, ‘*and they did bow down*,’ i.e. once, and not more; the imperf. with waw conv. describing a fact that happened once only in the past; contrast חַסְבִּינָה, where the action has begun, and is still going on to completion.

10. הַבּוֹא נָבוֹא. See Ges., § 131. 3 a; M. R., § 37 a.

11. **וְאָבִיו שִׁמֶר אֶת הַדָּבָר.** Cf. Luke 2, 19. 51.

12. **אֲתָּה צָאן.** with two dots over it, probably because it was regarded as a doubtful reading. The Bereshith Rabba, cited by Strack, p. 89, explains the points as follows, וְנִקּוֹד אֲתָּה לֹמֵר שֶׁלֹּא חָלְכוּ אֶלָּא לְרַעֲוָת אֶת עַצְמָן עַל אֲתָּה כִּי לֹמֵר שֶׁלֹּא חָלְכוּ אֶלָּא לְרַעֲוָת אֶת עַצְמָן, i. e. ‘With points on the **אֲתָּה**, meaning that they only went to feed themselves (not the flocks)!’ So the Midr. Bem., cited by Strack at the same place.

14. **שְׁלֹום** = ‘well-being,’ applied to the flocks and to Joseph’s brethren.

15. **וְהַנֶּה הַוְעָה=הַנֶּה תְּעוּה** for **וְהַנֶּה תְּעוּה** cf. on 32, 7.

17. **שְׁמֻעַתִּי אֶת אָבִיךְ מִדְבָּר** **אָמְרוּם**. Cf. 27, 6. here the object is omitted; cf. M. R., § 46. 2; see also Ewald, § 284 b.

**דְּתִינָה** ‘*towards Dothan.*’ Dothan or Dothain, = ‘two fountains (?)’, or perhaps ‘cisterns,’ was about five hours north of Samaria. In Judith 3, 9 f. 4, 6. 7, 3. 8, 3, it is called Δωταία or Δωθαῖμ, and is described as on the south side of the plain of Jezreel, between Scythopolis and Gabae, near the ancient Ginnaea (Genin). Through the plain of Tell Dothan, south of Genin, the road from Bethshan and Jezreel to Ramleh and Egypt passes (Di.); cf. ver. 25 and Ebers, *Egypten und die B. Mose’s*, p. 288. The form דְּתִינָה is the Aramaic dual, of which דְּתִין is a contraction; cf. קְרִיתָנָה and עִינָנָה, and see Ges., § 88. 1. Rem. 1, and the forms found on the Moabite stone, e. g. מאתים = מאתן; קרייתים = קרייתן (‘*two hundred*’), line 20; דבלתים = דבלתן, line 30; חורונים = חורן, line 31.

18. **וּבְטָרָם יִקְרַב . . . וַיַּחֲנֹכוּ**. Cf. the note on 2, 5; also Driver, § 127 β.

**וַיַּחֲנֹכוּ אֹתוֹ**. ‘*They plotted against him.*’ Hithpa’el with the acc. as in 1 Chron. 29, 17; התנדבותי כל אלה; see Ewald,

§ 124 b; Ges., § 54. 3 c; cf. Ps. 105, 25, where the prep. בְּ takes the prep. בָּ, not the acc. as here.

19. **בעל החלומות**. Cf. on 14, 13. הלוֹה as in 24, 65; cf. the note there.

21. **לא נכנו נפשׁ** = 'let us not smite him as to life,' i.e. mortally; so Deut. 22, 26; ורצחו נפשׁ; see Ges., § 139. note, and cf. the note on 3, 15.

24. **הברה**. Cf. Jer. 38, 6 (where Jeremiah is cast into a pit with no water in it, but mud); Lam. 3, 53.

25. **לאכל לחם** = 'to take their meal,' lit. 'to eat bread,' the meal being so called from the chief article of food; cf. 31, 54. 43, 25. Matt. 15, 2.

**ארחות דדים ישמייאלים**. So Is. 21, 13; Job 6, 19. **ארחות** תמא is the part. Qal fem. of **ארח**, used in a collective sense. **אֶרְקָה** = 'a single traveller,' 'a company of travellers,' 'a caravan.' Other feminines used collectively are **אֶחָדָה** 'brotherhood,' from **חָמֵד** 'brother,' **עֲנָנָה** 'a mass of clouds,' from **עַנְנָה** 'a cloud,' **גָּזָלָה** 'a band of exiles,' see Ges., § 107. 3 d; Stade, § 312 b.

**צִיר** = 'tragacanth gum' = **צִיר** = 'balsam' for **צִיר**, like **לְט** for **לְטִי**, Job 37, 18; **רְאֵי** for **רְאֵי**, Is. 38, 10): **לְט** = 'ladanum;' three articles which even at the present day form the chief trade of the Arab-Egyptian caravans. Ebers, *Egypten* etc., p. 292, has found **צִיר** and **נְכָאת** on the Egyptian inscriptions, but not **לְט**; he also (p. 293) mentions that gum, balsam, and incense are the chief imports from the East to Egypt at the present day, and—with the exception of a short distance by rail—are brought by the same method, i.e. caravans, as in the days of the patriarchs. The caravan road from Damascus to Egypt is the same now as in the time of Joseph.

26. מִהָּ בְּצַעַן = 'what gain, that we kill?' on the construction, cf. M. R., § 93. Rem. b; see also Ewald, § 326 a.

28. מִדְיָנִים. Cf. on 25, 2. The name of Ishmaelites was probably of more modern origin than that of Midianites, and applied generally to all Arabs (Di.).

**בְּעֶשֶׂרִים נֶסֶף.** שְׁקֵל being omitted by Ges., § 120. 4. Rem. 2. The LXX have εἴκοσι χρυσῶν, so in 45, 22. The price of a slave between five and twenty years was twenty shekels; see Lev. 27, 5. On slavery in Egypt, see Ebers' note, *Egypten und die Bücher Mose's*, p. 293 ff., where he shews that the narrative in this chapter is quite in accordance with what used to take place at the time of the Pharaoh, whose favourite Joseph became.

33. טְרַף טְרַף. Cf. Ges., § 131. 3. Rem. 2, and see Job 6, 2 שְׁקֵל יְשָׁקֵל, the inf. abs. Qal and imperf. Nif<sup>t</sup>., Gen. 46, 4 אֲעַלְךָ גַּם עַלְתָּה, inf. Qal and imperf. Hif<sup>t</sup>.

35. כִּי, either (1) introducing the words of the speaker, or (2) the Latin *imo*, 'no.'

**שָׁאַלָּה** = 'to Sheol,' 'the underworld;' always without the article. The word probably = 'the hollow place,' from שָׁאַל = שְׁעַל. Another derivation, now almost obsolete, is from שָׁאַל 'to ask,' with reference to the inexorable demand made by death on all mortals, and then transferred to the place of death, to which all mortals must come, 'the house of meeting for all living,' Job 30, 23; cf. Is. 5, 14. Hab. 2, 5.

36. מִדְיָנִים either abbreviated or corrupted from **הַמִּדְיָנִים**, which is the reading of all the versions here.

**לְפּוֹטִיפָר.** פּוֹטִיפָר is the same as פּרָעָה 41, 45, 46, 20, the former name being abbreviated from the latter. LXX have both Πετεφρῆς and Πεντεφρῆς, see Lagarde, *Gen. Graece*, pref., p. 20. The name is the Egyptian *Peti-pa(pha)-ra*,

meaning, ‘one devoted to *Ra*,’ the sun god, see Ebers, p. 296. *Ra* is the Egyptian sun god, the chief place of his worship being Heliopolis. Brugsch, *Gesch.*, p. 248, explains the name *as=puti-par*, ‘Gift of him that has appeared.’

**סְרִים**, either to be taken in its literal sense, cf. Ebers, p. 299, or merely equivalent to ‘officer,’ ‘official;’ see further, Ebers, pp. 297, 300, who renders **סְרִים** ‘courtier;’ remarking that **סְרִים**, among the Orientals, had much the same meaning as ‘*Schrantz*’ in German (‘parasite,’ ‘courtier’).

**שָׁרֵךְ הַטְבָחִים**=‘captain of the executioners.’ The captain of the executioners was also chief of the body-guard and superintendent of the state prison (40, 3 f.), see Ebers, p. 301, who describes Potiphar’s office as that of chief minister of police. A similar office existed among the Babylonians, 2 Kings 25, 8 ff. Jer. 39, 9. 52, 12. Dan. 2, 15. See further, Ebers, p. 300 ff. The LXX have ἀρχιμάγειρος, which rendering is perhaps due to 39, 6.

### 38.

1. **וַיַּטֵּן** ‘turned aside,’ Del. renders, ‘removed his dwelling,’ sc. **אֶהָלָו**; but **וַיַּטֵּן** without **אֶהָלָו** is not found in this sense, and further, no pr. name of a place follows **עַד**.

**עַדְלָמִי**. Adullam was in the plain (**שְׁפֵלָה**) of Judah, presumably north-west of Hebron (Di.), identical, perhaps, with the modern Deir Dubbân, north of Eleutheropolis.

2. **אֹישׁ כְּנָעַנִי**. Onq. renders **גְּבָר תִּפְרָא** (cf. Prov. 31, 24, Is. 23, 8) ‘a merchant,’ possibly finding Judah’s marriage with a daughter of Canaan objectionable. Berliner, however, in his edition has **גְּבָר בְּנָעַנִי**, but mentions the other reading in his notes, p. 14 of part ii. Cf. Levy, *Chald. W. B.*, ii. p. 528.

3. **וַיִּקְרָא**. Sam., Targ. Ps.-Jon., Heb. Codd. (Di.) read **וַתִּקְרָא**, see 29, 34 and vers. 3, 4.

5. **וַיהֲיָה**, see Driver, § 133. LXX has *aὕτη δὲ ἦν*, which points to a reading **וְהִיא** (hardly **וְהִתֵּה**, Di.), which gives a suitable sense; cf. 1 Sam. 23, 15. 24. 2 Chron. 10, 2; see also Geiger, *Urschrift*, p. 462. As the text stands it must be rendered, ‘*he (Judah) was*,’ but the perf. with waw is very harsh, and a reference to Judah is not what we should expect.

8. **וַיִּבְמֹךְ**=**בְּכִזְוֹב** = the **אַכְיוֹב** of Mic. 1, 14. Josh. 15, 44; it was also in the low country (**שָׁפֶלֶת**) of Judah.

8. **וַיִּבְמֹךְ**=to perform the duty of marrying the deceased brother’s widow when he left no son; see Deut. 25, 5. The brother-in-law in this case was called **יָבֵם**.

9. **וַיהֲיָה . . . וְשַׁחַת**. The perfect with waw conv. in a frequentative sense, see Driver, § 121; also Ewald, §§ 342 b, 345 b. Other examples are Num. 21, 9 . . . והיה אִם נִשְׁרָךְ הַנְּחַשׁ . . . . Other instances of **וְהִיא אִם** in a temporal sense with the perf. are Ps. 41, 7. Amos 7, 2. Is. 4, 4; compare Ewald, § 355 b.

**וְשַׁחַת אֶرְצָה**; a pregnant construction, see Ges., § 141. **וְשַׁחַת יְרֻעָה** must be understood after **יְרֻעָה**.

10. **נְתָן**. Cf. the note on **נְשָׂא**, 4, 13.

11. **בֵּית אָבִיךָ** is acc. of place, see Ges., § 118. 1.

12. **וַיַּעַל עַל גּוֹזִי וְנוּ**,” lit. ‘*he went up about the shearers of his flock*,’ i. e. to see after them; cf. the use of **לְ** in 30, 33 **עַל שְׁכָרִי**.

**רְעֵהוֹ**. ‘*His companion*.’ LXX and Vulg. read the consonants as **רְעֵהוֹ** ‘*his shepherd*;’ so Luther.

**המנתה** is probably the Timnah near Gibea, in the hill country of Judah (Josh. 15, 57), and not identical with the Timnah belonging to the Danites (Josh. 19, 43), on account of **עליה**; Di. after Kn. Tuch (cf. Merx's note however) and Del. consider that there was only one Timnah. The name is found on the inscriptions in the form *Tamnaa*, Schrader, *K. A. T.*<sup>2</sup>, 170. Rob., *Pales.*, ii. 343, mentions three Timnahs, and considers the one occurring here to be in the hill country of Judah.

**וַתֵּסֶר בְּגָדֵי אַלְמֹנוֹתָה** 14. Cf. Judith 10, 3.

**וַתִּכְסַס**, i. e. the face; cf. Deut. 22, 12. Jon. 3, 6, where the object of **בְּסָה** is omitted.

**וַתַּחֲלַף**. ‘And veiled herself;’ cf. Prov. 7, 10. LXX, Pesh., Onq. render, ‘adorned herself.’

**בְּפִתְחַ עַיִנּוֹם** = ‘at the gate of Ainaim.’ **עַיִנּוֹם** being the same as **דְּתִינָה** 17 (cf. on 37, 1), Josh. 15, 34 (with the article), and **עַיִנּוֹם** in ver. 21. So most modern commentators; cf. ver. 21. The Vss. took the word as a *nom. appell.*, contrary to ver. 21, excepting the LXX who give *Aīvāv*. The Pesh. has **פְּרִשּׁוֹת** **פְּקֻדָּה** **{**אֶת-פְּקֻדָּה**}** ‘dividing of roads,’ Onq. **פְּרִשּׁוֹת עַיִנּוֹם**, lit. ‘division of eyes,’ i. e. cross-way; cf. Levy, *Chald. W. B.*, ii. p. 212 and p. 304. Targ. Ps.-Jon. **דְּבָל-עַיִנּוֹן** **מְסַתְּפָלָן**, i. e. ‘the cross-ways whither every one’s eyes look!’ Vulg. ‘in bivio itineris.’ Saad. ‘**מְנֹצָרָה**’ ‘a watch tower.’ The A. V. has, ‘in an open place,’ margin, ‘The door of eyes.’ A. V. R. ‘in the gate of Enaim.’

**וְהִוא לֹא נָתַנָּה לוֹ לְאָשָׁה** = ‘without her being given him to wife;’ circ. cl.

**וַיַּחֲשַׁבָּה עֲלֵי לְשִׁבּוֹרָה** 15. Cf. 1 Sam. 1, 13. **וַיַּחֲשַׁבָּה לִזְוֹנָה**.

and **וְלֹא יָדַעַת** **כִּי נִסְתָּחַ פְּנִים**

*he did not know her,'* to explain בַּיְנָה פֶּגֶץ, which gives the reason why Judah did not recognise her, and not why he took her for a harlot.

18. חֲתִמָּה. ‘*The signet ring,’* which was worn round the neck on a chain (פְּתִיל). As these were always worn by their owners, they would be easily identified again by them; cf. Song of Songs 8, 6. On חותם, cf. a note in Del., *Gen.*<sup>4</sup>, p. 557, where he regards the word as the only possible trace of the use of writing in Genesis (die einzige mögliche Spur des Schriftgebrauches in der Genesis).

19. וְמִטֵּךְ. ‘*And thy staff* מִטֵּה’ was a carved or ornamented staff, and so different from מַקֵּל, a stick in its natural condition. Among the Babylonians every man carried a stick with an ornamented top, and wore a signet ring; see Herod. i. 195. The Versions render פְּתִיל differently. LXX have ὄρμισκον, ‘a necklace.’ Hieron. ‘armillam.’ Onq. ‘שׁוֹשִׁיבָה’ ‘thy cloak.’ Syr. مَعْكُوفٌ ‘thy cloak.’

20. הַקְרֵבָה הָוָא. Cf. the note on 19, 33. קְרֵבָה = ‘*a religious prostitute,’* lit. ‘one dedicated’ (קָרַב, ‘to set apart,’ ‘dedicate’) to the goddess Ashtoreth (עַשְׂתָּרָה). Cf. Deut. 23, 18 for the law forbidding this dedication to Ashtoreth in Israel.

21. וַיְהִי כִּמְשֻׁלָּשׁ חֲדָשִׁים. ‘*And it happened after about three months;*’ the double preposition is exceedingly rare, but cf. 1 Sam. 10, 27 LXX 1 Sam. 14, 14; כִּמְחַדֵּשׁ 1 Sam. 14, 14; כִּבְחָצֵי Lev. 26, 37 also כִּבְרָאָשָׁנָה חֲדָשׁ is here fem., but nowhere else; the Heb.-Sam. reads the more correct שְׁלָשָׁת.

וְתִשְׁרַף. This punishment in the Levitical law was applicable only to the daughters of a priest; see Lev. 21, 9. In other cases the offender was stoned, Lev. 20, 10. Deut. 22, 23 ff. John 8, 5.

25. ‘She was being brought out, and she sent to her father-in-law, saying, By a man to whom these belong am I with child;’ a more expressive way of saying, ‘As she was being brought forth, she sent’ etc.; so Judg. 18, 3 . . . והמָה עַם בֵּית . . . הַנְּעָר רִין וְהוּא יְרָה, also Gen. 29, 9. 44, 3. 4; see Driver, § 169; Ewald, § 341 c.

לֹאמֶר מִזְצָאת יָצָא is fem. partic. Hof. of for מִזְצָאת; cf. for לְאֱלֹהִים, לְאֱלֹהִים; see Stade, § 112 c; Ges., § 23. 2 b.

28. **וַיַּתֵּן יָד.** ‘And one stretched out a hand,’ i. e. a hand appeared; cf. מִנְשְׁמָת אֶל יְתֻן קָרָח in Job 37, 10; Prov. 13, 13; so Del. Di. prefers to render, ‘then he (sc. הַנְּתָן) stretched out’ etc., i. e. there was stretched out; see Ges., § 137. 3. Rem. 1; M. R., § 123. 3; and cf. Cheyne’s crit. note on Is. 14, 30.

**שְׂנִי**, i. e. ‘a thread coloured with crimson.’ שְׂנִי is the crimson colour derived from the cochineal; called in Heb. either חֲלוּעָת שְׂנִי, or more fully שְׂנִי.

29. **וַיֹּהִי כִּמְשִׁיב**, hardly, ‘and he was as one drawing back his hand,’ i. e. made an attempt to draw back (Del.); but rather equivalent to בְּהַשְׁבוֹ or בְּהַיּוֹתוֹ מִשְׁיב, or ‘and it came to pass when he drew back;’ so Di., who compares 40, 10. Jer. 2, 17; Ewald, § 337 c; but see Driver, § 135. 6. Obs. 2, who suggests the emendation בְּקַשְׁיב as more in accordance with Biblical analogy.

**מַה פָּרַצְתָּ עַלְיךָ פָּרָץ** = ‘Why hast thou made a rent for thyself?’ (20, 3) (‘עליך’, ‘on thy account’); so LXX, Aquila, Luther, Di., Del. Others (Ges., Kn.) render, ‘Why hast thou made a breach?’ ‘Upon thee a breach!’ cf. 16, 5 חַמְסִי עַלְיךָ: i. e. either (Ges.) ‘thou must bear the guilt of this breach;’ or Knobel, ‘may a breach come upon thee;’ but this is not so natural, and would rather require **הַפְּרִין**.

## 39.

1. **הִשְׁמָעָלִים**. ‘*Ishmaelites*,’ i.e. Arabs; cf. 37, 28, the name being given to Arabs in general.

2. **אִישׁ מַצְלִיחַ**. ‘*A prosperous man*;’ in the next verse is slightly different=‘to cause to prosper?’

3. **וְכֹל אֲשֶׁר הוּא עֲשָׂה**. ‘*All that he was doing*;’ almost equivalent to **וְכֹל אֲשֶׁר הוּא יַעֲשֵׂה**; so ver. 6, ver. 22 **אָכְלָם**; see Driver, § 135. 2. Obs., ‘the participle denoting not a *continuous state*, but a fact liable to recur.’

The position Joseph held in Potiphar’s household was that of steward, somewhat similar to the post Eliezer occupied in Abraham’s family (15, 2 f.); cf. Ebers, p. 303, who speaks of the position of steward as ‘a dignity which we meet with at the earliest times in every great Egyptian household.’

4. **וְכֹל אֲשֶׁר יִשְׁלֹךְ וְכֹל יִשְׁלֹחַ** for **לֹא**; cf. ver. 5. Ex. 9, 4. 18, 20. On the omission of the relative, see Ges., § 123. 3 a; M. R., § 160; Ewald, § 333 b, who remarks that ‘the omission of the relative in *prose* is almost entirely confined to the books of Chronicles.’

5. **מֵאוֹ הַפְּקִיד**. **מֵאוֹ** with the perfect, as in Ex. 5, 23 **מֵאוֹ הִתְהַלֵּן**; **וּמֵאוֹ בָּאתִי אֶל פְּרֻעָה**. In Ex. 4, 10 the inf. follows **מֵאוֹ**.

6 ff. On the history of Joseph and Potiphar’s wife, cf. the Egyptian tale, contained in the Papyrus d’Orbigny, translated by Ebers, p. 311 ff.

**וְלֹא יִדְעَ אֶתְּנוֹ**. referring to Joseph; cf. ver. 8 **אֲפִי**; ‘and he did not know anything with him (*Joseph*)’=he did not trouble himself about anything that was with him, i.e. he left everything to Joseph’s care, except his food, which

could not be entrusted to him on account of the strictness of the Egyptian laws as to cleanliness and uncleanness; see 43, 32. 46, 34; so Kn., Ebers. Del., however, explains differently. Potiphar left everything he could to Joseph's care, except eating his food, which naturally could not be done by deputy. **אָתֹה** may also be taken reflexively, and referred to Potiphar—‘with himself,’ i.e. in his own mind; cf. Ges., § 124. 1; M. R., § 89 a. The A. V. offers a third rendering, also regarding **אָתֹה** as reflexive, ‘*And he knew not aught he had.*’

8. **מַה בְּבֵית**. ‘*What is in the house;*’ or **מַה** = ‘*anything,*’ as in Prov. 9, 13. Job 13, 13. The Heb.-Sam. has **מִאוּמָה**.

9. **אִינָנוּ גָּדוֹל בְּבֵית הַזֶּה מִמֶּנִּי.** = ‘*he is not greater in this house than I am,*’ i.e. I hold the same position in this house that he does. These words are taken differently by Maurer, ‘*There is nothing in this house too great for me;*’ and by the A.V., ‘*There is none greater in this house than I.*’ But **אִינָנוּ** cannot be translated indefinitely, as it would be in these two renderings.

10. **יּוֹם יוֹם** = ‘*day by day,’ ‘daily;*’ so Ex. 16, 5. Prov. 8, 30; see Ges., § 108. 4; Ewald, § 313 a; M. R., § 72. 2.

11. **וַיְהִי כְּהִיּוֹם הַזֶּה.** ‘*And it came to pass, just about that time;*’ cf. Deut. 6, 24; Neh. 5, 11 **לְחַיָּתֵנוּ כְּהִיּוֹם הַזֶּה;** **הַשִּׁיבוּ נָא לְהַם כְּהִיּוֹם הַזֶּה.** In 50, 20 we find the more usual form **כְּיֻם הַזֶּה.**

12. **בְּבִגְדֹּו.** In the singular we should—from the analogy of other words of the same kind, e.g. **מִלְּפִי** from **מִלְּפָה**, **בְּרִכְבִּי** from **בְּרִכָּה**—expect **בְּבִגְדָּה** from **בְּגִידָה**; cf. **יְקַבֵּב** in Deut. 15, 14; **בְּגִידִי**, Ez. 9, 3; **עַמְּדִי**, Dan. 8, 17; and see Ges., § 93. Rem. 1; Stade, § 345 b. In the plural the aspirate has no dagesh.

13. **הַבִּיאָ לָנוּ אִישׁ עֲבָרִי** = ‘*he (Potiphar) hath brought us a Hebrew man;*’ or impersonally, ‘*one has brought,*’ i.e.

'there has been brought.' אִישׁ עֲבָרִי, i. e. one whom the Egyptians would regard with little favour; cf. 43, 32. 46, 34. On עֲבָרִי, cf. on 14, 13; the name has been supposed to be found in the Egyptian inscriptions, in the form '*apuriu*'; see Ebers, p. 316, but the *p* for *b* is a difficulty, and this opinion is now generally given up.

**לְצַחַק בָּנָיו.** Retrogression of the tone, by Ges., § 29. 3 b; cf. on 4, 17. See also Ges., § 64. Rem. 2; Stade, § 88. 2 b; so in ver. 17. לְצַחַק בָּנו, as in Prov. 1, 26 = 'to wanton with us,' different from צַחַק אֶת צַחַק אֶת, 26, 8. The LXX have ἐμπαίξειν; cf. Ewald, § 217. f. 2 δ.

**בָּנָו.** Potiphar's wife wishes to imply that the other females of the household had been similarly treated by Joseph.

**אַצְלֵי.** 15. Sam. has, but Del. points out that with this reading she would betray herself.

**בְּקָרְבָתֶם . . . וַיְמִתּוּ ז . . . וְאַקְרָא .** So Lev. 16, 1. כְּהַרְיָמִי . . . וְאַקְרָא. Josh. 8, 24 . . . וְתַלְךָ . . . כְּבָלֹות . . . וַיַּפְלוּ . . . Kings 18, 18; see Driver, § 118; Ges., § 132. 3. Rem. 2, and cf. the note on 18, 25. Render, 'When I lifted up my voice and cried.'

**אַדְנֵי יוֹסֵף.** So 42, 30. 33. *Pluralis excellentiae*, see Ges., § 108. 2 b; M. R., § 135. 2.

**בֵּית הַסָּהָר** = perhaps 'the house of surrounding,' or 'shutting in,' i. e. a prison surrounded by a wall, if be related to סָהָר, סָהָר, סָהָר, סָהָר. Ebers, p. 317 f., compares the fortress at Memphis called 'White wall' (a name found on many inscriptions), with which he identifies the בֵּית הַסָּהָר of this chapter, and 40, 3. 5. The LXX have ὀχύρωμα. The name for prison better known to the Hebrews was either בֵּית הַבּוֹר, Ex. 12, 29; בֵּית כֹּלָא, Is. 42, 7; or מַסְנֵר, Is. 42, 7.

**מָקוֹם אֲשֶׁר.** The sentence commencing with is a

genitive after the construct state מָקוֹם ; see Ges., § 116. 2; M. R., § 82 c; so 40, 3 מָקוֹם אֲשֶׁר יוֹסֵף אַסּוֹר ; 2 Sam. 15, 21 בָּמָקוֹם אֲשֶׁר יִהְיֶה שֵׁם.

**אַסּוֹרִי**, Kri, אַסּוֹרִי, the Ktb. being the part. pass. Qal, the Kri the adj. of the form קָטִיל ; cf. Ges., § 84. 5.

**אַסּוֹרִים**. שֵׁם is omitted after אַסּוֹרִים, as in 35, 13; contrast 40, 3, and see Ewald, § 331 c. 3; cf. ver. 22, where the ordinary editions have Ktb. האַסּוֹרִים, with the Kri האַסּוֹרִים, as here, while Baer and Del. have אַסּוֹרִים in their text.

21. **וַיַּתֵּן חָנוֹן**, lit. ‘gave his (*Joseph's*) favour in the eyes of,’ i.e. and gave him favour in the eyes of, etc.; cf. Ex. 3, 21. 11, 3. 12, 36 (all).

**שָׁרֵבֶת הַסְּכָרָה**. Cf. 40, 3, where the captain of the prison is Potiphar. Del. and Ebers, however, regard the person mentioned in this verse as the special governor of the prison for state prisoners. Potiphar was, as police minister, in control over all the prisons; but not an actual prison governor. Otherwise we must suppose that these conflicting statements emanate from different sources.

22. **הִיָּה עֲשָׂה**. Cf. the note on 4, 17.

23. Render, ‘There was no governor of the prison overlooking (lit. seeing) anything that he did (lit. anything in his hand), in that Yahweh was with him, and that which he was doing Yahweh made to prosper.’

## 40.

Ex. 14, 1. עָשָׂו . . . וַיַּהְיֶה . . . חַטָּאת .  
12, 41 b where instead of the perfect in the second half of the clause, the imperfect with waw conversive might stand, and most frequently does stand; see Driver, § 78.

**מִשְׁקָה מֶלֶךְ מִצְרָיִם וַהֲאֵפָה** = ‘*the cupbearer and baker of the king of Egypt.*’ Notice the difference in the idiom in English and Hebrew. English says, ‘*the cupbearer and baker of the king;*’ Hebrew, ‘*the cupbearer of the king and the baker;*’ or more commonly with the third pers. suffix, ‘*his baker;*’ see Ewald, § 339 b; M. R., § 75. 2. Rem. a; Ges., § 114, footnote. The noun **אֵפָה** has been discovered on the Egyptian inscriptions, but not the **מִשְׁקָה**; see Ebers, p. 321.

2. **סְרוּסִיוֹ** with firm qameç, as in **בְּרִית**, though the more usual form with simple shewa under the **ס** is also found. The form with qameç is explained by Stade, § 209, either from a by-form **kaṭṭil**, i.e. for **סְרִים**, and as **ר** cannot be doubled, so **בְּרִית**; or through the influence of the counter-tone on the first syllable; for this he compares **שְׁלִישִׁים** for **שְׁלִישָׁ**, from **שְׁלִישָׁ**. Cf. also **בְּרִיאִ** and **בְּרִיאִי**, and Ges. in the *Thes.* s.v.

3. **מָקוֹם אֲשֶׁר.** Cf. the note on 39, 20.

4. **וַיְהִיוּ יְמִים בְּמִשְׁמָר** lit. ‘*and they were days*’ etc., i.e. some time; cf. 4, 3 = **מִקֵּן יְמִים** = ‘*after some time;*’ so we find **יְמִים** used indefinitely in 1 Sam. 29, 3. Dan. 8, 27. Neh. 1, 4.

5. **אִישׁ כְּפָתְרֹן חֲלֹמוֹ**. ‘*Each according to the interpretation of his dream;*’ i.e. each one dreamt a dream that had its special reference to himself, and its own interpretation.

**הַמִּשְׁקָה וַהֲאֵפָה אֲשֶׁר לְמֶלֶךְ מִצְרָיִם**. Cf. the note on 29, 9. This construction is closer to the English idiom than the one noticed in ver. 1, and must be used if the two words that should be in the construct state are to stand together; the construction **מִשְׁקָה וַאֲפָה מֶלֶךְ מִצְרָיִם** hardly occurs (two construct states and one genitive), so we must, if we wish to keep **אֵפָה** and **מִשְׁקָה** together, use **ל** **אֲשֶׁר** **ל**, or **ל**, as

in 7, 11; otherwise the alternative construction followed in ver. 1 must be adopted.

6. **זעבים** = ‘*of a sad countenance*,’ ‘*cast down*;’ so Dan. 1, 10; cf. פנים נזעים in Prov. 25, 23. Symm. has σκυθρωποί here. On the importance attached to dreams among the Egyptians, see Ebers, p. 321.

**מדוע פניך רעים רעים** 7. Cf. Neh. 2, 2 = ‘*why dost thou look so troubled?*’

8. **ו�탕 אין אחרו** = ‘*and there is no one to interpret it*;’ cf. 41, 8; **ואין פותר אותם**; on **אין**, see Ges., § 152. 1; M. R., § 128. 2 b.

9. **בחלומי והנה גור**. ‘*In my dream, behold a vine was before me*;’ the apodosis without a verb being introduced by waw; so ver. 16 (cf. 41, 17, where waw is omitted); 2 Sam. 15, 34. Prov. 10, 25 a; see Driver, § 125. Obs.; M. R., § 132 b. **הנה** is inserted to attract the attention of the reader to the nature of the dream; contrast 41, 22 **וארא בחלמי**, where no especial stress is laid.

10. **והוא כפרחת עלתה גור**. I. The A.V., Knobel, Tuch, Driver render, ‘*And it was as though it budded, and its blossoms shot forth*;’ cf. the analogous use of ב in 19, 14, in the sense ‘*to appear*,’ ‘*to seem*.’ II. Di. and apparently Del. prefer taking ב in a temporal sense, and render, ‘*And it, as it budded, its blossoms shot forth*,’ comparing 38, 29 **כמשיב**; cf. the note there, and Driver, § 135. 6. Obs., who points out that this usage of the participle, though common in the Mishna (see Geiger, *Lehr- und Lesebuch zur Sp. der Mishna*, p. 52), is without analogy in Biblical Hebrew.

**נץח** ‘*its blossom*.’ **נין** occurs nowhere else in the Bible in the sense ‘*blossom*,’ but is common in the Mishna; the feminine **נצה** being used in Biblical Hebrew (as a *nomen*

*unitatis* according to Ges., § 107. 3 e). The masc. here may be explained as a collective, and so construed with the fem. **עלחה** (Wright). Others take **נצח** as abbreviated from **נצחת**; see Ewald, § 257 d; Stade, § 347 c. 2 (and Del. on Ps. 27, 5), who gives as other examples, **גָּלַח**, **אִירָה**, **פְּנָה**, **מִקְדָּשׁ**. **נצח** may be taken, by Ewald, § 281 d, as accus. to **עלחה** = 'and it (*the vine*) went up into blossoms;' cf. **עללה** in Is. 5, 6. 34, 13. Prov. 24, 31; so **הַבְשִׁילוּ** in the second half of this verse. Possibly the text ought to be pointed **נצחָה**, the fem. ending **ה** being altered into **ה** (the suffix), to conform with **אֲשֶׁלְתִּיה** in the second half of the verse. Prov. 7, 8 (**פְנָה**); Job 11, 9 (**מָרָה**); Zech. 4, 2 (**גָּלָה**), cited by Stade above, are similar to **נצח** in this verse, and may possibly be mistakes for the fem. forms.

**עֵנֶב אֲשֶׁלְתִּיה** = 'its clusters.' = **עֵנֶב** = 'the ripe grape.' On the use of wine in Egypt, see Ebers, p. 322 f.

12. **שֶׁלֶשׁ הַשְׁرָגִים**, *casus pendens*. 'The three branches, they are three days;' cf. ver. 18.

13. **רֹשֵׁא ... אֶת רָאשֶׁךָ**. 'Shall lift up thy head,' i.e. shall take thee from prison; cf. 2 Kings 25, 27.

**כְּמֻשְׁפַּט הַרְאָזְנוֹן**, lit. 'according to the former custom,' i.e. as thou wert accustomed to do.

14. **כִּי אָמַם זְכַרְתָּנִי**. Di., following Ewald, § 356 b, cf. § 342 b. 2, renders, 'only that thou rememberest me, with thee (i.e. thyself), when it is well with thee, and wilt shew me kindness,' comparing 2 Sam. 5, 6. 2 Kings 23, 9, which are different from this passage, as the **כִּי אָמַם** in both is dependent on a previous verb. Wellhausen emends to **אָמַם**; cf. Driver, § 119 δ. foot-note 2; and 23, 13; which would remove any difficulty, **אָמַם זְכַרְתָּנִי ... וְעַשְׂתָּה** being a conditional sentence, exactly like 43, 9. 47, 6; see Driver, § 138. 1 a; M. R., § 26.

**אַתָּךְ**. Cf. Job 12, 3. 14, 5.

**כִּי שְׁמוֹ אֲתִי בְּבּוֹר** 15. ‘*That they should have put me in prison;*’ cf. Ruth 1, 12 ‘*that I should have said;*’ 1 Sam. 17, 26 b ‘*that he should have reproached;*’ see Driver, § 39. 8. Obs.

**סְלֵי חֶרֶב** 16. ‘*Baskets of white bread.*’ from חֶרֶב ‘*to be white,*’ properly an adj. = ‘*what is white,*’ and then applied to what is baked; so the Arab. حُوَارِي (Del.). Vulg. ‘*canistra farinae,*’ LXX κανά χονδριτῶν; cf. ver. 17 פְּאַבֵּל פְּרֻעָה. The baker carried his wares on his head, an exceptional mode of carrying things among the Egyptians; see Ebers, p. 331 f.

**מִכֶּל מְאַכֵּל פְּרֻעָה** 17. ‘*Of all kinds of food for Pharaoh,*’ cf. Dan. 1, 5 בֶּת בֶּן הַמֶּלֶךְ; Gen. 49, 20 מַעֲדָנִי מֶלֶךְ partitive; cf. on 4, 3.

**וַיֹּאֶ... מַעֲלִיךְ** 19. ‘*Shall lift up thy head from off thee,*’ i.e. shall behead thee. There is a play on the words here, the phrase being the same as in ver. 13. Wright compares John 12, 32. The punishment of the chief baker was one of the heaviest that could befall an Egyptian. The exposure of the body was intended to make the sentence more severe, and was especially repugnant to the superstitious Egyptians, who regarded the life after death as dependent on the body remaining unmutilated; see Ebers, p. 334.

**יֹם הַלְּדוֹת אֶת פְּרֻעָה** 20. The construction is the same as in 4, 18; see the note there. הַלְּדוֹת is inf. Hof. of יָלֹד, for the ordinary form הַוְּלִיכָה; cf. Ez. 16, 4 and מַוְּפֵד, Is. 28, 16 (see Dav., § 3. 2; Stade, § 29), the ל being doubled to compensate for the shortened vowel.

**עַל מִשְׁקָדוֹ** 21. = ‘*to his butlership*’ or ‘*cupbearership*’

## 41.

1. יְמִים. Cf. on 29, 14.

**הַיָּאָר.** Always with ה without the dagesh. ‘*the river*’ *par excellence*, the Nile, is the Hebrew form of the Egyptian *aur-āa*, i. e. ‘*the great stream*,’ Ebers, p. 338, which became in the mouth of the people *iar-ā*, *iaro*.

On the participle in this and the two following verses, cf. on 9, 18.

2. **בָּאָחָר.** אָחָר, LXX ἄχει, ‘*Nile-grass*,’ is the Hebrew form of the Egyptian *axu* or *axuu*, ‘*reeds*’ or ‘*grass*’ growing in marshy ground; see Ebers, p. 338; also notice Hieron. ad Jes. 19, 7, who describes it as ‘*omne quod in palude virens nascitur*.’

2-4. The number of the cows, seven (cf. the same number in the next dream), was a sacred number among the Egyptians, as among other Oriental nations (Ebers, p. 337); cf. 21, 28. 30. On the first dream Di. remarks, ‘The Nile floods are what the fruitfulness of Egypt chiefly depends on. The ox was the symbol of the Nile (Diod. i. 51), and especially sacred to Osiris, the discoverer of agriculture (Diod. i. 21). The cow was, in the Egyptian hieroglyphic writing, the sign for the earth (Macrobius, *Sat.*, i. 19), agriculture, and food (Clem. Alex., *Strom.*, v. p. 567). At the same time Isis was the goddess of the earth, that nourishes everything (Macrobius, *Sat.*, i. 20), and is rendered fruitful by the Nile (Plut., *de Is.*, 38); the cow was especially sacred to her (Her. ii. 41; Aelian., *h. an.*, x. 27). She was also goddess of the moon (Diod. i. 11), and her picture serves in the hieroglyphics as a sign for the year (Horapollo, i. 3); therefore the seven fat cows mean seven fruitful, and the seven

lean cows seven unfruitful years; the seven lean cows coming closely upon the seven fat ones, points to the close succession of the unfruitful years to the fruitful years.'

6. **שׁדופת קדִים**. '*Blasted by the east wind.*' The narrator here mentions the wind that was most destructive in Palestine; cf. Hos. 13, 15. Jon. 4, 8. Ez. 17, 10. The winds in Egypt that were most hurtful came usually from the N.W. or S.E.; see Ebers, p. 340. Del. understands קדִים here as the destructive Chamsin, which blew, in the spring months, from the S.E. quarter; see Ebers, l.c.

7. Knobel remarks on the dreams, 'The order in which they come is well chosen. First the Nile, which causes the fruitfulness, then the cows representing fruitfulness, and lastly the ears, as an evidence of fruitfulness.'

8. **חרטמי מצרים**. LXX ἔξηγητάς. '*The lettered men of Egypt.*' The **חרטמים** are the Egyptian *ιερογραμματεῖς*, represented on the inscriptions with writing materials in their hands, and a pen on their temples (Ebers, p. 345). They belonged to the Egyptian priesthood, and employed themselves in the study of the hieroglyphic writing and astronomy, and were also noted as seers or foretellers of future events; see Ebers, p. 344 f.; Di., p. 392. They also had a great reputation as magicians, as is clear from Ex. 7, 11. 22. 8, 3, etc. The word **חרטם** is taken by Harkavy (*Journ. Asiatique*, 1870, p. 168 f.) as equivalent to the Egyptian '*Cher-tum*', '*Revealer of secrets.*' It may, however, be equally well derived from חרט 'to grave,' or חֶרֶט 'a stylus,' with the formative ending מ, like דָרֹם, עַירּוּם, פְּרִיּוּם; see Ewald, § 163 g; Stade, § 295. Tuch gives another derivation (*Comm.*, p. 443 f.), according to which **חרטם** is a quadriliteral form from חרט 'to write with a stylus,' and חָרֵם 'to be sacred;' cf.

חַנְלָה from חַנֵּל, and רַגְלָה from רַגְלָה; this, however, is doubtful; see Stade, §§ 149, 150, on the formation of quadrilaterals.

**חֲכִמִּים** = 'the wise men,' identified by Ebers, p. 345, with the *rexxat-u* of the inscriptions, 'those who know things' (die wissenden der Dinge), probably a wide term, embracing all the higher classes of priests, especially the ὄφοσκόποι of Clement, who were astrologers, calendar makers, and interpreters of signs or omens.

**חַלְמָוֹר . . . אֹתָם**. the plural suffix, may be used with reference to the double nature of the dream, or the reading may be a *scriptio defectiva*, חַלְמָיוֹן for חַלְמָיִן, which the Sam. gives; so Syr. and Saadiyah.

9. **אַנְּבִיר**, not 'I remember,' A.V.—for **הַזְכִּיר** means 'to cause another to remember'—but 'I make mention of.'

10. **אַתִּי**. LXX and Sam. read, more correctly, **אַתֶּם**.

11. **וְנַחֲלָמָה**. The first person imperf. with waw conv. and the ה cohortative is rare; there are two other instances in Gen., viz. 32, 6, וְאַשְׁלַחָה, and 43, 21; and 1 Sam. 17, 17, וְהַרְצֵחָה; see other instances in Driver, § 69. Obs.; Ewald, § 232 g.

12. **אִישׁ כְּחַלְמָוֹר**. See on 9, 5.

14. **וַיַּרְא צָהָר**. 'And they brought him quickly,' lit. 'made him run'; cf. 1 Sam. 17, 17; 2 Chron. 35, וַיַּרְא צָהָר לְאַחִיךְ 13.

**וַיַּגְלַח וַיַּחַלֵּף שְׁמַלְתָּיו**. No one was allowed to appear before the king of Egypt unless he was quite clean; see Ebers, p. 350. Del. and Tuch explain the verse from the Egyptian custom of regarding a prisoner as a mourner. He would then wear his beard and hair; see Ebers, p. 350. footnote, against this view.

15. **וְאַנְּבִיר שְׁמַעְתִּי**. 'And I have heard about thee, saying

*thou canst understand a dream,' or 'thou hearest a dream,' i. e. hast only to hear it, and can interpret it.*

**על דבריך ועל חכמתך עלייך**, as in 1 Kings 10, 6.

On the construction—*oratio indirecta* without **כִּי** to introduce it—cf. 12, 13. 23. 21, 4; Ges., § 155. 4 c; Ewald, § 338 a; see also M. R., § 162.

**16. בְּלֹעָדֵי.** ‘*Not I,*’ as in 14, 24. The LXX have *ἀνεντού Θεοῦ οὐκ ἀποκριθήσεται*, which means really the same as the Mass. text, and does not of necessity suppose a reading **בְּלֹעָדֵי אלְהִים**, and the addition of **לֹא**. The Sam. Ver. has a similar rendering to the LXX.

**17. יְעַנֵּה אֶת-שְׁלוֹם**, lit. ‘*answer the welfare*,’ i. e. give such an answer as will be most conducive to Pharaoh’s welfare.

**19. רְקֻוֹת**, so vers. 20, 27, possibly a mistake for **רְקֻוֹת**, which occurs in ver. 3.

**20. לֹא רָאָיתִ כְּהָנָה וְגַוּ** = ‘*such as I have not seen in all the land of Egypt for badness*,’ lit. ‘*I have not seen like these*’ etc.; see ver. 38, and cf. M. R., § 56.

**21. קְרֻבָּנָה.** Cf. the fuller forms in 21, 29; 31, 6 **אֲתָנָה**; the **ן**, defective for **נָן**, has arisen out of the diphthong **ןָן**; see Stade, § 352 b; cf. § 99. 2; Ges., § 91. 1. Rem. 2.

**22. וּמְרָאִיתָן.** The form is singular, not plural, the **ן** being the ending **יָן**; **מְרָאָה** = **מְרָאִי**; see Stade, § 353 a. 1 β; cf. § 99. 2; Ges., § 93. 3. Rem. 3.

**23. אַחֲרוֹתָם.** Masc. suffix for fem.; cf. on 26, 15; in ver. 27 we find the fem. suffix used.

**25. חָלָם פַּרְעָה אֶחָד הוּא.** Cf. on 34, 21.

**26. כָּל נֶפֶשׁ שְׁבַע פְּרַת הַטְבַת הַחַיָּה.** See the note on 1, 21. **שְׁבַע פְּרַת וְנוּ**” **הַחַיָּה** **שְׁבַע** **פְּרַת** **וְנוּ**” is a *casus pendens*, as in ver. 25 (see 40, 12).

32. ‘And with respect to the repetition of the dream unto Pharaoh twice, (it is) because the matter is resolved on by God, and God hastens to do it.’ וְעַל הַנָּאֹלֶה הַשְׁנָוֹת; cf. Ruth 4, 7 וְעַל הַתְּמֻרָה ‘with respect to ransoming, and with respect to exchanging.’ השְׁנָוֹת is the Nif<sup>۲</sup>. inf. cstr. of שְׁנָה. The Nif<sup>۱</sup>al of this verb is not found elsewhere.

33. יְרָא. So the ordinary editions; but Baer and Del. in the text have יְרָא, and in the notes to their edition, p. 78, they refer to Ibn Ezra in favour of the reading with —. On נְאָה for אֲנָא, cf. Zech. 9, 5 תְּרָאָה (Baer and Del. תְּרָא in text and notes, p. 83), and see Ewald, § 63 d; cf. Stade, § 489 b. 1. On יְרָא, also an abnormal form, see Stade, l. c., and Ges., § 75. note 3 b. The jussive is used in making a suggestion, see Driver, § 50 b (cf. Ex. 8, 25. 1 Kings 1, 2), and M. R., § 8. 2.

34. יִעַשָּׂה פְּרֻעָה וַיִּפְקֹד = ‘let P. set up and appoint’ etc.; cf. the use of עַשֵּׂה in 1 Sam. 8, 16. 1 Kings 12, 31. Ges. in Thes., p. 1077, renders, ‘faciat (hoc) P. (sequatur consilium meum) et praeficiat;’ cf. Ges., § 121. 6. Rem. 2.

הַמְשׁ, a ἄπαξ λεγόμ.=‘let him exact the fifth part;’ cf. עַשֵּׂר = ‘to take the tenth part of anything?’

35. תְּחִתַּת יָד פְּרֻעָה = ‘under Pharaoh’s control.’ יָד used as in 2 Kings 13, 5. Is. 3, 6.

39. אַחֲרֵי הַוְדִיעָה אֱלֹהִים אָוֹתָךְ אַתְּ כָּל וָנוּ. On the construction, see Ges., § 133. 3; M. R., § 116.

40. עַל פִּיךְ יִשְׁקַׁק כָּל עָמֵי. I. Gesenius and Knobel render, ‘And all my people shall kiss thy mouth;’ cf. 1 Sam. 10, 1. 1 Kings 19, 18. Hos. 13, 2. But the kiss of homage was not given on the mouth; and that Joseph had to receive the kiss from all the people would be a very unnatural thought; further, עַל נִשְׁקַׁע is not used in the sense ‘to kiss,’

for which we find the acc. or **ל**. II. The LXX, Sam. Ver., Vulg., and most moderns, e. g. Del., Tuch, Di., prefer taking **על פיך**, as in 45, 21. Ex. 17, 1. Num. 3, 16, etc. = ‘according to thy mouth,’ i. e. ‘command’ etc., and render **נשׁק** ‘dispose themselves,’ taking it intransitively. Cf. the Arabic **نسق** ‘ordinare et disponere rem.’

**רָק הַכְסָא אֶגְדָּל מִפְנֵךְ**. ‘Only with respect to the throne will I be greater than thou.’ **הַכְסָא**, accus. of respect; see Ges., § 118. 3; M. R., § 44; Ewald, § 281 c.

41. **נָתַתִּי**. See on 1, 29.

42. **טְבֻעַתְךָ**. Cf. Esther 3, 10. 8, 2, where the Persian monarch gives his signet first to Haman, and then to Mordecai.

**שְׁשָׁן** = ‘byssus,’ ‘fine white cotton,’ here **שְׁשָׁן** = ‘clothing made of byssus;’ cf. Del., Comm., p. 557. The priests’ clothing was of byssus; cf. Her. ii. 37. For **שְׁשָׁן**, at a later period of the language, **בַּיִן** was used, e. g. in the books of Chronicles and Esther.

43. **מִרְכַּבָּת הַמְּשֻׁנָּה** = ‘a carriage of the second rank;’ cf. **כהן המְשֻׁנָּה** ‘a priest of the second rank.’

**אָשֵׁר לוֹ**. Cf. on 40, 5.

**אֲבִירָךְ**. Most probably the Hebrew form of an Egyptian word. De Rossi explains it as = *ape-rek*, ‘bow the head.’ Harkavy (in the *Berlin Aegyptological Journal*, 1869, p. 132) as the Egyptian *ap-rex-u*, ‘head of the wise.’ Benfey (*Verhältniss der Ägypt. Sprache*, p. 302 f.) takes it as equivalent to *a*, the sign of the imper., *bor* = ‘projicere,’ and *k* the sign of the second person; so ‘cast thyself down.’ Jablonski (*Opusc.*, i. p. 6) explains it as meaning *ouberek*, ‘bow towards’ (Joseph); and Cook (*Speaker’s Comm.*, p. 482) renders it ‘welcome,’ or ‘rejoice,’ addressed to Joseph. The Versions

give various renderings. The LXX have καὶ ἐκήρυξεν ἔμπροσθεν αὐτοῦ κήρυξ, apparently taking אָבְרָך as ‘*a herald*;’ so Sam. Ver., which has אָבְרָך. The Targums of Onq. and Jer. give אָבְרָא לְמִלְכֵא, as though אָבְרָך were compounded of אָב ‘father,’ and רַךְ = the Latin *rex!* (cf. 45, 8). The Syr. paraphrases חָדָה מַדִּילָה הַלְּקָדָה “Father and ruler over all the land of Egypt;” also the Vulgate, which has ‘*Ut omnes coram eo genu flecterent.*’ A possible explanation from the Hebrew is to take אָבְרָך as inf. abs. Af‘el for Hif‘il, instead of the imperative; cf. ver. 51, נָשַׂנְיָה, Pa‘el for Pi‘el, and accordingly Jose b. Dormaskith, quoted by Del., *Comm.*, 4th ed., p. 470, explains it by לְכִרְבִּים; cf. the Vulg. rendering, and Aquila’s rendering cited by Hieron. (*Quaest.*, ed. Lag., p. 60), ‘et clamavit in conspectu ejus ad geniculationem.’ Hieron. himself follows the Targ. Ps.-Jon., and renders, ‘*tender father;*’ cf. רֶךְ, 18, 7.

**וַיְנַתֵּן.** The inf. abs. continuing the narrative instead of וַיְתַּחֲזֵן; cf. the inf. abs. again in Ex. 8, 11; and הַכְּבָד אֹתָהּ לְבָוֹא 11; Judg. 7, 19 and וַיְנוּפֵן הַכְּדִים; and see Ges., § 131. 4; M. R., § 106. 2; Ewald, § 351c. Probably the inf. abs. is used instead of the ordinary construction of the imperf. with waw conv., to shew that the appointment of Joseph over the land of Egypt was contemporaneous with the announcement of the herald, and the setting him in the second chariot; not subsequent (as it would be with waw conv. and the impf.); we might therefore render וַיְנַתֵּן ‘*thus setting him.*’ To connect with אָבְרָך is against the accents, besides giving an improbable sense, as the people would not have the appointment of vizier in their hands; cf. the next verse.

45. **צְפָנָה פָעַנְה.** LXX, Ψονθομφανήχ—probably = *p-sot-un-ph-enah*—comes nearer the original name than the Hebrew

form of the word preserved in the Mass. text. The name is explained by Hieron. as ‘*Salvator mundi*,’ i. e. *p*, the article, masculine, *sot* or *sole=salus*, *ph m* the sign of the gen., and *eneh=aetas* (Di.). Ges. in the *Thes.*, p. 1181, considers the *sont* of the LXX for *sot* difficult, and renders it *p-sont-m-ph-eneh* = ‘*the preserver or supporter of the age*.’ Di. renders slightly differently, ‘*the support*,’ or concrete, ‘*the supporter of life*;’ so Bunsen and Lepsius, taking פָּעַנְחָה as equal to the Egypto-Kopt. *ph-aneh*, ‘*life*.’ The word צָפֵנָת is apparently, in the Hebrew form, transposed for פָּצֵנָת; see Ewald, § 78 b. Brugsch, *Gesch.*, p. 248, explains the word as equivalent to *za-p-u-nt-p-àa-ānkh*, i. e. ‘*guardian (Landpfleger) of the district of place of life*.’ Cook, *Speaker’s Comm.*, p. 481, renders it ‘*food of the living*.’ The Jewish interpreters, Onq., Pesh., Saad., make it mean ‘*revealer of secrets*,’ taking פָּעַן as equivalent to φαίνω!

**אִסְנָת** = ‘*she who belongs to Neith*’ (Pallas). LXX, Ἀσενέθ. Brugsch, *Ges.*, p. 248, makes it = *Snat* or *Sant*, the name of a woman.

**אַנְ**. LXX, ‘*Ηλιούπολις*, situated on the north-east of Memphis, on the eastern bank of the Nile. In Coptic the name of אַנְ is *Un* or *On*, meaning ‘*light*’ or ‘*sun(?)*;’ cf. the Hebrew בֵּית שֶׁמֶשׁ ‘*house of the sun*.’ Hieroglyphically it was *Anu* or *An*, more closely *Anu-mhit* (Brugsch and Ebers, cited by Di., p. 395). Heliopolis was the chief seat of the worship of the sun-god *Ra*; cf. its name in Is. 19, 18 עִיר הַחֲרֵם (‘*city of destruction*’), a play on the words for עִיר הַחֲרֵם; cf. Jer. 43, 13, where it is called בֵּית שֶׁמֶשׁ *in the land of Egypt*.

48. **שְׁבַע שְׁנִים** as the text stands, quite indefinite, seems hardly correct. Del. reads שְׁבַע הַשְׁנִים. Ols. proposes to read

(cf. ver. 53) for **שְׁנַי הַשְׁבָעָן**, **שְׁנִים**. The LXX and Sam. read  
**הַשְׁנִים אֲשֶׁר הָיָה הַשְׁבָעָן**, **שְׁנִים**—**הָיָה** for **הַשְׁבָעָן**.

51. **מַנְשֵׁה כִּי נָשַׁנִּי** = 'Manasseh, for he hath made me forget.' The form **נָשַׁנִּי**, for **מַנְשֵׁה**, is used on account of its similarity in sound with the name **מַנְשֵׁה**; cf. Ges., § 52. note 1; Stade, § 387 a. In Arabic and Aramaic the *a* sound is regular, e. g. Heb. קָטֵל, Arab. قَتَلَ, Aramaic מְקַטֵּל, and קָטֵל; and that *a* was once the original sound in Hebrew is proved from the imperf. and partic. of the Pi'el; cf. Wright, *Arab. Gram.*, i. pp. 32, 33. The Pi'el with a double acc. may possibly, as Tuch and Di. suggest, have been chosen instead of the commoner Hif'il on account of the name **מַנְשֵׁה**.

53. **הִיא** is neuter, 'which there was' (Germ. *die es gab*); contrast ver. 48; or **הִיא** may be referred to **הַשְׁבָע**.

56. את כל אֲשֶׁר בָּהּ LXX, πάντας τοὺς σιτοθολῶντας,  
 Syr. כל אֹצְרִיא דְבָהָן, Vulg. 'universa horrea,' Onq. = עַבְנָרָא  
 to a reading בר אֹצְרוֹת. The true reading here seems to  
 have been lost.

**וַיִּשְׁבֶּר** is probably to be emended to **וַיִּשְׁכֶּר**, cf. 42, 6, as **שָׁבֵר**, Qal, always means, when a denom. from **שָׁבֵר**, 'to buy,' not 'to sell.'

57. **וְכָל הָרֶץ בָּאֹר.** The plural verb as = 'the inhabitants of the land;' see Ges., § 146. 1; M. R., § 135. 2; so 1 Sam. 14, 25. 2 Sam. 15, 23.

## 42.

1. **שַׁבַּר.** In all the passages where **שַׁבַּר** occurs it means 'grain,' as an article of merchandise, hence its frequent use from this chapter onwards. It is usually derived from **שִׁבַּר** 'to break,' from the corn being crushed in the mill; see the Lexica.

**תְּתַרְאֹו.** 'Look at one another,' i. e. look helplessly, one to the other, expecting aid and advice. It is not found elsewhere in this sense.

4. **פָּנִים יִקְרָאנוּ אֲסֹן.** 'Lest harm befall him.' **קָרָא** is here equivalent to **קָרָה**, as in ver. 38. 49, 1. Ex. 1, 10.

**אֲסֹן** is only found again in ver. 38. 44, 29. Ex. 21, 22. 23.

6. **וַיּוֹסֵף הָוֹא הַשְׁלִיט.** **וַיּוֹסֵף** is a *casus pendens*; so 9, 15; **וְבָנֵם** מִשְׁקָה בֵּיתִי הָוֹא דְמִשְׁקָה 2; **וְחַם** הָוֹא אַבִּי 18, § 199.

**הַשְׁלִיט** = **הַמְשֻלָּט** in 45, 8. **שְׁלִיט** is a word common in Aramaic, and occasionally found in late Hebrew, e. g. Eccl. 8, 8. 7, 19 (pl.). 10, 5; and in the fem. sing. Ez. 16, 30 (all). Di. suggests that it is a technical word here, that has come over with tradition, as it agrees remarkably with *Salatis*, or *Silitis*, the name of the first ruler of the Hyksos in Egypt, Jos., *Contra Ap.*, i. 14; so Tuch and Del. in their commentaries; cf. the Assyrian *šalaṭ*, 'viceroy.'

7. **וַיֹּדַבֵּר אַתֶּם קְשׁוֹת.** **קְשׁוֹת**, the fem. pl., is here used as neuter; so **קְשָׁה**, fem. sing. in Ps. 60, 5, **הָרְאִית עַמְךָ קְשָׁה**.

and 1 Kings 12, 13 את העם קָשָׁה other instances of the pl. fem. as neuter are Ps. 12, 4 נְדֻלּוֹת; Ps. 16, 11 נְעִימֹת; Zech. 4, 10 קְטֻנוֹת; see Ewald, § 172 b; M. R., § 63; Ges., § 80. 1.

8. **וְהָם** is emphatic, *they*, as opposed to Joseph; see on 33, 3.

9. **לְהָם**. ‘*About them;*’ see on 17, 20.

9. **אֶת עֲרוֹת הָרֶץ**. ‘*The bareness of the land;*’ cf. a similar use of the Arabic عَوْرَة, *Qor.* 33, 13. Knobel further compares γυμνοῖσθαι (Homer, *Iliad*, 12. 339) and *nudari* (Caesar, *Gallic War*, vii. 70), and points out that the Hyksos were in constant dread of attacks from the Assyrians, who were at that time very powerful, and therefore fortified the eastern portion of the land of Egypt (*Jos.*, *Contra Ap.*, i. 14).

10. **וַעֲבָדֵךְ**. וְ is here used after the negative, after which בַּי usually stands; so 17, 5, וְהִיא, for the more usual בַּי הִיא; see Ewald, § 354 a; Ges., § 155. 1 b; cf. Deut. 11, 10 f.; 2 Sam. 23, 7.

11. **נְחַנְנוּ** for the longer form אָנְחַנּוּ is only found here, Ex. 16, 7. 8. Num. 32, 32. Lam. 3, 42; see Ges., § 32. Rem. 2; Stade, § 179 b; Dav., § 12. Rem. a. נְחַנְנִי is the pausal form.

**כְּנִים** in the sense of ‘*upright*, ‘*honest*’ (masc.), is only found in this chapter; בְּן occurs, Num. 27, 7. Is. 16, 6. Prov. 11, 19, and elsewhere, in the *neuter* sense of ‘*right*’.

**הִיוֹ** is here a stative verb = ‘thy servants have not been, nor are they now, spies;’ so Is. 15, 6; see Driver, § 11.

**מְרַגְּלִים**. ‘*Spies.*’ Del. remarks that the term (‘*those who go about with the object of spying*’) was a more insulting term than תְּרִים (‘*those who go about with the object of exploring*’).

12. **כִּי עֲרוֹת הָרֶץ בְּאַתֶּם לְרָאָת**. The obj. is intentionally emphasized by being placed first.

13. **אֱנֹהֶנוּ** seems superfluous; possibly, as Olshausen suggests, it is a gloss from ver. 32, and should be rejected. Del. renders, against the accents, ‘*Twelve are thy servants, brothers are we, the sons of*’ etc.

**הַקְטָן** = ‘*the youngest;*’ see on 9, 24, and cf. M. R., § 86; Dav., § 47. 2; Ges., § 119. 2.

**אֵין־נוּ**, as in 5, 24.

14. **הַוָּא** is here neuter, as in 20, 16. Job 13, 16.

15. **חַי פְּרֻעָה**. The Mass. pointed **חַי** with a created object, but **פְּרֻעָה** with God; so Lev. 25, 36. Cf. 1 Sam. 17, 55 (Saul). 2 Sam. 11, 11 (David). Di. remarks ‘that this oath is very suitable here, as the Egyptians honoured their kings, ὡς πρὸς ἀλήθειαν ὅντας θεούς (Diod. i. 90).’

**אָמָם**. On this use of **אָמָם**, cf. on 14, 23.

Render, ‘*As sure as P. lives ! ye shall not go hence, except your youngest brother come hither.*’

16. **כִּי** (introducing the oath) = ‘*surely;*’ see Ewald, § 330 b, and cf. 1 Sam. 14, 44. 1 Sam. 20, 3. 2 Kings 3, 14.

17. **וַיַּאֲסַף**. Cf. Josh. 2, 18. Is. 24, 22.

18. **זֹאת עֲשֵׂו וְחִיוּ**, lit. ‘*Do this and live,*’ i. e. ‘if ye do this ye shall live ;’ see Ges., § 130. 2 ; M. R., § 10 ; Driver, § 152 i, and cf. Amos 5, 4 **דְּרַשׁוּנִי וְחִיוּ** ; Prov. 3, 3 f. . . . **בְּתַבְּנָם** . . . . **וְמָצָא**.

19. **אֲחִיכֶם אֶחָד**. Cf. ver. 33. **אֲחִיכֶם הָאֶחָד**. On the absence of the art. here, see Ges., § 111. 2 b ; M. R., § 76. Rem. c ; Ewald, § 290 f. ; so in 43, 14. **אֲחִיכֶם אֶחָר**

**מְطֻר וְרָעֵךְ רַעֲבֹן בְּתִיכֶם**. Cf. Is. 30, 23.

**שְׁמַע**. Cf. on 9, 18.

**כִּי הַמְלִיחָן**, i. e. the interpreter that was usually present in such cases; hence the article.

**בִּנְתֵּם**. Cf. in 26, 28.

25. **כְּסֻפִּים** here, and ver. 35, the plural is used, because the silver of more than one is intended, Ewald, § 176 c; Ges., § 108. 4. Rem. 1, explains the plural differently. The dag. in the פ is unusual, though it is found in the sing. and dual, the aspiration is generally preserved in the pl.; so רְשִׁيقִי, צְמִידִי, טְרִיבִי, etc.; see Ges., § 93. Rem. 1; Stade, § 71. 2.

**אִישׁ אֶל שָׁקוֹ**, so ver. 35. Cf. the note on 9, 5.

**וַיַּעַשׂ**. The sing. is harsh; after וַיָּמָלֹא a plural would be natural. The Syr. and Vulg. read the pl., while the Sam. and Onq. have the sing.; the LXX have ἐγενήθη αὐτοῖς οὗτως. If **וַיַּעַשׂ** (sing.) is read it must be rendered impersonally, ‘one did,’ i. e. ‘it was done;’ the implied subj. being **הַעֲשָׂה**.

27. **הַאֲחֹד**, i. e. the one who, as it were, made a beginning, and opened his bag (the others naturally opening theirs afterwards), so = ‘*the first;*’ cf. 2, 11. 4, 19.

**אַמְתָּחָתוֹ**, ‘distinguished from שֵׁק as being more specially the sack which the ass carried,’ Tuch. The word is only found in Gen., chaps. 42–44 (in J, see App. I).

28. **וַיַּחֲרֹדוּ וְגַרְוָה**. A pregnant construction; see Ges., § 141; Ewald, § 282 c; cf. 43, 33 “**וַיִּחְמֹהוּ הָאָנָשִׁים וְנוּ**”

**אָדָנִי הָאָרֶץ**. See on 39, 20.

**כְּמַרְגָּלִים** is Ben Asher’s reading. Ben Naftali reads בְּמַרְגָּלִים (with the article), see Baer and Del., *Gen.*, p. 86 [where, in note 3, Judg. 21, 29 should be Judg. 21, 19].

35. **וַיְהִי הֵם מְרוּקִים**. ‘*And it came to pass, as they were emptying their sacks, that they found*’ etc. A circumstantial clause; so 2 Kings 2, 11 . . . וְהִנֵּה . . . **וַיְהִי הַמָּה הַלְכִים**, see Driver, § 165; M. R., § 154.

36. **כָּלֹנֶה**. See on 21, 29. occurs again, Prov. 31, 29.

37. **תִּמְתַּיֵּת** = *'thou mayest kill.'*

38. **וּקְרָאָהוּ . . . וְהַוְרָדְתָם**. Cf. the note on 33, 13.

### 43.

3. **הַעַד הַעַד** ‘protested strongly,’ the inf. abs., by Ges., § 131. 3 a; M. R., § 37 a.

4. **בְּלֹתִי אֲחִיכֶם** (Del.). Cf. Ex. 22, 19, לְבָדוֹ (see Ewald, § 322 a; cf. also M. R., § 153).

5. **וְאִם יִשְׁךְ מַשְׁלָח**. Cf. the neg. in ver. 5 מַשְׁלָח, and the note on 24, 42; here an imperf. (voluntative) alone follows the participle with **אִם יִשְׁ**, in 24, 42 a perf. with waw conv.

6. **לִמְהָ**, here pointed with two qameṣ and no dag., and the tone on the last syllable, as the next word begins with a guttural; see Ges., § 102. 2 d.

7. ‘*The man asked particularly about us, and our kindred, etc., . . . so we told him according to these words; how were we to know that he would say?*’ etc. **עַל פִּ**, as in Ex. 34, 27. Lev. 27, 8, and often.

**הַזְּדוּעַ נְדֻעַ**. On the inf. abs. see above on ver. 1, and for this (potential) use of the imperf., cf. Driver, § 39 β; Ewald, § 136 d; M. R., § 7. 2. Rem. c; Ges., § 127. 3 d; so ver. 25; **כִּי שְׁם יַאֲכִלוּ** etc. הַכְּמוֹת נְבָל יִמּוֹת אַבְנָר etc.

8. **וְאִם לֹא הַבִּיאָתָיו . . . וְחַטָּאתִי**. Cf. 47, 6 **אִם לֹא** the bivaiatyo . . . and chataati. **וְאִם עַבְרָת . . . וְהִית . . . יָדַעַת . . . וְשָׁמַתָּם**; 2 Sam. 15, 33; and see Driver, § 138 i. (a); M. R., § 3. 1 c. Cf. 1 Kings 1, 2. **אַנְיִ וּבְנֵי שְׁלָמָה חַטָּאים** 2.

10. ‘*For had we not tarried, surely now we had returned’*  
etc. בַּי עֲתָה, as in 31, 42; cf. the note on that passage.

11. מִזְמָרָת הָארֵץ is usually rendered, ‘*from the song of the land*,’ i. e. of the products of the land of Canaan that are celebrated and praised in song; cf. Jer. 51, 41. But Kn. and Del. point out that such a highly poetical expression would be very strange in this passage, and further that זֶמֶר and its derivatives are only used of songs in divine service. Del. derives here from זֶמֶר (cf. מִזְמָרָה) in the sense ‘*to cut off*,’ so זֶמֶר would mean ‘*produce*’ or ‘*portion*.’ But, as Di. remarks, זֶמֶר is only used of cutting off what is useless, or in the way.’ Norris, *Assyrian Dict.*, ii. 354, gives an Assyrian word zumri = ‘*fruit, produce*,’ Di. Di. renders ‘*fruits*.’ LXX, καρποί.

לֹט, נְכָאת, צָרִי, see on 37, 25.

דְבָשׁ, here probably not the honey of bees, but a syrup prepared by boiling from the juice of the grape, Arab. *dibs*, which is at the present day brought to Egypt from the neighbourhood of Hebron.

בְּטִינִים. ‘*Pistacia nuts*’ (see Ges. in the *Thes.*, s. v.), the fruit of the *Pistacia vera*.

וּשְׂקָדִים. ‘*And almonds*,’ the fruit of the *Amygdalus communis*. Almonds are found in Egypt, but only very rarely.

12. מִשְׁנָה. וּכְסֵף מִשְׁנָה is here an adverbial acc.; cf. בְּסֻף, מִשְׁנָה בְּסֻף, Ex. 16, 22. In verse 15, in כְּסֻף מִשְׁנָה; בַּי מִשְׁנָה שְׁכִיר in silver;’ cf. Deut. 15, 18 וּמִשְׁנָה שְׁבָרָן. See Ges., § 118. 3; Ewald, § 286 d. Jer. 17, 18

14. אַת אֲחִיכָם אַחֲר. See the note on 42, 19. LXX and Heb.-Sam. read הַאֲחָד here.

וְאַנִי כַּאֲשֶׁר שְׁלַלְתִּי שְׁלַלְתִּי. ‘*And I, if I am bereaved,*

*I am bereaved;*' cf. Esther 4, 16 ; 2 Kings 7, 4 notice the — in pause for —, and cf. 49, 3 for עַזְן; 49, 27 יָתָרֶךְ; see Ewald, § 93. 3; Stade, § 459 c. 1 (who accounts for the use of the pausal form with — here, 'der Euphonie wegen,' for euphony).

16. טַבַּח is imperative for the usual form טַבָּח, but only in this passage, possibly, as Böttcher suggests, on account of the following טַבָּח, to produce a change in the sound of the final syllable of the first word (טַבְּחָת).

18. **בְּהַשְׁמָן**, ‘because how it came there was unknown to them and inconceivable,’ Del.

**לְהַתְגִּלֵּל**, lit. ‘to roll oneself upon any one;’ cf. Job 30, 14. **תְּחִתָּה** **שָׁאָה** **הַתְגִּלֵּל** is inf. cstr. Hithpo’al from **גָּלַל**.

20. בַּיִן is a precative particle, always followed by בְּלֹא; בְּעֵל 'pray!' has probably arisen out of בְּלֹא, as בְּעֵשׂ 'out of' has probably arisen out of בְּלֹא; cf. in Aramaic the precative particles בְּהָדָה and בְּבָשָׁה. See Prof. William Wright's *Book of Jonah in Four Semitic Versions*, p. 11.

<sup>23.</sup> **שָׁלוֹם לְכֶם**. Cf. Judg. 6, 23. 1 Sam. 20, 21. ‘**שָׁלוֹם**, ‘**שָׁלוֹם**’ **לְכֶם** in the O. T. is always a formula of encouragement or congratulation, never of greeting,’ Del.

25. כי שם יאכלו לחם. ‘That they were to eat bread there.’ Imperf., as in ver. 7.

26. **וַיְבִיאֵר.** נ with mappiq, perhaps to mark that it is a consonant; cf. Lev. 23, 17 ; Job 33, 21 (‘cum נָא וַיְבִיאֵו’); Ezra 8, 18 (‘וַיְבִיאֵו נָא’); note in Baer and Del.’s ed. of *Job*, p. 52); note in Baer and Del.’s ed. of *Daniel*, *Ezra*, and *Neh.*, p. 108). Di. points out that we now know

(Ginsburg, *Verhandl. des 5 intern. Orient. Congr.*, ii. 1. 136 ff.) that the four examples of a mappiq in נ mobile are only remains of a much wider system of pointing the נ mobile with mappiq, which was once more consistently carried out in MSS. See further, Ewald, § 21 e; Ges., § 14; Stade, § 42 b; Strack, *Proleg. Critica*, p. 19.

27. **הַשְׁלָום אֲבִיכֶם**. שְׁלָום is here used as an adj.; cf. 1 Sam. 25, 6. 2 Sam. 20, 9.

28. **וַיַּקְדֹּשׁ**, impf. Qal of קָדֵד; see Ges., § 67. N.B.; Dav., § 42. 6. foot-note 2. קָדֵד and הַשְׁתַחָה occur together again in 24, 26. 48.

29. **יְחִינָּה**. So again Is. 30, 19 for יְחִינָּה; cf. Ges., § 67. Rem. 2; Ewald, § 251. 2 d.

30. **כִּי נִכְמַרְוּ רְחִמְיוֹר**. Cf. 1 Kings 3, 26. Hos. 11, 8 (with נִחְמִים for רְחִמְיוֹר).

32. **כִּי לֹא יוּכְלֻן**. Cf. Num. 9, 6. Deut. 22, 19. 12, 17, of legal and moral incapability. Kn. remarks on this verse: 'The predilection of the Egyptians for their own people and land, and their exclusiveness towards strangers (Diod. i. 67; Strabo, xvii. 1. 6), is well known. The priests neither ate nor drank anything that came from a foreign land (Porphy. iv. 7); the Egyptian would use no eating utensils belonging to a Greek (Her. ii. 41). In a similar way they conducted themselves towards the Hebrews, especially as they were a nomad people, "tenders of flocks and herds" (see 46, 34; and cf. also 39, 6).'

33. **וַיַּתְמַהֵר**. Cf. on 42, 28.

34. **וַיִּשְׁאַל** is impersonal, the implied subject being **הַנֶּשֶׁא**; cf. 42, 25; Deut. 22, 8 2; 2 Sam. 17, 9. **וַיִּפְלֶל הַשְׁמָע** The LXX and Syr. have the plural here.

**חֲמִשָּׁה יְדֹות**. Knobel calls attention to the frequency of

the number five in matters relating to Egypt, e.g. 41, 34. 45, 22. 47, 2. 24. Is. 19, 18. For יְדִים in the sense of ‘portion,’ cf. 47, 24. 2 Sam. 19, 44. 2 Kings 11, 7.

**וַיַּשְׁכַּרְוּ** ‘to be understood according to Hagg. 1, 6,’ Del.

#### 44.

1. **כָּסֶף אִישׁ**. See Ges., § 124. Rem. 1; M. R., § 94 b.

3. **הַבָּקָר אֹור וְהָאֲנָשִׁים וְגֹו**. ‘The morning dawned, and the men were sent away.’ The construction is the same as in 38, 25 **הֵוָה מָוֹצָאת וְהִיא שְׁלָחָה**, see the note there; so in the next verse, **הֵם יֵצְאוּ . . . וַיּוֹסֵף אָמָר**. Cf. also M. R., § 154.

**אֹור**, intrans. perf. like **טוֹב בּוֹשׁ** (all); see Ges., § 72. Rem. 1; Stade, § 385 f.

4. **לֹא הָרְחִיקוּ**. ‘Without having gone far;’ so Ex. 34, 28 **לֹא חָמָם לֹא אָכֵל וְמַיִם לֹא שָׁתָה**; Lev. 13, 23 **לֹא פְשָׁתָה** ‘without having spread.’ The perfect is here equivalent to our past part. act.; see Driver, § 162.

5. The LXX (cf. the Syr. and Vulg.) insert at the end of ver. 4, *ἴνα τί ἐκλέψατε μου τὸ κόνδυν τὸ ἀργυροῦν*; perhaps an explanatory gloss.

‘Is not this that wherein my lord is wont to drink, and he (emphatic) would surely practise divination therewith’ etc.? On **בּוֹ**, cf. Ges., § 154. 3 a; and M. R., § 52. 1. Rem. a, who compares *πίνειν εἰν χρυσῷ, bibere in ossibus, and boire dans un verre*, with the plural used here. **שְׁתָה בּ** occurs again in Amos 6, 6 **הַשְׁתִּים בְּמִזְרָקִי יִין**. Tuch takes the sentence slightly differently, supplying **בְּיַדְכֶם** after **הָלָא**. But this seems unnecessary.

**נְחַשׁ וַיְנַחַשׁ בּוֹ**. Cf. 30, 27. This species of divination

with cups, called *κυλικομαντεία* or *ὑδρομαντεία*, was much practised in Egypt; cf. Jamblich., *Myst.*, 3. 14, and Varro in Augustine's *Civ. dei*, 7. 35, cited by Di., p. 407. Di., l. c., says: 'Water was poured into a glass or some other vessel, or pieces of gold, silver, or precious stones were thrown into the water, and the figures or rings that appeared were supposed to give information about the future, or what was obscure to the inquirer.' The LXX have here *αὐτὸς δὲ οἰωνισμῷ οἰωνίζεται ἐν αὐτῷ*. So the Syr. and Vulg. Onq. has *וְהִיא בְּדַקָּא מִבְּדִיק בֵּית*, 'and he makes discoveries through it,' sc. the cup. Saadiah, quoted by Wright (*Genesis*, p. 109), has *וְהִנֵּה אֶתְכֶם אֲמַשְׁתְּקַנְּתֶם בְּעַד*, 'and he only proved you by it.' 'Wishing to screen Joseph from such practices.'

**נִיחַש** = properly 'to whisper,' viz. magic formulae or oracles.

**לִמְהָ יֹדְבָּר**. 7. 'After the imperfect, as more courteous and adapted to a tone of entreaty, is often preferred to the perfect,' Driver, § 39γ; so Ex. 2, 13; 1 Sam. 21, 15; *לִמְהָ תָּבִיאוּ אֶתְכֶם*.

**חֲלִילָה . . . מִعְשׂוֹת**. Cf. on 18, 25.

**אָשֶׁר יִמְצָא . . . וְמֵת**. 9. The perf. with waw conv. to introduce the apodosis; contrast ver. 10, where the simple imperf. follows; cf. ver. 17 (where 'the subject is reinforced by the personal pronoun' *(הוא)*); Judg. 8, 7. 9; and see Driver, § 123γ. Obs.; M. R., § 26.

**בְּגָדוֹל הַחַל וּבְקַטֵּן כָּלה**. 12. *ἀρξάμενος*; so 48, 14. **שָׁכַל אֶת יְדֵי**. See also M. R., § 153. Render, 'Beginning with the eldest, and finishing with the youngest.'

**הַגְבִּיעַ** is a cup shaped like the bell or calix of a flower; cf. Ex. 25, 31, where the word is used of the cup of a flower used in the workmanship of the golden candlestick.

15. **הַלֹּא יְדַעְתֶּם וָגוּ**. ‘Did ye not know that a man like me would be certain to practise divination,’ and so at once discover the thief? **אִישׁ אֲשֶׁר כָּמַנִּי**, i. e. one of the wise men of Egypt; cf. Is. 19, 11; Kn.

16. **וּבָמָה = וּמָה**, as in Ps. 116, 12.

18. **כְּמוֹךְ כְּפָרְעָה**, lit. ‘like thee, like Pharaoh,’ i. e. ‘for thou art as P.;’ cf. 18, 25. Is. 24, 2. Hos. 4, 9. Ps. 139, 12; and see M. R., § 56. 1. Rem. a; Ges., § 154. 3 f.

21. **וְאַשְׁיָמָה עַנִּי עַלְיוֹ**, i. e. take him under my protection; cf. Jer. 39, 12. 40, 4. Ps. 33, 18. 34, 16. LXX, *καὶ ἐπιμελοῦμαι αὐτοῦ*.

22. **וּעֹזֵב . . . וּמָת**. See the note on 33, 13. **וּמָת**; cf. the note on 3, 22.

29. **וּקְרָהוּ . . . וּהְוָרְדָתֶם**. Cf. on ver. 22.

31. **וְעַתָּה כִּبְאֵי וְהִוָּה** introduces the apodosis to in ver. 30; **כְּרָאוֹתָו וּמָת** is apodosis to **וּמָת**.

33. **וַיֵּשֶׁב . . . יַעַל**. The jussive is here used in making a request, as in 9, 27. 31, 49, and often; see Driver, § 50 γ; M. R., § 8; Ges., § 127. 3 b.

## 45.

1. **לְכָל הַנְצִבִּים עַלְיוֹ**. ‘Before all those that stood by him,’ lit. ‘with regard to all those’ etc. **ל** as in 17, 20 **לִשְׁמַעַל**; cf. the note on that passage.

**בְּהַתְוֹדָע**. ‘When he made himself known.’ **הַתְוֹדָע**, cf. Num. 12, 6 (all), is the inf. Hithp<sup>l</sup>. of **יָדָע**, a verb **פָּי**, really **פָּז**; in the Nif<sup>l</sup>, Hif<sup>l</sup>, and Hof<sup>l</sup>. the waw reappears, **הַזְּדִיעַ** = **הַזְּדִיעַ**, **הַזְּדִיעַ** = **הַזְּדִיעַ**; but in Hithpa<sup>el</sup> the **ו** usually remains, as **הַחִילַד** **הַחִיעַן**, **יָצַב**, **יָעַז**, **הַחִיצַב** (**den.**

התוּדָע (den. from **הַחִשָּׁה** יְלֵד), etc. With **התוֹדָע**, cf. **התוֹרָה**.

4. **אֲשֶׁר מִכְרַתֶּם אֹתִי.** See Ges., § 123. 1; M. R., § 156. Rem. c.

5. **כִּי לְמַחְיָה.** ‘*For for the preservation of life*, i.e. for the preservation of your life and that of other people; cf. Ezra 9, 8. 9.

6. **זֶה שְׁנָתִים.** On this use of זֶה, cf. 27, 36. 31, 38. 43, 10, and see Ges., § 122. 2. Rem. Render, ‘*Now two years has the famine*’ etc.

7. **וַיְשַׁלְחָנִי** is connected only in *thought*, and not *chronologically*, with ver. 6; so וְתַלְךְ, 36, 14. 46, 18. 25. See Driver, § 76 a.

**לְשׁוֹם לְכֶם שָׁארִית.** ‘*To give you a remnant*’ etc., i.e. that your descendants may live and your family not be destroyed from off the earth; cf. 2 Sam. 14, 7. Jer. 44, 7. To take **שָׁארִית** as the residue of the corn which the earth has brought forth is unsuitable, as **שָׁארִית** is never used of things.

**וְלֹהֲחֵיתָ לְכֶם לְפָלִיטה גָּדְלָה.** Del. renders ‘*to prolong for you life=להחיות* (Ezra 9, 8 f.), *to a great (numerous) deliverance*,’ i.e. that you may be preserved, and become a numerous body of people, the second ל being the dat. of the product. **הַחִיָּה** everywhere else is construed with the acc., but, as Del. on Is. 53, 11 shews, verbs in Hif. are sometimes construed with a dative. Others (Schumann, Wright) take “לְפָ” נ” as in apposition to **לְכֶם**, and render, ‘*to keep you alive, a great body of fugitives*.’ LXX and Heb.-Sam. strike out the ל before **לְפָלִיטה**.

8. **לְאָב לְפָרָעָה.** Cf. 1 Macc. 11, 32. A title bestowed on the first minister in the kingdom; see Ges., *Thes.*, p. 7. Di., referring to Brugsch, *Gesch.*, 248, 252, 592, says *ab en*

*pirāo* was, in documents of the nineteenth dynasty, the official title of the first (domestic) minister, and that ‘*adon* of the whole land’ occurs in a similar sense in a document of the eighteenth dynasty.

10. **בָּאָרֶץ גַּשְׁן**, called in P רַעֲמֵסָם אָרֶץ, 47, 11 (cf. Ex. 12, 37. Num. 33, 5); the LXX also, in 46, 28, render גַּשְׁן by εἰς γῆν ‘*Pαμεσσῆ*’. גַּשְׁן must, probably, be sought for on the eastern side of the Nile. From Ex. 2, 3 f. Num. 11, 5 the Israelites seem to have dwelt near the Nile, and there is no reason to suppose that they ever crossed that river, as neither when they enter, nor when they leave Egypt is any mention made of their crossing the Nile. The LXX render גַּשְׁן here, and 46, 34 Γεσέμ 'Απαθίας, hence we may infer that גַּשְׁן must have been a portion of lower Egypt, on the right bank of the Nile. This portion of Egypt was regarded by the ancients as Arabia, so that to them Heliopolis and Heropolis, for example, were situated in Arabia (Her. ii. 15; Strabo, xvii. 1. 21. 30), or ἐν μεθορίοις 'Απαθίας (Ptol. iv. 5. 54); cf. also Ps. 78, 12. 43 (‘*his [Moses'] wonders in the field of Zoan*’ [Tanis]). Di., p. 411, after citing authorities, says, ‘Goshen is the district on the east side of the Pelusian, or rather Tanitic arm of the Nile, north-east of Cairo.’ This part of Egypt was considered one of the best portions of the country (47, 6. 11), and was a land well adapted for shepherds (46, 34); see further, Di., p. 411; Del., p. 493. The name גַּשְׁן was probably Semitic, as it is also found in Josh. 10, 41. 15, 51 as the name of a district and town in southern Canaan.

11. **וְכִלְכְּלָתִי**. The Pilpel of כָּל; see Ges., § 55. 4; Dav., § 26. 3. Rem. c. The pass. וְכִלְכְּלָה occurs in 1 Kings 20, 27.

**יִרְשֶׁת תּוֹרֶשׁ** פָּן. ‘*Lest thou be brought to poverty*,’ Nif. of **רוֹשׁ**; so most of the Vss. Another rendering, which is less natural, is ‘*lest thou be taken possession of*,’ from **ירַשְׁתּוֹ** *possidere*, i. e. through poverty became the property of some one else; cf. 47, 19 f.

12. **כִּי פִי הַמִּדְבָּר**, lit. ‘*that my mouth is the one speaking*’ etc., i. e. ‘*that it is I myself that speaketh*.’

17. **טֻעַנְךָ** ‘*load*,’ a ἄπαξ λεγόμ.; cf. 44, 13, where **עַמְם** occurs.

18. **טוֹב וָנוּגָה**. ‘*The best of the land of Egypt*,’ i. e. its best products; cf. vers. 20. 23, also 24, 10. 2 Kings 8, 9, etc.; so LXX, Vulg., Tuch, Del., Di., Rashi, and others take **טוֹב** as = ‘*the best portion*,’ i. e. Goshen; but this is 47, 6. 11.

19. **וְאַתָּה צִוְיתָה וָנוּגָה** must mean, ‘*And thou (Joseph) art charged, do ye (the brethren) this*,’ which is very harsh. Possibly the text is corrupt. The Syr. inserts after **צִוְיתָה**, אָמֵר אֶל־אֲחֵיךְ; while the LXX, σὺ δὲ ἔντειλαί, and the Vulg., ‘*praecipe etiam*’ etc., read the text **צִוְיה אָתֶם**.

20. Compare the note in 34, 21 for the *casus pendens*, ‘**כִּי טֹב וָנוּגָה**,’ taken up by the pronoun **הָוָא**.

22. **חַלְפּוֹת שְׁמַלְתָּה**, i.e. ‘*changes of raiment*,’ costly robes, which would be worn on special occasions, cf. 27, 15; see Judg. 14, 12 f. 19. 2 Kings 5, 5. 22 f. The brothers received a complete outfit, while Benjamin has five times as much, and three hundred shekels besides.

23. **כִּזְאת** ‘*as follows.*’ Usually pointed **כִּזְאת**, and only here with no pretonic —.

**מִזְרָן** occurs only once again in the O.T., 2 Chron. 11, 23. The word is frequent in Aramaic.

24. **אַל תִּرְגֹּנוֹ** אֶל, scarcely ‘*do not fear*,’ for such a warning would be superfluous in the case of persons who had already

made the journey more than once, but rather ‘*do not quarrel*,’ i. e. do not dispute about your conduct to me; cf. 42, 22, also Prov. 29, 9. Is. 28, 21.

26. וְכִי = ‘*and that*,’ introducing the *oratio obliqua*.

וַיָּפַג לְבָבוֹ. ‘*And his heart grew cold*.’

27. וַיּוֹרֶא . . . וַתֵּחַי רוח יַעֲקֹב, lit. ‘*and he saw . . . and the spirit of J. revived*;’ almost = ‘*when he saw . . .*’ etc. (46, 29); cf. Driver, p. 216. וַתֵּחַי רוח; cf. Ps. 22, 27 יְחִי לְבָבְכֶם; וַיְחִי לְבָבְכֶם; לְעֵד;

28. רַב. ‘*It is enough*;’ so 2 Sam. 24, 16. Num. 16, 3. 7.

## 46.

לְהָ 3. מְרֻדָּה. **רַדְתָּה** for **רַדְתָּה** for **רַדָּה**, like **רַעַת** for **רַעַת**, Ex. 2, 4; for **לְדָתָה**, Is. 37, 3; see Ges., § 69. Rem. 1; Stade, § 619 h.

4. וְאַנְכִּי אַעֲלֵךְ גַּם עַלָּה. On the inf. Qal and imperf. Hif., see the note on 37, 33. The emphatic inf. abs. usually precedes the finite verb; see Ges., § 131. 3. Rem. 1; M. R., § 37 a; Ewald, § 312 b, who remarks that Qal after Hif. is very rare; cf. Is. 31, 5. The inf. abs. is here further emphasized by **גַּם**, as in 31, 15 וְאַכְלֵנִים **גַּם** **אַכְלֵנִים**.

6. וּמְקֻנֵּיהֶם, sing. not plural; see the note on 41, 21.

8–27. A list of the family of Jacob who went down into Egypt with him. The names in this list are found again, with several variations, in Num. 26. 1 Chron. 2–8 (cf. also Ex. 6, 14–16), the variations being most numerous in the case of the sons of Benjamin.

Jacob’s sons are classified according to his wives, the list falling under four heads: Leah, Zilpah, Rachel, Bilhah. Under

the first head, Leah, come Reuben, with four sons; Simeon, with six; Levi, with three; Judah, with five; Perez and Zerah being regarded as his sons, though they really were his grandsons; Perez has two sons, and as Er and Onan died in Canaan, Judah's sons and grandsons amount to five; Issachar has four sons; Zebulun, three; Leah's daughter Dinah is also mentioned: thus Leah's children and grandchildren amount to 26; and these 26 + Reuben, Simeon, Levi, Judah, Issachar, and Zebulun = 32, and with Jacob himself, 33. Under the second head, Zilpah, come Gad, with seven sons; Asher, with four sons, a daughter (Serah), and two grandsons (7): thus  $7+7+2$  (Gad and Asher) = 16. Under the third head, Rachel, come Joseph and Benjamin; Joseph has two sons, Ephraim and Manasseh; and Benjamin, ten: thus  $2+2+10=14$ . Under the fourth head, Bilhah, come Dan, with one son; and Naphtali, with four sons: in all,  $1+4+2$  (Dan and Naphtali) = 7. Thus all the family of Jacob, including himself, was  $(33+16+14+7)$  70. The LXX here (ver. 27), cf. Acts 7, 14, make the total number 75, counting (ver. 20) three grandchildren and two great-grandchildren among Joseph's descendants; from 50, 23. Num. 26, 28 ff. 1 Chron. 7, 14 f. The number 70 is mentioned again in Ex. 1, 5. Deut. 10, 22 (LXX in Ex. 75, but in Deut. 70). On the variations in the lists given in this chapter, Num., i. c., and 1 Chron., l. c., cf. the larger commentaries, i. e. Del., p. 487; Di., p. 417 f.; also on the difficulty that arises in the case of Perez, who, being born after the sale of Joseph into Egypt, and before Jacob came to Egypt, had, according to our list, two sons. Thus, as the time between Joseph's sale into Egypt and the coming of Jacob is only twenty-two years, the birth of Perez and his sons must have occurred within twenty-two years, which, of course,

is not impossible, but not very probable. Another difficulty is also discussed by Di. and Del., viz. that Benjamin, the youth (43, 8. 44, 20, etc.), is represented here as the father of ten sons.

15. **וְאַתْ דִּנָּה**. If the **את** is not corrupt, we must render, ‘and also Dinah’ (governed by **ילדה**).

20. **וַיַּלְדֵּל יְוָסֵף אֲשֶׁר בְּנֵים**, refers to the object that is implied in **וַיַּלְדֵּל יְוָסֵף**, viz. **בְּנֵים**.

27. **הַבָּאָה**. See the note on 18, 21.

28. **לְהֹורָת**. ‘That he (*Joseph*) might give him instructions,’ or ‘direct him,’ i.e. that Joseph might instruct Judah, and give Jacob, with his flocks and herds, every facility to enter the land; so Ges., Kn. Del. makes Judah the subj. to **להֹורָת**, i.e. Judah went before Jacob to shew him the way, which he (*Jacob*) could find as easily as Judah. The Sam. Ver., LXX, Pesh. apparently read **להֹורָת**, as inf. Nif. = **לְהֹרְאֹת** (which is found in the Heb.-Sam.), or had this word in their text, which reading is accepted by Di., who considers it confirmed by **וַיַּרְא אֶלְיוֹן** in ver. 29, and renders, ‘That he (*Joseph*) should appear before him (i. e. come to meet him) to Goshen.’

**לְפָנָיו**, i.e. ‘before his (*Jacob’s*) arrival.’

29. **וַיַּעַל**, i.e. from the Nile land to Goshen, which lay on higher ground, Di.

**עוֹד** = ‘again and again;’ cf. Ruth 1, 14.

30. **הַפְּעָם**, as in 2, 23. 18, 32. 29, 34.

31. **אַעֲלָה**, possibly used with reference to the ideal, or real high position of Pharaoh’s royal residence, Di.; cf. Ges., *Thes.*, 1022.

33. **מַעֲשֵׂיכֶם**, singular; cf. on 41, 21.

34. **כָּל רֶעה**. Cf. on 4, 2. The Sam. has the pl. **רֶעִי**.

## 47.

2. **ומקצתו אחיו.** ‘Out of the whole number of his brethren;’ so 1 Kings 12, 31 מקצתו העם (not as A.V., ‘of the lowest of the people’); Ez. 33, 2; איש אחד מkickיהם 19, 4 is different, cf. the note on that passage.

3. **רעה צאן.** On the predicate in the sing., see Ges., § 147 c; M.R., § 133. Di., however, considers that רעה is miswritten for רע, comparing 46, 32; Ewald, § 16 b. The Sam. and several codices (Wright) read the plural.

5 and 6. In the LXX text 6 b is continued with ἥλθον δὲ εἰς Αἴγυπτον πρὸς Ἰωσὴφ Ἱακὼβ καὶ οἱ νῖοι αὐτοῦ· καὶ ἤκουσε Φαραὼ βασιλεὺς Αἴγυπτον, καὶ εἶπε Φαραὼ πρὸς Ἰωσὴφ λέγων, then 5 b and 6 a follow.

6. **ארץ מצרים לפניך הוא.** Casus pendens; see on 34, 21.

**ואם ידעת ויש בם אנשי חיל.** ‘And if thou knowest that there are capable men among them,’ lit. ‘and if thou knowest, and there are’ etc. On this union of the subordinate clause by waw, see Driver, p. 235, and cf. Job 23, 3 (‘knew so that I might find him’).

**אנשי חיל.** ‘Able or worthy men;’ cf. Ex. 18, 21. 25, and 1 Kings 1, 52 (בן חיל).

**וישמהתך.** the perf. with waw conv. used in making a suggestion; see on 24, 14.

**שרי מקנה.** Cf. 1 Sam. 21, 8, where Doeg the Edomite is called אביר הרעים אשר לשאול.

**ויעמידהו.** Cf. הצעיג in P with העמיד in ver. 2.

**ויברך,** as in 2 Kings 4, 29, used of greeting any one; cf. 2 Sam. 16, 16.

11. **רְעַמֵּסֶס**. Cf. on 45, 10. **רְעַמֵּסֶס** is here the name of the district, so called from the town of the same name mentioned in Ex. 1, 11. ‘The designation “land of Ramses” is only found in this passage,’ Kn.

12. **וַיַּכְלַל . . . אֶת אָבִיו . . . לְחַם**. On **כָּלַל** with a double acc., see Ewald, § 283 b.

**לְפִי הַטָּף**, lit. ‘according to the little children,’ i. e. ‘according to their number and wants,’ ‘little children being mentioned because they would require much food, and also because people would be less willing to see them in want,’ Del. **לְפִי** as in Lev. 25, 16. 27, 16.

13. **וַתַּלְהַ**, ἀπαξ λεγόμ. Imperf. apoc. Qal of **לָהַ** for ; on the form of the imperf. apoc., see Ges., § 75. Rem. 3 b.

14. **הַנְמִצָּאת**. Cf. 19, 15.

15. **אֲפָס** occurs only in this and the next verse in the Pent.; it is also found in Ps. 77, 9. Is. 16, 4. 29, 20 (all).

17. **וַיִּנְהַלֵּם**. ‘And he sustained them.’ **נִהְלֵל** is only used in this passage in the sense, ‘sustain,’ ‘nourish.’ Elsewhere it means ‘to lead’ or ‘guide;’ so Is. 40, 11. Ps. 23, 2.

18. **לَا נִנְחַד מִאָדָנִי וְגֹ**. ‘We will not hide it from my lord, that if the money is spent, and the cattle we own be my lord’s, there is nothing left’ etc.; **כִּי אָם** being taken separately, according to the accentuation. Del. prefers to render them together, ‘but,’ comparing 2 Sam. 15, 21. 1 Kings 20, 6. 2 Kings 5, 20 (where **כִּי אָם** is preceded by a protestation), which are not quite parallel to this passage. Others (Kn., Ges.) render **כִּי אָם** ‘but, since,’ or ‘but, because,’ which renderings assign to **אָם** a meaning it can hardly bear. Di., following Kn., renders the words from **כִּי אָם** down to slightly differently, ‘that if our money, and the cattle we own, are

entirely at an end, (*and come*) to my lord,' comparing for the pregnant construction 14, 15. 42, 28. 43, 33, a rendering that seems somewhat harsh and unnatural. אָדָנִי is used here, as in Num. 32, 25. 27. 36, 2, where more than one person is speaking. Del. compares the French '*Monsieur*'.

19. Notice that נְמוֹת is zeugmatically connected with living beings, as in Dan. 10, 6. Ez. 1, 11. 23. Neh. 9, 37; elsewhere it is only used of a corpse.

19. Notice that נְמוֹת is zeugmatically connected with living beings, as in Dan. 10, 6. Ez. 1, 11. 23. Neh. 9, 37; elsewhere it is only used of a corpse.

19. Notice that נְמוֹת is zeugmatically connected with living beings, as in Dan. 10, 6. Ez. 1, 11. 23. Neh. 9, 37; elsewhere it is only used of a corpse.

19. Notice that נְמוֹת is zeugmatically connected with living beings, as in Dan. 10, 6. Ez. 1, 11. 23. Neh. 9, 37; elsewhere it is only used of a corpse.

21. "וְאַת הַעֲבֵיר אֶתְךָ וְגֹרְךָ," usually rendered, 'and the people, he removed them into the towns;' but such a removal of all the people into the towns would be scarcely possible, and it is very doubtful whether העביר can mean this. It is better, if the text is left unchanged, to render, 'and the people he caused to pass over to the towns' (וְאַת הַעֲמֵד being a *casus pendens*; cf. 13, 15. 21, 13; Driver, § 197. 6; M. R. § 132 a). The meaning being, the people were brought to the towns so that they might be fed from the stores of grain that were there; cf. 41, 48. Tuch interprets the Mass. text as meaning, 'he moved the people from one city into another, throughout the whole land;' possibly to remove them from the districts in which the land they formerly owned lay. But this would require לְעִיר ; cf. 2 Chron. 30, 10. The LXX, καὶ τὸν λαὸν κατεδουλώσατο αὐτῷ εἰς πάῖδας, so the Sam. צְבָאָנָצָל . צְבָאָנָצָל . צְבָאָנָצָל . צְבָאָנָצָל , and Vulg.

‘Subjecitque eam (omnem terram) Pharaoni, et cunctos populos ejus,’ which point to a reading **עבדים** ‘the people he made serve him (the king) as slaves.’ Di. adopts this reading, following Knobel. Onq. has **בדחמו**, **וית עפָא אעֲבָר יְתִיה מִקְרֵי לְקַרְיָה**, and the Pesh. **מִינָה (אֶתְּנָה) מִןָּה קָמָה**, both=‘and the people, he removed them from town to town,’ a meaning which (see above) the Heb. text cannot bear. Di. remarks, in favour of the rendering of the text adopted by him, that the purchase of the people, corresponding to the purchase of the land, is demanded by the emphatic position of **העם**; cf. 19 and 23.

22. **כִּי חַק**. Cf. Prov. 30, 8. 31, 15; Ez. 16, 27.

23. **הָא** = **הַנָּה** occurs only once again in Heb., Ez. 16, 43. It corresponds with the Arab. **هَا**, Syr. **إِنْ**.

**וּרְעֹתֶם**. Cf. on 24, 14.

24. **וְאֶרְבַּע הִדּוּת יְהִי לְכֶם**. ‘And four portions ye shall have.’ must be regarded as object after **יהִי**, which is nearly equivalent to ‘ye have.’ Cf. Ex. 12, 49; **חַקָּה אַחַת יְהִי לְכֶם**; Num. 9, 14; see Ewald, § 295 d; Ges., § 147. Rem. 2. Di. accounts for the sing. here on the ground that the numeral is regarded in much the same way as **כָּל**.

**הִידּוּת**. See 43, 34.

26. **לְפְרֻעָה לְחַמֵּשׁ**. ‘For P. with regard to the fifth part.’ It would be less harsh if the text were read **לְפְרֻעָה חַמֵּשׁ**, with the Syriac, as an explanation of **אַתָּה**. The LXX have **τῷ Φαραὼ ἀπομεμπτοῦν**, as though the text were **לְפָנָיו**.

27. **וַיַּאֲחֹזֵוּ**. See on 34, 10.

29. **שִׁים נָא יָדָך תְּחַת יְרֵנִי**. See the note of 24, 2.

31. **וַיּוֹשְׁתָחוּ יִשְׂרָאֵל עַל רַאשׁ הַמִּתְהָ**. ‘And Israel

bowed down towards the head of the bed ;' so Di., Del. The aged patriarch sat upright while speaking with Joseph, and as he was too weak to rise, turned and inclined himself towards the upper end of the bed, and offered up thanks to God that his request was granted ; cf. the Vulg., '*adoravit Israel Deum, conversus ad lectuli caput*', and 1 Kings 1, 47. Tuch renders, '*leant back upon the head of the bed*' The LXX, Syr., and Itala read **הַמְּפֻתָּה** as **הַמְּפֻתָּה**, the LXX being quoted thus in Heb. 11, 21 (*ἐπὶ τὸ ἄκρον τῆς ράβδου αὐτοῦ*), Jacob being represented as bowing over the top of his staff, or, as others suppose, over the staff of Joseph (which he carried as a token of his authority) as a mark of homage to him ; cf. 37, 7. But this reading is not so natural as **הַמְּפֻתָּה**, and a suffix would be required (**מִתְּפֻתָּה**), which the Vss. express.

## 48

1. **וַיֹּאמֶר לְיוֹסֵף**. ‘*And one told Joseph*’ (sc. **הַאֲמָר**). The third pers. sing. being here used like the impersonal, ‘*man sagte*, ‘*on dit*,’ Ewald, § 294 b ; Ges., § 137. 3 ; M. R., § 123. 2. In 22, 20 we find **וַיַּגֵּד** used ; but here the active is employed by the narrator, as **וַיֹּאמֶר** is not used in this sense ; so in ver. 2 **וַיֹּאמֶר**, and again **וַיַּגֵּד**.

4. **הָנָנִי מִפְרָךׂ וְהַרְבִּיתָךׂ**. The perf. with waw conv. after a word pointing to the future, as in 7, 4 ; **מִמְטִיר . . . וּמְחִיתִי . . .** ; Is. 7, 14 ; **הַעֲלָמָה הָרָה . . . וּקְרָאת** ; see Driver, § 113. 1 ; M. R., § 24. 2 a ; Ges., § 126. 6 a.

**מִפְרָךׂ**. On the part. as *futurum instans*, see on 6, 17.

5. **וְעַתָּה שְׁנִי בְּנֵיךְ . . . לִי הֵם**. On the *casus pendens*, see on 34, 21.

6. **וּמָולְדָתֶךָ**. ‘*And thy offspring;*’ מַולְדָת, as in Lev. 18, 9. 11.

7. **עַל שֵׁם אֲחִיהֶם וָגוּ**. ‘*According to the name of their brethren shall they be called in their inheritance,*’ i. e. their descendants shall dwell among the posterity of Ephraim and Manasseh, and be reckoned as belonging to them, and not as separate tribes.

**פָּרָן אֶרְם**. Everywhere else P calls Mesopotamia; cf. on 25, 20. Possibly the omission of אֶרְם is due to a copyist’s mistake. The Sam. has **פָּרָן אֶרְם**.

**מַתָּה עַלִּי**. ‘*Died, to my sorrow.*’ For this use of עַלִּי, cf. Eccl. 2, 17 המעשָׂה כִּי רֹעֵעַ עַלִּי. See also 33, 13 and the note on that passage.

**כְּבָרָת אָרֶץ**. Cf. the note on 35, 16.

9. **בָּזָה** ‘*here;*’ so 38, 21.

**קָחָם נָא**. Ewald, § 253 a, and Stade, § 631 e, compare קָחָם here with בִּצְעָם (Amos 9, 1), the suffix being attached to the word ending in a guttural, the tone being placed on the penult. קָחָם, however, here has no accent at all, as it is connected with נָא by Maqqef, and so deprived of its accent; and the — of מ— is consequently shortened into מַ—: and in Amos 1. c. the tone on בִּצְעָם is drawn back on to the penult. to avoid two tone-syllables coming together, the next word being בָּרָאשׁ.

**וְאַבְרָכָם**. For the pausal seghol, cf. 21, 9 מִצְחָק and the note there; also the frequent לְעוֹלָם וְעַד. In Num. 6, 27 we find אַבְרָכָם in pause, also in ordinary editions in this passage.

11. **רָאָה** for עָשָׂות, like רָאָה for עָשָׂה in 31, 28 (see the note on that passage), and **עָשָׂה** for עָשָׂות, 50, 20.

**פָּלָלָתִי**. According to Ben Asher in the *Dikduke HaTe'a-*

*mim*, ed. Baer and Strack, Leipzig, 1879, § 49, the — in the first person perf. Pi'el is always preserved in pause, except in this word; **הַלְכָתִי**, Ps. 38, 7; **יְחִילָתִי**, Ps. 119, 43, etc.; **יְשִׁרָתִי**, Ps. 119, 128.

12. **לֹא־פָרֹז**, as in Num. 22, 31. In 19, 1. 42, 6 we find alone used after **וַיֵּשֶׁתּוּ** and **וַיִּשְׁתַּחֲווּ** respectively.

14. **שָׁבֵל אֶת יָדָיו**. ‘*Crossing his hands;*’ the construction is the same as in 44, 12; cf. the note on that passage. This rendering is the same as that of the LXX, Syr., Vulg., and most moderns, and is suitable to the context; cf. ver. 13. Cf. the Arab. **شَكَلَ** ‘plexuit,’ ‘ligavit.’ Onq. and Saadiah render, ‘*he made his hands wise;*’ i.e. ‘he placed them so intentionally,’ which assigns a doubtful meaning to **בְּיָדֵי** (חַשְׁבֵיל =) **שָׁבֵל**; moreover with this rendering would be more natural, as Di. points out. With this verse cf. Matt. 19, 13 f. Mark 10, 16, where Christ in blessing lays His hands on those whom He blessed.

15. **מַעֲודֵד עַד הַיּוֹם הַוָּה**. This phrase is only found once again in the O. T., viz. Num. 22, 30. **מַעֲודֵד עַד הַיּוֹם הַוָּה**.

16. **וַיִּקְרָא בְּהָם שְׁמֵי**. Cf. 21, 12 and the note there. ‘*In them let my name be named;*’ i.e. ‘be made famous through their offspring.’ Del. renders, ‘*On them let my name be called;*’ **עַלְיהֶם=בָּהֶם**, i.e. ‘let them be regarded as my children, and sharers of the promises made to me and mine.’

17. **וַיַּדְגַּנוּ**. **דָנָה** is only found in this passage in the O. T.

17. **וַיַּשְׁתַּחֲתַף**. Notice the tense, ‘*was placing;*’ Jacob had not *actually* placed his hands on the heads of Ephraim and Manasseh, but was in the act of placing them; cf. Driver, § 39 β. The imperfects with waw conv. give details of Jacob’s blessing which have been omitted, though the actual blessing

is given in the preceding verses; cf. 27, 24. 37, 6. 42, 21 ff. 45, 21-24; Driver, § 75 β.

19. **מְלֹא הָגּוֹים** (cf. Is. 31, 4) = נִוִּים in 17, 5.

22. **וְאַנְתִּי נָתַתִּיךְ שֶׁבֶם אֶחָד עַל אֲחֵיךְ**. ‘*And I give thee one mountain slope above thy brethren.*’ שֶׁבֶם = ‘shoulder,’ then applied to the slope of a mountain, like, Num. 34, 11. Josh. 15, 18. Is. 11, 14; see Ges., *Thes.*, 1407. **אֲחֵיךְ** is *status absolutus* with the vocalisation of the *status constructus*, the shorter pronunciation being sometimes chosen in the flow of speech; see Ewald, § 267 b; Ges., § 116. 6; and cf. Zech. 11, 12. לְאַחֲרֵךְ קָרָאתִי . . . לְאַחֲרֵךְ קָרָאתִי 7; Is. 27, 12. לְאַחֲרֵךְ is taken by Onq. and Pesh. in the sense ‘portion,’ a translation that is too indefinite. **נָתַתִּיךְ** and **לְקַחְתִּיךְ** are perhaps best taken with Tuch and Del. as prophetic perfects (see, however, Di., p. 431). The meaning of the promise seems to be that the descendants of Joseph should have a mountain tract, in addition to their other territory. Possibly the word שֶׁבֶם is chosen with reference to the well-known place of that name in the territory of Ephraim; cf. the LXX rendering, Σίκιμα ἐξαίρετον, and John 4, 5. Tuch and others consider that שֶׁבֶם אֶחָד means that two portions of territory should be assigned to Ephraim and Manasseh (cf. ver. 5), as contrasted with the one portion that the other tribes were to receive. But שֶׁבֶם אֶחָד can hardly mean ‘one portion,’ unless the rendering of Onq. and the Pesh. be adopted, which, as was remarked above, does not adequately represent the Hebrew words. A portion of land would embrace more than one ‘mountain slope.’

**בְּחָרְבִּי וּבְקַשְׁתִּי** are curiously rendered in some texts, cf. Onq. בְּצִלְתִּי יְבַעַתִּי, ‘with my prayer and entreaty’ (Berliner’s text follows the Mass. text, see the notes in his edition,

part ii, p. 17). Another curious paraphrase is proposed by Hieron. (*Quaest.*, ed. Lagarde, p. 66), ‘dabo tibi Sicimam, quam emi in fortitudine mea, hoc est in pecunia quam multo labore et sudore quaesivi.’ In his translation, however, he follows the Heb. text.

#### 49.

In this chapter is contained the so-called ‘Blessing of Jacob,’ a name which owes its origin to ver. 28, which however probably belongs, not to the ‘Blessing,’ but the following narrative, and was derived from a different document. This designation cannot be regarded as a suitable one, as in point of fact only two of the tribes are really blessed, viz. Judah and Joseph, the utterances of the patriarch in the case of Reuben, Simeon, and Levi being full of reproach, and a future predicted for them the reverse of prosperous. It would be better designated by the title Del. gives it, ‘The prophetic sayings of Jacob concerning the Twelve.’ The six sons of Leah are first mentioned, then Bilhah’s eldest son, Zilpah’s two sons (the eldest first), Bilhah’s second son, and Rachel’s two sons, Joseph the eldest first. The order in which they occur is partly that in which they were born, and partly that in which the territories represented by them geographically stand, starting from the south of Canaan and going northwards (Ewald, *Hist.<sup>3</sup>*, ii. p. 435; Eng. trans., ii. p. 308). Thus the four elder sons come first, Reuben, Simeon, Levi, Judah; but then the order of birth is abandoned, and Leah’s other two sons, Zebulon (Jacob’s tenth son) and Issachar (Jacob’s ninth son), are inserted, Zebulon being placed before Issachar, as the future that Jacob predicts for him is more prosperous and honourable than that of Issachar (Di.). Cf. Deut. 33, 18.

where Zebulon and Issachar come together, but Zebulon first, as here. The four last sons are cited according to their geographical position; Benjamin, Joseph, Naphtali, Asher (from south to north), Joseph and Benjamin also being in the proper order of their birth. Dan is probably placed after Issachar, as being the first son of Jacob by his wives' hand-maidens (in order of birth he follows Judah, but as the order of birth is abandoned to enumerate Leah's six sons, Dan, the fifth, is mentioned first, after the six sons of Leah). Gad would then be placed after Dan, and before Naphtali, who was born before him, so as not to disturb the geographical arrangement—Benjamin, Joseph, Naphtali, Asher—and possibly to keep Zilpah's two sons together. In Deut. 33, the 'Blessing of Moses,'—which has many points of contact with this chapter, both in the figures it employs and the language used,—the order is varied; viz. Reuben, Judah, Levi (whose blessing contrasts strangely with Jacob's words in ver. 5), Benjamin, Joseph (Ephraim and Manasseh are mentioned by name), Zebulon, Issachar, Gad, Dan, Naphtali, Asher, while Simeon in the text as we now have it is not mentioned at all.

The language of this chapter should be noticed. In its elevated tone, in vigour and force, and in the numerous figurative expressions employed, it surpasses the other poetical passages in Genesis (9, 25 ff. 14, 19 ff. 24, 66. 25, 23. 27, 27 ff. 39 f.). Many of the expressions employed are rare, and unusual in the later stages of the language, e.g. פָּתָן (*āpaṣ* λεγ.) and הַוְתִּיר, ver. 4; מְבָרָה, ver. 5 (a *āpaṣ* λεγ. of uncertain meaning); מְחַקֶּק, ver. 10 (occurring again (in the poetical fragment) Num. 21, 18. Deut. 33, 21. Judg. 5, 14. Ps. 60, 9); סֹות, ver. 11 (*āpaṣ* λεγ.); חֲכַלִּי, ver. 12 (*āpaṣ* λεγ.); מְשֻׁפְתִּים, ver. 14 (only found once again, Judg. 5, 16); שְׁפִיפָּן, ver. 17 (*āpaṣ* λεγ.); שְׁלֹוח, ver. 21 (only used thus in this passage);

פרה, ver. 22 (observe the archaic fem. ending), only in this passage for רבו, ver. 23 (רְבָב is perhaps found again in Ps. 18, 15, see the note on this verse); והשֶׁב...קָשַׁתּו, ver. 24, etc.; also the archaic ending י (the old binding vowel) in עירָה for אִירָה, and סִתּוֹת, and possibly in שִׁילָה (cf. the note on this word); the poetical for נְפָשָׁת, כְּבוֹד, with which it is here parallel, ver. 6; אמרִי, ver. 21, poetical for דברִי; the poetical זְרוּעִי יְדוֹי, ver. 24, etc. Probably this chapter is the oldest portion of the book of Genesis, being incorporated into one of the original documents, out of which the present book grew, from a still older source. On the special literature of this chapter, see Tuch, p. 479 f., and Di., p. 435 f.

1. **יקרא אתם קרא** = קרא, as in 42, 4; cf. the note on that passage.

**באחרית הימים**. ‘*In days to come*,’ lit. ‘*in the end of days*.’ אחרית is used here as in Num. 24, 14. Deut. 4, 30. Jer. 23, 20, etc., denoting the end of the period which the prophet sees, or which he has in view. The LXX have ἐπ' ἐσχάτων τῶν ἡμερῶν; cf. Heb. 1, 1 and 1 Pet. 1, 20 (ἐπ' ἐσχάτων τῶν χρόνων); Syr. סְמִינָא ? תְּמִינָא ; Onq. בֵּסְמִינָא ; Vulg. ‘*in diebus novissimis*.’ The formula is also common in prophecy in a somewhat different sense, e. g. Hos. 3, 5. Mic. 4, 1. Ez. 38, 16.

2. ‘*Gather yourselves and hear, sons of Jacob;*  
And hearken unto Israel your father.

3. *Reuben—my firstborn art thou, my strength and the firstfruits of my vigour.*

*Excelling in dignity and excelling in might.  
Boiling over like water, excel not thou;  
For thou didst go up to thy father's bed:  
There thou didst pollute it; he went up to my couch!*

Reuben, Jacob's firstborn, excels his brethren in dignity and power, but loses his privileges through his sin. In the post-Mosaic time the tribe of Reuben sinks into obscurity. With the exception of one successful campaign against the Hagarenes (1 Chron. 5, 8-10), nothing more is known of the doings of this tribe.

**בְּנֵרִי אַתָּה** might be rendered, '*my firstborn, thou*', regarding **אתה** as a vocative; the rendering given above is, however, better.

**כָּחֵי** = '*my manly strength*.' **אוֹנִי**, **אוֹן**, as in Deut. 21, 17. Ps. 78, 51. 105, 36, of genital power. LXX, *σὺ οἰσχύς μου καὶ ἀρχὴ τέκνων μου*; Vulg. '*et principium doloris mei*' (as though **וְאָנָה** were **וְאָנוּ**), following (as often) Aq. *κεφάλαιον λύπης μου*, and Symm. *ἀρχὴ ὁδύνης μου*.

**וַתֵּר שָׂאת וּתְר עֹז**, lit. '*excellence of dignity and excellence of power*', both times being abstract for concrete. **שָׂאת** as in Ps. 62, 5. Job 13, 11. 31, 23. Hab. 1, 7. **עֹז** not an adj. but pausal form of **עֲזָה**, see on 43, 14; so **יְמֻרָה** in ver. 27 in pause for **יְמֻרָה**. The LXX render *σκληρὸς φέρεσθαι*, *καὶ σκληρὸς αὐθάδης*, while Onq. renders as follows: **לְךָ הָהָה חִי**, **לְמַיְסֵב תְּלַתָּה חַוְלָקִין בְּכָרוֹתָא פְּחוֹנָתָא וּמְלֻכָּתָא**, '*for thee it was provided to receive three portions, the right of firstborn, priesthood, and the kingdom*', in accordance with the Jewish tradition, which assigned these three privileges to Reuben as the firstborn.

4. **פְּחוֹ כְּמִים**, lit. '*a bubbling over like water*.' The root **פְּחוֹ** in Arabic (**فَخْزٌ** I, V) = '*to boast*'; in Aramaic the subs. **פְּסָלֶגֶל** occurs in the Pesh. Vers., 2 Cor. 12, 21. Eph. 4, 19 = *ἀσέλγεια*. The root properly = '*to exceed bounds, be inordinate*'; LXX well, *ἐξύβρισας*. Only the comparison gives the idea of *boiling* or *bubbling*. **פְּחוֹן**, like **יְמֻרָה** in the preceding

verse, is abstract for concrete; cf. Ewald, § 296 b; Driver, § 189. Obs. The words may be taken as vocative, or (with Del.) as a descriptive apposition to the subject רָאוּן. The Heb.-Sam. has פְּחִזֶּת, and the other Vss. render as though stood instead of פְּחִזֶּה; but it is not necessary to suppose that the text they translated from actually had the second pers. of the verb, their renderings are probably chosen to express פְּחִזֶּה with greater clearness. פְּחִזִּים, part. of פְּחִזֶּה, occurs twice in the O. T., Judg. 9, 4. Zeph. 3, 4; in the sense of 'wanton' in Judg. l. c., and 'boasting' in Zeph. l. c., of false prophets.

**אֲלֵיתָהּ**, i. e. with reference to the mentioned in ver. 3. Render, 'Do not thou excel' (the jussive, with a negative, expressing a desire or wish, Driver, § 50 γ), i. e. 'mayest thou lose the privileges that belong to thee as firstborn,' viz. those mentioned in ver. 3. LXX, μὴ ἐκέσσογε (cf. Lagarde's *Genesis Graece*, p. 202, notes), which Geiger, *Urschrift*, p. 373, regards, not as indicating a different reading, but as a paraphrase on the part of the LXX, who refer back to פְּחִזֶּה, the paraphrase being due to a desire to mitigate the effects of Reuben's sin. The Syriac has אַפְּנָה עַל, reading the text as תִּתְּהַר.

**כִּי עַלְיָת מִשְׁכְּבֵי אָבִיךָ**. עליה is here construed with the acc., as in Num. 13, 17, וְעַלְיָתְמֵת הַהְרֵךְ. Di. explains the plural as meaning a double bed; Del. explains it by Ges., § 108. 2 (nouns denoting extension of space or time, used in the plural). With the plural here, צְפַעַי אָבִיךָ of 1 Chron. 5, 1 may be compared, Reuben also being referred to.

**רְצֹועִי עַלְהָ**. These words are addressed, in astonishment at Reuben's sin, by Jacob to his other sons; therefore the third pers.; cf. Is. 42, 20. 51, 18. 52, 14. The LXX, Pesh.,

Onq. render as though the text had **עַלְיָת**, possibly an attempt to amend the Heb. text, which is not necessary, while the Vulg. leaves **עלָה** untranslated, and makes **יצועי** the obj. of **חללה**. Geiger, *Urschrift*, p. 374, supposes that these words were not the real text, but that **יצוע בָּלָה** was written originally, which afterwards was changed into **יצוע עלָה**, as being too clear. He objects to our present text because everywhere else **יעוֹ** is used in the plural, and only in this passage in the singular. Di. describes his emendation, which is very needless, as ‘the purest prose.’ Ewald, *History*<sup>3</sup>, i. p. 535, Eng. trans., i. p. 373, foot-note, renders, ‘*my couch of highness*,’ ‘*my lofty couch*,’ pointing **עַלְהָ** as **עַלְהָ** = ‘*a step*,’ a rendering that can scarcely be justified. In 1 Chron. l. c. the right of firstborn, which Reuben lost, is given to Joseph, while Judah received his (Reuben’s) privilege of royalty. In Deut. 33, 6 Reuben’s blessing is as follows: **יחי ראובן ואל** **ימת אחיך מתיו מספֶר** ‘*Let R. live and not die, yet let his men be few.*’

5-7. ‘*Simeon and Levi are brethren;*

*Weapons of violence are their shepherds’ staves.*  
*Into their council, let not my soul come;*  
*With their assembly, let not my honour be united;*  
*For in their anger they slew men,*  
*And in their wantonness houghed oxen.*  
*Cursed be their anger, for it was fierce;*  
*And their wrath, for it was cruel:*  
*I will divide them in Jacob,*  
*And scatter them in Israel.*’

5. **שִׁמְעֵן וְלֵי אֲחִים**, either predicate or in apposition to **לוֹי**. Simeon and Levi are brothers, not only as sons of the same parents, but as being alike in their dispositions.

**מִכְרְתִּידָם**. The meaning of this word, which only

occurs in this passage, is very uncertain. (1) It is commonly rendered ‘*sword*,’ a meaning which was first hinted at by the Jews, who compared fancifully with the Greek μάχαιρα; see Bereshith Rabba, c. 99 מִכְרֹתֵיכֶם. אמר רבי יוחנן לשון יווני 99 מִכְרֹתֵיכֶם. הוא מִכְרַיְן פִי קורין להרבנות מִכְרִין וַיָּשׂ אָמְרִים מִכְרֹתֵיכֶם: ‘*Rabbi Johanan says the word is a Greek word, as they (the Greeks) call swords μάχαιραι*’ (μάχαιραι). Others think that מִכְרֹת מִכְרִין, comparing Ez. 16, 3.’ Del. also assigns the meaning ‘*sword*’ to מִכְרָה, deriving it from כָּרֵר (after the analogy of מִאָרָה, מִגְּרָה, מִקְּרָה), which has the meaning ‘*to dig*’ or ‘*pierce*.’ Hieron. and Rashi also render ‘*sword*;’ see Ges., Thes., p. 672. (2) Tuch assigns to the word the meaning ‘*plot*’ or ‘*contrivance*,’ lit. ‘*windings*,’ from כָּרֵר = ‘*to wind*,’ but, as Del. points out, כָּרֵר does not mean ‘*to wind*,’ but ‘*to be round*;’ while L. de Dieu and Maurer also render ‘*plots*,’ but get this meaning from מִכְרָה = mākārā in Ethiopic and مَكْرَه in Arabic, ‘*to plan*,’ ‘*contrive*.’ We must then, however, point the form מִכְרֹתֵיכֶם, not مִכְרֹתֵיכֶם; see Ewald, § 260 a. (3) Kn., Boettcher, § 791 (though he adheres to the Mass. pointing), and others render, ‘*marriage contracts*,’ as though מִכְרָה = the Syriac حَدَّتْ ‘*desponsavit*;’ מִכְרָה, however, means ‘*to sell*,’ and if can = حَدَّتْ (which in Heb. would usually be rendered by מִהָּר), as حَدَّתْ is always used of ‘*the wooer*’ or ‘*suitors*’ (Del.), (see, however, Payne Smith, *Thesaurus Syriacus*, col. 2107), the reference to Dinah’s brethren would be hardly suitable—though the next verse certainly refers to the incident narrated in chap. 34—and ‘*marriage contracts*’ could scarcely be called כלִים. Knobel alters the reading into מִכְרֹתֵיכֶם. (4) Di. derives the word from כָּרֵר ‘*to be round*,’ and says it means a ‘*round curved instrument*,’ perhaps a ‘*curved knife*’ or ‘*sickle*.’

Ewald, *Hist.*<sup>3</sup>, ii. p. 493, Eng. trans., ii. p. 349, and Wellhausen, *History of Israel*, Eng. trans., p. 144, render (also from כְּרָד, ‘shepherds’ staves,’ or as we should say in English, ‘shepherds’ crooks,’ which perhaps is the most suitable rendering. The LXX have συνετέλεσαν ἀδικίαν ἐξ αἰρέσεως αὐτῶν, as though the text were בָּלָג חַמֵּס מִכְרֹתֵיהֶם, ‘they ended the violence of their nature;’ so Geiger translates, *Urschrift*, p. 374 f., regarding this translation of the LXX as intended to tone down the violence of Simeon and Levi’s conduct. The Syriac has خَلَانِي وَنَفَّهُمْ مِنْ حَدَّهُمْ ‘instruments of violence from their nature;’ possibly they connected with מִכְרָה ‘birth,’ גָּבָרִים גִּבְרִין בְּאָרֶץ הַוְּתָבָותָהּ עֲבָדִי גִּבְרִיא ‘mighty men, in the land they dwelt in they did a mighty deed,’ as though מִגְרִיָּם = מִכְרֹתֵיהֶם ; so Kimchi and the A.V., who supply ‘in,’ which is wanting in the Heb. text. Onq.’s rendering seems an endeavour to transform Simeon and Levi’s cruel deed into a noble one. The Vulg. gives ‘vasa iniquitatis bellantia.’

6. The first portion of this verse is rendered as follows in the A.V. and A.V.R.: '*O my soul, come not thou into their secret* (A.V. R. "council," marg. "secret"); *unto their assembly, mine honour* (A.V. R. "my glory"), *be not thou united,*' taking נַפְשׁת and תָּחֲדֵר as second pers. sing. masc. (though נַפְשׁת is more commonly fem.), and בְּכֶדִי and נַפְשֵׁי as vocatives. The rendering given above is that adopted by Di. and Del.

**אל יתר** is imperf. Qal of **יָמַד**. The Heb.-Sam. reads  
**אל יתר**.

**כבודי** ‘*my honour*’ or ‘*glory*,’ is rhythmically interchanged with **נפש** here. In Ps. 7, 6 כבודי is parallel to **נפש**, and in Ps. 16, 9. 108, 2 to **לב**; cf. also Ps. 30, 13. 57, 9, where it is used in the sense of **כבר**. **נפש** is here fem. by Ewald,

§ 174 b (names of invisible active powers are fem.; so נַפְשׁ is usually fem., and being parallel to it, is also regarded as fem.). The LXX render אל תחר כבדי with μὴ ἐρίσαι τὰ ἥπατά μου, as though the text were ; אל-יְהֹוָה כבָּדִי; see Geiger, *Urschrift*, p. 319, who regards the rendering of the LXX as intentional, to avoid the possibility of confounding the human כבד (Doxa) with the divine, the word כבד, when equivalent to נַפְשׁ, having ‘both the idea of divine majesty and the idea of the higher human nature.’

**אִישׁ** may be either collective—cf. the rendering given above—or the sing. may be used poetically for the plural.

**וּבְרָצֶנֶם.** ‘*In their wanton wrath.*’ רצון, here parallel to אָף, means ‘unrestrained passion;’ cf. Esther 9, 5 וַיַּעֲשֵׂו בְּשָׂנָאָתָם כַּרְצָנוֹם.

**עִקְרָבוֹ שָׂוָר.** ‘*They houghed oxen;*’ i. e. severed the sinews of the thigh and so rendered the animals useless; so LXX, ἐνευροκόπησαν ταῦρον; cf. Josh. 11, 6. 9. 2 Sam. 8, 4. Onq., Pesh., Aq., Symm., Hieron., Vulg., and A.V. (but not A.V. R.) take שׂוֹר as שִׁיר, and render, ‘*a wall*’ (this reading, according to Wright, being found in three MSS.), pointing עִקְרָבוֹ, עִקְרָבוֹ (cf. Zeph. 2, 4), and taking עִקְרָבוֹ in the sense, ‘*they destroyed*,’ a meaning of the root which is common in Aramaic. Kn. points out that in 34, 28 f. Jacob’s sons carried off the cattle as spoil, and Di., p. 439, suggests that the rendering ‘*wall*’ may have been adopted to avoid a discrepancy in the narrative here and in chap. 34. Schumann and others consider that שׂוֹר refers to שְׁבָם, the son of חַמּוֹר, comparing Ps. 68, 31. Deut. 33, 17, also Ps. 22, 13. Is. 14, 9, but this reference to שְׁבָם is very doubtful, and seems hardly justified by the passages cited in its defence.

7. עֹז is the pausal form of עַז; so עִזִּים pausal form of עִזִּים, 25, 7, and עֲזָב pausal form of עֲזָב, Ex. 32, 20.

**כִּי עֹז . . . כִּי קְשַׁתָּה**. Cf. a similar change in Song of Songs 8, 6 קְשַׁתָּה בְּמֹות אֶחָבָה כְּשֵׁאָל קְנָהָה.

The Heb.-Sam. text has אֲדִיר for וְחִבְרָתֶם, אֲרוֹר for וְעִבְרָתֶם, probably an intentional change, so that Jacob should not be represented as cursing them. The Sam. Version renders in the same way as the Heb.-Sam. text; cf. Targ. Ps.-Jon.

In Deut. 33, 8 f. Levi's blessing is entirely different in its tone from the severe language used by Jacob in this chapter; while Simeon is not mentioned in Deut. 33, at least in our present text.

The Simeonites received as their portion several cities in the נֶגֶב, i. e. the southern portion of Palestine, in the midst of the territory of Judah (cf. Josh. 15, 26–32. 42 with Josh. 19, 1–9. 1 Chron. 4, 28–32); while Levi, according to Num. 35. Josh. 21, receives no special portion of territory, but has forty-eight cities assigned to him to dwell in by the other tribes.

8–12. ‘*Judah, thou, may thy brethren praise thee :  
May thy hand be on the neck of thy foes ;  
May thy father’s sons bow down to thee.  
A lion’s whelp is Judah ;  
From the prey, my son, art thou gone up :  
He couched, he lay down like a lion,  
And like a lioness ; who can rouse him ?  
The marshall’s staff shall not depart from Judah,  
Nor the leader’s staff from between his feet,  
Until he come to Shiloh ;  
And may the obedience of the peoples be his.  
Binding to the vine his foal,*

*And to the Sorek vine his ass's colt :  
He washes in wine his garments ;  
And in the blood of grapes his raiment :  
Dark are his eyes with wine,  
And white his teeth with milk.'*

8. The name here suggests the form of the blessing; cf. 29, 35, as though it were, '*Praise . . . thy brethren shall praise thee.*'

ואחֹז אֶתְהָ prefixed as a nom. abs., like אֶנְבִּי in 24, 27; cf. the note on that passage, also Ewald, § 309 b; Ges., § 145. 2.

וְאַחֲזָה בְּעֵרֶף וַיַּפְצַצֵּן יְדָךְ בְּעֵרֶף וְגֹרֶן. Cf. Job 16, 12.

בְּנֵי אָבִיךְ but, בְּנֵי אָמֵךְ or אָחִיךְ Not for all Jacob's sons—not only those Leah bore him—shall praise Judah.

9. גּוֹר אֲרִיה יְהוּדָה. The comparison with a lion is not uncommon; see Deut. 33, 20 (where Gad is compared with a lioness), and 22 (where Dan is spoken of as a lion's whelp); cf. also Num. 23, 24. 24, 9 (which bears a striking resemblance to this passage, כָּרְעֵן שָׁכֵב בָּאָרִי וּכְלַבְיאָה מַיְקִימְנוּ), Mic. 5, 7.

מַטְרָף בְּנֵי עָלִית. 'From the prey, my son, art thou gone up,' i.e. Judah is like a lion reascending to the mountain (cf. Song of Songs 4, 8) after having devoured his prey. LXX render עָלִית with ἀνέβης, and with ἐκ βλαστοῦ, taking it as in Ez. 17, 9, 'כָּל־טְרֵפִי צְמַחָה' all its fresh springing leaves.' הִפְעַל עָלָה is found in Ez. 19, 3, meaning 'to bring up (of a lion);' but as עָלָה is generally only used of vegetation in the sense to 'grow up,' the rendering, 'From the prey, my son, art thou gone up,' is preferable. If Judah were compared to a lion growing up, the addition of בָּאָרִי וּכְלַבְיאָה would be hardly necessary.

**כָּלְבִיא**. The lioness, defending her young, is fiercer than the lion (Herod. iii. 108).

10. **לֹא יִסּוּר . . . עַמִּים**. The rendering given above is that adopted by Di. and Del.; but as will be shewn below it cannot be regarded as satisfactory. First of all let us examine the rendering of the A.V. and A.V.R., ‘until Shiloh come.’ **שִׁלְהָ**<sup>1</sup> is here taken as a personal name, possibly meaning ‘peaceful,’ or ‘peace-bringer.’ But, as is generally admitted (see Professor Driver, in the *Cambridge Journal of Philology*, xiv. 2, and in *The Expositor*, July, 1885), there are serious philological difficulties in the way of this view. As pointed in our present texts, the ending **ה** must either stand for the suffix of the third pers. masc. sing., or mark the word as a pr. n.; cf. **יִתְרוּ**, **עֲדוּ**, **דְּדוּ**, **שְׁלֹמָה**, etc. From these examples the word might, as far as its form goes, be a personal pr. n. If it be a pr. n., it must obviously, in a passage like the present, have some special significance. **שִׁלְהָ** apparently must be connected with **שָׁלֵה**, which denotes ‘to be at ease,’ or ‘quiet.’ The only exact parallel is **גָּלָה**, the name of a place. But neither **גָּלָה** nor **שִׁלְהָ** can be derived from **גָּלָה** and **שָׁלֵה** respectively, after the analogy of **קִיטֹּור**, **בִּישֹּׁר**; for—as Tuch argues, and Del. allows—they would, if derived from **לְה** verbs, following analogy, be **גִּילּוּנִי** and **שִׁילּוּנִי**. But the Gentile names and (2 Sam. 15, 12; 1 Kings 11, 29) shew that **שִׁלְהָ** and **גִּילּוּנִי** are really apocopated from **שִׁילּוּן** and **גִּילּוּן**, and have to be regarded as coming from the roots **שָׁוֹל**\* or **שִׁילּוֹ**, and

<sup>1</sup> The word **שִׁלְהָ** is pointed **שְׁלִיה**, **שְׁלִילָה**, **שְׁלִילָה**, and **שְׁלִילָה**. The first punctuation with the *scriptio plena*, being of a later date than **שְׁלִיה**, **שְׁלִילָה**, is only found a few times. It is worthy of notice that the *scriptio plena* is not found on the Moabite stone, nor do the Versions have it in **שְׁלִיה**.

\* or נָלַח. Further, if שִׁלְהָ could possibly be derived from שָׁלָח, ‘sent,’ it is not a full and significant word like שָׁלֹם (Zech. 9, 10); at the most it denotes *mere* rest (Ps. 122, 6. 7), and is often associated with the idea of careless worldly ease (e. g. Job 12, 6. Ez. 16, 49).’ So the rendering, ‘*peaceful one*,’ or ‘*peace-bringer*,’ can hardly be got out of the root שָׁלָח. Further, there is no allusion in any other part of the O. T. to *Shiloh* as a personal name. Del. and Di. adopt the rendering given in the translation of vers. 8–12, above, arguing that the philological difficulty just mentioned, the absence of any allusion in subsequent parts of the O. T. to *Shiloh* as a personal name, and the fact that שִׁלְהָ everywhere else in the O. T. is the name of a place, favour the rendering, ‘*until he come to Shiloh*;’ cf. 1 Sam. 4, 12 וַיָּבֹא שָׁלָחָ ‘*he came to Shiloh*.’ They then, following the course of history, suppose that the prophecy was fulfilled in Josh. 18, 1, where the settlement of the land is described, pointing out that at an early date pre-eminence was assigned to Judah,—e. g. Num. 10, 14, the tribe marched first in the wilderness; Judg. 1, 2, advanced first to battle (cf. Judg. 20, 18); Josh. 15, was the first to receive its share when the land was divided,—and urge that the arrival of the Israelites at *Shiloh* was really a turning-point in their history,—the period of wandering was ended, the period of rest began,—a turning-point of sufficient importance to be noticed in the blessing; cf. Josh. 21, 42. 22, 4. The position Judah had gained was in subsequent years confirmed; the ‘obedience of the peoples’ was realised in the victories of David (2 Sam. 8), while it also included the ideal relation of Israel to the heathen, which is more distinctly spoken of by the prophets. The Messianic idea is thus not excluded in this view, though it cannot be attached to the word *Shiloh*. This view is also adopted by Herder (*Vom*

*Geist der Hebr. Poesie*, ii. 6); Ewald, *Jahrbücher*, ii. 51; *Hist.*, ii. 283 f. (Eng. trans.), and others. It is objected to by Schultz (*Alttest. Theologie*, 1878, pp. 668–672), Cheyne (*Isaiah*, vol. ii [eds. 1, 2], Essay iv), and by Professor Driver, who points out that Judah is represented as possessing not only supremacy, but royalty; for שֶׁבֶט standing in ver. 10 alone, without any qualification, suggests rather a sceptre than a ‘commander’s staff’ (in Judg. 5, 14 שֶׁבֶט סִפְר may= ‘a commander’s staff;’ cf. הַסִּפְר in 2 Kings 25, 19, but here שֶׁבֶט has no such qualification). The מַחְקָק מִבֵּין רְגָלָיו represents rather a king sitting on his throne than a commander on active service, and the view that Judah will have not only supremacy, but royalty, is confirmed by a comparison of 8 b with 37, 7. Judah, too, enjoyed no royal power till long after Josh. 18, the passages in Num. and Josh. attributing only supremacy, not royalty, to him; and if שֶׁבֶט can bear the meaning assigned to it by Di. and Del., the context contains indications that the picture is one of royalty, and not mere supremacy; see further, Driver, l. c.

As Professor Driver has shewn in his two articles already referred to, the word שֶׁלֶה is first connected with the Messiah in a passage in the Talmud, *Sanh.* 98 b, where the pupils of Rabbi Shila compliment their master by connecting his name with a title of the Messiah, calling him ‘Shiloh,’ on the ground of the present passage. The versions, as will be seen, have not interpreted it in this way, and it is doubtful whether the rendering, ‘until Shiloh come,’ appears at all before the sixteenth century. The LXX render the verse, Οὐκ ἐκλείψει ἄρχων ἐξ Ἰούδα, καὶ ἡγούμενος ἐκ τῶν μηρῶν αὐτοῦ, ἕως ἔαν ἐλθῃ τὰ ἀποκείμενα αὐτῷ· καὶ αὐτὸς προσδοκίᾳ ἐθνῶν. Variants are ὃ ἀπόκειται; so Ignatius, Irenaeus, Tertullian, Leo, Ambrosius, and Theodoret; see Lagarde, *Gen. Graece*, p. 203: ὃ

ἀπόκειται αὐτῷ and ὁ ἀπόκειται, see *Journ. Phil.*, l. c., p. 4. The last two variants are unimportant. τὰ ἀποκείμενα αὐτῷ is a paraphrastic rendering, which takes σῆλή as = σέλή, i. e. אֲשֶׁר לוּ (see 2 Kings 6, 11. Song of Songs 1, 7; and cf. the note on 6, 3). εἰπεν ἔλθῃ φῶς ἀπόκειται, this rendering is not a faithful reproduction of the Heb., as it supplies the subject ('until he comes, whose [it is]'), which is wanting in the Hebrew. ἐκ τῶν μηρῶν αὐτοῦ = מִבֵּין רְגָלָיו; cf. Deut. 28, 57 : LXX διὰ τῶν μηρῶν αὐτῆς. προσδοκία for יקְהַת seems to connect it with פָּנָא מַחְקָם פָּנָא יִמְמֹד בְּמַחְקָם פָּנָא 'The sceptre (שָׁבֵט) shall not depart from Judah, nor an interpreter from between his feet, until he come whose it is, and him the nations expect.' מַחְקָם = 'an interpreter,' 'announcer.' The Pesh. in Deut. 33, 21. Judg. 5, 14. Is. 33, 22 uses the same word again for מַחְקָם. Possibly this is a free translation on the part of the Syriac Vers.; in the two passages in the Psalms (60, 9. 108, 9) where מַחְקָם occurs, the Pesh. gives מַלְכָם 'my king.' The מַחְקָם in both the Psalms is Judah. שְׁלָה ? מַלְכָה ? עַל, the Syriac renders σῆλή as σέλή, like the LXX, = שְׁלָה. In the present text the Pesh. has nothing to explain the fem. עַל. Possibly the original form of the text has been preserved by Aphraates (330–350 A. D.), who gives מַדְמָעָל, = 'kingdom,' after עַל. This version also connects with יקְהַת in its rendering פָּנָא, קָנָה. Onq. has לא יַעֲרִי עַבֵּיד מַמְּכָה. Sholten מִדְבִּית יְהוָה וְסִפְרָא מִבֵּן בְּנֹתָיו עַד עַלְמָא עַד רְיוּתִי מֶשֶׁיחָא A ruler (lit. one exercising authority) shall not depart from those of the house of Judah, nor a scribe from among his sons' sons for ever, until Messiah comes, whose is the kingdom, and him the peoples shall obey.' Onq. takes שָׁבֵט as 'ruler,' and מַחְקָם as 'scribe,' מִבֵּין רְגָלָיו is interpreted similarly to the LXX, 'from his

*descendants,' 'for ever,' and 'Messiah' are insertions, and is taken as שֶׁלֶה, following the construction of φ ἀπόκειται, 'kingdom' being inserted after it. For traces of a various reading in Onq., see Berliner, *Targum Onk.*, ii. p. 18. The Targ. Jerus. is substantially the same as Onqelos; but the Targ. Ps.-Jon. takes שֶׁלֶה as מלְכָא מִשְׁיחָא וַעֲדָר בְּנֹהִי = 'King Messiah, his youngest son,' being connected with שְׁלִיחָה, Deut. 28, 57, where Onq. has עַדְרָבֵנָה 'her youngest son,' and Rashi בְּנִים הַקְטָנִים. This interpretation afterwards found considerable favour, and is perhaps embodied in the Massoretic punctuation שִׁילָה (= 'his son'). The Old Latin has 'donec veniant quae reposita sunt ei,' with the variants 'donec veniat cui repositum est' (or 'cui reposita sunt'); cf. the LXX translations. The Vulgate has 'donec veniat qui mittendus est,' reading שֶׁלֶה as though it were שְׁלִיחָה. The Sam. Vers. has מבין רגליו for זְמֹרְאָתָיו 'his ranks.' The Heb.-Sam. has דּוּבִין דְּגָלִים 'from between his banners,' דְּגָלָל for דְּגָלָל. It retains the word שֶׁלֶה, and renders מַחְקָק 'leader' with the LXX (ἡγούμενος) and Vulg. ('dux').*

Thus it will be seen that most of the versions took שֶׁלֶה as שֶׁלֶה, which would be a poetical equivalent of אֲנָשָׁר לוֹ (see above, on the LXX translation); the sentence being then rendered, (1) 'until there come that which (or he that) is his,' or (2) 'until there come he to whom (or he whose) is.' In the second case the sentence is without a subject, and requires some word, e. g. הוּא or יְהִי, referring back to שְׁבָט, or some expression denoting 'dominion;' cf. the renderings of Onq. and (possibly) the Pesh. The suffix ה for ה does not occur with נ elsewhere; but בְּנָה is only found once (Jer. 17, 24), and we have סְוִתָּה and עִירָה in ver. 11. Possibly Ez. 21, 32 עד בָּא אֲשֶׁר לוֹ הַמְשֻׁפְט may be a reference to this passage; if so, it favours the punctuation adopted by most of the Vss. As

may be seen from the extracts given by Professor Driver, the rendering of the Targ. Ps.-Jon. (*his son*) is adopted by Yepheth Ben Ali (c. 950–990), Abulwalid (11th cent.), David Kimchi (d. 1235), etc. If שַׁלְחָה means ‘son’ in this verse, it is the only passage in the O. T. where the word occurs. The verse was interpreted in ancient times, by both Christian and Jewish writers, as Messianic; but this Messianic idea was derived, not from the word שַׁלְחָה, but from the context of the verse, especially from the promise of supremacy and success which is held out to Judah.

Other renderings of the passage that have been proposed are : (1) ‘*So long as one comes (=people come) to Shiloh*,’ i. e. as long as the worship at Shiloh is continued shall Judah retain his supremacy, i. e. for ever; so Tuch and others, comparing the use of עַד שׁ in Song of Songs 1, 12 = ‘*as long as*.’ (2) Reading עַד כִּי יָבֹא (יו)שָׁ(ח)מָ(ה) לְהֵ or (יו)שָׁ(ח)מָ(ה) כִּי יָבֹא. This is the reading suggested by Prof. Cheyne (*Isaiah*, ii. Essay iv), who thinks that the LXX rendering presupposes a fuller text than שַׁלְחָה. The rendering with this reading would be, ‘*for whom it (the dominion) is appointed*.’ Cf. Judg. 5, 14 מִנִּי אֶפְרַיִם שָׁרַשְׁמָ בְּעַמְלָק ‘*out of Ephraim [came down] they whose root is in A.*’ (3) ‘*Till he come to that which is his*,’ or ‘*his own*;’ cf. Deut. 33, 7, the rendering adopted by C. von Orelli, *O. T. Prophecy*, § 15; see further, Di., Del., and Tuch in their commentaries, Professor Driver, l. c., and the various authorities cited by them<sup>1</sup>.

**שְׁבֻט.** In the rendering adopted by Del., Di., and others, שְׁבֻט means ‘*the leader’s*’ or ‘*commander’s staff*? In Judg. 5,

<sup>1</sup> See also the two articles by the Dean of Peterborough in *The Churchman*, Oct. and Dec., 1886, who, after pointing out the difficulties of the rendering ‘*till Shiloh come*,’ adopts the rendering of Kurtz and Oehler, *Theology of the O. T.*, § 229, ‘*until he come to rest or tranquillity*.’

14 it certainly has this meaning, but in that passage it is qualified by **ספר**. Di. remarks that the term **שֶׁבֶט** is not exclusively applied to a king, and points out that it is used here, as **מַחְקָק** in Ps. 60, 9. Num. 21, 18, of the leader's or chief's staff. **מַחְקָק**, Di. and Del. 'leader's staff;' cf. **מַחְקָק** in Num. 21, 18. Ps. 60, 9 (Del.). If the view, defended by Professor Driver, be adopted, as **שֶׁבֶט** must then mean 'sceptre,' **מַחְקָק** must in the parallel clause = 'ruler's staff.' The Syriac has **مَحْكَمَنْ**, which perhaps favours the rendering 'law-giver,' and which could be applied to a 'leader' or 'ruler;' LXX **ἡγούμενος**; Onq., Targ. Ps.-Jon. (of actual 'scribes' [teachers of law]), Jer. Targ. 'scribe;' Vulg. 'dux;' Sam. Ver. **צָרֵן** = 'leader;' all (excepting perhaps the Targums) renderings that could be used of a commander or a king. The meaning of **מַחְקָק** must be similar to that assigned to **שֶׁבֶט**, whether **שֶׁבֶט** be rendered 'sceptre' or 'leader's staff,' as the two portions of the verse are parallel.

**מִבֵּין רַגְלָיו.** 'From between his feet,' the picture representing the leader with his staff of office between his feet (Di., who compares the figures on the old Persian and Assyrian monuments), or the king on his throne, with the sceptre between his feet. The meaning, 'from among his descendants,' is favoured by the LXX, Onq., Targg. Ps.-Jon., Jer., Vulg. ('*de femore ejus*'), but depends on a comparison with Deut. 28, 57, and is unsuitable here. Tuch renders **רַגְלָיו** as the plural of a 'foot soldier;' cf. the Heb.-Sam. text, and the Sam. Vers. referred to above, a meaning which would suit the word if the picture is that of a military commander. Di. condemns this rendering as devoid of taste and ungrammatical, as **רַגְלִיּוֹ** cannot stand for **רַגְלִיּוֹ**; cf. Böttcher, *Heb. Gram.*, § 827. Di. also rejects the Heb.-Sam. rendering, 'banners,' as incompatible with the **מַחְקָק**.

עַד כִּי חֶלְל 41; עַד כִּי נָרְל 13 Cf. 26, 41; **עַד כִּי יָבָא** 2 Sam. 23, 27, 44. **עַד כִּי גָּנָה יְדוֹ** 10 and in 27, 44.

**וְלוּ יִקְהָת עַמִּים** with the *dag. forte dirimens*; see Ges., § 20. 2 b; Dav., § 7. 4. note; Stade, § 138 a; so, **עֲנָבִי**, Deut. 32, 32; **קְשֻׁתָּתוֹן**, Is. 5, 28; **חַלְקִינָהּ**, Is. 57, 6.

**יִקְהָת**. The meaning ‘*obedience*,’ which is also adopted by Onq. (see above), agrees with Prov. 30, 17 (where it also has *dag. dirimens*), the only other passage where the word occurs, and is corroborated by the Arabic ‘وَقَدَّة’ to obey.’ The A.V. renders, ‘*gathering of the people*’ (but A.V.R. ‘*obedience*’), following Aq. (*σύστημα*), Tauchuma (9th cent.), Rashi (**אָסִיפָה**) (**הָעֲטִים**). The Sam. Vers., Heb.-Sam., and Saadiah render **מְקֻפָּה נְקֻוָּה** **יִקְהָת** similarly, possibly connecting the word with **מְקֻפָּה**.

**אָסְרוּ לְגַפֵּן עִירָה** 11. **אָסְרוּ**, the construct state with the binding vowel **וּ**, so **בְּנִי**; cf. 31, 39 and the note on that passage. On the cstr. state before a prep., see Ges., § 116. 1; M. R., § 73. Rem. a; so (with the archaic connecting vowel **וּ**) Is. 22, 16; Obad. 3; **שָׁבַנִי בְּחַנְיוּ-סְלָע** Mic. 7, 7; **הַיְשָׁבֵב בְּשָׂמִים** Ps. 123, 1; **שָׁבַנִי לְבָדָר** 14.

**עִירָה**. On the archaic orthography **הָ** (for **וּ**), see the note on 9, 21. **בֵּיתָו**, **בֵּיתָה** **עִירָה** is for **עִירָה** (the abs. state is **עִירָה**); cf. 9, 21. **שִׁיחָתוֹ** in Is. 10, 17 makes **שִׁיחָתוֹ**, not **שִׁיחָתָו**; see Stade, § 100; Ewald, § 255 b, who also cites **דִּישָׁו**, Deut. 25, 4, as though from **דִּישָׁ**; but **דִּישָׁ** may be inf. cstr. of **דִּישָׁ**. Onq. and the Sam. Vers. and Heb.-Sam. take **עִירָה** as = ‘*his city!*’

**שְׁרָקָה**. ‘*The sorek vine*,’ so called from the red colour (**שְׁפֹרֶג**) of the grapes. Both the grapes and the wine were of a specially choice kind. In the territory of Judah the vine flourished; cf. Joel 1, 7 ff. 4, 18. 2 Chron. 26, 10, and Num. 13, 23 f., where the vineyards near Hebron, and Song of Songs 1, 14, where those of En-gedi, are mentioned.

**כְּבָס**. Cf. the use of **רַחַץ** in Job 29, 6. Di. considers this a continuation of the part. **אִסְרֵי**; cf. Ges., § 134. 2. Rem. 2; Driver, § 117. In this construction the second verb is usually connected with the part. by waw conv., or simple waw and the perfect, the perfect being separated from the waw by some word or words; cf. ver. 17. **הַנְשֶׁךָ . . . וַיַּפְלֵל**. It seems more natural to disconnect **כְּבָס** and **אִסְרֵי**, following the accents, and to render as above.

**סֹותָה**. This word only occurs in this passage; on the suffix **ה**, see on **עִירָה**. The Heb.-Sam. reads **כְּסֻתוֹ**, which is possibly the correct reading. But as there seems to be no authority for the elision of the **כ** (**נִתְנַ** for **נִתְנַנְּ** is not parallel), it will be better to derive the word from a root **'סֹות'** ‘to envelop,’ ‘wrap up,’ **סֹותָה** being contracted for **סֹוֹתָה**; cf. the noun **מְסֹותָה**, which comes from the same verb **סֹות**. **סֹות** may=the Arab. **زَوَى** (the **د** in Heb. corresponding exceptionally to an Arabic **ج**) = *abdidit celavit*, conj. VII, *abdidit se*.

**חֲכַלְיוֹן עִינִים**. The **ו** is not the binding vowel, as in **חֲכָלִי** **בְּנִים**, but **חֲכַלְיוֹן** is an adj. from **חֲכָלִי** (see Ewald, § 164 a), with a repetition of the last two letters of the root (see Stade, § 149). (Del. compares **שְׁעַרְיוֹן**, but this word does not actually occur, though the fem. form **שְׁעַרְיוֹה**, Hos. 6, 10, is found in the Ktb., and might presuppose a masc.) The adjectival ending **וֹן** is common, e. g. **בְּלִילֹן**, **גְּכִירֹן**, **פְּרוֹן**, **רְגִילֹן**. The root **חֲכָלִי** (which, however, is not found) corresponds (apparently) with **حَكَلَ**, ‘to be obscure and doubtful.’ Del. on Ps. 10, 8 compares also the Arab. **حَلَقَ**, ‘to be jet black’.

**לְמִי חֲכַלְוֹת עִינִים**. Cf. Prov. 23, 29. The construction is the same as in 12, 11. **יִפְתַּח תָּאָר** 29; see on 12, 17.

**לְבָנָן**; cstr. state of **לְבָנָן**, from an abs. state **לְבָנָן**. **גָּלְבָּן-שְׁגָנִים**; so **חַלְבָּן** cstr. state of **חַלְבָּן**, from an abs. state **חַלְבָּן**, which

with Maqqef would be אַבְלָה; so אַבְלָה, Ps. 35, 14, from אַבְלָה; see Stade, § 202 a; Ges., § 93. 2. Rem. 1. With this verse, cf. Joel 4, 18. Amos 9, 13. The pasture lands of Judah were celebrated; see 1 Sam. 25, 2. Amos 1, 1. 2 Chron. 26, 10.

13. ‘Zebulon—on the shore of the sea shall he dwell:  
And he himself shall be on a shore of ships,  
With his border by Sidon.’

There is possibly an allusion here to the meaning of the name Zebulon (‘dweller’) given in 30, 20.

**לְחוֹף יָמִים יָשַׁכֵּן.** In Judg. 5, 17 Asher is spoken of thus, יָשַׁב לְחוֹף יָמִים, and in Deut. 33, 19 Zebulon and Issachar ‘suck the abundance of the seas’ (שְׁפָע יָמִים יָנְקוּ). Zebulon’s territory did not in reality lie on the seashore, so perhaps we ought to render “לְצָלָע” with Del. ‘towards Sidon,’ i.e. his border lay in the direction of Sidon, but was not actually on the seashore, only towards the coast district. The Sam.Ver., Heb.-Sam., LXX, Syr., Vulg., and apparently Onq. read עַד = ‘up to S.’ which would express the meaning ‘in the direction of’ more clearly than צָלָע. According to Jos. (*Ant.*, v. 1. 22; *Bel. Jud.*, iii. 3. 1) Zebulon inhabited the district from the lake of Gennesareth to Mount Carmel on the Mediterranean, and in support of this Tuch compares Josh. 19, 11 with Matt. 4, 13.

**וְהַوּא לְחוֹף אֲנִית.** On the rendering ‘he himself,’ see Ewald, § 314 b (וְהַוּא added in a new proposition, with special force, as the subject). Cf. 2 Sam. 17, 10, where further emphasis is produced by the addition of גַם.

14, 15. ‘Issachar is a strong ass,  
Lying down between the sheep-folds :  
And he saw a resting-place, that it was good,

*And the land, that it was pleasant;  
So he bowed his back to bear,  
And became a servant in bondage.'*

14. חָמֵר גָּרֵם, lit. '*an ass of bone*,' i. e. a strongly built, powerful ass; so Aq. ὄνος ὁστώδης, Vulg. '*asinus fortis*.' The Sam. Vers. has שָׂעִיר פְּאַזְלָא, reading גָּרִים ('*sojourners*'), which Geiger defends as the correct reading (*Urschrift*, p. 360), Issachar being '*an ass of strangers*,' i. e. bearing the burdens of strangers, and subject to them. But Del. points out that this rendering destroys the force of the figurative expression חָמֵר, and some other word, such as נְכָרִים or זְרִים, would be expected rather than גָּרִים. The Heb.-Sam. has גָּרִים, which Tuch punctuates גָּרִים, = the Arab. جَرِيمٌ '*bony*.' The LXX have τὸ καλὸν ἐπεθύμησεν, which presupposes some such reading as חָמֵר גָּרֵם (Geiger); see Ps. 119, 20, LXX.

הַמְשֻׁפְתִּים. This word is only found once again, Judg. 5, 16, though we find שְׁפָחִים in Ps. 68, 14 = '*sheep-folds*.' מְשֻׁפְתִּים is probably from שְׁפֹת = '*to fix*' Ewald, § 180 a, explains the word as = '*double pen*', with reference to the cattle being usually separated into two portions in the pen; while Stade, § 340 b, classes the word with those that denote 'instruments or other things consisting of two parts belonging to one another, or standing in pairs, one opposite to the other; so חֲמָתִים;' see also Ges., *Thes.*, 1471 f. The word in this verse, and Judg. 5, 16, is used as a proverbial expression for the easy life of the agriculturist. Onq. renders בֵּין תְּחִימִיא 'between the boundaries,' so Vulg. '*inter terminos*,' while the LXX have ἀνὰ μέσον τῶν κλήρων (but in Judg. ἀνὰ μέσον τῆς διγομίας), and the Syr. حَمَلْ مَعْقِلٌ 'between the paths.'

15. מְנֻחָה, either '*rest*' or '*a resting-place*,' as the word occurs with both meanings.

טוֹב must be taken as a neuter subs.=‘*a good thing.*’ The Heb.-Sam. has טוֹבָה (fem. adj.), which perhaps suits the parallelism better (נעִמָּה).

**וַיְהִי לְמֵם עֲבָד**, lit. ‘and was (*reduced*) to the forced service of a labourer.’ The phrase היה לְמֵם עֲבָד recurs Josh. 16, 10; cf. 1 Kings 9, 21, and היה לְמֵם (without עֲבָד) is found in Judg. 1, 30. 33. Is. 31, 8, both expressions always meaning the compulsory service rendered by slaves, prisoners, or conquered nations. Del. points out that Issachar is not a פֶּרְאָ, i. e. ‘*a wild ass*’ wandering about at will, but a חֲמֹר, i. e. ‘*a beast of burden*,’ and sees in the last clause of the verse an allusion to the meaning of the name ישָׁ�ְבָר (= ישָׁא שָׁכָר) or ישָׁשָׁכָר; cf. 30, 16. 18). Issachar, though strong and active, prefers a life of ease and indolence, sinking even into the condition of bond-slave. Cf. Judg. 5, 16, where Reuben is reproached in similar language for his inactivity and aversion from active exertion. The LXX render the words וַיְהִי לְמֵם עֲבָד καὶ ἐγενήθη ἀνὴρ γεωργός, an attempt to do away with the reproach contained in the verse, and Onq. completely changes the meaning of the last clause of the verse in his paraphrase, ‘*He will subdue the provinces of the peoples, destroy their inhabitants, and those who are left among them shall be servants unto him, and bringers of tribute;*’ cf. Geiger, l. c., p. 360.

16, 17. ‘*Dan shall judge his people,  
As one of the tribes of Israel.  
Let Dan be a serpent in the way,  
A horned adder in the path:  
That biteth the horse’s heels,  
So that his rider falleth backwards.*’

16. Dan, though a tribe by no means powerful, and possessing only a small territory, will maintain the cause of

Israel, in its conflicts with the heathen nations, as valiantly as the other tribes ; cf. Judg. 13-16.

**דָן יִדְין**. Notice the play upon the name **דן** in the choice of the verb **ידין**.

**יִדְין** = ‘will judge,’ i. e. plead the cause of, render help to ; **הַ** always has this meaning, cf. 30, 6. Deut. 32, 36. Jer. 22, 16, and not the meaning ‘rule’ or ‘govern.’

**עַמּוֹ** = the people of Israel, as in Deut. 33, 7. Others (Vatablus, Rosenmüller, etc.) understand **עַמּוֹ** as the people belonging to the tribe of Dan, and explain the verse as meaning the small tribe of Dan will have its own administration and its own jurisdiction ; or Dan, though a small tribe, will maintain its own independence (Tuch, Wellh.). But both these views take **יִדְין** = ‘will rule’ or ‘govern,’ a meaning which, as above remarked, **דן** does not have.

**17. עַלְיָהָרֶךְ**, so **עַלְיָהָרֶךְ**, **עַלְיָהָרֶךְ** being the poetical form for **עַל** ; cf. **אַלְיָהָרֶךְ**, poetical for **אַל** (but only in the book of Job) ; **עַדְיָהָרֶךְ**, poetical for **עַד**.

**שְׁפִיפָּן**, a ἄπαξ λεγόμ. ; perhaps the ending **ן**- is diminutive in this word (see Stade, § 296 c), the word being probably from the root **שְׁפַפּ** = ‘to crawl.’ **שְׁפִיפָּן** is the horned adder, a small and very dangerous species of snake, of a bluish yellow or sand colour. Hieronymus renders it by ‘*regulus*’ in his *Quaest.*, ed. Lagarde, p. 69 ; the Syriac **مَنْجَلَة** = ‘a basilisk,’ the Vulg. ‘cerastes,’ Onq. **פִּיתְנָא** = ‘an adder.’ The LXX, not understanding the word **שְׁפִיפָּן**, render it, in harmony with the context, **έγκαθήμενος**. In Arabic **سِفْ** = ‘a serpent with black and white spots.’ In Deut. 33, 22 Dan is compared with ‘a lion’s whelp that springeth out of Bashan.’

**עֲקֵבָיו**, *dag. dirimens*, see on **יִקְהַת**, ver. 10.

**הַנְשָׁךְ . . . וַיַּפְלֵל**. Cf. the note on 27, 33.

The meaning of the verse is, Dan, like the serpent lurking in the path, attacks his foes, not in open fight, but with stratagem; cf. Judg. 18, 27, and the history of Samson.

18. '*For thy help I wait, O Yahweh.*'

This verse breaks the connection of the poem, hence it is regarded by some (Maurer, Olshausen, etc.) as an interpolation; but if this is the case it must have been added at a later date by the redactor of the book, as a protest against Dan's idolatrous devices. It is found in all the Vss. Tuch explains it as 'an exclamation from the patriarch Jacob, who is exhausted and nerving himself for another effort before his death.' Kn., whom Di. follows, says, 'The patriarch here speaks in prayer, in the name of his descendants, who must, in the wars with the nations, e. g. the Philistines, put their trust in Yahweh, and look for His assistance.' So the Targg. Ps.-Jon. and Jer., Wright, Del., and Driver.

19. '*Gad—a troop shall press upon him,  
Yet he shall press upon their heel.*'

Gad, though exposed to the attacks of his foes (cf. Josh. 13, 25. Judg. 11, 15), and probably often engaged in border warfare with marauding bands (cf. 2 Kings 5, 2. 6, 23), successfully defends himself and puts his enemies to flight (cf. Judg. 10 f. 12. 1 Chron. 5, 18 ff. 12, 8 f.); cf. Deut. 33, 20. 21. The name גָּד is here connected by the writer with נָדֵד, 'to assail,' and נָדֹר = 'a marauding band' (see 2 Kings, l. c.), in the sense 'assailer' or 'attacker.' In 30, 11 another explanation of the name is suggested.

**גָּד גָּדוֹד יִגְוֹדָנוּ**. Cf. Hab. 3, 16 לְעַלּוֹת לְעַם יִנְדֶּן.

**עֲקָב**, the rendering given above, follows the reading עֲקָבָם, which is adopted by Bleek, Knobel, Ols., Wright, and others, the מ of מַאֲשָׁר being taken away and appended to עֲקָב. The LXX, Syriac, Vulg., and Saad. in a measure support this

reading, as they do not translate the commencement of the next verse מַאֲשֶׁר, but אָשֵׁר עַקְבָּי by itself, as Di. remarks, is sufficient, but, as Del. points out, with the rendering ‘*their heel*’ (A.V. R. margin), 19<sup>b</sup> and 20<sup>a</sup> alike gain in clearness. All the other ‘blessings,’ except Joseph’s in ver. 22, begin with the name of the person blessed, without any preceding word.

The rendering ‘*heel*’ is more forcible than ‘*rearguard*.’ Gad is depicted as pressing hotly on his foes, almost on the heels of the retreating enemy. עַקְבָּי cannot = אַחֲרָי ‘*backwards*’ (Vulg. ‘*retrorsum*’), nor ‘*at the last*,’ A.V. The A.V. R. renders correctly, ‘*upon their heel*’

20.     ‘*Asher—fat is his bread,  
And he shall yield kingly dainties.*

This rendering follows the reading אָשֵׁר, the pr. name being a *casus pendens*, like נָד in ver. 19; cf. Deut. 32, 4. Ps. 11, 4, etc.

If the reading מַאֲשֶׁר be adopted (so the Sam. Ver.), the rendering will be either, ‘*From Asher (comes) fat—his bread*,’ so Tuch; cf. שְׁמָנִים, Is. 25, 6; or, ‘*For Asher—his bread is too fat*,’ Ewald. With the first rendering, מַאֲשֶׁר = מַאֲשֶׁר אָ “, which is perhaps not quite suitable to the context, and שְׁמָנָה fem. is not found as a noun; with the second, לְחֹמֶן must be taken as feminine; see Bött., § 657, who distinguishes between לְחֹם = ‘*bread*’ masc., and לְחֹמֶן = ‘*abundance of bread*’ (Brotfülle), fem. The Sam. Vers., according to one reading, has שְׁמָן masc.

**לְחֹם אֲבִירִים מֶלֶךְ.** ‘*Dainties fit for kings.*’ Cf. לְחֹם, Ps. 78, 25. It is not necessary to think of a king of Israel in the term מֶלֶךְ.

The fertility and productiveness of Asher are again alluded

to in Deut. 33, 24 f. Di. suggests that as the Phoenicians procured all sorts of country produce from the Hebrews (Ez. 27, 17. Acts 12, 20; Jos., *Antiq.*, xiv. 10. 6), Asher, from his geographical position, would participate largely in this traffic.

21.     *'Naphtali is a hind at large,  
        He that utters goodly words.'*

**אִילָה שְׁלַחָה** = 'a hind let loose,' so A.V. and A.V. R.; Aq. ἔλαφος ἀπεσταλμένος, Vulg. 'cervus emissus.' The Syriac paraphrases, but with the same meaning, **مَكْتَلٌ** 'a swift messenger;' cf. Job 39, 5 "מֵשֶׁלֶךְ פָּרָא חֲפֵשִׁי וְנוּ" Del., Tuch, and others take **שְׁלַחָה** in the sense 'stretched out,' so 'graceful,' but there seems to be no authority for this rendering in the case of living beings. Knobel, comparing Is. 16, 2 (מְשֻׁלָּחַ יְהוָה), renders, 'a scared hind,' but this thought is very unsuitable, and quite out of harmony with the context. The allusion in this part of the verse is probably to the swiftness of the heroes and men of the tribe of Naphtali (cf. for the expression, Ps. 18, 34. Hab. 3, 19. Is. 35, 6; also 2 Sam. 2, 18. Song of Songs 2, 9). The Syriac seems to interpret the first half of the verse as meaning that Naphtali is specially adapted for the duties of a messenger, while Christian writers see an allusion in **שְׁלַחָה** to the apostles (Syriac **مَكْتَبَة**).

**הַנְּתָן אָמְרִי שְׁפָר**. The allusion here is to the poets of the tribe, Barak, however, being the only one of whom we hear anything (Judg. 5, 1). **הַנְּתָן** naturally refers to **נְפָתֵל**, and not to **אִילָה**, which is fem.

The reading of the LXX, Νεφθαλὶ στέλεχος ἀνειμένον ἐπιδιδοὺς ἐν τῷ γεννήματι κάλλος, seems to rest on some such reading as **אִילָה שְׁלַחָה הַפְּתָן אָמְרִיר-שְׁפָר** =

'terebinth,' for אֵילָה, and אַמְרִי (cf. Is. 17, 6. 9) = 'topmost branches,' for the poetical אַמְרִי. Di., Ewald, Ols., and others follow this reading, comparing for the epithet שֶׁלֶחֶת, Jer. 17, 8. Ez. 17, 6. Ps. 80, 12, and the noun שֶׁלֶחֶת 'shoot,' 'blossom,' Song of Songs 4, 13, and for the figure, ver. 22; the אַמְרִי are then the leaders produced by the tribe of Naphtali; cf. Judg. 4, 6. 5, 18. 6, 35. 7, 23. If this reading be adopted, the rendering would be '*Naphtali is a slender terebinth, that puts forth beautiful branches.*' Onq. has נַפְתָּלִי בְּאָרֶץ טְבָא יְתַרְמִי עֲדָבִיה וְאַחֲסָנִתִיה תְּהִי מַעֲבָרָא פִּירָן יְהוָה מוֹדוֹן וּמִבְּרוּכָן עַלְיהָ' 'Naphtali, in a goodly land shall his lot be cast, and his possession shall be yielding fruits, they shall praise and bless over them,' which apparently supports this reading.

22-26. 'A son of a fruit tree is Joseph,  
*A son of a fruit tree by a fountain;*  
*His branches run over the wall.*  
*The archers harassed him,*  
*And shot at him, and lay in wait for him;*  
*But his bow remained firm,*  
*And the hands of his arms were strong :*  
*From the hands of the mighty One of Jacob,*  
*From thence, (from) the shepherd, the stone of Israel :*  
*From the God of thy fathers—so may he keep thee,*  
*And with the Almighty—so may he bless thee,*  
*With blessings of heaven above,*  
*Blessings of the deep, that lieth beneath,*  
*Blessings of the breasts and womb.*  
*The blessings of thy father have prevailed over the*  
*blessings of the ancient mountains,*  
*The desire of the eternal hills :*  
*May they be upon the head of Joseph,*  
*On the crown of the prince among his brethren.'*

22. **בֶן פְּרַת יוֹסֵף**. ‘*Son of a fruit tree is J.*’ i.e. ‘*a young fruit tree*,’ cf. **בֶן**, Ps. 80, 16. **בָּנָה**—though elsewhere pointed **בָּנָה** or **בָּנָה**, with Maqqef—must be taken as construct state, cf. **שָׁמָן**, cstr. state, 12, 8, and **שָׁמָן**, 16, 15, or we must read **בָּנָה** with Di. The Massoretes may, as Del. suggests, have taken **בָּנָה** as sing. abs. fem., pl. **בְּנָוֹת**, with the meaning ‘*branch*,’ and **פְּרָח** as an adj. qualifying it = ‘*a fruitful branch*.’

**פְּרַת** with the archaic ending **תַ** (see Ges., § 80. Rem. 2 b; Ewald, § 173 d), = the later **פְּרָה**, means ‘*a fruit tree*,’ cf. **פְּרִיה**, Is. 17, 6 (of the olive tree); probably a vine, cf. **נְפָנִים** in Is. 32, 12. Ez. 19, 10. Ps. 128, 3; so Onq., Tuch, Ewald, Di. The **בְּנָוֹת** are the branches of the vine that grow over the wall. Possibly there is an allusion here to the name **אֲפָרִים** (perhaps ‘*double fruitfulness*’), 41, 52.

**עַלְיָן עֵין**. The moisture would promote the growth of the vine; cf. Ps. 1, 3. Jer. 17, 8.

**בְּנָוֹת צְעַדָּה**. On the construction of the plural, where inanimate objects are spoken of, with the sing. fem. expressing (as in Arabic) the *collective*, see Ges., § 146. 3; Ewald, § 317 a; cf. Joel 1, 20 **הַמּוֹת שְׂהָה הַעֲרוֹג**; Zech. 6, 14 **וְהַעֲטָרָה תְּהִיא לְחִלּם**, and the construction, common in Greek, of the neuter pl. with a sing. verb, as **τὰ θηρία ἀναβλέπει**. Ewald reads the text here **בְּנָוֹת צְעַדָּה**, ‘*daughters of ascent*,’ but this alteration is unnecessary. Wright takes the verse quite differently. **פְּרַת** = ‘*a heifer*,’ ‘*a hind*,’ as antelopes are called by the Arabs **بَقْر آلْوَحْشِ** ‘*wild oxen*;’ the **בְּנָוֹת** are then the hinds that accompany the stag, and **שִׁיר** = ‘*an ambuscade*’ (see Ges. in *Thes.* s.v.) made by the huntsmen near the pool where the deer come to drink. But even if **פְּרָה** can = ‘*hind*,’ and **שִׁיר** = ‘*ambuscade*’ (Ps. 92, 12 is not

conclusive, as שׁוֹר = rather ‘*liar in wait*’ than ‘*an ambuscade*,’ and שׁוֹר in every other passage means ‘*wall*’), as Naphtali has already been compared to a hind, ver. 21, we should hardly expect the same comparison in this verse in the case of Joseph. The Vss. appear to have entirely misunderstood the verse.

23. וַיִּמְرְרֵהוּ = ‘*they embittered or irritated him.*’

וַיִּרְבֶּג with pretonic qameç, as in 1, תָּהֹו וּבָהוּ, 2; see the note there. רַבְגּוֹ is from רַבְבּ, with the intransitive punctuation (see Stade, § 385 b. 2; Ges., § 67. Rem. 1), meaning ‘*to shoot;*’ so Ps. 18, 15 וּבְרִקִים רַבּ וְיַחַם; related to רַבָּה and רַמָּה cf. Job 16, 13. Jer. 50, 29. The LXX, Sam., Onq., and Vulg. seem to have read בָּעֵל חַצִים, but וַיִּרְבֶּג does not suit this.

**בָּעֵל חַצִים.** Cf. בָּעֵל הַחֲלֻמוֹת, 13, 14, 19, בָּעֵל בְּרִית, 37, 19, and the note on that passage. Compare with this verse the narrative in Judg. 6 ff. 1 Chron. 5, 18 f., of the hostility shewn to Ephraim and Manasseh by the neighbouring Arab tribes; and Josh. 17, 16 f., where the children of Joseph are commanded to drive out the Canaanites from the territory Joshua assigns them.

24. וַתִּשְׁבַּב בְּאַתָּן קָשְׁתּוֹ. ‘*Yet his bow remained in firmness.*’ On the adversative force of the waw conv., see Driver, § 74 β; Ewald, § 231 b; so in 19, 9. 32, 31.

**בְּמִקְומֵ אַתָּן**. Del. explains אַתָּן as a subst. = אַתָּן; Ewald, § 299 b (cf. § 172 b), considers that the adj. here must be taken as neuter, ‘*in or with firmness*’ and the ב conceived as forming the predicate, comparing Ex. 32, 22 בְּרֻעַ הָוָא. The form אַתָּן, cf. אַכְזָב, in Hebrew corresponds to the Arabic formation for adjectives أَفْعُلُ, with

the signification of our comparative and superlative, and so called ‘*the noun of pre-eminence*’ or ‘*elative*.’ In Hebrew the forms have lost their original significance and are used as simple adjectives; see Wright, *Arab. Gram.*, i. p. 159; Ewald, § 162 b.

The LXX have καὶ συνετρίβη μετὰ κράτους τὰ τόξα αὐτῶν, reading וְתַשְׁבֵר, and the Syriac אָמַנְתִּי מִלְּעָדָה חֲדָדָה מִלְּעָדָה ‘*his bow turned in strength*,’ reading וְתַשְׁבֵר; so apparently Onqelos.

וַיַּפְזֹז means ‘*to be nimble*,’ ‘*pliant*;’ cf. the Arabic فَزْ ‘*to be nimble*.’ The root only occurs once again in the Pi‘el in 2 Sam. 6, 16 מִפְזֹז וּמִכְבֵּר ‘*skipping and dancing*’ (cf. Ges. in *Thes.* s. v.). The LXX have καὶ ἐξελύθη, Syr. צָרָבָה, Vulg. ‘*dissoluta sunt [vincula]*,’ reading perhaps from וַיַּפְצֹז, from פְזֹז.

**מִידֵי אָבִיר יַעֲקֹב**, i. e. Joseph’s strength comes from the hands of the mighty One of Jacob, which support him. אָבִיר יַעֲקֹב, cf. Is. 1, 24 אָבִיר יִשְׂרָאֵל). 49, 26. Ps. 132, 2. 5, where the phrase is borrowed from this passage.

**מִשְׁם רָעוֹה וּנוּ**. In the rendering given above, which seems relatively the best in this difficult clause, רָעוֹה is taken as explaining מִשְׁם, which probably means ‘*from heaven*,’ cf. Eccl. 3, 17 (?), and אָבִן יְשׁוּעָה is a second name for God, in apposition to רָעוֹה. For the term רָעוֹה applied to God, cf. 48, 15. Ps. 23, 1. 80, 2. אָבִן must be taken as equivalent to the common title of God צֹר (Ps. 18, 32. 1 Sam. 2, 2. Deut. 32, 4. Is. 30, 29); אָבִן, however, never has this meaning anywhere else. Another rendering which is possible is that adopted by Tuch (cf. Ewald, § 332 d), ‘*whence is the Shepherd the Stone of Israel*:’ מִשְׁם = ‘inde ubi;’ cf. מִאֵן = ‘ex quo tempore,’ Ps. 76, 8; cf. the Vulgate, ‘*inde pastor egressus est*

*lapis*' etc. Ewald renders similarly, but reads רְעוֹה אֶפְנָן יִשְׂרָאֵל ('Shepherd of the Stone of Israel'), the allusion being to 28, 18 f. 22, a reading Di. approves of, as רְעוֹה without the art. or יִשְׂרָאֵל following is awkward, and God is never elsewhere called אֶפְנָן. Rosenmüller renders, '*From that time he (Joseph) was the shepherd and stone of Israel;*' cf. מִשְׁמָם in Hos. 2, 17 (Heb.); A.V. R. renders, '*From thence is the Shepherd, the Stone*' etc., which may be explained as meaning, '*From thence,*' i. e. from God, Joseph became a guardian and defence of his people, viz. in Egypt. The Pesh. and Onq. (apparently) read מִשְׁמָם, instead of מִשְׁמָם; cf. Ps. 20, 2, but this, though removing the awkward expression מִשְׁמָם, does not stand very appropriately in parallelism with מִידִי. In all probability the text, as it stands at present, is corrupt.

**25. מַלְאֵךְ אָבִיךְ.** The מִן continues the thought contained in ver. 24, connecting ver. 25 with the preceding verse; but in this verse two blessings are inserted. 'The same God, who has hitherto helped him, will also give him the following blessings,' Di. מַלְאֵךְ אָבִיךְ, cf. 31, 5. 42. 48, 15. Ex. 15, 2. 18, 4.

**וַיַּעֲזֹרְךָ = וַיַּעֲזֹרְךָ נָגֵן,** the suffix being strengthened by the demonstrative nun. Render, '*So may He help thee;*' cf. Ex. 12, 3. 15, 2. Ps. 59, 13. The weak waw with the imperf. (voluntative) takes the place of the perf. with waw conv., after words standing alone, in language of an excited and impassioned character; see Ewald, § 347 a; Driver, § 125; so in וַיְבָרֶךְ in the next clause.

**וְאַת שָׁרֵי.** '*And with the Almighty,*' i. e. with the help of the Almighty. The Syr., Sam. Ver., and Heb.-Sam., and a few MSS. read וְאַל, a reading which is perhaps supported

by the LXX<sup>1</sup>, Vulg., Saadiah. Bleek, Hitzig, Tuch, Ewald, and Di. adopt this reading, as being more suitable, the shorter title שדי being first used without אל at a later period of the language (it is very common in the book of Job). If this reading be preferred, the force of מִן in אֶל אָבִיךְ extends to אֶל שְׂדֵי; so Judg. 5, 9. Is. 15, 8. Hab. 3, 15; see Ewald, § 351 a.

**וַיַּבְרְכֵנִי בְּרָכַת שְׁמִים וְגוּ** = 'may he bless the blessings of,' i.e. with the blessings of.

**מעל**. Cf. 27, 39. **וּמְטַל הַשְׁמִים מִעַל** are בְּרָכַת תְּהוֹם the dew, rain, sunshine; cf. 27, 28. 39. The are the springs, rivers, brooks, which are regarded as springing from the subterranean תְּהוֹם. בְּרָכַת שְׁדִים וּרְחָם are every kind of animal fruitfulness [contrast Hos. 9, 14 (Tuch)]. Compare Joseph's blessing in Deut. 33, 13 ff. with this verse, where the similarity in thought and language is most striking.

26. The translation given above follows the reading עֲד, or perhaps better הַוָּר, as only occurs as a proper name, and gives to תָּאוֹה its ordinary meaning 'desire.' This rendering suits the parallelism (גְּבוּעַת עַולְם), and is supported by Deut. 33, 15 (הַרְרִיאַדְמ). Hab. 3, 6 (הַרְרִיאַדְמ), and the rendering of the LXX, ὅρέων μονίμων, and is adopted by Ges., Ewald, Tuch, Wright, Di., and A.V. R. (margin). The Masoretic text is supported by the Syr., Onq., Vulg., Saadiah, the Jewish commentators, A.V., and A.V. R. (text). The rendering then must be, 'The blessings of thy father have prevailed over the blessings of my parents, up to the boundary

<sup>1</sup> The LXX render δὲ Θεὸς δὲ ἐμός, which corresponds with their rendering of אל שְׂדֵי in 17, 1 δὲ Θεὸς σου (see the note on that passage). 28, 3 (μου). 35, 11 (σου). 43, 14 (μου). 48, 3 (μου). Ex. 6, 3 (Θεὸς ἀντῶν).

*of the eternal hills.'* הָרִי must be separated from עַד, following the accents, and taken in the sense 'parents,' while תְּחוֹה must be translated 'boundary,' from פְּתַח = 'to mark,' 'limit;' cf. Num. 34, 7 f.; also תְּחוֹה in 1 Sam. 21, 14. Ez. 9, 4; see Ewald, § 186 b. The word הָרִי, however, = 'my parents,' seems very doubtful. Neither the plural הָרִים, nor dual הָרִים occur with this meaning, and though the fem. הָרָה = 'mother' is found in Song of Songs 3, 4. Hos. 2, 7, the original meaning of the root, i.e. 'to conceive,' is still present in this word in both of the passages where it occurs. The reading of the Sam. Vers. is uncertain, but the Sam. Codex (Heb.-Sam.) has חָרֵי עַד. The later Samaritans, however, pronounced the words my mountain, up to' etc., and understood it of Mount Gerizim, which was situated in the territory of the tribe of Joseph; see Tuch, p. 501. The LXX and Sam. Vers. follow a reading בְּרַכָּה אֲבִיךָ וְאָמֶן, while the Jer. Targ. exhibits traces of both the renderings discussed above, viz. 'my parents,' and 'everlasting mountains;' see Geiger, *Urschrift*, p. 250.

**לְرָאשׁ יוֹסֵף וּלְקָרְקָד נָזִיר אֲחִיו.** Cf. Deut. 33, 16 where these words recur. נָזִיר אֲחִיו = 'the prince of his brethren.' The Vulg. and Saadiah take נָזִיר in the sense 'Nazirite,' a meaning which is unsuitable here. It is best to take נָזִיר = 'the separated one,' cf. Onq.'s rendering of the passage, 'גָּבָר אֲפָרִישָׁא רָאַחֲנָה' = 'the man (who is) separated among his brethren,' in the sense of 'prince' or 'leader;' so Saadiah and most moderns (cf. Lam. 4, 7), though with no allusion to a kingdom in the tribe of Joseph. The meaning cannot, however, be regarded as certain.

Del. remarks that לְרָאשׁ is chosen intentionally, as is the usual expression for a curse coming upon any one, while

**לְרֹאשׁ** is used for a blessing; cf. Deut. 33, 16. Prov. 10, 6. 11, 26.

Joseph receives not only the blessings of the eternal hills, i. e. the rich and fruitful hill country of Ephraim and Manasseh (cf. Jer. 50, 19. Deut. 32, 14), but the blessings that surpass these, viz. the promises made by God to his forefathers.

27. ‘*Benjamin is a ravening wolf:*

*In the morning he devoureth the prey,*

*And at even divideth the spoil.’*

That Benjamin was a most warlike tribe is shewn by the share it took in the struggle for freedom under Deborah (Judg. 5, 14), and by the war it carried on with the other tribes (Judg. 19 ff.) after the outrage committed at Gibeath. Ehud, Saul, and Jonathan were also Benjamites.

**זָאֵב יִתְרַף**, lit. ‘*a wolf that ravens*,’ the relative pronoun being omitted. Cf. Is. 51, 12 = אָנוֹשׁ יָמוֹת = ‘*mortal man*;’ Hos. 4, 14 ‘*a people without understanding*;’ and see Ges., § 123. 3 a; M. R., § 159 a; Ewald, § 332 a; Driver, § 34.

**יִתְרַף**, pausal for **יִטְרַף**; see on ver. 3, יְנֵעַ. Kn. remarks on the comparison of Benjamin with a wolf, ‘The figure of the wolf occurs elsewhere in the O.T., only in a bad sense (Zeph. 3, 3. Hab. 1, 8. Jer. 5, 6. Ez. 22, 27); hence in this passage it does not signify a full measure of praise, though it recognises Benjamin’s warlike capabilities.’ Di. supplements this remark by pointing out, ‘that the lion has already been used in ver. 9, and that only a comparison with some small beast of prey would be fitting in the case of Benjamin, the smallest of the tribes. The wolf was used in comparisons by non-Semitic peoples of antiquity in a good sense.’

**עַד יִאכְלֶל טַרְפָּה.** Cf. Num. 23, 24.

28. **אִישׁ אֲשֶׁר כְּבָרַכְתָּו בָּרוּךְ אַתָּם**. ‘*Each one with that which was according to his blessing he blessed them,’* being construed with a double acc., as in Deut. 12, 7. 15, 14; cf. ver. 25. The LXX, Syr., and Sam. omit **אֲשֶׁר**. As the text is very awkward, Del. emends to **אִישׁ אֲשֶׁר כְּבָרַכְתָּו**; cf. 2 Sam. 23, 21, where the Kri directs that **אִישׁ** is to be read instead of **אֲשֶׁר**, and Num. 21, 30, where the Kri marks the **ר** of **אֲשֶׁר** with a point, as suspicious. With this emendation, the verse may be compared with Ex. 36, 4; Lev. 15, 2; **אִישׁ אֲשֶׁר מִמְלָאָכְתָּו**; Lev. 24, 15; **אִישׁ אֲשֶׁר כִּי יְהִי**, and often. Perhaps, however, it is better simply to omit **אֲשֶׁר**.

30. **אֲשֶׁר קָנָה . . . אֶת הַשְׂדָה**. Cf. 50, 13, and see the note on 13, 16.

32. **מִקְנָה וְגוּ**. It is perhaps best to regard this verse as in apposition to ver. 29. Tuch prefers to regard it as a parenthesis, referring to ver. 30; cf. Ps. 72, 14.

## 50.

2. **לְחַנֵּט אֶת אָבִיו**. ‘*To embalm his father.*’ Embalming the dead was an Egyptian custom, which was due to the popular belief in a permanent union of the body and the soul. The art was practised by a special class named *ταριχευταί*; see Herod. ii. 86 ff.; Diod. i. 91; Ebers in Riehm’s *H. W. B.*, 352 f. The *ταριχευταί* are here called **הַרְפָּאִים**. Joseph probably had his own special body of physicians.

3. **הַחֲנִיטִים**. The plural is used according to Ges., § 108. 2 a; Ewald, § 179 a (‘to embrace the scattered units into a higher idea, thus to form the meaning of an abstract’).

**שְׁבֻעִים יוֹם**. For a king the Egyptians used to mourn seventy-two days (Diod. i. 72). Jacob’s death was mourned for by the Egyptians out of respect to Joseph. On the

mourning customs of the Egyptians, see Herod. ii. 85; Diod. i. 91; Wilkinson, *Manners and Customs* (ed.<sup>2</sup>, 1878, iii. c. 16).

4. **בְּכִיתוֹ**. Object. gen.; see on 9, 2. is formed like **שְׁבִיתָה**, **חַנִּית**, by adding the ending **ת** to the third radical **י**; see Ewald, § 186 b; Stade, § 192 b.

5. **כָּרִיתִי לֵי**. LXX ὤρυξα, so the Vulg. and most moderns; cf. 26, 25. 2 Chron. 16, 14, a rendering which suits better than that adopted by Onq. and the Syr., ‘*I bought*,’ with which Deut. 2, 6 **וְנִם מֵים חָכְרוּ מֵאֲתֶם** may be compared.

10. **עַד גָּרֵן הַאֲטָד**. ‘*To the threshing-floor of thorns;*’ probably not ‘*the threshing-floor of Atad*.’ The locality is not further known.

**בְּעֵבֶר הַירְדֵּן**, i. e. on the eastern side of Jordan, the narrator being in Palestine.

**שְׁבָעַת יְמִים**. Cf. 1 Sam. 31, 13. Judith 16, 29. Eccl. 22, 12.

11. **אָבֵל מִצְרָיִם**. **אָבֵל** may be taken either as a verb, ‘*Egypt mourns*,’ or as a noun, ‘*the meadow of Egypt*;’ cf. the proper names, **אָבֵל מִצְרָיִם**, **אָבֵל בֵּית מֻעָבה**, **אָבֵל מִחוֹלָה**, **אָבֵל הַשְׁטִים**, **אָבֵל מִים**, **אָבֵל כְּרָמִים**; but this rendering ‘*meadow of Egypt*’ being hardly suited to the context, the narrator explains from ‘*mourning*.’ The LXX have here Πένθος Αἰγύπτου, and the Vulg. ‘*Planctus Egypti*,’ and it is not improbable that the author pronounced **אָבֵל אָבֵל**; while the punctuators took it as **אָבֵל**, either ‘*meadow*,’ or as a verb 3rd pers. perf. sing. The position of **אָבֵל מִצְרָיִם** is not known. It has been identified by some (Knobel, Ritter, etc.) with **בֵּית חַנְלָה**, on the southern boundary of Benjamin, the modern *Ain Haqla*, a little north of the Dead Sea, following Hieron., who in the Onom. identifies *Area Atad* with **בֵּית חַנְלָה**. But this identification is precarious, as Hieron.’s account is not trustworthy; and further,

**בֵּית חַנְלָה** is on the western, and not the eastern side of Jordan; see further, Di., p. 455; Del., p. 524.

13. **אֶת הַשְׁדָה**. ‘With the field;’ cf. 49, 30.

15. **לֹו יִשְׂטְמָנוּ יוֹסֵף**. ‘If Joseph were to hate us!’ cf. Ez. 14, 15. Ex. 4, 1, ‘וְהַן לَا יַאמְינֵו לִי’ and if they will not believe me! LXX here, μήποτε μνησικακήσῃ ἡμῶν Ἰωσῆφ. The imperf. in the protasis, where no apodosis follows, denoting either a *wish* or (as here) a *fear*; see Driver, § 142; Ewald, § 358 a, who compares a similar aposiopesis in Ps. 27, 13; see also M.R., § 165.

16. **וַיַּצְוֹר**. ‘And they sent a message.’ LXX καὶ παραγενόμενοι, Pesh. **וַיַּצְוֹר**, possibly a free translation, the translators not understanding **וַיַּצְוֹר**.

17. **אֲנָנָה** is only found once again in the Pent., viz. Ex. 32, 31 **אֲנָנָה**. Ewald, § 262 a, remarks that the Massora regards **אֲנָנָה** always as consisting of two words (**אֲנָה נָנָה**); hence the double accents here and in Ex. 1. c. The tone is on the penult.

**שָׁא נָא פְשֻׁעַ... שָׁא נָא לְפַשְׁעַ**. **שָׁא** = ‘to forgive’ (cf. 18, 24) is here construed, for the sake of variety, with the acc. and dat.; see Ewald, § 282 d.

19. **כִּי הַתְּחִתָּת אֱלֹהִים אַנְּיִ**. ‘For am I in God’s place?’ so in 30, 2; see the note there. Del. proposes a slightly different meaning here as an alternative, ‘Am I authorised to interfere in what God does, am I not obliged to submit myself to it?’ Aq. ὅτι μὴ Θεὸς ἐγώ; Symm. μὴ γὰρ ἀντὶ Θεοῦ ἐγώ εἰμι; Onq. renders **אַנְּיִ** דְּחַלְאָ דְּיַ אֲנָה ‘for a fearer of Y. am I,’ possibly reading **חַתָּה אַלְ**” (from **חַתָּה**), or more probably rendering freely; so Saadiah, **אַخֲاف אֱלֹהִים** ‘I fear God.’

20. **עֲשָׂה**. See on 48, 11.

21. **וַיֹּדַבֵּר עַל לְבָם**. See on 34, 3.

**וַיֹּוֹתֶר הָוּא ۲۰ יוֹסֵף לְאֶפְרַיִם ۲۳.** The ℗ as in 44, 20  
לְבָנָו לְאָמוֹן.

**בָּנִי שְׁלֹשִׁים** = ‘sons of the third degree,’ i. e. not great-grandchildren, but great-great-grandchildren, שְׁלֹשִׁים (cf. Ex. 20, 5. 34, 7. Num. 14, 18. Deut. 5, 9) being the children of the third generation, the first ancestor not being counted. Elsewhere they are called רַבְעִים; so Di. and Ewald (*Antiq.*<sup>3</sup>, p. 225, Eng. trans., p. 169). LXX, Vulg., Pesh., Targ., Tuch, and Del. understand ‘great-grandchildren;’ but then either בָּנִים must be read (so Sam.), or the cstr. בָּנִי be taken according to Ewald, § 287 e (the cstr. state used where there is really only an appositional relation between the two words, and = ‘consisting of’).

**עַל בְּرָכֵי יוֹסֵף**. Cf. 30, 3.

**וַיֹּוֹשְׂטָם**. See on 24, 33. Render, ‘they brought,’ 3rd pers. sing. imper.

**בָּאָרוֹן**=here ‘in the coffin.’ The article, by Ewald, § 277 a; Ges., § 109. 3 c. ‘The Egyptians used to place the embalmed body in a wooden coffin, and carefully preserve it in the vault (Her. ii. 86),’ Kn. in Di., p. 457. With these verses, cf. Ex. 13, 19. Josh. 24, 32.

## APPENDIX I.

THE book of Genesis, like the other books of the Hexateuch (for it is now generally admitted that the book of Joshua must be attached to the Pentateuch, and the whole regarded as one work), was not the production of one author. A definite plan may be traced in the book, but the structure of the work forbids us to consider it as the work of one writer. This is clear, not only from the (apparently needless) repetitions that occur (e.g. 21, 1 a and 1 b ; 4, 25 f., and 5, 1-6 ; 47, 29 ff., and 49, 29 ff.), but also from the different accounts of one and the same event which we meet with, not merely such as may be explained on the supposition that the author is really describing *different* events, or reproducing *different* traditions (e.g. the narratives contained in 12, 10 ff.; 20, 1 ff.; and 26, 7 ff.; in 16, 1 ff., and 21, 12 ff.; the double covenant with Abram, chaps. 15 and 17; the double blessing of Jacob by Isaac, 27, 1 ff., and 28, 1 ff.; the double promise of a son to Sarah, 17, 17; and 18, 10 ff.; the three explanations of the name Isaac, 17, 17; 18, 12; 21, 6; the two explanations of the names, Edom in 25, 25. 30; of Issachar, Zebulon, and Joseph, in 30, 16-18. 20. 23 f.; of Mahanaim, in 32, 3. 8), but such as mutually exclude one another, because the event narrated can only have happened once (e.g. the two accounts of the creation, in chaps. 1 and 2; the number of the animals that went into the ark at the time the flood was on the earth, in chap. 6 f.; the dispersion of the nations, in chaps. 10 and 11, 1 ff., cf. 10, 25; the varying explanations of the names Beersheba, in 21, 31; 26, 33; Israel, in 32, 29; 35, 10; Bethel, 28, 18 f.; 35, 14 f.; the different accounts of the relations between Jacob and the Shechemites, in chaps. 34 and 48, 22; and the variations in the narrative in 37, 19-36,—the sale of Joseph by his brethren). Many other notices in Genesis also militate against the unity of authorship (e.g. that Abraham begat many sons after the death of Sarah, 25, 1 ff. against 18, 11 f. 17, 17; that Esau had already settled in Seir when Jacob returned from Mesopotamia, 32, 4 ff. against 36, 6; that all Jacob's sons were born in Paddan Aram, 35, 26 against ver. 16 ff.; the different names of Esau's wives, 26, 34. 28, 9 against 36, 2 f., etc.; the differences in chronology, e.g. in the age of Sarah, in 17, 17, cf. 12, 4, and in 12, 11. 20, 2 ff.; as to Isaac's approaching death, in 27, 1 f. 7. 10. 41 and in 35, 28 and 26, 34; in the account of Rachel's death in 35, 19, while in 37, 10 she is represented as still

living, etc.); even narratives are found in which some parts do not agree with the remainder of the narrative (e. g. 31, 48–50 and the rest of the chapter, and 24, 62–67 and the beginning of the chapter).

These discrepancies and difficulties in the book of Genesis, and similar ones in the other books of the Pentateuch, had been perceived as far back as the eleventh century<sup>1</sup>, but it was not until the middle of the eighteenth century that a serious attempt was made to examine systematically the structure of the Pentateuch. This was first undertaken by Astruc<sup>2</sup>, a Paris physician, who, following the opinion already expressed by Vitringa, that Moses had made use of older sources in composing the Pentateuch, arrived at the conclusion that the book of Genesis was composed from these older sources, which Moses had embodied in the work without any essential alterations; and that two main documents were clearly discernible, which are distinguished by the peculiar use of the names of God, Elohim occurring exclusively in the one, and Jehovah in the other; and several (nine) minor documents which were less frequently employed, and which are recognisable by certain individual peculiarities. Astruc's work may be regarded as the beginning of the criticism of the Pentateuch. His views were adopted, or arrived at by independent investigation, by several scholars subsequently, and many additional points were discovered. The gradual growth of the criticism of the Pentateuch cannot be fully entered into here, but some of the more important discoveries may be noticed, and the reader referred to the Introductions to the Old Testament etc.<sup>3</sup> for further details. Eichhorn not only arrived independently at the same conclusion as Astruc with regard to the two documents, but made the further observation that the usage of language in these two documents differed greatly. De Wette was the first to draw attention to the fact that the book of Deuteronomy was essentially different from the preceding books, and really formed a separate document, a view that is now generally accepted; while to Bleek belongs the merit of having discovered that the book of Joshua reveals traces of the same hands as the Pentateuch, and must be taken as forming the real conclusion of the work. Further advances were made by Ewald and Hupfeld; Ewald drawing attention to the fact that

<sup>1</sup> See Zocckler, *Handbuch der Theolog. Wissenschaften*, i. p. 133 f.; Bleek's *Einleitung* (ed. Wellhausen), p. 16, Eng. trans. (ed. Venables), p. 193.

<sup>2</sup> In his *Conjectures sur les mémoires originaux dont il paroit que Moyse s'est servi pour composer le livre de la Genèse*, Brussels, 1753.

<sup>3</sup> See Bleek, *Einleitung* (ed. Well.), p. 57 f., and Eng. trans., p. 257 f.; also the Introductions in Kuenen's *Hexateuch*, and Wellhausen's *History of Israel*, Eng. trans.

the two main documents do not only extend to Exodus 6, 2 (as had been previously supposed), but are clearly discernible in the remaining books of the Pentateuch, and also in Joshua; while Hupfeld demonstrated that the Elohim document was not the work of one and the same writer, but was really two documents<sup>1</sup>. Hupfeld considered that Genesis was founded on three continuous historical writings, which were quite independent of one another, two Elohistic and one Jehovahistic<sup>2</sup>, and this view, with certain modifications, may be regarded as the one generally accepted at the present time. As the results of the investigations of these and other scholars, the following points were regarded as fixed, that, firstly, the Hexateuch was mainly composed of four documents, the so-called 'Grundschrift' or 'main stock'<sup>3</sup>, called by Dillmann A, but usually cited as P (the Priests' Code); the second Elohist, Dillmann's B, usually quoted as E; the Jehovahist, Dillmann's C, usually referred to as J; and the Deuteronomist or D; secondly, that several portions of the Pentateuch are really much older than the documents themselves in which they have been preserved (e.g. the Decalogue, Ex. 20, 22-23, 19, the Song in Ex. 15, and other passages containing laws and poetical fragments); thirdly, that the Elohistic documents were older than the Jehovahistic document; and, fourthly, that these three documents were worked up into a whole before the Deuteronomist. Opinions differed as to the plan adopted in working up these documents into one work, but most scholars considered that P, E, and J were united by a redactor, and that D was added subsequently; some scholars even being of the opinion that D himself was the redactor. This view of the origin of the Pentateuch was, however, combated by Graf<sup>4</sup>, who, following the opinion that had already been put forth by Reuss, George, and Vatke<sup>5</sup>, independently of each other, propounded the view that the so-called 'Grundschrift' was not the oldest of the three documents, but the youngest. This was not, however, the original form of Graf's hypothesis. He first divided the 'Grundschrift' into two parts, and then endeavoured to shew that the priestly or ritual laws usually regarded as belonging to the 'Grundschrift' were post-deuteronomic, while the remainder of the 'Grundschrift' was prae-deuteronomic, and

<sup>1</sup> This had already been pointed out by Ilgen (died 1834). Hupfeld's views will be found in full in his *Quellen der Genesis und die Art ihrer Zusammensetzung*, Berlin, 1853.

<sup>2</sup> See below, however, p. 366.

<sup>3</sup> This is the term used by Wellhausen's translator for the German word.

<sup>4</sup> In *Die geschichtlichen Bücher des Alten Test.* (1866).

<sup>5</sup> See Wellhausen, *Hist. of Israel*, Eng. trans., p. 5, and Kuennen, *Hexateuch*, Introduction, p. xxxiv; Zoëckler, l. c., p. 136.

antecedent to the Jehovahist. When, however, Riehm<sup>1</sup> and Nöldeke<sup>2</sup> had shewn that this division of the 'Grundschrift' was, on philological grounds, impossible, Graf modified his view, and assigned the whole of the 'Grundschrift' to the post-exilic period<sup>3</sup>. This view is also held by Kuenen<sup>4</sup>, and has been brought into greater prominence by Wellhausen<sup>5</sup>, and since adopted by various scholars. The reasons alleged by Graf and his followers in support of this view are that the history contained in the books of Judges, Samuel, and to some extent in the books of Kings, is in contradiction to the laws usually regarded as Mosaic, and that these laws themselves were quite unknown at the period to which they are supposed to belong; further, that the prophets of the eighth and ninth centuries are unacquainted with the Mosaic code. Those who maintain Graf's view regard the Jehovahistic laws (Ex. chaps. 20-23. 13, 1-16. 34, 10-27) and the Jehovahistic narratives as *prae-deuteronomic*, and consider that Ezekiel is older than the redaction of the Ritual code and the laws contained in P. Thus the question of the age of P is the chief point that is at present undetermined, though the real date of the other documents cannot be regarded as definitely fixed. Other questions that are still matters of controversy are whether the Jehovahist (J) utilised the Elohist (E) in composing his own work, whether the redactor who combined P and J had E before him, and also whether P is a composite production, the result of a long period of priestly activity, or the work of a single author. These points cannot be discussed here, but must be studied in full in the works of Nöldeke, Delitzsch, Schultz, Wellhausen, Kuenen, and others<sup>6</sup>. The existence of various documents may be considered to have been proved, also that the number of these documents in Genesis is three, viz. P, J, and E; that J and E are not only closely akin to one another in matter and in the way things are viewed by their authors, but also have come down to us so closely interwoven one with the other, as to form almost one document; and, lastly, that these three documents were combined into one whole by a redactor or redactors.

These three documents, P, J, and E, are distinguished one from the

Britannica*, 9th ed.

<sup>6</sup> The reader will find the opinions of these and other scholars briefly sketched and discussed in Zoeckler, l. c., p. 139 fol.

other, not only by a difference, more or less distinctly marked, in their contents, but also by a peculiar usage of language. P, which has been largely employed in the composition of Genesis, can be more clearly separated from J and E, than these from one another, the points of demarcation between them being less clearly defined than in the case of P. P chiefly contains legislation, setting before us the various precepts and ordinances that were to be observed by Israel, and explaining their origin. The history contained in it is merely the framework in which to arrange the legislative matter. The thread of the narrative is very thin, and often only serves to carry on the chronology. Important events, however, are treated more in detail (e.g. the story of the creation, the deluge, the covenants with Noah and Abraham, the journey of the patriarchs into Egypt), especially such events as are narrated to explain the origin of various laws (e.g. 17, 23), in which case the narrative is generally full and detailed. Other events of less importance are only briefly described, partly in the form of genealogies (e.g. chap. 5. 11, 10 ff. 35, 22 ff.), and partly in the form of short summaries (e.g. chap. 10. 25, 12 ff. chap. 36). In its method of representation P is detailed and circumstantial, everywhere aiming at strict accuracy, especially in all legal points, and exhibiting a marked fondness for recurrent formulae. Its language is formal and precise, technical words and phrases and certain turns of expression not found elsewhere frequently recur. The manner in which the author handles his materials gives evidence of research and reflexion, and a capacity for justly weighing and estimating the sources of information at his disposal (e.g. chaps. 1. 5. 10 f. 36. 46), while in describing the events of the past, and in the accounts of foreign peoples, remarkable accuracy is displayed (e.g. 25, 16. 36, 15). Some of the peculiarities of the language of P have been pointed out in the notes. The portions of Genesis that are usually assigned to this document are the following: **1, 1-2, 4 a. 5, 1-28. 30-32. 6, 9-22. 7, 6. 11. 13-16 a. 18-21. 8, 1-2 a. 3-5. 13 a. 14-19. 9, 1-17. 28-29. 10, 1-7. 20. 22-23. 31-32. 11, 10-27. 31-32. 12, 4 b-5. 13, 6. 11 b-12 a. (chap. 14?). 16, 1 a. 3. 15-16. 17. 19, 29. 21, 1 b-5. 23. 25, 7-11 a. 12-17. 19-20. 26 b. 26, 34-35. 27, 46-28, 9. 29, 24. 29. 31, 18 b. 33, 18. 34, 1-2. 4-10. 13-18. 20-25 (partly). 27-29. 35, 5. 9-15. 23-29. 36 (in the main). 37, 1-2 a. 41, 46. 48, 6-27. 47, 5-6 a. 7-11 (as in LXX [=5 b from ήλθον δὲ to 11]). 27 c-28. 49, 28 b-33. 50, 12-13.**

The remaining documents differ widely from P.

In Genesis the legislative element is almost entirely absent, the object of the narrators being to present in a brief and attractive form the chief historical events of the past, with a view to instruction and

edification. One of these documents, E, is called by Dillmann the Traditional History of Israel. It probably is based on older written sources, but in the main draws its information from tradition, and preserves unchanged in its narratives both the colouring and tone of tradition as current among the people. To this document we are indebted for many important details which are not given in P or J (e.g. Eliezer, Deborah, Rachel's nurse, and Potiphar are known to us only from E), and for many peculiar notices and brief statements, which, bearing the impress of the highest antiquity (e.g. 21, 27 ff. 15, 2. 20, 16. 48, 22), are unfortunately only preserved in a fragmentary form. In E many traditions attaching themselves to certain localities (e.g. 31, 51 ff. 33, 19. 35, 8. 20) are to be found, and the origin of several of the sacred places in central and eastern Palestine is frequently referred to (21, 31. 28, 17 f. 32, 3. 31. 33, 20. 35, 4. 7. 46, 1 f.). It contains a full account of the honour gained by Joseph, and brings into prominence the consideration in which Reuben was formerly held (37, 21 f. 29 f. 42, 22. 37). E contains no account of the flood, but makes frequent mention of the many sanctuaries of the Israelites (28, 22. 33, 20), though it condemns the Teraphim-cultus and other idolatrous practices (35, 2 ff.). Angels and visions in dreams are frequently spoken of, Abraham bears the title of Prophet (20, 7), and attention is directed to the gradual accomplishment of God's promises as revealed to Abraham and his descendants. It has been already remarked that E has been incorporated with J into one work, and it frequently happens that the parts of the two documents can be severed one from the other with not more than approximate certainty.

The third document, J (for a long time called the supplemental document, as though it were composed to supplement P; a view that is now generally abandoned), may be designated, as distinguished from P, the Prophetic Narrative. In the account of the family of Noah, the deluge, and in the table of nations, it is in substance closely akin to P, also in the portion of Genesis containing the history of Abraham it has several narratives in common with P (e.g. the separation of Lot and Abraham; the destruction of Sodom and Gomorrah; the story of Dinah; also cf. 47, 1-11. 29 ff. and 49, 29 ff.), but elsewhere in the history of the patriarchs, and in that of Joseph and Jacob, it is more closely connected with E, so much so, that from chap. 27 onwards, most of the narratives in J have their complete parallels in E, the passages in E being rich in material details, while J is distinguished by a fondness for picturesque description, by breadth and variety of ideas, and by the polish and artistic finish of its narratives. Many passages of J, which we possess in their full form, are masterpieces of narrative art, with

which only a few out of E can be compared (e. g. chap. 22). Of all three documents J betrays the profoundest appreciation of the existence, origin, and growth of sin in man, and of God's counteracting influence, of the plan of man's salvation (3, 15 f. 5, 29, 8, 21 f. 9, 26 f. 12, 2 f. 18, 19), of the call of the divinely chosen instruments, and their training in faith, obedience, and a virtuous life, and of the divine purpose of making Israel a source of blessing to the nations. In the usage of language, as well as in its style, J is more closely allied to E than to P, and although subtle differences between J and E are discernible, the criteria for definitely distinguishing one from the other are often not clearly marked.

How these documents were worked up into one whole cannot be determined without fixing the date of P. If P is the oldest portion of the work, then the view that this is the framework, into which the other documents were fitted, is tenable. If P, on the other hand, is the latest of the three sources, then it is probably best to suppose that J and E were first united into one whole, and that D was added to this, the last redactor of the Hexateuch combining P with the whole thus formed J, E, D.

The following remarks may perhaps give a general idea of how Genesis arose out of the three documents P, J, E. It has been already remarked that a definite plan can be traced throughout the whole book. To put it as briefly as possible, the object of the book is to give an account of the history of Israel from the earliest times until the death of Joseph, to shew how God created the world and mankind, preserved Noah from the deluge and made a covenant with him, chose Abram the descendant of Noah through Shem, and made a covenant with him, promising to him and his descendants the land of Canaan, and taking him under his especial protection, and imposing upon him the observance of several precepts. The history is carried on in the person of Isaac, to whom the promises made to Abraham are renewed; some account is given of Ishmael, who then disappears from the narrative, which employs itself with the fortunes of Jacob and Esau, the latter being dismissed after a short account of the relations between him and Jacob, and the course of the narrative confined to Jacob. We are next told of the birth of Jacob's sons and the sale of Joseph into Egypt, Joseph now becoming the prominent figure in the narrative. After some account of the journeys of Joseph's brethren into Egypt, and their meeting with Joseph who was regarded as dead, the history tells us of Jacob's descent into Egypt, and finally relates Joseph's death, after he had removed his father's remains to Canaan and buried them in the Cave of Machpelah.

In compiling this history from the materials at his disposal the compiler chose from his sources what was most suited to the plan

of his work. Sometimes he merely makes small extracts from one document (e.g. 4, 17-24. 6, 1-4. 30, 32-42, merely small portions of fuller accounts), or notices individual points (e.g. 11, 29, Jiska mentioned; 20, 12, the relationship between Abram and Sarai, cf. 28, 22 (see 35, 7); 48, 22). At other times the portions taken from the documents are quoted in full, and for the most part are verbally transferred from the original (e.g. the narratives in P up to 11, 26), and sometimes again, whole passages from one document are omitted, possibly because they were at variance with the accounts given by the others (see in P the brief accounts in 11, 27-32; the omission of the introduction to the history of Abram, previous to chap. 11; of the divine manifestation to Isaac; of the sojourn of Jacob in Paddan Aram; of all the history of Joseph prior to Jacob's arrival in Egypt). When combining his sources the compiler, as far as possible, or as far as he deemed necessary, appears to have taken the narrative verbally from each and inserted both in his work (cf. chap. 2 f. side by side with chap. 1, chap. 27 side by side with 26, 34 f. and 28, 1-9; 48, 3-7 side by side with 48, 9-22). Elsewhere, as for example, where the event need only be quoted from one document (e.g. the birth or death of any person), he selects his account from one source, even though the same event be recorded in more than one document. In other cases the compiler found two accounts in the documents before him, agreeing in the main but differing in details, he would then weave one account into the other, omitting from each what could not be reconciled, and choosing from both what best suited the plan of his work (cf. chaps. 7 f. 10. 16. 25. 27-37. 39-50).

To the redactor also probably may be attributed the accommodation necessary to preserve consistency in the use of the names Abram and Sarai, in all passages previous to chap. 17, of the double name Yahweh Elohim in chaps. 2-3; also the change of Elohim into Yahweh in 17, 1. 21, 1. It is also probable that slight changes were made by him at the juncture between different narratives (e.g. 11, 1-9. 12, 10-20. 25, 5 f. 11 b. 25, 21 ff. 35, 16-20. 47, 12 ff.). In other passages the sources are loosely combined (e.g. 7, 7-9. 22. 15, 7 f. 31, 45 ff. chap. 36. 46, 8-27), the compiler now and then making additions of his own to bring the documents into harmony (e.g. 21, 32. 34. 27, 46. 35, 5. 46, 12-20). Sometimes possibly use was also made of materials taken from other sources than P, J, and E (e.g. perhaps in chap. 14)<sup>1</sup>.

<sup>1</sup> For full details of the various works bearing on the criticism of the Pentateuch, see Dillmann's *Genesis*, 5th ed., p. xix ff., or Zoëckler, l.c., p. 145 ff., from whom most of the above particulars are derived.

## APPENDIX II.

יְהוָה, אֱלֹהִים and אֵל.

THE first two names of God, אֵל and אֱלֹהִים, as may be seen from the Concordance, are of frequent occurrence in the Old Testament. The plural of אֵל and the sing. of אֱלֹהִים, on the contrary, are rare; the plural forms of אֵל occurring about five times, and the sing. of אֱלֹהִים about 57 times. אֵל (sing.), on the other hand, occurs (including proper names of people and of places compounded with אֵל) over 300 times, and אֱלֹהִים over 2500 times<sup>1</sup>. It will be found, on a closer examination of the various passages, that אֵל, though of common occurrence, is essentially a poetical word, being very common in the poetical part of Job (about a quarter of the passages where אֵל is found are in Job). It is also found in the Psalms (but not so frequently as אֱלֹהִים) and in other poetical passages, and is used by the prophets from Hosea to Deutero-Isaiah and his contemporaries. אֵל is found in the Pentateuch in certain special phrases, such as אֱלֹהֵי שָׁמָן, but otherwise the less poetical parts of the Pentateuch and Prophets avoid it. אֵל apparently formed no part of the ordinary spoken language, as it is never used in Judges, Samuel, or Kings, and even in Chronicles only occurs in poetical passages. In proper names of persons and of places it is found from the earliest times. Thus from the O. T. it may be inferred that אֵל was a very old name of God, which, however, at a tolerably early date ceased to be used, and was only preserved in poetry, elevated prose, and in a few special phrases. The singular אֵל is most common in the book of Job, and it is found elsewhere in only a few poetical passages. In pure prose it occurs only in two very late passages (2 Chron. 32, 15 and Dan. 11, 37-39); and even in the prose parts of Job is replaced by אֱלֹהִים. אֵל may thus be regarded as an artificial sing. of אֱלֹהִים<sup>2</sup>. So in Hebrew the ordinary

<sup>1</sup> Cf. Nestle, *Theologische Studien aus Württemberg*, 1882, p. 243 f.

<sup>2</sup> Nöldeke, *Sitzungsberichte der Berliner Akad.*, 1882, p. 1177; cf. Nestle, l. c., p. 249.

word for God was אֱלֹהִים, without a real singular, אל and אֱלֹהַ being nearly entirely confined to poetry.

In the other Semitic dialects אלה is common, being found in Assyrian, Phoenician, and Himyaritic, but whether it is found in Northern Arabic and Aramaic is a disputed point<sup>1</sup>. אלה is found, on the contrary, only in Aramaic and Arabic, the word both in Aramaic and Arabic being probably indigenous and not borrowed from the Hebrew<sup>2</sup>. In Sabaean אלה and אלה occur, both words being used in much the same way as in Hebrew<sup>3</sup>.

Various explanations of these names אלה and אלה have been offered by different scholars, but no certain derivation for either appears yet to have been obtained.

Fleischer<sup>4</sup>, whom Delitzsch and others<sup>5</sup> follow, takes אלהים as the plural of אלה (a noun of the form קָדוֹל = قَدَّال), deriving אלה from an unused root אלה = the Arabic وَلَهُ (أَلَهُ), which has the notion of 'wandering about,' 'going hither and thither' in perplexity or fear, and followed by אֵל 'to betake oneself' to a person, by reason of fright or fear, seeking protection<sup>6</sup>. אלה would thus, it is argued, = 'fear,' and then 'the object of fear' (cf. σέβασμα in Greek, and the Heb. מְרוּאָה, פְּרָאָה, see Gen. 31, 42. 53), and so 'God.' This derivation would appear, however, to be questionable. For in the verb the idea of 'fear' is altogether subordinate, and though in a particular case it may express the idea of seeking protection with a person, in fear (of course) of other things, it is difficult to understand how a substantive derived from it could be used to denote God as the direct object of fear. It might, conceivably, denote Him as a refuge, but hardly as fear, or the object of fear. אלה is regarded by these scholars as belonging to a root אֵל, with the primary meaning 'strength'<sup>7</sup>.

<sup>1</sup> Lagarde, *Orientalia*, ii. p. 3 f. (cf. Nestle, l. c., p. 251), denies the existence of אלה as a real Aramaic and Arabic word: Nöldeke disputes this, and appears to have shewn that Lagarde is in error. See *Monatsberichte der Berliner Akad.*, 1880, p. 768 f., and *Sitzungsberichte* of the same *Akad.*, 1882, p. 1182.

<sup>2</sup> See Nöldeke, *Sitzungsberichte*, 1882, p. 1189; but cf. Nestle, l. c., p. 252.

<sup>3</sup> See Über אל und אלה im Sabäischen, by Prof. D. H. Müller, Leyden, 1884.

<sup>4</sup> Del., *Comm.*<sup>4</sup>, p. 57.

<sup>5</sup> Oehler, Schultz, Mühlau, Volck.

<sup>6</sup> See Lane, *Arabic Lex.*, p. 82.

<sup>7</sup> Cf. Ges., *Thes.*, pp. 42, 48.

Ewald<sup>1</sup> connects אֵל and אֱלֹהִים, regarding אֵל as abbreviated from אֱלֹהִים, and holding אלה 'to be strong' to be the root of both.

Lagarde<sup>2</sup> has proposed an entirely different derivation for אֵל (the origin of אֱלֹהִים he does not discuss). He regards אֵל (אֱלֹהִים) as the root of אֵל, and compares the form אֵל with גַּו (from גָּנוֹת), Is. 50, 6, פְּשִׁיטִים = פְּשִׁיטָם (from פָּשַׁטָּה), and פְּגִילִים (but estr. state פְּגִילָה) he conjectures had the meaning 'to stretch out to,' and God he considers called אֵל, as 'one whom men strive after.' The vowel in אֵל Lagarde regards as originally short, evading the analogy of words like בָּרֶךְ, בָּרֶךְ, מָתָּה, by the remark that such a word as אֵל, 'God,' can hardly be, what its vowel — would indicate that it is, a neuter passive participle (see more fully *Mitteilungen* (1884), p. 103 f.).

Nöldeke<sup>3</sup> holds that אֵל is a noun with a long vowel like בָּן, בָּנָה, שָׁדָה, etc., almost all of which belong to verbs יָצַא and יָצַא, and refers it to a root אֵיל = to be in front, so אֵל = the leader, Lord. He expresses no decided opinion as to the connection between אֵל and אֱלֹהִים, but thinks a connection may be possible<sup>4</sup>.

Dillmann<sup>5</sup> regards אֵל and אֱלֹהִים as inseparable, considering the latter to imply an extended form of the former, like אֲמֹהָה from אֲמֹה, and حَمْدَةٌ from حَمْدٌ, حَمْدَةٌ from شِفَاهٌ, شِفَاهٌ in Aramaic, and شَفَقَةٌ in Arabic: אֵל (with an original short i), however, being from אלה, and having the meaning 'might.'

Nestle<sup>6</sup>, lastly, has proposed another explanation of the relationship between אֵל and אֱלֹהִים. He infers from the usage of language that אֱלֹהִים is the real plural of אֵל, and that אֱלֹהִים is a secondary derivation from אֵל. אֱלֹהִים he thinks has arisen out of אֵל, just as אֲקֻהָה אֱלֹהִים out of אֲקֻהָה.

The above is a brief account of the various views that are held as to the origin of אֵל and אֱלֹהִים, but none appears to be entirely free from objection.

That אֱלֹהִים comes from a root אֱלֹהָה, as Fleischer and Delitzsch maintain, is, as has been already shewn, doubtful. In favour of Ewald's

<sup>1</sup> *Jahrbuch*, x. 11, and *Lehrbuch*, § 178 b.

<sup>2</sup> *Orientalia*, ii. p. 3 ff.

<sup>3</sup> *Monatsberichte der König. Preuss. Akad.*, 1880, pp. 760–776.

<sup>4</sup> Nöldeke's view, as far as the derivation of אֵל from אָוָל is concerned, is the same as Gesenius' referred to in note 7, p. 372, differing only as to the meaning borne by אָוָל.

<sup>5</sup> *Commentar über die Genesis*, I, I.

<sup>6</sup> In his article in the *Theologische Studien aus Württemberg*, 1882, Heft iv.

view may be urged the fact that it connects both אלְהִים and אֱלֹהִים, by deriving them from a root אלָהּ, and the existence of proper names compounded with אֵל exhibiting traces of 'ו, e.g. אֵלִיָּהוּא, אֵלִימָלָךְ, and others<sup>1</sup>, though it is only fair to admit that the evidence from proper names ought not to be pressed, as the 'ו may be the suffix of the first person and not the third radical. But it does not account for the presence of the ה in אֵלִים, and if אֵל is abridged from אֱלֹהִים, it is not clear why אֵל is found chiefly in poetical passages where we should naturally expect antique forms.

Lagarde, in so far as he derives אֵל from a root אַלְהָ, agrees with Ewald, though he assigns to this root a different meaning, viz. 'to stretch out to.' Apart from the fact that the meaning thus assigned to אַלְהָ is conjectural, he can hardly be said to have proved against Nöldeke that the e of אֵל is short, and that it does not belong to a root עַגְּ. The evidence Nöldeke adduces from the occurrence of Semitic proper names in Greek inscriptions, in favour of a long e in אֵל<sup>2</sup>, does not seem to have been met by Lagarde, and in failing to observe the Aramaic use of אֵל<sup>3</sup>, he has exposed himself to Nöldeke's objection, supported by the Syriac, that formations like קָנָה, חָפָץ, etc. point to עַגְּ or עַגְּ stems<sup>4</sup>. Nöldeke's own view of אֵל (which is in the main the same as Gesenius held<sup>5</sup>) does not appear adequately to account for the shortening of the e in אֵל in the proper names אֵלִיכָהוּא, אֵלִקָּנָה, etc., etc.<sup>6</sup>, nor for the 'ו in the latter name, which would seem to imply a root עַגְּוָה<sup>7</sup>. It also does not take into account the Assyrian *ilu*, which has always a short i, and which never appears as *ēlu* or *īlu*<sup>8</sup>.

Nestle's view has been examined by Nöldeke<sup>9</sup>, who points out that the usage of language is against it, that the explanation of אֱלֹהִים as an extended form of אֵל is precarious, for only one clear case of this occurs in Hebrew (viz. אֱקָהוּת from אֱקָה), and the cases that are found in the

<sup>1</sup> This also applies to Dillmann's view.

<sup>2</sup> See *Monatsberichte der König. Preuss. Akad.*, 1880, p. 760 f.

<sup>3</sup> See *Monatsberichte*, etc., p. 772.

<sup>4</sup> See *Monatsberichte*, etc., p. 773.

<sup>5</sup> Cf. note 4 on p. 373.

<sup>6</sup> Nöldeke accounts for this on the ground that an unusual shortening of vowels is often found in proper names.

<sup>7</sup> Though, as has been just said, this might be the pronom. affix.

<sup>8</sup> Del., Par., pp. 163–165. Brown in *The Presbyterian Review* (New York), 1882, p. 407.

<sup>9</sup> In the *Sitzungsberichte der Berliner Akad. der Wissenschaften*, 1882, pp. 1175–1192.

other Semitic dialects always have, in the expanded form, the plural feminine ending, whether the word itself be masc. or fem.<sup>1</sup> Nöldeke also remarks that long o for long a is difficult (the long a in אֱלֹהִות goes back to short a<sup>2</sup>), and that if the e of אֵל is long, the ו in אֱלֹהִים is difficult to explain.

The following points seem to require a satisfactory explanation before the derivation of אֵל and אֱלֹהִים can be definitely fixed. (i) Are the two words really connected one with the other, and derived from the same root? (ii) Does אֵל really come from אֱלֹהִים (i.e. אל)? (iii) How is the ה of אֱלֹהִים to be accounted for? (iv) Can the evidence which Nöldeke brings forward to prove that the ו in אֵל is long be accepted as conclusive in the face of the fact that the vowel in the corresponding word in Assyrian (*ilu*) is short? (v) If the ו is really long, is Nöldeke's explanation of the shortening of ו in אֱלֹקָנָה, אֱלֹהִוָא, and other similar names adequate<sup>3</sup>?

The above is a brief sketch of the views held by scholars as to the derivation of אֵל and אֱלֹהִים. Both אֵל and אֱלֹהִים are old words in Semitic, and, *prima facie*, would appear to be distinct: their original derivation, however, is at present obscure.

### יהוה

It is well known that the vowels with which the Tetragrammaton is punctuated in the ordinary editions of the Massoretic text do not really belong to it, but have been supplied from the word אָרוּךְ, with the composite shewa changed into a simple shewa, unless this word precedes יְהֹוָה, when the points of אֱלֹהִים are used, e.g. Is. 28, 16. 30, 15. 49, 22. Ez. 2, 4. 7, 2. Amos 5, 3, etc. This is clear from the following considerations: (1) With the prefixes בַ, בָ, מַ, וַ we find קִיְהֹוָה (e.g. Ps. 11, 1. 32, 10. 11. 64, 11); לִיְהֹוָה (e.g. Ps. 7, 1. 16, 2. 24, 1); מִיְהֹוָה (e.g. Ps. 33, 8. 37, 39. Is. 40, 27); גִּיְהֹוָה (Gen. 13, 14. 1 Sam. 12, 12. Is. 53, 10), i.e. בָּאוּךְ, בָּאוּנִי, and בָּאוּנִי (cf. Ges., § 23. 2). (2) If the word that follows יְהֹוָה begins with one of the letters בַ, בָ, דַ, כַ, צַ, הַ, the dagesh lene is inserted, e.g. Gen. 13, 10. Ex. 15, 6. Num. 11, 25.

<sup>1</sup> Cf. *Sitzungsberichte*, p. 1180 f. The masc. forms that occur in Syriac are, as Nöldeke points out, late. Nöldeke's remarks on this point also apply to Dillmann's explanation.

<sup>2</sup> Nöldeke, *Sitzungsberichte*, p. 1181.

<sup>3</sup> See note 6, p. 374.

Judg. 21, 15. 1 Sam. 28, 19. 2 Sam. 23, 2. (3) Ewald in his *Lehrbuch*, § 228 b, draws attention to the fact that in Num. 10, 35, cf. ver. 36, קִמְחָה is accented on the last syllable, though the מ is מ cohortative, because the next following word יהוה begins with a guttural, e.g. אֶלְכִי=יהָנָה אַ, cf. Ps. 3, 8 קִמְחָה; 6, 5 שׁוֹבֵה; 7, 7. 10, 12, etc. (4) The abbreviations יְהָ, יְהָוָה, יְהָוָה cannot come from יהָנָה. The objection to using the real punctuation of יהוה arises from an old misconception of the two passages, Ex. 20, 7 לֹא תַשְׁאַת שְׁם יהוה אלהיך לְשָׂוא (וְנִקְבַּשׁ סָם), which were interpreted as meaning that the divine name was to be treated as a *nomen ineffabile*. This interpretation of these two verses is mentioned by Philo, *De vita Mosis*, iii. pp. 519, 529; Josephus, *Archaeol.*, ii. 12, § 4; Talmud, *Sanhedrin*, chap. 2, fol. 90; Maimonides, *Yadh Chasaka*, chap. 14, § 10; Theodoret, *Quaest.* 13 in Exod.; Eusebius, *Praep. Evang.*, ii. p. 305; the passages (excepting that from Eusebius) being quoted by Gesenius, *Thes.*, p. 575 f. The LXX render the Tetragrammaton always by δ Κύριος (their ordinary translation of אָדָנִי), and the Samaritans used שִׁמְמָא ('name') for יהוה, when they had to pronounce the word.

There is every reason to assume that the punctuation adopted by modern scholars for יהוה is correct, viz. יְהָנָה, the form being an imperfect Qal (according to another view Hifil) of הוה, which is an archaic and North Palestinian form of the verb היה (cf. the note on 27, 29); compare the other proper names formed after the analogy of the imperf. of the verb, e.g. יְצָרָב, יְאִיר, יְצָרָק, יְצָרָץ, etc. That this assumption is correct is proved by the fact that the abbreviations יְהָ (out of יְהָנָה), יְהָ and יְהָ (out of יְהָנָה) יְהָ can easily be derived from יה, and by the statement of Theodoret that the pronunciation of the Samaritans was IABE, while Epiphanius, *Adv. Haer.* 20 (40) cites IABE as one of the names of God, explaining it (from Ex. 3, 14) as ὁ ἦν καὶ ἔστι καὶ ἀεὶ ὁν, see Ges., l. c. If this punctuation be conceded it will next be necessary to explain the meaning of the name. The class of words to which יהוה belongs is not very wide in Heb., and is practically limited to a few proper names (see Stade, *Lehrbuch*, § 259). The form יְהָנָה, as far as the punctuation is concerned, may be the imperf. Qal or Hifil of הוה; and the meaning we must assign to the word will obviously depend on which of these two conjugations we consider the form to come from. If it be imperf. Qal, it may mean, 'he that is;' if it be imperf. Hifil, 'he that causes to be.' If the former view be adopted, the word being taken as imperf. Qal, we must, in interpreting the meaning of the name, be guided by the passage in Exodus, viz. 3, 14;

for though the name יהוה may have been known to the Hebrews prior to the time of Moses—cf. the name of Moses' mother, Ex. 6, 20, and the formula ‘*God of thy father*,’ Ex. 3, 6<sup>1</sup>—it was through him that it received its first explanation. The name has been considered by various modern scholars<sup>2</sup>, reviving the view held by Le Clerc, and thrown out as a suggestion by Gesenius, as a Hif'il derivative, although the interpretations differ; e. g. Kuenen interprets the name as ‘*the giver of existence*;’ Schrader and Schultz, as ‘*the giver of life and deliverance*;’ Lagarde and Nestle, who follow Le Clerc, as ‘*he who brings to pass*,’ i.e. ‘*the performer of his promises*;’ Land, as ‘*life-giver*,’ so Ges. in *Thes.* The objection to the derivation of the word from the Hif'il stem is that though היה is used of the fulfilment of a promise or prediction (e.g. in 1 Kings 13, 32), it requires the object of the promise to be at least indicated in the context, and further, that scarcely any Semitic language uses the causative form of היה.<sup>3</sup> If this derivation be regarded as too uncertain, the alternative one, in which the word יהוה is treated as a neuter (Qal), must be adopted.

In the passage in Exodus (3, 14) God, in His answer to Moses, says אהיה אֲשֶׁר אֲהֵינוּ, then calls Himself אהיה, and finally יהוה. It is clear from this that קָנָה (see above) is presupposed to be equivalent to היה, and that אהיה, the shorter expression, must be explained by אהיה אֲשֶׁר אהיה. Then אהיה אֲשֶׁר אהיה must not be taken as a refusal to answer Moses' question ‘*I am just who I am*,’ i. e. it is a matter of indifference to you who I am, and you should not seek to know (Le Clerc, Lagarde); as the following אהיה cannot bear this sense, and more naturally gives an explanation of the name. An explanation of the name is certainly found in the rendering adopted by Wellhausen, following Ibn Ezra, ‘*I am, since I am*,’ אהיה being regarded as the name, and אהיה אֲשֶׁר אהיה as its explanation; but אֲשֶׁר כִּי for in this context is hardly probable, and Moses did not ask ‘*What is thy name?*’ but ‘*What shall I tell them?*’ Therefore אהיה אֲשֶׁר נָא must be taken as a simple sentence, which has been variously rendered. The LXX and Knobel translate, ‘*I am he who exists*,’ i.e. ‘*he who is*,’ but it is doubtful whether אהיה אֲשֶׁר אהיה can = δένειν. Rashi renders, ‘*I will be with them what I will be with them in the subjection of their future captivities*;’ while Ewald explains, ‘*I will be it*,’ viz. the performer of his promises; both sup-

porting their renderings by ver. 12 אַהֲרֹן עָתֵךְ. Robertson Smith renders similarly, 'I will be what I will be,' i. e. your God and Helper (cf. Driver, 1. c., p. 16). The objection to this view is that what Jehovah will prove Himself to be is not expressed, but must be understood (see Di. on Ex. 3, 14). But it may be (as Del.<sup>1</sup> and Oehler<sup>2</sup> suggest) that היה is to be understood in a pregnant sense, 'give evidence of being.' The most probable view is that the passage means, 'I am that I am,' not that which fate or caprice may determine, but what my own character determines. היה has the idea not of fixity, but of change; not a capricious change, but a conscious one. The verb means properly not 'to be,' but 'to come into being' (cf. Del., *Comm.*, pp. 26, 60); so יהוה is a living active God, a God of the past, but also of the future, who cannot be named or defined, but whose divine nature is ever expressing itself, and manifesting itself under fresh aspects; a God who enters into personal relations with His worshippers, who is consistent with Himself, true to His promises, and unchangeable in His purposes (comp. Del., 1. c.; Oehler, 1. c.; Driver, 1. c., p. 17; Di. on Ex. 3, 14)<sup>3</sup>.
